This Current Report on Form 8-K of Microbot Medical Inc. (formerly known as StemCells, Inc.; the Company), replicates in its entirety the Current Report on Form 8-K earlier filed by the Company on the date hereof (the Prior 8-K), and is being filed for the sole purpose of specifying Items 4.01, 5.03 and 8.01 on the EDGARLink Online Form 8-K submission. These items were excluded from the EDGARLink Online Form 8-K submission in the Prior 8-K due to the nine item limit as specified in the Edgar Filer Manual of the Securities and Exchange Commission.

Item 1.01. Entry Into a Material Definitive Agreement.

StemCells, Inc., a Delaware corporation (the *Company*), entered into a letter agreement (the *Letter Agreement*) with Alpha Capital Anstalt (*Alpha Capital*), dated November 18, 2016 but effective November 28, 2016 pursuant to which Alpha Capital committed to make a cash investment into the Company, no later than December 31, 2016, in an amount equal to the difference between \$4 million and the amount of cash released to the Company, by December 31, 2016, out of escrow (the *Escrow Release Amount*) pursuant to the Company's previously announced asset sale transaction with BOCO Silicon Valley, Inc., a California corporation (the *Commitment*).

The Commitment was made to satisfy the closing condition of Microbot Medical Ltd., a company organized under the laws of the State of Israel (*Microbot Israel*), pursuant to the Merger Agreement (as defined in Item 2.01 below) to raise at least \$4 million in a private placement prior to the closing of the Merger (as defined in Item 2.01 below), which closing condition was waived by the Company as a result of the Commitment.

If, on or prior to December 31, 2016, the Company raises at least \$9 million of capital when combined with the Escrow Release Amount, the Commitment shall terminate. Furthermore, under certain circumstances if the Company raises capital in an amount less than \$9.0 million, the Commitment will be reduced. Any such investment, which could be waived by the Company, would be based on a \$34 million Company valuation negotiated by Alpha Capital and Microbot Israel prior to the date of the Merger Agreement.

The foregoing descriptions of the Commitment and the Letter Agreement are not complete and are subject to, and qualified in their entirety by the full text of the Letter Agreement, which is attached to this Current Report on Form 8-K as Exhibit 10.1, the terms of which are incorporated herein by reference.

The information set forth in Item 2.03 is incorporated by reference into this Item 1.01.

The information set forth in Item 5.02 with respect to the indemnification agreements is incorporated by reference into this Item 1.01.

Item 1.02. Termination of a Material Definitive Agreement.

The information set forth in Item 2.03 with respect to the termination of the Company's outstanding 5.0% secured note held by Alpha Capital, in the principal amount of \$2 million, is incorporated herein by reference in its entirety.

Item 2.01. Completion of Acquisition or Disposition of Assets.

On November 28, 2016, C&RD Israel Ltd., an Israeli corporation (*Merger Sub*) and a wholly owned subsidiary of the Company, completed its previously announced merger with and into Microbot Israel, with Microbot Israel surviving as a wholly-owned subsidiary of the Company (the *Merger*). The Merger was effected pursuant to an Agreement and Plan of Merger and Reorganization, dated August 15, 2016, by and among the Company, Microbot Israel and Merger Sub (the *Merger Agreement*).

Pursuant to the terms of the Merger Agreement, at the effective time of the Merger (the *Effective Time*), each outstanding share of Microbot capital stock was converted into the right to receive approximately 2.90 shares of Company common stock, par value \$0.01 per share (the *Common Stock*), after giving effect to the Reverse Stock Split (as defined in Item 3.03 below) to be effected prior to the closing of the Merger (the *Exchange Ratio*), for an aggregate of 26,644,979 shares of Common Stock to be issued to former Microbot Israel shareholders. In addition, at the Effective Time, all outstanding options to purchase the ordinary shares of Microbot Israel were assumed by the Company and converted into options to purchase shares of the Common Stock, appropriately adjusted based on the

