Item 1.01. Entry into a Material Definitive Agreement.
and

Item 2.03. Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

On December 20, 2016, Cleco Power LLC (Cleco Power), a wholly owned subsidiary of Cleco Corporate Holdings LLC, completed the issuance and sale in a private placement of an aggregate principal amount of \$330.0 million of unsecured senior notes (the Offering) consisting of \$130.0 million aggregate principal amount of 3.47% Senior Notes, Series A, due December 16, 2026 (the Series A Notes) and \$200.0 million aggregate principal amount of 3.57% Senior Notes, Series B, due December 16, 2028 (together with the Series A Notes, the Senior Notes).

The Company intends to use the net proceeds of the Offering (i) to replace cash used in November 2016 to redeem at par \$60.0 million of 4.70% Solid Waste Disposal Facility bonds due November 2036, (ii) to redeem \$250.0 million of 6.65% senior notes due 2018 prior to maturity and pay make whole payments of approximately \$19.0 million in connection with such redemption, and (iii) for general company purposes.

The Senior Notes were offered and sold to institutional accredited investors in a private placement that qualified for exemption from registration under the Securities Act of 1933, as amended (the Securities Act). The Senior Notes will not be registered for resale under the Securities Act and may not be offered or sold absent such registration or an applicable exemption from the registration requirements of the Securities Act and applicable state securities laws. The information contained in this current report on Form 8-K does not constitute an offer to sell or solicitation of offers to buy the Senior Notes or any other securities.

The Note Purchase Agreement pursuant to which the Senior Notes were sold to the purchasers named therein (the Note Purchase Agreement) contains, among other provisions, the following covenants:

a requirement that Cleco Power maintain Total Indebtedness (as defined in the Note Purchase Agreement) equal to or less than 65% of Total Capitalization (as defined in the Note Purchase Agreement) as of the end of any fiscal quarter or fiscal year end;

a prohibition against any of Cleco Power's Subsidiaries (as defined in the Note Purchase Agreement) incurring Indebtedness (as defined in the Note Purchase Agreement) other than (a) existing Indebtedness and renewals or replacements thereof; (b) Indebtedness owed by any Subsidiary to Cleco Power or any other Subsidiary; (c) Indebtedness of a Subsidiary existing at the time it becomes a Subsidiary, subject to certain requirements; (d) Indebtedness secured by any Lien (as defined in the Note Purchase Agreement) permitted under the limitation on liens covenant; and (e) Indebtedness not otherwise permitted by clauses (a) through (d) provided that (i) after giving effect to its creation, no Default or Event of Default (as defined in the Note Purchase Agreement) exists and (ii) Priority Debt (as defined in the Note Purchase Agreement) does not exceed 20% of Total Assets (as defined in the Note Purchase Agreement); and

a prohibition against Cleco Power or any Subsidiary creating Liens upon any property, subject to permitted exceptions, including without limitation the Lien evidenced by the Indenture of Mortgage, dated as of July 1, 1950, made by the Company to The Bank of

New York Mellon Trust Company, as Trustee (the "Utility Mortgage") securing any Indebtedness; and if the aggregate amount of outstanding Indebtedness secured by such Lien exceeds 15% of Total Assets, then Cleco Power shall promptly provide the holders of the senior notes with equal and ratable security for the senior notes with all other Indebtedness secured by the Utility Mortgage or issue first mortgage bonds under and secured by the Utility Mortgage in exchange for the senior notes; provided, that Priority Debt does not at any time exceed 20% of Total Assets.

Priority Debt is defined in the Note Purchase Agreement as the sum of (i) all cash collateral posted pursuant to subparagraph (q) of the definition of Permitted Encumbrances plus (ii) outstanding Indebtedness secured by Liens in the provision described in the third bullet point above plus (iii) outstanding Indebtedness in the provision described in item (e) in the second bullet point above; provided, however, that with respect to the determination of Indebtedness secured by Liens in the provision described in the third bullet point above, if the senior notes have been equally and ratably secured as provided in such provision, then Indebtedness secured by Liens in such section shall be excluded from the calculation of Priority Debt.

Total Assets is defined in the Note Purchase Agreement as the aggregate amount of assets of Cleco Power and its Subsidiaries at such time, as determined on a consolidated basis in accordance with GAAP (as defined in the Note Purchase Agreement).

The Note Purchase Agreement also includes a prohibition against transactions with affiliates, subject to permitted exceptions, and restrictions on merging, consolidating or selling substantially all of Cleco Power's or a Subsidiary's assets. In addition, the Note Purchase Agreement contains customary events of default. If an Event of Default has occurred and is continuing, the holders of more than 50% in principal amount of the senior notes then outstanding may at any time declare all of the senior notes then outstanding to be immediately due and payable. If certain bankruptcy Events of Default occur, such acceleration of the senior notes is automatic.

The foregoing summary of the Note Purchase Agreement is qualified in its entirety by reference to the complete text of the Note Purchase Agreement, which is attached as Exhibit 10.1 to this current report on Form 8-K and is incorporated by reference herein.
