INFORMATION ABOUT THE 2018 ANNUAL MEETING OF SHAREHOLDERS AND VOTING

The Board of Directors of Weight Watchers International, Inc. is soliciting proxies for the Company's 2018 Annual Meeting of Shareholders (the "2018 Annual Meeting") to be held at our corporate headquarters at 675 Avenue of the Americas,th Floor, New York, New York 10010 on Tuesday, May 8, 2018, at 8:00 a.m. Eastern Time, and at any and all adjournments or postponements thereof. You may obtain directions to the 2018 Annual Meeting by contacting our investor relations representative at (212) 601-7569. This Proxy Statement and the accompanying proxy card contain information about the items shareholders will vote on at the 2018 Annual Meeting. It is anticipated that this Proxy Statement and the accompanying proxy card will first be mailed to shareholders on or about April 5, 2018.

Due to a scheduling conflict, Ms. Oprah Winfrey, a director of the Company, will not be in attendance at the 2018 Annual Meeting.

Who is entitled to vote?

As of the close of business on March 22, 2018 (such date and time, the "Record Date"), there were 66,236,423 shares of common stock, no par value per share, of the Company (the "Common Stock") outstanding. If you are a shareholder of record or a beneficial owner of Common Stock on the Record Date, you are entitled to receive notice of and to vote at the 2018 Annual Meeting and at any and all adjournments or postponements of the 2018 Annual Meeting. You are entitled to one vote for each share of Common Stock you hold as a shareholder of record or as beneficial owner for each matter presented for vote at the 2018 Annual Meeting.

What is the difference between holding shares as a shareholder of record and as a beneficial owner?

If your shares are registered directly in your name with the Company's transfer agent, Computershare Trust Company, N.A., you are considered the shareholder of record with respect to those shares, and these proxy materials are being sent directly to you by or on behalf of the Company. As the shareholder of record, you have the right to grant your proxy to the persons named in the enclosed proxy card or to vote in person at the 2018 Annual Meeting. The Company has enclosed a proxy card for you to use.

If your shares are held in a bank, brokerage or trustee account or by another nominee, you are considered the beneficial owner of shares held in street name, and these proxy materials are being forwarded by a bank, broker, trustee or other nominee to you together with a voting instruction form.

If I am a shareholder of record, how do I vote?

As a shareholder of record, you may vote in person at the 2018 Annual Meeting. We will give you a ballot when you arrive at the 2018 Annual Meeting. If you do not wish to vote in person at, or if you will not be attending, the 2018 Annual Meeting, you may vote as follows:

1. Over the Internet: go to www.investorvote.com/WTW;
2. By telephone: call 1-800-652-VOTE (8683) (toll-free within the United States, U.S. territories and Canada) or 1-781-575-2300 (collect); or
3. By mail: complete, sign and date and promptly mail the enclosed proxy card in the enclosed envelope (postage-prepaid for mailing in the United States).

If I am a beneficial owner of shares held in street name, how do I vote?

As a beneficial owner, you have the right to direct your bank, broker, trustee or other nominee how to vote and are also invited to attend the 2018 Annual Meeting. Since a beneficial owner is not the shareholder of record,

Table of Contents

you may not vote these shares in person at the 2018 Annual Meeting unless you obtain and present at the 2018 Annual Meeting a legal proxy from the bank, broker, trustee or other nominee that holds your shares, giving you the right to vote the shares at the 2018 Annual Meeting. Your bank, broker, trustee or other nominee will send you separate instructions describing the procedure for voting your shares in person.

If you do not wish to vote in person at the 2018 Annual Meeting, you may vote by providing voting instructions to your bank, broker, trustee or other nominee. Subject to and in accordance with the instructions provided by your bank, broker, trustee or other nominee, you may vote in one of the following manners: over the Internet, by telephone or by mail.

Why is there information regarding the Internet availability of proxy materials?

Pursuant to rules adopted by the U.S. Securities and Exchange Commission (the "SEC"), we provide access to our proxy materials over the Internet.

How can I get access to the proxy materials over the Internet?

You can view our proxy materials for the 2018 Annual Meeting on the Internet on our corporate website at <http://www.weightwatchersinternational.com/Electronic-Proxy-Voting-and-Supp-Materials/Index?KeyGenPage=1073751955>.

What happens if I do not give specific voting instructions?

Shareholders of Record. If you are a shareholder of record and you indicate when voting on the Internet or by telephone that you wish to vote as recommended by our Board of Directors, or if you sign and return the enclosed proxy card without giving specific voting instructions, then the proxy holders will vote your shares in the manner recommended by our Board of Directors on all matters presented in this Proxy Statement and as the proxy holders may determine in their discretion with respect to any other matters properly presented for a vote at the 2018 Annual Meeting.

Beneficial Owners of Shares Held in Street Name. If you are a beneficial owner of shares held in street name and do not provide the organization that holds your shares with specific voting instructions, under the New York Stock Exchange ("NYSE") rules, the organization that holds your shares may generally vote on routine matters but cannot vote on non-routine matters. We encourage you to provide voting instructions to the organization that holds your shares. If the organization that holds your shares does not receive instructions from you on how to vote your shares on a non-routine matter, the organization that holds your shares will inform our Inspector of Election that it does not have the authority to vote on such matter with respect to your shares. This is generally referred to as a "broker non-vote". Under current NYSE rules, Proposal 1 (Election of Class II Directors), Proposal 2 (Election of Class III Director) and Proposal 4 (Advisory Vote to Approve Named Executive Officer Compensation) are considered non-routine matters.

How can I revoke my proxy or change my vote?

You may revoke your proxy or change your voting instructions before the proposals are voted on at the 2018 Annual Meeting as follows:

Shareholders of Record. If you are a shareholder of record, by (a) voting on the Internet or by telephone (only your latest Internet or telephone proxy submitted prior to the 2018 Annual Meeting will be counted), (b) timely delivering a written revocation or a valid, later-dated proxy to the Corporate Secretary of the Company at the address of the Company's corporate headquarters, or (c) attending the 2018 Annual Meeting and voting in person (attendance at the 2018 Annual Meeting will not itself revoke a proxy).

Beneficial Owners of Shares Held in Street Name. If you are a beneficial owner of shares held in street name, by submitting new voting instructions by contacting your bank, broker, trustee or other nominee, or as otherwise provided in the instructions provided to you by your bank, broker, trustee or other nominee.

How many shares must be present or represented to constitute a quorum for the 2018 Annual Meeting?

The presence, in person or represented by proxy, of a majority of the outstanding shares of the Common Stock entitled to vote at the 2018 Annual Meeting constitutes a quorum. A quorum is necessary in order to conduct business at the 2018 Annual Meeting. Abstentions, withheld votes in the election of directors and broker shares that include broker non-votes are counted as present for purposes of determining a quorum. If a quorum is not present, the Company expects that the 2018 Annual Meeting will be rescheduled for a later date.

What is the voting requirement to approve each of the proposals?

Proposals 1 and 2 Election of Class II and Class III Directors. Directors are elected by a plurality of the votes cast, in person or by proxy, at the 2018 Annual Meeting. A withhold vote in the election of directors will have the same effect as an abstention. Neither a withhold vote nor a broker non-vote will affect the outcome of the election of directors.

Proposal 3 Ratification of the Selection of Independent Registered Public Accounting Firm. The selection of PricewaterhouseCoopers LLP (PricewaterhouseCoopers) as our independent registered public accounting firm for fiscal 2018 will be ratified if the votes cast, in person or by proxy, at the 2018 Annual Meeting for ratification exceed the number of votes cast against ratification. Abstentions will have no effect on this proposal.

Proposal 4 Advisory Vote to Approve Named Executive Officer Compensation. The advisory approval of the compensation of the Company's named executive officers as disclosed in this Proxy Statement pursuant to the SEC's compensation disclosure rules requires that the votes cast, in person or by proxy, at the 2018 Annual Meeting for this proposal exceed the number of votes cast against this proposal. Neither an abstention nor a broker non-vote will affect the outcome of the vote on this proposal.

Other Matters. Any other matters that may properly come before the 2018 Annual Meeting will generally require that the votes cast for must exceed the votes cast against . If any other matter not discussed in this Proxy Statement properly comes before the 2018 Annual Meeting upon which a vote may be taken, shares represented by all proxies received by the Company will be voted on that matter in accordance with the discretion of the persons named as proxies. Abstentions will have no effect on the proposal to approve any such other matter.

Proposals 3 and 4 are advisory votes and not binding on the Company.

How does the Board of Directors recommend that I vote?

The Board of Directors recommends that you vote your shares FOR the election of each of the director nominees to the Board of Directors (Proposal 1 and Proposal 2); FOR the ratification of the selection of PricewaterhouseCoopers as our independent registered public accounting firm for fiscal 2018 (Proposal 3); and FOR the advisory approval of the compensation of our named executive officers (Proposal 4).

How are votes counted?

Representatives of the Company's transfer agent, Computershare Trust Company, N.A., will tabulate the vote and act as Inspector of Election. The vote will be certified by the Company's Inspector of Election. Except as necessary to meet legal requirements, proxies and ballots that identify the vote of individual shareholders will

be kept confidential in cases where shareholders write comments on their proxy cards or in a contested proxy solicitation. During the proxy solicitation period, the Company will receive vote tallies from time to time from the Inspector of Election, but such tallies will provide aggregate figures rather than names of shareholders.

Who will bear the cost of soliciting votes for the 2018 Annual Meeting?

The Company will bear the entire cost of this proxy solicitation, including the preparation, printing and mailing of this Proxy Statement, the proxy card and any additional soliciting materials sent by the Company to shareholders. The Company will reimburse brokerage firms and other persons representing beneficial owners of shares for reasonable expenses incurred by them in forwarding proxy-soliciting materials to such beneficial owners. In addition to solicitations by mail, certain of the Company's directors, officers and regular employees, without additional remuneration, may solicit proxies on the Company's behalf by telephone, e-mail, facsimile or personal interviews.

How can interested parties communicate with the Board of Directors?

Any interested person who wants to communicate with the Board of Directors or any individual director can write to them at Weight Watchers International, Inc., Attention: Corporate Secretary, 675 Avenue of the Americas, 6th Floor, New York, New York 10010. In any such communication, such person may also designate a particular audience, including the Chairman of the Board of Directors, a committee of the Board of Directors, such as the Audit Committee, the non-management directors as a group, or the director designated to preside over the meetings of the non-management directors. Depending on the subject matter, our Corporate Secretary or his designee will: (i) forward the communication to the director or directors to whom it is addressed; (ii) attempt to handle the inquiry directly, for example when the request is for information about the Company or is a stock-related matter; or (iii) not forward the communication if it is primarily commercial in nature or if it relates to an improper or irrelevant topic. At each Board of Directors meeting, a member of management will present a summary of communications, if any, received since the last meeting that were not forwarded to the director or directors to whom they were addressed, other than communications that were primarily commercial in nature or related to improper or irrelevant topics, and shall make those communications available to the Board of Directors upon request.

Our Board of Directors encourages interested persons who want to communicate directly with our independent directors as a group to do so by writing to the independent directors in care of our Corporate Secretary. Interested persons can send communications by mail to: Weight Watchers International, Inc., Attention: Corporate Secretary, 675 Avenue of the Americas, 6th Floor, New York, New York 10010. Such correspondence received addressed to our independent directors will be reviewed by our Corporate Secretary or his designee, who will regularly forward to our independent directors all correspondence that, in the opinion of our Corporate Secretary, deals with the functions of the Board of Directors or committees thereof or that our Corporate Secretary otherwise determines requires their attention. Our independent directors may at any time request copies of any such correspondence.

PROPOSALS 1 AND 2

ELECTION OF CLASS II AND CLASS III DIRECTORS

Our Board of Directors is currently divided into three classes, with members of each class holding office for staggered three-year terms (in all cases subject to the election and qualification of their successors or until the earlier of their death, resignation or removal). The following individuals are our current directors and serve for the terms indicated:

Class II Directors (term expiring in 2018)

Denis F. Kelly

Sacha Lainovic

Christopher J. Sobecki

Oprah Winfrey

Class III Directors (term expiring in 2019)

Steven M. Altschuler, M.D.

Philippe J. Amouyal

Mindy Grossman

Thilo Semmelbauer

Class I Directors (term expiring in 2020)

Raymond Debbane

Cynthia Elkins

Jonas M. Fajgenbaum

The Board of Directors, upon the recommendation of its Nominating and Corporate Governance Committee (the "NCG Committee"), has nominated for election at the 2018 Annual Meeting as Class II directors, to serve until the 2021 annual meeting of shareholders and until their successors have been duly elected and qualified, the following slate of four nominees: Denis F. Kelly, Sacha Lainovic, Christopher J. Sobecki and Oprah Winfrey. Each of the Class II director nominees is currently serving as a director of the Company. Messrs. Kelly, Lainovic and Sobecki were elected by the shareholders at the Company's 2015 annual meeting of shareholders. On October 18, 2015, the Board of Directors increased its size from nine to 10 directors and, in accordance with the Share Purchase Agreement the Company entered into with Ms. Winfrey on that date, appointed Ms. Winfrey as a Class II director of the Company, effective October 19, 2015, to fill the resulting vacancy. In accordance with Virginia law, Ms. Winfrey was elected by the shareholders at the Company's 2016 annual meeting of shareholders.

Mindy Grossman is currently serving as a Class III director of the Company, having been elected as a director by the Board of Directors effective July 5, 2017 when the Board of Directors increased its size from 10 to 11 directors. Under Virginia law, the term of a director elected by the Board of Directors to fill a vacancy expires at the next shareholders' meeting at which directors are elected. As a result, the Board of Directors, upon the recommendation of the NCG Committee, has nominated Ms. Grossman for election at the 2018 Annual Meeting as a Class III director, to serve until the 2019 annual meeting of shareholders and until her successor has been duly elected and qualified.

Unless authority to vote for the election of any or all of the nominees is withheld by marking the proxy card to that effect, the persons named as proxies in the enclosed proxy card will, upon receipt of a properly executed proxy card, vote to elect each of the nominees for the term described above. The Board of Directors knows of no reason why these nominees should be unable or unwilling to serve, but if that should be the case,

proxies will be voted for the election of such substitutes as the Board of Directors may designate.

PROPOSAL 3

RATIFICATION OF THE SELECTION OF INDEPENDENT REGISTERED

PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board of Directors (the "Audit Committee") has selected PricewaterhouseCoopers to serve as the Company's independent registered public accounting firm for fiscal 2018. Representatives of PricewaterhouseCoopers are expected to be present at the 2018 Annual Meeting, will have the opportunity to make a statement if they desire to do so and are expected to be available to respond to appropriate questions.

Ratification by the shareholders of the selection of the independent registered public accounting firm is not required, but the Board of Directors believes that it is desirable to submit this matter to the shareholders. If the selection of PricewaterhouseCoopers is not ratified at the 2018 Annual Meeting, the Audit Committee will investigate the reason for the rejection and reconsider the appointment.

The Board of Directors recommends that you vote FOR the ratification of the selection of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for fiscal 2018.

PROPOSAL 4

ADVISORY VOTE TO APPROVE NAMED EXECUTIVE OFFICER COMPENSATION

At the Company's 2017 annual meeting of shareholders (the "2017 Annual Meeting"), our shareholders indicated their preference that we should seek future advisory votes every year on named executive officer compensation. Based on the recommendation of the Board of Directors in the Company's 2017 proxy statement and the voting results with respect to the advisory vote on the frequency of future advisory votes on named executive officer compensation, the Company determined to hold an advisory vote on named executive officer compensation every year. Accordingly, as required by the Securities Exchange Act of 1934, as amended (the "Exchange Act"), shareholders are being asked to vote on the following advisory resolution:

RESOLVED, that the compensation paid to the Company's named executive officers as disclosed in this Proxy Statement pursuant to the rules of the SEC, including the Compensation Discussion and Analysis, compensation tables, and any related narrative discussion, is hereby APPROVED.

As described more fully in the *Compensation Discussion and Analysis* section of this Proxy Statement, the 2017 executive compensation program of the Company was designed to achieve the following key objectives:

Attract, motivate and retain exceptionally talented executives critical to the Company's near- and long-term success.

Align executive compensation with performance measures that ensure a strong connection between executive compensation and both (i) Company and individual performance on near- and long-term strategic and financial goals and (ii) creation of shareholder value.

The Compensation and Benefits Committee of the Board of Directors (the "Compensation Committee") and the Board of Directors believe that the design of the 2017 executive compensation program, and hence the compensation awarded to named executive officers under the program, fulfilled these objectives. For example, the financial performance of the Company, or a blend of the performance of the Company and certain of its businesses, determined at least 75% of each employee named executive officer's annual, performance-based cash bonus, thereby aligning her or his annual bonus with the financial goals of the Company. Also, a portion of the compensation of the employee named executive officers consisted of long-term equity incentive compensation which aligned their compensation with the interests of shareholders over the long term. For example, in fiscal 2017, the annual awards granted to our employee named executive officers included performance-based stock units ("PSUs") with performance criteria based on the achievement of specified operating income objectives in each fiscal year over a three-year period, thereby aligning their equity awards with the Company's financial performance goals, among others.

Shareholders are urged to read the *Compensation Discussion and Analysis* section of this Proxy Statement, which discusses in detail how the Company's compensation approach implements the Company's compensation objectives.

While the results of the vote are non-binding and advisory in nature, the Compensation Committee and the Board of Directors intend to review and consider the results of the vote.

The Board of Directors recommends that you vote **FOR the advisory approval
of the compensation of our named executive officers.**

CORPORATE GOVERNANCE

BOARD OF DIRECTORS AND COMMITTEES

Board of Directors

Our Board of Directors is comprised of 11 members. The Board of Directors is divided into three classes, with each director serving a three-year term and one class being elected at each year's annual meeting of shareholders. We expect directors to attend and participate in all meetings of the Board of Directors and of the committees of the Board of Directors on which they serve. We understand, however, that occasionally a director may be unable to attend a meeting.

The Board of Directors held 11 meetings in fiscal 2017. In fiscal 2017, each then-current director attended at least 75% of the aggregate number of the meetings of the Board of Directors and of the committees thereof on which he or she served during the period for which he or she was a director or committee member, respectively. We expect directors to attend our annual meetings of shareholders in the absence of a scheduling conflict or other valid reason. With the exception of Ms. Winfrey, all then-current directors attended the 2017 Annual Meeting. In addition to attending and participating in meetings of the Board of Directors, the committees thereof and annual meetings of shareholders, the directors communicate with our executive management team to remain informed about the Company's business and for such other purposes as may be helpful to the Board of Directors in fulfilling its responsibilities.

Directors of Weight Watchers International, Inc.

Set forth below in the section entitled *Executive Officers and Directors of the Company* are the names and certain information with respect to each of our current directors.

Corporate Governance Guidelines

We have adopted Corporate Governance Guidelines that include guidelines for determining director independence and qualifications for directors. The Company's corporate governance materials, including the Corporate Governance Guidelines and charters of the committees of the Board of Directors, are available on the Corporate Governance Governance Documents page of our corporate website at www.weightwatchersinternational.com. The NCG Committee periodically reviews corporate governance developments and recommends to the Board any amendments that may be appropriate to our Corporate Governance Guidelines and committee charters as warranted.

