Item 2.03 Creation of Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

On September 30, 2016, Retail Properties of America, Inc. (the Company) entered into a Note Purchase Agreement (the Note Purchase Agreement) with the various purchasers named therein (the Purchasers) in connection with a private placement of senior unsecured notes. Under the Note Purchase Agreement, the Company will sell to the Purchasers \$200,000,000 of senior unsecured notes of which (i) \$100,000,000 aggregate principal amount are designated as its 4.08% Senior Notes, Series A, due September 30, 2026 (the Series A Notes) and (ii) \$100,000,000 aggregate principal amount are designated as its 4.24% Senior Notes, Series B, due December 28, 2028 (the Series B Notes and, together with the Series A Notes, the Notes). The Series A Notes bear interest at a rate of 4.08% per annum, payable semiannually on the thirtieth day of March and September in each year until maturity, commencing on March 30, 2017. The Series B Notes bear interest at a rate of 4.24% per annum, payable semiannually on the twenty-eighth day of June and December in each year until maturity, commencing on June 28, 2017. The entire principal amount of the Series A Notes is due and payable on September 30, 2026 and the entire principal amount of the Series B Notes is due and payable on December 28, 2028. The sale and purchase of the Series A Notes occurred on September 30, 2016 and the sale and purchase of the Series B Notes will occur at a closing on December 28, 2016, subject to the satisfaction of customary closing conditions.

The Company may prepay at any time all, or from time to time any part of, any series of the Notes, in an amount not less than 5% of the aggregate principal amount of such series of the Notes then outstanding in the case of a partial prepayment, at 100% of the principal amount so prepaid plus a make-whole premium as set forth in the Note Purchase Agreement.

In the event of a Change in Control (as defined in the Note Purchase Agreement), each holder of the Notes may require the Company to repurchase all of the Notes held by such holder at a repurchase price equal to 100% of the principal amount of such Notes together with accrued and unpaid interest thereon, but without any make-whole amount or other premium.

The Note Purchase Agreement contains restrictive covenants that, among other things, restrict the ability of the Company to: (i) enter into transactions with affiliates; (ii) merge, consolidate, transfer or lease all or substantially all of its assets; and (iii) create liens. The Note Purchase Agreement also contains an affirmative covenant relating to the most favored lender status of the Purchasers. Additionally, the Company, on a consolidated basis with its subsidiaries, is required to comply with certain financial covenants that are set forth therein.

The Note Purchase Agreement contains customary events of default, including payment defaults, cross defaults with certain other indebtedness, breaches of covenants and bankruptcy events. In the case of an event of default, the Purchasers may, among other remedies, accelerate the payment of all obligations.

The proceeds from the issuance of the Notes will be used by the Company to repay or refinance its outstanding indebtedness and for general corporate purposes.

The above summary of the Note Purchase Agreement does not purport to be complete and is qualified in its entirety by reference to the full text of the Note Purchase Agreement. A copy of the Note Purchase Agreement, including the forms of the Series A Notes and Series B Notes, is attached as Exhibit 10.1 to this Current Report on Form 8-K, and is incorporated herein by reference.
