2018

Dear Fellow Stockholders:

Please join my fellow directors and me at our 2018 Annual Meeting of Stockholders, which will be held on Wednesday, May 2, 2018, at our corporate headquarters in Port Washington, New York. The business we will conduct at the meeting is described in the attached Notice of Annual Meeting of Stockholders and Proxy Statement.

2017 was a pivotal year in the continued transformation of Cedar Realty Trust into a leading shopping center REIT, and we worked tirelessly in 2017 toward implementing this objective for our stockholders. Notwithstanding headwinds in the retail sector created by changes in consumer behavior, shifting demographics into urban markets, and shrinking margins driven by technological advances and e-commerce, the important decisions we made back in 2011 to reinforce our balance sheet and prune our portfolio to better withstand these types of secular disruptions are showing their strength in these challenging times.

While we look to the year ahead full of confidence and excitement as we continue to execute on our vision of unlocking value for our stockholders, we are wistful to bid farewell to our esteemed director, Senator Paul Kirk, who has advised us of his intention to retire from our Board as of the 2018 Annual Meeting. Paul has served this Board and Company faithfully and honorably over these past thirteen years, including as Chair of our Nominating/Corporate Governance Committee. It has been our honor and privilege to have Paul on our Board, and we wish him well in his retirement in as much as we are sad to see him go. We expect to announce our new director appointment in due course, as our search is already underway.

We welcome the opportunity to present you with the information contained in our Proxy Statement and we hope that, after you review it, you will vote at the Annual Meeting (either in person or by proxy) in accordance with the Board of Directors' recommendations.

Your vote is extremely important. Whether or not you plan to attend the meeting, please vote your shares as soon as possible electronically through the Internet, by telephone or by completing, signing and returning the enclosed proxy card. If you vote electronically or by telephone, you do not need to return the enclosed proxy card. More detailed instructions on how to vote are provided on pages 6-9 of the Proxy Statement.

I, together with the Board, thank you for your continued investment, loyalty and support.

Sincerely,

BRUCE J. SCHANZER
President and Chief Executive Officer

Ernst & Young LLP, independent registered public accounting firm, served as our auditors for fiscal year 2017. Our Audit Committee has selected Ernst & Young LLP to audit our financial statements for fiscal year 2018. Although it is not required to do so, the Board is submitting the Audit Committee's selection of our independent registered public accounting firm for ratification by the stockholders at the Annual Meeting in order to ascertain the view of our stockholders regarding such selection. Below is summary information about Ernst & Young's fees for services during fiscal years 2017 and 2016:

Description of Services	2017 (\$)	2016 (\$)
Audit Fees ⁽¹⁾	953,800	884,000

(1) Audit Fees for 2017 and 2016 were incurred for professional services in connection with the audit of our consolidated financial statements and internal control over financial reporting for the years ended December 31, 2017 and 2016, reviews of our interim consolidated financial statements which are included in each of our quarterly reports on Form 10-Q for the years ended December 31, 2017 and 2016, preparation of comfort letters for the issuance of our securities, and certain accounting consultations.

(2) Ernst & Young LLP performed tax consulting services relating to tax planning for certain of our redevelopments in 2017.

Executive Compensation Matters (Page 52)

We give our stockholders an annual vote on our executive compensation program and are requesting your support for the compensation of our named executive officers as described on pages 27 through 47 of this Proxy Statement. This is an advisory vote, so the results will not be binding on the Company, but the Board will consider the outcome of the vote as part of its ongoing review of executive compensation. The goals of our executive compensation program are to:

attract, retain and motivate talented executive officers;

align the interests of our executive officers with the interests of the Company and our stockholders;

incentivize our executive officers based on clearly defined performance goals and measures of successful achievement; and

align market competitive compensation with our short- and long-term performance.

Our Compensation Committee determines the form and amount of compensation, as well as the overall structure of our executive compensation program. The Compensation Committee has sole authority to retain and terminate any compensation consultants used to assist in establishing compensation for our executive officers and to approve such consultants' fees and other retention terms. The Compensation Committee has engaged Mercer (US) Inc., a wholly-owned subsidiary of Marsh & McLennan Companies, Inc., as its independent compensation consultant.

Table of Contents

The compensation of our named executive officers is primarily comprised of a mix of base salary, short-term cash incentive compensation and long-term equity incentive compensation, and is determined based on the consideration of a number of factors described in more detail in the section entitled, Compensation Discussion and Analysis Executive Summary.

Payment of Cash Severance to Named Executive Officers Unnecessary or Excessive Risk**Entirely Independent Compensation Committee****X No Recent Grants of Stock Options**

Our compensation policies and programs are built upon the strong foundation of corporate governance and compensation best practices. Please refer to the table on page 30 of this Proxy Statement for a more detailed description of our compensation policies and programs.

The key components of our named executive officers' compensation are described in more detail in the following table:

Compensation Component	Objectives
Base Salary	Designed to reward individual effort associated with job-related duties and to attract and retain talented executive officers for our Company.
Annual Bonus (Short-Term Incentive Compensation)	Designed to encourage outstanding individual and Company performance by motivating the named executive officers to achieve short-term Company and individual goals, rewarding performance measured against key annual strategic objectives.
Long-Term Incentive Compensation	Designed to foster significant ownership of our common stock by our executive officers, thereby aligning the interests of our executive officers with those of our stockholders and motivating our executive officers to achieve long-term growth and success for our Company.

Say-on-Pay Advisory Vote (Page 32)

Our stockholders have consistently supported our executive compensation program. At our 2017 Annual Meeting of Stockholders, our stockholders overwhelmingly voted in favor with nearly 98% support approving our resolution

seeking advisory approval of the compensation of our named executive officers. While we have consistently enjoyed solid stockholder support for our executive compensation program, we continue to engage in dialogue with stockholders on executive compensation issues. As an example, in response to valued feedback received from our stockholders, we amended our named executive officer employment agreements in 2016 to remove modified single-trigger cash severance provisions and to provide for satisfaction of double trigger conditions for

Table of Contents

payment of cash severance following a change in control. In addition, in response to constructive feedback from our stockholders, we require a minimum vesting period of one-year applicable to all types of equity awards granted under the 2017 Stock Incentive Plan, subject to a 5% carve out, and a minimum three-year vesting period for time-based restricted stock awards.

Amendment of Our Charter (Page 53)

Upon recommendation of the Nominating and Corporate Governance Committee, our Board has declared advisable and recommends that stockholders approve an amendment to the Company's charter to give stockholders the right to act to amend our by-laws. Currently, both our charter and by-laws provide the Board the exclusive power to amend the by-laws. If approved by stockholders, the amendment will become effective upon the filing of articles of amendment with the Maryland State Department of Assessments and Taxation (the SDAT).

In February 2018, the Board approved, subject to stockholder approval of the charter amendment, an amendment to our by-laws giving stockholders the power to amend or repeal the by-laws and to adopt new by-laws by the affirmative vote of holders of a majority of the outstanding shares of the Company's common stock. The new by-law amendment provides that absent the approval of the Board, a stockholder proposal may not alter or repeal the provisions of our by-laws providing for indemnification of directors and officers of the Company or the provisions relating to amendment of the by-laws. The new by-law amendment does not require approval by our stockholders and is conditioned on the approval of the proposed charter amendment at the Annual Meeting and upon the effectiveness of such amendment upon filing with the SDAT.

ABOUT THE ANNUAL MEETING

When and where is the Annual Meeting?

The 2018 Annual Meeting will be held on Wednesday, May 2, 2018 at 10:00 a.m. local time at 44 South Bayles Avenue, Port Washington, New York 11050.

What is the purpose of the Annual Meeting?

At the Annual Meeting, stockholders will consider and vote on the following proposals:

1. To elect six directors.
2. To approve the appointment of Ernst & Young LLP as the independent registered public accounting firm of the Company for the fiscal year ending December 31, 2018.
3. To vote on an advisory (non-binding) resolution to approve the compensation of our named executive officers.
4. To vote on an amendment to the Company s charter that, if approved, would permit stockholders to act to amend our by-laws as set forth in Proposal 4.

In addition, stockholders will transact any other business that properly comes before the Annual Meeting or any postponement or adjournment thereof.

Who is entitled to vote?

Only stockholders of record at the close of business on the record date (March 9, 2018) are entitled to notice of and to vote at the Annual Meeting. Stockholders are entitled to cast one vote for each share held by them on each matter to be voted upon.