Committees of the Board of Directors

The standing committees of the Board of Directors consist of the Audit Committee, the Compensation Committee and the NCG Committee. As a result of Artal Luxembourg S.A. (Artal Luxembourg) entering into a Voting Agreement with Ms. Winfrey on October 18, 2015, Artal and Ms. Winfrey are acting as a group within the meaning of Section 13(d)(3) or Section 14(d)(2) of the Exchange Act. Accordingly, we continue to be considered a controlled company as defined in the listing standards of the NYSE. As such, we have elected to be exempt from the requirements to have a nominating and corporate governance committee and a compensation committee each composed entirely of independent directors and a majority of independent directors on our Board of Directors. Notwithstanding this election, the Board of Directors has determined that a majority of our directors are independent under the applicable listing standards of the NYSE and our Corporate Governance Guidelines. For additional details regarding this independence determination, see *Director Independence*.

Audit Committee

We have an Audit Committee established in accordance with Section 3(a)(58)(A) of the Exchange Act, the rules and regulations of the SEC and the listing standards of the NYSE. The current members of the Audit

Board Structure

It has been the policy of the Company for many years to separate the positions of Chief Executive Officer and Chairman of the Board of Directors. While we recognize that different board leadership structures may be appropriate for companies in different situations, we believe that our current policy of separation of these two positions is most appropriate for the Company. To meet their responsibilities of overseeing management and setting strategic direction, as well as fostering the long-term value of the Company, among their other responsibilities, directors are required to spend time and energy in successfully navigating a wide variety of issues and guiding the policies and practices of the companies they oversee. To that end, we believe that having a separate non-executive Chairman of the Board of Directors who is solely responsible for leading the Board of Directors allows the focus of our Chief Executive Officer's time and energy to be running the day-to-day operations of the Company.

Oversight of Risk Management

We are exposed to a number of risks, including financial risks, credit risks, operational risks and risks relating to regulatory and legal compliance. Our executive management team is responsible for identifying and evaluating these risks and developing plans to manage them effectively. Risk management is a Company-wide initiative that involves each of our operating segments. We take a multi-disciplinary approach to risk and our risk management function includes senior executives with backgrounds in finance, operations, human resources, technology,

internal audit and legal and regulatory compliance. For example, our Chief Financial Officer advises our executive management team on both financial and credit risks faced by the Company and our General Counsel advises our executive management team on the Company's legal and regulatory compliance. Our Chief

Table of Contents

Executive Officer is advised of and oversees these risk management efforts by the Company's executive management team. The Board of Directors actively oversees the Company's risk management. For example, the Board of Directors and Audit Committee routinely meet with our Chief Technology Officer, Senior Vice President of Engineering and Vice President of Global Cybersecurity as well as outside experts from time to time to assess cyber security risks and to evaluate the status of the Company's cyber security efforts, which include a broad range of tools and training initiatives that work together to protect the data and systems used in our businesses. Both the Audit Committee and Compensation Committee play a significant role in the oversight of the Company's risk management. For example, the Audit Committee oversees our risk management efforts related to the Company's audit function while the Compensation Committee oversees our risk management efforts related to employment and compensation matters. In addition, the NCG Committee oversees risks related to corporate governance, including Board of Directors and committee composition and director independence. Members of our executive management team meet with the Board of Directors, Audit Committee and Compensation Committee regularly to discuss, as well as provide reports relating to, the risks facing the Company.

Compensation Committee Interlocks and Insider Participation

Each of Messrs. Debbane and Amouyal and Dr. Altschuler served as a member of the Compensation Committee during fiscal 2017. There were no Compensation Committee interlocks or insider (employee) participation during fiscal 2017. See *Transactions with Related Persons and Certain Control Persons*, *Transactions with Related Persons*, *Registration Rights Agreement* and *Other Related Person Transactions* for a description of the relationships that Messrs. Debbane and Amouyal have with the Company.

Identifying and Evaluating Nominees for Directors

Pursuant to our Corporate Governance Guidelines and the NCG Committee Charter, the NCG Committee is responsible for nominating, or recommending to the Board of Directors, a slate of nominees for election as directors. The NCG Committee will consider candidates for nomination as a director recommended by the Company's shareholders, directors, officers and employees and third-party search firms and other sources it deems appropriate. Considerations in evaluating candidates include the candidate's minimum individual qualifications, including integrity, accountability, experience and an ability to work collegially with the other members of the Board of Directors. In addition, the NCG Committee and Board of Directors will take into account all other factors they consider appropriate, including a candidate's skills and experience, legal and regulatory requirements and the needs of the Board of Directors. While neither the NCG Committee nor the Board of Directors has adopted a formal policy regarding diversity, they evaluate each candidate in the context of the Board of Directors' membership as a whole and seek to achieve a mix of members that represents a diversity of background and experience in order to promote the representation of diverse views on the Board of Directors. All candidates are reviewed in the same manner, regardless of the source of the recommendation. The NCG Committee will consider individuals recommended by shareholders for nomination as a director in accordance with the procedures described below. The NCG Committee may engage consultants or third-party search firms to assist in identifying and evaluating potential candidates.

Procedures for Submitting Director Recommendations and Nominations

The Company's Amended and Restated Bylaws (the "Bylaws") provide that shareholders may nominate persons for election as directors at the Company's shareholder meetings by giving timely written notice to the Corporate Secretary of the Company containing required information. The Bylaws require that, to be timely and proper, notice of a nomination by a shareholder must be personally delivered to, or mailed to and received at, the Company's principal executive offices as follows: (a) for elections to be held at an annual meeting of shareholders, (i) at least 120 days and no more than 150 days before the first anniversary of the date of the proxy statement in conjunction with the annual meeting of shareholders for the prior year or (ii) if the date of the annual meeting is more than 30 days earlier or later than the anniversary date of the prior year's annual meeting, not less

than 60 days prior to such annual meeting; and (b) for elections that are going to take place at a special meeting of shareholders, no later than the close of business on the seventh day after the day on which notice of the date of the special meeting is first given to shareholders.

In notifying the Corporate Secretary, the shareholder making the submission must provide the following information: (i) the name and the address of the shareholder, as they appear on the Company's stock transfer books, and the name, age and business address (and, if known, residential address) of the candidate to be considered; (ii) a representation by the shareholder that the shareholder is a shareholder of record and intends to appear in person or by proxy at the meeting to nominate the candidate; (iii) the class or series and number of shares of the Company's stock that are beneficially owned by the shareholder and by the candidate; (iv) a description of all arrangements or understandings between the shareholder and the candidate and any other person (naming such person(s)) pursuant to which such nomination is to be made by such shareholder; (v) an executed written consent of the candidate to be named in the proxy statement as a nominee and to serve as a director of the Company if so elected; (vi) the principal occupation or employment of the candidate; and (vii) any other information relating to the candidate required to be disclosed in accordance with the Bylaws and the Exchange Act. For the Company's 2019 annual meeting of shareholders (the 2019 Annual Meeting), the foregoing information must be submitted to Weight Watchers International, Inc., Attention: Corporate Secretary, 675 Avenue of the Americas, 6th Floor, New York, New York 10010.

The NCG Committee will also consider director candidates recommended by shareholders. All recommendations for nomination received by the Corporate Secretary that are made in accordance with the requirements in our Bylaws relating to director nominations, as described above, will be considered.

Director Independence

For a director to be considered independent, the Board of Directors must determine that the director does not have any direct or indirect material relationship with the Company. The Board of Directors has established guidelines to assist it in determining director independence, which conform to the independence requirements in the NYSE listing standards. In addition to applying these guidelines, which are set forth in Article II of our Corporate Governance Guidelines, the Board of Directors will consider all relevant facts and circumstances in making an independence determination.

In March 2018, the Board of Directors and the NCG Committee undertook a review of the independence of the Company's current directors. Following this review, the Board of Directors affirmatively determined that the following current directors are independent under applicable listing standards of the NYSE and our Corporate Governance Guidelines: Dr. Altschuler, Messrs. Debbane, Amouyal, Fajgenbaum, Kelly, Lainovic, Semmelbauer and Sobecki and Ms. Elkins. In making the independence determinations, the Board of Directors and the NCG Committee considered all relevant facts and circumstances. In particular, in the case of Messrs. Semmelbauer and Sobecki, the Board of Directors and the NCG Committee considered their prior service as members of the former Interim Office of the Chief Executive Officer of the Company from September 12, 2016 to July 5, 2017, as well as the compensation Messrs. Semmelbauer and Sobecki received for such service. The Board of Directors and the NCG Committee concluded that such former interim service and the compensation each received therefor would not interfere with the exercise of independent judgment by Messrs. Semmelbauer and Sobecki in carrying out their respective responsibilities as a director. Additionally, in the case of Messrs. Debbane and Semmelbauer, the Board of Directors and the NCG Committee considered their service as chairman and co-chairman, respectively, of the board of directors of Action Against Hunger, a charitable organization to which the Company made an aggregate donation of less than \$120,000 in fiscal 2017. The Board of Directors and the NCG Committee concluded that such relationship with Action Against Hunger would not interfere with the exercise of independent judgment by Messrs. Debbane and Semmelbauer in carrying out their respective responsibilities as a director.

Table of Contents

All members of the Audit Committee must be independent directors based on our Corporate Governance Guidelines and under the listing standards of the NYSE. Members of the Audit Committee must also satisfy a separate SEC independence requirement pursuant to Rule 10A-3 under the Exchange Act, which provides that they may not (i) accept directly or indirectly any consulting, advisory or other compensatory fee from the Company or any of its subsidiaries other than their directors' compensation and (ii) be an affiliate of the Company or any of its subsidiaries. The Board of Directors has determined that each of the Audit Committee members, Mr. Kelly, Dr. Altschuler and Ms. Elkins, has no material relationship with us and satisfies the independence requirements under our Corporate Governance Guidelines, the listing standards of the NYSE and Rule 10A-3 under the Exchange Act.

Code of Business Conduct and Ethics

We have adopted the Code of Business Conduct and Ethics for our officers, including our principal executive officer, principal financial officer, principal accounting officer or controller, and our employees and directors. Our Code of Business Conduct and Ethics is available on the Corporate Governance Governance Documents page of our corporate website at www.weightwatchersinternational.com.

In addition to any disclosures required under the Exchange Act, the date and nature of any substantive amendment of our Code of Business Conduct and Ethics or waiver thereof applicable to any of our principal executive officer, principal financial officer, principal accounting officer or controller or persons performing similar functions, and that relates to any element of the code of ethics definition enumerated in Item 406(b) of Regulation S-K of the Exchange Act, will be disclosed within four business days of the date of such amendment or waiver on the Corporate Governance Governance Documents and Corporate Governance Corporate Actions pages, respectively, of our corporate website at www.weightwatchersinternational.com. In the case of a waiver, the name of the person to whom the waiver was granted will also be disclosed on our corporate website within four business days of the date of such waiver.

Executive Sessions of Non-Management and Independent Directors

Non-management directors meet in executive sessions of the Board of Directors in which management directors and other members of management do not participate. These sessions are periodically scheduled for non-management directors at meetings of the Board of Directors. The Chairman of the Board of Directors, Mr. Debbane, presides over the meetings of the non-management directors. In addition, the directors who the Board of Directors affirmatively determined are independent under applicable listing standards of the NYSE and our Corporate Governance Guidelines hold executive sessions at least once a year. Mr. Kelly presided over these sessions in fiscal 2017.

AUDIT COMMITTEE REPORT

The following is the report of the Audit Committee of the Board of Directors with respect to the Company's audited financial statements for fiscal 2017.

The Audit Committee is governed by the Audit Committee Charter adopted by the Company's Board of Directors. Our Board of Directors has determined that each current member of the Audit Committee, Denis F. Kelly, Steven M. Altschuler and Cynthia Elkins, is an independent director based on Rule 10A-3 of the Exchange Act, the listing standards of the NYSE and our Corporate Governance Guidelines, and that Mr. Kelly is an audit committee financial expert as defined by SEC rules.

The Audit Committee reviews the Company's financial reporting process on behalf of the Board of Directors. The Audit Committee has met, reviewed and discussed the Company's audited financial statements with management, which has primary responsibility for the financial statements and the reporting process, including the system of internal controls. In this context, the Audit Committee has held discussions with management and PricewaterhouseCoopers, the Company's independent registered public accounting firm for fiscal 2017, regarding the fair and complete presentation of the Company's financial position and results of operations in accordance with accounting principles generally accepted in the United States of America and regulations of the SEC. The Audit Committee also has held discussions with management and PricewaterhouseCoopers regarding the effectiveness of the Company's internal control over financial reporting in accordance with the requirements of Section 404 of the Sarbanes-Oxley Act of 2002. The Audit Committee has discussed significant accounting policies applied by the Company in its financial statements, as well as alternative treatments. Management has represented to the Audit Committee that the Company's consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America. PricewaterhouseCoopers is responsible for expressing an opinion on the conformity of the Company's financial statements with accounting principles generally accepted in the United States of America. The Audit Committee has also discussed with PricewaterhouseCoopers the matters required to be discussed by Public Company Accounting Oversight Board Auditing Standard No. 1301 Communications with Audit Committees.

In addition, the Audit Committee has received the written disclosures and the letter from PricewaterhouseCoopers required by the applicable requirements of the Public Company Accounting Oversight Board, regarding the independent registered public accounting firm's communications with the Audit Committee concerning independence, and has discussed with the independent registered public accounting firm its independence. The Audit Committee has also considered whether the independent registered public accounting firm's provision of non-audit services to the Company is compatible with the auditor's independence. The Audit Committee has concluded that PricewaterhouseCoopers is independent from the Company and its management. The Audit Committee has pre-approved all fiscal 2017 audit and permissible non-audit services and the fees associated with those services. Further, the Audit Committee has discussed with PricewaterhouseCoopers the overall scope and plans for the audit.

Based upon the review and discussions referred to above, the Audit Committee recommended to the Company's Board of Directors, and the Board of Directors approved, that the Company's audited financial statements be included in the Company's Annual Report on Form 10-K for fiscal 2017.

The Audit Committee has selected PricewaterhouseCoopers as the Company's independent registered public accounting firm for fiscal 2018, and the Board of Directors has approved submitting such selection to the shareholders for ratification.

- (3) Mr. Hotchkin began serving as the Company's President, Emerging Markets on March 15, 2018 in addition to his serving as the Company's Chief Financial Officer.

In connection with James Chambers' resignation as President and Chief Executive Officer of the Company in September 2016, Messrs. Semmelbauer and Sobecki, both non-employee directors of the Company, were appointed at such time by the Board of Directors to serve, together with Mr. Hotchkin, as members of the Company's former Interim Office of the Chief Executive Officer (the "IOCEO"). The IOCEO was dissolved on July 5, 2017, the date Ms. Grossman commenced employment as the Company's President and Chief Executive Officer. As former members of the IOCEO, Messrs. Semmelbauer and Sobecki are named executive officers of the Company. For details on the compensation Messrs. Semmelbauer and Sobecki received for their services as non-employee directors of the Company and non-employee director members of the IOCEO, see *Director Compensation*. In fiscal 2017, Messrs. Semmelbauer and Sobecki did not receive any of the compensation elements discussed below in *Executive Compensation Approach* *Elements of Executive Compensation*.

The following discussion explains the Company's executive compensation program with respect to fiscal 2017 as it relates to the following employee named executive officers: Mindy Grossman, Nicholas Hotchkin, Stacey Mowbray, Corinne Pollier and Michael Colosi. This discussion has three sections with respect to fiscal 2017 executive compensation. In the first section, we discuss our approach to executive compensation, including our philosophy, objectives and general principles as they relate to such named executive officers. In the second section, we discuss specific practices as they relate to the five elements of our executive compensation program. In the third section, we provide analysis of decisions regarding compensation for such named executive officers with respect to fiscal 2017.

The Compensation Committee considered the voting results of the advisory, non-binding "say-on-pay" vote at our 2017 annual meeting of shareholders in connection with the discharge of its responsibilities. Our shareholders expressed their support of our named executive officer compensation with a substantial majority of the votes cast voting to approve the compensation of our named executive officers described in our 2017 proxy statement. Following the Compensation Committee's review and consideration of this shareholder support, as well as the other factors discussed in more detail in *Determination of Executive Compensation*, the Compensation Committee determined to make no changes to its approach to executive compensation except as discussed further in this *Compensation Discussion and Analysis*.

Executive Compensation Approach

Our Philosophy, Objectives and Principles

The Company's executive compensation philosophy is to attract, motivate and retain exceptionally talented executives who are passionate about the Company's mission to inspire people to adopt healthy habits and to help people lead healthier, more active and more fulfilling lives. In furtherance of this philosophy, our executive compensation program is designed to achieve the following key objectives:

Attract, Motivate and Retain Exceptional Talent. Ensure that executive compensation serves to attract, motivate and retain exceptionally talented executives critical to our near- and long-term success.

Pay for Performance. Align executive compensation with performance measures that ensure a strong connection between executive compensation and both (i) Company and individual performance on near- and long-term strategic and financial goals and (ii) creation of shareholder value.

The following principles guide us in developing executive compensation programs and setting total compensation levels for executives:

Compensation levels should be closely tied to the performance and success of the Company as well as the executive's contribution to the Company's performance and success.

Compensation programs should offer an opportunity for greater compensation for exceptional and superior performance, balanced by the risk of lower compensation when performance is less successful.

While incentivizing strong Company performance and success, compensation programs should not encourage excessive risk taking.

The mix and level of compensation for an executive should reflect the importance of the executive to the Company, competition for that executive's talent, and relative levels of compensation for other executives at the Company.

Elements of Executive Compensation

In furtherance of our compensation philosophy and in order to achieve the key objectives listed above, for the Company's executive compensation program in fiscal 2017, we used the following compensation elements:

Base salary;

Cash bonuses such as an annual, performance-based cash bonus;

Long-term equity incentive compensation such as restricted stock units (RSUs), PSUs (together with RSUs, Stock Units) and stock options;

Retirement and deferred compensation plans, and agreements defining when termination payments and other benefits are payable upon a change of control of the Company or otherwise; and

Benefits and perquisites.

These elements combine to promote the Company's compensation philosophy and achieve the Company's compensation objectives as described above. Base salary, retirement and deferred compensation plans, change of control and other termination payments and benefits, and perquisites and other benefits provide a basic level of compensation that helps attract, motivate and retain exceptionally talented executives. Increases in base salary and annual, performance-based cash bonuses reward achievement of annual and multi-year goals important to the Company's near- and long-term financial and strategic success. Equity-based incentive compensation aligns an executive's compensation directly with the creation of shareholder value by rewarding performance and the achievement of goals important to the Company's strategic objectives and serves as a form of compensation to attract, to motivate, and to help retain the executive over time.

Table of Contents

For senior executives, including the employee named executive officers, the Company believes that variable compensation such as equity-based and performance-based compensation should be a higher percentage of total compensation than for less senior executives. We feel that this type of compensation relates most directly to the achievement of business, strategic and financial objectives and goals and to building shareholder value, and the performance of senior executives has a strong and direct impact on achieving these objectives and goals and building shareholder value.

In making decisions with respect to any element of an executive's compensation, the Company considers the total current compensation that may be awarded to the executive, including base salary, annual, performance-based cash bonus and long-term equity incentive compensation. The Company's goal is to award compensation that is reasonable in relation to the Company's compensation philosophy and objectives when all elements of potential compensation are considered.

