ENBRIDGE ENERGY PARTNERS, L.P.

MERGER PROPOSAL YOUR VOTE IS VERY IMPORTANT

November 9, 2018

To the Unitholders of Enbridge Energy Partners, L.P.:

On September 17, 2018, Enbridge Energy Partners, L.P., which is referred to as "EEP", entered into an Agreement and Plan of Merger (which, as may be amended from time to time, is referred to as the "Merger Agreement") with the general partner of EEP, which is Enbridge Energy Company, Inc. (the "General Partner"), Enbridge Energy Management, L.L.C., which is the delegate of the General Partner (the "GP Delegate" or "EEQ"), Enbridge Inc. ("Enbridge"), Enbridge (U.S.) Inc., Winter Acquisition Sub II, LLC ("Merger Sub") and, solely for the purposes of Article I, Article II and Article XI therein, Enbridge US Holdings Inc. The Merger Agreement provides that Merger Sub will be merged with and into EEP, with EEP being the surviving entity and becoming an indirect wholly owned subsidiary of Enbridge (the "Merger"). As a result of the Merger, Enbridge will acquire indirectly all of the outstanding Class A common units representing limited partner interests in EEP (the "Class A common units") that Enbridge and its subsidiaries do not already own.

A special committee composed of independent members of the board of directors of the GP Delegate, which is referred to as the "Special Committee", the board of directors of the GP Delegate, which is referred to as the "GP Delegate Board", and the board of directors of the General Partner, which is referred to as the "GP Board", each have determined that the Merger is fair and reasonable to EEP, including the holders of the outstanding units of EEP (other than Enbridge and its affiliates), and have approved the Merger Agreement and the Merger. The approval of the Merger Agreement and the Merger by EEP requires the affirmative vote of (1) the holders of at least 66 $\frac{2}{3}$ % of the outstanding EEP units (excluding the Class F units of EEP), and (2) the holders of a majority of the outstanding Class A common units (other than any Class A common units held by Enbridge and its affiliates) and the outstanding i-units (other than i-units voted at the direction of Enbridge and its affiliates), voting together as a single class, in each case entitled to vote on such matter at the special meeting or any adjournment or postponement thereof.

If the Merger is successfully completed, each outstanding Class A common unit not owned by Enbridge or any of its subsidiaries will be converted into the right to receive 0.335 of an Enbridge common share, which common shares are referred to as "Enbridge common shares" and such exchange ratio is referred to as the "Exchange Ratio". Based on the number of Enbridge common shares and Class A common units that are outstanding as of November 5, 2018 (other than any Class A common units owned by Enbridge or its subsidiaries), the number of Enbridge common shares issued in exchange for Class A units as a result of the proposed Merger would represent approximately 4.0% of the Enbridge common shares outstanding (or approximately 3.6% if the proposed Merger and the Other Merger Transactions were successfully completed, based on the number of Enbridge common shares expected to be issued in the proposed Merger and the Other Merger Transactions (as defined and described below) in accordance with the respective transaction agreements, and the number of outstanding Enbridge common shares and outstanding shares or units, as the case may be, of each of EEP, EEQ, SEP and ENF (each of SEP and ENF, as defined below), as of

November 5, 2018). The actual number of Enbridge common shares issued in the Merger will be determined by *multiplying* the Exchange Ratio by the number of issued and outstanding Class A common units held by Unaffiliated EEP Unitholders as of the closing date of the Merger. The actual number of Enbridge common shares issued in each of the Other Merger Transactions will be determined by *multiplying* the applicable exchange ratio by the number of publicly held shares or units of the acquired entity as of the closing date of each such transaction.

Enbridge has also entered into definitive agreements to acquire, in separate combination transactions, all of the outstanding equity securities that Enbridge does not already own of (1) the GP Delegate, (2) Spectra Energy Partners, LP (SEP), and (3) Enbridge Income Fund Holdings Inc. (ENF), which transactions are referred to separately as the EEQ merger , the SEP merger and the ENF plan of arrangement , respectively, and collectively as the Other Merger Transactions .

Table of Contents

EEQ will hold a special meeting of its shareholders to obtain their approval of the applicable merger agreement. **Completion of the EEQ merger is contingent on the completion of the Merger, while none of the Merger or the SEP merger are conditioned on the completion of any of the Other Merger Transactions.** SEP will solicit consents in order to obtain the requisite approval of the SEP unitholders. The consents of Enbridge and its subsidiaries (other than SEP) to the SEP merger are sufficient to approve the SEP merger and the related merger agreement. On November 8, 2018, Enbridge and ENF completed the previously announced ENF plan of arrangement pursuant to Section 193 of the *Business Corporations Act* (Alberta).

We are holding a special meeting of EEP unitholders on December 17, 2018 at 10:00 a.m., local time, at the Hilton Houston Post Oak by the Galleria, 2001 Post Oak Boulevard, Houston, Texas 77056, to obtain your vote to approve the Merger Agreement. **Your vote is very important, regardless of the number of EEP units that you own. The Merger cannot be completed unless two-thirds of the outstanding EEP units (excluding the Class F units of EEP) and a majority of the outstanding Class A common units and i-units (other than Class A common units held by or i-units voted at the direction of Enbridge and its affiliates, and voting as a single class) are voted for the approval of the Merger Agreement at the special meeting. Therefore, your failure to vote your EEP units will have the same effect as a vote against approval of the Merger Agreement.**

The Special Committee, the GP Delegate Board and the GP Board each recommend that EEP unitholders vote FOR the approval of the Merger Agreement, and the GP Delegate Board and the GP Board each recommend that EEP unitholders vote FOR the adjournment of the special meeting from time to time if necessary to solicit additional proxies if there are not sufficient votes to approve the Merger Agreement at the time of the special meeting.

The Class A common units are traded on the New York Stock Exchange (the NYSE) under the symbol EEP , and the Enbridge common shares are traded on the NYSE and the Toronto Stock Exchange (the TSX) under the symbol ENB . The last reported sale price of Enbridge common shares on the NYSE on November 8, 2018, was US\$32.90. The last reported sale price of the Class A common units on the NYSE on November 8, 2018, was US\$10.76.

On behalf of the GP Board, I invite you to attend the special meeting. Whether or not you expect to attend the special meeting in person, we urge you to submit your proxy as promptly as possible through one of the delivery methods described in the accompanying proxy statement/prospectus.

In addition, we urge you to read carefully the accompanying proxy statement/prospectus (and the documents incorporated by reference into it), which includes important information about the Merger Agreement, the proposed Merger, the Other Merger Transactions and the special meeting. Please pay particular attention to the section titled Risk Factors beginning on page 33 of the accompanying proxy statement/prospectus.

On behalf of the GP Board, thank you for your continued support.

Sincerely,

Jeffrey A. Connelly

Chairman of the Board of Directors

QUESTIONS AND ANSWERS

*The following section provides brief answers to certain questions that you may have regarding the Merger Agreement and the proposed Merger. Please note that this section does not address all issues that may be important to you as a holder of EEP units. Accordingly, you should carefully read this entire proxy statement/prospectus, including each of the annexes, and the documents that have been incorporated by reference into this proxy statement/prospectus. Please read the section titled *Where You Can Find More Information* beginning on page 166.*

Q: Why am I receiving these materials?

A: This proxy statement/prospectus is being provided by the GP Board to holders of EEP units in connection with the proposed Merger and the issuance of Enbridge common shares to holders of Class A common units in connection with the proposed Merger.

Q: What is the proposed transaction?

A: Enbridge and EEP have agreed that Enbridge will acquire EEP by merging Merger Sub, a wholly owned subsidiary of Enbridge, with and into EEP, with EEP surviving the Merger as an indirect wholly owned subsidiary of Enbridge, under the terms of the Merger Agreement described in this proxy statement/prospectus and attached as Annex A to this proxy statement/prospectus. As a result of the Merger, each issued and outstanding Class A common unit, other than the Excluded Units, will be converted into the right to receive 0.335 of an Enbridge common share. The Excluded Units will remain outstanding and will not be affected by the Merger and no consideration will be delivered in respect thereof.

The Merger will become effective at the Effective Time.

Q: Who is soliciting my proxy?

A: Your proxy is being solicited by the GP Board.

Q: When and where is the special meeting?

A: The special meeting will be held on December 17, 2018 at 10:00 a.m., local time, at the Hilton Houston Post Oak by the Galleria, 2001 Post Oak Boulevard, Houston, Texas 77056.

Q: What matters will be voted on at the special meeting?

A: You will be asked to consider and vote on the following proposals:

Merger Agreement: To approve the Merger Agreement; and

Adjournment: To approve any motion to adjourn the special meeting from time to time to a later date to solicit additional proxies if there are insufficient votes at the time of the special meeting to approve the proposal on the Merger Agreement.

Q: How do the Special Committee, the GP Delegate Board and the GP Board recommend that I vote on the proposals?

A: The Special Committee recommends that you vote:

FOR the proposal to approve the Merger Agreement.

Table of Contents

The GP Delegate Board and the GP Board each recommend that you vote:

FOR the proposal to approve the Merger Agreement; and

FOR any adjournment proposal.

For a discussion of each proposal, see the sections titled *The Merger Recommendation of the Special Committee* beginning on page 72, *The Merger Recommendation of the GP Delegate Board* beginning on page 72, *The Merger Recommendation of the GP Board* beginning on page 72 and *The Merger Reasons for the Recommendation of the Special Committee* beginning on page 72.

Q: Who is entitled to vote at the special meeting?

A: Only holders of Outstanding EEP units as of the close of business on November 5, 2018, will be entitled to notice of, and to vote at, the special meeting or any adjournment or postponement thereof. November 5, 2018 is referred to as the Record Date for the purposes of the special meeting.

Q: What constitutes a quorum for the special meeting?

A: A quorum is the number of units that must be present, in person or by proxy, in order for business to be transacted at a meeting of the EEP unitholders. A quorum of EEP unitholders is required to approve the Merger Agreement at the special meeting, but not to approve any adjournment of the meeting. The presence, in person or by proxy, of EEP unitholders representing 66 $\frac{2}{3}$ % of the Outstanding EEP units on the Record Date will constitute a quorum for the special meeting.

Q: What vote is required to approve the proposals?

A: The approval of the Merger Agreement and the Merger by EEP requires the affirmative vote by (1) the holders of at least 66 $\frac{2}{3}$ % of the Outstanding EEP units, and (2) the holders of a majority of the outstanding Class A common units (other than any Class A common units held by Enbridge and its affiliates) and the outstanding i-units (other than i-units voted at the direction of Enbridge and its affiliates), voting together as a single class, in each case entitled to vote on such matter at the special meeting or any adjournment or postponement thereof. Pursuant to the terms of the EEP Partnership Agreement, the General Partner may adjourn the special meeting from time to time without limited partner action as described under *The Special Meeting Adjournments*. Adjournment of the special meeting by EEP limited partner action requires (1) if a quorum does not exist, the affirmative vote of the holders of a majority of the outstanding EEP units represented either in person or by proxy at the special meeting or (2) if a quorum does exist, the affirmative vote of 66 $\frac{2}{3}$ % of the outstanding EEP units represented either in person or by proxy at the special meeting.

Pursuant to the terms of the Merger Agreement, Enbridge and certain of its subsidiaries, which as of November 5, 2018 beneficially owned approximately 148.3 million Outstanding EEP units (inclusive of the approximately 11.5 million i-units corresponding to the number of shares of the GP Delegate indirectly owned by Enbridge) representing approximately 32.9% of the Outstanding EEP units, have agreed that, at the special meeting and at any meeting of holders of listed shares of EEQ held for the purpose of determining how the i-units shall be voted, it will vote, or cause to be voted, to the extent permitted under the organizational documents of EEQ, any EEP units or listed shares of EEQ then owned beneficially or of record by it or any of its subsidiaries, in favor of the approval of the Merger Agreement.

ENBRIDGE SHAREHOLDERS ARE NOT BEING ASKED FOR A CONSENT OR PROXY AND ENBRIDGE SHAREHOLDERS ARE REQUESTED NOT TO SEND ENBRIDGE A CONSENT OR PROXY.

Q: How are votes counted?

A: For the proposal to approve the Merger Agreement, you may vote FOR, AGAINST or ABSTAIN. Abstentions will not be counted as votes cast or EEP units voting on the proposal to approve the Merger

Table of Contents

Agreement, but will count for the purpose of determining whether a quorum is present. If you abstain, it will have the same effect as if you voted against the proposal to approve the Merger Agreement. Failure to submit your proxy or to attend the meeting will also have the same effect as a vote against the proposal to approve the Merger Agreement. In addition, if your EEP units are held in the name of a bank, broker, nominee, trust company or other fiduciary, your bank, broker, nominee, trust company or other fiduciary will not be entitled to vote your EEP units on the proposal to approve the Merger Agreement in the absence of specific instructions from you.

These non-voted EEP units will not be counted as present for purposes of determining a quorum and will have the effect of a vote against the approval of the Merger Agreement.

For any adjournment proposal, you may vote FOR, AGAINST or ABSTAIN. If you abstain, it will have the same effect as a vote against this proposal. Failure to submit your proxy and to attend the meeting will have no effect on the outcome of any vote to adjourn the special meeting if a quorum is not present. If a quorum is present, it will have the same effect as a vote against any adjournment proposal. In addition, if your EEP units are held in the name of a bank, broker, nominee, trust company or other fiduciary, your bank, broker, nominee, trust company or other fiduciary will not be entitled to vote your EEP units on this proposal in the absence of specific instructions from you. These non-voted EEP units will not be counted as present for purposes of determining a quorum and will have no effect on the outcome of any vote of the EEP limited partners to adjourn the special meeting unless a quorum is present.

If you sign your proxy card without indicating how you wish to vote, your shares will be voted FOR the approval of the Merger Agreement and FOR any adjournment proposal, and in accordance with the recommendations of the GP Delegate Board and the GP Board on any other matters properly brought before the meeting for a vote.

Q: How do Enbridge and the General Partner s and the GP Delegate s directors and executive officers intend to vote?

A: As of November 5, 2018, Enbridge and its subsidiaries (other than the GP Delegate) held and were entitled to vote, in the aggregate, Class A common units, Class B common units and Class E units of EEP, and the GP Delegate s shares corresponding to i-units of EEP, representing approximately 32.9% of the Outstanding EEP units, and the directors and executive officers of the General Partner and the GP Delegate held and were entitled to vote, in the aggregate, Class A common units and the GP Delegate s shares corresponding to EEP i-units representing in the aggregate less than 1.0% of the Outstanding EEP units. Enbridge has agreed in the Merger Agreement that, subject to limited exceptions, it and its subsidiaries would vote their EEP units and the listed and voting shares of the GP Delegate (which are referred to as the EEQ shares) **FOR** the Merger Agreement proposal, and Enbridge believes that Enbridge and its subsidiaries intend to vote their EEP units and EEQ shares **FOR** any adjournment proposal. Enbridge believes the General Partner s and the GP Delegate s directors and executive officers intend to vote all of their EEP units and EEQ shares **FOR** the Merger Agreement proposal and **FOR** any adjournment proposal. The GP Delegate will submit the Merger Agreement proposal and any adjournment proposal to a vote of the GP Delegate shareholders to determine how the GP Delegate will vote the i-units of EEP at the special meeting.

Q: How will the i-units be voted by the GP Delegate with respect to the Merger?

A: In any matter submitted by EEP for a vote of the holders of the i-units of EEP, including the Merger, the i-units of EEP will be voted by the GP Delegate proportionately to the number of affirmative and negative votes cast by

holders of the EEQ shares. The Merger will be submitted to a vote of the GP Delegate s shareholders. Following the conclusion of such GP Delegate s shareholder vote, the GP Delegate will vote the i-units of EEP held by it on the Merger in proportion to the number of affirmative and negative votes of the GP Delegate voted with respect to the Merger at the special meeting.

Q: What will happen to EEP as a result of the Merger?

A: If the Merger is successfully completed, Merger Sub will be merged with and into EEP, with EEP being the surviving entity, and EEP will become an indirect wholly owned subsidiary of Enbridge.

Table of Contents

Q: What will holders of Class A common units be entitled to receive in the Merger?

A: At the Effective Time of the Merger, each Class A common unit issued and outstanding (other than the Excluded Units) will be converted into the right to receive 0.335 of an Enbridge common share, which is referred to as the Merger Consideration .

If the Exchange Ratio would result in an Unaffiliated EEP Unitholder being entitled to receive, after aggregating all fractional units which such holder would otherwise be entitled to receive in connection with the Merger, a fraction of an Enbridge common share rounding to three decimal places, such holder will receive a cash payment (without interest, rounded down to the nearest cent) in lieu of such fractional Enbridge common share in an amount equal to the product obtained by *multiplying* (1) the amount of the fractional share interest in an Enbridge common share to which such holder would be entitled rounding to three decimal places and (2) an amount equal to the average of the volume-weighted average price per share of Enbridge common shares on the NYSE (as reported by Bloomberg L.P., or, if not reported therein, in another authoritative source mutually selected by Enbridge and EEP) on the trading day immediately prior to the Effective Time for ten trading days ending on the fifth full business day immediately prior to the Closing Date. For additional information regarding exchange procedures, please read *The Merger Agreement Exchange Procedures* beginning on page 102.

Q: What will happen to future distributions on my Class A common units?

A: Once the Merger is completed, former EEP unitholders who surrender their Class A common units in accordance with the Merger Agreement will be eligible, in their capacity as Enbridge shareholders, to receive dividends declared by the board of directors of Enbridge (the Enbridge Board) on Enbridge common shares, if any, after the Effective Time of the Merger. Enbridge has a sustained track record of declaring dividends on Enbridge common shares continuing through recent periods and has forecasted that it will continue to do so; however, there is no guarantee that the Enbridge Board will, in the future, declare dividends on Enbridge common shares. See the sections titled *Comparative Share and Unit Prices; Dividends and Distributions* beginning on page 27 and *Risk Factors Risks Related to the Enbridge Common Shares Enbridge may not pay any cash dividends to Enbridge shareholders, and Enbridge's ability to declare and pay cash dividends to Enbridge shareholders, if any, in the future will depend on various factors, many of which are beyond Enbridge's control* beginning on page 38.

Q: When do you expect the Merger to be completed?

A: Enbridge and EEP are working to complete the Merger as soon as possible. A number of conditions must be satisfied before Enbridge and EEP can complete the Merger. For more information about these conditions, please read *The Merger Agreement Conditions to the Completion of the Merger* beginning on page 118. Although Enbridge and EEP cannot be sure when all of the conditions to the Merger will be satisfied, Enbridge and EEP expect to complete the Merger as soon as practicable following the effectiveness of the registration statement of which this proxy statement/prospectus forms a part. Assuming timely satisfaction of the necessary closing conditions, Enbridge and EEP currently expect the Closing Date to occur in the fourth quarter of 2018.

Q:

Does the Special Committee, the GP Delegate Board and the GP Board recommend that Unaffiliated EEP Unitholders approve the Merger Agreement and the Merger?

A: Yes. The Special Committee, the GP Delegate Board and the GP Board recommend that the Unaffiliated EEP Unitholders approve the Merger Agreement and the Merger.

The Special Committee, the GP Delegate Board and the GP Board considered the benefits of the Merger Agreement, the Merger and the related transactions as well as the associated risks and, acting in good faith, unanimously (1) determined that the Merger Agreement and the transactions contemplated thereby,

Table of Contents

including the Merger, are fair and reasonable to EEP, including the Unaffiliated EEP Unitholders, and (2) approved the Merger Agreement and the transactions contemplated thereby, including the Merger, on the terms and subject to the conditions set forth in the Merger Agreement. The Special Committee recommended that the GP Delegate Board approve the Merger Agreement and the transactions contemplated thereby, including the Merger. The GP Delegate Board recommended that the GP Board approve the Merger Agreement and the transactions contemplated thereby, including the Merger. The GP Board directed that the Merger Agreement be submitted to the limited partners of EEP for their approval. Each of the GP Delegate Board and the GP Board recommends that the limited partners of EEP approve the Merger Agreement and the Merger.

Q: What happens if I transfer or sell my EEP units after the Record Date but before the special meeting or before completion of the Merger?

A: The Record Date is earlier than the date of the special meeting and the date that the Merger is expected to be completed. If you transfer or sell your EEP units after the Record Date but before the date of the special meeting, you will retain your right to vote at the special meeting, but you will not have the right to receive the Merger Consideration in the Merger. In order to receive the Merger Consideration, you must hold your EEP units through the completion of the Merger.

Q: What do I need to do now?

A: Please vote as soon as possible. Enbridge and EEP urge you to read carefully this proxy statement/prospectus, including its annexes, and to consider how the Merger affects you as an EEP unitholder. You should also carefully read the documents referenced under *Where You Can Find More Information* .

Q: How do I vote?

A: You should simply indicate on your proxy card how you want to vote, and sign and mail your proxy card in the enclosed return envelope as soon as possible so that your EEP units will be represented at the special meeting. If you sign and send in your proxy card and do not indicate how you want to vote, your EEP units will be voted for approval of the Merger Agreement and for any adjournment proposal. If you fail to vote your EEP units, the effect will be a vote against approval of the Merger Agreement, but it will not affect the vote on any proposal to adjourn the special meeting unless a quorum is present.

If your EEP units are held by your bank, broker, nominee, trust company or other fiduciary, see below.

Q: Can I vote by telephone or electronically?

A: If you hold your EEP units as an EEP unitholder of record, you may vote by telephone or by the Internet by following the instructions set forth on the enclosed proxy card.

If your EEP units are held by your bank, broker, nominee, trust company or other fiduciary, often referred to as held in street name, please contact your bank, broker, nominee, trust company or other fiduciary to determine whether you will be able to vote by telephone or electronically.

Q: If my EEP units are held in street name by my bank, in a brokerage firm or other nominee, will my bank, brokerage firm or other nominee automatically vote my EEP units for me?

A: No, if you hold your EEP units in street name with a bank, brokerage firm or other nominee, you should follow the instructions provided by your bank, brokerage firm or other nominee.

Q: What does it mean if I receive more than one set of voting materials?

A: You may receive more than one set of voting materials, including multiple copies of this proxy statement/prospectus, the proxy card or the voting instruction form. This can occur if you hold your EEP units in more

Table of Contents

than one brokerage account, if you hold EEP units directly as a holder of record and also in street name, or otherwise through another holder of record, and in certain other circumstances. If you receive more than one set of voting materials, please vote or return each set separately in order to ensure that all of your EEP units are voted.

Q: May I change my vote?

A: Yes. You may change your vote at any time before your proxy is voted at the special meeting, subject to the limitations described below. If you are an EEP unitholder of record and have properly completed and submitted your proxy card or proxy by telephone or the Internet, you may do this in a number of ways.

First, you may send EEP a written notice stating that you would like to revoke your proxy.

Second, you may complete and submit a new, later-dated proxy card.

If you choose either of these two methods, you must submit your notice of revocation or your new proxy card to the Corporate Secretary of the GP Delegate, at 5400 Westheimer Court, Houston, Texas 77056. You also may submit a later-dated proxy using the telephone or Internet voting procedures on the proxy card. If you choose to revoke your proxy by written notice or submit a later-dated proxy, you must do so by 11:59 p.m., Eastern Time, on the day before the special meeting.

Finally, you may attend the special meeting and vote in person. Simply attending the special meeting, without voting in person, will not revoke your proxy. If your EEP units are held in street name and you have instructed a bank, broker, nominee, trust company or other fiduciary to vote your EEP units, you must follow the directions received from your bank, broker, nominee, trust company or other fiduciary to change your vote or to vote at the special meeting.

Q: Should holders of Class A common units tender their Class A common units now?

A: No. After the Merger is completed, holders of Class A common units who hold their Class A common units in certificated or book-entry form will receive written instructions for exchanging their Class A common units. If you own Class A common units in street name, the Merger Consideration should be credited to your account in accordance with the policies and procedures of your broker or nominee within a few days following the closing date of the Merger. More information on the documentation you are required to deliver to the Exchange Agent can be found in the section titled *The Merger Agreement Exchange Procedures* beginning on page 102. Please do not send in your EEP unit certificates now.

Q: Where will Class A common units and Enbridge common shares trade after the Merger?

A: Class A common units will no longer be publicly traded following the Merger and will be delisted from the NYSE. Enbridge common shares will continue to trade on the NYSE and the TSX under the symbol ENB after the Merger.

Q: What percentage of Enbridge common shares will current Unaffiliated EEP Unitholders own after the successful consummation of the proposed Merger?

A: If the proposed Merger is successfully completed, Unaffiliated EEP Unitholders would collectively receive 72,256,181 Enbridge common shares, which represents approximately 4.0% of the outstanding Enbridge common shares based on the Exchange Ratio and the number of outstanding Enbridge common shares and Class A common units (other than the Excluded Units) as of November 5, 2018 (excluding any Enbridge common shares to be issued in connection with the Other Merger Transactions). If, in addition to the proposed Merger, each Other Merger Transaction is successfully completed, the Merger Consideration

Table of Contents

would represent approximately 3.6% of the outstanding Enbridge common shares, based on the number of Enbridge common shares to be issued in the proposed Merger and the Other Merger Transactions pursuant to the respective merger agreements and arrangement agreement, and the number of outstanding Enbridge common shares and outstanding shares or units, as the case may be, of each of EEQ, SEP and ENF, as of November 5, 2018. The actual number of Enbridge common shares issued in the Merger will be determined by *multiplying* the Exchange Ratio by the number of issued and outstanding Class A common units held by Unaffiliated EEP Unitholders as of the closing date of the Merger. The actual number of Enbridge common shares issued in each of the Other Merger Transactions will be determined by *multiplying* the applicable exchange ratio by the number of publicly held shares or units of the acquired entity as of the closing date of each such transaction.

Q: What are the expected U.S. federal income tax consequences to an EEP unitholder as a result of the Merger?

A: The receipt of Enbridge common shares and cash in lieu of fractional shares, if any, in exchange for Class A common units pursuant to the Merger Agreement should be a taxable transaction to U.S. holders (as defined in the section titled *Material U.S. Federal Income Tax Consequences of the Merger* beginning on page 125) for U.S. federal income tax purposes. In such case, a U.S. holder will generally recognize gain or loss on the receipt of Enbridge common shares and/or any cash received in lieu of fractional shares in exchange for Class A common units, generally taxable as capital gain or loss. However, a portion of this gain or loss, which portion could be substantial, will be separately computed and taxed as ordinary income or loss to the extent attributable to assets giving rise to depreciation recapture or other unrealized receivables or to inventory items owned by EEP and its subsidiaries. Passive losses that were not deductible by a U.S. holder in prior taxable periods because they exceeded a U.S. holder's share of EEP's income may become available to offset a portion of the gain recognized by such U.S. holder. For more information, see the section titled *Material U.S. Federal Income Tax Consequences of the Merger* beginning on page 125 for a more complete discussion of the expected material U.S. federal income tax consequences of the Merger.

Q: What are the expected U.S. federal income tax consequences for an EEP unitholder as a result of the ownership of Enbridge common shares after the Merger is completed?

A: Enbridge is a corporation organized under the laws of Canada that is treated as a corporation for U.S. federal income tax purposes, and thus, Enbridge and its subsidiaries (and not the Enbridge shareholders) are subject to taxation on their taxable income. A distribution of cash by Enbridge to a shareholder who is a U.S. holder (as defined in the section titled *Material U.S. Federal Income Tax Consequences of the Merger* beginning on page 125) will generally be included in such U.S. holder's income as ordinary dividend income to the extent of Enbridge's current and accumulated earnings and profits as determined under U.S. federal income tax principles. Any portion of the cash distributed to Enbridge shareholders by Enbridge after the Merger that exceeds Enbridge's current and accumulated earnings and profits will be treated as a non-taxable return of capital reducing a U.S. holder's adjusted tax basis in such U.S. holder's Enbridge common shares and, to the extent the distribution exceeds such shareholder's adjusted tax basis, as capital gain from the sale or exchange of such Enbridge common shares. However, Enbridge does not expect to calculate earnings and profits in accordance with U.S. federal income tax principles. Accordingly, each Enbridge shareholder should expect to generally treat distributions made by Enbridge as dividends. See the section titled *Material U.S. Federal Income Tax Consequences of the Merger* beginning on page 125 for a more complete discussion of the expected U.S. federal income tax

consequences of owning and disposing of Enbridge common shares received in the Merger.

Q: What are the expected Canadian federal income tax consequences for an EEP unitholder as a result of the ownership of Enbridge common shares after the Merger is completed?

A: Dividends paid or credited or deemed to be paid or credited on Enbridge common shares to a Non-Canadian Resident Holder (as defined in the section titled *Material Canadian Federal Income Tax Consequences of*

Table of Contents

the Merger beginning on page 122) generally will be subject to Canadian withholding tax at a rate of 25% of the gross amount of the dividend, unless the rate is reduced under the provisions of an applicable income tax convention between Canada and the Non-Canadian Resident Holder's jurisdiction of residence. For example, the rate of withholding tax under the Treaty applicable to a Non-Canadian Resident Holder who is a resident of the United States for purposes of the Treaty, is the beneficial owner of the dividend and is entitled to all of the benefits under the Treaty, generally will be 15%. Enbridge will be required to withhold the required amount of withholding tax from the dividend, and to remit the withheld tax to the CRA for the account of the Non-Canadian Resident Holder.

A Non-Canadian Resident Holder will not be subject to tax under the Canadian Tax Act on any capital gain realized on a disposition of Enbridge common shares, unless the shares are taxable Canadian property and the shares are not treaty-protected property (as those terms are defined in the Canadian Tax Act) of the Non-Canadian Resident Holder, at the time of the disposition. See the section titled *Material Canadian Federal Income Tax Consequences of the Merger* beginning on page 122 for a more complete discussion of the expected Canadian federal income tax consequences of owning and disposing of Enbridge common shares received in the Merger.

Q: Are holders of Class A common units entitled to appraisal rights?

A: No. Holders of Class A common units do not have appraisal rights under applicable law or contractual appraisal rights under the EEP Partnership Agreement or the Merger Agreement.

Q: What happens if the Merger is not completed?

A: If the Merger Agreement is not completed for any reason, you will not receive any form of consideration for your Class A common units in connection with the Merger. Instead, EEP will remain a public limited partnership and the Class A common units will continue to be listed and traded on the NYSE.

Q: Enbridge has also entered into acquisition agreements in respect of the Other Merger Transactions. What impact will these transactions have on the Merger?

A: Enbridge has also entered into acquisition agreements to acquire, in separate combination transactions, all of the outstanding equity securities that Enbridge does not already own of (1) EEQ, (2) SEP and (3) ENF. The completion of the Merger is not conditioned upon or subject to the completion of any of the Other Merger Transactions. In the event of the successful completion of any or all of the Other Merger Transactions, Enbridge expects to issue additional Enbridge common shares in exchange for the equity interests acquired in such transactions. See the section titled *Risk Factors Risks Related to the Enbridge Common Shares There may be future dilution of the Enbridge common shares, including as a result of any Enbridge common shares issued in connection with the Other Merger Transactions, which could adversely affect the market price of Enbridge common shares* beginning on page 39.

Q: Whom do I call if I have further questions about the Merger Agreement or the Merger?

- A: If you have any questions about the Merger or if you need additional copies of this proxy statement/prospectus or the enclosed proxy card, you should contact D.F. King & Co., Inc., which is acting as the proxy solicitation agent and information agent in connection with the Merger.

EEP is a publicly-traded Delaware limited partnership that owns and operates crude oil and liquid petroleum transportation and storage assets and natural gas gathering, treating, processing, transportation and marketing assets in the United States. EEP was formed in 1991 by the General Partner to own and operate the Lakehead System, which is the U.S. portion of a crude oil and liquid petroleum pipeline system extending from western

Canada through the upper and lower Great Lakes region of the United States to eastern Canada (Mainline System). A subsidiary of Enbridge owns the Canadian portion of the Mainline System. Enbridge is the ultimate parent of the General Partner.

The GP Delegate is a Delaware limited liability company that was formed in May 2002 to manage EEP's business and affairs. Under a delegation of control agreement, the General Partner delegated substantially all of its power and authority to manage and control EEP's business and affairs to the GP Delegate. The General Partner, through its direct ownership of the voting shares of the GP Delegate, elects all of the directors of the GP Delegate. The GP Delegate is the sole owner of all of EEP's i-units.

EEP's executive offices are located at 5400 Westheimer Court, Houston, Texas 77056, and its telephone number is (713) 627-5400.

Merger Sub

Houston, Texas 77056

Phone: (713) 627-5400

Merger Sub, a Delaware limited liability company and an indirect wholly owned subsidiary of Enbridge, was formed solely for the purpose of facilitating the Merger. Merger Sub has not carried on any activities or operations to date, except for those activities incidental to its formation and undertaken in connection with the transactions contemplated by the Merger Agreement. By operation of the Merger, Merger Sub will be merged with and into EEP. As a result, EEP will survive the Merger as a wholly owned subsidiary of Enbridge. Upon completion of the Merger, Merger Sub will cease to exist as a separate entity.

Merger Sub's principal executive offices are located at 5400 Westheimer Court, Houston, Texas 77056, and its telephone number is (713) 627-5400.

The Merger and the Merger Agreement (pages 52 and 100)

The terms and conditions of the Merger are contained in the Merger Agreement, which is attached to this document as Annex A and is incorporated by reference herein in its entirety. You are encouraged to read the Merger Agreement carefully, as it is the legal document that governs the Merger.

The Special Committee, the GP Delegate Board and the GP Board have unanimously approved the Merger Agreement. The Merger Agreement provides for the acquisition by Enbridge of the outstanding Class A common units not already owned by Enbridge and its subsidiaries through the merger of Merger Sub, a wholly owned subsidiary of Enbridge, with and into EEP with EEP continuing as the surviving company. Each Unaffiliated EEP Unitholder will be entitled to receive 0.335 of an Enbridge common share in exchange for each Class A common unit that such holder owns immediately prior to the Effective Time of the Merger.

Relationship of the Parties to the Merger Agreement (page 96)

Enbridge indirectly owns all of the common stock of the General Partner, the general partner of EEP, which owns approximately 148.3 million units of EEP (inclusive of the approximately 11.5 million i-units corresponding to the

number of shares of the GP Delegate indirectly owned by Enbridge). These units, which, as of November 5, 2018, consist of approximately 110.8 million Class A common units, 7.8 million Class B common units, 18.1 million Class E units, 1,000 Class F units and approximately 11.5 million i-units (corresponding to the number of shares of the GP Delegate indirectly owned by Enbridge), represent

Table of Contents

approximately 32.9% of the total outstanding limited partner interests of EEP. In addition, the General Partner owns an effective 2% interest in EEP and its operating partnerships resulting from its general partnership interest in EEP. Together, these limited partner and general partner interests represent approximately 34.2% of EEP's total effective ownership and economic interest.

The General Partner has delegated to the GP Delegate, subject to limited exceptions, all of its rights and powers to manage and control the business and affairs of EEP and its operating limited partnerships. The General Partner also owns all of the voting shares of the GP Delegate, which are the only shares entitled to vote in the election of the GP Delegate's directors. The GP Delegate owns all of the outstanding i-units of EEP. Enbridge indirectly owns approximately 11.5 million listed shares of the GP Delegate, representing in the aggregate approximately 11.7% of the GP Delegate's total outstanding limited liability company interests.

Certain executive officers and directors of Enbridge are also executive officers and directors of the General Partner and the GP Delegate. J. Herbert England serves as a member of the boards of directors of all three companies.

See the section titled *The Merger Relationship of the Parties to the Merger Agreement* beginning on page 96.

Merger Consideration (page 52)

At the Effective Time, by virtue of the Merger and without any action on the part of the parties or any holder of EEP partnership interests, each Class A common unit issued and outstanding immediately prior to the Effective Time (other than the Excluded Units) will be converted into the right to receive Enbridge common shares in exchange for such holder's Class A common units at the Exchange Ratio. Enbridge will not issue any fractional Enbridge common shares in the Merger. For additional information regarding exchange procedures, please read *The Merger Merger Consideration* beginning on page 52.

Required Approval by the EEP Unitholders (page 99)

The approval of the Merger Agreement and the Merger by EEP requires the affirmative vote by (1) the holders of at least 66 $\frac{2}{3}$ % of the Outstanding EEP units, and (2) the holders of a majority of the outstanding Class A common units (other than any Class A common units held by Enbridge and its affiliates) and the outstanding i-units (other than i-units voted at the direction of Enbridge and its affiliates), voting together as a single class, in each case entitled to vote on such matter at the special meeting or any adjournment or postponement thereof. Pursuant to the terms of the Merger Agreement, Enbridge and certain of its subsidiaries, which as of November 5, 2018 beneficially owned approximately 148.3 million Outstanding EEP units (inclusive of the approximately 11.5 million i-units corresponding to the number of shares of the GP Delegate indirectly owned by Enbridge) representing approximately 32.9% of the Outstanding EEP units, have agreed that, at the special meeting and at any meeting of holders of listed shares of EEQ held for the purpose of determining how the i-units shall be voted, it will vote, or cause to be voted, to the extent permitted under the organizational documents of EEQ, any EEP units or listed shares of EEQ then owned beneficially or of record by it or any of its subsidiaries, in favor of the approval of the Merger Agreement.

Recommendation of the Special Committee, GP Delegate Board and the GP Board (page 72)

The Special Committee, the GP Delegate Board and the GP Board considered the benefits of the Merger Agreement, the Merger and the related transactions as well as the associated risks and, acting in good faith, unanimously (1) determined that the Merger Agreement and the transactions contemplated thereby, including the Merger, are fair and reasonable to EEP, including the Unaffiliated EEP Unitholders, and (2) approved the Merger

Table of Contents

Agreement and the transactions contemplated thereby, including the Merger, on the terms and subject to the conditions set forth in the Merger Agreement. The Special Committee recommended that the GP Delegate Board approve the Merger Agreement and the transactions contemplated thereby, including the Merger. The GP Delegate Board recommended that the GP Board approve the Merger Agreement and the transactions contemplated thereby, including the Merger. The GP Board directed that the Merger Agreement be submitted to the limited partners of EEP for their approval. Each of the GP Delegate Board and the GP Board recommends that the limited partners of EEP approve the Merger Agreement and the Merger. For a discussion of the many factors considered by the Special Committee, the GP Delegate Board and the GP Board in making their determination and approval, please read *The Merger Recommendation of the Special Committee* beginning on page 72, *Recommendation of the GP Delegate Board* beginning on page 72 and *Recommendation of the GP Board* beginning on page 72.

The Special Committee, the GP Delegate Board and the GP Board each recommend that EEP unitholders vote FOR the approval of the Merger Agreement and FOR the adjournment of the special meeting from time to time if necessary to solicit additional proxies if there are not sufficient votes to approve the Merger Agreement at the time of the special meeting.

Reasons for the Recommendation of the Special Committee (page 72)

The Special Committee consists of three independent directors: Jeffrey A. Connelly, William S. Waldheim and Dan S. Westbrook. The Special Committee retained Bracewell LLP (Bracewell) and Morris, Nichols, Arsht & Tunnell LLP (MNAT) as its independent legal advisors. The Special Committee also retained Morris James LLP (Morris James) as its independent legal advisor with respect to considering the Derivative Action (as defined below). In addition, the Special Committee retained Evercore Group L.L.C. (Evercore) as its independent financial advisor. The Special Committee oversaw the performance of the legal and financial due diligence by its advisors, conducted an extensive review and evaluation of the Merger and conducted negotiations with Enbridge and its representatives with respect to the Exchange Ratio and the Merger Agreement.

The Special Committee considered the benefits of the Merger Agreement and the Merger, as well as the associated risks, and on September 17, 2018, unanimously (1) determined that the Merger Agreement and the transactions contemplated thereby are fair and reasonable to EEP, including the Unaffiliated EEP Unitholders, (2) approved the Merger Agreement and the transactions contemplated thereby, (3) approved the execution, delivery and performance of the Merger Agreement by EEP, (4) recommended that the GP Delegate Board approve the Merger Agreement, the execution, delivery and performance of the Merger Agreement by EEP and the consummation of the transactions contemplated thereby and (5) recommended that the GP Delegate Board submit the Merger Agreement to a vote of the limited partners of EEP and recommend the approval of the Merger Agreement and the transactions contemplated thereby by the limited partners of EEP.

The GP Delegate Board directed that the Merger Agreement be submitted to the limited partners of EEP for their approval. The GP Delegate Board recommends that the limited partners of EEP approve the Merger Agreement and the transactions contemplated thereby, including the Merger.

Opinion of Evercore Financial Advisor to the Special Committee (page 78)

The Special Committee retained Evercore to act as its financial advisor in connection with evaluating the proposed Merger. At the request of the Special Committee, at a meeting of the Special Committee held on September 17, 2018, Evercore rendered its oral opinion to the Special Committee (subsequently confirmed in writing) that, as of September 17, 2018, based upon and subject to the assumptions made, procedures followed, matters considered and qualifications and limitations of the review undertaken by Evercore in rendering its opinion as set forth therein, the

Exchange Ratio was fair, from a financial point of view, to EEP and the holders

of Class A common units other than Enbridge and its affiliates. The full text of Evercore's written opinion, dated as of September 17, 2018, to the Special Committee, is attached as Annex B to this proxy statement/prospectus and is incorporated herein by reference. The description of Evercore's opinion set forth in this proxy statement/prospectus is qualified in its entirety by reference to the full text of Evercore's written opinion.