Who can attend the annual meeting?

All holders of common shares of the Company at the close of business on March 9, 2018, the record date for the annual meeting, or their duly appointed proxies, are authorized to attend the annual meeting. Cameras, recording devices and other electronic devices will not be permitted at the meeting.

Table of Contents

PROXY STATEMENT

Please also note that if you hold your shares in street name (that is, through a bank, broker or other nominee), you will need to bring a copy of the brokerage statement reflecting your share ownership as of March 9, 2018.

What constitutes a quorum?

On the record date of March 9, 2018, the Company had 91,712,183 shares of common stock outstanding and entitled to vote with respect to all matters to be acted upon at the meeting. Each holder of common stock is entitled to one vote for each share of stock held by such holder. The presence of holders representing a majority of all the votes entitled to be cast at the Annual Meeting will constitute a quorum at the Annual Meeting. In accordance with Maryland law, abstentions, but not broker non-votes, are counted for purposes of determining the presence or absence of a quorum for the transaction of business.

How do I vote?

If your shares are registered directly in your name with our transfer agent, American Stock Transfer & Trust Company, LLC, you are considered the stockholder of record with respect to those shares and the proxy notice was sent directly to you by us. In that case, you may instruct the proxy holders named in the enclosed proxy card (the Proxy Agents) how to vote your common shares in one of the following ways:

Vote Online: You can vote via Internet by following the instructions on the enclosed proxy card or voting instruction form.

Vote by Telephone: You can vote by telephone by following the instructions on the enclosed proxy card or voting instruction form.

Vote by Regular Mail: You can vote by mail by signing and dating the enclosed proxy card or voting instruction form and returning it in the postage-paid envelope provided with this Proxy Statement. Proxies submitted over the internet, by telephone or by mail must be received by 11:59 p.m. EDT on Tuesday, May 1, 2018.

If you vote by telephone, via the Internet, or by signing, dating, and returning the enclosed proxy card, your shares will be voted at the Annual Meeting as you direct. If you sign the enclosed proxy card but do not specify how you want your shares to be voted, they will be voted as the Board recommends.

If the proxy is submitted and voting instructions are made for some, but not all, of the proposals, as to matters in which instructions are given, the proxy will be voted in accordance with those instructions, and for all other proposals, the proxy will be voted FOR as to all enumerated proposals in accordance with the Board's recommendations.

Can I revoke my proxy?

Each proxy executed and returned by a stockholder may be revoked at any time before it is voted by timely submission of written notice of revocation or by submission of a duly executed proxy bearing a later date (in either case addressed to the Secretary of the Company at our corporate offices) or, if a stockholder is present at the meeting, he may elect to revoke his proxy and vote his shares personally. Votes for shares held by a bank, broker or other holder of record, may be revoked by a stockholder submitting new voting instructions to the bank, broker or other holder of record or, if a stockholder has obtained a legal proxy from the bank, broker or other holder of record giving him the right to vote the shares at the Annual Meeting, by attending the Annual Meeting and voting in person.

Table of Contents

PROXY STATEMENT

What vote is required to approve each matter?

Assuming the presence of a quorum, each of Proposals 1, 2 and 3 must receive the affirmative vote of a majority of the shares of common stock duly present or represented by proxy at the Annual Meeting in order to pass. Accordingly, abstentions will have the same effect as a vote against each of these proposals, while broker non-votes will not be counted in determining the outcome of any of these proposals. Proposal 4 must receive the affirmative vote of the holders of at least two-thirds of the shares of the common stock entitled to vote at the 2018 Annual Meeting in order to pass. Accordingly, abstentions and broker non-votes will have the same effect as a vote against Proposal 4. The proposal to approve the compensation of our named executive officers is advisory only and is not binding on the Company or the Board.

If the proxy is submitted and voting instructions are made for some, but not all, of the proposals, as to matters in which instructions are given, the proxy will be voted in accordance with those instructions, and for all other proposals, the proxy will be voted **FOR** as to all enumerated proposals in accordance with the Board's recommendations.

What if I hold my shares in street name?

Brokers do not have discretionary authority to vote with respect to any of the proposals, except with respect to the ratification of Ernst & Young as the independent registered public accounting firm for the Company for the fiscal year ending December 31, 2018. Under the rules of the New York Stock Exchange, the proposal to ratify the appointment of Ernst & Young LLP is considered a routine item. Accordingly, if you hold your shares in street name and you do not submit voting instructions to your broker, your broker may exercise its discretion to vote your shares on this proposal. If your broker exercises this discretion, your shares will be counted as present for purposes of determining the presence of a quorum at our Annual Meeting and will be voted in the manner directed by your broker on the proposal to ratify Ernst & Young as our independent registered public accounting firm, but your shares will constitute broker non-votes on each of the other proposals at our Annual Meeting. On all other proposals, your broker is not permitted to vote your shares without your instructions and uninstructed shares are considered broker non-votes. Accordingly, a broker non-vote will not be counted in determining the outcome of the vote on these matters. If your shares are held by a broker, the broker will ask you how you want to vote your shares.

If you provide the broker with instructions, your shares will be voted in accordance with your instructions. If you do not give any instruction on any of the proposals, then with respect to the election of directors and the advisory vote to approve the compensation of our named executive officers, your shares will not be voted. **Therefore, it is important that you give instructions to your broker as to how to vote your shares.**

Even if you plan to attend the Annual Meeting, we recommend that you submit the enclosed proxy to vote your shares in advance so that your vote will be counted if you later are unable to attend the Annual Meeting.

If I plan to attend the Annual Meeting, should I still vote by proxy?

Yes. Voting in advance does not affect your right to attend the Annual Meeting. If you submit the enclosed proxy card and also attend the Annual Meeting, you do not need to vote again at the Annual Meeting unless you want to change your vote. Written ballots will be available at the Annual Meeting for stockholders of record. If you are not a stockholder of record but hold the shares through a broker or nominee (i.e., in street name), you may vote your shares

in person only if you obtain a legal proxy from the broker, trustee or nominee that holds your shares giving you the right to vote the shares. Even if you plan to attend the Annual Meeting, we recommend that you also submit your proxy or voting instructions prior to the meeting as described above so that your vote will be counted if you later decide not to attend the Annual Meeting.

PROXY STATEMENT

Who is soliciting the proxies and who pays the costs?

The enclosed proxy for the Annual Meeting is being solicited by the Board. Proxies also may be solicited, without annual compensation, by our trustees and officers by mail, telephone or other electronic means or in person. We are paying the costs of this solicitation, including the preparation, printing, mailing and website hosting of proxy materials. It is anticipated that banks, brokers and other custodians, nominees and fiduciaries will forward proxy materials to the beneficial owners of our common shares to obtain their voting instructions and that we will reimburse such persons for their out-of-pocket expenses.

Cooperation Agreement with Snow Park

On February 16, 2018, the Company entered into a letter agreement (the "Cooperation Agreement") with Snow Park Capital Partners, LP and Jeffrey Pierce (collectively, with their affiliates, "Snow Park"). Under the Cooperation Agreement, the Company agreed that it would engage a nationally recognized director search firm to conduct a search to identify as promptly as practicable a new independent director for election or appointment as a director of the Company, and propose an amendment to the Company's charter enabling stockholders to adopt amendments to our by-laws. Snow Park will have the right to meet with and interview the candidate identified by the search firm and selected by the Nominating/Corporate Governance Committee provided that Snow Park maintains requisite stock ownership levels, but the Board has the exclusive power to choose, nominate and/or appoint the new independent director.

In addition, Snow Park agreed to certain standstill provisions, including but not limited to agreeing not to (i) engage in any solicitation of proxies or consents with respect to the election or removal of directors; (ii) seek, alone or in concert with others, representation on the Board or the removal of any member of the Board, as well as certain voting provisions, including voting all shares beneficially owned by it or its affiliates, which they are entitled to vote on the record date, in favor of the election of directors nominated by the Board, the charter amendment, and otherwise in accordance with the Board's recommendation; provided, however, that in the event Institutional Shareholder Services ("ISS") recommends otherwise with respect to certain proposals, Snow Park shall be permitted to vote in accordance with ISS's recommendation with respect to those proposals, and Snow Park shall be permitted to vote in its sole discretion with respect to an Extraordinary Transaction (as defined in the Cooperation Agreement); or (iii) acquire, directly or indirectly, additional voting securities of the Company such that Snow Park's beneficial or economic ownership would exceed 3.9% of the Company's outstanding common stock.