Competitive Considerations

The Company is a unique, global organization that operates and recruits across diverse markets and types of business lines and necessarily must make each compensation decision in the context of the particular situation, including the characteristics of the executive's specific role, responsibilities, qualifications and experience. The Company takes into account general information about the competitive market for talent, but because of the uniqueness and mix of business in which the Company is engaged, the Company believes that strict benchmarking against a select group of companies does not provide a meaningful basis for establishing compensation. Therefore, the Company does not attempt to maintain a specific target percentile with respect to a specific list of peer or benchmark companies in determining compensation for senior executives, including employee named executive officers. However, the Company does periodically review information regarding compensation trends and levels from a variety of sources in order to obtain a general understanding of current compensation practices. These sources vary depending on the position as well as geography. These sources include broad public company indexes and resources and market data provided by third parties.

Policy Regarding Executive Common Stock Ownership

The Company has no formal policy regarding Common Stock ownership or retention by the Company's senior executives, including the employee named executive officers. However, the Company encourages senior executives to retain ownership of a portion of the equity-based incentive compensation that they have been awarded. The Company encourages this equity retention so that our senior executives' interests are more closely aligned with the interests of our shareholders. For a discussion of the restrictions on transfers of Common Stock awarded to non-employee directors, including Messrs. Semmelbauer and Sobecki, as compensation, see *Director Compensation Transfer Restrictions on Director Equity-Based Compensation*.

Determination of Executive Compensation

Roles and Responsibilities

The Compensation Committee determines the compensation for each of the employee named executive officers. All three Compensation Committee members are non-employee directors of the Company. From time to time during the fiscal year, the Compensation Committee reviews the base salary, cash bonuses, equity-based incentive compensation and other material benefits, direct and indirect, of the employee named executive officers.

The Chief Executive Officer does not participate in the Compensation Committee's deliberations or decisions with regard to her compensation. At the Compensation Committee's request, the Chief Executive Officer reviews the performance of the other employee named executive officers. Typically, no other senior executive, except the Company's principal human resources executive, has any regular input into executive

Table of Contents

compensation decisions. During fiscal 2017, the role of the Chief Executive Officer was held by the members of the IOCEO from January 1, 2017 to July 5, 2017 and thereafter by Ms. Grossman. The Compensation Committee gives consideration, when determining appropriate executive compensation, to the employee named executive officer's impact on the Company's results, scope of responsibility, past accomplishments and prior experience, data on prevailing compensation levels and other similar factors. The Compensation Committee also gives considerable weight to the Chief Executive Officer's evaluation of the other employee named executive officers because of her direct knowledge of each executive's performance, responsibilities and contributions. For each employee named executive officer, the Compensation Committee determines each component of compensation based on its assessment of the executive's achievement of his or her individual performance goals and objectives, as applicable, as well as the Company's overall achievement of its goals and objectives.

From time to time, the Compensation Committee has engaged outside consulting firms to review aspects of the executive compensation program for the Company's executives. The Compensation Committee periodically seeks input from these outside consulting firms on a range of external market factors, including evolving compensation trends and market survey data. These outside consulting firms may also provide general observations on the Company's compensation programs, but do not determine the amount or form of compensation for any executive. The Compensation Committee considers these inputs, observations and information as one factor in making decisions with respect to compensation matters along with information and analyses it receives from management and its own judgment and experience. The Compensation Committee has the ultimate authority to engage compensation consultants.

Ms. Grossman is employed by the Company pursuant to an employment agreement she entered into with the Company on April 21, 2017 (the "Grossman Employment Agreement"). In accordance with local practice in Canada and France, Mses. Mowbray and Pollier, respectively, are also employed by the Company pursuant to employment agreements. None of the other employee named executive officers has an employment agreement with the Company.

Base Salary

The objective of base salary is to provide fixed compensation to an executive that reflects his or her job responsibilities and performance. Base salary is determined for the employee named executive officers by the Compensation Committee based on its subjective evaluation of a variety of factors, including the executive's position, level and scope of responsibility, prior experience and past accomplishments. In addition, the Compensation Committee reviews data on prevailing compensation levels to obtain a general understanding of current base salary practices.

Base salary levels are reviewed and approved by the Compensation Committee annually, typically in the first fiscal quarter, as part of the Company's performance review process as well as upon a hiring, promotion or other change in job responsibilities. Base salary levels are based on the Compensation Committee's evaluation of the individual's strengths, performance, development and expected future contributions with respect to the Company's goals and objectives, including those related to strategic initiatives, relevant to the individual's compensation, as well as the Company's overall financial performance and other general economic factors in the marketplace such as inflation. In addition, the Compensation Committee compares the base salaries of the employee named executive officers to ensure internal equity.

Cash Bonuses

Annual, Performance-Based Cash Bonus

The Company's executive compensation program provides for a variable cash bonus that is linked to annual performance. The objective of this compensation element is to compensate executives annually based on the achievement of specific individual and Company annual performance objectives, as applicable.

Table of Contents

Each employee named executive officer's annual cash bonus is determined as a percentage of the executive's base salary. As with base salary, the Compensation Committee determines each such named executive officer's annual target bonus percentage based on its subjective evaluation of a variety of factors, including the executive's position, level, scope of responsibility and expected future contributions, and review of competitive conditions and data on prevailing compensation practices and levels. From time to time, the Compensation Committee reviews executives' annual target bonus percentages and may make adjustments based on the Compensation Committee's evaluation of an executive's strengths, development and expected future contributions, changes in the executive's responsibilities, and internal pay equity, as well as its review of data on prevailing compensation practices and levels.

In most years, the target bonus percentage for each employee named executive officer may be over- or under-achieved based on a combination of the achievement of the Company's financial performance goals in the fiscal year and the employee named executive officer's performance during the fiscal year against his or her individual performance goals, except in the case of the Company's Chief Executive Officer and Chief Financial Officer, whose annual, performance-based cash bonuses are based solely on the achievement of the Company's financial performance goals in the fiscal year. In fiscal 2017, the Company weighted its financial performance goals as follows: (i) in the case of Ms. Grossman, 100% with respect to second half fiscal 2017 operating income objectives and (ii) in the case of the other employee named executive officers, 33.3% with respect to revenue trends in the first quarter of fiscal 2017 and 66.7% with respect to operating income objectives for fiscal 2017.

In fiscal 2017, for Ms. Grossman and Mr. Hotchkin, the overall financial performance of the Company for the fiscal year (second half of the fiscal year with respect to Ms. Grossman) determined 100% of her and his annual, performance-based cash bonus. Pursuant to the terms of the Grossman Employment Agreement, Ms. Grossman received a pro rata portion of her fiscal 2017 annual performance-based cash bonus based on the number of days she was employed by the Company in fiscal 2017. In fiscal 2017, for Ms. Mowbray, the financial performance of the Company and the Americas business for the fiscal year determined 75% of her annual, performance-based cash bonus as follows: (i) with respect to the applicable Q1 Revenue Goals (as defined hereafter), a combination of the overall financial performance of the Company (50%) and the financial performance of the Americas business (50%) and (ii) with respect to the applicable OI Goals (as defined hereafter), a combination of the overall financial performance of the Company (25%) and the financial performance of the Americas business (75%), and her individual performance determined the remaining 25%. In fiscal 2017, for Ms. Pollier, the financial performance of the Company and the CE, ANZ and UK businesses for the fiscal year determined 75% of her annual, performance-based cash bonus as follows: (i) with respect to the applicable Q1 Revenue Goals, a combination of the overall financial performance of the Company (50%) and the financial performance of the CE, ANZ and UK businesses (50%) and (ii) with respect to the applicable OI Goals, a combination of the overall financial performance of the Company (25%) and the financial performance of the CE, ANZ and UK businesses (75%), and her individual performance determined the remaining 25%. In fiscal 2017, for Mr. Colosi, the overall financial performance of the Company for the fiscal year determined 75% of his annual, performance-based cash bonus and his individual performance determined the remaining 25%.

General Guidelines and Performance Criteria for Annual, Performance-Based Cash Bonuses

In general, for each fiscal year, each executive, including participating employee named executive officers and other senior executive officers for whom the Compensation Committee exercises negative discretion as permitted by Section 162(m) as described below, receives an annual, performance-based cash bonus payment between 0% and 200% of his or her target bonus percentage. An executive's annual, performance-based cash bonus payment is determined and computed based on the financial performance goal ratings applicable to the executive and resulting financial percentage payout amounts for the fiscal year and, except for the Chief Executive Officer and the Chief Financial Officer, the executive's individual performance rating and resulting individual percentage payout amount for the fiscal year.

Table of Contents

The methodology and approach used by the Compensation Committee to determine these financial performance goal and individual performance ratings and related percentage payout amounts are as follows:

Determination of Financial Performance Goal Ratings and Financial Performance Percentage Payouts

The Compensation Committee generally establishes the financial performance goals each year based on the Company's internal annual operating plan. Historically, the Compensation Committee has generally selected target operating income objectives for financial performance goals. The Compensation Committee selected these operating income performance goals because they are important indicators of the Company's financial performance during the fiscal year and shareholder value. Taking into account the Company's strategic initiative to return the Company to sustained revenue and operating income growth, the Compensation Committee determined that the 2017 financial performance goals should be based on the following objectives with the specified percentage allocations:

(i) in the case of Ms. Grossman, 100% with respect to operating income objectives, based on the achievement of certain second half fiscal 2017 operating income goals for the Company globally (collectively, the "2nd Half OI Goal"); and

(ii) in the case of the other employee named executive officers,

33.3% with respect to improving the Company's revenue trends, based on the achievement of certain revenue goals as reflected by target revenues in the first quarter of fiscal 2017 for the Company globally and for specified geographies, as applicable (each, a "Q1 Revenue Goal"); and

66.7% with respect to operating income objectives, based on the achievement of certain full year operating income goals for the Company globally and for specified geographies, as applicable (each, an "OI Goal").

Upon completion of the fiscal year, the Compensation Committee assesses the performance of the Company against the Company's financial performance goals by comparing the actual fiscal year results to the pre-determined target objectives. In the case of Ms. Grossman, the Compensation Committee determined to adjust actual 2017 fiscal results to exclude, if any, the effects of extraordinary, unusual or infrequently occurring events or changes in accounting principles. In the case of the other employee named executive officers, the Compensation Committee reserved the ability to adjust the actual fiscal year results to exclude, if any, the effects of extraordinary, unusual or infrequently occurring events or changes in accounting principles and to exercise discretion with respect to matters of accounting judgment, allocation and relative financial performance between business units. The Compensation Committee believes that the evaluation of the Company's financial performance goals are best achieved if the actual fiscal year results are adjusted to exclude these items while the target objectives remain fixed.

In fiscal 2017, the financial performance goal ratings, and the corresponding financial performance percentage payouts, for the portion of each employee named executive officer's annual cash bonus determined by the Company's achievement of its financial performance goals was determined based on the following scales:

(i) in the case of Ms. Grossman, (x) a threshold financial performance goal rating/percentage payout of 50% upon the Company's second half fiscal 2017 operating income being 80% of the Company's second half fiscal 2016 operating income, ramping linearly to a financial performance goal rating/percentage payout of 100% upon the Company's second half fiscal 2017 operating income equaling the Company's second half fiscal 2016 operating income, (y) plateau at a financial performance goal rating/percentage payout of 100% so long as second half fiscal 2017 operating income equals any amount equal to or between the Company's second half fiscal 2016 operating income and the Company's budgeted second half fiscal 2017 operating income, and (z) upon and to the extent the Company's second half fiscal 2017 operating income exceeds the Company's budgeted second half fiscal 2017 operating income, a financial performance goal rating/percentage payout determined per the Company's full year operating income performance grid for the other employee named executive officers as set forth below for achievement above 100% and up to a maximum payout of 200%; and

* The financial performance goal rating for a percentage of the target achieved for the fiscal year that falls between target percentages set forth above is calculated on a proportional, sliding scale between the target percentages. For example, if the Company achieves 95% of its target global operating income for the fiscal year, the global operating income financial performance goal rating and corresponding financial performance percentage payout for the employee named executive officer would be 66.7%.

The Compensation Committee establishes the financial performance goals so that the minimum performance level is reasonably likely to be achieved, while the target financial performance goals are more challenging. For example, with respect to the global Q1 Revenue Goal, the target revenue assumed a successful winter season resulting in significant revenue growth versus the prior year period and the related percentage payout threshold aligned with such goal for the period. In recent fiscal years, the Company has met, exceeded and not achieved the target financial performance goals.

Determination of Individual Performance Rating and Individual Performance Percentage Payout

All executives, including employee named executive officers other than the Chief Executive Officer and Chief Financial Officer, have individual performance goals for each fiscal year. Typically, individual performance goals are set by the executive's manager during each fiscal year and vary depending on the Company's business and strategic plan and objectives and each executive's individual responsibilities. The executive's manager determines after the end of each fiscal year the executive's individual performance rating for the past year based on the executive's performance against his or her individual performance goals. The executive's manager also determines the individual performance percentage payout for the executive based on his or her individual performance rating.

An executive can receive an individual performance percentage payout of between 0% and 200% for the portion of his or her annual cash bonus determined by the executive's individual performance. Achieving the target individual performance goal for all individual performance objectives would yield an individual performance percentage payout of between 80% and 110% as determined in the discretion of the executive's

Table of Contents

manager. An executive is only eligible for an annual, performance-based cash bonus if he or she is awarded by his or her manager an individual performance percentage payout of 25% or more, regardless of whether the Company achieves the threshold financial performance goals for the year. Typically, the Chief Executive Officer initially determines the individual performance percentage payouts for the other employee named executive officers (other than the Chief Financial Officer whose payout is based solely on the Company's financial performance percentage payout). These individual performance percentage payout determinations are then reviewed by the Compensation Committee when it approves the employee named executive officers' annual, performance-based cash bonuses.

Payout of Annual, Performance-Based Cash Bonus

After the close of a fiscal year, the Compensation Committee determines and approves the amount of the annual, performance-based cash bonus to be paid to each employee named executive officer. The payout generally occurs in March or April of the fiscal year following the fiscal year to which the annual, performance-based cash bonus relates. There is no provision for the adjustment or recovery of a cash bonus paid to an employee named executive officer if the results in a previous year are subsequently restated or adjusted in a manner that would have originally resulted in a smaller or larger bonus. However, the annual, performance-based cash bonus is not paid until after the completion of the annual audit of the Company's financial statements by the Company's independent registered public accounting firm for the applicable fiscal year.

Other Cash Bonuses

From time to time, in order to attract or retain executive talent or reward performance outside of the executive's individual responsibilities, the Compensation Committee may award other cash bonuses to executives. For example, in recognition of Mr. Hotchkin's service as a member of the IOCEO in fiscal 2017, the Compensation Committee determined that it was appropriate to grant Mr. Hotchkin an additional discretionary cash bonus of \$200,000.

Long-Term Equity Incentive Compensation

The Compensation Committee may periodically award executives, including the employee named executive officers, stock options, RSUs, PSUs and/or other equity-based awards. The principal objective of the Company's long-term equity incentive compensation program is to align compensation for executives over a multi-year period directly with the interests of shareholders of the Company. The Company believes that granting equity-based awards provides executives with a strong financial incentive to maximize shareholder returns over the longer term. The Company also believes that the practice of granting equity-based awards is important in retaining, motivating and recruiting the key talent necessary to ensure the Company's continued success and, in the case of performance equity-based awards, in aligning compensation with the Company's long-term strategic goals.

Mix of Equity Incentive Compensation

The Company's long-term equity incentive compensation has historically taken the form of a mix of non-qualified stock option and RSU awards and more recently a mix of RSU and PSU awards. Stock options and Stock Units reward shareholder value creation in slightly different ways. Stock options (which historically have generally only had time-vesting criteria to vest (Time-Vesting Options), terminated within ten years from date of grant, and had exercise prices equal to the average of the closing price of our Common Stock on the grant date and the four previous trading days on the NYSE) reward executives only if the stock price increases in comparison to the exercise price. Thus, stock options directly reward creation of shareholder value after the grant date. Stock Units (which vary in value depending on the stock price of our Common Stock prior to vesting) are impacted by all stock price changes, so the value to executives is affected by both increases and decreases in stock price from the market price at the date of grant.

Table of Contents

In fiscal 2015, the Compensation Committee continued its then-current practice of awarding solely RSUs for the annual, long-term equity incentive compensation awards. In fiscal 2016, the Compensation Committee decided to introduce performance-based vesting criteria into the annual award program to further align its long-term equity incentive compensation program with the Company's long-term strategic goals. In connection with this determination, the annual awards for fiscal 2016 consisted of a mix of RSUs and PSUs. The Compensation Committee continued this practice of awarding a mix of RSUs and PSUs for the fiscal 2017 annual awards. For further details on this mix of RSUs and PSUs, see *2017 Executive Compensation Determinations Employee Named Executive Officers Long-Term Equity Incentive Compensation Annual Awards* below. The Compensation Committee continued to believe that an annual award consisting solely of Stock Units was the most appropriate form of long-term equity incentive compensation to award our executives. Although an RSU's or PSU's value may increase or decrease with changes in the stock price during the period before vesting, it will continue to have value in the long-term, encouraging retention and achievement of strategic goals, as well as rewarding shareholder value creation. The Compensation Committee may in the future adjust this mix of award types or approve different award types as part of the further development of its long-term equity incentive compensation program.

Types of Awards

Annual Awards. Historically, annual awards consisted of Time-Vesting Options, RSUs or a combination of both. As discussed above, most recently, the annual awards consisted of RSUs and PSUs. Stock options granted with respect to annual awards generally have exercise prices equal to the average of the closing price of our Common Stock on the grant date and the four previous trading days on the NYSE as well as three-year cliff vesting, and are not subject to Company performance targets. RSUs granted with respect to annual awards generally have time-vesting criteria and are not subject to Company performance targets. PSUs granted with respect to annual awards have time- and performance-vesting criteria. Annual awards constituting stock options generally terminate on the tenth anniversary of their grant date. The Company's recent practice has been to grant annual awards in two equal installments: the first on May 1st of each year and the second on November 15th of each year; provided, however, in the event such date falls on a weekend, the applicable grant is made on the trading day of the NYSE immediately preceding that date. However, with respect to the fiscal 2015 annual award, RSUs were granted in one installment on June 15, 2015 and vested 50% on each of April 1, 2016 and April 1, 2017. With respect to the fiscal 2017 annual award, the Company granted the RSUs in two installments on May 15, 2017 (except in the case of Ms. Grossman's award, the first installment of which was granted on July 5, 2017, her employment commencement date) and November 15, 2017 consistent with its historical practice and granted the PSUs in one installment on May 15, 2017 (except in the case of Ms. Grossman's award, which one-time installment was granted on July 5, 2017). See *Annual Equity Grant Procedures* for additional details on annual awards.