Evercore's opinion was prepared for the information and benefit of the Special Committee and for the purpose of providing an opinion to the Special Committee as to the fairness of the Exchange Ratio, from a financial point of view, to EEP and the holders of the Class A common units other than Enbridge and its affiliates. Evercore did not express any opinion on any other term, aspect or implication of the Merger. Evercore expressed no opinion as to the relative merits of the Merger as compared to other transactions or business or financial strategies that might be available to EEP, at the date of the opinion or in the future, including any potential transaction or strategy reviewed by Evercore, nor did it address the underlying business decision of Enbridge or EEP to engage in the Merger or use the Exchange Ratio. Neither Evercore's opinion, the summary of such opinion nor the related analyses set forth in this proxy statement/prospectus are intended to be, and they do not constitute, a recommendation to the Special Committee, the GP Delegate Board, the holders of the Class A common units or any other persons in respect of the Merger, including as to how any holder of Class A common units or i-units of EEP or any holder of listed shares of EEQ should vote or act in respect of the Merger or any other transaction.

The Special Meeting (page 45)***Date, Time and Place of the Special Meeting (page 45)***

The special meeting will be held on December 17, 2018 at 10:00 a.m., local time, at the Hilton Houston Post Oak by the Galleria, 2001 Post Oak Boulevard, Houston, Texas 77056.

Record Date; Outstanding EEP Units; Units Entitled to Vote (page 46)

The Record Date for the special meeting is November 5, 2018. Only holders of Outstanding EEP units as of the close of business on the Record Date will be entitled to receive notice of, and to vote at, the special meeting or any adjournment or postponement thereof.

A complete list of EEP unitholders entitled to vote at the special meeting will be available for inspection at EEP's principal place of business during regular business hours for a period of no less than ten days before the special meeting and at the place of the special meeting during the meeting. See the section titled *The Special Meeting Record Date; Outstanding EEP Units; Units Entitled to Vote* beginning on page 46.

Required Vote (page 46)

The approval of the Merger Agreement and the Merger by EEP requires the affirmative vote or consent of (1) the holders of at least 66 $\frac{2}{3}$ % of the Outstanding EEP units, and (2) the holders of a majority of the outstanding Class A common units (other than Class A common units held by Enbridge and its affiliates) and the outstanding i-units (other than i-units voted at the direction of Enbridge and its affiliates), voting together as a single class, in each case entitled to vote on such matter at the special meeting or any adjournment or postponement thereof (clauses (1) and (2) together, the Unitholder Approval). Accordingly, an EEP unitholder's failure to submit a proxy or to vote in person at the special meeting or to abstain from voting, or the failure of an EEP unitholder who holds his or her EEP units in street name through a bank, broker, nominee, trust company or other fiduciary to give voting instructions to such bank, broker, nominee, trust company or other fiduciary, will have the same effect as a vote against approval of the Merger Agreement.

Adjournment of the special meeting from time to time by limited partner action, if necessary to solicit additional proxies, if there are not sufficient votes to approve the Merger Agreement at the time of the special meeting, requires (1) if a quorum does not exist, the affirmative vote of the holders of a majority of the

Table of Contents

Outstanding EEP units represented either in person or by proxy at the special meeting or (2) if a quorum does exist, the affirmative vote of 66 $\frac{2}{3}$ % of the Outstanding EEP units represented either in person or by proxy at the special meeting. Abstentions will have the same effect as a vote against the proposal to adjourn the special meeting. EEP units not in attendance at the special meeting and for which no proxy has been submitted will have no effect on the outcome of any vote to adjourn the special meeting if a quorum is not present. If a quorum is present, they would have the same effect as a vote against any adjournment proposal.

No Enbridge Shareholder Approval Required (page 99)

The approval of the Merger Agreement and the Merger by Enbridge does not require the affirmative vote or consent of the Enbridge shareholders.

Conditions to the Completion of the Merger (page 118)

The completion of the Merger is subject to certain customary closing conditions, including (1) the receipt of the Unitholder Approval, (2) the Enbridge common shares issuable in connection with the Merger having been approved for listing on the NYSE and the TSX, subject to official notice of issuance, (3) the expiration or termination of any waiting period (and any extension thereof) applicable to the Merger under the Hart-Scott Rodino Antitrust Improvements Act of 1976 (the HSR Act), (4) the absence of any governmental order prohibiting the consummation of the Merger or the other transactions contemplated by the Merger Agreement and (5) the registration statement having become effective under the Securities Act. The obligations of Enbridge, Enbridge (U.S.) Inc. and Merger Sub to consummate the Merger are also conditioned upon the accuracy of the representations and warranties of EEP, the General Partner and the GP Delegate as of the date of the Merger Agreement and as of the closing (subject to customary materiality qualifiers), the performance in all material respects by EEP of all obligations required to be performed by EEP under the Merger Agreement at or prior to closing and receipt of an officer's certificate evidencing the satisfaction of the foregoing. The obligations of EEP, the General Partner and the GP Delegate to consummate the Merger are conditioned upon the accuracy of the representations and warranties of Enbridge, Enbridge (U.S.) Inc. and Merger Sub as of the date of the Merger Agreement and as of closing (subject to customary materiality qualifiers), the performance in all material respects by Enbridge, Enbridge (U.S.) Inc. and Merger Sub of all obligations required to be performed by them under the Merger Agreement at or prior to closing and receipt of an officer's certificate evidencing the satisfaction of the foregoing.

Termination (page 120)

Enbridge and EEP may terminate the Merger Agreement and abandon the Merger at any time prior to the Effective Time of the Merger by mutual written consent of Enbridge and EEP, by action of the Enbridge Board and the GP Delegate Board with the approval of the Special Committee.

The Merger Agreement may also be terminated and the Merger abandoned by either the Enbridge Board or the GP Delegate Board, with the approval of the Special Committee, if:

the Merger has not been consummated by March 18, 2019 (the Outside Date);

Unitholder Approval is not obtained at the special meeting or at any adjournment or postponement thereof taken in accordance with the Merger Agreement; or

any applicable law or governmental order permanently restraining, enjoining or otherwise prohibiting consummation of the Merger has become final and nonappealable.

The Merger Agreement may be terminated and the Merger abandoned by Enbridge prior to the Effective Time if (1) the Special Committee changes its recommendation with respect to approval of the Merger

Table of Contents

Agreement prior to receipt of the Unitholder Approval or (2) there has been a breach by EEP of any representation, warranty, covenant or agreement set forth in the Merger Agreement, or if any such representation or warranty has become untrue after the date of the Merger Agreement, such that certain conditions to the obligations of Enbridge, Enbridge (U.S.) Inc. and Merger Sub to close would not be satisfied and such breach or failure to be true and correct is not curable prior to the Outside Date or, if curable prior to the Outside Date, is not cured within the earlier of 60 days after notice thereof is given by Enbridge to EEP or the Outside Date. The Merger Agreement may be terminated and the Merger abandoned by EEP (by action of the GP Delegate Board with Special Committee approval) prior to the Effective Time if there has been a breach by Enbridge, Enbridge (U.S.) Inc. or Merger Sub of any representation, warranty, covenant or agreement set forth in the Merger Agreement, or if any such representation or warranty has become untrue after the date of the Merger Agreement, such that certain conditions to the obligations of EEP, the GP Delegate and the General Partner to close would not be satisfied and such breach or failure to be true and correct is not curable prior to the Outside Date or, if curable prior to the Outside Date, is not cured within the earlier of 60 days after notice thereof is given by EEP to Enbridge or the Outside Date.

For further discussion, please read the section titled *The Merger Agreement Termination* beginning on page 120.

No Dissenters or Appraisal Rights (page 99)

Holders of Class A common units do not have appraisal rights under applicable law or contractual appraisal rights under the EEP Partnership Agreement or the Merger Agreement.

Regulatory Approvals (page 94)

In connection with the Merger, Enbridge intends to make all required filings under the Securities Act and the Exchange Act, as well as any required filings or applications with the NYSE and the TSX.

In addition, to complete the Merger, EEP and Enbridge must make certain filings, submissions and notices to obtain required authorizations, approvals, consents or expiration or termination of waiting periods from U.S. and Canadian governmental and regulatory bodies, including antitrust and other regulatory authorities. EEP and Enbridge are not currently aware of any material governmental filings, authorizations, approvals or consents that are required prior to the parties' completion of the Merger other than those described in the section titled *The Merger Regulatory Approvals* beginning on page 94.

Completion of the Merger is subject to antitrust review in the United States. Under the HSR Act and the rules promulgated thereunder, the Merger cannot be completed until the parties to the Merger Agreement have given notification and furnished information to the Federal Trade Commission, which is referred to as the "FTC", and the Antitrust Division of the U.S. Department of Justice, which is referred to as the "DOJ", and until the applicable waiting period (or any extension of the waiting period) has expired or has been terminated.

Litigation and Regulatory Reviews/Investigations Related to the Merger (page 95)

Judy Mesirov v. Enbridge Energy Co., Inc. et al.

On July 20, 2015, plaintiff Peter Brinckerhoff, individually and as trustee of the Peter R. Brinckerhoff Trust, filed a Verified Class Action and Derivative Complaint in the Court of Chancery of the State of Delaware (the "Complaint") against the General Partner, Enbridge, EEQ, Enbridge Pipelines (Alberta Clipper) L.L.C., Enbridge Energy, Limited Partnership, EEP, and the following individuals: Jeffrey A. Connelly, Rebecca B. Roberts, Dan A. Westbrook, J. Richard Bird, J. Herbert England, C. Gregory Harper, D. Guy Jarvis, Mark A. Maki, and John K. Whelen

(collectively, the Director Defendants) (the Derivative Action).

Table of Contents

On February 28, 2018, plaintiff Peter Brinckerhoff filed a Motion for Leave to File a Verified Third Amended Complaint and a Motion to Intervene on behalf of a proposed new plaintiff, Judy Mesirov (either plaintiff Peter Brinckerhoff or plaintiff July Mesirov, as applicable, the Derivative Action Plaintiff) (subsequently amended). On April 3, 2018, all defendants filed their briefs in support of their motions to dismiss the Third Amended Complaint. Plaintiff Peter Brinckerhoff has now been dismissed as a named plaintiff. All direct claims have now been dismissed. Currently, the claims remaining in the case are now the Derivative Claims for (i) breach of contract (including equitable remedies of rescission or reformation) against the General Partner, EEQ, Enbridge Energy Management, L.L.C., Enbridge, the Director Defendants, and Enbridge Pipelines (Alberta Clipper) L.L.C and Enbridge Energy, Limited Partnership and (ii) aiding and abetting a breach of contract against Simmons. On September 28, 2018, the Derivative Action Plaintiff filed a Fifth Amended Complaint, adding Enbridge and the Director Defendants as defendants to the Derivative Claims.

If the Merger closes and Enbridge acquires all of the outstanding Class A common units of EEP, the Derivative Action Plaintiff will lose standing to continue her Derivative Claims on behalf of EEP, and Enbridge will become the owner of such Derivative Claims, effectively extinguishing the Derivative Claims. Trial in the Derivative Action is currently scheduled for the second quarter of 2019.

Security Ownership of Certain Beneficial Owners of EEP (page 156)

As of November 5, 2018, Enbridge and its subsidiaries (other than the GP Delegate) held and were entitled to vote, in the aggregate, Class A common units, Class B common units and Class E units of EEP, and the GP Delegate's shares corresponding to i-units of EEP, representing in the aggregate approximately 32.9% of the Outstanding EEP units, and the directors and executive officers of the General Partner and the GP Delegate held and were entitled to vote, in the aggregate, Class A common units and the GP Delegate's shares corresponding to i-units of EEP representing in the aggregate less than 1.0% of the Outstanding EEP units. Enbridge has agreed in the Merger Agreement that, subject to limited exceptions, it and its subsidiaries would vote their respective EEP units and EEQ shares **FOR** the Merger Agreement proposal, and we believe that Enbridge and its subsidiaries intend to vote their respective EEP units and EEQ shares **FOR** any adjournment proposal. Enbridge believes that the General Partner's and the GP Delegate's directors and executive officers intend to vote all of their EEP units and EEQ shares **FOR** the Merger Agreement proposal and **FOR** any adjournment proposal. The GP Delegate will submit the Merger Agreement proposal and any adjournment proposal to a vote of the GP Delegate shareholders to determine how the GP Delegate will vote the EEP i-units at the special meeting.

Interests of Directors and Executive Officers of the GP Delegate and General Partner in the Merger (page 96)

EEP does not have any employees and relies on the GP Delegate to manage the conduct of EEP's business. None of the individuals who has served as a director or executive officer at the GP Delegate or Enbridge since the beginning of 2017 has any agreements or understandings with Enbridge, EEP, the GP Delegate or the General Partner or any other party with respect to any type of compensation (whether present, deferred or contingent) that is based on or otherwise relates to the Merger.

The General Partner's and the GP Delegate's directors and executive officers may have other interests in the Merger that may differ from, or are in addition to, the interests of EEP unitholders generally. These interests include the following:

six of the ten directors of the General Partner and GP Delegate hold positions at Enbridge or its subsidiaries (other than the General Partner and the GP Delegate);

seven directors, including three non-management directors of the General Partner and GP Delegate own Enbridge common shares. Those directors, individually and in the aggregate, own shares representing less than 1.0% of the Enbridge common shares outstanding as of November 5, 2018;

Table of Contents

all of the executive officers of the General Partner and the GP Delegate hold positions at Enbridge or its subsidiaries (other than the General Partner or the GP Delegate);

12 individuals who serve as executive officers of the General Partner, and 11 individuals who serve as executive officers of the GP Delegate, own Enbridge common shares, which, individually and in the aggregate, represent less than 1.0% of the Enbridge common shares outstanding as of November 5, 2018;

the three directors on the Special Committee also serve on the EEQ Special Committee;

seven of the ten directors of the General Partner and the GP Delegate, including two directors on the Special Committee, are defendants in the Derivative Action; and

all of the directors and executive officers of the General Partner and GP Delegate have the right to indemnification under the EEP Partnership Agreement and the Merger Agreement. In addition, all of the directors and officers of Enbridge have the right to indemnification under the organizational documents of Enbridge and indemnification agreements with Enbridge.

The members of the Special Committee, GP Delegate Board and GP Board were aware of and considered these interests, among other matters, when they approved the Merger Agreement and when they recommended that EEP unitholders approve the Merger. These interests are described in more detail in the section titled *The Merger Interests of Directors and Executive Officers of the GP Delegate and the General Partner in the Merger* beginning on page 96.

Material U.S. Federal Income Tax Consequences of the Merger (page 125)

The receipt of Enbridge common shares and cash in lieu of fractional shares, if any, in exchange for the Class A common units pursuant to the Merger Agreement should be a taxable transaction for U.S. federal income tax purposes to U.S. holders (as defined in the section titled *Material U.S. Federal Income Tax Consequences of the Merger* beginning on page 125).

In such case, a U.S. holder who receives Enbridge common shares and cash in lieu of fractional shares, if any, in exchange for Class A common units pursuant to the Merger will recognize gain or loss in an amount equal to the difference between:

the sum of (1) the fair market value of Enbridge common shares received, (2) the amount of any cash received and (3) such U.S. holder's share of EEP's nonrecourse liabilities immediately prior to the Merger; and

such U.S. holder's adjusted tax basis in the Class A common units exchanged therefor (which includes such U.S. holder's share of EEP's nonrecourse liabilities immediately prior to the Merger).

Gain or loss recognized by a U.S. holder will generally be taxable as capital gain or loss. However, a portion of this gain or loss, which portion could be substantial, will be separately computed and taxed as ordinary income or loss under Section 751 of the Internal Revenue Code of 1986, as amended (the Code), to the extent attributable to assets giving rise to depreciation recapture or other unrealized receivables or to inventory items owned by EEP and its subsidiaries. Passive losses that were not deductible by a U.S. holder in prior taxable periods because they exceeded a U.S. holder's share of EEP's income may become available to offset a portion of the gain recognized by such U.S. holder.

The U.S. federal income tax consequences of the Merger to an EEP unitholder will depend on such unitholder's own personal tax situation. Accordingly, each EEP unitholder is strongly urged to consult its tax advisor for a full understanding of the particular tax consequences of the Merger to such unitholder.

For additional information, read the section titled *Material U.S. Federal Income Tax Consequences of the Merger* beginning on page 125.

Table of Contents

Material Canadian Federal Income Tax Consequences of the Merger (page 122)

A Non-Canadian Resident Holder will not be subject to tax under the Canadian Tax Act on any capital gain realized on a disposition of Class A common units pursuant to the Merger, unless the Class A common units are taxable Canadian property, and are not treaty-protected property (as those terms are defined in the Canadian Tax Act) of the Non-Canadian Resident Holder, at the time of the disposition. See the section titled *Material Canadian Federal Income Tax Consequences of the Merger* beginning on page 122.

Listing of Enbridge Common Shares (page 99)

The completion of the Merger is conditioned upon the approval for listing of Enbridge common shares issuable pursuant to the Merger Agreement on the TSX and the NYSE, subject to official notice of issuance.

Delisting and Deregistration of the Class A Common Units (page 99)

Enbridge expects that, as promptly as practicable after the Effective Time, the Class A common units currently listed on the NYSE will cease to be listed on the NYSE and will be deregistered under the Exchange Act.

Comparison of Rights of Enbridge Shareholders and EEP Unitholders (page 131)

The differences between the rights of Enbridge shareholders and EEP unitholders result from differences between the organizational documents, governing law and type of organizational structure of Enbridge and EEP. Enbridge is a Canadian corporation. As a result, EEP unitholders who receive Enbridge common shares in the Merger will be principally governed by the Canada Corporations Act. EEP is a Delaware limited partnership. Ownership interests in a Delaware limited partnership are fundamentally different from ownership interests in a Canadian corporation. The rights of Enbridge shareholders are governed by the Enbridge Articles of Continuance and Certificates and Articles of Amendment, which is referred to as Enbridge's articles, Enbridge General By-Law No. 1, as amended, and Enbridge By-Law No. 2, which is referred to collectively as Enbridge's by-laws, and the Canada Corporations Act. The rights of EEP unitholders are governed by the EEP Partnership Agreement and the Delaware Revised Uniform Limited Partnership Act (the DRULPA). The key differences are described in the section titled *Comparison of Rights of Enbridge Shareholders and EEP Unitholders* beginning on page 131.

The Other Merger Transactions (page 44)

On August 24, 2018, Enbridge and SEP announced that they entered into the SEP merger agreement on the same day under which Enbridge will acquire all of the outstanding public units of SEP, subject to the approval of the SEP unitholders. Under the terms of the SEP merger agreement, SEP public unitholders will receive 1.111 Enbridge common shares for each outstanding public unit of SEP.

On September 18, 2018, Enbridge and EEQ announced that they entered into the EEQ merger agreement on September 17, 2018 under which Enbridge will acquire all of the outstanding public listed shares of EEQ, subject to the approval of the EEQ shareholders. Under the terms of the EEQ merger agreement, EEQ public shareholders will receive 0.335 of an Enbridge common share for each listed share of EEQ, which is at parity with the exchange ratio in the Merger. The EEQ merger is conditioned upon the consummation of the Merger.

Also on September 18, 2018, Enbridge and ENF announced that they entered into the arrangement agreement on September 17, 2018 (as amended, the arrangement agreement). On November 8, 2018, Enbridge and ENF completed the previously announced ENF plan of arrangement pursuant to Section 193 of the *Business Corporations Act*

(Alberta) under which Enbridge acquired all of the issued and outstanding public common

Table of Contents

shares of ENF. Pursuant to the ENF plan of arrangement, each ENF common share was exchanged for 0.7350 of an Enbridge common share and cash of C\$0.45 per ENF common share.

Risk Factors (page 33)

The Merger and an investment in Enbridge common shares involve risks, some of which are related to the Merger. Table of Contents

Assumptions regarding the expected supply of and demand for crude oil, natural gas, NGL and renewable energy, and the prices of these commodities, are material to and underlie all forward-looking statements, as they may impact current and future levels of demand for services of Enbridge or EEP. Similarly, exchange rates, inflation and interest rates impact the economies and business environments in which we operate and may impact levels of demand for services of Enbridge or EEP and cost of inputs, and are therefore inherent in all forward-looking statements. Due to the interdependencies and correlation of these macroeconomic factors, the impact of any one assumption on a forward-looking statement cannot be determined with certainty, particularly with respect to the impact of the Merger and the Other Merger Transactions on us, expected EBITDA, earnings/(loss), earnings/(loss) per share, or estimated future dividends. The most relevant assumptions associated with forward-looking statements on announced projects and projects under construction, including estimated completion dates and expected capital expenditures, include the following: the availability and price of labor and construction materials; the effects of inflation and foreign exchange rates on labor and material costs; the effects of interest rates on borrowing costs; the impact of weather and customer, government and regulatory approvals on construction and in-service schedules and cost recovery regimes.

Forward-looking statements of Enbridge and EEP are subject to risks and uncertainties pertaining to the realization of anticipated benefits and synergies of the Merger, the merger transaction completed in February 2017 with Spectra Energy and the Other Merger Transactions, operating performance, regulatory parameters, dispositions, dividend policy, project approval and support, renewals of rights-of-way, weather, economic and competitive conditions, public opinion, changes in tax laws and tax rates, changes in trade agreements, exchange rates, interest rates, commodity prices, political decisions and supply of and demand for commodities, including but not limited to those risks and uncertainties discussed in this proxy statement/prospectus and in EEP's other filings with United States securities regulators and other filings with Canadian and United States securities regulators. The impact of any one risk, uncertainty or factor on a particular forward-looking statement is not determinable with certainty as these are interdependent and the future courses of action of Enbridge and SEP depend on management's assessment of all information available at the relevant time. Except to the extent required by applicable law, Enbridge and EEP each assume no obligation to publicly update or revise any forward-looking statements made in this proxy statement/prospectus or otherwise, whether as a result of new information, future events or otherwise. All subsequent forward-looking statements, whether written or oral, attributable to Enbridge or EEP or persons acting on behalf of Enbridge or EEP, are expressly qualified in their entirety by these cautionary statements.

The aforementioned factors are difficult to predict and in many cases may be beyond Enbridge's and EEP's control. Consequently, these forward-looking statements may not prove to be accurate. There is no assurance that the actions, events or results of the forward-looking statements will occur, or, if any of them do, when they will occur or what effect they will have on results of operations, financial condition, cash flows or dividends/distributions of Enbridge or EEP. In view of these uncertainties, Enbridge and EEP caution that investors should not place undue reliance on any forward-looking statements. All of the forward-looking statements Enbridge and EEP make in this document are qualified by the information contained or incorporated by reference herein, including, but not limited to, the information contained under this heading and the information detailed (a) in Enbridge's Annual Report on Form 10-K filed with the SEC for the fiscal year ended December 31, 2017 and Enbridge's Quarterly Reports on Form 10-Q filed with the SEC for the quarterly periods ended March 31, 2018, June 30, 2018 and September 30, 2018, which are available at <http://www.sec.gov>, and (b) in EEP's Annual Report on Form 10-K filed with the SEC for the fiscal year ended December 31, 2017 and EEP's Quarterly Reports on Form 10-Q filed with the SEC for the quarterly periods ended March 31, 2018, June 30, 2018 and September 30, 2018, which are available at <http://www.sec.gov>. See the section titled *Where You Can Find More Information* beginning on page 166. Further, any forward-looking statement speaks only as of the date on which it is made, and, except as required by applicable law, Enbridge and EEP undertake no obligation to update or revise any forward-looking statement made in this proxy statement/prospectus to reflect new information, events or circumstances after the date on which it is made or to reflect the occurrence of anticipated or unanticipated events or circumstances. All subsequent forward-looking statements, whether written or oral,

attributable to Enbridge or EEP or persons acting on their behalf, are expressly qualified in their entirety by these cautionary statements.

Table of Contents**RISK FACTORS**

*In addition to the other information contained in or incorporated by reference herein, including the matters addressed in the section titled **Cautionary Statement Regarding Forward-Looking Statements** beginning on page 30, you should consider carefully the following risk factors, as well as the other information set forth in and incorporated by reference into this proxy statement/prospectus, before making a decision on the Merger. As an Enbridge shareholder following completion of the Merger, you will be subject to all risks inherent in the business of Enbridge in addition to the risks related to EEP. The market value of your Enbridge common shares will reflect the performance of the business relative to, among other things, that of the competitors of Enbridge and EEP and general economic, market and industry conditions. The value of your investment may increase or may decline and could result in a loss. You should also consider the other information in this proxy statement/prospectus and the other documents incorporated by reference herein, particularly the risk factors contained in Enbridge's and EEP's Annual Reports on Form 10-K and Quarterly Reports on Form 10-Q. See the section titled **Where You Can Find More Information** beginning on page 166.*

Risks Related to the Merger

The number of Enbridge common shares that holders of Class A common units will be entitled to receive in the Merger is based upon a fixed Exchange Ratio and will not be adjusted in the event of any change in either the price of Enbridge common shares or the price of Class A common units.

The Exchange Ratio of 0.335 of an Enbridge common share per Class A common unit is fixed, meaning that it does not change and is not dependent upon the relative values of Enbridge common shares and Class A common units. There will be no adjustment to the Exchange Ratio for changes in the market price of Enbridge common shares or Class A common units prior to the completion of the Merger. If the Merger is completed, there will be a time lapse between the date of this proxy statement/prospectus and the date on which holders of the Class A common units who are entitled to receive the Merger Consideration actually receive such Merger Consideration. The market value of Enbridge common shares may fluctuate during and after this period as a result of a variety of factors, including general market and economic conditions, changes in Enbridge's businesses, operations and prospects and regulatory considerations. Such factors are difficult to predict and in many cases may be beyond the control of Enbridge and EEP. Consequently, at the time EEP unitholders must decide whether to approve the Merger Agreement, they will not know the actual market value of the Merger Consideration they will receive when the Merger is completed. The actual value of the Merger Consideration received by the holders of the Class A common units at the completion of the Merger will depend on the market value of the Enbridge common shares at that time. This market value may differ, possibly materially, from the market value of Enbridge common shares at the time the Merger Agreement was entered into or at any other time. For additional information about the EEP per unit merger consideration, see the section titled *The Merger Agreement Merger Consideration* beginning on page 101.

The Merger Agreement may be terminated in accordance with its terms and there is no assurance when or if the Merger will be completed.

The completion of the Merger is subject to the satisfaction or waiver of a number of conditions as set forth in the Merger Agreement, including, among others, the requisite approval of the EEQ shareholders, including the receipt of the Majority of the Minority Vote, the accuracy of representations and warranties under the Merger Agreement (subject to the materiality standards set forth in the Merger Agreement) and EEP's and Enbridge's performance of their respective obligations under the Merger Agreement in all material respects. These conditions to the closing of the Merger may not be fulfilled in a timely manner or at all, and, accordingly, the Merger may be delayed or may not be completed.

There can be no assurance as to when these conditions will be satisfied or waived, if at all, or that other events will not intervene to delay or result in the failure to complete the Merger.

Table of Contents

In addition, if the Merger is not completed by March 18, 2019, either Enbridge or EEP may choose not to proceed with the Merger, and the parties can mutually decide to terminate the Merger Agreement at any time. In addition, Enbridge and EEP may elect to terminate the Merger Agreement in certain other circumstances. Please read the section titled *The Merger Agreement Termination* beginning on page 120.

The opinion rendered to the Special Committee by Evercore on September 17, 2018, was based on Evercore's financial analyses performed by Evercore and reviewed with the Special Committee, which considered financial, economic, market and other conditions then in effect, and financial forecasts and other data provided by management of Enbridge and EEP, as applicable, as of the date of the opinion. As a result, the opinion does not reflect changes in events or circumstances after the date of such opinion. The Special Committee has not requested, and does not expect to request, an updated opinion from Evercore reflecting changes in circumstances that may have occurred since the signing of the Merger Agreement.

The opinion rendered to the Special Committee by Evercore on September 17, 2018, was provided in connection with, and at the time of, the evaluation of the Merger and the Merger Agreement by the Special Committee. The opinion was based on the financial analyses performed by Evercore and reviewed with the Special Committee, which considered financial, economic, market and other conditions then in effect, and financial forecasts and data provided by management of Enbridge and EEP, as of the date of the opinion, which may have changed, or may change, after the date of the opinion. The Special Committee has not requested an updated opinion as of the date of this proxy statement/prospectus from Evercore and does not expect to request an updated opinion prior to completion of the Merger. Changes in the operations and prospects of Enbridge and EEP, general market and economic conditions and other factors that may be beyond the control of Enbridge and EEP, and on which the opinion was based, may have altered the value of Enbridge or EEP or the prices of Enbridge common shares or Class A common units since the date of such opinion, or may alter such values and prices by the time the Merger is completed. The opinion does not speak as of any date other than the date of the opinion. For a description of the opinion that Evercore rendered to the Special Committee, please read the section titled *The Merger Opinion of Evercore Financial Advisor to the Special Committee* beginning on page 78.

Failure to complete, or significant delays in completing, the Merger could negatively affect the trading prices of Enbridge common shares or the Class A common units or the future business and financial results of Enbridge and EEP.

The completion of the Merger is subject to certain customary closing conditions, including (1) the registration statement having become effective under the Securities Act, (2) the receipt of requisite approvals of the Merger Agreement by the limited partners of EEP, including the receipt of the Majority of the Minority Vote, (3) the expiration or termination of the waiting period applicable to the consummation of the Merger under the HSR Act, (4) the Enbridge common shares issuable in connection with the Merger having been approved for listing on the NYSE and the TSX, subject to official notice of issuance, and (5) the absence of any governmental order prohibiting the consummation of the Merger or the other transactions contemplated by the Merger Agreement. The obligation of each party to consummate the Merger is also conditioned upon the accuracy of the representations and warranties of the other party as of the date of the Merger Agreement and as of the closing (subject to customary materiality qualifiers).

There is no certainty that the various closing conditions will be satisfied and that the necessary approvals will be obtained. If these or other conditions are not satisfied or if there is a delay in the satisfaction of such conditions, then Enbridge and EEP may not be able to complete the Merger timely or at all, and such failure or delay may have other adverse consequences. If the Merger is not completed or is delayed, Enbridge and EEP will be subject to a number of risks, including:

Enbridge and EEP may experience negative reactions from the financial markets, including negative impacts on the market price of Enbridge common shares and Class A common units, particularly to the extent that their current market price reflects a market assumption that the Merger will be completed;

Table of Contents

Enbridge and EEP will not realize the expected benefits of the combined company; and

some costs relating to the Merger, such as investment banking, legal and accounting fees, and financial printing and other related charges, must be paid even if the Merger is not completed.

Enbridge also expects to acquire all of the outstanding equity securities of each of EEQ, SEP and ENF in the Other Merger Transactions, and Enbridge's efforts to complete those transactions may result in delays in completing the Merger with EEP or make it more difficult or time consuming than expected.

Enbridge announced that it had separately entered into definitive agreements to acquire, in separate combination transactions, all of the outstanding equity securities that Enbridge does not already own of SEP (announced on August 24, 2018) and EEQ and ENF (each announced on September 18, 2018). EEQ will hold a special meeting of its shareholders to obtain their approval of the applicable merger agreement. Completion of the EEQ merger is contingent on the completion of the Merger, while none of the Merger or the SEP merger are conditioned on the completion of any of such other transactions. SEP will solicit consents in order to obtain the requisite approval of the SEP unitholders. The consents of Enbridge and its subsidiaries (other than SEP) to the SEP merger are sufficient to approve the SEP merger and the related merger agreement. On November 8, 2018, Enbridge and ENF completed the previously announced ENF plan of arrangement pursuant to Section 193 of the *Business Corporations Act* (Alberta). Enbridge cannot predict whether the Other Merger Transactions (other than the ENF plan of arrangement) will be approved by the requisite votes of security holders of the respective sponsored vehicles, whether all of the other conditions precedent to such transactions will be satisfied or, if so, the timing of the completion of such transactions. Enbridge's efforts to complete those transactions may result in delays in completing the Merger with EEP or make it more difficult or time consuming than expected.

The assumptions and estimates underlying the financial projections are inherently subject to significant business, economic and competitive uncertainties and contingencies, all of which are difficult to predict and many of which are beyond the control of Enbridge and EEP. As a result, the financial projections for Enbridge and EEP may not be realized.

In performing its financial analyses and rendering its opinion regarding the fairness, from a financial point of view, of the Exchange Ratio to EEP and the holders of Class A common units other than Enbridge and its affiliates, Evercore, the financial advisor to the Special Committee, reviewed and relied on, among other things, financial forecasts and other data for Enbridge and EEP prepared by management of Enbridge and EEP, as applicable. These financial projections speak only as of the date made and will not be updated. These financial projections were not provided with a view to public disclosure, are subject to significant economic, competitive, industry and other uncertainties, and may not be achieved in full, within projected time frames or at all. The financial projections on which the Special Committee's financial advisor based its opinion may not be realized.

The unaudited pro forma condensed consolidated financial information and unaudited forecasted financial information included in this proxy statement/prospectus is presented for illustrative purposes only and does not represent the actual financial position or results of operations of the combined company following the completion of the Merger. Future results of Enbridge and EEP may differ, possibly materially, from the unaudited pro forma condensed consolidated financial information and unaudited forecasted financial information presented in this proxy statement/prospectus.

The unaudited pro forma condensed consolidated financial statements and unaudited forecasted financial information contained in this proxy statement/prospectus are presented for illustrative purposes only, contain a variety of adjustments, assumptions and preliminary estimates and do not represent the actual financial position or results of

operations of Enbridge or EEP prior to the Merger or following the Merger, the Midcoast Transaction and/or the Other Merger Transactions for several reasons. See the Unaudited Pro Forma Condensed Consolidated Financial Statements section beginning on page F-1. In addition, the Merger and post-Merger integration process, as well as the Other Merger Transactions, may give rise to unexpected liabilities and costs. Unexpected delays in completing the Merger, or in completing the Other Merger Transactions, may significantly

increase the related costs and expenses incurred by Enbridge. The actual financial positions and results of operations of Enbridge and EEP prior to the Merger and following the Merger, the Midcoast Transaction and the Other Merger Transactions may be different, possibly materially, from the unaudited pro forma condensed consolidated financial statements or forecasted financial information included in this proxy statement/prospectus. In addition, the assumptions used in preparing the unaudited pro forma condensed consolidated financial statements and forecasted financial information included in this proxy statement/prospectus may not prove to be accurate and may be affected by other factors. Any significant changes in the market price of Enbridge common shares may cause a significant change in the purchase price used for Enbridge's accounting purposes and the unaudited pro forma financial statements contained in this proxy statement/prospectus.

Enbridge, the GP Delegate and the General Partner and their directors and officers may have interests that differ from your interests, and these interests may have influenced their decision to propose and to approve the Merger Agreement and the transactions contemplated thereby, including the Merger.

The nature of the respective businesses of Enbridge and EEP and their respective affiliates may give rise to conflicts of interest between Enbridge, the General Partner and the GP Delegate, which manages the affairs and business of EEP through a delegation of control agreement among EEP, the General Partner and the GP Delegate. The interests of Enbridge, the General Partner and the GP Delegate, and their directors and officers, as applicable, may differ from your interests as a result of the relationships among them. A conflict could be perceived to exist, for example, in connection with the number of Enbridge common shares offered as the Merger Consideration, particularly where two of the ten directors on the GP Delegate Board and the GP Board are executive officers of Enbridge.

EEP does not have any employees and relies on the GP Delegate to manage the conduct of EEP's business. All directors of the General Partner are elected annually and may be removed by Enbridge (U.S.) Inc., as the sole shareholder of the General Partner, an indirect and wholly owned subsidiary of Enbridge. All directors of EEP were elected and may be removed by the General Partner, as the sole holder of EEP's voting shares.

Furthermore, the EEP Partnership Agreement contains provisions that limit the General Partner and GP Delegate's fiduciary duties to EEP or any EEP unitholders, and the resolution or course of action in respect of any actual or potential conflict of interest will not constitute a breach of the EEP Partnership Agreement, or any agreement contemplated thereby, if such resolution or course of action is, or by operation of the EEP Partnership Agreement, is deemed to be, fair and reasonable to EEP.

In considering the recommendation of the GP Delegate Board and the GP Board to approve the Merger proposal, you should consider that the directors and executive officers of Enbridge, the General Partner and the GP Delegate may have other interests that differ from, or are in addition to, the interests of EEP unitholders generally. These interests include the following:

six of the ten directors of the General Partner and GP Delegate also hold positions at Enbridge or its subsidiaries (other than the General Partner or the GP Delegate);

seven directors, including three non-management directors of the General Partner and GP Delegate own Enbridge common shares. Those directors, individually and in the aggregate, own shares representing less than 1.0% of the Enbridge common shares outstanding as of November 5, 2018;

all of the executive officers of the General Partner and the GP Delegate hold positions at Enbridge or its subsidiaries (other than the General Partner or the GP Delegate);

12 individuals who serve as executive officers of the General Partner, and 11 individuals who serve as executive officers of the GP Delegate, own Enbridge common shares, which, individually and in the aggregate, represent less than 1.0% of the Enbridge common shares outstanding as of November 5, 2018;

the three directors on the Special Committee also serve on the EEQ Special Committee;

Table of Contents

seven of the ten directors of the General Partner and the GP Delegate, including two directors on the Special Committee, are defendants in the Derivative Action; and

all of the directors and executive officers of the General Partner and GP Delegate have the right to indemnification under the EEP Partnership Agreement and the Merger Agreement. In addition, all of the directors and officers of Enbridge have the right to indemnification under the organizational documents of Enbridge and indemnification agreements with Enbridge.

In addition, certain executive officers and directors of Enbridge are also executive officers and directors of the General Partner and the GP Delegate. J. Herbert England serves as a member of the boards of directors of all three companies. The compensation received by the executive officers of Enbridge is paid to them in their capacities as executive officers of Enbridge, the General Partner and the GP Delegate, as applicable. The General Partner and the GP Delegate have the same directors and, with the exception of William Yardley, who is an executive officer of the General Partner only, have the same executive officers.

The following director and executive officers of Enbridge hold positions at the General Partner and the GP Delegate:

Executive Officer/Director	General Partner / GP Delegate	Enbridge
J. Herbert England	Director	Director
D. Guy Jarvis	Director and Executive Vice President Liquids Pipelines	Executive Vice President & President, Liquids Pipelines
John K. Whelen	Director	Executive Vice President & Chief Financial Officer

The members of the Special Committee, GP Delegate Board and GP Board were aware of and considered these interests, among other matters, when they approved the Merger Agreement and when they recommended that EEP unitholders approve the Merger. These interests are described in more detail in the section titled *The Merger Interests of Directors and Executive Officers of the GP Delegate and the General Partner in the Merger* beginning on page 96.

EEP effectively does not have the ability to enter into certain alternatives to the Merger that are not approved by Enbridge.

As of November 5, 2018, Enbridge and its subsidiaries (other than the GP Delegate) held and were entitled to vote, in the aggregate, Class A common units, Class B common units and Class E units of EEP, and the GP Delegate's shares corresponding to i-units of EEP, representing approximately 32.9% of the Outstanding EEP units. Accordingly, certain alternative transactions to the Merger entered into by EEP would need to be approved by Enbridge. Because Enbridge controls the voting of approximately 32.9% of the Outstanding EEP units, Enbridge can effectively block EEP from entering into alternative transactions to the Merger that require the approval of the EEP unitholders representing two-thirds of the outstanding EEP units that Enbridge does not support, which could discourage third parties that may have an interest in acquiring all or a significant part of EEP from considering or proposing that transaction.

Enbridge and EEP will be subject to certain operating restrictions until the completion of the Merger.

The Merger Agreement generally restricts EEP, without Enbridge's consent, or Enbridge, without EEP's consent, from taking specified actions until the Merger occurs or the Merger Agreement terminates. These restrictions may prevent

EEP or Enbridge from taking actions that each respectively might otherwise consider beneficial. Please read the section titled *The Merger Agreement Interim Operations* beginning on page 109.

Table of Contents**Risks Related to the Enbridge Common Shares*****The market price of Enbridge common shares will continue to fluctuate after the Merger.***

Upon completion of the Merger, Unaffiliated EEP Unitholders will become holders of Enbridge common shares. The market price of Enbridge common shares may fluctuate significantly following completion of the Merger and Unaffiliated EEP Unitholders could lose some or all of the value of their investment in Enbridge common shares. In addition, the stock market has experienced significant price and volume fluctuations in recent times which, if they continue to occur, could have a material adverse effect on the market for, or liquidity of, the Enbridge common shares, regardless of Enbridge's actual operating performance.

The market price of Enbridge common shares may be affected by factors different from those that historically have affected Class A common units.

Upon completion of the Merger, Unaffiliated EEP Unitholders will become holders of Enbridge common shares. The businesses of Enbridge differ from those of EEP in certain respects, and, accordingly, the financial position or results of operations and/or cash flows of Enbridge after the Merger, as well as the market price of Enbridge common shares, may be affected by factors different from those currently affecting the financial position or results of operations and/or cash flows of EEP, and, in turn, the market price of the Class A common units. For a discussion of the businesses of Enbridge and EEP and of some important factors to consider in connection with those businesses, see the section titled *Information about the Companies* beginning on page 43, and the documents incorporated by reference in the section titled *Where You Can Find More Information* beginning on page 166, including, in particular, in the sections titled *Risk Factors* in each of Enbridge's Annual Report on Form 10-K for the year ended December 31, 2017 and EEP's Annual Report on Form 10-K for the year ended December 31, 2017, in each case, as modified by subsequent reports filed by Enbridge and EEP.

Holders of Enbridge common shares, which will be received by eligible holders of the Class A common units as a result of the Merger, will have rights different from the current holders of Class A common units.

Upon completion of the Merger, Unaffiliated EEP Unitholders will no longer be unitholders of EEP, and Unaffiliated EEP Unitholders will become Enbridge shareholders. There are certain differences between the current rights of Unaffiliated EEP Unitholders and the rights to which such unitholders will be entitled as Enbridge shareholders. See the section titled *Comparison of Rights of Enbridge Shareholders and EEP Unitholders* beginning on page 131 for a discussion of the different rights associated with Enbridge common shares.