CORPORATE GOVERNANCE OVERVIEW

CORPORATE GOVERNANCE OVERVIEW

The business and affairs of the Company are managed under the direction of our Board, as provided by Maryland law, and the Company conducts its business through meetings of the Board and its three standing committees: the Audit Committee, the Compensation Committee and the Nominating/Corporate Governance Committee.

We structure our corporate governance in a manner we believe closely aligns our interests with those of our stockholders. In 2018, based on our study of positive trends and best practices in corporate governance, we adopted an important stockholder-friendly governance measure as described in Proposal 4 below, in proposing an amendment to our charter that would permit stockholders to act to amend our by-laws, as opposed to reserving this right exclusively to the Board. We believe that adopting this governance measure serves the long-term interests of our stockholders and evidences our ongoing commitment to improve our service to stockholders as stewards of their capital.

Other notable features of our corporate governance are summarized as follows:

WHAT WE DO:	WHAT WE DON'T DO:
<p>86% Independent Directors. Six of the seven directors who served on our Board in 2017 are independent as defined by the New York Stock Exchange listing standards.</p>	<p>X No Hedging of Our Securities. Our anti-hedging policy prohibits our directors, executives and employees from engaging in transactions designed to hedge against losses from their ownership of our shares.</p>
<p>Independent Chairman. Our Chairman of the Board is an independent director, which strengthens the role of our independent directors and encourages independent Board leadership.</p>	<p>X No Pledging of Our Securities. None of our current executive officers or directors are permitted to pledge our common shares or limited partnership units for margin or other loans.</p>
<p>Entirely Independent Committees. All of the members of our Audit, Compensation, and Nominating/Corporate Governance Committees are independent.</p>	<p>X No Related Party Transactions. We do not currently have any related party transactions and have stringent related party transaction review procedures.</p>

Majority Voting for Directors. Our directors must be elected by a majority of votes cast in contested elections.

X No Poison Pill. The Company does not have a poison pill or a stockholder rights plan in place.

Regular Board Refreshment and Young Tenure of Directors. The composition of our Board balances the importance of board refreshment with relevant experience and diversity considerations. The Company has nominated a new independent director each of the past three years to assume the seat of a long-standing director upon his or her retirement. Upon election or appointment of our new director in 2018, the Company will be proud to have an independent board of which 67% of the independent directors have served for less than four years.

X No Excessive or Grossed-Up Perquisites. We do not provide any excessive perquisites to our named executive officers or directors and they are not entitled to U.S. federal income tax gross-ups on the perquisites they do receive.

CORPORATE GOVERNANCE OVERVIEW

WHAT WE DO:

WHAT WE DON'T DO:

Frequent Stockholder Engagement. In response to stockholder concerns, we: (i) amended our executive employment agreements to provide for double trigger cash severance following a change in control; and (ii) are proposing an amendment to our charter that would permit stockholders to act to amend our by-laws. We engage in regular dialogue with our stockholders, hosting over 100 calls or meetings with our stockholders this past year.

X No Classified Board. All of our directors are elected annually for one-year terms.

Share Ownership Guidelines. Our share ownership guidelines require that our CEO and other named executive officers own shares or limited partnership units with an aggregate value of 4x or 2x base salary, respectively. All non-employee directors must hold shares or limited partnership units with an aggregate value of 4x the equity portion of their annual retainer within four years of their election or appointment to the Board.

X No Undue Restriction on Stockholder Rights. There are no material restrictions on our stockholders right to call special meetings, stockholder approval is required to materially modify the Company's capital structure and the Company does not have a representative claim limitation or any other significant litigation rights limitation.

Risk Oversight by Full Board. Our full Board receives quarterly risk assessment presentations that are both quantitative and qualitative in nature, which enables our directors to focus their attention on mitigating the risks that are most significant to us and our business.

Annual Board and Committee Self-Evaluations. Each year, the Nominating/Corporate Governance Committee oversees a robust self-assessment of the Board and each of its committees, during which directors are asked to consider the Board's composition and structure, key responsibilities, and meetings, among other criteria.

Committees also conduct their own evaluations separately.

Regular Executive Sessions of Independent Directors and Board Committees. Our non-executive Chairman and the other non-employee directors of our Board are actively involved in corporate governance matters and, as with each of the Board's committees, routinely meet in executive session several times during the year as warranted or appropriate.

CORPORATE GOVERNANCE OVERVIEW

Commitment to Stockholder Engagement

We appreciate and value the engagement of our stockholders and actively solicit stockholder feedback. Throughout the year, management communicated in meetings, property visits, telephone calls and/or written communications with several significant stockholders to better understand their perspectives on corporate governance, overall compensation, strategy, and business operations. During 2017, our executives conducted over 100 telephonic or in-person meetings, including property tours, with our key stockholders representing approximately 60% of our outstanding stock. We also arranged for certain stockholders to meet with our independent directors directly. Feedback received during our outreach process was then shared with the Board and its committees and taken into account when considering proposed changes to corporate governance and compensation practices.

We also have routine telephonic meetings with stockholder proxy advisors, such as ISS, to stay informed as to their views on governance and compensation trends, recommendations for our Company, and to elicit meaningful feedback as to governance and other measures the Company is considering. In general, we received positive feedback on our strategy and on the enhanced disclosures in our Proxy Statement that we implemented last year.

Below is a summary of what we heard and the actions we took in direct response to our stockholder engagement and study of best practices:

Our Stockholders Expressed Concern About	How We Addressed Their Concerns
Executive Compensation Alignment	<p>Ø We amended our senior executive employment agreements in August 2016 to replace the modified single-trigger with respect to cash severance payments to named executive officers upon a change in control with a double-trigger condition to receiving such payments.</p> <p>Ø We adopted a one-year minimum vesting requirement applicable to <u>all types</u> of equity awards under the 2017 Stock Incentive Plan (subject to a 5% carve out) and, for time-based restricted stock, a minimum three-year vesting requirement.</p>
Corporate Governance Best Practices	<p>Ø As set forth in Proposal 4, we are proposing an amendment to our charter that would permit stockholders to act to amend our by-laws.</p>

Board Refreshment

Ø Including 2018, we will have added four new directors over the past four years.

Ø Upon election or appointment of our new director in 2018, we will have an independent board of which 67% of the independent directors have served for less than four years.

We believe that these significant governance enhancements demonstrate our commitment to stockholder engagement and responsiveness to stockholder feedback.

CORPORATE GOVERNANCE OVERVIEW

Corporate Governance Guidelines and Principles

The Board has adopted Corporate Governance Guidelines and Principles that address significant issues of corporate governance and set forth procedures by which the Board carries out its responsibilities. Among the areas addressed by the Corporate Governance Guidelines and Principles are director responsibilities, management responsibilities, director access to management, employees and advisors, management succession, annual performance evaluation of the Board and Chief Executive Officer, director compensation and meeting procedures. The Corporate Governance Guidelines and Principles are available on the Company's website at www.cedarrealtytrust.com.

Code of Business Conduct and Ethics

All of our employees, including our Chief Executive Officer, Chief Financial Officer, Chief Operating Officer, Chief Accounting Officer and Chief Investment Officer, and our directors are required to comply with our Code of Business Conduct and Ethics. Our Code is available on our website at www.cedarrealtytrust.com. We intend to disclose any amendments we make to, or waivers of, certain provisions of our Code of Business Ethics applicable to our officers and directors on our website, within three (3) business days following such waiver or as otherwise required by the rules of the Securities Exchange Commission (SEC) or the NYSE.

Board of Directors

Independent Directors

Pursuant to rules of the New York Stock Exchange (NYSE) and applicable law, a majority of our directors must be independent . Each year, the Board reviews the independence of the Company's directors, including a review of any transactions and relationships between each director, or any member of his or her immediate family, on the one hand, and the Company and its subsidiaries and affiliates, on the other. The Board also examines transactions and relationships between directors or their affiliates and members of the Company's senior management or their affiliates. The purpose of this review is to determine whether any such relationship or transaction was inconsistent with a determination that the director is independent.

