As previously announced, on May 31, 2018, Seaspan Corporation (the **Company**) and Fairfax Financial Holdings Limited, through certain affiliates (collectively, **Fairfax**), entered into a definitive agreement (the **Agreement**) pursuant to which Fairfax, among other things, agreed to exercise the warrants that were issued by the Company in February 2018 to purchase 38,461,539 Class A common shares of the Company (**February Common Shares**) at an exercise price of \$6.50 per share (the **February Warrants**), such exercise to occur in July 2018 (the **Warrant Exercise**). On July 16, 2018, Fairfax exercised the February Warrants and received the February Common Shares.

In consideration for the early exercise of the Warrants by Fairfax, the Company agreed pursuant to the Agreement to, among other things, (1) issue to Fairfax warrants to acquire 25,000,000 Common Shares (the **July Warrants**), and (2) amend the terms of the debentures that were issued on February 14, 2018 (the **2025 Notes**) to allow Fairfax to require the Company to repurchase some or all of the Notes on each respective anniversary date of issuance to the respective seven year maturity date.

Warrant Agreement

On July 16, 2018, the Company entered into a warrant agreement (the **Warrant Agreement**) with Fairfax. The Warrant Agreement establishes the terms of the July Warrants to purchase 25,000,000 Class A common shares of the Company (the **Common Shares**) issued by the Company to Fairfax. The Warrant Agreement provides that each July Warrant entitles the holder thereof to purchase one Common Share at an exercise price of \$8.05 (subject to adjustments provided in the Warrant Agreement), which July Warrant is exercisable at any time prior to July 16, 2025. Holders of the July Warrants may exercise the July Warrants by paying cash or through a cashless exercise. At any time after July 16, 2022, the Company may require all holders of July Warrants to exercise their July Warrants, in whole or in part, if the fair market value of a Common Share, as determined in accordance with the Warrant Agreement, equals or exceeds two times the exercise price on the third trading day prior to the date on which the Company delivers notice of the required exercise. The number of Common Shares issuable upon exercise of the July Warrants is subject to certain anti-dilution adjustments for, among other things: splits or combinations of Common Shares; distributions on Common Shares paid in Common Shares, other securities, property or rights; dividends in excess of the current quarterly rate; a Company tender or exchange offer; issuances of Common Shares (or securities convertible into or exchangeable for Common Shares) in non-public offerings at a per Common Share price below a specified discount to the then Common Share fair market value; and similar transactions. If Fairfax breaches its obligation under the Agreement to conclude a subsequent exercise of additional warrants in January 2019, one half of the July Warrants will be cancelled.

The Warrant Agreement is filed as Exhibit 4.9 to this Report on Form 6-K and is incorporated herein by reference. The description of the Warrant Agreement in this Report on Form 6-K is a summary and is qualified in its entirety by the terms of the Warrant Agreement.

Registration Rights Agreement

On July 16, 2018, the Company and Fairfax entered into a registration rights agreement (the **Registration Rights Agreement**). Under the Registration Rights Agreement, the Company has agreed, on or prior to 75 days after July 16, 2018 (the **Issue Date**), to file a registration statement covering the resale of the Common Shares issuable upon exercise of the July Warrants (the **Registrable Securities**).

The Registration Rights Agreement further provides Fairfax with the right to demand that the Company register the Registrable Securities in an underwritten offering, as well as the right to include the Registrable Securities in any underwritten offering of Common Shares initiated by the Company or any other shareholder, subject to customary exceptions and limitations.

Edgar Filing: Seaspan CORP - Form 6-K

The Company will be obligated to pay cash payments to the holders of July Warrants, as applicable, if, among other things, (a) it fails to comply with its obligations to register the Registrable Securities within the time period specified in the Registration Rights Agreement, or (b) the applicable registration statements cease to be effective or the Company suspends use of such registration statements by the holders of the July Warrants under certain circumstances and beyond permitted time periods. The Registration Rights Agreement provides that all registration expenses, including the reasonable fees and expenses of any counsel on behalf of the holders of the Registrable Securities, will be borne by the Company.

The Registration Rights Agreement is filed as Exhibit 4.10 to this Report on Form 6-K and is incorporated herein by reference. The description of the Registration Rights Agreement in this Report on Form 6-K is a summary and is qualified in its entirety by the terms of the Registration Rights Agreement.