Enbridge may not pay any cash dividends to Enbridge shareholders, and Enbridge's ability to declare and pay cash dividends to Enbridge shareholders, if any, in the future will depend on various factors, many of which are beyond Enbridge's control.

Unlike EEP, Enbridge is not required to declare dividends of its available cash to its equity holders. The Enbridge Board may not declare dividends in the future. Should the Enbridge Board declare dividends on the Enbridge common shares in the future, the dividend yield of the Enbridge common shares may only be a fraction of the historical or projected dividend yield of the Class A common units. Any payment of future dividends will be at the sole discretion of the Enbridge Board and will depend upon many factors, including the financial condition, earnings and capital requirements of its operating subsidiaries, covenants associated with certain debt obligations, legal requirements, regulatory constraints and other factors deemed relevant by the Enbridge Board. For more information regarding Enbridge's financial condition, earnings and capital requirements, level of indebtedness or legal, regulatory or contractual restrictions, please read Enbridge's Annual Report on Form 10-K for the fiscal year ended December 31,

2017, incorporated by reference herein.

Enbridge declares its dividend in Canadian dollars. However, Enbridge delivers payment to U.S. holders of Enbridge common shares in U.S. dollars. Fluctuations in the Canadian dollar/U.S. dollar exchange rate may impact the value of dividend payments received by U.S. holders of Enbridge common shares.

Enbridge declares its dividend in Canadian dollars. However, Enbridge delivers payment to U.S. holders of Enbridge common shares in U.S. dollars. The U.S. dollar value of any cash payment for declared dividends to a U.S. holder of Enbridge common shares will be converted into U.S. dollars using the indicative rate of exchange for Canadian interbank transactions established by the Bank of Canada on the declared record date. Fluctuations in the Canadian dollar/U.S. dollar exchange rate may impact the value of any dividend payments received by U.S. holders of Enbridge common shares.

Enbridge is organized under the laws of Canada and a substantial portion of its assets are, and many of its directors and officers reside, outside of the United States. As a result, it may not be possible for shareholders to enforce civil liability provisions of the securities laws of the United States in Canada.

Enbridge is organized under the laws of Canada. A substantial portion of Enbridge's assets are located outside the United States, and many of Enbridge's directors and officers and some of the experts named in this proxy statement/prospectus (including in documents that are incorporated by reference into this proxy statement/prospectus) are residents of jurisdictions outside of the United States. As a result, it may be difficult for investors to effect service within the United States upon Enbridge and those directors, officers and experts, or to realize in the United States upon judgments of courts of the United States predicated upon civil liability of Enbridge and such directors, officers or experts under the U.S. federal securities laws. There is uncertainty as to the enforceability in Canada by a court in original actions, or in actions to enforce judgments of United States courts, of the civil liabilities predicated upon the U.S. federal securities laws.

There may be future dilution of the Enbridge common shares, including as a result of any Enbridge common shares issued in connection with the Other Merger Transactions, which could adversely affect the market price of Enbridge common shares.

If the Merger is successfully completed, Enbridge expects that it will issue to the Unaffiliated EEP Unitholders approximately 72,256,181 Enbridge common shares at the Effective Time in connection with the Merger, based on the number of Enbridge common shares and the estimated number of Class A common units that are outstanding as of November 5, 2018 (not including any Enbridge common shares that would be expected to be issued upon the successful completion of the Other Merger Transactions). If the Other Merger Transactions are all also successfully completed in accordance with their respective transaction agreements, based on the number of outstanding shares or units, as the case may be, of EEP, EEQ, SEP and ENF, as of November 5, 2018, and the exchange ratio in each applicable transaction agreement, Enbridge expects that it will issue approximately 296,284,573 Enbridge common shares in aggregate upon the completion of the proposed Merger and those Other Merger Transactions. The actual number of Enbridge common shares issued in the Merger will be determined by *multiplying* the Exchange Ratio by the number of issued and outstanding Class A common units held by Unaffiliated EEP Unitholders as of the closing date of the Merger. The actual number of Enbridge common shares issued in each of the Other Merger Transactions will be determined by *multiplying* the applicable exchange ratio by the number of publicly held shares or units of the acquired entity as of the closing date of each such transaction.

In addition, the Merger Agreement does not restrict Enbridge's ability to issue additional Enbridge common shares prior to (with consent of each conflicts committee and special committee pursuant to the respective merger agreements and arrangement agreement applicable to the proposed Merger and the Other Merger Transactions) or following the Effective Time or thereafter. In the future (assuming such consents have been secured), Enbridge may

issue additional Enbridge common shares to raise cash for its projects, operations, acquisitions or other purposes. Enbridge may also (assuming such consents have been secured) acquire interests in other companies by using a combination of cash and Enbridge common shares or just Enbridge common shares.

Table of Contents

Enbridge has issued securities convertible into, or exchangeable for, or that represent the right to receive, Enbridge common shares and may (assuming such consents have been secured) do so again in the future. Any of these events may dilute the ownership interests of current Enbridge common shares, reduce Enbridge's earnings per share and have an adverse effect on the price of Enbridge common shares. The issuance of these new shares and the sale of additional shares that may become eligible for sale in the public market from time to time could have the effect of depressing the market value for Enbridge common shares. The increase in the number of Enbridge common shares may lead to sales of such Enbridge common shares or the perception that such sales may occur, either of which may adversely affect the market for, and the market value of, Enbridge common shares.

Sales of a substantial number of Enbridge common shares in the public market could adversely affect the market price of Enbridge common shares.

Sales of a substantial number of Enbridge common shares in the public market, or the perception that these sales may occur, could reduce the market price of Enbridge common shares.

Tax Risks Related to the Merger and the Ownership of Enbridge Common Shares Received in the Merger

In addition to reading the following risk factors, EEP unitholders are urged to read *Material U.S. Federal Income Tax Consequences of the Merger* and *Material Canadian Federal Income Tax Consequences of the Merger* for a more complete discussion of the expected U.S. and Canadian federal income tax consequences of the Merger and owning and disposing of Enbridge common shares received in the Merger.

The Merger should be a taxable transaction for U.S. federal income tax purposes and, in such case, the resulting tax liability of an EEP unitholder, if any, will depend on such unitholder's particular situation. The tax liability of an EEP unitholder as a result of the Merger could be more than expected.

EEP unitholders will receive Enbridge common shares and cash in lieu of fractional shares, if any, as the Merger Consideration. Although EEP unitholders will receive no cash consideration other than any cash received in lieu of fractional shares, if any, the Merger should be treated as a taxable sale by EEP unitholders for U.S. federal income tax purposes. In such case, as a result of the Merger, an EEP unitholder will recognize gain or loss for U.S. federal income tax purposes equal to the difference between such unitholder's amount realized and the unitholder's adjusted tax basis in the Class A common units. The amount of gain or loss recognized by each EEP unitholder in the Merger will vary depending on each unitholder's particular situation, including the value of the Enbridge common shares and the amount of cash in lieu of fractional shares, if any, received by each unitholder in the Merger, the adjusted tax basis of the Class A common units exchanged by each unitholder in the Merger, and the amount of any suspended passive losses that may be available to a particular unitholder to offset a portion of the gain recognized by the unitholder.

Because the value of any Enbridge common shares received in the Merger will not be known until the Effective Time of the Merger, an EEP unitholder will not be able to determine its amount realized, and therefore its taxable gain or loss, until such time. In addition, because prior distributions in excess of an EEP unitholder's allocable share of EEP's net taxable income decrease such EEP unitholder's tax basis in its Class A common units, the amount, if any, of such prior excess distributions with respect to such Class A common units will, in effect, become taxable income to an EEP unitholder if the aggregate value of the consideration received in the Merger is greater than such EEP unitholder's adjusted tax basis in its Class A common units, even if the aggregate value of the consideration received in the Merger is less than such EEP unitholder's original cost basis in its Class A common units. Furthermore, a portion of this gain or loss, which portion could be substantial, will be separately computed and taxed as ordinary income or loss to the extent attributable to assets giving rise to depreciation recapture or other unrealized receivables or to inventory items owned by EEP.

For a more complete discussion of certain U.S. federal income tax consequences of the Merger, please read *Material U.S. Federal Income Tax Consequences of the Merger* beginning on page 125.

Table of Contents

The U.S. federal income tax treatment of EEP unitholders with respect to owning and disposing of any Enbridge common shares received in the Merger will be different than their U.S. federal income tax treatment with respect to owning and disposing of their Class A common units and dividends paid with respect to Enbridge common shares generally will be subject to withholding tax.

EEP is classified as a partnership for U.S. federal income tax purposes and, generally, is not subject to entity-level U.S. federal income taxes. Instead, each EEP unitholder is required to take into account such unitholder's share of items of income, gain, loss, and deduction of EEP in computing its U.S. federal income tax liability, regardless of whether cash distributions are made to such EEP unitholder by EEP. A distribution of cash by EEP to an EEP unitholder who is a U.S. holder (as defined in the section titled *Material U.S. Federal Income Tax Consequences of the Merger* beginning on page 125) is generally not taxable for U.S. federal income tax purposes unless the amount of cash distributed is in excess of the EEP unitholder's adjusted tax basis in its Class A common units. In contrast, Enbridge is classified as a corporation for U.S. federal income tax purposes, and thus, Enbridge and its subsidiaries (and not the Enbridge shareholders) are subject to taxation on their taxable income. A distribution of cash by Enbridge to a shareholder who is a U.S. holder will generally be included in such U.S. holder's income as ordinary dividend income to the extent of Enbridge's current or accumulated earnings and profits, as determined under U.S. federal income tax principles. A portion of the cash distributed to Enbridge shareholders by Enbridge after the Merger may exceed Enbridge's current and accumulated earnings and profits. Cash distributions in excess of Enbridge's current and accumulated earnings and profits will be treated as a non-taxable return of capital, reducing a U.S. holder's adjusted tax basis in such shareholder's Enbridge common shares and, to the extent the cash distribution exceeds such shareholder's adjusted tax basis, as gain from the sale or exchange of such Enbridge common shares. However, Enbridge does not expect to calculate earnings and profits in accordance with U.S. federal income tax principles. Accordingly, each Enbridge shareholder should expect to generally treat distributions made by Enbridge as dividends.

Dividends paid or credited or deemed to be paid or credited on Enbridge common shares to a Non-Canadian Resident Holder generally will be subject to Canadian withholding tax at a rate of 25% of the gross amount of the dividend, unless the rate is reduced under the provisions of an applicable income tax convention between Canada and the Non-Canadian Resident Holder's jurisdiction of residence. For example, the rate of withholding tax under the Treaty applicable to a Non-Canadian Resident Holder who is a resident of the United States for purposes of the Treaty, is the beneficial owner of the dividend and is entitled to all of the benefits under the Treaty, generally will be 15%.

Please read *Material U.S. Federal Income Tax Consequences of the Merger* and *Material Canadian Federal Income Tax Consequences of the Merger* for a more complete discussion of certain U.S. and Canadian federal income tax consequences of owning and disposing of Enbridge common shares.

Future changes to U.S., Canadian and foreign tax laws could adversely affect the combined company.

The U.S. Congress, the Canadian House of Commons, the Organization for Economic Co-operation and Development, and other government agencies in jurisdictions where Enbridge and its affiliates do business have been focused on issues related to the taxation of multinational corporations. Specific attention has been paid to base erosion and profit shifting, where payments are made between affiliates from a jurisdiction with high tax rates to a jurisdiction with lower tax rates. As a result, the tax laws in the United States, Canada and other countries in which Enbridge and its affiliates do business could change on a prospective or retroactive basis, and any such change could adversely affect the combined company.

Further, there can be no assurance that applicable Canadian income tax laws, regulations or tax treaties will not be changed or interpreted in a manner that is, or that applicable taxing authorities will not take administrative positions that are, adverse to Enbridge and its shareholders. Such taxation authorities may also disagree with how Enbridge

calculates or has in the past calculated its income for tax purposes. Any such event could adversely affect Enbridge, its share price or the dividends or other payments to be paid to shareholders of Enbridge.

THE SPECIAL MEETING

EEP is providing this proxy statement/prospectus to the EEP unitholders for the solicitation of proxies to be voted at the special meeting that EEP has called for the purposes described below. This proxy statement/prospectus is first being mailed to EEP unitholders on or about November 13, 2018 and provides EEP unitholders with the information they need to know about the Merger and the proposals to be able to vote or instruct their vote to be cast at the special meeting.

Date, Time and Place

The special meeting will be held on December 17, 2018 at 10:00 a.m., local time, at the Hilton Houston Post Oak by the Galleria, 2001 Post Oak Boulevard, Houston, Texas 77056.

Purpose

At the special meeting, you will be asked to vote solely on the following proposals:

Proposal 1: To consider and vote on a proposal to approve the Merger Agreement; and

Proposal 2: To consider and vote on a proposal to approve the adjournment of the special meeting from time to time, if necessary to solicit additional proxies if there are not sufficient votes to approve the Merger Agreement at the time of the special meeting.

Special Committee Recommendation

The Special Committee recommends that you vote:

Proposal 1: FOR approval of the Merger Agreement.

The GP Delegate Board and the GP Board Recommendation

The GP Delegate Board and the GP Board each recommend that you vote:

Proposal 1: FOR approval of the Merger Agreement; and

Proposal 2: FOR the adjournment of the special meeting from time to time, if necessary to solicit additional proxies if there are not sufficient votes to approve the Merger Agreement at the time of the special meeting.

The Special Committee, the GP Delegate Board and the GP Board, acting in good faith, unanimously (1) determined that the Merger Agreement and the transactions contemplated thereby, including the Merger, are fair and reasonable to EEP, including the Unaffiliated EEP Unitholders, (2) approved the Merger Agreement and the transactions contemplated thereby, including the Merger, on the terms and subject to the conditions set forth in the Merger Agreement and (3) resolved to recommend approval of the Merger

Agreement to the EEP unitholders. See the sections titled *The Merger Recommendation of the Special Committee* beginning on page 72, *The Merger Recommendation of the GP Delegate* beginning on page 72, *The Merger Recommendation of the GP Board* beginning on page 72 and *The Merger Reasons for the Recommendation of the Special Committee* beginning on page 72.

In considering the recommendation of the Special Committee, the GP Delegate Board and the GP Board with respect to the Merger Agreement and the transactions contemplated thereby, you should be aware that some of the GP Delegate s and the General Partner s directors and executive officers may have interests that are different from, or in addition to, the interests of EEP unitholders more generally. See the section titled *The Merger Relationship of the Parties to the Merger Agreement* beginning on page 96.

Table of Contents

Record Date; Outstanding EEP Units; Units Entitled to Vote

The Record Date for the special meeting is November 5, 2018. Only holders of Outstanding EEP units as of the close of business on the Record Date will be entitled to receive notice of, and to vote at, the special meeting or any adjournment or postponement thereof.

As of November 5, 2018, there were 326,517,110 Class A common units, 7.8 million Class B common units, 18.1 million Class E units and 98.6 million i-units of EEP outstanding and that would be entitled to vote at the special meeting. Each holder as of the Record Date of Class A common units, Class B common units, Class E units and i-units of EEP is entitled to one vote for each unit owned. Class F units of EEP have no voting rights and therefore holders of Class F units are not entitled to any votes for their respective Class F units at the special meeting.

A complete list of EEP unitholders entitled to vote at the special meeting will be available for inspection at the principal place of business of EEP during regular business hours for a period of no less than ten days before the special meeting and at the place of the special meeting during the meeting.

Quorum

A quorum of EEP unitholders is required to approve the Merger Agreement at the special meeting, but not to approve any adjournment of the meeting. The presence, in person or by proxy, of EEP unitholders representing 66 $\frac{2}{3}$ % of the Outstanding EEP units on the Record Date will constitute a quorum for the special meeting. Any abstentions will be counted as present in determining whether a quorum is present at the special meeting.

Required Vote

The approval of the Merger Agreement and the Merger by EEP requires the affirmative vote by, (1) the holders of 66 $\frac{2}{3}$ % of the Outstanding EEP units, and (2) the holders of a majority of the outstanding Class A common units (other than any Class A common units held by Enbridge and its affiliates) and the outstanding i-units (other than i-units voted at the direction of, Enbridge and its affiliates), voting together as a single class, in each case entitled to vote on such matter at the special meeting or any adjournment or postponement thereof, must vote in favor of approval of the Merger Agreement. Accordingly, an EEP unitholder's failure to submit a proxy or to vote in person at the special meeting or to abstain from voting, or the failure of an EEP unitholder who holds his or her EEP units in street name through a bank, broker, nominee, trust company or other fiduciary to give voting instructions to such bank, broker, nominee, trust company or other fiduciary, will have the same effect as a vote against approval of the Merger Agreement.

Adjournment of the special meeting from time to time by limited partner action, if necessary to solicit additional proxies, if there are not sufficient votes to approve the Merger Agreement at the time of the special meeting, requires (1) if a quorum does not exist, the affirmative vote of the holders of a majority of the Outstanding EEP units represented either in person or by proxy at the special meeting or (2) if a quorum does exist, the affirmative vote of 66 $\frac{2}{3}$ % of the Outstanding EEP units represented either in person or by proxy at the special meeting. Abstentions will have the same effect as a vote against the proposal to adjourn the special meeting. EEP units not represented in person at the special meeting and for which no proxy has been submitted will have no effect on the outcome of any vote to adjourn the special meeting if a quorum is not present. If a quorum is present, they would have the same effect as a vote against any adjournment proposal.

Unit Ownership of and Voting by Enbridge and the General Partners and GP Delegate Directors and Executive Officers

Edgar Filing: ENBRIDGE INC - Form 424B3

As of November 5, 2018, Enbridge and its subsidiaries (other than the GP Delegate) held and were entitled to vote, in the aggregate, Class A common units, Class B common units and Class E units of EEP, and the GP

Table of Contents

Delegate s shares corresponding to i-units of EEP, representing approximately 32.9% of the Outstanding EEP units, and, as of November 5, 2018, the directors and executive officers, and their affiliates, of the General Partner and the GP Delegate held and were entitled to vote, in the aggregate, Class A common units and the GP Delegate s shares corresponding to i-units of EEP, representing less than 1.0% of the Outstanding EEP units. Enbridge has agreed in the Merger Agreement that, subject to limited exceptions, it and its subsidiaries would vote their respective EEP units and EEQ shares **FOR** the Merger Agreement proposal, and we believe that Enbridge and its subsidiaries intend to vote their respective EEP units and EEQ shares **FOR** any adjournment proposal. We believe the General Partner s and the GP Delegate s directors and executive officers intend to vote all of their respective EEP units and EEQ shares **FOR** the Merger Agreement proposal and **FOR** any adjournment proposal. The GP Delegate will submit the Merger Agreement proposal and any adjournment proposal to a vote of the GP Delegate shareholders to determine how the GP Delegate will vote the EEP i-units at the special meeting.

Voting of Units by Holders of Record

If you are entitled to vote at the special meeting and hold your EEP units in your own name, you can submit a proxy or vote in person by completing a ballot at the special meeting. However, we encourage you to submit a proxy before the special meeting even if you plan to attend the special meeting in order to ensure that your units are voted. A proxy is a legal designation of another person to vote your EEP units on your behalf in the manner you instruct. If you hold EEP units in your own name, you may submit a proxy for your EEP units by:

calling the toll-free number specified on the enclosed proxy card and following the instructions when prompted;

accessing the Internet website specified on the enclosed proxy card and following the instructions provided to you; or

filling out, signing and dating the enclosed proxy card and mailing it in the prepaid envelope included with these proxy materials.

When you submit a proxy by telephone or through the Internet, your proxy is recorded immediately. We encourage you to submit your proxy using these methods whenever possible. If you submit a proxy by telephone or the Internet website, please do not return your proxy card by mail.

All outstanding EEP units represented by each properly executed and valid proxy received before the special meeting will be voted in accordance with the instructions given on the proxy. If an EEP unitholder executes a proxy card without giving instructions, the EEP units represented by that proxy card will be voted FOR approval of the proposal to approve the Merger Agreement and FOR approval of any adjournment proposal.

Your vote is important. Accordingly, please submit your proxy by telephone, through the Internet or by mail, whether or not you plan to attend the meeting in person. Proxies must be received by 11:59 p.m., Eastern Time, on December 16, 2018.

Voting of Units Held in Street Name

Edgar Filing: ENBRIDGE INC - Form 424B3

If your EEP units are held in an account at a bank, broker, nominee, trust company or other fiduciary, you must instruct the bank, broker, nominee, trust company or other fiduciary on how to vote your EEP units by following the instructions that the bank, broker, nominee, trust company or other fiduciary provides to you with these proxy materials. Most banks, brokers, nominees, trust companies and other fiduciaries offer the ability for unitholders to submit voting instructions by mail by completing a voting instruction card, by telephone and via the Internet.

If you hold your EEP units in a brokerage account and you do not provide voting instructions to your broker, your EEP units will not be voted on any proposal, as under the current rules of the NYSE, brokers do not

Table of Contents

have discretionary authority to vote on the proposal to approve the Merger Agreement or any adjournment proposal. Since there are no items on the agenda which your broker has discretionary authority to vote upon, there will be no broker non-votes present at the special meeting.

If you hold EEP units through a bank, broker, nominee, trust company or other fiduciary and wish to vote your EEP units in person at the special meeting, you must obtain a legal proxy from your bank, broker, nominee, trust company or other fiduciary and present it to the inspector with your ballot when you vote at the special meeting.

Revocability of Proxies; Changing Your Vote

You may revoke your proxy and/or change your vote at any time before your proxy is voted at the special meeting. If you are an EEP unitholder of record, you can do this by:

 sending a written notice stating that you revoke your proxy bearing a date later than the date of the proxy to EEP at 5400 Westheimer Court, Houston, Texas 77056, Attn: Corporate Secretary;

 submitting a valid, later-dated proxy by mail, telephone or Internet; or

 attending the special meeting and voting by ballot in person (your attendance at the special meeting will not, by itself, revoke any proxy that you have previously given).

If you choose to revoke your proxy by written notice or submit a later-dated proxy, you must do so by 11:59 p.m., Eastern Time, on the day before the special meeting.

If you hold your EEP units through a bank, broker, nominee, trust company or other fiduciary, you must follow the directions you receive from your bank, broker, nominee, trust company or other fiduciary, in order to revoke or change your vote.

Solicitation of Proxies

EEP will bear all costs and expenses in connection with the solicitation of proxies from its unitholders, except that Enbridge has agreed to pay all expenses of printing and mailing this proxy statement/prospectus and all filing fees payable to the SEC in connection with this proxy statement/prospectus. In addition to the solicitation of proxies by mail, EEP will request that banks, brokers and other record holders send proxies and proxy material to the beneficial owners of EEP units and secure their voting instructions, if necessary. EEP will reimburse the banks, brokers and other record holders for their reasonable expenses in taking those actions. EEP has also made arrangements with D.F. King & Co., Inc. to assist in soliciting proxies and in communicating with EEP unitholders and estimates that it will pay them a fee of approximately US\$15,000, *plus* fees on a per call basis and reasonable out-of-pocket fees and expenses for these services.

EEP Unitholders should not send unit certificates with their proxies. A letter of transmittal and instructions for the surrender of the EEP unit certificates will be mailed to EEP Unitholders shortly after the completion of the Merger.

Householding

The SEC has adopted a rule concerning the delivery of annual reports and proxy statements. It permits EEP, with your permission, to send a single notice of meeting and, to the extent requested, a single set of this proxy statement/prospectus to any household at which two or more unitholders reside if EEP believes they are members of the same family. This rule is called householding, and its purpose is to help reduce printing and mailing costs of proxy materials.

A number of brokerage firms have instituted householding. If you and members of your household have multiple accounts holding EEP units, you may have received a householding notification from your broker.

Table of Contents

Please contact your broker directly if you have questions, require additional copies of this proxy statement/prospectus or wish to revoke your decision to household. These options are available to you at any time.

Adjournments

Adjournments may be made from time to time for the purpose of, among other things, soliciting additional proxies. Adjournment of the special meeting by EEP limited partner action requires (1) if a quorum does not exist, the affirmative vote of the holders of a majority of the Outstanding EEP units represented either in person or by proxy at the special meeting or (2) if a quorum does exist, the affirmative vote of 66 $\frac{2}{3}$ % of the outstanding EEP units represented in person or by proxy at the special meeting. EEP is not required to notify EEP unitholders of any adjournment of 45 days or less if the time and place of the adjourned meeting are announced at the meeting at which the adjournment is taken, unless after the adjournment a new record date is fixed for the adjourned meeting. At any adjourned meeting, EEP may transact any business that it might have transacted at the original meeting, provided that a quorum is present at such adjourned meeting. References to the special meeting in this proxy statement/prospectus are to such special meeting as adjourned or postponed.

Attending the Special Meeting

All holders of outstanding EEP units as of the close of business on the record date, or their duly appointed proxies, may attend the special meeting. Seating, however, is limited. Admission to the special meeting will be on a first-come, first-served basis. Registration will begin at 9:00 a.m., local time, and seating will begin at 9:30 a.m., local time. Cameras, recording devices and other electronic devices will not be permitted at the special meeting.

Unitholders will be asked to present valid picture identification, such as a driver's license or passport. Please note that if you hold your EEP units in street name, you will also need to bring a copy of the voting instruction card that you receive from your bank, broker, nominee, trust company or other fiduciary in connection with the special meeting or a brokerage statement reflecting your EEP unit ownership as of the close of business on the record date and check in at the registration desk at the special meeting.

Assistance

If you need assistance in completing your proxy card, have questions regarding the special meeting, or would like additional copies, without charge, of this proxy statement/prospectus, please contact D.F. King & Co., Inc. toll-free at (800) 549-6746 (banks and brokers call collect at (212) 269-5550) or by email at Enbridge@dfking.com.

PROPOSAL 1: THE MERGER PROPOSAL

EEP Unitholders are being asked to approve the Merger Agreement. Approval of the Merger Agreement and the Merger is a condition to the closing of the Merger. For a detailed discussion of the Merger and the Merger Agreement, see the sections titled *The Merger* beginning on page 52 and *The Merger Agreement* beginning on page 100.

Required Vote

The approval of the Merger Agreement and the Merger by EEP requires the affirmative vote by (1) the holders of at least 66 $\frac{2}{3}$ % of the Outstanding EEP units, and (2) the holders of a majority of the outstanding Class A common units (other than any Class A common units held by Enbridge and its affiliates) and the outstanding i-units (other than i-units voted at the direction of Enbridge and its affiliates), voting together as a single class, in each case entitled to vote on such matter at the special meeting or any adjournment or postponement thereof.

EEP Unitholders are being asked to approve the adjournment of the special meeting from time to time, if necessary or appropriate, to solicit additional proxies in favor of the proposal to approve the Merger Agreement, if there are insufficient votes at the time of such adjournment to approve such proposal. If, at the special meeting, the number of Class A common units present or represented and voting in favor of the approval of the Merger Agreement is insufficient to approve the corresponding proposal, the General Partner may move to adjourn the special meeting from time to time for the purpose of soliciting additional proxies for approval of such proposals.

If submitted to a vote of EEP Unitholders, approval of an adjournment of the special meeting from time to time to solicit additional proxies, if there are not sufficient votes to approve the Merger Agreement at the time of the special meeting, requires (1) if a quorum does not exist, the affirmative vote of the holders of a majority of the Outstanding EEP units represented either in person or by proxy at the special meeting or (2) if a quorum does exist, the affirmative vote of $66\frac{2}{3}\%$ of the Outstanding EEP units represented either in person or by proxy at the special meeting.

THE MERGER

This discussion of the Merger is qualified in its entirety by reference to the Merger Agreement, which is attached to this proxy statement/prospectus as [Annex A](#) and incorporated by reference herein in its entirety. You should read the entire Merger Agreement carefully as it is the legal document that governs the Merger.

Transaction Structure

The Merger Agreement provides that, upon the terms and conditions in the Merger Agreement, and in accordance with the EEP Partnership Agreement, the Delaware Limited Liability Company Act (DLLCA) and the DRULPA, at the Effective Time of the Merger, Merger Sub will be merged with and into EEP, with EEP being the surviving entity of the Merger and a wholly owned subsidiary of Enbridge.

Merger Consideration

At the Effective Time, by virtue of the merger and without any action on the part of the parties or any holder of EEP partnership interests, each Class A common unit issued and outstanding immediately prior to the Effective Time (other than the Excluded Units) will be converted into the right to receive Enbridge common shares in exchange for such holder's Class A common units at the Exchange Ratio.

If the Exchange Ratio would result in an EEP unitholder being entitled to receive, after aggregating all fractional units which such holder would otherwise be entitled to receive in connection with the Merger and rounding to three decimal places, a fraction of an Enbridge common share, such holder will receive a cash payment (without interest, rounded down to the nearest cent) in lieu of such fractional Enbridge common share in an amount equal to the product obtained by *multiplying* (1) the amount of the fractional share interest in an Enbridge common share to which such holder would be entitled and (2) an amount equal to the average of the volume-weighted average price per share of Enbridge common shares on the NYSE (as reported by Bloomberg L.P., or, if not reported therein, in another authoritative source mutually selected by Enbridge and EEP) on the trading day immediately prior to the Effective Time for ten trading days ending on the fifth full business day immediately prior to the Closing Date.

Background of the Merger

The Enbridge Board and senior management of Enbridge, with the assistance of Enbridge's financial and legal advisors, from time to time review and consider various potential strategic opportunities and alternatives in light of industry, regulatory and economic trends and developments. As part of such review, Enbridge has evaluated potential transactions, including various transactions with respect to its sponsored vehicles, to advance its strategic objective of streamlining Enbridge's business to create value for Enbridge's and its sponsored vehicles' security holders.

On September 6, 2016, Enbridge and Spectra Energy announced that they had entered into a definitive merger agreement under which Enbridge and Spectra Energy would combine in a stock-for-stock merger transaction. In connection therewith, Enbridge began to conduct an internal review with the objective of improving EEP's financial position and future outlook.

On January 27, 2017, in connection with their quarterly business updates, Enbridge and EEP announced that the strategic review of EEP was ongoing, and EEP was considering (a) the sustainability of EEP's current level of distributions to unitholders, (b) further cost efficiency measures, (c) the potential extension of existing supportive actions by Enbridge with respect to EEP, (d) the sale of a portion or all of its remaining interests in the natural gas gathering and processing assets, including to Enbridge, and (e) potential further restructuring of the general partner

incentive distribution rights.

On February 27, 2017, Enbridge and Spectra Energy completed their previously announced combination.

Table of Contents

On April 28, 2017, EEP announced that its strategic review had concluded, and it had taken several actions to strengthen EEP's financial position and outlook, including modifying EEP's capital structure, including its incentive distribution mechanism, and reducing quarterly distributions from US\$0.583 per unit to US\$0.350 per unit.

Following the conclusion of the strategic review of EEP, Enbridge continued throughout 2017 to evaluate and consider various potential strategic opportunities and alternatives, including with respect to EEP and its other sponsored vehicles.

On November 2, 2017, Enbridge filed with the SEC Amendment No. 4 to the Schedule 13D, filed by Enbridge and certain of its affiliates with the SEC on December 4, 2008 with respect to its investment in EEP (the EEP Schedule 13D). Enbridge disclosed in Amendment No. 4 to the EEP Schedule 13D that, as part of its ongoing evaluation of its investment in EEP, and alternatives to that investment, including a potential consolidation, acquisition or sale of assets or EEP units, or changes to EEP's capital structure, Enbridge may, from time to time, formulate plans or proposals with respect to such matters and hold discussions with or make formal proposals to the GP Delegate Board, in its capacity as the board of directors of the delegate of the General Partner, other holders of EEP units or other third parties regarding such matters. Also on November 2, 2017, Enbridge filed with the SEC Amendment No. 2 to the Schedule 13D, filed by Enbridge and certain of its affiliates with the SEC on October 28, 2002 with respect to its investment in EEQ (the EEQ Schedule 13D). Enbridge disclosed in Amendment No. 2 to the EEQ Schedule 13D that, as part of its ongoing evaluation of its investment in EEQ, and alternatives to that investment, including a potential consolidation, acquisition or sale of assets or listed shares of EEQ, or changes to EEQ's capital structure, Enbridge may, from time to time, formulate plans or proposals with respect to such matters and hold discussions with or make formal proposals to the GP Delegate Board, in its capacity as the board of directors of EEQ, other holders of listed shares of EEQ or other third parties regarding such matters.

On November 29, 2017, Enbridge announced the finalization of its strategic plan and financial outlook for 2018 through 2020, including Enbridge's key objectives of growing organically, minimizing risk and streamlining Enbridge's business.

On December 22, 2017, the United States implemented U.S. tax reform. The Tax Cuts and Jobs Act (TCJA) was signed into law and became enacted for tax purposes. Substantially all of the provisions of the TCJA are effective for taxation years beginning after December 31, 2017. The most significant change included in the TCJA was a reduction in the corporate federal income tax rate from 35% to 21%. This tax rate change caused EEP to reduce the income tax allowance component of the tolls in its Federal Energy Regulatory Commission (the FERC) regulated cost-of-service based Facility Surcharge Mechanism projects.

On February 15, 2018, EEP announced in connection with its quarterly business update that the total annual impact to EEP of U.S. tax reform was expected to be a US\$55 million per year reduction to distributable cash flow, net of noncontrolling interests.

On March 15, 2018, the FERC revised a long-standing policy, announcing in a revised policy statement that it would no longer permit entities organized as master limited partnerships (MLPs) to recover an income tax allowance for interstate pipeline assets with cost-of-service rates. The FERC also, among other things, issued a notice seeking comment on how the FERC should address changes related to accumulated deferred income taxes (ADIT) (collectively, with the revised policy statement, the March FERC Announcement). The trading price of Enbridge's, EEP's and EEQ's publicly-traded securities reacted negatively to the March FERC Announcement, including (a) Enbridge common shares closing 4.9% lower the day of the March FERC Announcement and 4.8% lower three weeks after the day of the March FERC Announcement, (b) the Class A common units closing 17.3% lower the day of the March FERC Announcement and 23.7% lower three weeks after the day of the March FERC Announcement and

(c) the listed shares of EEQ closing 15.6% lower the day of the March FERC Announcement and 23.2% lower three weeks after the day of the March FERC Announcement, in each case, compared to their respective closing prices on the NYSE on the trading day immediately preceding the date of the March FERC Announcement.

On March 16, 2018, Enbridge announced that it was continuing to assess options to mitigate the effects of the March FERC Announcement on Enbridge's sponsored vehicles, including through the acquisition of all of Enbridge's sponsored vehicles by Enbridge, but that Enbridge did not expect a material impact to its previously disclosed 2018-2020 consolidated financial guidance as a result of the March FERC Announcement.

Also on March 16, 2018, EEP announced that, based on its preliminary assessment of the March FERC Announcement, the financial impact to EEP for 2018 was expected to be an approximate US\$100 million reduction in revenues and US\$60 million reduction to distributable cash flow, net of noncontrolling interests.

On April 24, 2018, the Enbridge Board held a telephonic meeting to discuss the financial effects of the March FERC Announcement on Enbridge, its sponsored vehicles, and the MLP market more broadly, as well as options with respect to minimizing those effects. Enbridge management highlighted the negative impact of the March FERC Announcement and the decline in the effectiveness of the MLP business model and recommended acceleration of Enbridge's review of a potential corporate simplification.

Throughout April and May 2018, Enbridge management also developed updated projections for its sponsored vehicles, including extended five-year projections through 2022, in light of the March FERC Announcement and in connection with Enbridge's review of a potential corporate simplification.

On May 9, 2018, in connection with its quarterly business update, EEP announced that the financial impact to EEP for 2018 from the combination of U.S. tax reform and the March FERC Announcement was expected to be a US\$125 million reduction to distributable cash flow, net of noncontrolling interests, and exclusive of a payback of ADIT, and that EEP was continuing to evaluate options to mitigate the negative impact of the March FERC Announcement as previously announced.

On May 10, 2018, Enbridge released its quarterly report for the quarter ended March 31, 2018, which stated, among other things, that the March FERC Announcement was adversely affecting MLPs generally, including EEP, due to both the direct consequences of the changes in FERC policy and the possible negative impact on the longer-term availability of capital on attractive terms to EEP.

On May 16, 2018, the Enbridge Board held a telephonic meeting, which was also attended by representatives of Merrill Lynch, Pierce, Fenner & Smith Incorporated (BofAML) and Scotia Capital Inc., financial advisors to Enbridge, and Sullivan & Cromwell LLP (S&C) and McCarthy Tétrault LLP, legal advisors to Enbridge, to discuss Enbridge management's conclusions and recommendations following completion of their review of a potential corporate simplification. Enbridge management noted that the unit and share prices of Enbridge's sponsored vehicles, including EEP, weakened significantly following the March FERC Announcement, making them an ineffective source of capital for Enbridge, relative to alternative equity sources. Enbridge management also discussed potential alternatives to a buy-in of all of Enbridge's sponsored vehicles, including maintaining Enbridge's existing corporate structure or converting the sponsored vehicles into C-corporations for tax purposes but maintaining them as public vehicles. Following a discussion by the Enbridge Board of the potential risks and benefits of a buy-in of Enbridge's sponsored vehicles and the viability of various alternatives, the Enbridge Board authorized Enbridge management to make an offer to each of its sponsored vehicles to acquire the outstanding public equity securities of the sponsored vehicles through separate combination transactions.

On May 17, 2018, representatives of Enbridge delivered a proposal (the EEP Initial Proposal) to the GP Delegate Board, in its capacity as the board of directors of the delegate of the General Partner, to acquire all of the outstanding Class A common units not already owned by Enbridge and its affiliates through a merger between EEP and Merger Sub, at an exchange ratio of 0.3083 Enbridge common shares for each issued and outstanding publicly held Class A

common unit. On the same day, representatives of Enbridge delivered a separate proposal (the EEQ Initial Proposal) to the GP Delegate Board, in its capacity as the board of directors of EEQ, to acquire all of the outstanding listed shares of EEQ not already owned by Enbridge and its affiliates

Table of Contents

through a merger between EEQ and Winter Acquisition Sub I, Inc., at an exchange ratio of 0.2887 Enbridge common shares for each issued and outstanding publicly held listed share of EEQ. Also on the same day, representatives of Enbridge delivered proposals to each of SEP and ENF to acquire the outstanding publicly-traded equity securities of those sponsored vehicles, at exchange ratios of (a) 1.0123 Enbridge common shares for each issued and outstanding publicly held common unit of SEP, and (b) 0.7029 Enbridge common shares for each issued and outstanding publicly held common share of ENF.

On May 17, 2018, immediately following the delivery of the EEP Initial Proposal, EEQ Initial Proposal and the proposals with respect to SEP and ENF, Enbridge publicly announced that it had made such proposals and that Enbridge believed that both the direct consequences of the March FERC Announcement, as well as the adverse market effects following such announcement, weakened EEP and EEQ's credit profile and made them ineffective and unreliable standalone financing vehicles to support Enbridge's growth. Enbridge further announced that it believed that, on a standalone basis, EEP would face the cessation of distribution growth and potential reductions in cash distribution to unitholders as early as 2019. On the same day, Enbridge also amended its Schedule 13Ds with respect to its investments in SEP, EEP and EEQ.

On May 17, 2018, the GP Delegate Board held a telephonic meeting to discuss the offer received from Enbridge. Following that discussion, the GP Delegate Board, in its capacity as the board of directors of the delegate of the General Partner, formally constituted the Special Committee and appointed Messrs. Connelly (Chair), Waldheim and Westbrook to serve on the Special Committee. The GP Delegate Board, in its capacity as the board of directors of the delegate of the General Partner, authorized the Special Committee to (a) review, evaluate, consider and negotiate the proposed acquisition by Enbridge, through a wholly owned subsidiary, of all of the Class A common units that are not already owned by Enbridge and its affiliates (including the amount and form of consideration to be paid in connection therewith), (b) consider alternatives to such proposed transaction, if any, (c) approve or disapprove, as the case may be, such proposed transaction and the agreements related thereto, (d) make such recommendations to the GP Delegate Board as it deems appropriate, including whether or not the GP Delegate Board should approve such proposed transaction and the agreements related thereto, (e) make all determinations and take all actions with respect to such proposed transaction and the agreements related thereto as may be authorized and contemplated thereby, and (f) do all things that may, in the judgment of the Special Committee, be deemed necessary, appropriate or advisable to assist the GP Delegate Board in carrying out its responsibilities with respect to such proposed transaction.

The GP Delegate Board, in its capacity as the board of directors of EEQ, authorized the EEQ Special Committee to (a) review, evaluate, consider and negotiate the proposed acquisition by Enbridge, through a wholly owned subsidiary, of all of the listed shares of EEQ that are not already owned by Enbridge and its affiliates (including the amount and form of consideration to be paid in connection therewith), (b) consider alternatives to such proposed transaction, if any, (c) approve or disapprove, as the case may be, such proposed transaction and the agreements related thereto, (d) make such recommendations to the GP Delegate Board as it deems appropriate, including whether or not the GP Delegate Board should approve such proposed transaction, (e) make all determinations and take all actions with respect to such proposed transaction and the agreements related thereto as may be authorized and contemplated thereby, and (f) do all things that may, in the judgment of the EEQ Special Committee, be deemed necessary, appropriate or advisable to assist the GP Delegate Board in carrying out its responsibilities with respect to such proposed transaction. In establishing the EEP/EEQ Special Committees, the GP Delegate Board considered, among other things, that Mr. Connelly's son was employed by Midcoast Operating, L.P. (Midcoast), which at the time was a subsidiary of Enbridge. Enbridge had previously announced on May 9, 2018, that it had entered into a definitive agreement to sell Midcoast and its subsidiaries, and such transaction was completed on

August 1, 2018. The GP Delegate Board also took into consideration that Messrs. Connelly and Westbrook had previously served on the

Throughout the process of considering the EEP Initial Proposal and the EEQ Initial Proposal, EEP and EEQ received communications from their respective unitholders and shareholders, which communications were provided to the EEP/EEQ Special Committees and their legal and respective financial advisors and considered by the EEP/EEQ Special Committees as part of the review process.