As the result of this year's review, the Board affirmatively determined that each of Messrs. Eisenstat, Gonsalves, Kirk, Rogers and Widmann and Ms. Hootkin is independent of the Company and its management. The Board determined that none of these independent directors had any material relationships with the Company. Mr. Schanzer, the Company's President and Chief Executive Officer, is the only director who is not independent by virtue of his employment with the Company. In addition, none of our directors' family members are employed by the Company in any capacity. Therefore, following the election of our six director-nominees at the Annual Meeting, we believe that 83.3% of our Board members will be independent under the NYSE rules.

Leadership Structure of the Board

The Board has a non-executive Chairman to ensure independent oversight of management. Roger M. Widmann, an independent director of the Company since 2003, has been chosen by the directors to be the non-executive Chairman of the Board and to preside at meetings of the Board. Mr. Widmann and the other non-management directors of our Board are actively involved in corporate governance matters and meet in executive session several times during the

year, generally on the same day as regularly scheduled meetings of the Board or its committees (or as otherwise considered necessary or appropriate).

A key responsibility of the Board and Chief Executive Officer is to ensure continuity of leadership of the Company. Each year, the Chief Executive Officer presents a succession plan to the Board for its review and consideration.

Corporate Governance Documents

We maintain a corporate governance page on our website that includes key documents relating to our corporate governance, including our:

Corporate Governance Guidelines and Principles;

Code of Business Conduct and Ethics;

Gift Policy;

Charter of the Audit Committee;

Charter of the Compensation Committee; and

Charter of the Nominating/Corporate Governance Committee.

All of these documents can be found by accessing the Investor Relations tab on our website at www.cedarrealtytrust.com and clicking on Corporate Governance. The documents noted above will also be provided without charge to any stockholder who requests them. We frequently review our corporate governance policies, monitor emerging developments in corporate governance, and enhance our policies and procedures when our Board determines that it would benefit our Company and our stockholders to do so.

Share Ownership Guidelines

Our share ownership guidelines require that our CEO and other named executive officers own shares or limited partnership units with an aggregate value of 4x and 2x base salary, respectively. All non-employee directors must hold shares or limited partnership units with an aggregate value of 4x the equity portion of his or her annual retainer. We believe these stockholding requirements reaffirm the alignment between our strategic decision-makers and its stockholders.

Anti-Hedging Policy

We do not consider it appropriate for any of the Company's officers, directors or employees to enter into speculative transactions in the Company's securities that are designed to hedge or offset any decrease in market value of the Company's securities. As a result, we have adopted a policy that prohibits officers, directors or employees from purchasing puts, calls, options or other derivative securities based on the Company's securities. The policy also prohibits hedging or monetization transactions, such as forward sale contracts, equity swaps, collars and exchange funds. Officers, directors and employees also are not permitted to purchase securities of the Company on margin, borrow against any account in which the Company's securities are held or otherwise pledge any securities of the Company.

Risk Management

Management has primary responsibility for identifying, monitoring, mitigating, and managing our exposure to risk, subject to active oversight by our Board. The Board, directly and through its

committees, discusses with management any significant enterprise risks and reviews the guidelines, policies and procedures we have in place to address those risks, such as our approval process for significant acquisitions, dispositions and other investments. The Board receives quarterly risk assessment presentations that are both quantitative and qualitative in nature. This process enables our Board to focus on the strategic, financial, operational, legal, regulatory and other risks that are most significant to us and our business in terms of likelihood and potential impact and ensures that our enterprise risks are well understood, mitigated to the extent reasonable and consistent with the Board's view of our risk profile and risk tolerance.

Each of our Audit, Compensation, and Nominating/ Corporate Governance Committees exercises its own oversight related to the risks associated with the particular responsibilities of that committee:

Our Audit Committee reviews financial, accounting and internal control risks and the mechanisms through which we assess and manage risk, in accordance with NYSE requirements, and has certain responsibilities with respect to our compliance programs.

Our Compensation Committee evaluates whether our compensation policies and practices, as they relate to both executive officers and employees generally, encourage excessive risk-taking.

Our Nominating/Corporate Governance Committee focuses on risks related to corporate governance, Board effectiveness and succession planning.

Audit Committee

The Board has established an Audit Committee consisting of Steven G. Rogers (Chair), Abraham Eisenstat, Gregg A. Gonsalves and Pamela N. Hootkin, all of whom are independent within the meaning of the rules of the NYSE and applicable law. Ms. Hootkin and Messrs. Eisenstat, Gonsalves and Rogers are qualified as audit committee financial experts within the meaning of applicable law and the Board has determined that each of them has accounting and related financial management expertise under the rules of the NYSE. The designation of audit committee financial expert does not impose upon such persons any duties, obligations or liabilities that are greater than are generally imposed on such persons as members of the Audit Committee and the Board, and such designation does not affect the duties, obligations or liabilities of any other member of the Board.

The principal functions of the Audit Committee are as follows:

employ the Company's independent registered public accounting firm, subject to stockholder ratification, to audit the Company's consolidated financial statements;

approve or pre-approve all services performed by the Company's independent registered public accounting firm, including fees and terms;

provide oversight on the internal reporting process and the adequacy of the Company's internal controls;

review the scope of the audit of the independent registered public accounting firm and the firm performing the Company's internal audit procedures;

review services provided by the Company's independent public registered accounting firm and other disclosed relationships as they bear on the independence of the Company's independent registered public accounting firm; and

monitor the process for the receipt, retention and resolution of complaints regarding accounting, internal controls or auditing matters, among others, that could materially impact the Company's financial statements.
The charter of the Audit Committee is available on the Company's website at www.cedarrealtytrust.com

Compensation Committee

The Board has established a Compensation Committee consisting of Pamela N. Hootkin (Chair), Gregg A. Gonsalves and Roger M. Widmann, all of whom are independent within the meaning of the rules of the NYSE and applicable law. Paul G. Kirk, Jr., a member of the Compensation Committee until his retirement effective May 2, 2018, is likewise independent within the meaning of the rules of the NYSE and applicable law. The principal functions of the Compensation Committee are as follows:

review and approve the compensation and benefits of executive officers, as well as administer and make recommendations to the Board regarding director compensation;

develop and recommend to the Board cash incentive and equity-based compensation programs and plans;

review and discuss with management the Compensation Discussion and Analysis (the CD&A) required to be included in the Company s proxy statement and annual report; and

review the relationship between the Company s compensation practices and effective risk management.

The charter of the Compensation Committee is available on the Company s website at www.cedarrealtytrust.com.

Under its charter, the Compensation Committee has the authority to engage independent compensation consultants or other advisors to assist it in formulating the Company s total compensation plan. In designing the 2017 executive compensation plan setting executive compensation for 2017, our Compensation Committee retained Mercer (US) Inc. (Mercer), a wholly-owned subsidiary of Marsh & McLennan Companies, Inc. (MMC), as its compensation consultant. The consultant provided to the Compensation Committee relevant survey and market compensation data and compared the Company s compensation to the survey data. The Compensation Committee has relied on the guidance of the consultant in formulating and refining the Company s executive compensation practices. In selecting Mercer, the Compensation Committee evaluated Mercer s independence and considered the following factors:

Mercer does not provide any other services to the Company;

the amount of fees to be received by Mercer from the Company as a percentage of total revenues of MMC;

the policies and procedures of Mercer, the Company and the Compensation Committee that are designed to prevent conflicts of interest;

the lack of any business or personal relationships of Mercer with any member of the Compensation Committee;

stock of the Company owned by Mercer or any of the key Mercer employees servicing the Company; and

the lack of any business or personal relationships between Mercer and any executive officer of the Company. After considering the foregoing, the Compensation Committee determined that Mercer was independent of the Company and management of the Company and that the engagement of Mercer did not raise any conflicts of interest.

Nominating/Corporate Governance Committee

The Board has established a Nominating/Corporate Governance Committee consisting of Paul G. Kirk, Jr. (Chair until his retirement as a director of the Company effective as of the 2018 Annual Meeting to be held on May 2, 2018), Abraham Eisenstat (Chair-Elect, to assume the role as of May 2, 2018 if re-elected by stockholders), Steven G. Rogers, and Roger M. Widmann, all of whom are independent within the meaning of the rules of the NYSE and applicable law. The principal functions of the Nominating/Corporate Governance Committee are as follows:

develop and recommend to the Board a set of corporate governance principles;

adopt a code of ethics;

adopt policies with respect to conflicts of interest;

monitor compliance with corporate governance requirements of state and federal law and the rules and regulations of the NYSE;

establish criteria for prospective members of the Board;

conduct candidate searches and interviews;

oversee and annually evaluate the Board, its standing committees and management;

annually evaluate the appropriate organization, size and composition of the Board; and

formally propose the slate of directors to be elected at each Annual Meeting of Stockholders.