Hiring Awards. Historically, hiring awards consisted of Time-Vesting Options, RSUs or a combination of both. Hiring awards for newly-hired employee named executive officers, if granted, were granted promptly following their hire with their first day of employment coinciding with the grant date of the award. Stock options granted with respect to hiring awards generally have exercise prices equal to the average of the closing price of our Common Stock on the grant date and the four previous trading days on the NYSE. These stock options and RSUs granted on the first day of employment vest proportionately and become exercisable in annual increments over a three- to five-year period. In addition, from time to time, hiring awards for newly-hired employee named executive officers are structured such that the stock options and/or RSUs awarded are granted in two equal installments with grant dates that align with the grant dates of the annual awards made in the fiscal year of hire. In such cases, when a newly-hired employee named executive officer commences employment after May 15th, the grant date of the first installment has typically been the first day of employment or the 15th day of the calendar month following the first day of employment. These stock options and RSUs that are aligned with annual awards generally vest proportionately and become exercisable in annual increments over a three- to five-year period and/or have three-year cliff vesting. The Compensation Committee may establish separate vesting

Table of Contents

and exercisability for each installment. Hiring awards constituting stock options generally terminate on the tenth anniversary of their grant date.

Ms. Grossman's recent hiring award consisted of a combination of Time-Vesting Options and RSUs which were all granted in one installment on her first day of employment, July 5, 2017. These options and RSUs vest proportionately per year over four years on each anniversary of the grant date. The exercise prices for these options were not established per the Company's historical practice but were fixed prices agreed upon by the Compensation Committee in connection with the negotiation of the Grossman Employment Agreement to incentivize performance and creation of shareholder value. Additionally, unlike the Company's historical practice, these options terminate on the seventh anniversary of their grant date. For additional details on the hiring award for Ms. Grossman, see *2017 Executive Compensation Determinations Employee Named Executive Officers Long-Term Equity Incentive Compensation Hiring Awards*.

Special Awards. From time to time, special awards of stock options, RSUs or a combination of both may be made to certain employee named executive officers in connection with a promotion or other special circumstance. With respect to stock options and RSUs granted, vesting and exercise prices are established at the time the Compensation Committee grants special awards. Historically, these special awards generally have time-based vesting criteria in the form of annual increments over three to five years and any such stock option awards terminate on the tenth anniversary of their grant date.

Annual Equity Grant Procedures

The Compensation Committee administers our stock plans. In fiscal 2017, pursuant to its equity grant procedures, the Compensation Committee based annual awards on an aggregate dollar value based on a percentage of an executive's base salary which would then be converted into a number of RSUs and/or PSUs as described below. Pursuant to its equity grant procedures, for awards that are a mix of stock options, RSUs and/or PSUs, the aggregate dollar value is typically divided between the forms of equity based on percentage amounts approved by the Compensation Committee.

To reduce the exposure of annual awards to market volatility, among other things, the Compensation Committee determined several years ago that annual awards would be granted in two equal installments. Historically, the first installment of an annual award is generally granted on May 15th of each year (except in the case of a new employee who is granted the right to participate in the annual award program in his or her year of hire and whose employment start date is after May 15th, in which case the first installment is granted on the 15th day of the calendar month following such start date) and the second installment of an annual award is generally granted on November 15th of each year; provided, however, in the event such grant date falls on a weekend, the applicable grant is made on the trading day of the NYSE immediately preceding that date. To provide for these two grant dates for annual awards, and any hiring award or special award that contemplates two or more grant dates, the aggregate dollar amounts allocated to stock options, RSUs and/or PSUs, as applicable, is divided evenly by the applicable number of grant dates and the resulting dollar amounts are then converted into stock options, RSUs and/or PSUs per grant date as described below. In the case of the annual awards for the employee named executive officers in fiscal 2015, the Compensation Committee determined to not provide for two grant dates but to grant these annual awards in one installment on June 15, 2015 to create better incentives for employees to contribute to the execution of the Company's transformation plan. With respect to the fiscal 2017 annual award, the Company granted the RSUs in two installments on May 15, 2017 (except in the case of Ms. Grossman's award, the first installment of which was granted on July 5, 2017, her employment commencement date) and November 15, 2017 consistent with its historical practice and granted the PSUs in one installment on May 15, 2017 (except in the case of Ms. Grossman's award, which one-time installment was granted on July 5, 2017) to create better incentives for employees to contribute to the Company achieving its long-term strategic goals.

Generally, when converting the aggregate dollar value for an annual award into a number of RSUs, PSUs or Time-Vesting Options, as applicable, the number of RSUs and PSUs granted has been determined based on the

Table of Contents

closing price of our Common Stock one week before the applicable grant date and the number of Time-Vesting Options granted has been determined based on the Black-Scholes value of an option with respect to our Common Stock one week before the applicable grant date.

Time-Vesting Options granted as an annual award have historically been generally granted at an exercise price determined by calculating the average of the closing price of our Common Stock on the grant date and the four previous trading days on the NYSE. In certain circumstances, these calculations may result in an exercise price in excess of or less than the closing price of our Common Stock on the grant date.

All equity awards granted to employee named executive officers require the approval of the Compensation Committee or the Board of Directors.

Retirement and Deferred Compensation Plans, Termination Payments and Other Arrangements

The objectives of the Company's retirement and deferred compensation plans and other retirement arrangements are to help provide financial security into retirement, reward and motivate tenure, and retain talent in a competitive market. In addition, the objective of the Company's termination payments to senior executives is to help attract talent in a competitive market and, in the event of payments upon a change of control, is to motivate certain executives to remain with the Company despite the uncertainty that may arise in the context of change of control situations.

Savings Plans

We sponsor a savings plan for salaried and certain hourly U.S. employees, including our U.S. employee named executive officers. The savings plan is a tax-qualified 401(k) retirement savings plan pursuant to which participants are able to contribute, on a pre-tax basis, up to the lesser of 50% of their eligible earnings and the limit prescribed by the Internal Revenue Service. To encourage a higher level of contribution by participants, in fiscal 2017, the Company matched 50 cents on each dollar of the participant's tax deferred contributions up to 6% of the participant's eligible earnings. All participant contributions to the savings plan are fully vested upon contribution. All matching contributions by the Company become vested on the date on which the participant's aggregate service to the Company totals three years. Matching contributions also fully vest immediately upon the participant reaching the age of 65, becoming permanently disabled or dying, or being terminated by the Company without cause.

We also provide a Group Registered Retirement Savings Plan for eligible, full-time Canadian employees, in which Ms. Mowbray participates. Contributions to this plan by participating employees are tax deductible. The Canada Revenue Agency imposes a limit on the aggregate annual contribution that an employee can make, and his or her employer and any third party can make for the employee's benefit, to the plan during a tax year. For the 2017 tax year, this annual limit was \$20,688⁽¹⁾. Generally, the Company matches an employee's contributions up to 5% of the employee's annual eligible earnings. In fiscal 2017, pursuant to the terms of her employment agreement, the Company made monthly flat rate contributions to the plan for Ms. Mowbray's benefit of \$20,090⁽²⁾ in the aggregate. All Company and employee contributions to this plan are fully vested upon contribution.

⁽¹⁾ CA\$26,010 converted to U.S. dollars using the applicable exchange rate on December 29, 2017 (i.e., \$0.7954), the last business day of fiscal 2017.

⁽²⁾ CA\$26,010 converted into U.S. dollars using the average monthly exchange rate applicable to the month during which the contribution was made, such rates ranging from \$0.7375 to \$0.8138.

Executive Profit Sharing Plan

We have also established a non-qualified executive profit sharing plan for U.S. highly compensated employees, including the U.S. employee named executive officers. The executive profit sharing plan provides for

Table of Contents

a guaranteed monthly Company contribution for each participant based on the participant's age and the participant's eligible earnings. In addition, the executive profit sharing plan provides for supplemental Company contributions to be made at the discretion of the Company under certain circumstances which the Company has not made in recent years. The Company will also credit each participant's executive profit sharing account with interest at an annual rate equal to the sum of (a) 2% plus (b) the annualized prime rate, as published in The Wall Street Journal, compounded as of the end of each fiscal month, subject to a cap of 15%.

The following table sets forth the guaranteed monthly contribution amounts based on selected ages of a participant:

Age of Participant	Guaranteed Monthly Contribution of Participant's Eligible Earnings
35-39	2.50%
40-44	3.50%
45-49	4.50%
50-54	5.50%
55-59	6.00%
60 and Over	6.50%

Contributions to a participant's executive profit sharing account are fully vested upon the date on which the participant's aggregate service to the Company totals three years. Contributions also generally fully vest immediately upon the participant reaching the age of 65, becoming permanently disabled or dying, or being terminated by the Company without cause. Generally, the vested contributions to a participant's executive profit sharing account are paid to the participant, or his or her beneficiary or legal representative, as the case may be, following the participant's termination of employment with the Company other than termination by the Company for cause in which case all benefits are forfeited by the participant. The timing of any such distribution following termination is subject to the terms of the executive profit sharing plan. The executive profit sharing plan also provides for certain early payments from a participant's executive profit sharing account in limited hardship situations subject to the terms of the plan.

Termination Payments upon a Change of Control

The Company has determined that it is in the best interests of its shareholders to reinforce and encourage the continued attention and dedication of our key executives to their duties, without personal distraction or conflict of interest in circumstances that could arise in connection with any change of control of the Company. Therefore, the Company has entered into continuity agreements with our employee named executive officers and certain other senior executives which provide for certain severance payments and provision of benefits upon a termination in connection with a change in control or, in the case of the employee named executive officers (other than Ms. Grossman) and such other executives, upon a termination for long-term disability, retirement or death. For a more fulsome discussion of these benefits, see *Potential Payments upon Termination, Retirement or Change of Control Employee Named Executive Officers Payments Made Upon a Change of Control Continuity Agreements*.

Other Retirement, Retention or Severance Arrangements

The Company has no formal policy regarding retirement, retention or severance arrangements. From time to time, the Compensation Committee or the Board of Directors in its discretion, based upon the nature or circumstances surrounding the hiring, promotion, retention or departure of an individual, or upon review of the transition and skill needs of the Company, competitive conditions and/or the relationship of a senior executive's compensation to the compensation of other senior executives of the Company, enters into retirement, retention and/or severance arrangements with certain senior executives, including certain employee named executive officers. Additionally, the Company is subject to certain statutory and, in some cases, common law requirements of the countries in which it operates that may give rise to certain benefits for its senior executives upon

Table of Contents

retirement, termination or other events. For additional details on these arrangements with and requirements with respect to the employee named executive officers, see *Potential Payments Upon Termination, Retirement or Change of Control Employee Named Executive Officers*.

Benefits and Perquisites

The Company provides benefits to its salaried employees including health care coverage, life and disability insurance protection, reimbursement for educational expenses, a wellness-related allowance and access to favorably-priced group insurance coverage. The Company provides these benefits to help alleviate the financial costs and loss of income arising from illness, death or disability, to encourage ongoing education in job-related areas, to promote the wellness of and an active lifestyle for its employees and to allow employees to take advantage of reduced insurance rates available for group policies. In addition to the benefits provided to salaried employees generally, the Company provides employee named executive officers with certain perquisites that the Company and the Compensation Committee believe are reasonable and consistent with the Company's overall compensation program to better enable the Company to attract and retain employees for key positions. These perquisites may include, as applicable, cost of living, housing, car and/or transportation allowances and reimbursement of costs associated with relocation, dependents' education, temporary living arrangements, home leave travel and mobile devices (which are permitted to be used for personal matters) as well as tax gross-up payments with respect to such allowances and reimbursements. The Compensation Committee periodically reviews the levels of benefits and perquisites provided to employee named executive officers.

Tax and Accounting Implications

Excess Parachute Payment Excise Taxes

Under the terms of a continuity agreement (other than Ms. Grossman's continuity agreement) (i) if it is determined that certain payments and benefits provided under the agreement and under any other plan or arrangement with the Company and its affiliates in the aggregate would be subject to the excise tax imposed under Section 4999 of the Internal Revenue Code (the "280G excise tax"), or to any similar tax, and the aggregate value of the parachute payment exceeds a certain threshold amount calculated under the Internal Revenue Code by 5% or less, then (ii) the parachute payment will be reduced to the extent necessary so that the aggregate value of the parachute payment is equal to an amount that is less than such threshold amount; provided, however, that if the aggregate value of the parachute payment exceeds the threshold amount by more than 5%, then the executive will be entitled to receive an additional payment or payments in an amount such that, after payment by the executive of all taxes (including any interest or penalties imposed with respect to such taxes), including any excise tax imposed upon this payment, the executive retains an amount equal to the excise tax imposed upon the parachute payment. Under the terms of Ms. Grossman's continuity agreement (i) if it is determined that the parachute payments would be subject to the 280G excise tax and the net after tax amount of such parachute payments (after the payment of all taxes) is less than the net after-tax amount of the parachute payments reduced to the maximum amount payable such that none of the parachute payments would be subject to the 280G excise tax (the "reduced amount"), then the aggregate amount of such parachute payments to Ms. Grossman shall be reduced to such reduced amount and (ii) if it is determined that the net after tax amount of the full payment of such parachute payments is greater than the net after tax amount of the reduced amount, Ms. Grossman shall receive the aggregate parachute payments; provided that Ms. Grossman shall not be entitled to receive an additional tax gross-up payment.

Internal Revenue Code Section 409A

If, under the continuity agreements or our stock plans, any payments or benefits that the Company would be required to provide under the continuity agreements or any of our stock plans cannot be provided in the manner contemplated in the continuity agreements or under the applicable plan without subjecting the executive to income tax under Section 409A of the Internal Revenue Code, the Company shall provide such intended payments or benefits to the executive in an alternative manner that conveys an equivalent economic benefit to the executive without materially increasing the aggregate cost to the Company.

The Section 162(m) of the Internal Revenue Code \$1 Million Deduction Limit

Section 162(m) of the Internal Revenue Code (Section 162(m)) generally disallows a tax deduction to a public corporation for compensation over \$1.0 million paid in any fiscal year to a company's chief executive officer or other named executive officers (excluding the company's principal financial officer, in the case of tax years preceding 2018). However, in the case of tax years preceding 2018, the statute exempted qualifying performance-based compensation from the deduction limit if certain requirements were met. Section 162(m) was amended in December 2017 by the Tax Cuts and Jobs Act to eliminate the exception for performance-based compensation (other than with respect to payments made pursuant to certain grandfathered arrangements entered into prior to November 2, 2017) and to expand the group of current and former executive officers who may be covered by the deduction limit under Section 162(m). For the Company's fiscal years prior to 2018, its shareholder approved incentive plans were structured to provide that certain awards could be made in a manner to qualify for the performance-based compensation exemption and the Compensation Committee generally sought to structure performance-based compensation for our named executive officers in a manner that complied with the corresponding Section 162(m) exemption. The Compensation Committee expects in the future to authorize compensation in excess of \$1.0 million to named executive officers that will not be deductible under Section 162(m) when it believes doing so is in the best interests of the Company and its shareholders.

Accounting Considerations

The Compensation Committee also considers the accounting and cash flow implications of various forms of executive compensation. In its financial statements, the Company records salaries and performance-based compensation incentives as expenses in the amount paid, or to be paid, to the named executive officers. Accounting rules also require the Company to record an expense in its financial statements for equity awards, even though equity awards are not paid as cash to employees. The accounting expense of equity awards to employees is calculated in accordance with the provisions of the Financial Accounting Standards Board (FASB) Accounting Standards Codification, Topic 718, Compensation—Stock Compensation. The Compensation Committee believes, however, that the many advantages of equity-based compensation, as discussed above, more than compensate for the non-cash accounting expense associated with them.

2017 Executive Compensation Determinations

Non-Employee Named Executive Officers

As former members of the IOCEO, Messrs. Semmelbauer and Sobecki are named executive officers of the Company. For details on the compensation Messrs. Semmelbauer and Sobecki receive for their services as non-employee directors of the Company, as well as the compensation they received as non-employee director members of the IOCEO, see *Director Compensation* . In fiscal 2017, Messrs. Semmelbauer and Sobecki did not receive any of the compensation elements discussed below with respect to the employee named executive officers.

Employee Named Executive Officers

The following is a discussion of the specific factors considered in determining base salary, cash bonuses and other payments and long-term equity incentive compensation for fiscal 2017 as well as other compensation matters for the following employee named executive officers: Mindy Grossman, Nicholas P. Hotchkin, Stacey Mowbray, Corinne Pollier(-Bousquet) and Michael F. Colosi.

Base Salary

The table below identifies actions taken during fiscal 2017 with respect to the base salaries of the specified named executive officers.

Table of Contents

Named Executive Officer	2017 Base Salary and Action(s) (if any)

Nicholas P. Hotchkin	Increase in annual base salary from \$543,068 to \$560,718 effective March 27, 2017
Stacey Mowbray	Increase in annual base salary from \$381,792 (CA\$480,000) to \$475,545 (CA\$597,869) effective April 1, 2017 ⁽¹⁾
Corinne Pollier(-Bousquet)	Increase in annual base salary from \$440,510 (367,000) to \$452,625 (377,093) effective March 27, 2017 ⁽²⁾

(1) Amounts shown in Canadian dollars were converted to U.S. dollars using the applicable exchange rate on December 29, 2017 (i.e., \$0.7954).

(2) Amounts shown in euros were converted to U.S. dollars using the applicable exchange rate on December 29, 2017 (i.e., \$1.2003). Ms. Grossman's employment with the Company commenced on July 5, 2017. In determining her base salary, the Compensation Committee reviewed the job responsibilities of her position, expected future contributions, publicly available information regarding her compensation at her prior employer, competitive conditions for a candidate with her experience and skills, and the relationship of her compensation to the compensation of other senior executives at the Company and determined that the base salary was appropriate to attract her to the position of President and Chief Executive Officer given her experience and skills and the competitive environment, to ensure retention and to motivate her future performance against the Company's strategic initiatives.

The Compensation Committee decided to increase the base salary of Messrs. Hotchkin and Colosi and Ms. Mowbray and Pollier effective on or about March 27, 2017. In determining each such named executive officer's increased base salary, the Compensation Committee reviewed his or her past performance of his or her job responsibilities and contributions made to the Company, competitive conditions and the relationship of his or her compensation to the compensation of other senior executives at the Company and determined that the increase in base salary was appropriate to reward performance, ensure retention and motivate performance against the Company's strategic initiatives.

Cash Bonuses and Payments

Annual, Performance-Based Cash Bonus

Annual Target Bonus Percentages. The following table identifies actions taken during fiscal 2017 with respect to the annual target bonus percentages of the employee named executive officers, as applicable.

Named Executive Officer	Action
Stacey Mowbray	Increase in annual bonus target percentage from 50% to 60% effective starting with the fiscal 2017 bonus
Corinne Pollier(-Bousquet)	Increase in annual bonus target percentage from 45% to 50% effective starting with the fiscal 2017 bonus

In determining each of Ms. Mowbray's and Pollier's increased annual target bonus percentage, the Compensation Committee reviewed the increased demands of her job responsibilities since the percentage was last fixed, the relationship of her compensation to the compensation of other senior executives at the Company and competitive conditions and determined that the increase in annual target bonus percentage was appropriate to reward performance, ensure retention and motivate further performance against the Company's strategic initiatives.