On May 17, 2018, Mr. Connelly contacted representatives of Bracewell regarding the potential engagement of Bracewell as legal advisor to the EEP/EEQ Special Committees. In connection with engaging Bracewell, the EEP/EEQ Special Committees considered, among other things, that Bracewell served as legal counsel to the 2015 Special Committee. An engagement letter dated May 17, 2018, detailing the terms of Bracewell's engagement as legal advisor to the Special Committee, was subsequently executed and an engagement letter dated May 17, 2018, detailing the terms of Bracewell's engagement as legal advisor to the EEQ Special Committee, was subsequently executed.

Between May 17, 2018 and May 31, 2018, the EEP/EEQ Special Committees and Bracewell held discussions concerning whether the Special Committee and the EEQ Special Committee should retain a single financial advisor for both committees or separate financial advisors for each committee. During the meeting, representatives of Enbridge management explained to the EEP/EEQ Special Committees and their respective advisors the background to and strategic rationale for the proposed Merger, including, among other things, the decreasing fund flows and equity capital available to MLPs, industry trending toward simplification transactions and streamlined structures and the increasing focus on self-funding business models, the proposed EEQ Merger and the Other Merger Transactions, and Enbridge management's five-year projections for Enbridge on a standalone basis and pro forma, taking into account the proposed Merger, the proposed EEQ Merger and the Other Merger Transactions, and standalone projections for EEP.

Representatives of Bracewell and MNAT provided an overview of the provisions in the EEP Partnership Agreement and the Limited Liability Company Agreement of EEQ relating to the EEP/EEQ Special Committees' respective roles in reviewing the transactions, and the many considerations relating to the structure of the two committees including, among other considerations, that (a) the proposed Merger and the proposed EEQ Merger would be negotiated simultaneously but that EEP and EEQ were each negotiating with

Enbridge and not with one another, (b) the proposed EEQ Merger was conditioned upon the consummation of the proposed Merger, (c) the standards governing the approval of related-party transactions

are substantially the same for both EEP and EEQ, and that each of the EEP Partnership Agreement and the EEQ LLC Agreement provide that the fair and reasonable nature of a transaction shall be considered in the context of all similar or related transactions and (4) Messrs. Connelly, Waldheim and Westbrook owned Class A common units and did not own listed shares of EEQ. Also during the meeting, the EEP/EEQ Special Committees, together with their legal advisors, discussed certain challenges and considerations in evaluating the proposed Merger and the proposed EEQ Merger, respectively, including, among other things, the taxable nature of the proposed Merger to EEP unitholders, combined with the fact that the merger consideration consisted of Enbridge common shares, and the fact that the U.S. federal tax consequences of the proposed Merger would vary among EEP unitholders depending upon, among other things, the EEP unitholders' individual tax characteristics and how long they had owned the Class A common units. During the meeting and in light of the factors discussed with Bracewell and MNAT, Messrs. Connelly, Waldheim and Westbrook determined that each of the Special Committee and the EEQ Special Committee would continue to be comprised of the same persons and be represented by a single set of legal advisors and separate financial advisors, as was currently the arrangement.

The Special Committee further determined to convene a joint meeting of the EEP/EEQ Special Committees and their respective advisors once the additional diligence had been completed. Also during the meeting, representatives of Bracewell provided an analysis of the potential U.S. federal tax impact of the proposed Merger utilizing information obtained from Enbridge management. Connelly and Westbrook. The EEP/EEQ Special Committees had requested the representatives' views on the Derivative Action in order to review, evaluate and consider the Derivative Action and to determine the value in connection with its review of the proposed Merger and the proposed EEQ Merger, respectively. During the meeting with representatives of Brager, Eigel & Squire P.C. and Friedlander & Gorris, the representatives shared and discussed their views on the Derivative Action and estimated that damages in the Derivative Action were US\$743.8 million plus interest of approximately US\$186.0 million. Representatives of Brager, Eigel & Squire P.C. and Friedlander & Gorris also advised the EEP/EEQ Special Committees that they would be open to engaging in a mediation process with Enbridge with the objective of settling the Derivative Action. During the meeting with

representatives of Paul Hastings LLP and MNAT, the representatives of Paul Hastings LLP shared and discussed its views on the Derivative Action.

On July 13, 2018, the Derivative Action Plaintiff filed the Fourth Amended Complaint with respect to the Derivative Action with the Delaware Chancery Court, bringing derivative claims on behalf of EEP against the General Partner and EEQ, and bringing direct claims on behalf of the unitholders of EEP against the General Partner and Enbridge (the Direct Claims), among others, and alleging total damages in an amount exceeding US\$500 million based in part upon the impact on such EEP unitholders of the special tax allocation which had been approved as part of the 2015 Transaction. The Derivative Action Plaintiff also contended that such special tax allocation unfairly reallocated tax obligations to public unitholders of EEP on more than US\$880 million in EEP income.

On July 13, 2018 and July 16, 2018, representatives of Bracewell held telephonic meetings with representatives of S&C, in its capacity as counsel to Enbridge in the Derivative Action, to discuss certain matters related to the Derivative Action. During the meeting on July 16, 2018, representatives of S&C advised representatives of Bracewell that Enbridge was not prepared at that time to participate in the mediation process proposed by Brager, Eigel & Squire P.C. and Friedlander & Gorris.

On July 16, 2018, the EEQ Special Committee held a telephonic meeting with representatives of Bracewell, MNAT and Goldman Sachs. During the meeting, representatives of Goldman Sachs discussed with the EEQ Special Committee Goldman Sachs preliminary, illustrative financial analysis of the proposed EEQ Merger. Representatives of Bracewell then presented a summary of considerations that had been raised during prior meetings of each of the Special Committee and the EEQ Special Committee regarding whether any responsive proposal to Enbridge in respect of each of the proposed transactions should value the listed shares of EEQ and the Class A common units at parity for purposes of negotiation and outlining certain related considerations, including that the Class A common units and the listed shares of EEQ each have historically traded at a premium and a discount relative to the other security at a given time.

On July 18, 2018, the Special Committee held a telephonic meeting with representatives of Bracewell, MNAT and Evercore. During the meeting, representatives of Evercore presented the Special Committee with a preliminary analysis of the financial terms of the proposed Merger. Representatives of Bracewell further discussed considerations relating to EEP's contractual obligations with respect to its tariffs that establish the rates, terms and conditions under which each system provides service to its customers.

On July 18, 2018, after markets closed, the FERC issued a further order (the July FERC Announcement) that (a) dismissed all requests for rehearing of the March FERC Announcement and explained that the March FERC Announcement did not establish a binding rule, but was instead an expression of general policy that the FERC intended to follow in the future, and (b) provided guidance that if an MLP or other tax pass-through pipeline eliminates its income tax allowance from its cost of service pursuant to the March FERC Announcement, then ADIT will similarly be removed from its cost of service and MLP pipelines may also eliminate previously-accumulated sums in ADIT instead of flowing ADIT balances back to ratepayers. Enbridge common shares closed 3.0% higher the day after the July FERC Announcement, the Class A common units closed 7.0% higher the day after the July FERC Announcement, and the listed shares of EEQ closed 4.5% higher the day after the July FERC Announcement, in each case, compared to their respective closing prices on the NYSE on the date of the July FERC Announcement.

On July 20, 2018, the EEP/EEQ Special Committees each engaged Morris James as special Delaware counsel to assist with their review of the Derivative Action. In deciding to retain Morris James the EEP/EEQ Special Committees took into consideration, among other things, that (a) Morris James did not represent the 2015 Special Committee and was not involved in the Derivative Action, (b) Bracewell represented the 2015 Special Committee and (c) MNAT represents Messrs. Connelly and Westbrook in the Derivative Action. An engagement letter dated July 20, 2018, detailing the terms of Morris James' engagements as legal advisor to each of the Special Committee and the EEQ Special Committee was subsequently executed.

On July 21, 2018, representatives of Bracewell held a telephonic meeting with representatives of S&C, in its capacity as counsel to Enbridge in the Derivative Action, to discuss certain matters related to the Derivative Action.

On July 23, 2018, the EEP/EEQ Special Committees held a joint telephonic meeting with representatives of Bracewell and Morris James. At that meeting, the EEP/EEQ Special Committees discussed the process for reviewing and evaluating the Derivative Action as part of the Special Committee's review of the EEP Initial Proposal and the EEQ Special Committee's review of the EEQ Initial Proposal. Following discussion at the meeting, each of the Special Committee and the EEQ Special Committee adopted resolutions forming a sub-committee (the Derivative Action Subcommittee) of each committee and in each case comprised solely of Mr. Waldheim, who is not party to the Derivative Action, in order to review, evaluate and consider the Derivative Action and to determine the value, if any, of the Derivative Claims and materiality thereof and to make such recommendations to the EEP/EEQ Special Committees, in its capacity as a subcommittee of each such committee, as it deems appropriate. Mr. Waldheim did not evaluate the value of the Direct Claims in the Derivative Action. In considering whether to form the Derivative Action Subcommittee, the EEP/EEQ Special Committees took into consideration, among other things, that (a) Mr. Waldheim did not serve on the 2015 Special Committee and was not a defendant in the Derivative Action and (b) Messrs. Connelly and Westbrook are named as defendants in the Derivative Action.

On July 25, 2018, representatives of Bracewell met with representatives of Friedlander & Gorris in person at the offices of Bracewell in Houston, Texas, to discuss certain matters related to the Derivative Action. Representatives of Morris James joined the meeting by telephone.

On July 25, 2018, representatives of BofAML provided representatives of Evercore and Goldman Sachs with updated management projections, taking into account the July FERC Announcement, for EEP on a standalone basis, and on July 27, 2018, representatives of BofAML provided representatives of Evercore and Goldman Sachs with updated management projections, taking into account the July FERC Announcement, for Enbridge on a standalone basis and pro forma, taking into account various scenarios with respect to the buy-ins of EEP, EEQ, SEP and ENF (the Revised Management Projections).

Also on July 25, 2018 and August 1, 2018, at the direction of the Special Committee, Evercore provided certain illustrative financial analysis of the 2015 Transaction, as of the date of the 2015 Transaction, to the Derivative Action Subcommittee for use in its analysis of the Derivative Claims.

On July 26, 2018, the EEP/EEQ Special Committees held a meeting in person at the offices of Bracewell in Houston, Texas, with representatives of Bracewell, Evercore and Goldman Sachs. Representatives of MNAT joined by telephone. At that meeting, representatives of Evercore and Goldman Sachs reviewed with the EEP/EEQ Special Committees a draft letter to Enbridge prepared by Evercore and Goldman Sachs at the request of the Special Committee and the EEQ Special Committee, respectively, as a potential response by each of the Special Committee and the EEQ Special Committee to the EEP Initial Proposal and the EEQ Initial Proposal, respectively. The Evercore and Goldman Sachs representatives explained to the Special Committee and the EEQ Special Committee, respectively, that the FERC's guidance regarding ADIT had prompted EEP and Enbridge management to prepare and deliver to the financial advisors the Revised Management Projections, and then the representatives provided the EEP/EEQ Special Committees a high-level overview of the key changes in the Revised Management Projections relative to the Management Projections. The Evercore and Goldman Sachs representatives and the Special Committee and the EEQ Special Committee, respectively, then discussed various arguments to support negotiating for a higher exchange ratio in each of the proposed Merger and the proposed EEQ Merger. The EEQ Special Committee and the representatives of Goldman Sachs then discussed arguments to support negotiating for an exchange ratio in the proposed EEQ Merger equal to the exchange ratio in the proposed Merger. Also at the meeting, representatives of Bracewell explained that representatives of Friedlander & Gorris had met with representatives of Bracewell and Morris James on July 25, 2018, and that representatives of Bracewell had also met with representatives of S&C, in its capacity as counsel to Enbridge in the Derivative Action, on July 21, 2018, in each case to discuss certain matters related to the Derivative Action. Representatives of Bracewell then discussed potential additional conditions that the

EEP/EEQ Special Committees could request in connection with the proposed transactions, including (a) that the Special Committee could request the Majority of the Minority Vote and (b) that the EEQ Special Committee could request that the

proposed Merger be conditioned upon the consummation of the proposed EEQ Merger. Representatives of Bracewell further explained to the EEP/EEQ Special Committees that, if the proposed Merger is not conditioned upon the consummation of the proposed EEQ Merger, there would be a risk that if the proposed Merger is consummated but the proposed EEQ Merger is not consummated, the sole asset of EEQ would be interests in an entity that is no longer publicly traded.

On July 30, 2018, representatives of Friedlander & Gorris sent representatives of Bracewell a memorandum concerning the Derivative Action, who then distributed such memorandum to the Derivative Action Subcommittee and Morris James. The memorandum provided an update regarding some aspects of the Derivative Action Plaintiff's litigation path and settlement path respecting the Derivative Action and the Derivative Action Plaintiff's view of the merit and value of the Derivative Claims.

On July 31, 2018 and August 1, 2018, the Enbridge Board held its regular quarterly meeting, where members of Enbridge management provided an update to the Enbridge Board on the status and timeline of the negotiations with the EEP/EEQ Special Committees and the special committees of Enbridge's other sponsored vehicles and on the July FERC Announcement.

At the meeting, the Derivative Action Subcommittee received additional information relating to its ongoing consideration of the value, if any, of the Derivative Claims. Representatives of Bracewell and Morris James presented the legal advisors' analysis relating to the standards applicable to the Derivative Action Subcommittee's review and discussed the approach to the financial analysis of the Derivative Action. Representatives of Bracewell and Morris James also discussed with the Derivative Action Subcommittee the memorandum received from Friedlander & Gorris.

On August 2, 2018, in connection with its quarterly business update, EEP announced that, although assessing the near- and long-term implications of the July FERC Announcement would be challenging pending greater clarification from FERC, EEP estimated that the July FERC Announcement would result in a US\$30 million positive impact to its distributable cash flow for 2018, assuming that the July FERC Announcement is retroactive to March 2018. EEP noted that this benefit to distributable cash flow partially offset the previously estimated US\$120 million negative impact to EEP for 2018 of U.S. tax reform and the March FERC Announcement.

On August 2, 2018, the Special Committee held a telephonic meeting with representatives of Bracewell, MNAT and Evercore. During the meeting, representatives of Evercore presented the Special Committee with a preliminary analysis of the financial terms of the proposed Merger based on the Revised Management Projections. Also during the meeting, representatives of Bracewell and MNAT discussed with the Special Committee whether to negotiate for the Majority of the Minority Vote, and the Special Committee directed representatives of Bracewell to include such requirement in its revised draft of the Merger Agreement. Representatives of Bracewell also provided the Special Committee with an update on the status of the Derivative Action Subcommittee's review process.

On August 2, 2018, the EEQ Special Committee held a telephonic meeting with representatives of Bracewell, MNAT and Goldman Sachs. During the meeting, representatives of Goldman Sachs discussed with the EEQ Special Committee Goldman Sachs' preliminary, illustrative financial analysis of the proposed EEQ Merger. Also during the meeting, representatives of Bracewell and MNAT discussed with the EEQ Special Committee whether to negotiate for the proposed Merger to be conditioned upon the consummation of the proposed EEQ Merger, and the EEQ Special Committee directed representatives of Bracewell to include such a requirement in its revised draft of the EEQ Merger Agreement. Representatives of Bracewell also provided the EEQ Special Committee with an update on the status of the Derivative Action Subcommittee's review process.

During the afternoon on August 2, 2018, the Derivative Action Subcommittee held a telephonic meeting with representatives of Bracewell, Morris James and Evercore. At the meeting, representatives of Bracewell and Morris James provided a summary of the analysis of the Derivative Action to date.

On August 3, 2018, representatives of Bracewell and Morris James held a telephonic meeting with a representative of S&C, in its capacity as counsel to Enbridge in the Derivative Action, to discuss certain matters related to the Derivative Action.

On August 3, 2018, in connection with its quarterly business update, Enbridge announced that there were many uncertainties with respect to implementation of the July FERC Announcement, including the potential for different outcomes as a result of rate case or customer challenges, and that while there would be varying impacts to each of Enbridge's sponsored vehicles, on a consolidated basis, Enbridge did not expect a material impact to its results of operations or cash flows over the 2018 to 2020 horizon.

On August 9, 2018, the Derivative Action Subcommittee held a telephonic meeting with representatives of Bracewell and Morris James. Representatives of Bracewell and Morris James presented to the Derivative Action Subcommittee a detailed summary of the review and analysis of the Derivative Action and representatives of Morris James presented a proposed methodology to value the Derivative Claims. Throughout the process of reviewing and analyzing the Derivative Action, representatives of Bracewell and Morris James, among other things, analyzed all prior Court of Chancery and Delaware Supreme Court opinions involving the Derivative Action, reviewed the Fourth Amended Complaint, the Motion to Dismiss briefing and the transcript of the hearing on the Motion to Dismiss for the Derivative Action, met with Friedlander & Gorris and considered materials provided by them, met with Paul Hastings and met telephonically with S&C, reviewed transcripts of depositions held in the Derivative Action and reviewed various other documents, including certain deposition exhibits. To arrive at an estimated value of the Derivative Claims, the Derivative Action Subcommittee first identified a range of recoverable damages for each of the three primary categories of alleged damages. The Derivative Action Subcommittee then applied a risk adjustment (stated as a percentage) to the range of recoverable damages for each of the three primary categories of damages which was intended to reflect the Derivative Action Subcommittee's views regarding the likelihood of the Derivative Action Plaintiff recovering the range of recoverable damages on each of the three categories of alleged damages, assuming the claims would be resolved through trial and subsequent appeal. The Derivative Action Subcommittee then applied estimated prejudgment interest to the risk adjusted amounts to arrive at an estimated value of the claims assuming the claims would be resolved through trial and appeal. To determine an estimated value of the claims assuming the claims would be resolved through a settlement short of a full trial and appeal, the Derivative Action Subcommittee applied an estimated settlement adjustment to reflect the process of compromise that would be anticipated to occur in order to achieve a settlement of the claims short of a full trial and appeal. Finally, the Derivative Action Subcommittee averaged the estimated value of the claims assuming the claims would be resolved through trial and appeal with the estimated value of the claims assuming the claims would be resolved through a settlement short of a full trial and appeal based on the assumption that either outcome was equally likely. Mr. Waldheim, in his capacity of the sole member of the Derivative Action Subcommittee, determined a risk adjusted range of values for the Derivative Claims of US\$88.4 million to US\$111.2 million (with a midpoint of US\$99.8 million) (such midpoint, the Estimated Derivative Claims Value). Such value did not include any assessment of the value of any Direct Claims brought in the Derivative Action.

On August 9, 2018, the EEP/EEQ Special Committees held a joint telephonic meeting with representatives of Bracewell and Morris James. Representatives of Bracewell and Morris James presented to the EEP/EEQ Special Committees a detailed summary of the Derivative Action Subcommittee's review and analysis of the Derivative Action and representatives of Morris James provided a summary of the methodology used by the Derivative Action Subcommittee to value the Derivative Claims. The EEP/EEQ Special Committees accepted the range of values

determined by the Derivative Action Subcommittee for the Derivative Claims and directed Bracewell to request that Evercore, on behalf of the Special Committee, and Goldman Sachs, on behalf of the EEQ Special Committee, factor the Estimated Derivative Claims Value into their respective analysis of the proposed Merger and the proposed EEQ Merger prior to the meeting to be held on August 10, 2018.

On August 10, 2018, the EEP/EEQ Special Committees held a joint telephonic meeting with representatives of Bracewell, MNAT, Evercore and Goldman Sachs. During the meeting, representatives of Evercore presented the Special Committee with a preliminary analysis of the financial terms of the proposed Merger and representatives of Goldman Sachs presented to the EEQ Special Committee Goldman Sachs preliminary, illustrative financial analysis of the proposed EEQ Merger. The Special Committee and the EEQ Special Committee, with their respective advisors, reviewed, discussed and finalized a letter to Enbridge including a responsive proposal for the proposed Merger and the proposed EEQ Merger that included, among other things, an exchange ratio of 0.4000 Enbridge common shares for each issued and outstanding publicly held Class A common unit and for each issued and outstanding publicly held listed share of EEQ in the respective transactions. Following this discussion, the EEP/EEQ Special Committees determined to propose an exchange ratio of 0.4000 Enbridge common shares for each issued and outstanding publicly held Class A common unit and for each issued and outstanding publicly held listed share of EEQ in the respective transactions and directed Evercore and Goldman Sachs to deliver the letter as a responsive proposal to BofAML.

On August 13, 2018, at the direction of the EEP/EEQ Special Committees, representatives of Evercore and representatives of Goldman Sachs called representatives of BofAML to deliver a counterproposal of 0.4000 Enbridge common shares in exchange for each issued and outstanding publicly held Class A common unit and each issued and outstanding publicly held listed share of EEQ.

Later on August 13, 2018, representatives of Evercore and Goldman Sachs, on behalf of the EEP/EEQ Special Committees, respectively, shared a letter with representatives of BofAML that communicated the EEP/EEQ Special Committees responsive proposal, including, among other things, an exchange ratio of 0.4000 Enbridge common shares for each issued and outstanding publicly held Class A common unit and each issued and outstanding publicly held listed share of EEQ (the August 13 Proposal). The August 13 Proposal also included (a) the Special Committee's proposal that the proposed Merger be conditioned upon the Majority of the Minority Vote and (b) the EEQ Special Committee's proposal that the proposed Merger be conditioned upon the consummation of the proposed EEQ Merger. The August 13 Proposal noted that the EEP/EEQ Special Committees believed that the EEP Initial Proposal and the EEQ Initial Proposal undervalued EEP and EEQ, respectively, and, among other things, did not attribute appropriate value to the Derivative Action. The August 13 Proposal explained that the EEP/EEQ Special Committees established the Derivative Action Subcommittee, consisting solely of Mr. Waldheim, with the authority to review, evaluate and consider the Derivative Action, and that the Derivative Action Subcommittee, in consultation with its legal and financial advisors, determined that an estimated value of the Derivative Claims was US\$111.2 million, which value the EEP/EEQ Special Committees included in the August 13 Proposal upon the recommendation of the Derivative Action Subcommittee.

On August 14, 2018, the EEP/EEQ Special Committees held a joint telephonic meeting with representatives of Bracewell, MNAT, Evercore and Goldman Sachs. At the meeting, representatives of Evercore and Goldman Sachs informed the Special Committee and the EEQ Special Committee, respectively that they had delivered the EEP/EEQ Special Committees responsive proposal to BofAML, and that BofAML had thereafter indicated it had provided the responsive proposal to Enbridge.

On August 17, 2018, representatives of BofAML, on behalf of Enbridge, shared a letter with representatives of Evercore and representatives of Goldman Sachs (the August 17 Letter). In the August 17 Letter, Enbridge made counteroffers (a) to the Special Committee of 0.3160 Enbridge common shares in exchange for each issued and outstanding publicly held Class A common unit and (b) to the EEQ Special Committee of 0.2960 Enbridge common shares in exchange for each issued and outstanding publicly held listed share of EEQ. The August 17 Letter noted that, based on the challenges EEP and EEQ continue to face, Enbridge believed that its offers represented an attractive alternative for EEP unitholders and EEQ shareholders, and Enbridge did not believe that the EEP/EEQ Special Committees identified value for the Derivative Claims were supported by relevant facts or applicable law, and that

Enbridge ascribed no value to the Derivative Claims other than the costs associated with the defense of the Derivative Action. The August 17 Letter also noted that Enbridge's counteroffer included the

following conditions: (a) the Merger would not be conditioned on the closing of the EEQ Merger and (b) the Merger would not be subject to obtaining the Majority of the Minority Vote.

On August 20, 2018, the EEP/EEQ Special Committees held a joint telephonic meeting with representatives of Bracewell, MNAT, Evercore and Goldman Sachs. The Special Committee and the EEQ Special Committee discussed the August 17 Letter with their legal and respective financial advisors.

On August 24, 2018, Enbridge announced that it had entered into a definitive merger agreement with SEP to acquire all of the issued and outstanding SEP common units not currently owned by Enbridge and its affiliates at an exchange ratio of 1.111 Enbridge common shares for each issued and outstanding publicly held common unit of SEP.

On August 26, 2018, the EEP/EEQ Special Committees held a joint telephonic meeting with representatives of Bracewell, MNAT, Evercore and Goldman Sachs. After considering and discussing the August 17 Letter with their legal and respective financial advisors, the EEP/EEQ Special Committees directed Evercore and Goldman Sachs to deliver a responsive proposal to BofAML on behalf of the Special Committee and the EEQ Special Committee, respectively, setting forth an exchange ratio of 0.3720 Enbridge common shares for each issued and outstanding publicly held Class A common unit and each issued and outstanding publicly held listed share of EEQ. The Special Committee further proposed that the Merger be conditioned upon the Majority of the Minority Vote, and the EEQ Special Committee further proposed that the Merger be conditioned upon the consummation of the EEQ Merger.

On August 27, 2018, at the respective direction of the EEP/EEQ Special Committees, representatives of Evercore and representatives of Goldman Sachs called representatives of BofAML to deliver a counterproposal of 0.3720 Enbridge common shares in exchange for each issued and outstanding publicly held Class A common unit and each issued and outstanding listed share of EEQ.

Later on August 27, 2018, at the direction of the EEP/EEQ Special Committees, representatives of Goldman Sachs and Evercore shared a letter with representatives of BofAML that communicated the EEP/EEQ Special Committee's responsive proposal, including, among other things, a proposed exchange ratio of 0.3720 Enbridge common shares for each issued and outstanding publicly held Class A common unit and each issued and outstanding publicly held listed share of EEQ (the August 27 Proposal). In the August 27 Proposal, the EEP/EEQ Special Committees noted that they did not believe the August 17 Proposal appropriately valued EEP and EEQ, including, among other things, the value of the Derivative Claims, which was reflected in the August 27 Proposal. The EEQ Special Committee maintained that the EEQ exchange ratio should be at parity with the EEP exchange ratio because the market has valued EEQ at parity with EEP, and a precedent transaction to the EEQ Merger, the acquisition by Kinder Morgan, Inc. of Kinder Morgan Energy Partners, L.P. (KMP) and Kinder Morgan Management, LLC (KMR), also assigned parity between the KMP units and KMR shares. In the August 27 Proposal, the Special Committee also proposed that the Merger be conditioned upon the Majority of the Minority Vote and the EEQ Special Committee further proposed that the Merger be conditioned upon the consummation of the EEQ Merger.

On August 28, 2018, representatives of Goldman Sachs and representatives of Evercore requested from Enbridge management updated pro forma projections for Enbridge, taking into account the final SEP exchange ratio of 1.111 Enbridge common shares for each issued and outstanding publicly held common share of SEP. Later on August 28, 2018, Enbridge management provided such updated projections to the EEP/EEQ Special Committees.

On August 29, 2018, Bracewell provided revised drafts of the Merger Agreement and the EEQ Merger Agreement to S&C (the August 29 Merger Agreement Drafts). The August 29 Merger Agreement Drafts provided, among other things, (a) for the Majority of the Minority Vote requirement, (b) that the Merger is conditioned upon the consummation of the EEQ Merger, (c) that Enbridge would reimburse up to US\$4 million

Table of Contents

of EEP's expenses incurred in connection with the proposed Merger if the Merger Agreement is terminated under certain circumstances and up to US\$4 million of EEQ's expenses incurred in connection with the proposed EEQ Merger if the EEQ Merger Agreement is terminated under certain circumstances, and (d) that EEP would pay distributions in respect of the Class A common units for each completed calendar quarter ended prior to the closing date of the Merger in an amount not less than US\$0.35 per Class A common unit per calendar quarter. Both August 29 Merger Agreement Drafts also provided, among other things, for greater flexibility for EEP and EEQ, respectively, to entertain alternate proposals and respond to intervening events, and that the Special Committee and the EEQ Special Committees would remain in place through closing of the Merger and the EEQ Merger, respectively.

On August 29, 2018, the Delaware Court of Chancery issued a memorandum decision in the Derivative Action (the August 29 Mesirov Decision). The August 29 Mesirov Decision, among other things, dismissed all Direct Claims against defendants and all non-contractual claims against defendants affiliated with Enbridge, while denying dismissal of derivative claims for, among other things, breach of contract.

On August 30, 2018, Wanda M. Opheim, Senior Vice President, Finance of Enbridge, called Mr. Connelly to advise him that Enbridge would be sending a response to the August 27 Proposal and to request that Mr. Connelly attend a breakfast meeting in Houston, Texas with Ms. Opheim and Vern D. Yu, Executive Vice President & Chief Development Officer of Enbridge, to discuss the status of negotiations with respect to the proposed Merger and the proposed EEQ Merger.

On August 30, 2018, representatives of BofAML, on behalf of Enbridge, shared a letter with representatives of Evercore and representatives of Goldman Sachs (the August 30 Letter). In the August 30 Letter, Enbridge made counteroffers (a) to the Special Committee of 0.3200 Enbridge common shares in exchange for each issued and outstanding publicly held Class A common unit and (b) to the EEQ Special Committee of 0.2997 Enbridge common shares in exchange for each issued and outstanding publicly held listed share of EEQ. The August 30 Letter noted that, while Enbridge was still evaluating the August 29 Merger Agreement Drafts, Enbridge continued to believe (a) the closing of the Merger should not be conditioned on the closing of the EEQ Merger, (b) the Merger should not be subject to obtaining the Majority of the Minority Vote, (c) the Class A common units and the listed shares of EEQ should not be valued at parity given the different market valuations of the Class A common units and the listed shares of EEQ, which reflect the different terms and other attributes applicable to those securities, and (d) the value of the Derivative Claims was, at best, the costs associated with the defense of such Derivative Action, particularly given Enbridge's assessment of the August 29 Mesirov Decision.

On August 31, 2018, Messrs. Waldheim and Westbrook held a telephonic meeting with representatives of Bracewell to discuss the August 29 Mesirov Decision.

Later on August 31, 2018, the EEP/EEQ Special Committees held a joint telephonic meeting with representatives of Bracewell, MNAT, Evercore and Goldman Sachs. After considering and discussing the August 30 Letter with their legal and respective financial advisors, the EEP/EEQ Special Committees directed Evercore and Goldman Sachs to deliver a responsive proposal to BofAML setting forth an exchange ratio of 0.3650 Enbridge common shares for each issued and outstanding publicly held Class A common unit and each issued and outstanding publicly held listed share of EEQ. The Special Committee further proposed that the Merger be conditioned upon the Majority of the Minority Vote and the EEQ Special Committee further proposed that the Merger be conditioned upon the consummation of the EEQ Merger. The EEP/EEQ Special Committees and their legal and respective financial advisors also discussed Enbridge's request for a breakfast meeting with Mr. Connelly and determined that the meeting would not be appropriate at that time given how far apart the parties were on price. Mr. Connelly subsequently sent an email to Ms. Opheim declining the meeting.

Also on August 31, 2018, the EEQ Special Committee held a telephonic meeting with representatives of Bracewell, MNAT and Goldman Sachs. The EEQ Special Committee discussed the proposal that the listed shares of EEQ and the Class A common units be valued at parity for purposes of negotiation.

On September 1, 2018, at the direction of the EEP/EEQ Special Committees, representatives of Evercore and representatives of Goldman Sachs shared a letter with representatives of BofAML that communicated the EEP/EEQ Special Committees responsive proposal, including, among other things, a counteroffer of 0.3650 Enbridge common shares in exchange for each issued and outstanding publicly held Class A common unit and each issued and outstanding publicly held listed share of EEQ (the September 1 Proposal). The September 1 Proposal reiterated the EEP/EEQ Special Committees requests that (a) the closing of the Merger be conditioned on the consummation of the EEQ Merger and (b) the Merger be conditioned on obtaining the Majority of the Minority Vote. The September 1 Proposal also noted that the Derivative Action Subcommittee had reviewed the August 29 Mesirov Decision and did not agree with Enbridge's characterization of such decision, and that the August 29 Mesirov Decision did not change the Derivative Action Subcommittee's prior determination of an estimated value of the Derivative Claims, which was reflected in the exchange ratio counterproposals presented in the September 1 Proposal.

On September 2, 2018, at the direction of the EEQ Special Committee, representatives of Goldman Sachs held a telephonic meeting with representatives of BofAML to further discuss the EEQ Special Committee's proposal that the exchange ratio for the proposed EEQ Merger be treated at parity with the exchange ratio for the proposed Merger.

Between September 2, 2018 and September 3, 2018, Enbridge management and its advisors discussed internally the EEQ Special Committee's proposal that the exchange ratio for the proposed EEQ Merger be treated at parity with the exchange ratio for the proposed Merger. Enbridge management considered, among other things, that (a) a precedent transaction to the EEQ Merger, the acquisition by Kinder Morgan, Inc. of KMP and KMR, also assigned parity between the KMP units and KMR shares, (b) the listed shares of EEQ were created to be economically equivalent securities to the Class A common units and therefore should have similar or near similar intrinsic valuations and (c) while listed shares of EEQ have recently traded at a discount to Class A common units, since the initial public offering of EEQ, there have been periods where listed shares of EEQ have traded at parity with and at a premium to Class A common units.

On September 3, 2018, representatives of BofAML, on behalf of Enbridge, shared a letter with representatives of Evercore and representatives of Goldman Sachs (the September 3 Letter). In the September 3 Letter, Enbridge made counteroffers to the EEP/EEQ Special Committees of 0.3200 Enbridge common shares in exchange for each issued and outstanding publicly held Class A common unit and each issued and outstanding publicly held listed share of EEQ. This counteroffer represented an increase in the exchange ratio in the proposed EEQ Merger to be treated at parity with the exchange ratio in the proposed Merger, but did not represent a change in the exchange ratio for EEP. Enbridge also conceded that the Merger would be conditioned on obtaining the Majority of the Minority Vote. However, Enbridge maintained its position that (a) the closing of the Merger should not be conditioned on the closing of the EEQ Merger, and (b) the value of the Derivative Claims was, at best, the costs associated with defending such Derivative Action.

On September 4, 2018, the EEP/EEQ Special Committees held a joint telephonic meeting with representatives of Bracewell. The EEP/EEQ Special Committees discussed their initial views on the September 3 Letter and possible responses thereto.

On September 5, 2018, the EEP/EEQ Special Committees held a joint telephonic meeting with representatives of Bracewell, MNAT, Evercore and Goldman Sachs. At the meeting, the EEP/EEQ Special Committees discussed the September 3 Letter with their legal and respective financial advisors. After considering and discussing the September 3 Letter, the EEP/EEQ Special Committees directed Evercore and Goldman Sachs to deliver a responsive proposal to BofAML setting forth an exchange ratio of 0.3500 Enbridge common shares for each issued and outstanding publicly held Class A common unit and each issued and outstanding publicly held listed share of EEQ.

Following the meeting on September 5, 2018, at the direction of the EEP/EEQ Special Committees, representatives of Evercore and representatives of Goldman Sachs called representatives of BofAML to deliver a

counterproposal of 0.3500 Enbridge common shares in exchange for each issued and outstanding publicly held Class A common unit and each issued and outstanding listed share of EEQ.

On September 8, 2018, representatives of BofAML, on behalf of Enbridge, called representatives of Evercore to convey Enbridge's position that it was not willing at that time to increase its offer of 0.3200 Enbridge common shares in exchange for each issued and outstanding publicly held Class A common unit and each issued and outstanding publicly held listed share of EEQ, as Enbridge believed such exchange ratios were appropriate for EEP and EEQ, and that Enbridge viewed its willingness to agree to parity between the Exchange Ratio and the EEQ exchange ratio as a significant movement. Representatives of BofAML further communicated to representatives of Evercore that, notwithstanding Enbridge's resolve in the exchange ratios it proposed, Enbridge was continuing to consider the EEP/EEQ Special Committees' position.

On September 10, 2018, the EEP/EEQ Special Committees held a joint telephonic meeting with representatives of Bracewell, MNAT, Evercore and Goldman Sachs. At the meeting, the EEP/EEQ Special Committees discussed Enbridge's September 8, 2018 response with their legal and respective financial advisors. The EEP/EEQ Special Committees engaged in a discussion of how Enbridge's proposal compared to the various metrics on which it had evaluated the transactions and the current market price of the Class A common units and the listed shares of EEQ, and determined to reassert the offer made by the EEP/EEQ Special Committees on September 5, 2018. The EEP/EEQ Special Committees also considered whether it was appropriate to send a letter to the GP Delegate Board informing it that negotiations with Enbridge had reached an impasse and requesting that a discussion of the proposed transaction and alternatives thereto be included as an agenda item at the GP Delegate Board's next meeting.

Following the meeting on September 10, 2018, at the direction of the EEP/EEQ Special Committees, representatives of Evercore and representatives of Goldman Sachs called representatives of BofAML to convey that the EEP/EEQ Special Committees believed an exchange ratio of 0.3200 Enbridge common shares in exchange for each issued and outstanding publicly held Class A common unit and each issued and outstanding publicly held listed share of EEQ undervalued EEP and EEQ, and the EEP/EEQ Special Committees were unwilling to enter into an agreement with Enbridge at such exchange ratios. The representatives of Evercore and representatives of Goldman Sachs reasserted the offer made by the EEP/EEQ Special Committees on September 5, 2018, and indicated to representatives of BofAML that the EEP/EEQ Special Committees were drafting a letter to be sent to the GP Delegate Board. Following the conversation, representatives of BofAML contacted representatives of Evercore to discuss the EEP/EEQ Special Committees' proposed timing with respect to sharing such letter with the GP Delegate Board.

Between September 8, 2018 and September 11, 2018, Enbridge management held a number of internal discussions as well as discussions with Enbridge's legal and financial advisors with respect to the exchange ratio. Enbridge management decided to increase its proposed exchange ratios for EEP and EEQ based on, among other things, the fact that the July FERC Announcement strengthened EEP's outlook as compared to when the EEP Initial Proposal was delivered and Enbridge management's belief that completing the buy-ins would be compelling for EEP unitholders and EEQ and Enbridge shareholders.

On September 11, 2018, representatives of BofAML, on behalf of Enbridge, called representatives of Evercore and representatives of Goldman Sachs to deliver an increased offer of 0.3275 Enbridge common shares in exchange for each issued and outstanding publicly held Class A common unit and each issued and outstanding publicly held listed share of EEQ.

On September 13, 2018, the EEP/EEQ Special Committees held a joint telephonic meeting with representatives of Bracewell, MNAT, Evercore and Goldman Sachs. At the meeting, the EEP/EEQ Special Committees discussed Enbridge's September 11, 2018 proposal with their legal and respective financial advisors. After considering and

discussing Enbridge's proposal, the EEP/EEQ Special Committees directed Evercore and Goldman Sachs to deliver a responsive proposal to BofAML setting forth an exchange ratio of 0.3425 Enbridge

common shares for each issued and outstanding publicly held Class A common unit and each issued and outstanding publicly held listed share of EEQ.

Also on September 13, 2018, the Special Committee held a telephonic meeting with representatives of Bracewell, MNAT and Evercore. Representatives of Evercore discussed with the Special Committee the exchange ratio in the proposed EEQ Merger, which the EEQ Special Committee had successfully negotiated with Enbridge to be treated at parity with the exchange ratio in the proposed Merger, in order to confirm with the Special Committee whether the Special Committee wished to negotiate for a higher exchange ratio independent of the exchange ratio in the proposed EEQ Merger. The Special Committee members considered the points raised by Evercore and determined not to take any action at the meeting.

Following the meetings on September 13, 2018, at the direction of the EEP/EEQ Special Committees, representatives of Evercore and representatives of Goldman Sachs called representatives of BofAML to deliver a counterproposal of 0.3425 Enbridge common shares in exchange for each issued and outstanding publicly held Class A common unit and each issued and outstanding publicly held listed share of EEQ.

During the afternoon of September 13, 2018, representatives of BofAML, on behalf of Enbridge, called representatives of Evercore and representatives of Goldman Sachs to deliver a counterproposal of 0.3325 Enbridge common shares in exchange for each issued and outstanding publicly held Class A common unit and each issued and outstanding publicly held listed share of EEQ.

During the afternoon of September 13, 2018, the EEP/EEQ Special Committees held a joint telephonic meeting with representatives of Bracewell, Evercore and Goldman Sachs. At the meeting, the EEP/EEQ Special Committees discussed Enbridge's September 13, 2018 proposal with their legal and respective financial advisors. After considering and discussing Enbridge's proposal, the EEP/EEQ Special Committees directed Evercore and Goldman Sachs to deliver a responsive proposal to BofAML setting forth an exchange ratio of 0.3375 Enbridge common shares for each issued and outstanding publicly held Class A common unit and each issued and outstanding publicly held listed share of EEQ.

Following the second joint committee meeting on September 13, 2018, at the direction of the EEP/EEQ Special Committees, representatives of Evercore and representatives of Goldman Sachs followed up with representatives of BofAML later on September 13, 2018 to deliver a counterproposal of 0.3375 Enbridge common shares in exchange for each issued and outstanding publicly held Class A common unit and each issued and outstanding publicly held listed share of EEQ.

During the evening of September 13, 2018, representatives of BofAML, on behalf of Enbridge, called representatives of Evercore and representatives of Goldman Sachs to deliver another counterproposal of 0.335 Enbridge common shares in exchange for each issued and outstanding publicly held Class A common unit and each issued and outstanding publicly held listed share of EEQ. Representatives of BofAML indicated that this was Enbridge's best and final offer.