Edgar Filing: Microbot Medical Inc. - Form 8-K

Exchange Ratio. As of the Effective Time, former shareholders of Microbot Israel hold approximately 75.0% of the issued and outstanding shares of Common Stock on a fully-diluted basis, or in certain cases the right to receive Common Stock, and existing stockholders of the Company hold approximately 5.0% of the issued and outstanding shares of Common Stock on a fully-diluted basis. In addition, certain advisors and consultants (one of whom being a former shareholder of Microbot Israel and another being an affiliate of such shareholder) hold approximately or have the right to receive, an aggregate of

20.0% of the issued and outstanding shares of Common Stock on a fully-diluted basis, some of which are subject to restriction and risk of forfeiture in the event certain of the advisors do not continue to provide services to the Company post-Merger. No fractional shares of Common Stock will be issued in connection with the Merger. Instead, stockholders of record who otherwise would be entitled to receive fractional shares, will experience a rounding down of their fractional share to the nearest whole share.

On November 28, 2016, in connection with the Certificate of Amendment described below in Item 5.03 and prior to the completion of the Merger, the Company changed its name from StemCells, Inc. to Microbot Medical Inc., and on November 29, 2016 the stock of the combined company began trading on the Nasdaq Global Market under the symbol MBOT.

The foregoing description of the Merger Agreement and the Merger is not complete and is subject to, and qualified in its entirety by, the full text of the Merger Agreement, which was attached as Exhibit 2.1 to the Company's Current Report on Form 8-K filed with the Securities and Exchange Commission (the **SEC**) on August 15, 2016, the terms of which are incorporated herein by reference.

Item 2.03. Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

As previously reported by the Company, on August 15, 2016, concurrently with the execution of the Merger Agreement, the Company issued a 5.0% secured note (the **Secured Note**) to Alpha Capital, in the principal amount of \$2 million, for value received, payable upon the earlier of (i) 30 days following the consummation of the Merger and (ii) December 31, 2016. In addition, on August 15, 2016, the Company and Alpha Capital entered into a Security Agreement to secure the Company's obligations under the Secured Note (the **Security Agreement**). The Company's obligations under the Secured Note were secured by a first priority security interest in all of the Company's intellectual property and certain other general assets, some of which are subject to release upon the proposed sale of the Company's pre-Merger intellectual property and related assets to BOCO Silicon Valley, Inc., a California corporation, as previously disclosed by the Company in its Form 8-K filed with the SEC on November 15, 2016.

As of the Effective Time, the Company entered into a Securities Exchange Agreement (the **Exchange Agreement**) with Alpha Capital, providing for the issuance to Alpha Capital of a convertible promissory note by the Company (the **Convertible Note**) in a principal amount of \$2,028,767, which is equal to the principal and accrued interest under the Secured Note, in exchange for (a) the full satisfaction, termination and cancellation of the Secured Note and (b) the release and termination of the Security Agreement and the first priority security interest granted thereunder.

The Convertible Note is convertible into the Company's common stock any time after November 28, 2017 until the maturity date of November 28, 2019, based on a conversion price of \$0.64, subject to adjustments as provided in the Convertible Note and the other terms and the conditions specified in the Convertible Note.

Pursuant to the terms of the Note, the Company is obligated to pay interest on the outstanding principal amount owed under the Note at a fixed rate per annum of 6.0%, payable at maturity or earlier conversion. The Exchange Agreement contains customary representations and warranties and usual and customary affirmative and negative covenants. The Convertible Note also contains certain customary events of default.

The above summaries of certain terms and conditions of the Exchange Agreement and the Convertible Note do not purport to be complete discussions and are qualified in their entirety by reference to the Exchange Agreement and the Convertible Note, copies of which are attached to this Current Report on Form 8-K as Exhibits 10.2 and 10.3, respectively.

