**Item 5.03 Amendments to Articles of Incorporation or Bylaws; Change in Fiscal Year.**

On January 19, 2017, the Board of Directors (the Board) of Schlumberger Limited (Schlumberger N.V.). (the Company) amended the Company's Amended and Restated By-laws (*Reglement*) (the By-laws) to provide for proxy access and to include advance notice provisions addressing the nomination of persons for election to the Board and other business proposed to be considered at annual and special general meetings of stockholders, and to make other clarifying, conforming or minor amendments. Regarding these amendments:

The proxy access provisions, set forth in Section 1.10 of the By-laws, permit a stockholder, or a group of up to 20 stockholders, owning at least 3% of the Company's outstanding common stock continuously for at least three years, to nominate and include in the Company's annual meeting proxy materials director nominees constituting up to the greater of two nominees or 20% of the Board, provided that the stockholder(s) and the director nominee(s) satisfy the requirements specified in the By-laws.

The advance notice provisions, set forth in Section 1.9 of the By-laws, set forth information and timing provisions for stockholders to nominate persons for election to the Board and propose other business to be considered at annual and special general meetings of stockholders. For annual meetings, the By-laws require a stockholder to provide certain information about the stockholder and the nominee or item of business generally not later than the close of business on the 120<sup>th</sup> day nor earlier than the close of business on the 150<sup>th</sup> day prior to the first anniversary of the preceding year's annual general meeting of stockholders of the Company. The By-laws became effective immediately upon their adoption by the Board. This description of the amendments to the By-laws is qualified in its entirety by reference to the text of the By-laws, a copy of which is included as Exhibit 3.1 to this Current Report on Form 8-K.