On September 14, 2018, the EEP/EEQ Special Committees held a joint telephonic meeting with representatives of Bracewell, MNAT, Evercore and Goldman Sachs. At the meeting, the EEP/EEQ Special Committees discussed Enbridge's second proposal made on September 13, 2018, with their legal and respective financial advisors. The Special Committee and the EEQ Special Committee discussed various matters relating to the proposed Merger and the proposed EEQ Merger, respectively, including the status of the draft merger agreements. Following additional discussion, it was the consensus of the EEP/EEQ Special Committees that, based upon the totality of the factors and circumstances considered by the EEP/EEQ Special Committees and taking into account the advice of their respective

financial advisors, Enbridge's second September 13, 2018 proposal represented the best terms that the Special Committee would be able to negotiate with Enbridge in respect of the proposed Merger and the best terms that the EEQ Special Committee would be able to negotiate with Enbridge in respect of the proposed EEQ Merger.

On September 14, 2018, at the respective direction of the EEP/EEQ Special Committees, representatives of Evercore and representatives of Goldman Sachs communicated that the Special Committee and the EEQ Special Committee, respectively, were prepared to approve the exchange ratio of 0.335 Enbridge common shares in exchange for each issued and outstanding publicly held Class A common unit and each issued and outstanding publicly held listed share of EEQ in the respective transactions, subject to the negotiation of mutually agreeable definitive documentation and the receipt by each committee of a fairness opinion from its respective financial advisor.

On September 14, 2018, S&C shared with Bracewell revised drafts of the Merger Agreement and the EEQ Merger Agreement. The revised draft Merger Agreement, among other things, (a) provided for an amendment to the EEP Partnership Agreement to be adopted by the General Partner in accordance with the EEP Partnership Agreement, (b) rejected the Special Committee's proposal regarding distributions in respect of the Class A common units and (c) rejected the EEQ Special Committee's proposal that the Merger be conditioned upon the consummation of the EEQ Merger. The revised draft EEQ Merger Agreement, among other things, provided for an amendment to the Company Agreement.

Between September 14, 2018 and September 17, 2018, Bracewell and S&C exchanged further drafts of the Merger Agreement and discussed outstanding open issues with respect to the Merger Agreement, including with respect to EEP's payment of distributions between signing and closing and whether the Merger would be conditioned on the consummation of the EEQ Merger.

On September 17, 2018, the Enbridge Board, upon due consideration and discussion, unanimously (of those voting) (a) approved the Merger Agreement and the EEQ Merger Agreement and the transactions contemplated thereby, including the Merger and the EEQ Merger, on the terms and subject to the conditions set forth in the Merger Agreement and the EEQ Merger Agreement, respectively, and (b) approved the issuance of Enbridge common shares in connection therewith. The Enbridge Board also approved in the same meeting a definitive agreement between Enbridge and ENF and the issuance of Enbridge common shares in connection therewith.

On September 17, 2018, the Special Committee held a telephonic meeting with representatives of Bracewell, MNAT and Evercore. During the meeting, representatives of Bracewell discussed an overview of legal matters, the nature of the Derivative Action and the fact that the Special Committee considered the value of the Derivative Claims in its review and evaluation of the proposed Merger and that Evercore had considered the Estimated Derivative Claims Value in its analysis and the status of due diligence matters, and representatives of MNAT discussed the applicable legal standard for the Special Committee's review. Representatives of Bracewell provided an overview of the terms of the final draft of the Merger Agreement, explained the final negotiated changes to the Merger Agreement, answered questions from the Special Committee regarding the agreement and also explained to the Special Committee the terms of an amendment to the EEP Partnership Agreement that had been proposed by Enbridge in connection with and conditioned upon the consummation of the proposed Merger. Representatives of Evercore presented its financial analysis of the Exchange Ratio. At the request of the Special Committee, Evercore then delivered its oral opinion, which was later confirmed by delivery of a written opinion dated September 17, 2018, that, as of September 17, 2018, and based upon and subject to the assumptions made, procedures followed, matters considered and qualifications and limitations of the review undertaken by Evercore in rendering its opinion as set forth in the written fairness opinion, the Exchange Ratio was fair, from a financial point of view, to EEP and the holders of Class A common units other than Enbridge and its affiliates. Goldman Sachs does not express any view or opinion as to any term or aspect of the Merger, the Merger Agreement, or the transactions contemplated thereby. After further discussions and based on prior conclusions of the Special Committee with respect to the risks and merits of the merger transaction, the Special Committee unanimously (a) determined that the Merger Agreement and the transactions contemplated thereby are fair and reasonable to EEP, including the Unaffiliated EEP Unitholders, (b) approved the Merger Agreement and the transactions contemplated thereby, (c) approved the execution, delivery and performance of the Merger Agreement by

EEP, (d) recommended that the GP Delegate Board approve the Merger Agreement, the execution, delivery and performance of the Merger Agreement by EEP and the consummation of the transactions contemplated thereby and (e) recommended that the GP Delegate Board submit the Merger Agreement to a vote of the limited partners

of EEP and recommend the approval of the Merger Agreement and the transactions contemplated thereby by the limited partners of EEP.

On September 17, 2018, the EEQ Special Committee held a telephonic meeting with representatives of Bracewell, MNAT and Goldman Sachs. During the meeting, representatives of Bracewell discussed an overview of legal matters, the nature of the Derivative Action and the fact that the EEQ Special Committee considered the value of the Derivative Claims in its review and evaluation of the proposed EEQ Merger and that Goldman Sachs had reflected the Estimated Derivative Claims Value in its analysis and the status of due diligence matters, and representatives of MNAT discussed the applicable legal standard for the EEQ Special Committee's review. Representatives of Bracewell provided an overview of the terms of the final draft of the EEQ Merger Agreement, explained the final negotiated changes to the EEQ Merger Agreement, answered questions from the EEQ Special Committee regarding the agreement and also explained to the EEQ Special Committee the terms of an amendment to the Limited Liability Company Agreement of EEQ that had been proposed by Enbridge in connection with and conditioned upon the consummation of the proposed EEQ Merger (the Company Agreement Amendment). Representatives of Goldman Sachs presented its illustrative financial analysis of the Exchange Ratio. After further discussions and based on prior conclusions of the EEQ Special Committee with respect to the risks and merits of the merger transaction, the EEQ Special Committee unanimously (a) determined that the EEQ Merger Agreement and the transactions contemplated thereby are fair and reasonable to EEQ, including the holders of listed shares of EEQ (other than Enbridge and its affiliates), (b) approved the EEQ Merger Agreement and the transactions contemplated thereby and the Company Agreement Amendment, (c) approved the execution, delivery and performance of the EEQ Merger Agreement by EEQ, (d) recommended that the GP Delegate Board approve the EEQ Merger Agreement, the Company Agreement Amendment, the execution, delivery and performance of the EEQ Merger Agreement by EEQ and the consummation of the transactions contemplated thereby and (e) recommended that the GP Delegate Board submit the EEQ Merger Agreement and the Company Agreement Amendment to a vote of the EEQ shareholders and recommend the approval of the EEQ Merger Agreement and the transactions contemplated thereby and the Company Agreement Amendment by the EEQ shareholders.

Later that day, based upon the recommendation of the Special Committee, the GP Delegate Board, in its capacity as the board of directors of the delegate of the General Partner, acting in good faith, unanimously (a) determined that the Merger Agreement and the transactions contemplated thereby, including the Merger, are fair and reasonable to EEP, including the Unaffiliated EEP Unitholders, (b) approved the Merger Agreement and the transactions contemplated thereby, including the Merger, on the terms and subject to the conditions set forth in the Merger Agreement, (c) recommended that the GP Board approve the Merger Agreement and the transactions contemplated thereby, including the Merger, and (d) resolved to recommend that the limited partners of EEP approve the Merger Agreement and the transactions contemplated thereby and directed that the Merger Agreement be submitted to the limited partners of EEP for their approval. The GP Delegate Board, in its capacity as the board of directors of EEQ, based upon the recommendation of the EEQ Special Committee, also, acting in good faith, unanimously (a) determined that the EEQ Merger Agreement, the transactions contemplated thereby, including the EEQ Merger, and the Company Agreement Amendment are fair and reasonable to EEQ, including the EEQ public shareholders, (b) approved the EEQ Merger Agreement, the transactions contemplated thereby and the Company Agreement Amendment, on the terms and subject to the conditions set forth in the EEQ Merger Agreement and (c) resolved to recommend that holders of listed shares of EEQ approve the EEQ Merger Agreement, the transactions contemplated thereby and the Company Agreement Amendment, and waive Section 9.01(a)(v) of the Company Agreement, and directed that the EEQ Merger Agreement be submitted to the holders of listed shares of EEQ for their approval.

Also on September 17, 2018, based upon the recommendation of the GP Delegate Board, the GP Board, acting in good faith, unanimously (a) determined that the Merger Agreement and the transactions contemplated thereby, including the Merger, are fair and reasonable to EEP, including the Unaffiliated EEP Unitholders, (b) approved the

Merger Agreement and the transactions contemplated thereby, including the Merger, on the terms and subject to the conditions set forth in the Merger Agreement and (c) resolved to recommend that the

limited partners of EEP approve the Merger Agreement and the transactions contemplated thereby and directed that the Merger Agreement be submitted to the limited partners of EEP for their approval.

Thereafter, on September 17, 2018, the Merger Agreement was executed by the parties thereto and the EEQ Merger Agreement was executed by the parties thereto.

On September 18, 2018, prior to market open, Enbridge, EEP and EEQ issued a joint press release announcing the execution of the Merger Agreement and the EEQ Merger Agreement, respectively. Enbridge also simultaneously issued a joint press release with ENF announcing its entry into a definitive agreement with respect to its acquisition of all of the outstanding publicly held shares of ENF.

Recommendation of the Special Committee

The Special Committee considered the benefits of the Merger Agreement, the Merger and the related transactions as well as the associated risks and, acting in good faith, unanimously (1) determined that the Merger Agreement and the transactions contemplated thereby, including the Merger, are fair and reasonable to EEP, including the Unaffiliated EEP Unitholders, and (2) approved the Merger Agreement and the transactions contemplated thereby, including the Merger, on the terms and subject to the conditions set forth in the Merger Agreement. The Special Committee recommended that the GP Delegate Board approve the Merger Agreement and the transactions contemplated thereby, including the Merger.

Recommendation of the GP Delegate Board

Based upon the recommendation of the Special Committee, the GP Delegate Board, acting in good faith, unanimously determined that the Merger Agreement and the transactions contemplated by the Merger Agreement, including the Merger, are fair and reasonable to EEP and the Unaffiliated EEP Unitholders, and approved the Merger Agreement and the transactions contemplated thereby, including the Merger, on the terms and subject to the conditions set forth in the Merger Agreement. The GP Delegate Board directed that the Merger Agreement be submitted to the limited partners of EEP for their approval. The GP Delegate Board recommends that the limited partners of EEP approve the Merger Agreement and the transactions contemplated thereby, including the Merger.

Recommendation of the GP Board

Based upon the recommendation of the GP Delegate Board, the GP Board, acting in good faith, unanimously determined that the Merger Agreement and the transactions contemplated by the Merger Agreement, including the Merger, are fair and reasonable to EEP and the Unaffiliated EEP Unitholders, and approved the Merger Agreement and the transactions contemplated thereby, including the Merger, on the terms and subject to the conditions set forth in the Merger Agreement. The GP Board directed that the Merger Agreement be submitted to the limited partners of EEP for their approval. The GP Board recommends that the limited partners of EEP approve the Merger Agreement and the transactions contemplated thereby, including the Merger.

Reasons for the Recommendation of the Special Committee

In evaluating the Merger Agreement and the transactions contemplated thereby, the Special Committee considered information supplied by management of Enbridge and EEP, consulted with its legal and financial advisors and considered a number of factors in reaching its determination, approval and recommendation. The Special Committee also consulted with its legal advisors regarding its duties and obligations.

The Special Committee viewed the following factors as being generally positive or favorable in coming to its determination, approval and recommendation with respect to the Merger Agreement and the transactions contemplated thereby, including the Merger:

The Exchange Ratio of 0.335 of an Enbridge common share for each outstanding Class A common unit held by the Unaffiliated EEP Unitholders represents an implied market value of US\$11.48 per Class A

Table of Contents

common unit based on the closing price of Enbridge common shares on September 17, 2018, the last trading day before the public announcement of the Merger, and represents an implied premium of 13.9% to the closing price of Class A common units on May 16, 2018, the last trading day before Enbridge made its initial proposal, and 17.4% to the 20-trading day volume-weighted average price of Class A common units for the period ended on May 16, 2018.

The financial analyses prepared by Evercore, as financial advisor to the Special Committee, and the oral opinion of Evercore delivered to the Special Committee on September 17, 2018, and subsequently confirmed in writing, that, as of September 17, 2018, and based upon and subject to the assumptions made, procedures followed, matters considered and qualifications and limitations of the review undertaken by Evercore in rendering its opinion as set forth in the written fairness opinion (as more fully described below under

Opinion of Evercore Financial Advisor to the Special Committee), the Exchange Ratio was fair, from a financial point of view, to EEP and the holders of Class A common units other than Enbridge and its affiliates

Through negotiation, the Special Committee was able to increase the Exchange Ratio by 8.7% as compared to the exchange ratio that was first proposed by Enbridge on May 17, 2018.

The Special Committee's belief that the Merger is likely to present the best opportunity to maximize value for the Unaffiliated EEP Unitholders.

The Special Committee's belief, based on statements from Enbridge, that Enbridge was unwilling to consider alternative transactions, including the reorganization of EEP into a c-corporation for tax purposes.

The Special Committee's belief that it was unrealistic to expect an unsolicited third-party acquisition proposal to acquire assets or control of EEP in light of Enbridge's ownership of the general partner interest in EEP and approximately 32.9% of the outstanding limited partner interest in EEP, and it was unlikely that the Special Committee could conduct a meaningful process to solicit interest in the acquisition of assets or control of EEP.

The Special Committee's belief that the merger consideration represented the highest consideration that could be obtained from a potential business combination transaction with Enbridge, that the Merger was more favorable to the EEP Unitholders than continuing to hold Class A common units as a stand-alone entity, and that the merger consideration presents the best available opportunity to maximize value for EEP Unitholders in light of Enbridge's stated position that it was unwilling to consider alternative transactions, such as converting EEP to a c-corporation for tax purposes.

The Special Committee's assessment of the negative impact of recent regulatory changes on the long-term financial projections for EEP, including the impact on EEP's financial outlook from the implementation of the TCJA, the March FERC Announcement and the July FERC Announcement.

The Special Committee's belief, based on information received from Enbridge, that the International Joint Tariff Agreement between Enbridge Pipelines, Inc. and Enbridge Energy, Limited Partnership, effective May 6, 2011, could not be renegotiated to increase EEP's revenue under such agreement.

The implications for the Unaffiliated EEP Unitholders of remaining with the status quo rather than approving the Merger Agreement and the Merger in light of EEP's expected need for continuing financial support from Enbridge.

Enbridge's stated position that EEP would need to issue US\$500 million of additional Class A common units during 2018 as reflected in the Revised Management Projection, and the Special Committee's belief that the Unaffiliated EEP Unitholders would experience significant dilution if such issuance occurred.

Enbridge's stated position that EEP's cost of capital is ineffective, EEP is no longer an effective financing vehicle for Enbridge and EEP's valuation is not supportive of future asset contributions from Enbridge.

Table of Contents

The implications for the Unaffiliated EEP Unitholders of remaining with the status quo rather than approving the Merger Agreement and the Merger in light of Enbridge's stated position that it intended to reduce the amount of quarterly cash distribution payments in respect of the Class A common units from US\$1.40 per Class A common unit (on an annualized basis) to US\$1.00 per Class A common unit (on an annualized basis) as reflected in the Revised Management Projections.

The Special Committee's belief, based on informal guidance received by management of Enbridge from credit rating agencies and provided to the Special Committee, that EEP could experience a downgrade in its credit rating in the near term based on information contained in the Revised Management Projections without a significant equity investment, which Enbridge intends to be in the form of additional units issued to Enbridge.

The Special Committee's belief that EEP would have access to greater financial and other resources and opportunities as a wholly owned subsidiary of Enbridge.

Upon completion of the Merger, EEP Unitholders will receive Enbridge common shares, which have substantially more liquidity than Class A common units because of the Enbridge common shares significantly larger average daily trading volume, as well as Enbridge having a broader investor base and a larger public float.

The Merger will provide EEP Unitholders with equity ownership in a combined company that is anticipated to have certain benefits as compared to EEP on a standalone basis:

The combined company will have an increased scale relative to EEP and is anticipated to have stronger coverage with respect to dividends, which is expected to result in (1) greater market confidence, (2) an enhanced outlook for dividend growth and (3) better positioning for varying and uncertain industry and commodity pricing environments.

The combined company is anticipated to be capable of pursuing larger and more meaningful growth opportunities and capital projects than could have been pursued by EEP alone.

The combined company will operate under a simplified corporate structure to create a stronger and more efficient company and which will, among other things, eliminate potential conflicts of interest between Enbridge and EEP.

The combined company is anticipated to experience cost savings and other efficiencies, including reduced filing requirements with the Commission and other cost savings, as a result of maintaining one public company rather than two.

The combined company will experience a step-up in tax basis resulting from the Merger and the SEP Merger.

Enbridge's standalone credit metrics are stronger than EEP's, and the Merger will further strengthen the combined company's balance sheet by retaining a higher proportion of internally generated cash flow, thereby reducing the amount of debt financing required to fund growth capital expenditures.

The Exchange Ratio provided for pursuant to the Merger Agreement is fixed and therefore the implied value of the consideration payable to the Unaffiliated EEP Unitholders will increase in the event the market price of Enbridge common shares increases relative to the market price of Class A common units prior to the closing of the Merger.

The lack of significant regulatory hurdles to consummation of the Merger and, as a result, the fact that the Merger will likely be able to be consummated during the fourth quarter of 2018.

The fact that the terms and conditions of the Merger Agreement require EEP to continue to pay its regular quarterly cash distributions at historical levels for any completed quarters with a record date prior to the consummation of the Merger, and that Enbridge and EEP will coordinate the payment of dividends.

Table of Contents

Enbridge's status as an entity taxed as a corporation for U.S. federal tax purposes provides a number of potential benefits relative to EEP's structure as an MLP, including that the negative impact of the March FERC Announcement will be reversed.

The fact that the Merger Agreement requires Enbridge to pay US\$4 million of costs incurred by EEP if the Merger is not approved by the EEP Unitholders, subject to certain exceptions.

In addition, the Special Committee considered a number of factors relating to the procedural safeguards involved in the negotiation of the Merger Agreement, including those discussed below, each of which supported its determination with respect to the Merger:

The fact that EEP Unitholders are free to approve or reject the Merger, and approval of the Merger requires the affirmative vote of (1) at least 66 $\frac{2}{3}$ % of the outstanding Class A common units and (2) a majority of the outstanding Class A common units (other than Class A common units owned by Enbridge and its affiliates) and the outstanding i-units voted at the direction of EEQ shareholders (other than EEQ shares owned by Enbridge and its affiliates), voting together as a single class.

The GP Delegate Board determined in the good faith exercise of its reasonable judgment to establish the Special Committee, composed of directors who are not officers of EEQ or officers, directors or employees of any affiliate of EEQ (other than serving as directors of the General Partner, for which EEQ acts as a delegate).

The Special Committee selected and retained its own legal and financial advisors with knowledge and experience with respect to public merger and acquisition transactions, MLPs, EEP's industry generally and EEP particularly, as well as substantial experience advising MLPs and other companies with respect to transactions similar to the Merger.

The terms and conditions of the Merger Agreement were determined through arm's length negotiations between the Special Committee and Enbridge and their respective representatives and advisors.

The Special Committee had no obligation to approve or recommend any transaction.

Prior to approval of the Merger Agreement by the EEP Unitholders, the Merger Agreement affords EEP flexibility to consider and evaluate superior proposals, and the Special Committee to change its recommendation in response to any such proposals and to certain intervening events, as follows:

EEP is permitted, subject to certain limitations, to enter into or participate in discussions or negotiations with, or furnish information to, any person in response to an unsolicited written acquisition proposal for EEP, if the Special Committee, after consultation with outside legal counsel

and financial advisors, determines in good faith (1) that such acquisition proposal constitutes or is reasonably likely to result in, a proposal that, if consummated, would be more favorable to the Unaffiliated EEP Unitholders than the Merger and is reasonably likely to be consummated on the proposed terms or (2) that such acquisition proposal did not result from a material breach of the Merger Agreement terms regarding a change in the Special Committee's recommendation.

EEP and the Special Committee are permitted, subject to certain limitations, to disclose to the Unaffiliated EEP Unitholders (1) a position contemplated in connection with certain tender offers or (2) such information that the Special Committee, after consultation with outside legal counsel and financial advisors, determines in good faith that the failure to disclose such information would be materially adverse to the interests of EEP or the Unaffiliated EEP Unitholders or would otherwise be reasonably likely to be inconsistent with its duties under applicable law or its obligations under the EEP Partnership Agreement.

The Special Committee is permitted, subject to certain limitations, to change its recommendation that the EEP Unitholders approve the Merger Agreement (1) if such change in recommendation

Table of Contents

occurs in response to receipt of a proposal that did not arise from or in connection with a breach of the no solicitation provisions in the Merger Agreement and the Special Committee, after consultation with outside legal counsel and financial advisors, determines in good faith that, if consummated, such transaction would be more favorable to the Unaffiliated EEP Unitholders than the Merger and is reasonably likely to be consummated and (2) in response to an intervening event involving facts not known to the Special Committee at the time it made its recommendation if the Special Committee, after consultation with outside legal counsel and financial advisors, reasonably determines in good faith that failure to change its recommendation would be materially adverse to the interests of EEP or the Unaffiliated EEP Unitholders or would otherwise be reasonably likely to be inconsistent with its duties under applicable law or its obligations under the EEP Partnership Agreement.

The Special Committee considered the following additional factors as being potentially negative or unfavorable in making its determination, approval and recommendation with respect to the Merger Agreement and the transactions contemplated thereby, including the Merger:

The Merger should be a taxable transaction to EEP Unitholders for U.S. federal tax purposes, and the EEP Unitholders will receive no cash consideration with which to pay any potential tax liability resulting from the Merger.

The U.S. federal tax treatment of owning and disposing of Enbridge common shares received in the Merger will be different than the U.S. federal tax treatment of owning and disposing of Class A common units, including that the income of the resulting combined entity will be subject to double taxation (at the combined company level and shareholder levels) for U.S. federal tax purposes, while the income of EEP is currently subject to only one level of tax (at the unitholder level).

The Special Committee's view that the announcement of and market speculation regarding a possible simplification transaction that might involve Enbridge acquiring EEP resulted in the recent trading price ratio of Enbridge common shares to Class A common units being depressed, which, among other things, would negatively impact the premium for Class A common units implied by the Exchange Ratio.

The Exchange Ratio is fixed and therefore the implied value of the consideration payable to the Unaffiliated EEP Unitholders will decrease in the event the market price of Enbridge common shares decreases relative to the market price of Class A common units prior to the closing of the Merger.

The Special Committee's expectation that the Merger will be dilutive to EEP's distributable cash flow per limited partner unit and distribution per limited partner unit throughout the discrete forecast period.

The Special Committee was not authorized to and did not conduct an auction process or other solicitation of interest from third parties for the acquisition of EEP.

The Merger Agreement's limitations on the Special Committee's ability to solicit or knowingly encourage other offers, and the conditions it places on the Special Committee's ability to negotiate or discuss alternative proposals with third parties, to change the recommendation of the GP Delegate Board that EEP Unitholders vote to approve the Merger Agreement or to terminate the Merger Agreement to accept a superior proposal.

The Merger Agreement restricts the conduct of EEP's business prior to the completion of the Merger, which may delay or prevent EEP from pursuing business opportunities that may arise pending the completion of the Merger.

EEP has incurred and will continue to incur significant transaction costs and expenses in connection with the Merger, whether or not the Merger is completed, and EEP is not entitled to reimbursement of such costs and expenses unless the Merger Agreement is terminated under certain circumstances.

Table of Contents

There is risk that management's focus and resources for other strategic opportunities and operational matters could be diverted for an extended period of time while the parties work to complete the Merger and integration process and by any litigation that may occur in connection with the Merger.

Litigation may be commenced in connection with the Merger, and such litigation may increase costs and result in a diversion of management's focus.

There is risk that the potential benefits expected to be realized in the Merger might not be fully realized, or might not be realized within the expected time period.

The Merger may not be completed in a timely manner, or at all, which could result in significant costs and disruption to EEP's normal business or negatively impact the trading price of Class A common units.

EEP Unitholders are not entitled to appraisal rights under the Merger Agreement, the EEP Partnership Agreement or Delaware law.

EEP Unitholders will be foregoing any potential benefits that could be realized by remaining common unitholders of a standalone entity.

The Enbridge common shares may not trade at expected valuations.

The resulting combined company may not achieve its projected financial results or expected synergies.

The Special Committee considered all of the foregoing factors as a whole and, on balance, concluded that they supported a determination to approve the Merger Agreement. The foregoing discussion of the information and factors considered by the Special Committee includes the material factors, but is not exhaustive. In view of the wide variety of factors considered by the Special Committee in connection with its evaluation of the Merger and the complexity of these matters, the Special Committee did not consider it practical to, and did not attempt to, quantify, rank or otherwise assign relative weights to the specific factors it considered in reaching its decision. The Special Committee evaluated the factors described above, among others, and reached a consensus that the Merger Agreement is fair and reasonable to EEP, including the Unaffiliated EEP Unitholders. In considering the factors described above, and any other factors, individual members of the Special Committee may have viewed factors differently or given weight or

merit to different factors. The Special Committee approved the Merger Agreement and recommended it to the GP Delegate Board based on the totality of the information presented to and considered by it.

In considering the approval of the Merger Agreement by the Special Committee, you should be aware that the GP Delegate s and the General Partner s executive officers and directors have interests in the Merger that may be different from, or in addition to, the interests of EEP Unitholders generally. Opinion of Evercore Financial Advisor to the Special Committee

The Special Committee retained Evercore to act as its financial advisor in connection with evaluating the proposed Merger. At the request of the Special Committee, at a meeting of the Special Committee held on September 17, 2018, Evercore rendered its oral opinion to the Special Committee (subsequently confirmed in writing) that, as of September 17, 2018, based upon and subject to the assumptions made, procedures followed, matters considered and qualifications and limitations of the review undertaken by Evercore in rendering its opinion as set forth therein, the Exchange Ratio was fair, from a financial point of view, to EEP and the holders of Class A common units other than Enbridge and its affiliates.

The opinion speaks only as of the date it was delivered and not as of the time the Merger will be completed or any other date. The opinion does not reflect changes that may occur or may have occurred after September 17, 2018, which could alter the facts and circumstances on which Evercore's opinion was based. It is understood that subsequent developments or information of which Evercore is, or was, not aware may affect Evercore's opinion, but Evercore does not have any obligation to update, revise or reaffirm its opinion.

The full text of the written opinion of Evercore, which sets forth the assumptions made, procedures followed, matters considered and qualifications and limitations of the review undertaken in rendering its opinion, is attached hereto as Annex B. You are urged to read Evercore's opinion carefully and in its entirety. Evercore's opinion was directed to the Special Committee (in its capacity as such), and only addressed the fairness, from a financial point of view, as of September 17, 2018, to EEP and the holders of Class A common units other than Enbridge and its affiliates of the Exchange Ratio. Evercore's opinion did not address any other term, aspect or implication of the Merger. Neither Evercore's opinion, the summary of such opinion nor the related analyses set forth in this proxy statement/prospectus are intended to be, and they do not constitute, a recommendation to the Special Committee, the GP Delegate Board, the holders of the Class A common units or any other persons in respect of the Merger, including as to how any holder of Class A common units or I-units representing limited partner interests in EEP or any holder of listed shares of EEQ should vote or act in respect of the Merger or any other transaction. The summary of Evercore's opinion set forth in this proxy statement/prospectus is qualified in its entirety by reference to the full text of the written opinion.

performed such other analyses and examinations, held such other discussions, and considered such other factors and information that Evercore deemed appropriate.

For purposes of its analysis and opinion, Evercore assumed and relied upon, without undertaking any independent verification of, the accuracy and completeness of all of the information publicly-available, and all of the information supplied or otherwise made available, to, discussed with, or reviewed by Evercore, and Evercore assumed no liability therefor. With respect to the projected financial and operating data relating to Enbridge and EEP referred to above, Evercore assumed that they had been reasonably prepared on bases reflecting the best currently available estimates and good faith judgments of the management of Enbridge and EEP, as applicable, as to the future financial performance of Enbridge and EEP, including projected financial data related to alternative business assumptions for EEP (including, among others, a conversion to a c-corporation) reflected therein. Evercore expressed no view as to any projected financial data relating to Enbridge or EEP or the assumptions on which they were based. Evercore relied, at the direction of the Special Committee, without independent verification, upon the assessments of the management of Enbridge and EEP and their outside advisors.

For purposes of rendering its opinion, Evercore assumed, in all respects material to its analysis, that the representations and warranties of each party contained in the Merger Agreement were true and correct, that each party would perform all of the covenants and agreements required to be performed by it under the Merger Agreement, that all conditions to the consummation of the Merger would be satisfied without material waiver or modification thereof, and that the Exchange Ratio would be 0.335 of an Enbridge common share per Class A common unit. Evercore further assumed, in all respects material to its analysis, that all governmental, regulatory or other consents, approvals or releases necessary for the consummation of the Merger (including the approval of unitholders to which this prospectus relates) would be obtained without any material delay, limitation, restriction or condition. Evercore relied upon and assumed, without independent verification, that the final version of the Merger Agreement, as well as the agreements, instruments and documents referenced therein, would not differ in any respect that is material to Evercore's analysis from the respective drafts reviewed by it.

Evercore did not make nor did it assume any responsibility for making any independent valuation or appraisal of any assets or liabilities of Enbridge or EEP, nor was Evercore furnished with any such valuations or appraisals, nor did it evaluate the solvency or fair value of Enbridge or EEP under any state or federal laws relating to bankruptcy, insolvency or similar matters. Evercore's opinion was necessarily based upon information made available to it as of the date of its opinion and financial, economic, market and other conditions as they existed and as could be evaluated on the date thereof.

Evercore was not asked to pass upon, and expressed no opinion with respect to, any matter other than the fairness, from a financial point of view, to EEP and the holders of the Class A common units (other than

Enbridge and its affiliates) of the Exchange Ratio. Evercore did not express any view on, and its opinion did not address, the fairness of the Merger to, or any exchange ratio received in connection therewith by, the holders of any other securities, creditors or other constituencies of EEP, nor as to the fairness of the amount or nature of any compensation to be paid or payable to any of the officers, directors or employees of EEP, or any class of such persons, whether relative to the Exchange Ratio or otherwise. Evercore assumed that any modification to the structure of the Merger subsequent to its review would not vary in any respect material to its analysis. Evercore's opinion did not address the relative merits of the Merger as compared to other transactions or business or financial strategies that might be available to EEP, at the date of the opinion or in the future, including any potential transaction or strategy reviewed by Evercore, nor did it address the underlying business decision of Enbridge or EEP to engage in the Merger or use the Exchange Ratio. Evercore's opinion did not constitute a recommendation to the Special Committee, the GP Delegate Board, the holders of the Class A common units or any other persons (including unitholders and holders of listed shares of EEQ receiving this proxy statement/prospectus) in respect of the Merger or any other transaction. Evercore expressed no opinion as to the price at which the Class A common units or Enbridge common shares will trade at any time. The opinion noted that Evercore is not a legal, regulatory, accounting or tax expert and that Evercore assumed the accuracy and completeness of assessments by Enbridge, EEP and their advisors with respect to legal, regulatory, accounting and tax matters. Without limiting the generality of the foregoing, Evercore's opinion did not reflect the impact of any regulatory action, unasserted claims or litigation to which Enbridge, EEP or any of their respective affiliates may be subject in the future. Evercore's opinion, at the direction and with the consent of the Special Committee, made no assumption or evaluation as to whether any assessment or valuation by EEP, Enbridge or the Special Committee of any pending litigation was appropriate or accurate, and the estimated value of any pending litigation used in Evercore's analysis was provided to it by the Special Committee.

Summary Financial Analyses

Set forth below is a summary of the material financial analyses performed by Evercore and reviewed with the Special Committee on September 17, 2018 in connection with rendering Evercore's opinion to the Special Committee. Each analysis was provided to the Special Committee. However, the following summary does not purport to be a complete description of the analyses performed by Evercore. In connection with arriving at its opinion, Evercore considered all of its analyses as a whole, and the order of the analyses described and the results of these analyses do not represent any relative importance or particular weight given to these analyses by Evercore. Except as otherwise noted, the following quantitative information, to the extent that it is based on market data, is based on market data (including the closing prices for the Class A common units and Enbridge common shares) that existed on September 14, 2018, and is not necessarily indicative of current market conditions.

The following summary of financial analyses includes information presented in tabular format. These tables must be read together with the text of each summary. The tables alone do not constitute a complete description of the financial analyses performed by Evercore. Considering the tables below without considering the full narrative description of the financial analyses, including the methodologies and assumptions underlying the analyses, could create a misleading or incomplete view of Evercore's financial analyses.

Financial data for Enbridge and EEP utilized in the financial analyses described below were based on, among other things, financial projections of Enbridge, on a standalone basis pro forma to give effect to the previously announced merger transaction between Enbridge and SEP based upon the final agreed upon terms, prepared by the management of Enbridge (which is referred to in this section as the "Enbridge forecast"), and financial projections of EEP on a standalone basis prepared by the management of EEP (which is referred to in this section as the "EEP forecast").

Evercore performed a series of analyses to derive indicative valuation ranges for EEP Class A common units and Enbridge common shares. For each analysis, Evercore adjusted the implied EEP value per Class A

Table of Contents

common unit ranges and Enbridge value per share ranges to account for the Estimated Derivative Claims Value. This adjustment was performed on a per unit or per share basis, as applicable, and not on a cash flow basis. Evercore subsequently utilized each of the resulting implied valuation ranges for EEP and Enbridge to derive a range of implied exchange ratios of Class A common units to Enbridge common shares, and compared these ratios to the Exchange Ratio. The following is a summary of the material financial analyses performed by Evercore with respect to each of Enbridge and EEP in preparing Evercore's opinion:

discounted cash flow analysis;

discounted distributions analysis; and

peer group trading analysis.

Evercore calculated the implied exchange ratio ranges reflected in the financial analyses described below by converting the implied EEP unit value ranges from U.S. dollars to Canadian dollars utilizing an exchange rate of 1.304 U.S. dollars per Canadian dollar based on FactSet data as of September 14, 2018, and then comparing (1) the low end of the EEP value per Class A common unit range to the low end of the Enbridge reference value per share range and (2) the high end of the EEP value per Class A common unit range to the high end of the Enbridge reference value per share. Evercore separately considered the impact of the Estimated Derivative Claims Value on the implied exchange ratio by comparing the implied EEP value per Class A common unit ranges and Enbridge value per share ranges after adjusting each per unit or per share value for the Estimated Derivative Claims Value. The Estimated Derivative Claims Value was provided to Evercore by the Special Committee and was not calculated, evaluated or analyzed by Evercore. The resulting implied exchange ratio ranges, both with and without adjustments for the Estimated Derivative Claims Value, were then compared with the Exchange Ratio.

In addition, Evercore performed certain other analyses which were reviewed with the Special Committee for informational and reference purposes only that were not material to Evercore's opinion, including a premiums paid analysis and precedent M&A transactions analysis, as further described below.

Analysis of EEP***Discounted Cash Flow Analysis***

Evercore performed a discounted cash flow analysis of EEP by valuing the cash flows to be received by EEP based on the EEP forecast and additional projected tax depreciation and amortization expense as provided by EEP management. Evercore calculated the EEP value per Class A common unit range by discounting, back to present value, EEP's discrete unlevered free cash flows from July 1, 2018 through December 31, 2022 and estimated terminal values as of December 31, 2022, based on a range of estimated EBITDA exit multiples as well as perpetuity growth rates. Evercore selected a range of discount rates of 7.0% to 8.0% based on its professional judgment and expertise, including its analysis of the weighted average cost of capital (WACC) for EEP, taking into account a capital asset pricing model (CAPM) analysis for EEP's cost of equity based on an analysis of characteristics of EEP and the selected comparable partnerships listed under the heading EEP Peer Group Trading Analysis below (the Selected EEP Peers). Evercore selected a range of EBITDA exit multiples of 10.0x to 12.0x based on its professional judgment and expertise, taking into account relevant implied multiples of Enterprise Value (as defined below) to EBITDA of the Selected EEP Peers, among other things. For the perpetuity growth rate assumption, Evercore selected a range of

1.25% to 1.75% based on its professional judgment and expertise, taking into consideration the long-term rate of inflation and regulations applicable to many of EEP's assets, among other things. For both the EBITDA exit multiple approach and the perpetuity growth approach, Evercore calculated (i) the implied equity value per unit range and (ii) the implied equity value per unit range as adjusted for the Estimated Derivative Claims Value.

The Discounted Cash Flow Analysis utilizing the EBITDA exit multiple approach to calculate terminal value resulted in an implied equity value per unit range of US\$10.71 to US\$16.50 excluding the Estimated

Table of Contents

Derivative Claims Value and an implied equity value per unit range of US\$10.92 to US\$16.72 including the Estimated Derivative Claims Value. The Discounted Cash Flow Analysis utilizing the perpetuity growth approach to calculate terminal value resulted in an implied equity value per unit range of US\$7.27 to US\$13.92 excluding the Estimated Derivative Claims Value and an implied equity value per unit range of US\$7.48 to US\$14.13 including the Estimated Derivative Claims Value.

Discounted Distribution Analysis

Evercore performed a discounted distribution analysis for the Class A common units based on the present value of the future cash distributions to Class A common unitholders. Evercore utilized a terminal yield range of 9.5% to 12.5% based on EEP trading between EEP's distribution reduction announced on May 4, 2017 and the March FERC Announcement, as well as EEP's total distribution coverage and leverage by December 31, 2022. Evercore utilized a cost of equity of 9.5% to 11.5% based on CAPM and a cost of equity of 11.5% to 13.5% based on total expected market return for the Selected EEP Peers. Using the EEP forecast and a cost of equity based on CAPM, Evercore determined an implied equity value per unit range of US\$11.24 to US\$14.35 excluding the Estimated Derivative Claims Value and an implied equity value per unit range of US\$11.46 to US\$14.57 including the Estimated Derivative Claims Value. Using the EEP forecast and a cost of equity based on total expected market return, Evercore determined an implied equity value per unit range of US\$10.55 to US\$13.41 excluding the Estimated Derivative Claims Value and an implied equity value per unit range of US\$10.77 to US\$13.63 including the Estimated Derivative Claims Value.

EEP Peer Group Trading Analysis

Evercore performed a peer group trading analysis of EEP by reviewing and comparing the market values and trading multiples of the following publicly-traded partnerships that Evercore deemed to have certain characteristics similar to those of EEP:

Andeavor Logistics LP

Buckeye Partners, L.P.

Holly Energy Partners, L.P.

Magellan Midstream Partners, L.P.

MPLX LP

NuStar Energy LP

Phillips 66 Partners LP

Plains All American Pipeline, L.P.

Valero Energy Partners LP

Although the Selected EEP Peers were compared to EEP for purposes of this analysis, no partnership used in the peer group analysis is identical or directly comparable to EEP. In order to calculate peer group trading multiples, Evercore relied on publicly-available filings with the SEC and equity research analyst estimates.

For each of the Selected EEP Peers, Evercore calculated the following trading multiples:

Enterprise Value/2018 EBITDA, which is defined as market value of equity based on closing prices as of September 14, 2018, plus debt, plus preferred equity, plus noncontrolling interests and less cash and cash equivalents (Enterprise Value), divided by estimated EBITDA (per FactSet consensus, which may vary among the group) for the calendar year 2018; and

Enterprise Value/2019 EBITDA, which is defined as Enterprise Value divided by estimated EBITDA for the calendar year 2019.

Table of Contents

The mean and median trading multiples are set forth below. The table also includes relevant multiple reference ranges selected by Evercore based on the resulting range of multiples and certain other considerations related to the specific characteristics of EEP noted by Evercore.

Benchmark	Mean	Median
Enterprise Value/2018 EBITDA	11.9x	12.3x
Enterprise Value/2019 EBITDA	10.7x	10.8x

Benchmark	Reference Range
Enterprise Value/2018 EBITDA	10.5x 12.5x
Enterprise Value/2019 EBITDA	9.5x 11.5x

Evercore applied the relevant Enterprise Value to EBITDA multiple reference ranges to calendar year 2018 and calendar year 2019 Adjusted EBITDA per the EEP forecast to derive a relevant enterprise value range. Evercore determined an implied equity value per unit range of US\$8.75 to US\$15.79 excluding the Estimated Derivative Claims Value, and an implied equity value per unit range of US\$8.97 to US\$16.01 including the Estimated Derivative Claims Value.

Other EEP Analyses

The analyses and data described below were presented to the Special Committee for informational and reference purposes only and did not provide the basis for, and were not otherwise material to, the rendering of Evercore's fairness opinion.

Precedent M&A Transaction Analysis

Evercore reviewed publicly-available information for selected transactions involving the acquisition by the sponsor entity of a MLP that Evercore deemed to have certain characteristics similar to those of EEP announced in the prior three years and selected six transactions:

Date	Acquirer	Target
08/2018	Energy Transfer Equity, L.P.	Energy Transfer Partners, L.P.
03/2018	Tallgrass Energy GP, LP	Tallgrass Energy Partners, LP

02/2017	ONEOK, Inc.	ONEOK Partners, L.P.
11/2015	Targa Resources Corp.	Targa Resources Partners LP

Although the selected transactions were compared to the Merger for purposes of this analysis, no selected transaction used in the precedent M&A transaction analysis is identical or directly comparable to the Merger. Evercore reviewed the historical Price to Distributable Cash Flow per Unit observed in each of the selected transactions for (1) the current fiscal year for transactions announced before or on September 30 of such fiscal year and the following fiscal year for transactions announced after September 30 of the current fiscal year (Current Year) and (2) the year immediately following Current Year (Forward Year).