Item 3.02. Unregistered Sales of Equity Securities

Pursuant to the Merger Agreement, in connection with the Merger, the Company issued of 26,644,979 shares of Common Stock to the existing shareholders of Microbot Israel and assumed options to purchase an aggregate of 2,614,916 shares of common stock to the existing optionholders of Microbot Israel. Additionally, the Company issued an aggregate

of 7,802,639 restricted shares of its Common Stock or rights to receive Common Stock, after giving effect to the Reverse Stock Split to certain advisors. The number of securities issued, the nature of the transaction, the nature and amount of consideration received by the Company are described in Item 2.01 of this Form 8-K, which is incorporated by reference into this Item 3.02. Such sales were exempt from registration under Section 4(a)(2) and Regulation D under the Securities Act of 1933, as amended (the *Securities Act*), and the rules promulgated thereunder.

Item 3.03. Material Modification to Rights of Security Holders.

As further described under Item 5.03 below, the Company has filed a Certificate of Amendment to its Restated Certificate of Incorporation, as amended, affecting a one for nine reverse stock split of the Common Stock (the *Reverse Stock Split*).

As a result of the Reverse Stock Split, each nine shares of Common Stock issued and outstanding immediately prior to the Reverse Stock Split were automatically combined into and became one share of Common Stock. No fractional shares of Common Stock were issued as a result of the Reverse Stock Split and any Company stockholders of record who otherwise would have been entitled to receive fractional shares, experienced a rounding up of their fractional share to the nearest whole share. Also, as a result of the Reverse Stock Split, the per share exercise price of, and the number of shares of Common Stock underlying, Company stock options, warrants and other derivative securities outstanding immediately prior to the Reverse Stock Split will be automatically proportionally adjusted based on the one for nine reverse split ratio in accordance with the terms of such options, warrants or other derivative securities, as the case may be.

After giving effect to the Reverse Stock Split and the Merger, the Company had approximately 36,254,240 shares of Common Stock issued and outstanding, which includes certain rights to receive shares of Common Stock or equivalent securities but excludes shares underlying outstanding stock options and warrants and the Convertible Note. The Reverse Stock Split did not alter the par value of the Common Stock or modify any voting rights or other terms of the Common Stock.

Item 5.03. Amendments to Articles of Incorporation or Bylaws; Change in Fiscal Year.

On November 28, 2016, immediately prior to the Effective Time of the Merger, as contemplated by the Merger Agreement and as approved by the Company's stockholders at the special meeting of the Company's stockholders held on October 26, 2016, the Company filed a Certificate of Amendment to its Restated Certificate of Incorporation, as amended, with the Secretary of State of the State of Delaware to (i) effect the Reverse Stock Split, (ii) change its name from Stemcells, Inc. to Microbot Medical Inc. and (iii) increase the number of authorized shares of the Common Stock from 200,000,000 to 220,000,000 shares (the *Certificate of Amendment*).

As a result of the Reverse Stock Split, the number of issued and outstanding shares of the Common Stock immediately prior to the Reverse Stock Split were reduced into a smaller number of shares, such that every nine shares of the Common Stock held by a stockholder immediately prior to the Reverse Stock Split were combined and reclassified into one share of the Common Stock. Immediately following the Reverse Stock Split and the Merger, there were approximately 36,254,240 shares of the Common Stock issued and outstanding, which includes certain rights to receive shares of Common Stock or equivalent securities but excludes shares underlying outstanding stock options and warrants and the Convertible Note.

No fractional shares were issued in connection with the Reverse Stock Split. Any fractional shares resulting from the Reverse Stock Split were rounded up to the nearest whole number.

The foregoing description of the Certificate of Amendment and the Reverse Stock Split are not complete and are subject to, and qualified in their entirety by, the full text of the Certificate of Amendment, which is attached to this Current Report on Form 8-K as Exhibit 3.1, the terms of which are incorporated herein by reference.