Annual, Performance-Based Cash Bonus Fiscal 2017 Plan. For fiscal 2017, the Company had to achieve at least \$100.0 million of operating income for the named executive officers (other than Ms. Grossman) specified in the table below to be eligible to receive an annual, performance-based cash bonus. The Company reported operating income of \$267.3 million. The Compensation Committee then exercised its negative discretion to determine the actual annual, performance-based cash bonus for each such named executive officer using the guidelines and performance criteria generally applicable to all executives of the Company. Ms. Grossman had unique guidelines and performance criteria which were set forth in the Grossman Employment Agreement. In the case of Ms. Grossman, the determination of the Company's financial performance bonus component was based 100% on the 2nd Half OI Goal. The Compensation Committee adjusted the reported operating income of the Company for the second half of fiscal 2017 up \$13.3 million to exclude the one-time \$13.3 million impairment charge for the Company's goodwill related to its Brazil operations (the Brazil Charge). In the case of Messrs. Hotchkin and Colosi and Meses. Mowbray and Pollier, the determination of the Company's financial performance bonus component was based on the following objectives with the specified percentage allocations: (i) 33.3% with respect to improving the Company's revenue trends, based on the achievement of certain revenue goals as reflected by target revenues in the first quarter of fiscal 2017 for the Company globally and for specified geographies; and (ii) 66.7% with respect to operating income objectives, based on the achievement of certain full year operating income goals for the Company globally and for specified geographies. The Q1 Revenue Goals were determined in December 2016 and the fiscal 2017 OI Goals were determined in March 2017 by the Compensation Committee. The Compensation Committee adjusted (i) the reported revenues of CE, ANZ and UK for the first quarter of fiscal 2017 up \$906,000 in the aggregate to exclude the one-time impacts of (x) an accounting change with respect to rebate offers (\$546,000) and (y) the cessation of our Spanish operations (\$360,000) and (ii) the reported operating income of the Company and specified geographies for fiscal 2017 to exclude certain one-time events or impacts as follows: (x) in the case of the Company's reported operating income, up \$16.8 million in the aggregate to exclude the Brazil Charge and certain compensation expense associated with the hiring of Ms. Grossman (\$3.4 million), (y) in the case of CE, ANZ and UK's reported operating income, down \$1.4 million to exclude the one-time impact of the reallocation of costs as determined by management to align cost savings initiatives and (z) in the case of the Americas, up \$9.7 million in the aggregate to exclude the Brazil Charge and the reallocation of costs as determined by management to align cost savings initiatives (\$3.6 million). Such adjustments impacted the Company's and specified geographies' performances against the relevant financial performance targets.

With respect to Ms. Grossman, the Company's second half fiscal 2017 operating income, as adjusted by the Compensation Committee as discussed above, exceeded the Company's budgeted second half fiscal 2017 operating income of \$141.7 million. As a result, Ms. Grossman achieved a 158.5% financial performance percentage payout.

The Company's global Q1 Revenue Goal, CE, ANZ and UK Q1 Revenue Goal and Americas Q1 Revenue Goal for annual, performance-based cash bonuses paid to executives generally was equal to \$317.7 million, \$90.1 million and \$223.9 million, respectively. Based on the Q1 Revenue Goals and actual results, as adjusted by the Compensation Committee as discussed above, the Company achieved the following financial performance percentage payouts with respect to this financial performance goal: global, 159.5% (53.1% weighted), CE, ANZ and UK, 143.0% (47.6% weighted), and Americas, 179.2% (59.7% weighted).

The Company's global OI Goal, CE, ANZ and UK OI Goal and Americas OI Goal for annual, performance-based cash bonuses paid to executives generally was equal to \$247.0 million, \$66.9 million and \$225.6 million, respectively. Based on the OI Goals and actual results, as adjusted by the Compensation Committee as discussed above, the Company achieved the following financial performance percentage payouts with respect to this financial performance goal: global, 200.0% (133.4% weighted), CE, ANZ and UK, 200.0% (133.4% weighted) and Americas, 148.0% (98.7% weighted).

Other Cash Payments

In recognition of Mr. Hotchkin's prior service as a member of the IOCEO, the Compensation Committee determined that it was appropriate to grant Mr. Hotchkin an additional discretionary cash bonus of \$200,000.

Long-Term Equity Incentive Compensation*Annual Awards*

In fiscal 2017, the Compensation Committee determined that the annual award would consist of a mix of RSUs and PSUs and increased the allocation of PSUs to 33.3% of the annual value for senior executives in the Company. The Compensation Committee believed that including PSUs in the annual award program would further align executive compensation, including that of the employee named executive officers, with the Company's long-term strategic goals. In determining the size and mix of employee named executive officers' annual equity awards for fiscal 2017, the Compensation Committee reviewed the total current compensation that may be awarded to the executive, the potential impact the executive's position could have on the Company achieving the relevant goal, the achievement of business, strategic, individual, and financial objectives during the prior fiscal year, competitive conditions and the relationship of the executive's compensation to the compensation of other senior executives, and determined the size of the award based on a percentage of the executive's base salary as appropriate to reward and incentivize performance against strategic goals, ensure retention, and maintain appropriate compensation differentials among senior executives. See *Determination of Executive Compensation Long-Term Equity Incentive Compensation Annual Equity Grant Procedures* above for additional details on the Compensation Committee's deliberations. All employee named executive officers received an annual award in fiscal 2017.

All annual award dollar amounts for the recipient named executive officers in fiscal 2017 were allocated 66.7% to RSUs which were granted in two equal installments, and 33.3% to PSUs, which were granted in one

installment. The dollar amount for each installment was converted into a number of RSUs and PSUs, as applicable, in accordance with procedures established by the Compensation Committee. In fiscal 2017, the recipient named executive officers received the following annual awards (the number of PSUs shown represents the applicable PSUs at the target level of performance) based on the dollar amounts, and on the grant dates, specified: Ms. Grossman (\$4,800,000) received (i) 47,928 RSUs and 47,856 PSUs on July 5, 2017, her employment commencement date and (ii) 35,692 RSUs on November 15, 2017; Mr. Hotchkin (\$950,369) received (i) 13,744 RSUs and 13,723 PSUs on May 15, 2017 and (ii) 7,066 RSUs on November 15, 2017; Ms. Mowbray (\$545,854) received (i) 7,894 RSUs and 7,882 PSUs on May 15, 2017 and (ii) 4,058 RSUs on November 15, 2017; Ms. Pollier (\$501,184) received (i) 7,248 RSUs and 7,237 PSUs on May 15, 2017 and (ii) 3,726 RSUs on November 15, 2017; and Mr. Colosi (\$553,744) received (i) 8,008 RSUs and 7,996 PSUs on May 15, 2017 and (ii) 4,117 RSUs on November 15, 2017.

All RSUs granted to the recipient named executive officers as their annual award in fiscal 2017 will (i) in the case of the first installment, vest one-third on each of May 15, 2018, May 15, 2019 and May 15, 2020 and (ii) in the case of the second installment, vest one-third per year over three years on each anniversary of the grant date. All PSUs granted to the recipient named executive officers as their annual award in fiscal 2017 have both time- and performance-vesting criteria. The time-vesting criteria will be satisfied on May 15, 2020. When determining the performance-vesting criteria, the Compensation Committee considered the Company's strategic initiative to return the Company to sustained growth and management's commitment to strong cost management. The performance-vesting criteria will be satisfied if the Company has achieved Adjusted Operating Income (as defined in the Company's applicable term sheet for PSU awards) objectives in each fiscal year over a three-year period (i.e., fiscal 2017, fiscal 2018 and fiscal 2019 (each, a "Performance Year")). When the performance measure has been met for a particular Performance Year during the three-year period of the award, that portion of units is "banked" for potential issuance following satisfaction of the time-vesting criteria. The total number of PSUs, if any, that become "banked" with respect to each Performance Year upon the satisfaction of the applicable performance criteria, shall be equal to (x) for such Performance Year, one-third of the total target number of PSUs granted multiplied by (y) the applicable Achievement Percentage (as defined in the Company's applicable term sheet for PSU awards) (determined using linear interpolation if actual performance falls between any two levels) for such Performance Year, determined as follows, and rounded down to avoid the issuance of fractional shares:

Level of Achievement	Adjusted Operating Income	Achievement Percentage
Below Threshold	Less than 90% of Target Amount	0%
Threshold	90% of Target Amount	33.33%
Target	100% of Target Amount	100%
Maximum	110% or More of Target Amount	166.67%

The total number of PSUs that shall be subject to vesting upon satisfaction of the time-vesting criteria with respect to the PSU award shall be the sum of PSUs "banked" with respect to the three Performance Years subject to the terms and conditions of the applicable award.

At the time the performance goals were established, the metrics that were selected for the target performance were reasonably attainable, yet provide management with appropriate incentives to support the Company's financial goals. The Company believes that achievement of maximum performance against the goals would require exceptional corporate performance over the three-year performance period. On February 26, 2018, the Compensation Committee certified that the performance criteria established in connection with the third of the award relating to the fiscal 2017 Performance Year had been satisfied at the maximum level of achievement of 166.67% based on the fiscal 2017 target amount of \$247 million and the corresponding number of PSUs were "banked" for each employee named executive officer.

Hiring Awards

The Compensation Committee also decided to grant Ms. Grossman a hiring award consisting of both Time-Vesting Options and RSUs to attract her to the position of President and Chief Executive Officer and to compensate her for the forfeiture of equity awards arising from her voluntary departure from her prior employer, as well as to ensure retention and to reward and incentivize performance and creation of shareholder value. Ms. Grossman received her hiring award consisting of a combination of Time-Vesting Options and RSUs in the following amounts and with the specified option exercise prices, as applicable, on July 5, 2017: 300,000 Time-Vesting Options with an exercise price of \$32.67 per share, 500,000 Time-Vesting Options with an exercise price of \$40.00 per share, 500,000 Time-Vesting Options with an exercise price of \$60.00 per share and 200,000 RSUs. These stock options and RSUs granted to Ms. Grossman vest proportionately over four years on each anniversary of the grant date and the stock options terminate on the seventh anniversary of the grant date. The above-referenced stock options with exercise prices of \$40.00 per share and \$60.00 per share were all out-of-the-money options on the date of grant.

Retirement and Deferred Compensation Plans, Termination Payments and Other Arrangements

The Compensation Committee decided to grant Ms. Grossman certain severance benefits, including with respect to the vesting and exercise, as applicable, of her hiring and other equity awards, as set forth in the Grossman Employment Agreement to attract her to the position of President and Chief Executive Officer as well as to ensure retention. See *Potential Payments Upon Termination, Retirement or Change of Control Employee Named Executive Officers Payments Made Upon Termination*, for additional details on Ms. Grossman's severance benefits. Additionally, Ms. Grossman entered into a continuity agreement with the Company upon her commencement of employment. For details on the terms and conditions of Ms. Grossman's continuity agreement, see *Potential Payments Upon Termination, Retirement or Change of Control Employee Named Executive Officers Payments Made Upon a Change of Control Continuity Agreements*.

The Compensation Committee determined that, in lieu of any matching contributions by the Company to the savings plan for eligible, full-time Canadian employees for Ms. Mowbray's benefit, the Company would increase its contribution to the maximum amount permitted by law to such plan for Ms. Mowbray's benefit.

Benefits and Perquisites

In connection with attracting Ms. Grossman to the position of President and Chief Executive Officer and facilitating discussions regarding her terms of employment with the Company, as well as assisting in her relocation to the New York area where the Company's headquarters is located, the Compensation Committee decided to grant Ms. Grossman temporary housing and expense reimbursement up to an aggregate cap of \$200,000, subject to a tax gross up, and to pay for her legal fees incurred in the negotiation of the Grossman Employment Agreement.

The Compensation Committee determined to increase Ms. Mowbray's life insurance coverage to the greater of two times her base salary and that level of coverage as similarly situated executives in the United States.

Table of Contents**Mix of Compensation Elements**

As discussed above in *Executive Compensation Approach Elements of Executive Compensation*, the Company weights compensation for the employee named executive officers who participate in the Company's executive compensation program more toward variable, performance-based compensation. Approximately 91% of fiscal 2017 total compensation for employee named executive officers was variable, performance-based compensation (which includes short-term variable performance-based compensation and long-term variable performance-based compensation). As reflected in the *Summary Compensation Table*, aggregate fiscal 2017 compensation for the employee named executive officers was allocated as follows:

	Mix of Total Compensation in 2017 ⁽¹⁾
Base Salary	6%
Short-Term Variable Performance-Based Compensation ⁽²⁾	8%
Long-Term Variable Performance-Based Compensation ⁽³⁾	83%

- (1) On July 13, 2006, the Board of Directors adopted a non-employee director compensation policy which was effective through the end of fiscal 2016. The Compensation Committee approved a new non-employee director compensation policy on March 9, 2017 which was effective with respect to compensation for services provided following the beginning of fiscal 2017. These policies provide for automatic equity grants throughout the year to non-employee directors under the Company's stock incentive plans. See *Director Compensation* for additional details regarding these policies. In fiscal 2016, the Compensation Committee approved certain compensation for the directors serving as members of the IOCEO. The compensation for director members of the IOCEO with respect to services during fiscal 2016 and fiscal 2017 was payable pursuant to automatic equity grants, all of which occurred during fiscal 2017. See *Director Compensation Compensation Paid to Directors Who Served as Members of the Interim Office of the Chief Executive Officer* for additional details regarding IOCEO-related compensation.

Table of Contents

- (2) See *Compensation Discussion and Analysis Determination of Executive Compensation Cash Bonuses Annual, Performance-Based Cash Bonus* above for a description of our annual, performance-based cash bonus.
- (3) Stock awards consist of awards of shares of fully vested Common Stock subject to certain transfer restrictions that were granted to Messrs. Semmelbauer and Sobecki and RSUs that were granted to the other named executive officers. The award of an RSU is the right to receive one share of our Common Stock upon the vesting date of the RSU.
- (4) Option awards consist of Time-Vesting Options granted to Ms. Grossman in connection with the commencement of her employment. The applicable exercise prices were determined in accordance with the terms of the Grossman Employment Agreement, which was approved by the Compensation Committee. Stock options allow the grantee to purchase a share of our Common Stock at a specified exercise price.
- (5) Amounts shown represent the grant date fair value of the applicable RSUs, Time-Vesting Options, PSUs and shares of fully vested Common Stock subject to certain transfer restrictions granted during fiscal 2017, each as calculated in accordance with applicable accounting standards. The grant date fair value for the RSUs and shares of fully vested Common Stock is based solely on the closing price of our Common Stock on the date of the grant or, if the market was closed on the date of the grant, the last trading day that immediately preceded the date of the grant. The grant date fair value of PSUs reported in the table above is based on the probable outcome of the performance conditions. The assumptions made in determining Time-Vesting Option and PSU values are disclosed in Note 11 of the Consolidated Financial Statements in our Annual Report on Form 10-K for fiscal 2017. The material terms of the Time-Vesting Options are discussed in the section entitled *Compensation Discussion and Analysis Determination of Executive Compensation Long-Term Equity Incentive Compensation* above. The material terms of the PSUs are discussed in *Compensation Discussion and Analysis 2017 Executive Compensation Determinations Employee Named Executive Officers Long-Term Equity Incentive Compensation Annual Awards* above. The aggregate grant date fair value of the shares of fully vested Common Stock subject to certain transfer restrictions granted to Messrs. Semmelbauer and Sobecki as compensation for their service as a non-employee director of the Company in fiscal 2017 is reported in their respective *All Other Compensation* column of the *Summary Compensation Table*. The aggregate grant date fair value of the shares of fully vested Common Stock subject to certain transfer restrictions granted to Messrs. Semmelbauer and Sobecki as compensation for their service as a member of the IOCEO in fiscal 2016 and fiscal 2017 is reported in their respective *Stock Awards* column of the *Summary Compensation Table*.
- (6) Upon her employment commencement date, i.e., July 5, 2017, Ms. Grossman received an annual award, a portion of which consisted of an award of RSUs granted in two equal installments. The first installment was granted on July 5, 2017 and the second installment was granted on November 15, 2017. The RSUs granted on July 5, 2017 vest one-third on each of May 15, 2018, May 15, 2019 and May 15, 2020. The RSUs granted on November 15, 2017 vest one-third per year over three years on each anniversary of the grant date.
- (7) Ms. Grossman received a hiring award consisting of both Time-Vesting Options and RSUs that were granted on July 5, 2017, her employment commencement date. The Time-Vesting Options (other than with respect to those options with a \$60.00 exercise price) and the RSUs were granted under the 2014 Plan. The Time-Vesting Options with a \$60.00 exercise price were granted in reliance on the employment inducement exemption provided under the NYSE Listed Company Manual Rule 303A.08, provided, however, that while such options were not granted under the 2014 Plan, they are subject to the same terms and conditions of the 2014 Plan. The Time-Vesting Options and RSUs vest proportionately over four years on each anniversary of the grant date. The stock options expire on the seven-year anniversary of the grant date.
- (8) The named executive officer received an annual award, a portion of which consisted of PSUs granted in one installment and which have both time- and performance-vesting criteria. The time-vesting criteria will be satisfied on May 15, 2020. The performance-vesting criteria will be satisfied if the Company has achieved Adjusted Operating Income (as defined in the Company's applicable term sheet for PSU awards) objectives in each fiscal year over a three-year period (i.e., fiscal 2017, fiscal 2018 and fiscal 2019). For additional details on the number of PSUs that become vested upon satisfaction of both the above vesting criteria and other material terms, see *Compensation Discussion and Analysis 2017 Executive Compensation Determinations Employee Named Executive Officers Long-Term Equity Incentive Compensation Annual Awards* .
- (9) Amounts shown reflect the proration of Ms. Grossman's annual, performance-based cash bonus for fiscal 2017 based on her July 5, 2017 employment commencement date. For additional details on Ms. Grossman's annual, performance-based cash bonus for fiscal 2017, see *Compensation Discussion and Analysis Determination of Executive Compensation Cash Bonuses Annual, Performance-Based Cash Bonus* above.
- (10) The named executive officer received an annual award, a portion of which consisted of an award of RSUs granted in two equal installments. The first installment was granted on May 15, 2017 and the second installment was granted on November 15, 2017. The RSUs vest one-third per year over three years on each anniversary of the applicable grant date.

- (11) Because the named executive officer's annual, performance-based cash bonus for fiscal 2017 was based solely on the Company's overall financial performance, the amount shown in the *Threshold* column represents an assumption that the Company achieves at least \$100.0 million of operating income in fiscal 2017 and a percentage of its global Q1 Revenue Goal that is slightly greater than 97%. For additional details on our annual, performance-based cash bonus for fiscal 2017, see *Compensation Discussion and Analysis: Determination of Executive Compensation: Cash Bonuses: Annual, Performance-Based Cash Bonus* above.