The mean and median implied multiples of Price to Current Year Distributable Cash Flow per Unit and Price to Forward Year Distributable Cash Flow per Unit are set forth below. The table also includes relevant multiple reference ranges selected by Evercore based on the resulting range of multiples and certain other considerations related to the specific characteristics of EEP noted by Evercore.

Benchmark	Mean	Median
Price/Current Year Distributable Cash Flow per Unit	9.6x	9.1x
Price/Forward Year Distributable Cash Flow per Unit	9.1x	8.5x

Table of Contents

Benchmark	Reference Range
Price/2018 Distributable Cash Flow per Unit	8.5x 10.5x
Price/2019 Distributable Cash Flow per Unit	7.5x 9.5x

Evercore applied the relevant ranges of selected multiples to fiscal year 2018 and fiscal year 2019 Distributable Cash Flow per Unit per the EEP forecast. Evercore determined an implied equity value per unit range of US\$11.09 to US\$15.87 excluding the Estimated Derivative Claims Value, and an implied equity value per unit range of US\$11.31 to US\$16.09 including the Estimated Derivative Claims Value.

Premiums Paid Analysis

Evercore compared the premiums implied by the Exchange Ratio with premiums received in selected related-party merger transactions where the target was an MLP or limited liability company. Evercore calculated the implied premiums received considering the implied per LP unit or per share offer value relative to the targets' prior 1-day closing price, 30-day VWAP, 60-day VWAP and 90-day VWAP using publicly-available information. Evercore considered that premiums paid in the selected precedent merger transactions have varied widely based on specific considerations with respect to each transaction and that there are inherent differences between each of the targets and transactions analyzed by Evercore relative to EEP and the Merger, respectively. Evercore analyzed the following merger transactions:

EEP, of 8.0% to 18.0%. Evercore determined an implied equity value per unit range of US\$10.89 to US\$11.89 excluding the Estimated Derivative Claims Value based upon Enbridge's common stock closing price on September 14, 2018 on the NYSE of US\$33.89 per share, which implied an implied exchange ratio range of 0.3216x to 0.3513x. Including adjustments for the Estimated Derivative Claims Value to EEP's closing unit price as of May 16, 2018 and Enbridge's closing share price as of September 14, 2018 on the NYSE, Evercore determined an implied EEP equity value per unit range of US\$11.12 to US\$12.15 based upon Enbridge's common stock closing price on September 14, 2018 on the NYSE of US\$33.89 per share, which implied an exchange ratio range of 0.3285x to 0.3589x.

Analysis of Enbridge***Discounted Cash Flow Analysis***

Evercore performed a discounted cash flow analysis of Enbridge by valuing the cash flows to be received by Enbridge based on the Enbridge forecast and additional projected unlevered cash taxes as provided by Enbridge management. Evercore calculated the value per share range for the Enbridge common shares by discounting, back to present value, Enbridge's discrete unlevered free cash flows from July 1, 2018 through December 31, 2022 and estimated terminal values as of December 31, 2022 based on a range of estimated EBITDA exit multiples as well as perpetuity growth rates. Evercore selected a range of discount rates of 6.5% to 7.5% based on its professional judgment and expertise, including its analysis of the WACC for Enbridge, taking into account a CAPM analysis for Enbridge's cost of equity based on an analysis of characteristics of Enbridge and the selected comparable companies listed under the heading "Enbridge Peer Group Trading Analysis" below (the "Selected Enbridge Peers"). Evercore selected a range of EBITDA exit multiples of 11.5x to 13.5x based on its professional judgment and expertise, taking into account relevant implied multiples of Enterprise Value to EBITDA multiples of the Selected Enbridge Peers, among other things. For the perpetuity growth rate assumption, Evercore selected a range of 1.25% to 1.75% based on its professional judgment and expertise, taking into consideration the expected long-term rate of inflation and regulations applicable to many of Enbridge's assets, among other things. For both the EBITDA exit multiple approach and the perpetuity growth approach, Evercore calculated (i) the implied equity value per share range and (ii) the implied equity value per share range as adjusted for the Estimated Derivative Claims Value.

The Discounted Cash Flow Analysis utilizing the EBITDA exit multiple approach to calculate terminal value resulted in an implied equity value per share range of C\$44.23 to C\$62.02 excluding the Estimated Derivative Claims Value and an implied equity value per share range of C\$44.20 to C\$61.98 including the Estimated Derivative Claims Value. The Discounted Cash Flow Analysis utilizing the perpetuity growth approach to calculate terminal value resulted in an implied equity value per share range of C\$41.67 to C\$70.15 excluding the Estimated Derivative Claims Value and an implied equity value per share range of C\$41.64 to C\$70.12 including the Estimated Derivative Claims Value.

Discounted Dividend Analysis

Evercore performed a discounted dividend analysis of Enbridge common shares based on the present value of the future cash dividends to Enbridge common shareholders. The projected dividends used by Evercore were based on the Enbridge forecast, a terminal yield range of 4.5% to 7.0% based on Enbridge's dividend yield range during the last 52 weeks, a cost of equity of 8.0% to 10.0% based on a CAPM analysis utilizing the Selected Enbridge Peers and a cost of equity of 10.5% to 13.5% based on the total expected market return utilizing the Selected Enbridge Peers. Using the Enbridge forecast and a cost of equity based on CAPM, Evercore determined an implied equity value per share range of C\$44.94 to C\$68.37 excluding the Estimated Derivative Claims Value and an implied equity value per share range of C\$44.91 to C\$68.34 including the Estimated Derivative Claims Value. Using the Enbridge forecast and a cost of equity based on total expected market return, Evercore determined an implied equity value per share range of C\$39.79

to C\$62.26 excluding the Estimated Derivative Claims Value and an implied equity value per share range of C\$39.76 to C\$62.23 including the Estimated Derivative Claims Value.

Although the companies and partnerships in the peer group were compared to Enbridge for purposes of this analysis, no company or partnership used in the Enbridge Peer Group Trading Analysis is identical or directly comparable to Enbridge. In order to calculate peer group trading multiples, Evercore relied on publicly-available filings with the SEC and other regulatory agencies and equity research analyst estimates.

For each of the peer group companies and partnerships, Evercore calculated the following trading multiples:

Enterprise Value/2018 EBITDA, which is defined as Enterprise Value, divided by estimated EBITDA for the calendar year 2018, as determined based on Wall Street research estimates;

Enterprise Value/2019 EBITDA, which is defined as Enterprise Value divided by estimated EBITDA for the calendar year 2019, as determined based on Wall Street research estimates; and

Current dividend or distribution yield, as applicable, as determined based on the most recently announced dividend per share or distribution per unit.

The mean and median trading multiples and dividend or distribution yields are set forth below. The table also includes relevant multiple ranges selected by Evercore based on the resulting range of multiples and dividend or distribution yields and certain other considerations related to the specific characteristics of Enbridge noted by Evercore.

Canadian Midstream C-Corps Benchmark	Mean	Median
Enterprise Value/2018 EBITDA	11.9x	11.9x
Enterprise Value/2019 EBITDA	11.0x	11.0x
Current Dividend Yield	6.8%	6.8%

Large-Cap / Diversified MLPs Benchmark	Mean	Median

Enterprise Value/2018 EBITDA	11.5x	13.5x

Evercore applied the selected Enterprise Value to EBITDA multiple reference ranges to EBITDA per the Enbridge forecast for calendar year 2018 and calendar year 2019 and applied the selected current dividend yield reference range to Enbridge's current annualized dividend. Evercore determined an implied equity value per share range of C\$35.88 to C\$59.60 excluding the Estimated Derivative Claims Value, and C\$35.84 to C\$59.56 including the Estimated Derivative Claims Value.

Other Enbridge Analysis

The analysis and data described below were presented to the Special Committee for informational and reference purposes only and did not provide the basis for, and were not otherwise material to, the rendering of Evercore's fairness opinion.

Precedent M&A Transaction Analysis

Evercore performed a valuation analysis of Enbridge common shares based on multiples of transaction value to EBITDA paid in historical transactions involving Canadian midstream corporations since 2015 that Evercore deemed relevant based on its experience in the midstream sector and in mergers and acquisitions involving midstream companies and partnerships, although Evercore noted that none of the selected transactions or the selected companies that participated in the selected transactions were directly comparable to the Merger or Enbridge. The following list sets forth the transactions analyzed based on such characteristics:

Date

Announced	Acquirer	Target
5/2017	Pembina Pipeline Corporation	Veresen Inc.
9/2016	Enbridge Inc.	Spectra Energy Corp
3/2016	TransCanada Corporation	Columbia Pipeline Group, Inc.

For each of the selected transactions, Evercore calculated and compared the consolidated Enterprise Value of the target at the applicable offer value as a multiple of the target's estimated current calendar year EBITDA. For purposes of this analysis, current calendar year represents the target's current calendar year for transactions based upon the

transaction announcement date. Evercore observed that the mean and median multiples of Enterprise Value to current calendar year EBITDA for the selected precedent transactions were 14.5x and 13.8x, respectively. Evercore derived a range of relevant implied multiples of Enterprise Value to current calendar year EBITDA of 13.0x to 15.0x for its precedent transactions analysis and applied this range to estimated calendar year 2018 EBITDA per the Enbridge forecast. Evercore determined an implied equity value per share range of C\$45.88 to C\$59.21 excluding the Estimated Derivative Claims Value, and an implied equity value per share range of C\$45.84 to C\$59.17 including the Estimated Derivative Claims Value.

Table of Contents**Exchange Ratio Summary**

Evercore analyzed the implied exchange ratios resulting from the discounted cash flow analyses, discounted distribution/dividend analyses and peer group trading analyses utilized to value the Class A common units and Enbridge common shares. The resulting implied exchange ratio reference ranges utilizing each applicable valuation methodology are summarized below.

Discounted Cash Flow Analysis EBITDA Multiple	0.3155x	0.3468x	0.3222x	0.3516x

Peer Group Trading Analysis	0.3178x	0.3454x	0.3261x	0.3504x

Evercore compared the results of the exchange ratio analysis to the Exchange Ratio, noting that the Exchange Ratio was within or above each of the implied exchange ratio ranges derived by Evercore from the aforementioned analyses.

Evercore also analyzed the implied exchange ratios resulting from the premiums paid analysis and precedent M&A transaction analysis and presented such analysis to the Special Committee for informational and reference purposes only. The results did not provide the basis for, and were not otherwise material to, the rendering of Evercore's fairness opinion. The implied exchange ratios resulting from the EEP and Enbridge precedent M&A transaction analyses were derived in the same manner previously described. To derive the implied exchange ratio range based on the EEP premiums paid analysis, Evercore compared the implied values per Class A common unit, after converting to Canadian dollars at an exchange rate of 1.304 U.S. dollars per Canadian dollar as of September 14, 2018, with the Enbridge closing share price on the Toronto Stock Exchange as of September 14, 2018. Evercore also considered the Estimated Derivative Claims Value in the implied exchange ratio analysis. The resulting implied exchange ratio reference ranges utilizing each applicable valuation methodologies are summarized below.

	Excluding Adjustment for Estimated Derivative Claims Value		Including Adjustment for Estimated Derivative Claims Value

Precedent M&A Transaction Analysis	0.3152x	0.3494x	0.3216x	0.3544x
Premiums Paid Analysis	0.3216x	0.3513x	0.3285x	0.3589x

While the resulting implied exchange ratios were calculated for information and reference purposes only, Evercore noted that the Exchange Ratio was within each of the implied exchange ratio ranges derived by Evercore.

General

The foregoing summary of certain material financial analyses does not purport to be a complete description of the analyses or data presented by Evercore. The Special Committee selected Evercore to provide financial advice in connection with its evaluation of the proposed Merger because of, among other reasons, Evercore's experience, reputation and familiarity with the industry and because its investment banking professionals have substantial experience in transactions similar to the Merger. In connection with the review of the Merger, Evercore performed a variety of financial and comparative analyses for purposes of rendering its opinion to the

Table of Contents

Special Committee. The preparation of a fairness opinion is a complex process and is not necessarily susceptible to partial analysis or summary description. Selecting portions of the analyses or of the summary described above, without considering the analyses as a whole, could create an incomplete view of the processes underlying Evercore's opinion. In arriving at its fairness determination, Evercore considered the results of all the analyses and did not draw, in isolation, conclusions from or with regard to any one analysis or factor considered by it for purposes of its opinion. Rather, Evercore made its determination as to fairness on the basis of its experience and professional judgment after considering the results of all the analyses. In addition, Evercore may have given various analyses and factors more or less weight than other analyses and factors, may have deemed various assumptions more or less probable than other assumptions and, as described above, utilized certain assumptions and assessments provided by EEP without independent analysis. As a result, the ranges of valuations resulting from any particular analysis or combination of analyses described above should not be taken to be the view of Evercore with respect to the actual value of the Class A common units or Enbridge common shares. No company or partnership used in the above analyses as a comparison is directly comparable to EEP or Enbridge, and no precedent transaction used is directly comparable to the Merger. Furthermore, Evercore's analyses involve complex considerations and judgments concerning financial and operating characteristics and other factors that could affect the acquisition, public trading or other values of the companies, partnerships or transactions used, including judgments and assumptions with regard to industry performance, general business, economic, market and financial conditions and other matters, many of which are beyond the control of EEP or Enbridge or their affiliates and their respective advisors.

Evercore prepared these analyses solely for the information and benefit of the Special Committee and for the purpose of providing an opinion to the Special Committee as to the fairness of the Exchange Ratio, from a financial point of view, to EEP and the holders of the Class A common units other than Enbridge and its affiliates. These analyses do not purport to be appraisals or to necessarily reflect the prices at which the business or securities actually may be sold. Any estimates contained in these analyses are not necessarily indicative of actual future results, which may be significantly more or less favorable than those suggested by such estimates. Accordingly, estimates used in, and the results derived from, Evercore's analyses are inherently subject to substantial uncertainty, and Evercore assumes no responsibility if future results are materially different from those forecasted in such estimates. The issuance of the opinion was approved by an opinion committee of Evercore.

Except as described above, the Special Committee imposed no other restrictions or limitations on Evercore with respect to the investigations made or the procedures followed by Evercore in rendering its opinion. The Exchange Ratio was determined through arm's length negotiations between the Special Committee and Enbridge, and the Special Committee approved the Merger Agreement and recommended the Merger Agreement to the GP Delegate Board for approval. Evercore provided advice to the Special Committee during these negotiations. Evercore did not, however, recommend any specific Exchange Ratio to the Special Committee, the GP Delegate Board or EEP or recommend that any specific Exchange Ratio constituted the only appropriate consideration for the Merger. Evercore's opinion was only one of many factors considered by the Special Committee in evaluating the Merger and making its recommendation to the GP Delegate Board, and the opinion should not be viewed as determinative of the views of the Special Committee with respect to the Merger.

Under the terms of Evercore's engagement letter with the Special Committee, EEP paid Evercore an initial fee of US\$200,000 upon execution of its engagement letter with the Special Committee and a fee of US\$3,000,000 (against which the initial fee was credited) upon Evercore's rendering its opinion, which opinion fee was not contingent upon the conclusion reached in Evercore's opinion or the consummation of the Merger. Evercore will be entitled to receive an additional fee of up to US\$1,500,000 from EEP, subject to the sole discretion of the Special Committee. In addition, EEP has agreed to reimburse Evercore for its reasonable out-of-pocket expenses (including legal fees, expenses and disbursements) incurred in connection with its engagement. Such expenses are not to exceed US\$75,000 without the prior consent of the Special Committee (such consent not to be unreasonably withheld). EEP

also agreed to indemnify Evercore and any of its members, partners, officers, directors, advisors, representatives, employees, agents, affiliates and controlling

persons, if any, against certain liabilities and expenses arising out of its engagement, or to contribute to payments which any of such persons might be required to make with respect to such liabilities.

Evercore and its affiliates engage in a wide range of activities for their own accounts and the accounts of customers. In the ordinary course of business, Evercore or its affiliates may actively trade the securities or related derivative securities or financial instruments of EEP, Enbridge and their respective affiliates, for its own account and for the accounts of its customers and, accordingly, may at any time hold a long or short position in such securities or instruments.

Since January 1, 2016, Evercore provided financial advisory services to the conflicts committee of the board of directors of Midcoast Holdings, L.L.C., an indirect subsidiary of Enbridge, for which Evercore received a fee of US\$2,250,000. Except as described above, during the two-year period prior to the date hereof, no material relationship existed between Evercore and its affiliates and EEP, Enbridge or any of their respective affiliates, pursuant to which compensation was received by Evercore or its affiliates as a result of such a relationship. Evercore has in the past discussed potential engagements with the Special Committee from which no compensation was received. Evercore may provide financial or other services to Enbridge, EEP or their respective affiliates in the future and in connection with any such services Evercore may receive compensation.

Unaudited Financial Projections of Enbridge and EEP

In connection with the proposed Merger, management of Enbridge provided financial projections relating to Enbridge and EEP. The financial projections were prepared for Enbridge and EEP, on a standalone basis and taking into account the final SEP exchange ratio of 1.111 Enbridge common shares for each issued and outstanding common unit of SEP not owned by Enbridge or its subsidiaries (without giving effect to any of the Merger, the EEQ merger or the ENF plan of arrangement), and reflected during the periods presented the anticipated impacts of (1) the Midcoast Transaction, (2) the March FERC Announcement and the July FERC Announcement (together, the FERC Announcements), (3) the sale by Enbridge of certain renewable assets completed on August 1, 2018 (as described in Enbridge's Quarterly Report on Form 10-Q for the quarter ended June 30, 2018) (the Renewable Asset Sale), and (4) the expected completion of the transactions contemplated by the agreements entered into by Enbridge with Brookfield Infrastructure Partners L.P. and its institutional partners to sell Enbridge's Canadian natural gas gathering and processing businesses for a cash purchase price of approximately C\$4.31 billion (as described in Enbridge's Quarterly Report on Form 10-Q for the quarter ended June 30, 2018) (the Canadian G&P Sale). The financial projections were also prepared for Enbridge, on a pro forma basis and taking into account the final SEP exchange ratio of 1.111 Enbridge common shares for each issued and outstanding common unit of SEP not owned by Enbridge or its subsidiaries, as well as the initial exchange ratios for EEP, EEQ and ENF proposed by Enbridge on May 17, 2018 for the acquisitions of the publicly held securities of those entities of (a) 0.3083 of an Enbridge common share for each issued and outstanding Class A common unit not owned by Enbridge or its subsidiaries, (b) 0.2887 of an Enbridge common share for each issued and outstanding listed share of EEQ not owned by Enbridge or its subsidiaries and (c) 0.7029 of an Enbridge common share for each issued and outstanding common share of ENF not owned by Enbridge or its subsidiaries, and reflected during the periods presented the anticipated impacts of (1) the Midcoast Transaction, (2) the FERC Announcements, (3) the Renewable Asset Sale, and (4) the Canadian G&P Sale. These nonpublic financial projections were provided (a) to the Special Committee for Evercore's use and consideration in its financial analysis and in preparation of its opinion to the Special Committee, and (b) for use and consideration in financial analysis prepared for the Enbridge Board. A summary of these projections is included below to give Unaffiliated EEP Unitholders and holders of Enbridge common shares access to certain nonpublic unaudited prospective financial information that was made available to the Special Committee, Evercore, the GP Delegate Board, the GP Board and the Enbridge Board in connection with the proposed Merger.

Table of Contents

You should be aware that uncertainties are inherent in prospective financial information of any kind. None of Enbridge or EEP or any of their affiliates, advisors, officers, directors, or representatives has made or makes any representation or can give any assurance to any EEP unitholder or Enbridge shareholder, or any other person regarding the ultimate performance of EEP or Enbridge compared to the summarized information set forth below or that any such results will be achieved.

The summary financial projections set forth below summarize the financial projections made available to the legal and financial advisors to each of the parties to the Merger Agreement. The inclusion of the following summary financial projections in this proxy statement/prospectus should not be regarded as an indication that EEP, Enbridge, or their respective representatives considered or consider the projections to be a reliable or accurate prediction of future performance or events, and the summary financial projections set forth below should not be relied upon as such.

The Enbridge and EEP financial projections were prepared in connection with the evaluation of the proposed Merger and for internal planning purposes only and not with a view toward public disclosure or guidance or toward compliance with generally accepted accounting principles in the U.S. (GAAP), the published guidelines of the SEC, or the guidelines established by the American Institute of Certified Public Accountants with respect to prospective financial information, but, in the view of Enbridge s management, were prepared on a reasonable basis, reflected the best available estimates and judgments at such time, and presented, to the best of Enbridge management s knowledge and belief, the expected course of action and expected future financial performance of Enbridge and EEP. However, because this information is highly subjective, it should not be relied on as necessarily indicative of future results. The Enbridge prospective financial information was prepared by and is the responsibility of Enbridge s management. None of PricewaterhouseCoopers LLP (PwC), PricewaterhouseCoopers LLP, Canada or any other independent registered public accounting firm has audited, reviewed, compiled, examined or performed any procedures with respect to such financial projections, including any prospective financial information contained therein. Accordingly, neither PwC nor any other independent registered public accounting firm expresses an opinion or any other form of assurance with respect thereto. The reports of PwC incorporated by reference into this proxy statement/prospectus with respect to Enbridge and EEP relate to historical financial information of Enbridge and EEP. Such reports do not extend to the financial projections included below and should not be read to do so. None of the GP Board, the GP Delegate Board, the Special Committee, the GP Delegate, the General Partner, EEP, Enbridge, or the Enbridge Board gives any assurance regarding such financial projections. The Enbridge and EEP financial projections summarized below were prepared and provided to the Special Committee prior to the execution of the Merger Agreement on September 17, 2018. Such projections were prepared for Enbridge and EEP on a standalone basis, giving effect to the SEP merger in which the final SEP exchange ratio is 1.111 Enbridge common shares for each issued and outstanding common unit of SEP not owned by Enbridge or its subsidiaries (without giving effect to any of the Merger, the EEQ merger or the ENF plan of arrangement), and for Enbridge on a pro forma basis, giving effect to the SEP merger in which the final SEP exchange ratio is 1.111 Enbridge common shares for each issued and outstanding common unit of SEP not owned by Enbridge or its subsidiaries and giving effect to the initial exchange ratios proposed by Enbridge on May 17, 2018 for the acquisitions of the publicly held securities of EEP, EEQ and ENF of (a) 0.3083 of an Enbridge common share for each issued and outstanding Class A common unit not owned by Enbridge or its subsidiaries, (b) 0.2887 of an Enbridge common share for each issued and outstanding listed share of EEQ not owned by Enbridge or its subsidiaries and (c) 0.7029 of an Enbridge common share for each issued and outstanding common share of ENF not owned by Enbridge or its subsidiaries, respectively. The Enbridge and EEP financial projections do not take into account any circumstances or events occurring after the date they were prepared. Enbridge can give no assurance that, had the unaudited prospective financial information been prepared as of the date of this proxy statement/prospectus, similar estimates and assumptions would be used. ENBRIDGE DOES NOT INTEND TO, AND DISCLAIMS ANY OBLIGATION TO, MAKE PUBLICLY AVAILABLE ANY UPDATE OR OTHER REVISION TO THE UNAUDITED PROSPECTIVE FINANCIAL PROJECTIONS TO REFLECT CIRCUMSTANCES EXISTING SINCE THEIR PREPARATION OR TO REFLECT THE OCCURRENCE OF UNANTICIPATED

EVENTS, EVEN IN THE EVENT THAT ANY OR ALL OF THE ASSUMPTIONS UNDERLYING THE
UNAUDITED PROSPECTIVE

Table of Contents

FINANCIAL PROJECTIONS ARE NOT REALIZED, OR TO REFLECT CHANGES IN GENERAL ECONOMIC OR INDUSTRY CONDITIONS, EXCEPT AS MAY BE REQUIRED BY APPLICABLE LAW.

The internal financial projections of Enbridge and EEP are, in general, prepared by Enbridge primarily for internal use. Such internal financial projections are inherently subjective in nature, susceptible to interpretation and, accordingly, such financial projections may not be achieved. Such internal financial projections also reflect numerous assumptions made by management of Enbridge, including material assumptions that may not be realized and are subject to significant uncertainties and contingencies, all of which are difficult to predict and many of which are beyond the control of Enbridge. Enbridge's management, consistent with past presentations to the GP Board and public guidance representations, develops its financial projections according to several criteria. Additionally, anticipated impacts from prospective capital expenditures were included within the financial projections. Accordingly, there can be no assurance that the assumptions made in preparing the internal financial projections upon which the financial projections provided to the Special Committee were based will prove accurate. There will be differences between actual and forecasted results, and the differences may be material. The risk that these uncertainties and contingencies could cause the assumptions to fail to be reflective of actual results is further increased due to the length of time in the future over which these assumptions apply. Any inaccuracy of assumptions and projections in early periods could have a compounding effect on the projections shown for the later periods. Thus, any failure of an assumption or projection to be reflective of actual results in an early period could have a greater effect on the projected results failing to be reflective of actual events in later periods.

All of these assumptions involve variables making them difficult to predict, and some are beyond the control of EEP and Enbridge. Although Enbridge's management believes that there was a reasonable basis for its financial projections and underlying assumptions, any assumptions for near-term projected cases remain uncertain, and the risk of inaccuracy increases with the length of the forecasted period. The projections are forward-looking statements and are subject to risks and uncertainties. Please read the sections titled *Cautionary Statement Regarding Forward-Looking Statements* and *Risk Factors* beginning on pages 30 and 33, respectively.

In developing the financial projections provided to the Special Committee, Enbridge's management made numerous material assumptions with respect to Enbridge and EEP for the period from 2018 to 2022, including:

capital expenditures and operating cash flows, including the related amounts and timing thereof;

outstanding debt during applicable periods, and the availability and cost of capital;

the cash flow from existing assets and business activities;

the Midcoast Transaction, FERC Announcements, Renewable Assets Sale and Canadian G&P Sale;

management's ability to mitigate the impact of the FERC Announcements, on a pre-merger basis, including planned rate case filings;

the prices and production of, and demand for, crude oil, natural gas, NGLs and other hydrocarbon products, which could impact volumes and margins;

the in-service dates of the significant competing liquids pipeline systems in Canada and the United States, which reflected a January 1, 2021 in-service date for TransCanada Corporation's Keystone XL pipeline and an October 1, 2020 in-service date for the TransMountain Pipeline Expansion Project; and

other general business, market, and financial assumptions.

The summarized projected financial information for Enbridge and EEP set forth below was based on Enbridge's and EEP's standalone projected results for 2018 through 2022, adjusted for the material assumptions set out above, including the anticipated impacts of the SEP merger at the final exchange ratio for such

Reasons of the Enbridge Board for the Merger

The Merger is expected to generate several benefits for Enbridge and its shareholders, including Unaffiliated EEP Unitholders that will become Enbridge shareholders if the Merger is successfully completed:

Ownership in Core Businesses: The Merger will increase Enbridge's ownership in its core businesses and further enhance its low-risk profile;

Simplified Corporate Structure: The Merger will significantly advance Enbridge's strategy to simplify and streamline its corporate structure, which will further increase the transparency of its strong cash generating assets;

Cash Retention: The Merger will result in Enbridge having higher retention of cash generated from the EEP assets, which will support continued strong dividend coverage and self-funded growth;

Enhanced Credit Profile: The Merger will improve Enbridge's credit profile due to the elimination of EEP public distributions, as well as opportunities to minimize structural subordination of Enbridge debt;

Tax Benefits: The Merger will provide significant benefits to Enbridge's post-2020 outlook primarily due to tax optimization synergies;

Regulatory Uncertainty Benefits: The Merger will reduce risks related to uncertainty and potential unfavorable changes associated with regulatory tax policies applied to MLPs and incremental Enbridge support required by EEP in difficult capital markets; and

Maintain Financial Profile: The Merger will result in no change to Enbridge's consolidated EBITDA following the completion of the Merger since the assets held by EEP are already managed and operated by

Enbridge's U.S. subsidiaries and consolidated for accounting purposes by Enbridge.

Regulatory Approvals

In connection with the Merger, Enbridge intends to make all required filings under the Securities Act and the Exchange Act, as well as any required filings or applications with the NYSE and the TSX.

In addition, to complete the Merger, EEP and Enbridge must make certain filings, submissions and notices to obtain required authorizations, approvals, consents or expiration or termination of waiting periods from U.S. and Canadian governmental and regulatory bodies, including antitrust and other regulatory authorities. EEP and Enbridge are not currently aware of any material governmental filings, authorizations, approvals or consents that are required prior to the parties' completion of the Merger other than those described in this section.

Completion of the Merger is subject to antitrust review in the United States. Under the HSR Act and the rules promulgated thereunder, the Merger cannot be completed until the parties to the Merger Agreement have given notification and furnished information to the FTC and the DOJ, and until the applicable waiting period (or any extension of the waiting period) has expired or has been terminated.

Table of Contents**Litigation and Regulatory Reviews/Investigations Related to the Merger***Judy Mesirov v. Enbridge Energy Co., Inc. et al.*

On July 20, 2015, plaintiff Peter Brinckerhoff, individually and as trustee of the Peter R. Brinckerhoff Trust, filed a Verified Class Action and Derivative Complaint in the Court of Chancery of the State of Delaware against the General Partner, Enbridge, EEQ, Enbridge Pipelines (Alberta Clipper) L.L.C., Enbridge Energy, Limited Partnership, EEP and the following individuals: Jeffrey A. Connelly, Rebecca B. Roberts, Dan A. Westbrook, J. Richard Bird, J. Herbert England, C. Gregory Harper, D. Guy Jarvis, Mark A. Maki and John K. Whelen. The Complaint asserted both class action claims on behalf of holders of EEP's Class A common units, as well as derivative claims brought on behalf of EEP (the Derivative Claims). The Derivative Action Plaintiff's claims arose out of the January 2, 2015 repurchase (the 2015 Transaction) by EEP of the General Partner's 66.67% interest in the pipeline that runs from the Canadian international border near Neche, North Dakota to Superior, Wisconsin on EEP's Lakehead System (the Alberta Clipper Pipeline). First, the Derivative Action Plaintiff alleged that the 2015 Transaction improperly amended the Sixth Amended and Restated Agreement of Limited Partnership of EEP (the Sixth Amended and Restated EEP LPA) without the consent of the Unaffiliated EEP Unitholders, so as to allocate to the Unaffiliated EEP Unitholders gross income that should have been allocated to the General Partner (the Special Tax Allocation). Second, the Derivative Action Plaintiff alleged that EEP paid an unfair price for the General Partner's 66.67% interest in the Alberta Clipper Pipeline such that the 2015 Transaction breached the Sixth Amended and Restated EEP LPA because it was not fair and reasonable to EEP. The Complaint asserted claims for breach of fiduciary duty, breach of the covenant of good faith and fair dealing, breach of residual fiduciary duties, tortious interference, aiding and abetting, and rescission and reformation.

On April 29, 2016, the Court of Chancery granted Enbridge's and the Director Defendants' motion to dismiss and dismissed the case in its entirety. On May 26, 2016, the Derivative Action Plaintiff appealed that dismissal to the Delaware Supreme Court. On March 20, 2017, the Delaware Supreme Court reversed in part and affirmed in part the ruling of the Court of Chancery. Specifically, the Delaware Supreme Court affirmed that the enactment of the Special Tax Allocation did not breach the Sixth Amended and Restated EEP LPA, but reversed on the question of whether the Derivative Action Plaintiff had adequately alleged that the price EEP paid in the 2015 Transaction, including the Special Tax Allocation component, was fair and reasonable to EEP. On November 15, 2017, the Derivative Action Plaintiff filed a Verified Second Amended Complaint (the Second Amended Complaint). The Second Amended Complaint added Piper Jaffray & Co. as successor to Simmons & Company International (Simmons) as a direct defendant. Simmons acted as the financial advisor to the Special Committee of EEP in the 2015 Transaction. The Second Amended Complaint also revised many of the allegations against Enbridge and the Director Defendants. On December 18, 2017, all defendants except Simmons filed their brief in support of their motion to dismiss the Second Amended Complaint. On January 19, 2018, Simmons filed its brief in support of its motion to dismiss the Second Amended Complaint.

On February 28, 2018, the Derivative Action Plaintiff filed a Motion for Leave to File a Verified Third Amended Complaint and a Motion to Intervene on behalf of a proposed new plaintiff, Judy Mesirov (subsequently amended). On March 23, 2018, the Derivative Action Plaintiff filed a Verified Third Amended Complaint and a Motion for Voluntary Dismissal of the Derivative Action Plaintiff. On April 3, 2018, all defendants filed their briefs in support of their motions to dismiss the Third Amended Complaint. Plaintiff Peter Brinckerhoff has now been dismissed as a named plaintiff. The Derivative Action Plaintiff filed a Fourth Amended Complaint, which is substantially the same as the Third Amended Complaint except that it substitutes Judy Mesirov in place of Peter Brinckerhoff as the named plaintiff. On August 29, 2018, the Court granted in part and denied in part defendants' Motions to Dismiss the Third (now Fourth) Amended Complaint. All direct claims have now been dismissed. Currently, the claims remaining in the case are now the Derivative Claims for (i) breach of contract (including equitable remedies of rescission or

reformation) against the General Partner, EEQ, Enbridge Energy Management, L.L.C., Enbridge, the Director Defendants, and Enbridge Pipelines (Alberta Clipper) L.L.C. and Enbridge Energy, Limited Partnership and (ii) aiding and abetting a breach of contract against Simmons. On September 28, 2018, the Derivative Action Plaintiff filed a Fifth Amended Complaint, adding Enbridge and the Director Defendants as defendants to the Derivative Claims.

Table of Contents

If the Merger closes and Enbridge acquires all of the outstanding Class A common units of EEP, the Derivative Action Plaintiff will lose standing to continue her Derivative Claims on behalf of EEP, and Enbridge will become the owner of such Derivative Claims, effectively extinguishing the Derivative Claims. Trial in the Derivative Action is currently scheduled for the second quarter of 2019.

For a discussion of the Derivative Action Subcommittee, see the section titled *Background of the Merger* beginning on page 52.

Relationship of the Parties to the Merger Agreement

Enbridge indirectly owns all of the common stock of the General Partner, the general partner of EEP, which, as of November 5, 2018, owns approximately 148.3 million units of EEP (inclusive of the approximately 11.5 million i-units corresponding to the number of shares of the GP Delegate indirectly owned by Enbridge). These units, which consist of approximately 110.8 million Class A common units, 7.8 million Class B common units, 18.1 million Class E units, 1,000 Class F units and approximately 11.5 million i-units (corresponding to the number of shares of the GP Delegate indirectly owned by Enbridge), represent approximately 32.9% of the total outstanding limited partner interests of EEP. In addition, the General Partner owns an effective 2% interest in EEP and its operating partnerships resulting from its general partnership interest in EEP. Together, these limited partner and general partner interests represent approximately 34.2% of EEP's total effective ownership and economic interest.

The General Partner has delegated to the GP Delegate, subject to limited exceptions, all of its rights and powers to manage and control the business and affairs of EEP and its operating limited partnerships. The General Partner also owns all of the voting shares of the GP Delegate, which are the only shares entitled to vote in the election of the GP Delegate's directors. The GP Delegate owns all of the outstanding i-units of EEP. As of November 5, 2018, Enbridge indirectly owns approximately 11.5 million listed shares of the GP Delegate, representing in the aggregate approximately 11.7% of the GP Delegate's total listed shares. In addition, Enbridge owns through the General Partner all of the GP Delegate's voting shares.

Certain executive officers and directors of Enbridge are also executive officers and directors of the General Partner and the GP Delegate. J. Herbert England serves as a member of the boards of directors of all three companies. The compensation received by the executive officers of Enbridge is paid to them in their capacities as executive officers of Enbridge, the General Partner and the GP Delegate, as applicable. The General Partner and the GP Delegate have the same directors and, with the exception of William Yardley, who is an executive officer of the General Partner only, have the same executive officers.

Interests of Directors and Executive Officers of the GP Delegate and the General Partner in the Merger

In considering the recommendation of the Special Committee, the GP Delegate Board and the GP Board with respect to the Merger proposal, EEP unitholders should be aware that certain of the directors and executive officers of Enbridge, the GP Delegate and the General Partner have interests in the transaction that may differ from, or are in addition to, the interests of EEP unitholders generally. These interests may present such directors and executive officers with actual or potential conflicts of interests, and these interests, to the extent they may be substantial, are described below. The members of the Special Committee, the GP Delegate Board and the GP Board were aware of and considered these interests and relationships, among other matters, when they approved the Merger Agreement and when the GP Delegate Board and GP Board recommended that EEP unitholders approve the Merger.

Common Directors and Executive Officers

EEP does not have any employees and relies on the GP Delegate to manage the conduct of EEP's business. Certain executive officers of Enbridge are also directors and executive officers of the General Partner and the GP

Delegate. Enbridge compensates these officers for the performance of their duties to Enbridge, including in respect of the management of the General Partner and the GP Delegate. Persons who are directors or officers of both Enbridge, the General Partner and the GP Delegate owe duties to the equity holders of Enbridge, the General Partner and the GP Delegate, as the case may be, and may have interests in the Merger that are different from the interests of EEP unitholders generally.

The following chart sets forth, as of the date of this proxy statement/prospectus, the executive officers and directors of Enbridge who hold positions at the General Partner and the GP Delegate.

Executive Officer/Director	General Partner / GP Delegate	Enbridge
J. Herbert England	Director	Director
D. Guy Jarvis	Director and Executive Vice President Liquids Pipelines	Executive Vice President & President, Liquids Pipelines
John K. Whelen	Director	Executive Vice President & Chief Financial Officer

Six of the ten directors of the General Partner and GP Delegate hold positions at Enbridge or its subsidiaries (other than the General Partner or the GP Delegate) and each executive officer of the General Partner and GP Delegate is currently serving, and is expected to continue to serve, as an executive or other officer of Enbridge or its subsidiaries (other than the General Partner and GP Delegate) following the Merger.

In addition, the EEQ Special Committee and the Special Committee were comprised of the same three individuals, Messrs. Connelly, Waldheim and Westbrook. Messrs. Connelly, Waldheim and Westbrook each own Class A common units and do not own any listed shares of EEQ.

Equity Interests of the General Partner's and GP Delegate's Directors and Executive Officers in EEP and Enbridge

Six directors of the General Partner and the GP Delegate beneficially own Class A common units and will receive the Merger Consideration upon completion of the Merger in accordance with the Merger Agreement. Three directors and three executive officers of the General Partner and the GP Delegate beneficially own EEQ shares and will receive the applicable Merger Consideration in the EEQ merger. Please read the section titled *Security Ownership of Certain Beneficial Owners of EEP Security Ownership of the Management and Directors of EEP* beginning on page 157 for further detail.

All of the executive officers and seven directors, including three non-management directors, of the General Partner and GP Delegate beneficially own Enbridge common shares. Those individuals who own Enbridge common shares, and all of those individuals in the aggregate, hold Enbridge common shares representing less than 1.0% of Enbridge common shares outstanding as of November 5, 2018.

Executive Compensation

EEP does not directly employ any of the individuals responsible for managing or operating its business. None of the individuals who have served as a director or executive officer at the General Partner, GP Delegate or Enbridge since the beginning of 2017 have any agreements or understandings with Enbridge, the General Partner, the GP Delegate, EEP or any other party with respect to any type of compensation (whether present, deferred or contingent) that is based on or otherwise relates to the Merger and is reportable under Item 402(t) of Regulation S-K under the Securities

Act, and thus no advisory vote pursuant to Rule 14a-21(c) of the Exchange Act is required to be included in the EEP proxy in connection with this proxy statement/prospectus.

Table of Contents*Special Committee Compensation*

In consideration of the expected time and effort that would be required of the members of the Special Committee in evaluating the proposed Merger, including negotiating the terms and conditions of the Merger Agreement, the GP Delegate Board determined that each member of the Special Committee would receive (1) a retainer fee of US\$40,000, *plus* (2) a fee of US\$1,500 in cash for each meeting of the Special Committee (or subcommittee thereof), in addition to reimbursement of out-of-pocket expenses relating to such meeting, *plus* (3) with respect to any in-person meetings of the Special Committee, reimbursement of travel costs in connection with such meetings and, solely with respect to any members who attend such meetings from outside of the Houston metro area, an additional US\$1,500 travel fee. In the event that the Merger is consummated, each member of the Special Committee would receive an additional hourly fee of US\$500 for any time spent in connection with any litigation arising out of their service on the Special Committee. The Chairman of the Special Committee would receive an additional retainer fee of US\$40,000. The compensation for the Chairman and members of the Special Committee was approved by the GP Delegate Board and was not, and is not, contingent upon the approval of the Merger Agreement and the completion of the Merger or any other transaction. No other meeting fees or other compensation (other than reimbursement for out-of-pocket expenses in connection with their service on the Special Committee) will be paid to the members of the Special Committee in connection with their service on the Special Committee.

Indemnification

All of the directors and executive officers of the General Partner and GP Delegate have the right to indemnification under the EEP Partnership Agreement, the organizational documents of the General Partner and the GP Delegate and the Merger Agreement. In addition, all of the directors of Enbridge and all of the officers of Enbridge have the right to indemnification under the organizational documents of Enbridge and indemnification agreements with Enbridge.