The charter of the Nominating/Corporate Governance Committee is available on the Company's website at www.cedarrealtytrust.com.

Board and Committee Performance Self-Evaluation

To optimize the performance of the Board and its committees each year, the Nominating/Corporate Governance Committee oversees a robust self-assessment of the Board and each of its committees that elicits candid feedback on the performance and effectiveness of the Board and its committees, as well as on the efficacy of the self-evaluation process itself. As part of this self-assessment, directors are asked to consider the Board's composition and structure, key responsibilities, and meetings, among other criteria. Each committee conducts its own assessment, and in assessing its structure and performance, considers its role and the responsibilities articulated in the committee charter, the composition of the committee and the conduct of committee meetings. We believe that a thorough Board and committee evaluation process that is focused on the assessment and alignment of director skills with company strategy is more effective than solely relying on strict tenure limits. Throughout the year, the Board and each of its committees routinely use a portion of their regularly scheduled executive sessions to reflect upon and discuss how their oversight performance on behalf of stockholders might be improved.

Nomination of Directors

The Nominating/Corporate Governance Committee is responsible for the selection and nomination of directors and considers candidates for Board membership suggested by its members and other Board members, as well as management and stockholders. Stockholders who wish to recommend a nominee should send nominations directly to the Nominating/Corporate Governance Committee, at the principal executive offices of the Company, that include all information relating to such person that is required to be disclosed in solicitations of proxies for the election of directors, including the nominee's name, business experience and consent to be nominated for membership on our Board and to serve if elected by the stockholders. We did not receive any recommended nominees for director from any of our stockholders, other than from our directors, in connection with the 2018 Annual Meeting.

In February 2018, the Nominating/Corporate Governance Committee engaged Ferguson Partners, L.P. (Ferguson) to assist in identifying and evaluating potential candidates to fill the Board vacancy left by the impending retirement of Senator Kirk, effective as of the 2018 Annual Meeting. In July 2017, the Company engaged FPL Associates, L.P. (FPL), an affiliate of Ferguson, to provide advisory services relating to the design of executive employment agreements and the Company's long-term equity incentive compensation program. FPL did not provide any non-compensation related services to management or the Company in 2017. FPL received \$12,000 in fees during 2017, and \$4,000 in fees during 2018 for services related to executive and long-term incentive compensation. In February 2018, the Nominating/Corporate Governance Committee retained Ferguson to perform director search services and received \$46,500 in fees and expenses as of March 9, 2018 relating to that engagement. The services provided by Ferguson and FPL have been reviewed in their entirety by the Company and were determined not to raise any conflicts of interest.

CORPORATE GOVERNANCE OVERVIEW

Once the Nominating/Corporate Governance Committee has identified a prospective nominee, it makes an initial determination as to whether to conduct a full evaluation of the candidate. This initial determination is based on whatever information is provided to the Nominating/Corporate Governance Committee with the recommendation of the prospective candidate, as well as the Nominating/Corporate Governance Committee's own knowledge of the prospective candidate, which may be supplemented by inquiries to the person making the recommendation or others. The preliminary determination is based primarily on the need for additional Board members to fill vacancies, provide for succession or expand the size of the Board and the likelihood that the prospective nominee can satisfy the evaluation factors described below. If the Nominating/Corporate Governance Committee determines, in consultation with the Chairman of the Board and other Board members as appropriate, that additional consideration is warranted, it may request additional information about the prospective nominee's background and experience and report its findings to the Board. The Nominating/Corporate Governance Committee then evaluates the prospective nominee against the standards and qualifications set out in the Company's guidelines, including:

the ability of the prospective nominee to represent the interests of the stockholders of the Company;

the prospective nominee's standards of integrity, commitment and independence of thought and judgment;

the prospective nominee's ability to dedicate sufficient time, energy and attention to the diligent performance of his or her duties, including the prospective nominee's service on other public company boards and other professional experience to enhance the Board's effectiveness;

the extent to which the prospective nominee contributes to the range of talent, skill and expertise appropriate for the business of the Company; and

the extent to which the prospective nominee provides the Board with diversity in experience and background. The Nominating/Corporate Governance Committee may also consider such other relevant factors as it deems appropriate, including the current composition of the Board, the balance of management and independent directors, the need for Audit Committee expertise and the evaluations of other prospective nominees. In connection with this evaluation, the Nominating/Corporate Governance Committee determines whether the person should be considered for a Board position, and one or more members of the Nominating/Corporate Governance Committee, and others as appropriate, interview prospective nominees in person or by telephone. The candidate is then required to complete a series of compliance and vetting questionnaires, to submit to a background check, to establish qualification for service and fitness to serve, as well as to identify potential conflicts of interest. Upon satisfactory completion in the interview, vetting process and evaluation, the Nominating/Corporate Governance Committee makes a recommendation to the full Board as to the persons who should be nominated by the Board, and the Board determines the nominees after considering the recommendation and report of the Nominating/Corporate Governance Committee.

There are no differences in the manner in which the Nominating/Corporate Governance Committee evaluates nominees for director based on whether the nominee is recommended by a stockholder or the Nominating/Corporate Governance Committee.

New Director Orientation

The Board has a program for orienting new directors that is overseen by the Nominating/Corporate Governance Committee. New directors receive materials with an overview of their duties and responsibilities, significant corporate governance documents of the Company, incorporation documents, regulatory filings, investor presentations, and committee calendars. They are also required to complete a series of vetting and compliance questionnaires, and financial disclosures. Directors also attend tours of our properties, as opportunities for such visits arise.

Compensation Discussion and Analysis

Executive Summary

This section of our Proxy Statement discusses the principles underlying our executive compensation policies and decisions. This discussion relates to the Company's named executive officers as included in the Summary Compensation Table below. For 2017, the Company's named executive officers were:

Mr. Bruce J. Schanzer, President and Chief Executive Officer;

Mr. Philip R. Mays, Executive Vice President, Chief Financial Officer and Treasurer; and

Ms. Robin M. Zeigler, Executive Vice President and Chief Operating Officer.

For 2017, we determined there were no other employees of the Company that qualified as named executive officers under the applicable rules and regulations of the SEC.

In June 2011, the Company hired Mr. Bruce J. Schanzer as CEO and Mr. Philip R. Mays as CFO as part of a long-term strategic plan for improving Company performance. At the time they were hired, the Company and the Compensation Committee affirmed that a core objective of the executive compensation program was to align management's compensation with long-term stockholder value creation. This was especially critical as the expectation was that it would take a number of years to fully realize positive results derived from the implementation of the new strategic plan.

In executing the new long-term strategic plan, we have achieved several important improvements to our portfolio, balance sheet and earnings, as illustrated below:*

EXECUTIVE COMPENSATION

Beginning with the hiring of Messrs. Schanzer and Mays, the Company and the Compensation Committee, under the guidance of the Company's independent compensation consultant, refined our compensation structure. The refined structure was designed to retain, compensate and incentivize Company executives, commensurate with their experience, responsibilities and accomplishments, and align executive pay with the Company's long-term strategic objectives and achievement of enhanced stockholder value. To that end, the executive compensation program includes three primary elements:

- i. base salary;
- ii. annual cash incentive bonus; and
- iii. long-term equity incentive compensation.

For 2017, our CEO's and COO's base salaries remained unchanged from 2016, and our CFO's base salary increased to \$400,000 to better align with the market, after three years of unchanged base salary at \$381,225.

A significant portion of the annual cash-incentive bonus is based on the performance of the Company, and the remaining portion is based on individual performance. Long-term equity incentive compensation vests based on continued service to the Company and, for the CEO, the Company's total stockholder return (TSR). A significant portion of executive compensation is at risk and variable depending on both our short-term financial performance and long-term creation of stockholder value, with the largest portion of at-risk compensation designed to incentivize our executives to focus on long-term stockholder value creation.