- (12) Amounts shown represent shares of fully vested Common Stock subject to transfer restrictions awarded to the named executive officer as compensation for his service as a non-employee director of the Company in fiscal 2017. For information on 2017 non-employee director compensation, see *Director Compensation Compensation Paid to Directors Cash and Stock Compensation Paid to Directors* .
- (13) Amounts shown represent shares of fully vested Common Stock subject to transfer restrictions awarded to the named executive officer as compensation for his service as a director member of the IOCEO effective September 12, 2016 through July 5, 2017, with all shares granted in fiscal 2017. For additional information on the compensation for service by a director as a member of the IOCEO, see *Director Compensation Compensation Paid to Directors Who Served as Members of the Interim Office of the Chief Executive Officer* .
- (14) Messrs. Semmelbauer and Sobecki, as non-employee directors of the Company, were not eligible to receive an annual, performance-based cash bonus for fiscal 2017. For information on non-employee director compensation, see *Director Compensation* .
- (15) Because the named executive officer's annual, performance-based cash bonus for fiscal 2017 was comprised of a combination of (i) the financial performance percentage payouts that correlated to the financial performance goal ratings applicable to the executive and (ii) the individual performance percentage payout that correlated to the executive's individual performance rating, the amount shown in the *Threshold* column represents an assumption that the Company achieves at least \$100.0 million of operating income in fiscal 2017 and fails to achieve any of its financial performance goals for fiscal 2017, and the named executive officer achieves an individual performance rating resulting in an individual performance percentage payout of 25%. For additional details on our annual, performance-based cash bonus for fiscal 2017, see *Compensation Discussion and Analysis Determination of Executive Compensation Cash Bonuses Annual, Performance-Based Cash Bonus* above.
- (16) Amounts shown are assumed paid in Canadian dollars and were converted to U.S. dollars using the applicable exchange rate on February 26, 2018 (i.e., \$0.7884), the date on which Ms. Mowbray's annual, performance-based cash bonus was approved.
- (17) Amounts shown are assumed paid in euros and were converted to U.S. dollars using the applicable exchange rate on February 26, 2018 (i.e., \$1.2319), the date on which Ms. Pollier's annual, performance-based cash bonus was approved.

* Shows grants made in fiscal 2017, which are also reported in the *Summary Compensation Table* and in the *Grants of Plan-Based Awards for Fiscal 2017* table.

(1) Amounts shown represent the closing price of our Common Stock on December 29, 2017, the last trading day on the NYSE of fiscal 2017, \$44.28, multiplied by the number of reported shares.

(2) Time-Vesting Options or RSUs, as applicable, vest one-third per year over three years on each anniversary of the grant date.

(3) RSUs vest one-third on each of May 15, 2018, May 15, 2019 and May 15, 2020.

(4) Time-Vesting Options or RSUs, as applicable, vest 25% per year over four years on each anniversary of the grant date.

(5) PSUs have both time- and performance-vesting criteria. The time-vesting criteria will be satisfied on May 15, 2020. The performance-vesting criteria will be satisfied if the Company has achieved Adjusted Operating Income (as defined in the Company's applicable term

Table of Contents

sheet for PSU awards) objectives in each fiscal year over a three-year period (i.e., fiscal 2017, fiscal 2018 and fiscal 2019). For additional details on the number of PSUs that become vested upon satisfaction of both the above vesting criteria and other material terms, see *Compensation Discussion and Analysis 2017 Executive Compensation Determinations Employee Named Executive Officers Long-Term Equity Incentive Compensation Annual Awards*. The Compensation Committee certified that the performance criteria established in connection with the third of the award relating to fiscal 2017 performance was satisfied at the maximum level of achievement of 166.67%. Accordingly, amounts shown in the *Number of Shares or Units of Stock That Have Not Vested* column reflect the number of PSUs related to such level of achievement that are no longer subject to performance-vesting criteria and are banked for future vesting upon satisfaction of the time-vesting criteria discussed above. Since the performance periods for the performance-vesting criteria for each of fiscal 2018 and fiscal 2019 had not commenced as of 2017 fiscal year-end, the number and market value of the PSUs for these years reported in the *Equity Incentive Plan Awards* columns above is based on the Company achieving the threshold level of performance of 33.33%, as the actual numbers of shares that will be issued with respect to these years is not yet determinable.

- (6) PSUs have both time- and performance-vesting criteria. The time-vesting criteria will be satisfied on the third anniversary of the grant date (i.e., May 16, 2019). The performance-vesting criteria will be satisfied if the Company has achieved a Debt Ratio (as defined in the Company's applicable term sheet for PSU awards and based on a Debt to EBITDAS ratio (each as defined therein)) as of December 29, 2018 at levels at or above a threshold level performance of 4.5x, with EBITDAS performance measured over the performance period from December 31, 2017 to December 29, 2018. The number of PSUs that become vested, if any, upon the satisfaction of both vesting criteria, shall be equal to (x) the target number of PSUs granted multiplied by (y) the applicable Debt Ratio achievement percentage (determined using linear interpolation if actual performance falls between any two levels), determined as follows, and rounded down to avoid the issuance of fractional shares:

Level of Achievement	Debt Ratio	Achievement Percentage
Below Threshold	Greater than 4.5	0%
Threshold	4.5	33.33%
Target	4.1	100%
Maximum	3.7 or Less	166.67%

Since the performance period for the performance-vesting criteria had not commenced as of 2017 fiscal year-end, the number and market value of PSUs reported in the table above is based on the Company achieving the threshold level of performance and the related 33.33% Debt Ratio achievement percentage. The actual numbers of shares that will be issued with respect to the PSUs are not yet determinable.

- (7) Time-Vesting Options vest 25% on each of the first and second anniversaries of the grant date and 50% on the third anniversary of the grant date. These options were granted as part of the previously disclosed one-time stock option exchange program to replace the previously issued special performance-based stock option awards having both time- and performance-vesting criteria (T&P Options). To participate in the option exchange, the employee named executive officer was required to tender all of his or her eligible T&P Options on a two for one basis for Time-Vesting Options.
- (8) Time-Vesting Options vest 100% on the third anniversary of the grant date.
- (9) 33,642 Time-Vesting Options were granted as Replacement Options in connection with the previously disclosed one-time stock option exchange program of which 8,410 were exercised by Ms. Pollier in fiscal 2017, see *Option Exercises and Stock Vested for Fiscal 2017* table.

POTENTIAL PAYMENTS UPON TERMINATION, RETIREMENT OR CHANGE OF CONTROL

Non-Employee Named Executive Officers

Messrs. Semmelbauer and Sobecki receive shares of fully vested Common Stock, which are subject to certain transfer restrictions, as part of their compensation for their services as non-employee directors of the Company. They also received an additional amount of such restricted shares as compensation for their services as non-employee director members of the IOCEO, which was dissolved on July 5, 2017. For additional details on the compensation received by Messrs. Semmelbauer and Sobecki for these services, and the transfer restrictions on such shares of Common Stock, see *Director Compensation*. In the event Messrs. Semmelbauer or Sobecki no longer serve on the Board of Directors, including in connection with termination, retirement or a change of control, the transfer restrictions on such shares of Common Stock would be removed. Messrs. Semmelbauer and Sobecki were not entitled to receive any of the payments or benefits discussed below in connection with their ceasing to serve as a member of the IOCEO.

Employee Named Executive Officers

Payments Made Upon Termination

Regardless of the manner in which an employee named executive officer's employment terminates (except in a for cause termination), she or he is entitled to receive amounts earned during her or his term of employment. Such amounts include, as applicable:

vested shares granted under our stock plans and the right to exercise vested stock options (x) within one year in the case of termination due to death or long-term disability, (y) other than with respect to Ms. Grossman, within 90 days of termination for any reason other than for death or long-term disability and (z) in the case of Ms. Grossman, within 90 days of termination by Ms. Grossman without good reason (as defined in the Grossman Employment Agreement) and until the applicable expiration date in the event of any termination other than for death, long-term disability or termination without good reason, including, in each case, shares and options which vested upon such termination pursuant to the terms of the applicable equity grant or any agreement with the Company;

amounts contributed and vested under the executive profit sharing plan;

amounts accrued and vested, as applicable, through the Company savings plan for U.S. salaried employees and savings plan for eligible, full-time Canadian employees; and

accrued and unpaid vacation pay.

Generally, the Company makes no payments to executives terminated for cause. The Company has no formal policy regarding severance payments or other post-termination benefits but is subject to the statutory and, in some cases, common law requirements of the countries in which it operates. For example, in the event Ms. Mowbray had been terminated by the Company on December 29, 2017 without cause, and other than as provided for in her continuity agreement (and without regard to any offset provided for in the Mowbray Employment Agreement (defined below)), the Canadian-required common law pay in lieu of notice of termination in connection with such event could have amounted to up to \$475,545⁽¹⁾ and under certain circumstances she could have been eligible for additional payments by the Company, including with respect to her fiscal 2017 annual cash bonus and other fiscal 2017 benefits, as agreed upon with the Company. In the event Ms. Pollier had been terminated by the Company on December 29, 2017 for any reason except for real or serious grounds, other than as provided for in her employment agreement and/or continuity agreement (and without regard to any offset provided for in the Pollier Side Letter (defined below)), the French-required statutory Company payments in connection with her termination could have amounted to up to \$824,600⁽²⁾ and she could have been eligible for additional discretionary Company payments as agreed upon with the Company.

From time to time, the Compensation Committee or the Board of Directors in its discretion, based upon the nature and circumstances of an individual being hired or promoted, or upon review of competitive conditions and/or the relationship of a senior executive's compensation to the compensation of other senior executives of the Company, has approved separate severance arrangements for certain employee named executive officers. For instance, in the event of her termination by the Company without cause or termination by Ms. Grossman for good reason (in each case, as defined in the Grossman Employment Agreement and other than in connection with a change of control), Ms. Grossman is entitled to the following payments and benefits: (w) an amount equal to two times salary payable in substantially equal payments during the two-year period following such termination (the Grossman Severance Term) in accordance with the Company's regular payroll practices; (x) with respect to her annual, performance-based cash bonus, (i) any unpaid annual bonus in respect of any completed fiscal year that has ended prior to the date of such termination and (ii) subject to satisfaction of the performance objectives applicable for the fiscal year in which such termination occurs, an amount equal to the annual bonus otherwise payable to her for the fiscal year in which such termination occurred, prorated based on the number of days she was employed during the year of termination, any such amounts shall be paid in a lump sum no later than the date that is 2 1/2 months following the last day of the fiscal year in which such termination occurred; (y) continued COBRA (Consolidated Omnibus Reconciliation Act) coverage under the Company's group health plan (including dental), pursuant to payment, on the first regularly scheduled payroll date of each month during the Grossman Severance Term, of an amount equal to the difference between the monthly COBRA premium cost and the monthly contribution paid by active employees for the same coverage; and (z) with respect to her equity grants, (i) the greater of 50% of her unvested Time-Vesting Options and RSUs which were granted as her hiring awards or the next tranche of such grants shall vest upon such termination, (ii) the vested Time-Vesting Options that were granted as part of her hiring awards will remain exercisable for the full seven-year term of such options and (iii) all vested options (other than the Time-Vesting Options granted as part of her hiring awards), if any, shall have at least 30 months to be exercised (but not beyond their term), such payments and benefits are contingent upon Ms. Grossman's execution and non-revocation of a general release of claims in favor of the Company and its affiliates and continued compliance with certain confidentiality, non-competition, non-solicitation and no-hire covenants set forth in the Grossman Employment Agreement. The confidentiality covenant has an indefinite term, whereas the non-competition, non-solicitation and no-hire covenants have a term of two years. Ms. Grossman's severance benefits, the amount of unvested contributions by the Company under the executive profit sharing plan, which in the event of such a termination would have vested immediately per the terms of the plans, and accrued and unpaid vacation pay would have been equal to approximately \$3,887,518⁽³⁾ if she had been so terminated on December 29, 2017. Additionally, with respect to her hiring awards, 100,000 RSUs (with an accelerated vesting value of \$4,428,000) and 650,000 Time-Vesting Options (consisting of 150,000 options with an exercise price of \$32.67, 250,000 options with an exercise price of \$40.00 and 250,000 options with an exercise price of \$60.00, with an aggregate accelerated vesting value of \$2,811,500) would immediately vest upon such termination and such Time-Vesting Options would remain exercisable until July 5, 2024. For additional details on Ms. Grossman's hiring awards and the valuation thereof, see *Compensation Discussion and Analysis 2017 Executive Compensation Determinations Employee Named Executive Officers Long-Term Equity Incentive Compensation Hiring Awards and Payments Made Upon a Change of Control Change in Control Impact on Named Executive Officers Equity-based Assumptions*, respectively.

Mr. Hotchkin is entitled to receive a lump sum cash payment equal to 12 months of salary and to 12 months of continued health coverage under Company-sponsored health plans on the same basis available to him immediately prior to termination in the event of his termination by the Company for any reason other than as provided for in his continuity agreement or for cause, subject to the execution and non-revocation of a general release of claims in favor of the Company and its affiliates. Mr. Hotchkin's severance benefits and accrued and unpaid vacation pay would have been equal to approximately \$618,415⁽⁴⁾ if he had been so terminated on December 29, 2017.

⁽³⁾ The sum of \$2,400,000 of 24 months of salary, \$1,406,529 of the prorated annual bonus with respect to fiscal 2017, \$27,577 of payments for continued COBRA coverage, \$34,950 of unvested contributions under the executive profit sharing plan and \$18,462 of accrued and unpaid vacation pay.

⁽⁴⁾ The sum of \$560,718 of 12 months of salary, \$29,480 of continued medical, dental and vision insurance coverage and \$28,217 of accrued and unpaid vacation pay.

Table of Contents

Mr. Colosi is entitled to receive a lump sum cash payment equal to 12 months of salary and to 12 months of continued health coverage under Company-sponsored health plans on the same basis available to him immediately prior to termination in the event of his termination by the Company for any reason other than as provided for in his continuity agreement or for cause, subject to the execution and non-revocation of a general release of claims in favor of the Company and its affiliates. Mr. Colosi's severance benefits and accrued and unpaid vacation pay would have been equal to approximately \$472,965⁽⁵⁾ if he had been so terminated on December 29, 2017.

Without regard to (x) the French-required statutory Company payments and additional discretionary Company payments discussed above, (y) any payments provided for in her continuity agreement and (z) any offset provided for in the Pollier Side Letter, under her employment agreement, Ms. Pollier is entitled, for the six-month period following her termination, to receive monthly compensation (including corresponding paid leave) in an amount of 75% of her average gross monthly remuneration calculated over the last 12 months preceding the notification of termination, subject to the social security contributions and other contributions required by law or the applicable collective bargaining agreements. Any such monthly compensation is subject to Ms. Pollier's compliance with her non-compete and non-solicitation obligations as set forth in her employment agreement. In addition, in the case of Ms. Pollier's breach of such obligations, she would have to reimburse the Company for any monthly compensation she received in connection with such obligations and would have to pay a fixed cash penalty set forth in her employment agreement. Ms. Pollier's non-compete severance benefits and accrued and unpaid vacation pay would have been equal to approximately \$920,427⁽⁶⁾ if she had been so terminated on December 29, 2017.

⁽⁵⁾ The sum of \$452,962 of 12 months of salary, \$9,550 of continued medical, dental and vision insurance coverage and \$10,453 of accrued and unpaid vacation pay.

⁽⁶⁾ The sum of 728,315 of six months of monthly compensation with respect to Ms. Pollier's non-compete severance benefits and 38,516 of accrued and unpaid vacation pay converted to U.S. dollars using the applicable exchange rate on December 29, 2017 (i.e., \$1.2003).

Payments Made Upon Retirement

In the event of the retirement of an employee named executive officer, she or he is entitled to receive amounts earned during her or his term of employment. Such amounts include, as applicable:

vested shares granted under our stock plans and the right to exercise vested stock options within 90 days of retirement;

amounts contributed and vested under the executive profit sharing plan;

amounts accrued and vested, as applicable, through the Company savings plan for U.S. salaried employees and savings plan for eligible, full-time Canadian employees; and

accrued and unpaid vacation pay.

The Company has also agreed in the continuity agreements with the employee named executive officers (other than Ms. Grossman) to pay the executive upon his or her retirement amounts unvested in the Company's qualified defined contribution plan and a pro rata portion of his or her annual, performance-based cash bonus calculated as set forth therein. In the event these benefits under the continuity agreement were triggered for these employee named executive officers on December 29, 2017, the following cash bonus amounts would have been paid to: Mr. Hotchkin, \$777,714, Ms. Mowbray, \$418,254⁽¹⁾; Ms. Pollier \$365,999⁽²⁾ and Mr. Colosi \$445,438. Ms. Grossman would have been entitled to \$34,950 of unvested contributions under the executive profit sharing plan, which would have vested immediately per the terms of the plan, in the event of her retirement on December 29, 2017 and the satisfaction of specified requirements under the plan. While the above-mentioned benefits for Ms. Pollier under the continuity agreement would have been triggered, Ms. Pollier's retirement would also have triggered the benefits provided under the discretionary retirement cash payment plan for the

Company's salaried French employees pursuant to which the Company has promised to pay an unsecured fixed amount out of the Company's general assets to such employees upon retirement. In the case of Ms. Pollier, such fixed amount would have been equal to \$618,118⁽³⁾ (the product of her average monthly salary times 3.5). The benefits triggered for Ms. Pollier under her continuity agreement and such discretionary retirement cash payment plan, as well as any other benefits specified in the Pollier Side Letter, would have been offset as set forth in the Pollier Side Letter. Payments Made Upon Death or Long-Term Disability

In the event of the death or long-term disability of an employee named executive officer, in addition to the earned amounts listed under the heading *Payments Made Upon Termination* above and the amounts provided under the continuity agreements described under the heading *Payments Made Upon Retirement* above, if any, the employee named executive officer may receive benefits under the Company's U.S. long-term disability plan or payments under the Company's life and/or disability insurance plans, as applicable, and, in the case of Ms. Grossman, the Grossman Employment Agreement. Additionally, Ms. Pollier may receive benefits pursuant to French statutory requirements in the event of her permanent disability. These payments and benefits are generally available to all employees, however, the amounts paid thereunder may differ by employee. For example, with respect to life insurance benefits, in the event such benefits were triggered on December 29, 2017, such benefits for each employee named executive officer would have been calculated as follows: for Ms. Grossman, she was generally eligible to receive two times the amount of her base salary at death subject to a maximum payout of \$3,000,000; for Messrs. Hotchkin and Colosi, each was generally eligible to receive two times the amount of his base salary at death subject to a maximum payout of \$1,000,000; for Ms. Mowbray, she was eligible to receive an aggregate amount of life insurance benefits up to \$954,480⁽¹⁾; and for Ms. Pollier, she was eligible to receive life insurance benefits based on a fixed calculation. In the event such benefits were triggered for the employee named executive officers on December 29, 2017 under the Company's life insurance plans, the amounts (excluding any supplemental policies purchased by the employee named executive officer at her or his own expense) each of her or his legal representatives or estates would have been eligible to receive are as follows, in the case of: Ms. Grossman \$2,402,000; Mr. Hotchkin \$1,000,000; Ms. Mowbray \$954,480⁽¹⁾; Ms. Pollier \$667,664⁽²⁾ and Mr. Colosi \$906,000. Messrs. Hotchkin and Colosi elected to participate in the Company's U.S. long-term disability plan for U.S. employees, and subject to the terms of the plan, would receive \$8,333 on a monthly basis in the event such benefits were triggered on December 29, 2017 under the plan. Ms. Mowbray is eligible for the Company's long-term disability insurance for Canadian employees, and subject to the terms of the insurance plan, could receive up to \$3,977⁽³⁾ on a monthly basis in the event such benefits were triggered on December 29, 2017 under the plan. Ms. Pollier is eligible to receive permanent disability insurance benefits based on a fixed calculation and, in the event such benefits were triggered on December 29, 2017, Ms. Pollier would have been eligible to receive \$171,685⁽⁴⁾. Additionally, in the event disability benefits pursuant to French statutory requirements were triggered on December 29, 2017 for Ms. Pollier, depending on the nature and cause of the disability, such benefits could have amounted to up to \$1,514,538⁽⁵⁾. The benefits triggered for Ms. Pollier under her continuity agreement, as well as any other benefits specified in the Pollier Side Letter, would have been offset as set forth in the Pollier Side Letter. See *Payments Made Upon a Change of Control Continuity Agreements* for additional details on the Pollier Side Letter.