Indemnification and Insurance

The parties to the Merger Agreement have agreed that, from and after the Effective Time, to the fullest extent permitted under applicable law, each of Enbridge and EEP, as the surviving entity, will jointly and severally indemnify, defend and hold harmless (subject to certain conditions regarding the advancement of expenses and applicable law) each present and former director and officer of EEP, the GP Delegate and the General Partner, in each case, when acting in such capacity (including the heirs, executors and administrators of any such director or officer, the Indemnified Parties), against any costs or expenses (including reasonable attorneys' fees), judgments, fines, penalties, sanctions, losses, claims, damages or liabilities incurred and amounts paid in settlement (including all interest, assessments and other charges paid or payable in connection with or in respect of any thereof) in connection with, arising out of or otherwise related to any acts or omissions or actual or threatened action, cause of action, claim, demand, litigation, suit, investigation, grievance, citation, summons, subpoena, inquiry, audit, hearing, originating application to a tribunal, arbitration, or other similar proceeding of any nature, civil, criminal, regulatory, administrative or otherwise, whether in equity or at law, in contract, in tort or otherwise, in each case in connection with, arising out of or otherwise related to matters existing or occurring at or prior to the Effective Time, whether asserted or claimed prior to, at or after the Effective Time, including in connection with the transactions contemplated by the Merger Agreement and actions to enforce the indemnification provisions in the Merger Agreement or any other indemnification or the advancement right of any Indemnified Party.

In addition, the Merger Agreement contains certain obligations related to the maintenance of directors' and officers' liability insurance for the directors and officers covered under the GP Delegate's existing policies and fiduciary liability insurance for persons covered under EEP's existing policies with respect to matters existing or occurring at or prior to the Effective Time of the Merger.

Table of Contents

Listing of Enbridge Common Shares

The completion of the Merger is conditioned upon the approval for listing of Enbridge common shares issuable pursuant to the Merger Agreement on the TSX and the NYSE, subject to official notice of issuance.

Delisting and Deregistration of the Class A Common Units

Enbridge expects that, as promptly as practicable after the Effective Time, the Class A common units currently listed on the NYSE will cease to be listed on the NYSE and will be deregistered under the Exchange Act.

Required Approval by the EEP Unitholders

The approval of the Merger Agreement and the Merger by EEP requires the affirmative vote or consent of (1) the holders of at least 66 $\frac{2}{3}$ % of the Outstanding EEP units, and (2) the holders of a majority of the outstanding Class A common units (other than Class A common units held by Enbridge and its affiliates) and the outstanding i-units (other than i-units voted at the direction of Enbridge and its affiliates), voting together as a single class, in each case entitled to vote on such matter at the special meeting or any adjournment or postponement thereof. Pursuant to the terms of the Merger Agreement, Enbridge and certain of its subsidiaries, which as of November 5, 2018, beneficially owned approximately 148.3 million Outstanding EEP units (inclusive of the approximately 11.5 million i-units corresponding to the number of shares of the GP Delegate indirectly owned by Enbridge) representing approximately 32.9% of the Outstanding EEP units, have agreed that, at the special meeting and at any meeting of holders of listed shares of EEQ held for the purpose of determining how the i-units shall be voted, they will vote, or cause to be voted, to the extent permitted under the organizational documents of EEQ, any EEP units or listed shares of EEQ then owned beneficially or of record by then or any of their subsidiaries in favor of the approval of the Merger Agreement.

No Dissenters or Appraisal Rights

Holders of Class A common units do not have appraisal rights under applicable law or contractual appraisal rights under the EEP Partnership Agreement or the Merger Agreement.

No Enbridge Shareholder Approval Required

The approval of the Merger Agreement and the Merger by Enbridge does not require the affirmative vote or consent of Enbridge shareholders.

Accounting Treatment of the Merger

The Merger will be accounted for in accordance with Financial Accounting Standards Board Accounting Standards Codification (ASC) 810, Consolidation Overall Changes in a Parent's Ownership Interest in a Subsidiary. Because Enbridge controlled EEP both before and after the completion of the Merger, the changes in Enbridge's ownership interest in EEP will be accounted for as an equity transaction and no gain or loss will be recognized in the condensed consolidated statements of earnings resulting from the Merger. In addition, consistent with ASC 740, Income Taxes, the tax effects of the Merger is presented in additional paid-in capital.

Table of Contents**THE MERGER AGREEMENT**

This section describes the material terms of the Merger Agreement, which was executed on September 17, 2018. The description of the Merger Agreement in this section and elsewhere in this proxy statement/prospectus is qualified in its entirety by reference to the complete text of the Merger Agreement, a copy of which is attached as Annex A to this proxy statement/prospectus and is incorporated by reference herein in its entirety. This summary does not purport to be complete and may not contain all of the information about the Merger Agreement that is important to you. You are encouraged to read the Merger Agreement carefully and in its entirety, because it is the legal document that governs the Merger.

Explanatory Note Regarding the Merger Agreement

The Merger Agreement and this summary are included solely to provide you with information regarding the terms of the Merger Agreement. Factual disclosures about Enbridge, EEP or any of their respective subsidiaries or affiliates contained in this proxy statement/prospectus or in Enbridge's or EEP's public reports filed with the SEC may supplement, update or modify the factual disclosures about Enbridge or EEP, as applicable, contained in the Merger Agreement. The representations, warranties and covenants made in the Merger Agreement by Enbridge, Enbridge (U.S.) Inc., EEP, the General Partner, the GP Delegate and Merger Sub were made solely for the purposes of the Merger Agreement and as of specific dates and were qualified and subject to important limitations agreed to by Enbridge, Enbridge (U.S.) Inc., EEP, the General Partner, the GP Delegate and Merger Sub in connection with negotiating the terms of the Merger Agreement. In particular, in your review of the representations and warranties contained in the Merger Agreement and described in this summary, it is important to bear in mind that the representations and warranties were negotiated with the principal purposes of establishing the circumstances in which a party to the Merger Agreement may have the right not to complete the Merger if the representations and warranties of the other party prove to be untrue due to a change in circumstance or otherwise, and allocating risk between the parties to the Merger Agreement, rather than establishing matters as facts. The representations and warranties may also be subject to a contractual standard of materiality different from those generally applicable to shareholders or unitholders and reports and documents filed with the SEC, and in some cases were qualified by the matters contained in the disclosure letters that EEP and Enbridge delivered to each other in connection with the Merger Agreement, which disclosures were not reflected in the Merger Agreement. Moreover, information concerning the subject matter of the representations and warranties, which do not purport to be accurate as of the date of this proxy statement/prospectus, may have changed since the date of the Merger Agreement. You should not rely on the Merger Agreement representations, warranties, covenants or any descriptions thereof as characterizations of the actual state of facts of Enbridge, EEP or Merger Sub or any of their respective subsidiaries or affiliates.

The Merger

The Merger Agreement provides that, upon the terms and conditions in the Merger Agreement, and in accordance with the EEP Partnership Agreement, the DLLCA and the DRULPA, at the Effective Time of the Merger, Merger Sub will be merged with and into EEP, with EEP being the sole surviving entity of the Merger and an indirect wholly owned subsidiary of Enbridge (the *Surviving Entity*).

Closing and Effective Time of the Merger

The closing of the Merger (the *Closing*) will take place on the third business day following the day on which the last to be satisfied or waived of the conditions to the completion of the Merger, described in the section titled *The Merger Agreement Conditions to the Completion of the Merger* beginning on page 118 (other than those conditions that by their nature are to be satisfied at the Closing, so long as such conditions are reasonably capable of being satisfied, or

that may be waived at Closing, but subject to the satisfaction or waiver of those conditions), have been satisfied or waived in accordance with the Merger Agreement or at such other date, time or place (or by means of remote communication) as EEP and Enbridge may mutually agree in writing.

Table of Contents

If the parties to the EEQ Merger are ready, willing and able to consummate the EEQ Merger substantially simultaneously with the Merger, then each of the Merger and the EEQ Merger shall be consummated substantially concurrently on the same date.

Assuming timely satisfaction of the necessary closing conditions, the parties currently expect the Closing to occur in the fourth quarter of 2018. The Merger will become effective at the time when the Certificate of Merger has been duly filed with and accepted by the Secretary of State of the State of Delaware or at such later date and time as may be agreed by the parties in writing and specified in the Certificate of Merger.

Amendment of the Partnership Agreement

Immediately prior to the Effective Time of the Merger, the General Partner, pursuant to Section 15.1(j) of the Partnership Agreement, will amend the Partnership Agreement as set forth in Exhibit A to the Merger Agreement (the Partnership Agreement as so amended, the Amended Partnership Agreement). Such amendment contemplates the waiver of Section 5.10(d)(iii) of the Partnership Agreement, which prohibits a merger of EEP with Enbridge at any time during which there are any i-units outstanding, if in such merger a limited partner receives consideration other than cash or common units or a security that is in all material respects the same as a common unit (or, with respect to limited partners holding i-units, i-units or a security that is in all material respects the same as an i-unit).

Organizational Documents of the Surviving Entity

At the Effective Time, (a) the certificate of limited partnership of EEP as in effect immediately prior to the Effective Time will continue as the certificate of limited partnership of the Surviving Entity, until duly amended as provided therein or by applicable law, and (b) the Amended Partnership Agreement will remain unchanged and will continue as the agreement of limited partnership of the Surviving Entity, until duly amended as provided therein or by applicable law, and in each case any further amendments or restatements must be consistent with the obligations set forth in the Merger Agreement.

Merger Consideration

At the Effective Time, by virtue of the Merger and without any action on the part of the parties or any holder of EEP partnership interests, each Class A common unit issued and outstanding, other than Excluded Units (each such Class A common unit, an Eligible Unit) will be converted into the right to receive 0.335 of an Enbridge common share (such number of Enbridge common shares, the Merger Consideration , and the aggregate of such number of Enbridge common shares to be exchanged for the Eligible Units, the Aggregate Merger Consideration).

Each Eligible Unit, upon being converted into the right to receive the Merger Consideration, and each certificate and each book-entry unit formerly representing any Eligible Units, will thereafter represent only the right to receive the Merger Consideration with respect to such Eligible Units, and the right, if any, to receive cash in lieu of fractional shares and any dividends or other distributions declared by Enbridge in respect of Enbridge common shares, the record date for which is at or after the Effective Time.

No fractional Enbridge common shares will be issued upon the conversion of Class A common units. All fractional Enbridge common shares that a holder of Eligible Units would otherwise be entitled to receive will be aggregated and rounded to three decimal places. Such holder of Eligible Units will be entitled to receive an amount in cash, without interest, rounded down to the nearest cent, equal to the product of (a) the amount of the fractional share interest in an Enbridge common share to which such holder would otherwise be entitled and (b) an amount equal to the average of the volume-weighted average price per share of Enbridge common shares on the NYSE (as reported by Bloomberg

L.P., or, if not reported therein, in another authoritative source mutually selected by Enbridge and EEP) on the trading day immediately prior to the Effective Time for ten trading days ending on the fifth full business day immediately prior to the Closing Date.

Table of Contents

At the Effective Time, by virtue of the Merger and without further action on the part of the parties or any holder of EEP partnership interests, (a) each Excluded Unit will remain outstanding as a Class A common unit in the Surviving Entity, unaffected by the Merger, (b) each Class B common unit, Class E unit, Class F unit and i-unit issued and outstanding immediately prior to the Effective Time will remain outstanding in the Surviving Entity, unaffected by the Merger, and no consideration will be delivered in respect thereof. All other partnership interests in EEP, including the non-economic general partner interest, that are owned immediately prior to the Effective Time by the General Partner, the GP Delegate, Enbridge or any of its subsidiaries will remain outstanding as partnership interests in the Surviving Entity, unaffected by the Merger, and no consideration will be delivered in respect thereof.

At the Effective Time of the Merger, by virtue of the Merger and without any action on the part of the parties, all membership interests in Merger Sub issued and outstanding immediately prior to the Effective Time will cease to be outstanding, be cancelled without payment of any consideration therefor and cease to exist.

Pre-Merger Subscriptions

On the Closing Date and immediately prior to the Effective Time, the following subscriptions for shares or membership interests will take place in the following order: (a) Enbridge will subscribe for shares of Enbridge US Holdings Inc. in exchange for Enbridge US Holdings Inc. to receive from Enbridge the Aggregate Merger Consideration, (b) Enbridge US Holdings Inc. will subscribe for shares of Enbridge (U.S.) Inc. in exchange for the right of Enbridge (U.S.) Inc. to receive from Enbridge US Holdings Inc. the Aggregate Merger Consideration, (c) Enbridge (U.S.) Inc. will subscribe for shares in the General Partner in exchange for the right of the General Partner to receive from Enbridge (U.S.) Inc. the Aggregate Merger Consideration, and (d) the General Partner will subscribe for additional membership interests of Merger Sub in exchange for the right of Merger Sub to receive from the General Partner the Aggregate Merger Consideration (the Merger Sub Subscription). Immediately prior to the Effective Time and following the Merger Sub Subscription, Merger Sub will direct Enbridge to deposit or cause to be deposited the Aggregate Merger Consideration with the Exchange Agent (as defined below) for the benefit (subject to closing) of the holders of Eligible Units.

United States Federal Income Tax Treatment of the Merger

For United States federal income tax purposes (and for purposes of any applicable state, local or foreign tax that follows the United States federal income tax treatment), the parties have agreed to treat the Merger as a taxable sale of the Eligible Units by the holders of such Eligible Units in exchange for the Merger Consideration. The parties will prepare and file all tax returns consistent with the foregoing and will not take any inconsistent position on any tax return, or during the course of any action, cause of action, claim, demand, litigation, suit, investigation, grievance, citation, summons, subpoena, inquiry, audit, hearing, originating application to a tribunal, arbitration, or other similar proceeding of any nature, civil, criminal, regulatory, administrative or otherwise, whether in equity or at law, in contract, in tort or otherwise (each, a Proceeding), with respect to taxes, except as otherwise required by applicable law following a final determination by a court of competent jurisdiction or other administrative settlement with or final administrative decision by the relevant governmental entity.

Exchange Procedures

Immediately prior to the Effective Time, Enbridge will deposit, or cause to be deposited, with a nationally recognized financial institution or trust company selected by Enbridge with EEP's prior approval (which will not be unreasonably withheld, conditioned or delayed) to serve as the exchange agent (the Exchange Agent), for the benefit of the holders of Eligible Units upon Closing, an aggregate number of Enbridge common shares to be issued in non-certificated book-entry form comprising the amounts required to be delivered in respect of Eligible Units and an aggregate amount

of cash comprising approximately the amounts required to be delivered in lieu of any fractional shares. In addition, Enbridge will deposit, or cause to be deposited, with the Exchange Agent, as

Table of Contents

necessary from time to time after the Effective Time, dividends or other distributions, if any, to which the holders of Eligible Units may be entitled, with both a record date and payment date after the Effective Time and prior to the surrender of such Eligible Units, as further described in the section titled *The Merger Agreement Distributions with Respect to Unsurrendered Certificates* beginning on page 104. Such Enbridge common shares, cash in lieu of fractional shares and the amount of any dividends or other distributions deposited with the Exchange Agent collectively constitute the Exchange Fund .

With respect to certificates, as promptly as reasonably practicable after the Effective Time (and in any event within three business days thereafter), the Surviving Entity will cause the Exchange Agent to mail to each holder of record of each certificate (a) notice advising such holders of the effectiveness of the Merger, (b) a letter of transmittal in customary form, which will specify that delivery will be effected, and risk of loss and title to a certificate will pass, only upon delivery of the certificate (or an affidavit of loss in lieu of the certificate with the posting of a bond as indemnity) to the Exchange Agent and (c) instructions for surrendering a certificate (or the making of an affidavit of loss in lieu of a certificate and the posting of a bond as indemnity) to the Exchange Agent.

Upon surrender to the Exchange Agent of a certificate (or an affidavit of loss in lieu of a certificate with the posting of a bond as indemnity) together with a duly executed and completed letter of transmittal and such other documents as may reasonably be required pursuant to such instructions, the Surviving Entity will cause the Exchange Agent to mail to each holder of record of any certificate in exchange therefor, as promptly as reasonably practicable thereafter, (a) a statement reflecting the number of whole Enbridge common shares, if any, that such holder is entitled to receive in the name of such record holder and (b) a check in the amount (after giving effect to any required tax withholdings) of any cash in lieu of fractional shares plus any unpaid dividends or other distributions that such holder has the right to receive. Any certificate that has been so surrendered will be cancelled by the Exchange Agent.

With respect to book-entry units not held through The Depository Trust Company (DTC), as promptly as reasonably practicable after the Effective Time (and in any event within three business days thereafter), the Surviving Entity will cause the Exchange Agent to mail to each holder of record of a non-DTC book-entry unit, (a) notice advising such holders of the effectiveness of the Merger, (b) a statement reflecting the number of whole Enbridge common shares, if any, that such holder is entitled to receive pursuant to the Merger Agreement and in the name of such record holder and (c) a check in the amount (after giving effect to any required tax withholdings) of any cash in lieu of fractional shares plus any unpaid dividends or other distributions that such holder has the right to receive. Any holder of an Eligible Unit that is duplicatively evidenced by both a certificate and book-entry account will not receive the notice, statement and check contemplated by the preceding paragraph with respect to such Eligible Unit, but will surrender the applicable certificate in accordance with the procedures set forth above regarding the surrender of certificates to receive the Merger Consideration and any other amounts due under the Merger Agreement with respect to such Eligible Unit, and no additional Merger Consideration or other amounts under the Merger Agreement will accrue or be payable to the duplicative book-entry account for such Eligible Unit.

With respect to book-entry units held through DTC, Enbridge and EEP will cooperate to establish procedures with the Exchange Agent and DTC to ensure that the Exchange Agent will transmit to DTC or its nominees as soon as reasonably practicable on or after the Closing Date, upon surrender of Eligible Units held of record by DTC or its nominees in accordance with DTC's customary surrender procedures, the Merger Consideration, cash in lieu of fractional Enbridge common shares, if any, and any unpaid dividends or distributions, in each case, that such holder has the right to receive pursuant to the terms of the Merger Agreement.

No interest will be paid or accrued on any amount payable for Eligible Units.

In the event of a transfer of ownership of any certificate that is not registered in the transfer books of EEP as of the Effective Time, the proper number of Enbridge common shares, together with a check for any cash (after

Table of Contents

giving effect to any required tax withholdings) to be paid upon due surrender of the certificate and any dividends or distributions in respect thereof, may be issued or paid to such a transferee if the certificate is presented to the Exchange Agent, accompanied by all documents required to evidence and effect such transfer and to evidence that any applicable stock transfer taxes have been paid or are not applicable, in each case, in form and substance reasonably satisfactory to the Exchange Agent. Until surrendered, each certificate will be deemed at any time after the Effective Time to represent only the right to receive the Merger Consideration, cash in lieu of fractional Enbridge common shares, if any, and any unpaid dividends or other distributions. With respect to book-entry units, payment of the applicable Merger Consideration and any cash in lieu of fractional shares and any unpaid dividends or other distributions will only be made to the person in whose name such book-entry units are registered in the stock transfer books of EEP as of the Effective Time.

Distributions with Respect to Unsurrendered Certificates

All Enbridge common shares to be issued pursuant to the Merger will be deemed issued and outstanding as of the Effective Time and whenever a dividend or other distribution is declared by Enbridge in respect of the Enbridge common shares, the record date for which is at or after the Effective Time, that declaration will include dividends or other distributions in respect of all Enbridge common shares issuable pursuant to the Merger Agreement. No dividends or other distributions in respect of Enbridge common shares will be paid to any holder with respect to any unsurrendered certificate until the certificate (or affidavit of loss in lieu of the certificate with the posting of a bond as indemnity) is surrendered for exchange. Subject to applicable law, following such surrender, dividends or distributions with respect to Enbridge common shares issued in exchange for Eligible Units will be paid to the holders of record of such Eligible Units, without interest, (a) promptly after the time of such surrender for any dividends or other distributions payable with respect to Enbridge common shares with a record date after the Effective Time but a payment date prior to surrender and (b) at the appropriate payment date for any dividends or other distributions payable with respect to Enbridge common shares with a record date after the Effective Time and prior to surrender, but with a payment date subsequent to surrender.

Termination of the Exchange Fund

Any portion of the Exchange Fund (including the proceeds of any investments of the Exchange Fund and any Enbridge common shares) that remains unclaimed as of the date that is 12 months following the Effective Time will be delivered to Enbridge. Any holder of Eligible Units will thereafter be entitled to look only to Enbridge for delivery of the Merger Consideration, cash in lieu of fractional Enbridge common shares, if any, and any unpaid dividends or other distributions, in each case, that such holder has the right to receive without interest. None of the Surviving Entity, Enbridge, the Exchange Agent or any other person will be liable to any former holder of Class A common units for any amount properly delivered to a public official pursuant to applicable abandoned property, escheat or similar laws. Any portion of the Exchange Fund which remains undistributed to the holders of Eligible Units immediately prior to the time at which the Exchange Fund would otherwise escheat to, or become property of, any governmental entity, will, to the extent permitted by applicable law, become the property of Enbridge, free and clear of all claims or interest of any person previously entitled thereto.

Lost, Stolen or Destroyed Certificates

In the event that any certificate will have been lost, stolen or destroyed, upon the making of an affidavit of that fact by the person claiming such certificate to be lost, stolen or destroyed and the posting by such person of a bond in customary amount and upon such terms as may be required as indemnity against any claim that may be made against it with respect to such certificate, the Exchange Agent will issue in exchange for such lost, stolen or destroyed certificate, the Merger Consideration, cash in lieu of fractional Enbridge common shares, if any, and any unpaid

dividends or other distributions, in each case, payable or issuable had such lost, stolen or destroyed certificate been surrendered.

Table of Contents**Withholding Rights**

Each of Enbridge, the General Partner, Merger Sub, EEP, the Exchange Agent and the Surviving Entity will be entitled to deduct and withhold from the consideration otherwise payable pursuant to the Merger Agreement, without duplication, such amounts, which may include Enbridge common shares, as may be required to be deducted and withheld with respect to the making of such payment under the Internal Revenue Code or any provision of state, local or foreign tax law. To the extent that amounts are so withheld by, Enbridge, the General Partner, Merger Sub, EEP, the Exchange Agent or the Surviving Entity, as applicable, such withheld amounts (a) will be timely remitted by Enbridge, the General Partner, Merger Sub, EEP, the Exchange Agent or the Surviving Entity, as applicable, to the applicable governmental entity, and (b) to the extent such withheld amounts are remitted to the appropriate governmental entity, will be treated for all purposes of the Merger Agreement as having been paid to the holder of Class A common units in respect of which such deduction and withholding was made by Enbridge, the General Partner, Merger Sub, EEP, the Exchange Agent or the Surviving Entity, as applicable. If withholding is taken in Enbridge common shares, Enbridge, the General Partner, Merger Sub, EEP, the Surviving Entity and the Exchange Agent, as applicable, shall be treated as having sold such consideration for an amount of cash equal to the fair market value of such consideration at the time of such deemed sale and paid such cash proceeds to the appropriate governmental entity.

Adjustments to Prevent Dilution

If, from the date of the Merger Agreement to the earlier of the Effective Time and termination of the Merger Agreement, the issued and outstanding Class A common units or securities convertible or exchangeable into or exercisable for Class A common units or the issued and outstanding Enbridge common shares or securities convertible or exchangeable into or exercisable for Enbridge common shares, will have been changed into a different number of shares or securities or a different class by reason of any reclassification, stock split (including a reverse stock split), stock dividend or distribution, recapitalization, merger, issuer tender or exchange offer, or other similar transaction, or a stock dividend with a record date within such period will have been declared, then the Merger Consideration (and the Exchange Ratio) will be equitably adjusted to provide the holders of Class A common units and Enbridge the same economic effect as contemplated by the Merger Agreement prior to such event, and such items so adjusted will, from and after the date of such event, be the Merger Consideration (and the Exchange Ratio).

No Dissenters Rights

No dissenters or appraisal rights will be available with respect to the Merger or the other transactions contemplated by the Merger Agreement.

Enbridge having provided to EEP a correct and complete copy of the EEQ Merger Agreement.

Many of the representations and warranties contained in the Merger Agreement are qualified by a Material Adverse Effect standard (that is, they would not be deemed untrue or incorrect unless their failure to be true and correct, individually or in the aggregate, would reasonably be expected to have a Material Adverse Effect on Enbridge or EEP) and/or by a general materiality standard.

A Material Adverse Effect means with respect to EEP or Enbridge, as applicable, any effect, event, development, change or occurrence, individually or in the aggregate with any other events, developments, changes, or occurrences, that is materially adverse to the financial condition, properties, assets, operations, liabilities, business or results of operations of Enbridge and its subsidiaries (other than EEP and its subsidiaries) or EEP and its subsidiaries, in each case taken as a whole, except that none of the following, alone or in combination, will be deemed to constitute a Material Adverse Effect, or be taken into account in determining whether a Material Adverse Effect has occurred or would reasonably be expected to occur:

effects, events, developments, changes or occurrences affecting the economy, credit, capital, securities or financial markets, or political, regulatory or business conditions, in general in the U.S., Canada or elsewhere in the world;

effects that are the result of factors affecting the energy products gathering, drilling, processing, treating, transportation, storage, marketing and other related industries, markets or geographical areas in which such party and its subsidiaries conduct their respective businesses (including any change in the prices of energy products, industry margins or any regulatory changes or changes in applicable law);

effects caused by the entry into, announcement or performance of the transactions contemplated by the Merger Agreement, including the Merger, including any impact on relationships, contractual or otherwise, with customers, suppliers, distributors, lenders, partners, governmental entities or employees or any transaction litigation or actions taken or requirements imposed by any governmental entity in connection with the transactions contemplated by the Merger Agreement, including the Merger;

changes or modifications in GAAP or applicable accounting regulations or principles, or in the interpretation or enforcement thereof, after the date of the Merger Agreement;

any effect resulting from any adoption, implementation, promulgation, repeal, modification, reinterpretation, change of enforcement or proposal of any law, decision or protocol or any other legislative or political conditions or policy or practices of any governmental entity;

changes in stock price, trading volume, or credit rating or any failure by such party to meet any internal or public projections or forecasts or estimates of revenues or earnings for any period (provided that this exception will not prevent or otherwise affect a determination that any effect underlying such failure has resulted in, or contributed to, or would reasonably be expected to result in, or contribute to, a Material Adverse Effect);

any effect, event, development, change or occurrence resulting from acts of war (whether or not declared), civil disobedience, hostilities, terrorism, military actions or the escalation of any of the foregoing, any hurricane, flood, tornado, earthquake or other weather or natural disaster or acts of God, whether or not caused by any person;

the performance by any party of its obligations under the Merger Agreement, including any action taken or omitted to be taken at the request or with the consent of Enbridge, with respect to EEP, or at the request or with the consent of EEP with respect to Enbridge, as applicable;

any effect, event, development, change, occurrence or announcement of an effect, event, development, change or occurrence affecting the credit rating or other rating of financial strength of such party or any of its subsidiaries or any of their respective securities (provided that this exception will not prevent or otherwise affect a determination that any effect underlying such decline or change has resulted in, or contributed to, or would reasonably be expected to result in, or contribute to, a Material Adverse Effect);

a decline in the market price, or change in trading volume, of the Class A common units on the NYSE or the Enbridge common shares on the TSX or the NYSE, as applicable (provided that this exception will not prevent or otherwise affect a determination that any effect underlying such decline or change has resulted in, or contributed to, or would reasonably be expected to result in, or contribute to, a Material Adverse Effect);

any Proceeding commenced by or involving any current or former member, partner, unitholder or stockholder of such person, on their own behalf or on behalf of such person, arising out of or related to the Merger Agreement or the transactions contemplated thereby; or

effects, events, developments, changes or occurrences caused by the entry into, announcement, consummation or performance of, or failure to enter into or consummate the Other Merger Transactions, including any impact on relationships, contractual or otherwise, with customers, suppliers, distributors, lenders, partners, governmental entities or employees or any litigation related to certain other transactions involving Enbridge or actions taken or requirements imposed by any governmental entity in connection with certain other transactions involving Enbridge;

However, with respect to the first, second, fourth, fifth and seventh bullets listed above, such effect, event, development, change or occurrence will be taken into account in determining whether a Material Adverse Effect has occurred to the extent that it disproportionately adversely affects such party and its subsidiaries compared to other companies operating in the industries in which such party and its subsidiaries operate.

Interim Operations

Under the terms of the Merger Agreement, EEP and Enbridge have agreed that, after the date of the Merger Agreement and prior to the Effective Time, except as contemplated by the Merger Agreement, required by law or contract in effect as of the date of the Merger Agreement or agreed upon by the parties in writing (which approval will not be unreasonably withheld, conditioned or delayed), the business of each of Enbridge and EEP and their respective subsidiaries will be conducted in the ordinary course and each of Enbridge and EEP and their

respective subsidiaries will use their commercially reasonable efforts to preserve their business organizations intact and maintain existing relations and goodwill with governmental entities, customers, suppliers, licensors, distributors, creditors, lessors, employees and business associates. EEP and Enbridge have also agreed that, after the date of the Merger Agreement and prior to the Effective Time, except as, among other things (a) contemplated by the Merger Agreement or in any contract entered into by Enbridge with respect to the Other Merger Transactions, (b) required by law or the terms of any material contract of either Enbridge or EEP, or (c) as approved in writing by the other party (which approval shall not be unreasonably withheld, conditioned or delayed), EEP and Enbridge will not, and will not permit their respective subsidiaries to:

make any material change to the nature of its business and operations;

make any change to its organizational documents as in effect on the date of the Merger Agreement in any manner that would reasonably be expected to prohibit, prevent or materially impede, hinder or delay the ability of the party to satisfy any of the conditions to, or consummation of, the Merger or the Other Merger Transactions;

merge or consolidate itself or any of its subsidiaries with any other person or adopt a plan or agreement of complete or partial liquidation, dissolution, restructuring, recapitalization or other reorganization, except such transactions solely between or among, or solely involving, the party and one or more of its wholly owned subsidiaries, or a subsidiary of such party and one or more wholly owned subsidiaries of such subsidiary, as would not reasonably be expected to result in a Material Adverse Effect with respect to EEP or Enbridge, as applicable, or as would not reasonably be expected to prohibit, prevent or materially impede, hinder or delay the ability of such party to satisfy any of the conditions to, or consummation of, the Merger or the Other Merger Transactions;

issue, sell, grant, transfer or authorize the issuance, sale or grant, or otherwise enter into any contract with respect to the voting of, any of its partnership interests, limited liability company interests, shares of capital stock or equity interests, as applicable (other than the issuance of partnership interests, limited liability company interests, shares of capital stock or equity interests, as applicable, (A) by its wholly owned subsidiary to it or another of its wholly owned subsidiaries, (B) by EEP to the GP Delegate pursuant to the EEP Partnership Agreement or (C) in respect of equity-based awards outstanding as of the date of the Merger Agreement in accordance with their terms and, as applicable, the plan documents as in effect on the date of the Merger Agreement), or securities convertible or exchangeable into or exercisable for any such partnership interests, limited liability company interests, shares of capital stock or equity interests, as applicable, or any options, warrants or other rights of any kind to acquire any partnership interests, limited liability company interests, shares of capital stock or equity interests, as applicable, or such convertible or exchangeable securities;

reclassify, split, combine, subdivide or redeem, purchase or otherwise acquire any of its partnership interests, limited liability company interests, shares of capital stock or equity interests, as applicable, or securities convertible or exchangeable for such interests, as applicable;

waive, release, assign, settle or compromise any claim, action or proceeding, including any state or federal regulatory proceeding seeking damages or injunction or other equitable relief, which waiver, release, assignment, settlement or compromise would reasonably be expected to result in a Material Adverse Effect on EEP or Enbridge, as applicable;

other than in the ordinary course, make, change or revoke any material tax election, adopt or change any material tax accounting method, file any material amended tax return, settle any material tax claim, audit, assessment or dispute for an amount materially in excess of the amount reserved or accrued on the party's most recent consolidated balance sheet included in the public filings of EEP or Enbridge, as applicable, or surrender any right to claim a refund of a material amount of taxes;

make any material change to its accounting policies, except as may be required as a result of a change in GAAP;

make or declare any dividends or distributions to the holders of EEP common units or Enbridge common shares, in each case, other than in the ordinary course; or

Change in Recommendation

No Solicitation. Except as expressly permitted by the Merger Agreement, EEP will not, and none of its subsidiaries nor any of the directors, officers or employees of it or its subsidiaries will, and EEP will instruct its and its subsidiaries directors, officers, principals, partners, managers, members (if such person is a member-managed limited liability company or similar entity), employees, consultants, investment bankers, financial advisors, legal counsel, attorneys-in-fact, accountants or other advisors, agents or other representatives of such person, in each case acting in their capacity as such (the Representatives) not to, directly or indirectly:

initiate, solicit, propose, encourage or facilitate any inquiry or the making of any proposal or offer that constitutes, or could reasonably be expected to lead to, an acquisition proposal;

engage in, continue or otherwise participate in any discussions with or negotiations relating to any acquisition proposal or any inquiry, proposal or offer that could reasonably be expected to lead to an acquisition proposal;

provide any non-public information to any person in connection with any acquisition proposal or any proposal or offer that would reasonably be expected to lead to an acquisition proposal; or

otherwise facilitate any effort or attempt to make an acquisition proposal.

No act or failure to act by Enbridge or any of its affiliates or Representatives will be a violation or breach of the above.

Exceptions. Prior to the time, but not after, the Unitholder Approval is obtained, in response to an unsolicited, *bona fide* written acquisition proposal that did not arise from or in connection with a material breach of certain obligations set forth in the Merger Agreement, EEP may:

provide information in response to a request therefor (including non-public information regarding EEP or any of its Subsidiaries) to the person who made such acquisition proposal, provided that such information has previously been made available to, or is made available to, Enbridge prior to or concurrently with the time such information is made available to such person and, prior to furnishing any such information, EEP receives from the person making such acquisition proposal an executed confidentiality agreement containing customary terms (it being understood that such confidentiality agreement need not contain a standstill provision prohibiting the making or amending of an acquisition proposal); and

participate in any discussions or negotiations with any such person regarding such acquisition proposal; in each case, if, and only if, prior to taking any action described above, the Special Committee determines in good faith after consultation with outside legal counsel, based on the information then available and after consultation with its financial advisor, that such acquisition proposal (a) constitutes a superior proposal or would reasonably be expected to result in a superior proposal and (b) such acquisition proposal did not result from a breach of the provisions related to a change in recommendation in the Merger Agreement.

Notice of Acquisition Proposals. EEP will promptly (and, in any event, within 24 hours) give notice to Enbridge if (a) any inquiries, proposals or offers with respect to an acquisition proposal are received by; (b) any non-public information is requested in connection with any acquisition proposal from; or (c) any discussions or negotiations with respect to an acquisition proposal are sought to be initiated or continued with, it or any of its Representatives, setting forth in such notice the name of such person and the material terms and conditions of

any proposals or offers (including, if applicable, complete copies of any written requests, proposals or offers, including proposed agreements) and thereafter will keep Enbridge reasonably informed, on a current basis (and, in any event, within 24 hours), of the status and terms of any such proposals or offers (including any amendments thereto) and the status of any such discussions or negotiations, including any change in its intentions as previously notified.

No Change in Recommendation. Except as permitted by the Merger Agreement, the Special Committee agrees it will not:

withhold, withdraw, qualify or modify (or publicly propose or resolve to withhold, withdraw, qualify or modify) the recommendation of the GP Delegate Board that the limited partners approve the Merger Agreement and the transactions contemplated thereby, including the Merger (the Partnership Recommendation) in a manner adverse to Enbridge;

fail to include the Partnership Recommendation in the proxy statement/prospectus;

fail to recommend, within ten business days after the commencement of such acquisition proposal through a tender or exchange offer pursuant to Rule 14d-2 under the Exchange Act for outstanding Class A common units (other than by Enbridge or an affiliate of Enbridge), against acceptance of such tender offer or exchange offer by its limited partners;

approve or recommend, or publicly declare advisable or publicly propose to enter into, any letter of intent, memorandum of understanding, agreement in principle, acquisition agreement, merger agreement, option agreement, joint venture agreement, partnership agreement or other agreement, other than a confidentiality agreement referred to in the Merger Agreement relating to any acquisition proposal (an Alternative Acquisition Agreement , and any of the actions set forth in the above, a Change of Recommendation); or

except as expressly permitted by the Merger Agreement, recommend that EEP enter into an Alternative Acquisition Agreement.

Prior to the time the Unitholder Approval is obtained, the Special Committee may effect a Change of Recommendation if (a) an unsolicited, *bona fide* written acquisition proposal that did not arise from or in connection with a breach of the obligations set forth in the Merger Agreement is received by EEP and is not withdrawn, and (b) the Special Committee determines in good faith, after consultation with outside legal counsel and its financial advisor, that such acquisition proposal constitutes a superior proposal. However, a Change of Recommendation may not be made unless and until EEP has given Enbridge written notice of such action and the basis thereof five days in advance (unless at the time such notice is otherwise required to be given there are fewer than five days prior to the expected date of the EEP unitholders meeting, as may be adjusted, in which case such notice will be provided as far in advance as practicable), which notice will set forth in writing that the Special Committee intends to consider whether to take such action and comply in form, substance and delivery with the provisions of the Merger Agreement. After giving such notice and prior to effecting such Change of Recommendation, EEP will negotiate in good faith with Enbridge (to the extent Enbridge wishes to negotiate) to make such revisions to the terms of the Merger Agreement as would permit the Special Committee not to effect a Change of Recommendation in response thereto. At the end of the five-day period (or such shorter period as is permitted), prior to taking action to effect a Change of Recommendation,

the Special Committee shall take into account any changes to the terms of the Merger Agreement proposed by Enbridge in writing and any other information offered by Enbridge in response to the notice, and will have determined in good faith, after consultation with outside legal counsel and its financial advisor, that the superior proposal would continue to constitute a superior proposal if such changes offered in writing were to be given effect. Any modification to any acquisition proposal will be deemed to be a new acquisition proposal, except that the advance written notice obligation will be reduced to three days.

Prior to the time the Unitholder Approval is obtained, the Special Committee may also effect a Change of Recommendation in response to an effect, event, development, change or occurrence that is not known or

Table of Contents

reasonably foreseeable to or by the Special Committee as of the date of the Merger Agreement (or if known, the consequences of which were not known to or by the Special Committee as of the date of the Merger Agreement), which effect, event development, change or occurrence (or consequences) becomes known to or by the Special Committee prior to the Unitholder Approval having been obtained (an Intervening Event) if the Special Committee has reasonably determined in good faith, after consultation with outside legal counsel and its financial advisor, that the failure to do so would be materially adverse to the interests of EEP or the Public Unitholders or would otherwise be reasonably likely to be inconsistent with its duties under applicable law or obligations under the Partnership Agreement. However, a Change of Recommendation may not be made unless and until EEP has given Enbridge written notice of such action and the basis thereof five days in advance (unless at the time such notice is otherwise required to be given there are fewer than five days prior to the expected date of the EEP unitholders meeting, as may be adjusted, in which case such notice will be provided as far in advance as practicable), which notice will set forth in writing that the Special Committee intends to consider whether to take such action and a reasonably detailed description of such Intervening Event. After giving such notice and prior to effecting such Change of Recommendation, EEP will negotiate in good faith with Enbridge (to the extent Enbridge wishes to negotiate) to make such revisions to the terms of the Merger Agreement as would permit the Special Committee not to effect a Change of Recommendation in response thereto. At the end of the five-day period (or such shorter period as is permitted), prior to taking action to effect a Change of Recommendation, the Special Committee will take into account any changes to the terms of the Merger Agreement proposed by Enbridge in writing and any other information offered by Enbridge in response to the notice, and will have determined in good faith, after consultation with outside legal counsel and its financial advisor, that the failure to effect a Change of Recommendation would continue to be materially adverse to the interests of EEP or the Public Unitholders or would otherwise be reasonably likely to be inconsistent with its duties under applicable law or obligations under the Partnership Agreement.

Certain Permitted Disclosures. The Merger Agreement does not prohibit EEP or the Special Committee from disclosures to the Public Unitholders of a position contemplated by Rules 14d-9 and 14e-2(a) promulgated under the Exchange Act or any disclosure the Special Committee has reasonably determined in good faith, after consultation with outside legal counsel, that the failure to do so would be materially adverse to the interests of EEP or the Public Unitholders or would otherwise be reasonably likely to be inconsistent with its duties under applicable law or obligations under the Partnership Agreement.

Existing Discussions. EEP will, and will cause its subsidiaries and Representatives to, immediately cease and cause to be terminated any existing activities, discussions or negotiations with any person conducted with respect to any acquisition proposal, or proposal that would reasonably be expected to lead to an acquisition proposal. EEP will promptly deliver a written notice to each such person providing only that EEP is ending all discussions and negotiations with such person with respect to any acquisition proposal, or proposal or transaction that would reasonably be expected to lead to an acquisition proposal and informing such persons of the obligations undertaken in the Merger Agreement, which notice will also request the prompt return or destruction of all confidential information concerning EEP and any of its subsidiaries furnished to such person by or on behalf of EEP or any of its subsidiaries, as applicable.

Prospectus/Proxy Filing; Information Supplied

As promptly as reasonably practicable after the date of the Merger Agreement, EEP will prepare and file with the SEC the proxy statement/prospectus relating to the EEP unitholders meeting (as amended and supplemented from time to time) and Enbridge will prepare and file with the SEC the registration statement on Form S-4 of which this proxy statement/prospectus forms a part. Each of EEP and Enbridge have agreed to use their respective reasonable best efforts to respond promptly to comments from the SEC and have the registration statement declared effective under the Securities Act as promptly as practicable after such filing, to promptly thereafter mail the proxy

statement/prospectus (including the registration statement) to the limited partners and to maintain the effectiveness of the registration statement for as long as necessary to consummate the Merger and the other transactions contemplated by the Merger Agreement or until the Merger Agreement is terminated in accordance with its terms.

Table of Contents

Each of Enbridge and EEP will promptly notify the other of the receipt of all comments from the SEC and of any request by the SEC for any amendment or supplement to the registration statement or the proxy statement/prospectus or for additional information and will promptly provide to the other copies of all correspondence between it or any of its Representatives and the SEC with respect to the registration statement or proxy statement/prospectus.