As explained more fully below in the section entitled, "Annual Cash Incentive Bonus," in setting performance criteria for 2017 bonuses for our named executive officers, our Compensation Committee determined that 70% of the bonus would be based on the Company's achievement of its targeted Operating FFO, and 30% would be based on a qualitative individual performance evaluation for each of those executives. For 2017, the Compensation Committee determined to award our CEO, CFO and COO annual bonuses of \$640,000, \$304,000 and \$304,000, respectively, which corresponded to 80% of their respective target amounts. The Company's performance-based component was based on a 2017 Operating FFO that fell below the target, but above the threshold amount. The individual performance-based component was weighted according to individual performance assessments based on attainment of goals applicable to each named executive officer's function, as detailed more fully on page 34 in the section entitled "Annual Cash Incentive Bonus."

We believe that awarding senior executives a significant amount of their compensation in the form of restricted stock aligns management's incentives with long-term stockholder value creation and encourages retention. To effectively ensure the alignment of executive compensation with long-term performance, we have at times awarded multi-year restricted stock grants to top executives with a five-year vesting period, which is longer than our typical three-year vesting period, in lieu of annual grants over a subsequent multi-year period. Stock grants that contain long-term vesting provisions give senior executives an incentive to remain with the Company. Also, long vesting periods, coupled with performance conditions for our CEO, create a significant positive incentive to make decisions that

engender strong results over a sustained period of time. We believe this structure appropriately focuses our executive officers on the creation of long-term value and encourages prudent evaluation of risks. Of the grants made to the Company's named executive officers as of December 31, 2017, the following remain unvested:

In 2011, to entice him to join the Company as CEO and to give him immediate and significant alignment with stockholders, the Company awarded Mr. Schanzer a grant of 2,500,000 shares of restricted stock that will vest in full on the seventh anniversary of the grant date provided the vesting conditions for the award are met. This one-time grant was in lieu of any other grants to be made during the seven-year period ending June 2018. Fifty percent of this unvested, long-term equity grant vests based on achievement of an objective TSR target.

EXECUTIVE COMPENSATION

To maintain alignment of interest with stockholders and a continued retention incentive, in 2016, the Compensation Committee awarded Mr. Mays a grant of 276,564 shares of restricted stock that will vest in full on the fifth anniversary of the grant date, provided he continues to be employed by the Company through such date. The 2016 grant is in lieu of any other grants to be made for the following three-year period.

In 2016, to attract and motivate Ms. Zeigler to join the Company as our COO and to immediately align her interests with those of the stockholders, the Company awarded her 13,831 shares of restricted stock that will vest in full on the third anniversary of the grant date, provided she continues to be employed by the Company through such date. In 2017, the Compensation Committee awarded Ms. Zeigler an additional grant of 93,178 shares of restricted stock that will vest in full on the third anniversary of the grant date, provided she continues to be employed by the Company through such date.

In addition, our executive compensation program includes a number of features intended to reflect best practices in the market and to help ensure that the program reinforces our stockholders' interests.

Our compensation policies and programs are built upon the strong foundation of corporate governance and compensation best practices, including:

WHAT WE DO:

Pay for Performance. We align our executive compensation with stockholder returns by providing a significant portion of our named executive officers compensation in the form of awards tied to our short- and long-term strategy and measurable performance.

Caps on Individual Incentive Awards. We include caps on individual payouts in our annual and long-term incentive plan.

WHAT WE DON'T DO:

X No Adoption of or Amendment to Equity Incentive Plans Without Stockholder Approval. We may not adopt new equity incentive plans or make material amendments to existing ones without the prior approval of our stockholders.

X No Excessive or Grossed-Up Perquisites. We do not provide any excessive perquisites to our named executive officers or directors and they are not entitled to U.S. federal income tax gross-ups on the perquisites they do receive.

Share Ownership Guidelines. We implement and require compliance with significant share ownership guidelines for our directors and named executive officers.

X No Repricing of Stock Options. We do not permit repricing or buyouts of stock options granted by the Company without prior stockholder approval.

Annual Compensation Committee Assessments. Each year, the Compensation Committee assesses its: (i) structure, (ii) performance, (iii) role and responsibilities articulated in the committee charter, (iv) composition, and (v) meeting conduct.

X No Liberal Share Recycling. Pursuant to the terms of the 2017 Stock Incentive Plan, shares tendered or held back for taxes or to cover the exercise price of an option will not be added back to the reserve pool under the 2017 Plan. Similarly, shares we reacquire in the open market will not be added to the reserve pool.

Stockholder Engagement on Compensation Matters. We engage in regular dialogue with our stockholders, initiating executive-level calls with our major stockholders and conducting in-person meetings, including property tours. This past year, we hosted over 100 calls or meetings with our stockholders, and granted certain stockholders direct access to our independent directors.

X No Supplemental Retirement Benefits for Executives. We do not have any supplemental executive retirement plans.

WHAT WE DO:

WHAT WE DON'T DO:

Independent Compensation Consultant. We retain an independent compensation consultant to advise the Compensation Committee.

X No Undue Restriction on Stockholder Rights. There are no material restrictions on our stockholders right to call special meetings, stockholder approval is required to materially modify the Company's capital structure and the Company does not have a representative claim limitation or any other significant litigation rights limitation.

Double-Trigger Condition Upon Change in Control for Payment of Cash Severance to Named Executive Officers. The employment agreements of our senior executive officers provide for satisfaction of double trigger conditions for payment of any cash severance amounts following a change in control.

X No Compensation or Incentives that Encourage Unnecessary or Excessive Risk. While our compensation program rewards our senior management for achievement of short- and long-term strategic and operational goals and, for the CEO, achievement of a TSR goal, our Compensation Committee reviews external market considerations, internal considerations and the long-term interests of our stockholders, to ensure that excessively risky behaviors are not incentivized.

Entirely Independent Compensation Committee. We have a Compensation Committee comprised entirely of independent directors.

X No Recent Grants of Stock Options. The Company typically provides restricted stock awards with performance- or time-based vesting requirements and has not granted any stock options since 2001.

These practices and others are described in more detail below under Corporate Governance Principles.

Compensation Philosophy

Our executive compensation program is designed to attract and retain talented senior executives, ensure that their compensation remains competitive relative to the compensation paid to similarly-situated senior executives at comparable publicly-traded REITs, and reward them for superior performance. The program is further designed to reward both short- and long-term performance and to align our senior executives' and stockholders' interests. To that

end, we believe the compensation packages we provide to our named executive officers should include both cash and share-based incentive compensation that reward performance as measured, in large part, against corporate and individual goals that will enhance stockholder value over the long term.

We believe the overall compensation of our senior executives should primarily reflect their accomplishments as a management team in achieving established key objectives. We also believe the achievement of these key objectives will ultimately enhance stockholder value as reflected in an increased share price. We believe the compensation of our senior executives should not be based on short-term performance of our shares, whether favorable or unfavorable, but rather that the long-term price of our shares is a better reflection of the management of our Company by our senior executives. In this regard, the restricted stock historically granted to our senior executives has vesting periods ranging from three to seven years. Our senior executives are also subject to the downside risk of a decrease in the value of their compensation in the event the price of our shares declines.

Consistent with this philosophy, our executive pay program uses a combination of base salary, annual cash incentive bonuses and long-term equity incentive awards, with a significant portion of compensation being at risk and dependent on the performance of the Company and the executive, to align executive interests with those of stockholders.

Table of Contents**EXECUTIVE COMPENSATION**

The Compensation Committee is responsible for establishing, implementing, and continually monitoring adherence to our compensation philosophy as applied to our named executive officers. For more information related to the processes and procedures of the Compensation Committee in determining the compensation of our named executive officers, see *Corporate Governance Principles Compensation Committee* above.

Annual Advisory Vote on Named Executive Officer Compensation

The Board holds an annual advisory vote on executive compensation. At the Company's 2017 Annual Meeting, stockholders voted overwhelmingly to approve the compensation paid to the Company's named executive officers for 2016 with votes in favor of nearly 98%. In designing the executive compensation program and making executive compensation decisions for 2017, the Compensation Committee considered the favorable results of the 2017 advisory vote, together with the advice of Mercer, as more fully described below.