Pursuant to the terms of the Grossman Employment Agreement, Ms. Grossman is entitled to (x) any unpaid annual bonus in respect of any completed fiscal year that has ended prior to the date of termination due to death or long-term disability and (y) subject to satisfaction of the performance objectives applicable for the fiscal year in which such termination occurs, an amount equal to the annual bonus otherwise payable to her for the fiscal year in which such

termination occurred, prorated based on the number of days she was employed during the year of termination, any such amounts shall be paid in a lump sum no later than the date that is 2 1/2 months following the last day of the fiscal year in which such termination occurred. In the event such benefits were triggered on December 29, 2017, Ms. Grossman would have been eligible to receive \$1,406,529.

In addition, upon the holder's termination for death or long-term disability, generally, stock option exercise rights cease one year after, RSUs (other than Ms. Grossman's RSU hiring awards) immediately vest 100%, and, in the case of PSUs, the time-vesting criteria will be deemed fully satisfied and the performance-vesting criteria shall be deemed satisfied at the target level of performance; provided, however, that if such event occurs following the end of any performance period, then the performance-based vesting criteria shall be determined based on the actual performance. See the column *Accelerated Vesting of Equity Value Stock Awards* of the *Change in Control Payment and Benefit Estimates on December 29, 2017* table for the value of the immediate vesting of RSUs and PSUs for each employee named executive officer.

Payments Made Upon a Change of Control

Change in/of Control

A change in/of control for purposes of stock awards and the continuity agreements generally consists of any of the following:

In the case of Ms. Grossman:

an acquisition by a non-affiliate of the beneficial ownership of 50% or more of the Company's voting securities (other than acquisitions by Artal, Ms. Winfrey or a Company sponsored employee benefit plan or related trust);

the consummation of a reorganization, recapitalization, merger or consolidation involving the Company unless the beneficial owners of 50% or more of the outstanding voting securities of the Company or the surviving entity, as the case may be, following the transaction are held by Artal and Ms. Winfrey or the same persons, and in substantially the same proportion, who were beneficial owners of the Company's voting stock prior to the transaction; or

the sale, transfer or other disposition of all or substantially all of the assets of the Company or the liquidation or dissolution of the Company.

In the case of the other employee named executive officers, if and only if, as a result of the occurrence thereof, any person or group other than Artal or any of its affiliates is or becomes the beneficial owner, directly or indirectly, of securities of the Company representing 50% or more of its then outstanding voting securities:

an acquisition by a non-affiliate of the beneficial ownership of 25% or more of the Company's voting securities (other than acquisitions by a Company sponsored employee benefit plan or related trust);

the current members of the Board of Directors (or their approved successors) ceasing to constitute a majority of the Board of Directors;

the consummation of a reorganization, recapitalization, merger or consolidation involving the Company unless the beneficial owners of at least 51% of the outstanding voting securities of the Company or the surviving entity, as the case may be, following the transaction are held by the same persons, and in substantially the same proportion, who were beneficial owners of the Company's voting stock prior to the transaction; or

the sale, transfer or other disposition of all or substantially all of the assets of the Company or the liquidation or dissolution of the Company.

Stock Awards

Pursuant to the Company's terms and conditions for Time-Vesting Options and/or RSU awards, unless provided otherwise by the Board of Directors or a committee thereof, Time-Vesting Options and RSUs generally fully vest and such stock options generally become exercisable immediately prior to a change of control. See *Change in/of Control*. However, in the case of Time-Vesting Options and RSUs awarded to Ms. Grossman, such vesting and immediate exercisability of stock options only occur in the event Ms. Grossman's employment is terminated in connection with a change of control which termination gives rise to severance payments and benefits under her continuity agreement. For details on Ms. Grossman's continuity agreement, see *Continuity Agreements* below. Additionally, in the event of any termination of Ms. Grossman by the Company without cause or termination by Ms. Grossman for good reason in connection with a change of control, the vested Time-Vesting Options that were granted as part of her hiring awards will remain exercisable for the full seven-year term of such options and all other vested options held by Ms. Grossman at such time, if any, shall have at least 30 months to be exercised (but not beyond their term), provided that such benefit is contingent upon Ms. Grossman's execution and non-revocation of a general release of claims in favor of the Company and its affiliates and continued compliance with certain confidentiality, non-competition, non-solicitation and no-hire covenants set forth in the Grossman Employment Agreement. Pursuant to the terms of the PSUs, unless provided otherwise by the Board of Directors or a committee thereof, the time-vesting criteria will be deemed fully satisfied and the performance-vesting criteria shall be deemed satisfied at the target level of performance upon a change of control (in the case of Ms. Grossman, upon her termination in connection with a change of control which termination gives rise to severance payments and benefits under her continuity agreement); provided, however, that if such event occurs following the end of any performance period, then the performance-based vesting criteria shall be determined based on the actual performance. Any dividend equivalents accrued with respect to RSUs and PSUs shall also be deemed to vest as set forth above. See the columns under *Accelerated Vesting of Equity Value* of the *Change in Control Payment and Benefit Estimates on December 29, 2017* table for the value of the immediate vesting of such awards for the employee named executive officers in the event such benefits were triggered on December 29, 2017.

The employee named executive officers (other than Ms. Grossman) who hold such awards remain subject during his or her employment and for one year following the termination of his or her employment to certain non-competition and non-solicitation covenants and for an unspecified amount of time to certain confidentiality and assignment of work product covenants. Ms. Grossman's awards are subject to and reaffirm the restrictive covenants contained in the Grossman Employment Agreement as described above under *Payments Made Upon Termination*.

Continuity Agreements

The Company has determined that it is in the best interests of its shareholders to reinforce and encourage the continued attention and dedication of our key executives to their duties, without personal distraction or conflict of interest in circumstances that could arise in connection with any change of control of the Company. See *Change in/of Control*. Therefore, the Company has entered into continuity agreements with our employee named executive officers and certain other senior executives.

Term. In the case of the continuity agreement entered into by Ms. Grossman and the Company, the agreement shall terminate upon the termination of Ms. Grossman's employment with the Company. In the case of the continuity agreements entered into with the other employee named executive officers and certain other senior executive, each agreement generally has an initial term of two to three years from the date of execution and continues to renew annually thereafter unless the Company provides 180-day advance written notice to the executive that the term of the agreement will not renew. However, upon the occurrence of a change in control of the Company, the term of the agreement may not terminate until the second anniversary of the date of the change in control.

Payments. With respect to the employee named executive officers, the following severance benefits will be provided if (a) in the case of Ms. Grossman, (i) during the two-year period following a change in control of us or the three-month period prior to, but in connection with, a change in control of us, her employment is terminated (x) by the Company (other than termination for cause or by reason of long-term disability) or (y) by Ms. Grossman for good reason, or (ii) an agreement is signed which would result in a change in control of us and during the period between the effective date of the agreement and a change in control of us, her employment is terminated in connection with the change in control (x) by the Company (other than termination for cause or by reason of long-term disability) or (y) by Ms. Grossman for good reason; and (b) in the case of the other employee named executive officers, (i) during the two-year period following a change in control of us, such employee named executive officer's employment is terminated (other than termination by the Company for cause or by reason of death, long-term disability or retirement), (ii) during the three-month period prior to, but in connection with, or during the two-year period following, a change in control of us, such employee named executive officer voluntarily terminates his or her employment for good reason, or (iii) an agreement is signed which would result in a change in control of us and during the period between the effective date of the agreement and a change in control of us, such employee named executive officer's employment is terminated in connection with the change in control (other than termination by the Company for cause or by reason of death, long-term disability or retirement):

cash payment equal to three times (two times in the case of Mses. Mowbray and Pollier) the sum of her or his annual base salary on the date of the change in control (or, if higher, the annual base salary in effect immediately prior to when the notice of termination is given) and her or his target annual bonus under our bonus plan in respect of the fiscal year in which the termination occurs (or, if higher, the average annual bonus actually earned by the employee named executive officer in respect of the three full fiscal years prior to the year in which the notice of termination is given);

cash payment equal to the sum of (w) all accrued but unpaid base salary and an amount representing all accrued and unused vacation days, (x) all earned and unpaid bonuses (if any), (y) in respect of the fiscal year in which the date of termination occurs, the higher of (A) the pro rata portion of the employee named executive officer's target bonus and (B) if we are exceeding the performance targets established under our bonus plan for such fiscal year as of the date of termination, the employee named executive officer's actual annual bonus payable under our bonus plan based upon such achievement (this pro rata portion in either case calculated from January 1st of such year through the date of termination), and (z) any other compensation previously deferred (excluding qualified plan deferrals by the employee named executive officer under or into our benefit plans);

three years (two years in the case of Mses. Mowbray and Pollier) of continued medical, dental, vision, and life insurance coverage (excluding accidental death and disability insurance) for the employee named executive officer and her or his dependents, provided that these benefits will terminate upon the employee named executive officer receiving comparable benefits from a subsequent employer;

continued provision of the perquisites the employee named executive officer enjoyed prior to the date of termination for a period ending on the earlier of (x) the third anniversary (the second anniversary in the case of Mses. Mowbray and Pollier) of the employee named executive officer's termination and (y) the receipt by the employee named executive officer of comparable perquisites from a subsequent employer;

immediate 100% vesting of all unvested Time-Vesting Options, stock appreciation rights, phantom stock units and restricted stock held by the employee named executive officer upon the change in control;

additional contributions by us to our qualified defined contribution plan and any other retirement plans in which the employee named executive officer participated prior to the date of termination during the period from the date of termination through the third anniversary (the second anniversary in the case of Mses. Mowbray and Pollier) of the employee named executive officer's termination; provided, however, that where such contributions may not be provided without adversely affecting the qualified status of such plan or where such contributions are otherwise prohibited by any such plans, or if the

Table of Contents

employee named executive officer other than Ms. Grossman is subject to Section 409A, the employee named executive officer shall instead receive an additional lump sum cash payment equal to the contributions that would have been made during the above period if the employee named executive officer had remained employed with us during such period;

all other accrued or vested benefits in accordance with the terms of any applicable plan of ours, including the employee named executive officer's otherwise unvested account balances in our qualified defined contribution plan, which shall become vested as of the date of termination; and

outplacement services at a cost to us of not more than \$30,000 (\$15,000 in the case of Mses. Mowbray and Pollier).

Terminations. Terminations of employment that entitle an employee named executive officer to receive severance benefits under his or her continuity agreement consist of terminations by the Company without cause or resignation by the employee named executive officer for good reason upon qualifying terminations of employment described above. The employee named executive officer, other than Ms. Grossman, is also eligible for additional payments under his or her continuity agreement if his or her termination is due to death, long-term disability or retirement. See *Payments Made Upon Death or Long-Term Disability* or *Payments Made Upon Retirement* above. The employee named executive officer is not eligible for benefits under her or his continuity agreement if her or his termination is for cause.

Certain Offsets to Payments and Benefits Provided under Continuity Agreements. Pursuant to the terms of the Grossman Employment Agreement, Ms. Grossman agreed that, in the event amounts are payable under her continuity agreement as a result of her being terminated by the Company (other than termination for cause or by reason of long-term disability) or by Ms. Grossman for good reason during the three-month period prior to, but in connection with, a change in control of us, any amounts payable to her pursuant to her continuity agreement would be offset in full by any amounts paid (or to be paid) to her pursuant to the Grossman Employment Agreement.

Pursuant to the terms of the employment agreement, dated May 8, 2017, between Ms. Mowbray and the Company (the Mowbray Employment Agreement), Ms. Mowbray agreed that any consideration payable or benefits provided to her pursuant to her continuity agreement will generally be offset in full by any amounts payable or benefits provided to her pursuant to any agreement between Ms. Mowbray and the Company or any of its affiliates, any plan, program or arrangement of the Company or any of its affiliates, or as provided for by local law.

In connection with Ms. Pollier and the Company entering into her continuity agreement, Ms. Pollier and the Company also entered into a letter agreement on September 15, 2015 (the Pollier Side Letter). Pursuant to the Pollier Side Letter, Ms. Pollier agreed that any consideration payable or benefits provided to her pursuant to her continuity agreement will generally be offset in full by any amounts payable or benefits provided to her pursuant to any agreement between Ms. Pollier and the Company or any of its affiliates, any plan, program or arrangement of the Company or any of its affiliates, or as provided for by local law.

Excess Parachute Payment Excise Taxes. Under the terms of Ms. Grossman's continuity agreement, (i) if it is determined that the parachute payments would be subject to the 280G excise tax and the net after tax amount of such parachute payments (after the payment of all taxes) is less than the net after-tax amount of the parachute payments reduced to the maximum amount payable such that none of the parachute payments would be subject to the 280G excise tax (the reduced amount), then the aggregate amount of such parachute payments to Ms. Grossman shall be reduced to such reduced amount and (ii) if it is determined that the net after tax amount of the full payment of such parachute payments is greater than the net after tax amount of the reduced amount, Ms. Grossman shall receive the aggregate parachute payments; provided that Ms. Grossman shall not be entitled to receive an additional tax gross-up payment.

Table of Contents

Under the terms of the continuity agreement for the employee named executive officers (other than Ms. Grossman), (i) if it is determined that certain payments and benefits provided under the agreement and under any other plan or arrangement with the Company and its affiliates in the aggregate would be subject to the 280G excise tax, or to any similar tax, and the aggregate value of the parachute payment exceeds a certain threshold amount calculated under the Internal Revenue Code by 5% or less, then (ii) the parachute payment will be reduced to the extent necessary so that the aggregate value of the parachute payment is equal to an amount that is less than such threshold amount; provided, however, that if the aggregate value of the parachute payment exceeds the threshold amount by more than 5%, then the executive will be entitled to receive an additional payment or payments in an amount such that, after payment by the executive of all taxes (including any interest or penalties imposed with respect to such taxes), including any excise tax imposed upon this payment, the executive retains an amount equal to the excise tax imposed upon the parachute payment.

Other. Under the continuity agreements, the employee named executive officers (other than Ms. Grossman) agreed to keep in confidence any and all confidential information concerning the Company, its shareholders, officers, directors and customers and its respective business. In addition, upon the termination of employment, such employee named executive officer will not take or keep any proprietary or confidential information or documentation belonging to the Company.

Change in Control Impact on Named Executive Officers

The table below was prepared as though a change in control occurred and the specified employee named executive officers' employment was terminated without cause or for good reason on December 29, 2017 (the last business day of fiscal 2017) using the closing price of the Company's Common Stock as of December 29, 2017 (the last trading day of fiscal 2017) which was \$44.28, each as defined in her or his continuity agreement. In addition to these assumptions, the Company believes the assumptions set forth below, which are necessary to produce these estimates, are reasonable individually and in the aggregate. However, a change in control did not occur on December 29, 2017 and the employee named executive officers specified in the table below were not terminated on that date. Therefore, there can be no assurance that a change in control in the future would produce the same or similar results as those described below.

The amounts in this column represent such amount.

General Assumptions

Ms. Grossman, Mr. Hotchkin, Mr. Colosi and Ms. Mowbray were assumed to be subject to U.S. federal, state, local (other than Ms. Mowbray) and FICA combined effective tax rate of 70.8%, 68.5%,

Table of Contents

70.8% and 68.5%, respectively, including an excise tax rate of 20% applicable to excess parachute payments pursuant to Section 4999 of the Internal Revenue Code.

Amounts shown only reflect benefits triggered under the employee named executive officer's continuity agreement and do not reflect the impact of any offset required pursuant to the Grossman Employment Agreement, Mowbray Employment Agreement and Pollier Side Letter. See *Continuity Agreements* for additional details on these required offsets.

Equity-based Assumptions

All previously unvested Time-Vesting Options and RSUs vested on December 29, 2017.

Pursuant to the terms of the PSUs, on December 29, 2017, the time-vesting criteria was deemed satisfied and the performance-vesting criteria was deemed satisfied at target level performance (i.e., 100%).

RSUs and PSUs were valued using the closing price of the Company's Common Stock on December 29, 2017.

Time-Vesting Options were valued at the greater of \$0 or the actual spread between the exercise price of the option and the closing price of the Company's Common Stock on December 29, 2017 (i.e., \$44.28 minus exercise price). This would represent the true value received by the executives upon immediate vesting of their Time-Vesting Options.

Benefit Assumptions

Each executive's target bonus is calculated based on his or her base salary and target bonus percentage at December 29, 2017 for the purposes of determining his or her severance, 2017 bonus and contributions to the executive profit sharing plan, if applicable. Ms. Grossman's target bonus is \$1,800,000, Mr. Hotchkin's target bonus is \$420,539, Ms. Mowbray's target bonus is \$285,327 (CA\$358,721⁽¹⁾), Ms. Pollier's target bonus is \$226,312 (188,547), and Mr. Colosi's target bonus is \$271,777.

The executive does not receive comparable perquisites from a subsequent employer.

Medical, dental, vision, life and car insurance, and car lease and related tax rates, as applicable, are paid at 2018 monthly rates.

Each U.S. executive is assumed to have participated in the Company's qualified defined contribution plan and any other retirement plan so long as contributions were made by or on such executive's behalf at any time during the fiscal year in which such termination occurred.

Contributions to the executive profit sharing plan are based on the executive's rate and base salary as of December 29, 2017. Each executive will receive her or his respective target bonuses in March of each year, which is deemed eligible earnings under the plan. Interest is calculated under the plan using the annualized prime rate, as published in The Wall Street Journal on December 29, 2017, plus 2%, compounded as of the end of each fiscal month. No supplemental employer contributions are made.

3% matching contribution by the Company of the executive's eligible earnings as of December 29, 2017 to the Company's savings plan for U.S. salaried employees, subject to the applicable limitations of the Internal Revenue Code as in effect in fiscal 2017.

Contributions by the Company to its savings plan for eligible, full-time Canadian employees at the maximum amount permitted by law with respect to fiscal 2017.

No reimbursement of temporary housing costs for any of the executives.

- (1) Amounts shown in Canadian dollars were converted to U.S. dollars using the applicable exchange rate on December 29, 2017 (i.e., \$0.7954).
- (2) Amounts shown in euros were converted to U.S. dollars using the applicable exchange rate on December 29, 2017 (i.e., \$1.2003).

Table of Contents

No reimbursement of moving costs for any of the executives.

No legal or professional tax services are paid for any of the executives.

Each executive is assumed to have received outplacement services provided to the fullest extent as set forth in her or his continuity agreement.

PAY RATIO DISCLOSURE

As required by Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act and Item 402(u) of Regulation S-K of the Exchange Act, we are providing the following information regarding the ratio of the annual total compensation for our principal executive officer to the median of the annual total compensation of all our employees (other than our principal executive officer) (the "CEO Pay Ratio"). Our CEO Pay Ratio is a reasonable estimate calculated in a manner consistent with Item 402(u). However, due to the flexibility afforded by Item 402(u) in calculating the CEO Pay Ratio, our CEO Pay Ratio may not be comparable to the CEO pay ratios presented by other companies. Additionally, in fiscal 2017, we hired a new principal executive officer, Ms. Grossman. Her compensation for fiscal 2017 reflects one-time compensation awards and benefits provided to attract her to the position of President and Chief Executive Officer and to facilitate her employment transition which may also impact comparability.