The Compensation Committee regularly reviews all elements of compensation to ensure that we remain competitive in the market and to ensure that overall compensation, including the mix of stock and cash, is aligned with our business objectives, our performance and the interests of our stockholders. The Compensation Committee values constructive feedback from our stockholders about executive compensation as demonstrated by its support for amending our named executive officer employment agreements to eliminate the modified single trigger for cash severance payments upon a change in control, in direct response to constructive stockholder feedback. Additionally, the 2017 Stock Incentive Plan, which was approved by our stockholders at the 2017 Annual Meeting, contains certain features designed to incorporate best practices and further align the interests of employees, including our executive officers, with our stockholders. These features include a minimum vesting period of one-year applicable to all types of equity awards under the 2017 Stock Incentive Plan (subject to a 5% carve out), minimum three-year vesting periods for time-based restricted stock awards and caps on awards made under the 2017 Stock Incentive Plan, including for directors.

Engagement with Stockholders

We are committed to meaningful stockholder engagement because it allows us to understand and consider the viewpoints of our stockholders. Throughout the year, management conducted over 100 meetings, property visits, telephone calls and/or written communications with stockholders representing approximately 60% of our outstanding stock to better understand their perspectives on overall compensation, strategy, and business operations. The Chair of our Compensation Committee routinely makes herself available to answer questions from stockholders, and has participated in such calls when so requested. During the course of these communications, we receive constructive comments from stockholders and often engage in dialogue with them about the Company's compensation program. We pride ourselves on our relationship with our stockholders, and on our practice of offering interested stockholders direct access to management as well as our Compensation Committee Chair to express their feedback and concerns. We will continue to engage in dialogue with our stockholders about our compensation policies and decisions, and the Compensation Committee will continue to actively consider the views of our stockholders, including the results of our annual advisory vote, when making future executive compensation decisions.

Table of Contents

EXECUTIVE COMPENSATION

In response to constructive feedback received from our stockholders, we adopted changes to our compensation structure as follows:

Our Stockholders Expressed Concern About	How We Addressed Their Concerns
<p>Modified single-trigger vesting of severance payable upon a change in control</p>	<p>We adopted double-trigger vesting for future value cash severance awards, meaning that:</p> <p>(1) a change-in-control must occur; <i>and</i></p> <p>(2) the plan participant must be terminated other than for cause or must resign for good reason (as defined in the respective employment agreements)</p>
<p>Minimum vesting for <u>all types</u> of equity awards</p>	<p>Minimum one-year vesting applicable to <u>all types</u> of equity awards under the 2017 Stock Incentive Plan (subject to a 5% carve out) and, for time-based restricted stock, minimum three-year vesting</p>

Compensation Objectives

The Compensation Committee uses three primary pay elements in its executive compensation program: base salary, annual cash incentive bonuses and long-term equity compensation. Two of these pay elements depend upon the performance of the executive and Company, including:

an annual cash incentive bonus that is based on attainment of Company performance targets along with individual performance goals; and

long-term equity compensation that is contingent on continued service by the executive and, for the CEO, attainment of stockholder return goals over the vesting period.

A significant portion of compensation is at risk and variable depending on both short- and long-term financial performance, with the largest portion designed to incentivize executives to focus on long-term stockholder value creation. In addition, because a significant portion of each executive's total compensation is equity-based, and to

ensure our executives maintain a significant ownership position in the Company, we have adopted share ownership requirements that apply to our named executive officers which have been favorably viewed by our stockholders. Each of our named executive officers satisfies these ownership requirements.

Salary is intended to attract and retain talented executives and to provide compensation that is commensurate with the executive's scope of responsibility and effectiveness. Cash incentive bonuses are designed to align the executive's compensation with our short-term business goals. Long-term equity compensation focuses on achieving our long-term TSR goals and executive retention. We use long-term equity to retain our executives by rewarding them with equity only if they remain with us for a substantial period of time. The allocation between either cash and non-cash compensation or short- and long-term compensation is established on an annual basis.

Market Comparison

For 2017, Mercer used a National Association of Real Estate Investment Trusts (NAREIT) survey to assess compensation levels. This approach is consistent with the one taken since 2015, when due to changes in both the size and comparability of the Company's historical peers, the Compensation Committee determined to rely primarily on NAREIT survey data rather than peer group information in assessing executive pay.

Table of Contents

EXECUTIVE COMPENSATION

The NAREIT survey includes, in total, 143 REITs and uses a broad market reference of REITs with total market capitalization under \$1.5 billion, and from \$1.5 billion to \$3 billion, as well as retail REITs of all sizes, many of which compete with the Company for executive talent. Mercer furnished the Compensation Committee with a report that compared the Company's executive officer compensation to the relevant survey data. This report was considered by the Compensation Committee in setting total compensation for 2017.

Although comparisons of compensation paid to our senior management relative to compensation paid to similarly situated executives in the survey assists the Compensation Committee in determining compensation, the Compensation Committee principally evaluates compensation based on the corporate objectives and considerations discussed above.

Implementation

The Compensation Committee determines the appropriate level and mix of compensation. The Compensation Committee also considers the individual components of compensation, as well as the total compensation received by each named executive officer, relative to each officer's performance, the market and the Company's other named executive officers in making its determination. The amount each executive actually earns varies based on the Company's performance and the executive's performance, contribution and overall value to the Company. The Compensation Committee also conducts an annual review of our CEO's performance and considers these results when determining the CEO's compensation. Our CEO plays a significant role in setting the compensation for our other members of senior management, including named executive officers, by providing the Compensation Committee with an evaluation of their performance, together with recommendations for the amount of the annual cash incentive bonus and the size of long-term equity awards. The Compensation Committee also obtains input from Mercer and has discretion to accept, reject or modify the CEO's recommendations.

The SEC has not yet issued final regulations regarding clawback policies under the Dodd-Frank Wall Street Reform and Consumer Protection Act (the Dodd-Frank Act). We intend to adopt a clawback policy in conformity with the SEC's final regulations once they have been promulgated. We have chosen to wait to adopt a formal policy until the SEC issues its regulations to ensure that our policy will be fully compliant with the regulations as finally adopted.

Base Salary

Base salaries for our named executive officers depend on the scope of their responsibilities and performance. Base salary is designed to compensate the executives fairly for services rendered during the year. These salaries are compared to NAREIT executive compensation survey data. The Compensation Committee receives from Mr. Schanzer his recommended salary level for each executive officer (other than Mr. Schanzer). For 2017, Mr. Schanzer's and Ms. Zeigler's base salaries remained unchanged from 2016, and Mr. Mays' base salary was increased to \$400,000 to better align with the market, after three years of unchanged base salary at \$381,225.

The Compensation Committee is required to review base salaries annually and may increase, but not decrease, the salaries of Messrs. Schanzer and Mays and Ms. Zeigler pursuant to the terms of their respective employment agreements. In making decisions regarding executive officers' base salaries, the Compensation Committee takes into account relevant factors, including individual performance and market compensation data.

Annual Cash Incentive Bonus

The Compensation Committee seeks to align the interests of the named executive officers with the interests of stockholders by linking executive pay to individual performance and specified financial objectives.

Table of Contents

EXECUTIVE COMPENSATION

In setting objectives at the beginning of the year, the Compensation Committee determined that 70% of the bonus of named executive officers would be based on the Company's attainment of its targeted operating funds from operations (Operating FFO), and 30% would be based on a qualitative individual performance evaluation of each of the executives. Operating FFO is a key annual earnings measurement for the Company, as is the case for other REITs. The Company considers Operating FFO to be a meaningful measure of financial performance because it excludes items the Company does not believe are indicative of its core operating performance, such as acquisition pursuit costs, amounts relating to early extinguishment of debt and preferred stock redemption costs, management transition costs and certain redevelopment costs. The Company believes Operating FFO further assists in comparing the Company's performance across reporting periods on a consistent basis by excluding such items. The Operating FFO bonus ranges for 2017 were established as follows:

	Threshold	Target	Maximum	Actual
Operating FFO	\$ 0.52 per share	\$ 0.57 per share	\$ 0.62 per share	\$ 0.55 per share
Percentage of Bonus	50%	100%	150%	80%

As indicated above, if Operating FFO for 2017 had been less than \$0.52 per share, the CEO, CFO and COO would not have had the right to receive any bonus with respect to Company performance for that year. If earned, the Company performance bonus percentage is computed on a linear basis between the Threshold Operating FFO per share amount to the Target Operating FFO and, likewise from the Target Operating FFO to the Maximum Operating FFO per share that is attainable after taking into account the bonus expense for all of the Company's employees at that Operating FFO level. Operating FFO for 2017 was \$0.55 per share, resulting in a payout of 80% of target bonuses for the CEO, CFO and COO for the Operating FFO portion of their annual cash incentive bonuses. For a reconciliation of FFO and Operating FFO to net (loss) income attributable to common shareholders, see Item 7 Management Discussion and Analysis of Financial Condition and Results of Operations in the Company's 2017 Annual Report.

In early 2017, Mr. Schanzer recommended to the Compensation Committee annual cash incentive bonus targets for the CFO and COO based on performance over the prior year. The Compensation Committee reviewed the executive officers' responsibilities and contributions and made its own assessment as to bonuses for the named executive officers, placing significant weight on the recommendations of Mr. Schanzer for Mr. Mays' and Ms. Zeigler's bonuses. The Compensation Committee made the following determinations with respect to individual performance for 2017:

The annual cash incentive bonuses actually awarded to the CEO, CFO and COO are reflected in the Non-Equity Incentive Plan Compensation column in the Summary Compensation Table.

Mr. Schanzer	<p>Continued to successfully implement our long-term strategic plan, resulting in stronger corporate performance, a significant improvement in portfolio quality and a less levered and more flexible capital structure.</p> <p>Conducted a successful capital raise through two successive offerings of a new class of 6.5% Series C Preferred Stock, at \$25 par value, and used the proceeds to redeem a similar number of outstanding shares of 7.25% Series B Preferred Stock, thereby reducing the Company's weighted cost of capital, improving fixed-charge coverage ratio and increasing free cash flow.</p> <p>Maintained strong stockholder outreach throughout the year with over 100 telephonic or in-person meetings, including property tours, with stockholders representing approximately 60% of the Company's outstanding stock, establishing a solid basis for stockholder engagement and a receptive platform for constructive exchange.</p>

Ms. Zeigler

The annual cash incentive bonuses awarded to the CEO, CFO and COO are reflected in the Non-Equity Incentive Plan Compensation column in the Summary Compensation Table. The Compensation Committee did not elect to exercise its discretion to award bonuses at a level higher than that merited by performance results.

Long-Term Compensation

We believe that outstanding long-term performance is achieved when executives have an ownership position that encourages them to focus on the Company's long-term success. Long-term equity awards are made to senior management to align their long-term interests with those of stockholders, deliver market competitive pay, provide a strong retentive hook, and aid in recruitment. At the same time, by incentivizing our senior management as stakeholders in our performance, the Company benefits on an operational level from improved productivity and efficiency gains, and the associated value creation. Recipients of awards under this program realize value typically over a three-year time-based vesting period. We believe that the combination of this extended vesting period with the requirements described above for our named executive officers to continually hold a significant equity position in the Company creates a strong long-term alignment of interests between those individuals and our stockholders.

Stock awards are based on either performance, continued service or both, subject to acceleration of vesting in certain circumstances, at the discretion of the Compensation Committee, and as further provided in the employment agreements and/or award agreements with the named executive officers.

Our practice is for the Compensation Committee to approve grants of long-term equity compensation as dollar-denominated awards and then to grant a number of shares that have a fair market value equal to the aggregate dollar value of the award based on the closing price of a share of common stock on the day the grant is made.

TSR was selected as the basis for the CEO's performance-based long-term equity award as it ties this portion of the compensation to stockholder value, with the total value of this award corresponding to stock price appreciation and dividends. The Compensation Committee believed that absolute TSR was the appropriate measure for Company performance as: (a) it more directly aligns the interests of our CEO with our stockholders, and (b) there are few other REITs with the Company's business strategy, making construction of a suitable performance peer group problematic.

Mr. Schanzer. When Mr. Schanzer was hired in 2011, the Compensation Committee awarded him 2,500,000 shares of restricted stock, half of which will vest on the seventh anniversary of the grant date (June 15, 2018) if he remains employed by the Company through such date, and the other half of which will vest on the seventh anniversary of the grant date (June 15, 2018) if Mr. Schanzer remains employed by the Company through such date and the Company's TSR averages 6.5% or more per year over the seven-year vesting period. No additional shares will be awarded if average TSR exceeds 6.5% over such measurement period and, if the average TSR falls below the 6.5% threshold for the duration of such measurement period, then 50% of the CEO's long-term equity award will not vest.

Mr. Mays. In the opinion of Mr. Schanzer and the Compensation Committee, since June 2011 when Mr. Mays was retained by the Company as its Chief Financial Officer, he has been performing at an extremely high level and his contributions have been instrumental in helping the Company to achieve results and significant long-term value creation. Most recently, Mr. Mays played a key role in strengthening the Company's balance sheet by extending the Company's \$300,000,000 unsecured corporate loan facility and various other unsecured loans, conducting two successive offerings of a new class of 6.5% Series C Preferred Stock at \$25 par value and corresponding redemptions of higher coupon 7.25% Series B Preferred Stock, negotiating favorable mortgage payoffs, strengthening relationships with stockholders and analysts, and improving the quality of our internal and external financial reporting. Accordingly, in 2016, to perpetuate the alignment of Mr. Mays' interests with those of our stockholders and to provide additional retention incentives, the Compensation Committee awarded him 276,564 shares of restricted stock that will

vest in full on the fifth anniversary of the grant date (February 17, 2021) if he remains employed by the Company through such date. This grant, as with Mr. Mays' previous multi-year grant, is in lieu of any other grant to be made for the subsequent three-year period.

Ms. Zeigler. In the opinion of Mr. Schanzer and the Compensation Committee, since March 2016 when Ms. Zeigler joined the Company as its Chief Operating Officer, she has been performing at an extremely high level and has already become invaluable to the Company. Under her leadership, important and measurable progress has been achieved in our leasing and redevelopment efforts. To attract and motivate Ms. Zeigler to join the Company, to incentivize her to remain with us for the long term and to immediately align her interests with those of our stockholders, in March 2016 the Compensation Committee awarded her a new hire stock grant of 13,831 shares of restricted stock, which vests in full on the third anniversary of the grant (March 31, 2019) provided Ms. Zeigler remains employed by the Company through such date. In addition, to incentivize Ms. Zeigler to remain with the Company for the long term, in 2017 the Compensation Committee awarded her a grant of 93,178 shares of restricted stock that will vest in full on the third anniversary of the grant date (February 22, 2020) if she remains employed by the Company through such date.

Retirement Benefits

Named executive officers are given the opportunity to participate in the Company’s tax-qualified 401(k) plans providing for employer and employee contributions. In 2017, the Company matched 100% of the first 3% of eligible employee compensation contributed and 50% of the next 2% of eligible employee compensation contributed up to the annual limit of 4% of eligible compensation, which amounts to \$10,800 per recipient for 2017. The Company does not provide supplemental retirement benefits.

Messrs. Schanzer and Mays and Ms. Zeigler each received the maximum match. Several of our senior executives, including Messrs. Schanzer and Mays and Ms. Zeigler, participate in the Company’s 2005 Cedar Realty Trust, Inc. Deferred Compensation Plan (Rabbi Trust Plan). Under this deferred compensation plan, participants may defer a portion of their cash salary and bonuses on a pre-tax basis and receive a tax-deferred

return on such amounts based on the performance of specific investments selected by the participants. Participants may also defer share awards made under the Company's 2017 Stock Incentive Plan, as well as related dividends. In connection with this plan, the Company has established a rabbi trust overseen by an independent trustee (the Rabbi Trust) wherein the trustee is directed to make investments of the deferred cash amounts which track as closely as possible to those selected by each participant in order to generally match its liabilities to the participants under the deferred compensation plan with equivalent assets and thereby limit market risk. Generally, cash deferrals will be distributed in a lump sum on the earlier of the first day of the 61st month following the end of the calendar year to which such deferral relates, or as soon as practicable after the participant's separation from service for any reason other than death or retirement (or six months thereafter, in the case of any participant who is a specified employee within the meaning of Code Section 409A), unless the participant elects to receive the distribution in installments, or to otherwise further defer the distribution, as provided in the Rabbi Trust Plan. Generally, share deferrals will be distributed in a lump sum on the later of (a) the first business day of the January next following the third anniversary date of the grant, or (b) the first business day of the January next following the date on which the share deferrals are scheduled to vest in their entirety based on the original vesting schedule, unless the participant elects to receive the distribution in installments, or to otherwise further defer the distribution, as provided in the Rabbi Trust Plan.