As of December 30, 2017, the Company had approximately 18,000 employees, a majority of whom were part-time service providers who typically worked fewer than 3 meetings a week. Our service providers are offered flexible work schedules which allow them to elect the number of meetings per week at which they provide services. Compensation for service providers is primarily comprised of pay for meetings, hourly pay for various meeting preparation and administrative activities, and sales commissions. As is permitted under the SEC rules, to determine the Company's median employee, we used gross taxable wages as our consistently applied compensation measure. We annualized this number for those full- and part-time employees who did not work the full fiscal 2017 year. We believe this consistently applied compensation measure reasonably reflects annualized compensation across our employee base. Using a determination date of October 15, 2017, we determined our median employee from our total worldwide employee workforce. After identifying our median employee, a receptionist service provider who worked on average 10.7 hours per week during fiscal 2017, we calculated the median employee's annual total compensation in accordance with the requirements of the *Summary Compensation Table*. For fiscal 2017, our median employee's annual total compensation was \$6,013 and the annual total compensation for Ms. Grossman, our principal executive officer, was \$35,524,002, which varies from her total compensation amount reported in the *Summary Compensation Table* because we have annualized her base salary, cash bonus, contributions to our executive profit sharing plan, and her annual personal benefits. Accordingly, our CEO Pay Ratio for fiscal 2017 was approximately 5,908:1.

Ms. Grossman's annual total compensation in fiscal 2017 included several one-time compensation awards and benefits, which the Company does not expect to provide in future years, including equity hiring awards of RSUs and stock options (the aggregate value, as calculated in accordance with the requirements of the *Summary Compensation Table*, of these awards was \$26,324,630) and reimbursement of certain temporary housing and moving expenses in connection with her relocation and related tax gross-up payments.

DIRECTOR COMPENSATION

The Company uses a combination of cash and equity-based compensation to attract and retain qualified candidates to serve on the Board of Directors. In setting director compensation for non-employee directors, the Board of Directors considers the significant amount of time that directors expend in fulfilling their duties to the Company as well as the skill level required by the Company of members of the Board of Directors. Directors who are employees of the Company receive no compensation for their service as directors.

Compensation Paid to Directors

In fiscal 2017, the Compensation Committee reviewed the Company's non-employee director compensation policy which had been in place since 2006. Given the increased and evolving responsibilities and demands on directors of public companies and competitive conditions for public company director candidates, and other considerations presented by the Compensation Committee, the Board of Directors determined to increase the annual compensation payable to non-employee directors of the Company. In addition to and in connection with the above review, the Board of Directors determined to increase certain compensation payable to directors serving on committees of the Board of Directors. The new compensation policy was effective as of the beginning of fiscal 2017 and is summarized below.

Cash and Stock Compensation Paid to Directors

Members of the Board of Directors who are not employees of the Company are entitled to receive annual compensation of \$150,000 (as compared to \$75,000 under the prior policy), payable quarterly, half in cash and half in fully vested Common Stock. The number of shares of Common Stock granted quarterly is determined by averaging the closing price of the Common Stock on the NYSE for the last five trading days of each fiscal quarter. This average price is then used to determine the number of shares required to satisfy the share portion of the director's quarterly fees. Any fractional shares are paid in cash.

Non-employee directors are also reimbursed for their reasonable out-of-pocket expenses related to their services as a member of the Board of Directors or one of its committees. The Company also reimburses certain expenses incurred by directors in connection with attending director education programs as well as memberships in director organizations.

Compensation Paid to Directors Serving on Committees of the Board of Directors

Each director serving as a member of the Audit Committee is entitled to receive \$10,000 per annum, payable quarterly, in cash. Each director who serves as Audit Committee chair is entitled to receive \$12,500 (as compared to \$10,000 under the prior policy) per annum, payable quarterly, in cash, in addition to the annual amount payable for being a member of the Audit Committee. Also, each director serving as a member of the Compensation Committee is entitled to receive \$6,000 (as compared to \$4,000 under the prior policy) per annum, payable quarterly, in cash.

On March 6, 2018, the Board of Directors established the NCG Committee and determined, upon the recommendation of the Compensation Committee, that each director serving as a member of the NCG Committee is entitled to receive \$6,000 per annum, payable quarterly, in cash.

Compensation Paid to Directors Who Served as Members of the Interim Office of the Chief Executive Officer

Each director who served as a member of the IOCEO was entitled to receive \$30,000 per month payable in fully vested Common Stock. Except with respect to shares of Common Stock granted for services during fiscal 2016, which were all granted quarterly on January 3, 2017, such shares of Common Stock were granted monthly.

Table of Contents

Following the end of each applicable fiscal month, the number of shares payable for that month was determined by averaging the closing price of the Common Stock on the NYSE for the last five trading days of such fiscal month. This average price was then used to determine the number of shares required to satisfy such fees. Any fractional shares were paid in cash. The IOCEO dissolved upon the appointment of Ms. Grossman as President and Chief Executive Officer effective July 5, 2017.

Transfer Restrictions on Director Equity-Based Compensation

Our non-employee directors are not subject to any minimum share ownership requirement. However, all equity-based compensation described above is paid in the form of shares of fully vested Common Stock and such shares are subject to restrictions on transfer so that they cannot be sold or transferred until the applicable director is no longer serving on the Board of Directors. In connection with its review of non-employee director compensation in fiscal 2017, the Board of Directors approved the earlier removal of such transfer restrictions to the extent that following the proposed sale or transfer of any such shares, the applicable director continues to hold shares of Common Stock with a value of at least \$600,000 in the aggregate, such value based on the closing price of the Common Stock on the date of such director's request for permission to consummate such sale or transfer pursuant to the Company's Amended and Restated Securities Trading Policy, and any successor policy thereof.

Director Summary Compensation Table

The following table sets forth information concerning the compensation of our directors (other than Messrs. Semmelbauer and Sobecki who are former members of the IOCEO and Ms. Grossman who is President and Chief Executive Officer, each of whom is a named executive officer) for fiscal 2017.

TRANSACTIONS WITH RELATED PERSONS AND CERTAIN CONTROL PERSONS

Review, Approval or Ratification of Related Person Transactions

The Company's Board of Directors has adopted a written Related Person Transaction Policy, which sets forth the Company's policies and procedures for the review and approval or ratification of transactions with related persons. The procedures cover related person transactions between the Company and any related person (as defined in Item 404(a) of Regulation S-K of the Exchange Act), which includes our directors or director nominees, our executive officers, security holders who beneficially own more than 5% of our Common Stock, or the immediate family members of any of the foregoing. More specifically, the procedures cover transactions, arrangements or relationships in which the Company was or is to be a participant, the amount involved exceeds \$120,000, and a related person had or will have a direct or indirect material interest.

The Company's legal department is primarily responsible for the development and implementation of processes and controls to obtain information with respect to related person transactions and for then determining, based on the facts and circumstances, whether a related person has a direct or indirect material interest in the transaction. The Audit Committee (or another appropriate approving body, a majority of which is disinterested directors) (the Approving Body) reviews and determines whether to approve or ratify any related person transaction that is required to be disclosed under Item 404(a) of Regulation S-K of the Exchange Act, and any material amendment or modification to a related person transaction. To assist the Approving Body in such review, Company management must disclose certain information regarding the transactions at issue. In the course of its review and approval or ratification of a related person transaction, the Approving Body considers all relevant facts and circumstances, including, without limitation:

the relationship of the related person to the Company;

the nature and extent of the related person's interest in the transaction;

the material terms of the transaction, including, without limitation, the amount and type of transaction;

the importance and fairness of the transaction both to the Company and to the related person;

the business rationale for engaging in the transaction;

whether the transaction would likely impair the judgment of a director or executive officer to act in the best interest of the Company;

whether the value and the terms of the transaction are substantially similar as compared to those of similar transactions previously entered into by the Company with non-related persons, if any; and

any other matters that management or the Approving Body deem appropriate.

Additionally, any employment relationship or transaction involving an executive officer and any related compensation must be approved by the Compensation Committee or recommended by the Compensation Committee to the Board of Directors for its approval.

Registration Rights Agreement

Edgar Filing: WEIGHT WATCHERS INTERNATIONAL INC - Form DEF 14A

Simultaneously with the closing of our acquisition by Artal in 1999, we entered into a Registration Rights Agreement with Artal and H.J. Heinz Company (Heinz). The Registration Rights Agreement grants Artal the right to require us to register shares of our Common Stock for public sale under the Securities Act of 1933, as amended, (1) upon demand and (2) in the event that we conduct certain types of registered offerings. Heinz has sold all shares of our Common Stock held by it and accordingly no longer has any rights under this agreement. The Invus Group, LLC (Invus) is the exclusive investment advisor to Artal. The principals of Invus have received customary compensation from Artal in connection with transactions under this Registration Rights

Agreement. Certain of our directors (Messrs. Debbane, Amouyal, Fajgenbaum and Sobecki) are principals of Invus. Until December 31, 2006, when he became a co-founder and Managing Partner of Invus Financial Advisors, LLC, a New York-based investment firm, Mr. Lainovic was a principal of Invus. Mr. Debbane is also the Chief Executive Officer and a director of Artal Group S.A.

Corporate Agreement

We entered into a Corporate Agreement with Artal in November 2001, which was amended in July 2005. Under the Corporate Agreement and subject to certain conditions, we agreed that Artal has the right to nominate a number of directors approximately equal to its ownership percentage multiplied by the number of directors on the Board of Directors.

We also agreed with Artal that both we and Artal have the right to:

engage in the same or similar business activities as the other party;

do business with any customer or client of the other party; and

employ or engage any officer or employee of the other party.

Neither Artal nor we, nor our respective related parties, will be liable to each other as a result of engaging in any of these activities.

Under the Corporate Agreement, if one of our officers or directors who also serves as an officer, director or advisor of Artal becomes aware of a potential transaction related primarily to the group education-based weight-loss business or an Internet diet business, as defined, that may represent a corporate opportunity for both Artal and us, the officer or director has no duty to present that opportunity to Artal, and we will have the sole right to pursue the transaction if the Board of Directors so determines. If one of our officers or directors who also serves as an officer, director or advisor of Artal becomes aware of any other potential transaction that may represent a corporate opportunity for both Artal and us, the officer or director will have a duty to present that opportunity to Artal, and Artal will have the sole right to pursue the transaction if Artal so determines. If one of our officers or directors who does not serve as an officer, director or advisor of Artal becomes aware of a potential transaction that may represent a corporate opportunity for both Artal and us, neither the officer nor the director nor we have a duty to present that opportunity to Artal, and we may pursue the transaction if the Board of Directors so determines. If any officer, director or advisor of Artal who does not serve as an officer or director of us becomes aware of a potential transaction that may represent a corporate opportunity for both Artal and us, none of the officer, director, advisor, or Artal has a duty to present that opportunity to us, and Artal may pursue the transaction if it so determines.

If Artal transfers, sells or otherwise disposes of our then outstanding voting stock, the transferee will generally succeed to the same rights that Artal has under the Corporate Agreement by virtue of its ownership of our voting stock, subject to Artal's option not to transfer those rights.

and its programs, products and services (including in advertising, promotion, materials and content), and we granted Ms. Winfrey the right to use our WEIGHT WATCHERS marks to collaborate with and promote the Company and its programs, products and services. The Strategic Collaboration Agreement has an initial term of five years, with additional successive one year renewal terms. During this period, Ms. Winfrey will consult with us and participate in developing, planning, executing and enhancing the Weight Watchers program and related initiatives, and provide us with services in her discretion to promote the Company and its programs, products and services, including in advertisements and promotions, and making personal appearances on our behalf. Ms. Winfrey will not grant anyone but the Company the right to use her name, image, likeness or endorsement for or in connection with any other weight loss or weight management programs during the term of the Strategic Collaboration Agreement, and she will not engage in any other weight loss or weight management business, program, products, or services during the term of the Strategic Collaboration Agreement and for one year thereafter.

On the Partnership Date, we entered into a Share Purchase Agreement with Ms. Winfrey (the "Winfrey Purchase Agreement") pursuant to which we issued and sold to Ms. Winfrey an aggregate of 6,362,103 shares of Common Stock for an aggregate cash purchase price of \$43,198,679. Pursuant to the Winfrey Purchase Agreement, the purchased shares could not be transferred by Ms. Winfrey within the first two years of the Partnership Date, subject to certain limited exceptions. Thereafter, under the terms of the Winfrey Purchase Agreement, Ms. Winfrey may generally transfer up to 15% of the purchased shares prior to the third anniversary of the Partnership Date, up to 30% of the purchased shares prior to the fourth anniversary of the Partnership Date and up to 60% of the purchased shares prior to the fifth anniversary of the Partnership Date. On or after the fifth anniversary of the Partnership Date, Ms. Winfrey will be permitted to transfer all of the purchased shares. The purchased shares are also subject to a right of first offer and right of first refusal held by the Company. Under the Winfrey Purchase Agreement, Ms. Winfrey has certain demand registration rights and piggyback rights with respect to these purchased shares. The Winfrey Purchase Agreement also provides Ms. Winfrey with the right to be nominated as director of the Company for so long as she and certain permitted transferees own at least 3% of our issued and outstanding Common Stock.

In consideration of Ms. Winfrey entering into the Strategic Collaboration Agreement and the performance of her obligations thereunder, on the Partnership Date, we granted Ms. Winfrey a fully vested option to purchase 3,513,468 shares of Common Stock (the "Winfrey Option"). The term sheet for the Winfrey Option, which includes the terms and conditions appended thereto, relating to the grant of the Winfrey Option is referred to herein as the "Winfrey Option Agreement". The Winfrey Option is exercisable at a price of \$6.97 per share, in whole or in part, at any time prior to October 18, 2025, subject to earlier termination under certain circumstances, including if (i) the Strategic Collaboration Agreement expires as a result of Ms. Winfrey's decision not to renew the term of such agreement and (ii) a change in control (as defined in the Winfrey Option Agreement) of the Company occurs. Subject to certain limited exceptions, pursuant to the Winfrey Option Agreement, the shares issuable upon exercise of the Winfrey Option generally could not be transferred by Ms. Winfrey within the first year of the Partnership Date. Thereafter, under the terms of the Winfrey Option Agreement, Ms. Winfrey generally may have transferred up to 20% of the shares issuable upon exercise of the Winfrey Option prior to the second anniversary of the Partnership Date, up to 40% of such shares prior to the third anniversary of the Partnership Date, up to 60% of such shares prior to the fourth anniversary of the Partnership Date and up to 80% of such shares prior to the fifth anniversary of the Partnership Date. On or after the fifth anniversary of the Partnership Date, Ms. Winfrey will be permitted to transfer all of the shares issuable upon exercise of the Winfrey Option. The shares issuable upon exercise of the Winfrey Option are also subject to a right of first offer and right of first refusal held by the Company.

In March 2018, as permitted under the Winfrey Purchase Agreement and the Winfrey Option Agreement transfer provisions, Ms. Winfrey sold 954,315 of the purchased shares discussed above and exercised a portion of the Winfrey Option resulting in the sale of 1,405,387 shares issuable under such option, respectively. For additional details on Ms. Winfrey's equity holdings in the Company, see the "Security Ownership of Weight Watchers" table.

Table of Contents

In connection with Ms. Winfrey's purchase of Common Stock and the grant of the Winfrey Option described above, Artal Luxembourg entered into a Voting Agreement with Ms. Winfrey on the Partnership Date (the "Voting Agreement"), pursuant to which Ms. Winfrey agreed to vote all of her Common Stock or preferred stock of the Company and other securities convertible into or exercisable or exchangeable for any Common Stock or preferred stock of the Company so as to elect as directors such nominees designated by Artal. The Voting Agreement terminates on the date that any of the following occurs: (i) Artal (and certain permitted transferees) and Ms. Winfrey (and certain permitted transferees) collectively own less than 50% of the issued and outstanding Common Stock, (ii) Ms. Winfrey then has the right to be nominated as a director and has met certain eligibility requirements under the Winfrey Purchase Agreement, but is not elected as a director of the Company, (iii) Ms. Winfrey (and certain permitted transferees) collectively own less than 1% of the issued and outstanding Common Stock, (iv) the voting and related arrangements in the Voting Agreement, in our reasonable determination, constitutes a change of control in any of our debt agreements or (v) the parties to the Voting Agreement terminate such agreement by written consent.

As a result of entering into the Voting Agreement, Artal and Ms. Winfrey are acting as a group within the meaning of Section 13(d)(3) or Section 14(d)(2) of the Exchange Act. Accordingly, we continue to qualify as a controlled company under the applicable rules of the NYSE.

Section 16(a) of the Exchange Act requires our directors, officers and beneficial owners of more than 10% of our Common Stock (collectively, Reporting Persons) to file with the SEC and NYSE initial reports of ownership and reports of changes in ownership of our Common Stock. Such persons are required by regulations of the SEC to furnish us with copies of all such filings. Based on our records and written representations from our directors and officers, we believe that all such Reporting Persons complied with all Section 16(a) filing requirements in fiscal 2017.

Procedures for Submitting Shareholder Proposals

The Company currently intends to hold its next annual meeting of shareholders, the 2019 Annual Meeting, in May 2019.

Pursuant to Rule 14a-8 under the Exchange Act, shareholders may present proper proposals for inclusion in the Company's 2019 proxy statement and proxy card by submitting their proposals to the Company on or before December 6, 2018. In addition, all shareholder proposals requested to be included in the Company's proxy statement and proxy card must also comply with the requirements set forth in the federal securities laws, including Rule 14a-8, in order to be included in the Company's proxy statement and proxy card for the 2019 Annual Meeting.

In addition, the Company's Bylaws establish an advance notice procedure with regard to certain matters, including nominations of persons for election as directors and shareholder proposals included in the Company's proxy statement, to be brought before an annual meeting of shareholders. In general, notice must be received by the Corporate Secretary of the Company not less than 120 days nor more than 150 days prior to the anniversary date of the proxy statement in connection with the immediately preceding annual meeting and must contain specified information concerning the matters to be brought before such meeting and concerning the shareholder proposing such matters. Therefore, to be presented at the 2019 Annual Meeting, such a proposal must be received by the Company on or after November 6, 2018 but no later than December 6, 2018. If the date of the annual meeting is more than 30 days earlier or later than the anniversary date of the prior year's annual meeting, notice must be received not less than 60 days prior to such annual meeting. Copies of the Company's Bylaws may be obtained free of charge by contacting the Corporate Secretary at Weight Watchers International, Inc., 675 Avenue of the Americas, 6th Floor, New York, New York 10010, (212) 589-2700.

All notices of proposals by shareholders, whether or not to be included in the Company's proxy materials, should be sent to the attention of the Corporate Secretary at Weight Watchers International, Inc., 675 Avenue of the Americas, 6th Floor, New York, New York 10010.

Shareholders of Record with Multiple Accounts

SEC rules permit a single set of annual reports and proxy statements to be sent to any household at which two or more shareholders reside. Each shareholder continues to receive a separate proxy card. This procedure is referred to as "householding". While the Company does not household its mailings to its shareholders of record, a number of brokerage firms with account holders who are Company shareholders have instituted householding.