Additionally, each of Enbridge and EEP will provide the other party and their respective legal counsel with a reasonable opportunity to review and comment on drafts of the proxy statement/prospectus, the registration statement and other documents related to the EEP unitholders meeting or the issuance of the Enbridge common shares in respect of the Merger, prior to filing such documents with the applicable governmental entity and mailing such documents to the limited partners of EEP. All comments reasonably and promptly proposed by the other party or its legal counsel will be included and all information relating to Enbridge and its subsidiaries (not including EEP and its subsidiaries) or EEP and its subsidiaries included in the proxy statement/prospectus and the registration statement will be in form and content satisfactory to Enbridge or EEP, respectively, acting reasonably.

Unitholders Meeting

EEP has agreed to take, in accordance with applicable law and its organizational documents, all action necessary to convene the EEP unitholders meeting, as promptly as reasonably practicable after the registration statement is declared effective and the SEC advises it has no further comments on the proxy statement/prospectus, to consider and vote upon the approval of the Merger Agreement and to cause such vote to be taken, and will not postpone or adjourn such meeting except to the extent required by law or pursuant to the Merger Agreement. If EEP delivers a notice of an intent to make a Change of Recommendation within the five days prior to the Original Date (as defined below) or any date that the EEP unitholders meeting is scheduled to be held thereafter in accordance with the terms of the Merger Agreement, if directed by Enbridge, EEP will as promptly as practicable thereafter postpone or adjourn the EEP unitholders meeting for up to ten days in accordance with Enbridge's direction. Subject to limited exceptions, the GP Delegate Board will recommend such approval and will take all lawful action to solicit such approval.

EEP has also agreed to provide Enbridge with reasonably detailed periodic updates concerning proxy solicitation results on a timely basis (including, if requested, promptly providing daily voting reports) and to give written notice to Enbridge one day prior to the EEP unitholders meeting and, if requested, on the day of, but prior to, the EEP unitholders meeting, indicating whether as of such date sufficient proxies representing the Unitholder Approval have been obtained. However, if, on a date that is two business days prior to the date the EEP unitholders meeting is scheduled (in either case, the Original Date), (a) EEP has not received proxies representing the Unitholder Approval, whether or not a quorum is present or (b) it is necessary to ensure that any supplement or amendment to the proxy statement/prospectus is required to be delivered, EEP may, or if Enbridge so requests, will, postpone or adjourn, or make one or more successive postponements or adjournments of, the EEP unitholders meeting as long as the date of the EEP unitholders meeting is not postponed or adjourned more than ten days in connection with any one postponement or adjournment or more than an aggregate of twenty days from the Original Date.

EEP's obligation to hold the EEP unitholders meeting will not be affected by the making of a Change of Recommendation and its obligations will not be affected by the commencement of or announcement or disclosure of or communication to EEP of any acquisition proposal. EEP will not submit to the vote of the limited partners any acquisition proposal (whether or not a superior proposal) prior to the vote of EEP's limited partners with respect to the Unitholder Approval at the EEP unitholders meeting.

Cooperation; Efforts to Consummate

efforts to take or cause to be taken all actions, and do or cause to be done all things, reasonably necessary, proper or advisable on its part under the Merger Agreement and applicable law to consummate and make effective the Merger and the other transactions contemplated by the Merger Agreement as soon as practicable, including (a) preparing and filing as promptly as reasonably practicable all documentation to effect all necessary notices, reports and other filings (including by filing as promptly as reasonably practicable after the date of the Merger Agreement the notification and report form required under the HSR Act), (b) obtaining as promptly as reasonably practicable all consents, registrations, approvals, permits and authorizations necessary or advisable to be obtained from any third party or any governmental entity in order to consummate the Merger or any of the other transactions contemplated by the Merger Agreement and (c) defending any Proceedings challenging the Merger Agreement or any of the other transactions contemplated by the Merger Agreement and seeking to have lifted or rescinded any injunction or restraining order or other order adversely affecting the ability of the parties to consummate the Merger and any other transactions contemplated by the Merger Agreement. However, no parties will be required to hold separate or make any divestiture of any asset or otherwise agree to any restriction on its operations or other condition in order to obtain any consent or approval or other clearance required by the Merger Agreement.

Subject to applicable law relating to the exchange of information, Enbridge will have the right to direct all matters with any governmental entity consistent with its obligations under the Merger Agreement. However, Enbridge, EEP, the General Partner and the GP Delegate will have the right to review in advance and, to the extent reasonably practicable, each will consult with the other on and consider in good faith the views of the other in connection with all of the information relating to Enbridge, EEP, the General Partner or the GP Delegate, as applicable, and any of their respective subsidiaries, that appears in any filing made with, or written materials submitted to, any third party or any governmental entity in connection with the Merger and any other transactions contemplated by the Merger Agreement (including the proxy statement/prospectus). Neither EEP, the General Partner, the GP Delegate nor Enbridge shall permit any of its officers or other Representatives to participate in any meeting with any governmental entity in respect of any filings, investigation or other inquiry relating to the Merger or any other transactions contemplated by the Merger Agreement unless it consults with the other parties in advance and, to the extent permitted by such governmental entity, gives the other parties the opportunity to attend and participate thereat. EEP, the General Partner and the GP Delegate will not agree to any actions, restrictions or conditions with respect to obtaining any consents, registrations, approvals, permits, expirations of waiting periods or authorizations in connection with the Merger and any other transactions contemplated by the Merger Agreement without the prior written consent of Enbridge (which may be withheld in Enbridge's sole discretion). In exercising the foregoing rights, each of EEP, the General Partner, the GP Delegate and Enbridge will act reasonably and as promptly as reasonably practicable.

Stock Exchange Listing and Delisting

Enbridge will use its reasonable best efforts to cause the Enbridge common shares to be issued in the Merger to be approved for listing on the NYSE and the TSX, subject to official notice of issuance, prior to the Closing Date. Prior to the Closing Date, EEP will cooperate with Enbridge and use reasonable best efforts to take, or cause to be taken, all actions, and do or cause to be done all things, reasonably necessary, proper or advisable on its part under applicable law and rules and policies of the NYSE to enable the delisting by the Surviving Entity of the Class A common units from the NYSE and the deregistration of the Class A common units under the Exchange Act as promptly as practicable after the Effective Time.

Expenses

Whether or not the Merger is consummated, subject to expense reimbursement described below in *Payment of EEP Expenses*, all costs and expenses incurred in connection with the preparation, negotiation, execution and performance of the Merger Agreement and the transactions contemplated thereby, including the Merger, including all fees and

expenses of its Representatives, will be paid by the party incurring such expenses, except that Enbridge will pay for any filing fees with respect to the registration statement of which this proxy

statement/prospectus forms a part, the costs and expenses of printing and mailing this proxy statement/prospectus and any filing fees in connection with the HSR Act.

Indemnification; Directors and Officers Insurance

From and after the Effective Time, to the fullest extent permitted under applicable law, each of Enbridge and the Surviving Entity will jointly and severally indemnify, defend and hold harmless each present and former, determined as of the Effective Time, director and officer of EEP, the General Partner and the GP Delegate, in each case, when acting in such capacity (including the heirs, executors and administrators of any such director or officer, the

Indemnified Parties), against any costs or expenses (including reasonable attorneys fees), judgments, fines, penalties, sanctions, losses, claims, damages or liabilities incurred and amounts paid in settlement (including all interest, assessments and other charges paid or payable in connection with or in respect of any thereof) in connection with, arising out of or otherwise related to any acts or omissions or actual or threatened Proceeding, in each case in connection with, arising out of or otherwise related to matters existing or occurring at or prior to the Effective Time, whether asserted or claimed prior to, at or after the Effective Time, including in connection with the transactions contemplated by the Merger Agreement, including the Merger, and actions to enforce indemnification or advancements rights of any Indemnified Party. Enbridge and the Surviving Entity will also advance expenses as incurred in each case described above to the fullest extent permitted under applicable law. However, any person to whom expenses are advanced must provide an undertaking to repay such advances if it is ultimately determined by a final and non-appealable judgment entered by a court of competent jurisdiction that such person is not entitled to indemnification.

In addition, Enbridge will maintain in effect, or cause to be maintained in effect, (a) the insurance liability coverage of the existing directors and officers insurance policies for directors and officers of the GP Delegate and (b) EEP s existing fiduciary liability insurance policies (collectively, the D&O Insurance) in place as of the date of the Merger Agreement, in each case, for a claims reporting or discovery period of six years from and after the Effective Time (the Tail Period), with terms, conditions and limits of liability that are at least as favorable to the insureds as provided in the existing policies providing such coverage as of the date of the Merger Agreement. However, in no event during the Tail Period will Enbridge be required to expend more on the annual cost of the D&O Insurance than an amount per year equal to 300 percent of the current annual premiums charged to EEP by Enbridge for such insurance, except that if the cost of such insurance coverage exceeds such amount, the Surviving Entity will have the option to obtain a policy with the greatest coverage available for a cost not exceeding such amount. If Enbridge in its sole discretion elects, then, in lieu of the obligations of the Surviving Entity, Enbridge may, but will be under no obligation to, prior to the Effective Time, obtain and fully pay the premium for tail insurance policies for the extension of the D&O Insurance for the Tail Period with respect to matters existing or occurring at or prior to the Effective Time (including in connection with the Merger Agreement and the transactions contemplated thereby, including the Merger).

During the Tail Period, Enbridge will honor, and will cause the General Partner, the GP Delegate and the Surviving Entity to honor, all rights to indemnification, elimination of liability and exculpation from liabilities for acts or omissions occurring at or prior to the Effective Time and rights to advancement of expenses relating thereto as in effect as of the date of the Merger Agreement in favor of any Indemnified Party as provided in the organizational documents of the General Partner, the GP Delegate, EEP and their respective subsidiaries or any indemnification agreement between such Indemnified Party and the General Partner, the GP Delegate, EEP or any of their respective subsidiaries, in each case, as in effect on the date of the Merger Agreement, and all of such rights will survive the Merger and any other transactions contemplated by the Merger Agreement unchanged and will not be amended, restated, repealed or otherwise modified in any manner that would adversely affect any right thereunder of any such Indemnified Party.

If Enbridge, the General Partner, the GP Delegate or the Surviving Entity or any of their respective successors or assigns consolidates with or merges into any other person and will not be the continuing or surviving person of such consolidation or merger, or transfers all or substantially all of its properties and assets to

Table of Contents

any person, then, and in each such case, proper provisions will be made so that the successors and assigns of Enbridge, the General Partner, the GP Delegate or the Surviving Entity, as applicable, will assume all of the indemnification and D&O Insurance obligations.

The rights of the Indemnified Parties will be in addition to any rights such Indemnified Parties may have under the organizational documents of the General Partner, the GP Delegate, EEP or any of their respective subsidiaries or under any applicable laws or contracts. These rights will survive consummation of the Merger and are intended to benefit, and will be enforceable by, each Indemnified Party.

Distributions

Until the earlier of the Effective Time or the termination of the Merger Agreement in accordance with its terms, the GP Delegate Board shall declare, and shall cause EEP to pay, EEP's regular quarterly cash distribution in an amount not less than US\$0.35 per Class A common unit in accordance with the Partnership Agreement and consistent with EEP's historical payment schedule of quarterly cash distributions.

EEP and Enbridge will coordinate with each other with respect to the declaration and setting of record dates and payment dates of distributions on Class A common units and Enbridge common shares, subject to applicable law, so that holders of Class A common units do not receive dividends and distributions, as applicable, on both Class A common units and Enbridge common shares received in the Merger or fail to receive a dividend or distribution, as applicable, on either Class A common units or Enbridge common shares received in the Merger in respect of any calendar quarter.

Transaction Litigation

In the event that any unitholder litigation related to the Merger Agreement or any transactions contemplated thereby, including the Merger, is brought, or, to EEP's knowledge, threatened, against EEP or any members of the GP Delegate Board from and following the date of the Merger Agreement and prior to the Effective Time (such litigation,

Transaction Litigation), EEP will as promptly as reasonably practicable notify Enbridge of such Transaction Litigation and will keep Enbridge reasonably informed with respect to the status thereof. EEP will give Enbridge the opportunity to participate in the defense or settlement and will consider in good faith Enbridge's advice with respect to such Transaction Litigation. EEP, however, will in any event control such defense or settlement, and the disclosure of information to Enbridge in connection therewith will be subject to the provisions set forth in the Merger Agreement. EEP has agreed not to settle any Transaction Litigation without the prior written consent of Enbridge (which consent will not be unreasonably withheld, conditioned or delayed).

Voting

Enbridge and Enbridge (U.S.) Inc. have covenanted and agreed that, until the earlier of the Effective Time or the termination of the Merger Agreement in accordance with its terms, (a) at the EEP unitholders meeting or any other meeting of the limited partners or any vote of the limited partners or of listed shares of the GP Delegate in connection with a vote of the limited partners, however called, Enbridge and Enbridge (U.S.) Inc. will vote, or cause to be voted, to the extent permitted under the organizational documents of the GP Delegate, any EEP units and listed shares of the GP Delegate then owned beneficially or of record by them or any of their subsidiaries, as of the record date for such meeting, in favor of the approval of the Merger Agreement (as it may be amended or otherwise modified from time to time) and the Merger and the approval of any actions required in furtherance thereof, and (b) at any meeting or vote of the holders of listed shares of the GP Delegate or in connection with any approval of the holders of listed shares of the GP Delegate, however called, Enbridge and Enbridge (U.S.) Inc. will vote, or cause to be voted, to the extent

permitted under the organizational documents of the GP Delegate, all listed shares of the GP Delegate then owned, beneficially or of record, by them or any of their subsidiaries, as of the record date for such meeting, in favor of, for purposes of determining the manner in which the i-units are voted, the approval of the Merger Agreement (as it may be amended or otherwise modified from time to time) and the Merger and the approval of any actions required in furtherance thereof.

Special Committee

Prior to the earlier of the Effective Time and the termination of the Merger Agreement in accordance with its terms, Enbridge will not and will not permit any of its subsidiaries to take any action intended to cause the GP Delegate to, without the consent of a majority of the then existing members of the Special Committee, eliminate the Special Committee, revoke or diminish the authority of the Special Committee, or remove or cause the removal of any director of the GP Delegate Board that is a member of the Special Committee either as a director or as a member of the such committee. However, this will not apply to the filling, in accordance with the provisions of the organizational documents of the GP Delegate, of any vacancies caused by the resignation, death or incapacity of any such director.

Unless otherwise expressly set forth in the Merger Agreement, whenever a determination, decision, approval, consent, waiver or agreement of EEP or the GP Delegate Board is permitted or required pursuant to the Merger Agreement, such determination, decision, approval, consent, waiver or agreement must be authorized by the Special Committee.

Enbridge has agreed to cause the General Partner and the General Partner to cause the GP Delegate and EEP and its subsidiaries to comply with the provisions of the Merger Agreement. Any actions or inactions by EEP, the GP Delegate, the General Partner and their respective subsidiaries will not be deemed to be breaches or violations or failures to perform by EEP, the GP Delegate, the General Partner and their respective subsidiaries of any of the provisions of the Merger Agreement if such action or inaction was or was not taken, as applicable, at the direction of Enbridge, any of its subsidiaries (other than EEP and its subsidiaries) or any of their respective officers.

The registration statement must have become effective in accordance with the provisions of the Securities Act and must not be the subject of any stop order suspending its effectiveness issued by the SEC and any Proceedings for that purpose must not have been commenced or been threatened by the SEC unless subsequently withdrawn.

Termination

The Merger Agreement may be terminated and the Merger may be abandoned at any time prior to the Effective Time by mutual written consent of Enbridge and EEP, by action of the Enbridge Board and the GP Delegate Board, with approval of the Special Committee.

The Merger Agreement may also be terminated and the Merger may be abandoned at any time prior to the Effective Time by action of either the Enbridge Board or the GP Delegate Board, with the approval of the Special Committee, if:

the Merger has not been consummated by March 18, 2019 (the Outside Date);

the Unitholder Approval has not been obtained at the special meeting or at any adjournment or postponement thereof taken in accordance with the Merger Agreement; or

any law or governmental order permanently restraining, enjoining or otherwise prohibiting consummation of the Merger has become final and non-appealable;

provided that the right to terminate the Merger Agreement as described above, except as to the Unitholder Approval, will not be available to any party that has breached in any material respect its obligations under the Merger Agreement in any manner that will have proximately contributed to the occurrence of the failure of a condition to the consummation of the Merger.

In addition, the Merger Agreement may be terminated and the Merger may be abandoned by the Enbridge Board if (a) prior to the time the Unitholder Approval is obtained, the Special Committee has made a Change of Recommendation; or (b) at any time prior to the Effective Time there has been a breach by EEP of any representation, warranty, covenant or agreement set forth in the Merger Agreement, or if any representation or warranty of EEP has become untrue, in either case, such that certain conditions to obligations of Enbridge, Enbridge (U.S.) Inc. and Merger Sub would not be satisfied and such breach or failure to be true and correct is not curable prior to the Outside Date or,

The Merger Agreement may be terminated and the Merger may be abandoned by the GP Delegate Board, with approval of the Special Committee, if, at any time prior to the Effective Time, there has been a breach by Enbridge, Enbridge (U.S.) Inc. or Merger Sub of any representation, warranty, covenant or agreement set forth in the Merger Agreement, or if any representation or warranty of Enbridge, Enbridge (U.S.) Inc. or Merger Sub will have become untrue, in either case, such that certain conditions to obligations of EEP, the General Partner and the GP Delegate would not be satisfied and such breach or failure to be true and correct is not curable prior to the Outside Date, or if curable prior to the Outside Date, is not cured within the earlier of 60 days after written notice thereof is given by EEP to Enbridge or the Outside Date.

Table of Contents

However, the right of Enbridge or EEP to terminate the Merger Agreement as described above will not be available to Enbridge or EEP if such party has breached in any material respect its representations, warranties, covenants or agreements set forth in the Merger Agreement.

Under the Merger Agreement, any determination by EEP or the GP Delegate Board to terminate the Merger Agreement must be approved by the Special Committee.

In the event of the termination of the Merger Agreement and the abandonment of the Merger, the Merger Agreement will become void and of no effect with no liability to any person on the part of any party (or any of its Representatives or affiliates). However, no such termination will relieve any party to the Merger Agreement of any liability or damages to the other party to the Merger Agreement resulting from any intentional and willful material breach of, or intentional and willful material failure to perform under, the Merger Agreement. The provisions or agreements of the parties related to definitions, interpretation and construction, survival of certain provisions, payment/allocation of expenses, the effect of termination and abandonment and payment of EEP expenses in the event of termination will survive the termination of the Merger Agreement.

Payment of EEP Expenses

If the Merger Agreement is terminated (a) by EEP due to a breach by Enbridge, Enbridge (U.S.) Inc. or Merger Sub of any representation, warranty, covenant or agreement set forth in the Merger Agreement such that EEP's closing condition is not satisfied or (b) by EEP or Enbridge due to the Merger not having been consummated by the Outside Date or failure to obtain the Unitholder Approval, Enbridge will pay to EEP by wire transfer of immediately available funds to an account designated by EEP an amount equal to EEP's expenses up to a maximum amount of US\$4.0 million, and such payment will be made within five business days after such termination.

Modification or Amendment

Subject to the provisions of applicable law and provisions of the Merger Agreement related to indemnification and directors' and officers' insurance, at any time prior to the Effective Time, the Merger Agreement may be amended, modified or waived, if such amendment, modification or waiver is in writing and signed, in the case of an amendment or modification or waiver, by each of the parties, or in the case of a waiver, by the party against whom the waiver is to be effective. Any amendments, modifications or waivers by EEP must be approved by the Special Committee.

Waiver of Conditions

The conditions to each of the parties' obligations to consummate the transactions contemplated by the Merger Agreement, including the Merger, are for the sole benefit of such party and may be waived by such party, in whole or in part, to the extent permitted by applicable law. Any such waiver will only be effective if made in writing and executed by the party against whom the waiver is to be effective. However, EEP may not make or authorize any such waiver without the prior approval of the Special Committee.

Table of Contents**MATERIAL CANADIAN FEDERAL INCOME TAX CONSEQUENCES OF THE MERGER****In General**

This summary is based on the description of the Merger set out in this proxy statement/prospectus, the current provisions of the Canadian Tax Act, and an understanding of the current administrative policies and practices of the Canada Revenue Agency (which is referred to as the CRA) published in writing prior to the date hereof. This summary takes into account all specific proposals to amend the Canadian Tax Act publicly announced by or on behalf of the Minister of Finance (Canada) prior to the date hereof (which are referred to as the proposed amendments) and assumes that all proposed amendments will be enacted in the form proposed; however, no assurances can be given that the proposed amendments will be enacted as proposed, or at all. This summary does not otherwise take into account or anticipate any changes in law or administrative policy or assessing practice whether by legislative, administrative or judicial action, nor does it take into account tax legislation or considerations of any province, territory or foreign jurisdiction, which may differ from those discussed herein.

This summary is of a general nature only and is not exhaustive of all possible Canadian federal income tax considerations applicable to the Merger. The income and other tax consequences of acquiring, holding or disposing of securities will vary depending on a holder's particular status and circumstances, including the country in which the holder resides or carries on business. This summary is not intended to be, nor should it be construed to be, legal or tax advice to any particular holder. No representations are made with respect to the income tax consequences to any particular holder. Holders should consult their own tax advisors for advice with respect to the income tax consequences of the Merger in their particular circumstances, including the application and effect of the income and other tax laws of any applicable country, province, state or local tax authority.

This summary does not discuss any non-Canadian income or other tax consequences of the Merger. Holders resident or subject to taxation in a jurisdiction other than Canada should be aware that the Merger may have tax consequences both in Canada and in such other jurisdiction. Such consequences are not described herein. Holders should consult with their own tax advisors with respect to their particular circumstances and the tax considerations applicable to them.

Application

The following summary describes the principal Canadian federal income tax considerations in respect of the Merger generally applicable under the Canadian Tax Act to a beneficial owner of Class A common units who disposes, or is deemed to have disposed, of Class A common units pursuant to the Merger and who, for the purposes of the Canadian Tax Act and at all relevant times, (1) deals at arm's length with and is not affiliated with Enbridge, Merger Sub or EEP; and (2) holds all Class A common units, and will hold all Enbridge common shares acquired pursuant to the Merger (which is referred to, collectively, in this portion of the summary as the Securities) as capital property (each of which is referred to in this portion of the summary as a Holder). Generally, the Securities will be considered to be capital property to a Holder for purposes of the Canadian Tax Act provided that the Holder does not use or hold those Securities in the course of carrying on a business and has not acquired such Securities in one or more transactions considered to be an adventure or concern in the nature of trade.

Canadian Currency

For the purposes of the Canadian Tax Act, where an amount that is relevant in computing a taxpayer's Canadian tax results is expressed in a currency other than Canadian dollars, the amount must be converted to Canadian dollars using the indicative rate of exchange for Canadian interbank transactions established by the Bank of Canada for the day on

which the amount arose, or such other rate of exchange as is acceptable to the CRA.

Table of Contents **Holders Not Resident in Canada**

The following portion of the summary is generally applicable to a Holder who, at all relevant times and for purposes of the Canadian Tax Act, is not, and is not deemed to be, a resident of Canada and does not use or hold, and is not deemed to use or hold, Class A common units and will not use or hold, or be deemed to use or hold, Enbridge common shares in a business carried on in Canada (which is referred to in this portion of the summary as a Non-Canadian Resident Holder). This portion of the summary is not generally applicable to a Non-Canadian Resident Holder that is: (1) an insurer carrying on an insurance business in Canada and elsewhere or (2) an authorized foreign bank (as defined in the Canadian Tax Act).

The following portion of the summary assumes that the Securities will not constitute taxable Canadian property to any particular Non-Canadian Resident Holder at any time. Generally, Class A common units will not constitute taxable Canadian property for a Non-Canadian Resident Holder at a particular time provided that at no time during the 60-month period that ends at the particular time less than 50% of the fair market value of the Class A common units is derived directly or indirectly from one or any combination of: (A) real or immovable properties situated in Canada, (B) Canadian resource properties (as defined in the Canadian Tax Act), (C) timber resource properties (as defined in the Canadian Tax Act), and (D) options in respect of, or interests in, or for civil law rights in, any of the foregoing property whether or not the property exists. Generally, Enbridge common shares will not constitute taxable Canadian property to a Non-Canadian Resident Holder at a particular time provided that the applicable shares are listed at that time on a designated stock exchange (which includes the TSX and the NYSE), unless at any particular time during the 60-month period that ends at that time (1) one or any combination of (a) the Non-Canadian Resident Holder, (b) persons with whom the Non-Canadian Resident Holder does not deal at arm's length and (c) partnerships in which the Non-Canadian Resident Holder or a person described in (b) holds a membership interest directly or indirectly through one or more partnerships, owned 25% or more of the issued shares of any class or series of the equity securities of Enbridge and (2) more than 50% of the fair market value of Enbridge common shares was derived directly or indirectly from one or any combination of: (A) real or immovable properties situated in Canada, (B) Canadian resource properties (as defined in the Canadian Tax Act), (C) timber resource properties (as defined in the Canadian Tax Act), and (D) options in respect of, or interests in, or for civil law rights in, any of the foregoing property whether or not the property exists. In certain circumstances set out in the Canadian Tax Act, shares which are not otherwise taxable Canadian property may be deemed to be taxable Canadian property .

Disposition Pursuant to the Merger

A Non-Canadian Resident Holder will not be subject to tax under the Canadian Tax Act on any capital gain realized on a disposition of Class A common units, unless the units are taxable Canadian property and are not treaty-protected property (as those terms are defined in the Canadian Tax Act) of the Non-Canadian Resident Holder, at the time of disposition.

Non-Canadian Resident Holders whose Class A common units are taxable Canadian property should consult their own tax advisors for advice regarding their particular circumstances, including whether their Class A common units constitute treaty-protected property.

Dividends on Enbridge Common Shares (Post-Merger)

Dividends paid or credited, or deemed to be paid or credited, on Enbridge common shares to a Non-Canadian Resident Holder generally will be subject to Canadian withholding tax at a rate of 25% of the gross amount of the dividend, unless the rate is reduced under the provisions of an applicable income tax convention between Canada and the Non-Canadian Resident Holder's jurisdiction of residence. For example, the rate of

withholding tax under the Treaty applicable to a Non-Canadian Resident Holder who is a resident of the United States for the purposes of the Treaty, is the beneficial owner of the dividend and is entitled to all of the benefits under the Treaty, generally will be 15%. Enbridge will be required to withhold the required amount of withholding tax from the dividend, and to remit the withheld tax to the CRA for the account of the Non-Canadian Resident Holder.

Disposition of Enbridge Common Shares (Post-Merger)

A Non-Canadian Resident Holder will not be subject to tax under the Canadian Tax Act on any capital gain realized on a disposition of Enbridge common shares, unless the shares are taxable Canadian property and the shares are not treaty-protected property (as those terms are defined in the Canadian Tax Act) of the Non-Canadian Resident Holder, at the time of disposition.

Non-Canadian Resident Holders whose Enbridge common shares are taxable Canadian property should consult their own tax advisors for advice regarding their particular circumstances, including whether their Enbridge common shares constitute treaty-protected property.

MATERIAL U.S. FEDERAL INCOME TAX CONSEQUENCES OF THE MERGER

The following is a discussion of certain material U.S. federal income tax consequences to U.S. holders (as defined below) of the Merger and of owning and disposing of Enbridge common shares received in the Merger. This discussion is based upon current provisions of the Code, existing and proposed Treasury regulations (the Treasury Regulations) promulgated under the Code and current administrative rulings and court decisions, all of which are subject to change, possibly with retroactive effect, or are subject to differing interpretations. Changes in these authorities may cause the tax consequences to vary substantially from the consequences described below. No ruling has been or is expected to be sought from the Internal Revenue Service (the IRS) with respect to any of the tax consequences discussed below. As a result, there can be no assurance that the IRS will not assert, or that a court would not sustain, a position contrary to any of the conclusions set forth below.

This discussion is limited to U.S. holders of EEP units that hold their EEP units, and will hold their Enbridge common shares received in the Merger, as capital assets within the meaning of Section 1221 of the Code (generally, property held for investment). This summary does not address all aspects of U.S. federal income taxation that may be relevant to U.S. holders in light of their personal circumstances. In addition, this summary does not address the Medicare tax on certain investment income, U.S. federal estate or gift tax laws, any state, local or non-U.S. tax laws or any tax treaties. This summary also does not address tax considerations applicable to investors that may be subject to special treatment under the U.S. federal income tax laws, such as:

banks, insurance companies or other financial institutions;

tax-exempt or governmental organizations;

qualified foreign pension funds (or any entities all of the interests of which are held by a qualified foreign pension fund);

dealers in securities or foreign currencies;

Table of Contents

For purposes of this discussion, the term "U.S. holder" means a beneficial owner of Class A common units or of Enbridge common shares after the Merger that is for U.S. federal income tax purposes:

an individual who is a citizen or resident of the United States;

a corporation (or other entity taxable as a corporation for U.S. federal income tax purposes) created or organized in the United States or under the laws of the United States, or any state thereof or the District of Columbia;

a trust (i) the administration of which is subject to the primary supervision of a U.S. court and which has one or more United States persons who have the authority to control all substantial decisions of the trust or (ii) which has made a valid election under applicable U.S. Treasury regulations to be treated as a United States person; or

an estate, the income of which is subject to U.S. federal income tax regardless of its source.

If a partnership, (including an entity or arrangement treated as a partnership for U.S. federal income tax purposes) holds Class A common units, the tax treatment of a partner in such partnership generally will depend on the status of the partner, the activities of the partnership and upon certain determinations made at the partner level. A partner in a partnership holding Class A common units should consult its own tax advisor about the U.S. federal income tax consequences to them of the Merger and the ownership and disposition of Enbridge common shares received after the Merger.

THIS DISCUSSION IS PROVIDED FOR GENERAL INFORMATION ONLY AND IS NOT A COMPLETE ANALYSIS OR DESCRIPTION OF ALL POTENTIAL U.S. FEDERAL INCOME TAX CONSEQUENCES OF THE MERGER OR THE OWNERSHIP AND DISPOSITION OF ENBRIDGE COMMON SHARES RECEIVED IN THE MERGER. EACH HOLDER OF CLASS A COMMON UNITS IS STRONGLY URGED TO CONSULT WITH AND RELY UPON ITS OWN TAX ADVISOR AS TO THE SPECIFIC FEDERAL, STATE, LOCAL AND NON-U.S. TAX CONSEQUENCES TO SUCH HOLDER OF THE MERGER AND THE OWNERSHIP AND DISPOSITION OF ENBRIDGE COMMON SHARES RECEIVED IN THE MERGER, TAKING INTO ACCOUNT ITS OWN PARTICULAR CIRCUMSTANCES.

Certain U.S. Federal Income Tax Consequences of the Merger to U.S. Holders of Class A Common Units

Tax Characterization of the Merger.

The receipt of Enbridge common shares and cash in lieu of fractional shares, if any, in exchange for Class A common units pursuant to the Merger should be a taxable transaction to U.S. holders for U.S. federal income tax purposes. In general, the Merger should be treated as a taxable sale of a U.S. holder's Class A common units in exchange for Enbridge common shares and cash received in lieu of fractional shares, if any, received in the Merger. The remainder of this discussion assumes that the Merger will be treated as a taxable transaction.

Amount and Character of Gain or Loss Recognized.

A U.S. holder who receives Enbridge common shares and cash in lieu of fractional shares, if any, in exchange for Class A common units pursuant to the Merger will recognize gain or loss in an amount equal to the difference between (1) the sum of (A) the amount of any cash received, (B) the fair market value of any Enbridge common shares received and (C) such U.S. holder's share of EEP's nonrecourse liabilities immediately prior to the Merger and (2) such U.S. holder's adjusted tax basis in the Class A common units exchanged therefor (which includes such U.S. holder's share of EEP's nonrecourse liabilities immediately prior to the Merger).

A U.S. holder's initial tax basis in its Class A common units purchased with cash equaled, at the time of such purchase, the amount such holder paid for the Class A common units plus the U.S. holder's share of EEP's

Table of Contents

nonrecourse liabilities. Over time that basis would have (1) increased by the U.S. holder's share of EEP's income and by any increases in the U.S. holder's share of EEP's nonrecourse liabilities and (2) decreased, but not below zero, by distributions from EEP, by the U.S. holder's share of EEP's losses, by any decreases in the U.S. holder's share of EEP's nonrecourse liabilities and by the U.S. holder's share of EEP's expenditures that are not deductible in computing taxable income and are not required to be capitalized.

Except as noted below, gain or loss recognized by a U.S. holder on the exchange of Class A common units in the Merger will generally be taxable as capital gain or loss. However, a portion of this gain or loss, which portion could be substantial, will be separately computed and taxed as ordinary income or loss under Section 751 of the Code to the extent attributable to assets giving rise to depreciation recapture or other unrealized receivables or to inventory items owned by EEP and its subsidiaries. The term unrealized receivables includes potential recapture items, including depreciation recapture. Ordinary income attributable to unrealized receivables, inventory items and depreciation recapture may exceed net taxable gain realized upon the exchange of a Class A common unit pursuant to the Merger and may be recognized even if there is a net taxable loss realized on the exchange of such U.S. holder's Class A common units pursuant to the Merger. Consequently, a U.S. holder may recognize both ordinary income and capital loss upon the exchange of Class A common units in the Merger.

Capital gain or loss recognized by a U.S. holder will generally be long-term capital gain or loss if the U.S. holder's holding period for its Class A common units is more than 12 months as of the Effective Time of the Merger. If the U.S. holder is an individual, such long-term capital gain will generally be eligible for reduced rates of taxation. Capital losses recognized by a U.S. holder may offset capital gains and, in the case of individuals, no more than US\$3,000 of ordinary income. Capital losses recognized by U.S. holders that are corporations may be used to offset only capital gains.

The amount of gain or loss recognized by each U.S. holder in the Merger will vary depending on each U.S. holder's particular situation, including the value of the Enbridge common shares and the amount of cash received in lieu of fractional shares, if any, by each U.S. holder in the Merger, the adjusted tax basis of the Class A common units exchanged by each U.S. holder in the Merger, and the amount of any suspended passive losses that may be available to a particular unitholder to offset a portion of the gain recognized by each U.S. holder. Passive losses that were not deductible by a U.S. holder in prior taxable periods because they exceeded the U.S. holder's share of EEP's income may be deducted in full upon the U.S. holder's taxable disposition of its entire investment in EEP pursuant to the Merger.

Each U.S. holder is strongly urged to consult its own tax advisor with respect to the unitholder's specific tax consequences of the Merger, taking into account its own particular circumstances.

EEP Items of Income, Gain, Loss, and Deduction for the Taxable Period Ending on the Date of the Merger.

U.S. holders of Class A common units will be allocated their share of EEP's items of income, gain, loss, and deduction for the taxable period of EEP ending on the date of the Merger. These allocations will be made in accordance with the terms of the EEP partnership agreement. A U.S. holder will be subject to U.S. federal income taxes on any such allocated income and gain even if such U.S. holder does not receive a cash distribution from EEP attributable to such allocated income and gain. Any such income and gain allocated to a U.S. holder will increase the U.S. holder's tax basis in the Class A common units held and, therefore, will reduce the gain, or increase the loss, recognized by such U.S. holder resulting from the Merger. Any losses or deductions allocated to a U.S. holder will decrease the U.S. holder's tax basis in the Class A common units held and, therefore, will increase the gain, or reduce the loss, recognized by such U.S. holder resulting from the Merger.

Tax Basis and Holding Period in Enbridge Common Shares Received in the Merger.

A U.S. holder's tax basis in the Enbridge common shares received in the Merger will equal the fair market value of such Enbridge common shares. A U.S. holder's holding period in Enbridge common shares received in the Merger will begin on the day after the date of the Merger.

Table of Contents**Certain U.S. Federal Income Tax Consequences of Owning and Disposing of Enbridge Common Shares Received in the Merger*****Dividends***

Under the U.S. federal income tax laws, and subject to the passive foreign investment company, which is referred to as PFIC, rules discussed below, a U.S. holder generally will be required to treat distributions received with respect to its Enbridge common shares (including any Canadian taxes withheld from such distribution) as dividend income to the extent of Enbridge's current or accumulated earnings and profits (as determined for U.S. federal income tax purposes) and subject to U.S. federal income taxation. Distributions in excess of current and accumulated earnings and profits will be treated as a non-taxable return of capital to the extent of the Enbridge shareholder's basis in the Enbridge common shares and thereafter as capital gain. However, Enbridge does not expect to calculate earnings and profits in accordance with U.S. federal income tax principles. Accordingly, each Enbridge shareholder should expect to generally treat distributions made by Enbridge as dividends. If the Enbridge shareholder is a noncorporate U.S. holder, dividends that constitute qualified dividend income will be taxable at the preferential rates applicable to long-term capital gains, provided that such Enbridge shareholder holds the Enbridge common shares for more than 60 days during the 121-day period beginning 60 days before the ex-dividend date and meets other holding period requirements. Dividends Enbridge pays with respect to Enbridge common shares generally will be qualified dividend income.

Each Enbridge shareholder must include any Canadian tax withheld from the dividend payment in this gross amount even though such shareholder does not in fact receive the dividend. The dividend is taxable to each Enbridge shareholder when such shareholder receives the dividend, actually or constructively. The dividend will not be eligible for the dividends-received deduction generally allowed to United States corporations in respect of dividends received from other United States corporations. The amount of the dividend distribution that each Enbridge shareholder must include in their income as a U.S. holder will be the U.S. dollar value of the Canadian dollar payments made, determined at the spot Canadian dollar/U.S. dollar rate on the date the dividend distribution is includible in such shareholder's income, regardless of whether the payment is in fact converted into U.S. dollars. Generally, any gain or loss resulting from currency exchange fluctuations during the period from the date the Enbridge shareholder includes the dividend payment in income to the date such shareholder converts the payment into U.S. dollars will be treated as ordinary income or loss and will not be eligible for the special tax rate applicable to qualified dividend income. Such foreign exchange gain or loss generally will be income or loss from sources within the United States for foreign tax credit limitation purposes.

Subject to certain limitations, Canadian tax withheld in accordance with the Treaty and paid over to Canada will be creditable or deductible against the Enbridge shareholder's U.S. federal income tax liability. Special rules apply in determining the foreign tax credit limitation with respect to dividends that are subject to the preferential tax rates. To the extent a refund of the tax withheld is available under Canadian law or under the Treaty, the amount of tax withheld that is refundable will not be eligible for credit against an Enbridge shareholder's U.S. federal income tax liability.

Dividends will be income from sources outside the United States and will, depending on each Enbridge shareholder's circumstances, be either passive or general income for purposes of computing the foreign tax credit allowable to such shareholder. The rules governing the foreign tax credit are complex and involve the application of rules that depend upon a U.S. holder's particular circumstances. Accordingly, U.S. holders are urged to consult their own tax advisors regarding the availability of the foreign tax credit under their particular circumstances.

Capital Gains

Subject to the PFIC rules discussed below, if an Enbridge shareholder is a U.S. holder and such shareholder sells or otherwise disposes of their Enbridge common shares in a taxable disposition, such Enbridge shareholder will recognize capital gain or loss for U.S. federal income tax purposes equal to the difference between the U.S.

Table of Contents

dollar value of the amount realized and such shareholder's tax basis (determined in U.S. dollars) in their Enbridge common shares. Capital gain of a noncorporate U.S. holder is generally taxed at preferential rates where the property is held for more than one year. The gain or loss will generally be income or loss from sources within the United States for foreign tax credit limitation purposes.

PFIC Rules

Special U.S. federal income tax rules apply to U.S. persons owning stock of a PFIC. A foreign corporation will be considered a PFIC for any taxable year in which (1) 75% or more of its gross income is passive income, or (2) 50% or more of the value (determined on the basis of a quarterly average) of its assets are considered passive assets (generally, assets that generate passive income).

Enbridge believes that Enbridge common shares should not be treated as stock of a PFIC for U.S. federal income tax purposes and Enbridge does not anticipate becoming a PFIC in the foreseeable future, but this conclusion is a factual determination that is made annually and thus may be subject to change. If Enbridge were to be treated as a PFIC for any taxable year during which a U.S. holder owns Enbridge common shares, the U.S. holder generally would be subject to adverse rules, regardless of whether Enbridge continued to be classified as a PFIC. Gain realized on the sale or other disposition of the Enbridge common shares would in general not be treated as capital gain. Instead, unless an Enbridge shareholder elects to be taxed annually on a mark-to-market basis with respect to its Enbridge common shares, such Enbridge shareholder would be treated as if it had realized such gain and certain excess distributions ratably over the Enbridge shareholder's holding period for the Enbridge common shares and would generally be taxed at the highest tax rate in effect for each such year to which the gain was allocated, together with an interest charge in respect of the tax attributable to each such year. Dividends that an Enbridge shareholder receives from Enbridge will not be eligible for the tax rates applicable to qualified dividend income if Enbridge is treated as a PFIC with respect to an Enbridge shareholder either in the taxable year of the distribution or the preceding taxable year, but instead will be taxable at rates applicable to ordinary income.

Information with Respect to Foreign Financial Assets

Owners of specified foreign financial assets with an aggregate value in excess of US\$50,000 (and in some circumstances, a higher threshold) may be required to file an information report with respect to such assets with their tax returns. Specified foreign financial assets include financial accounts maintained by foreign financial institutions, as well as the following, but only if they are held for investment and not held in accounts maintained by financial institutions: (1) stocks and securities issued by non-U.S. persons, (2) financial instruments and contracts that have non-U.S. issuers or counterparties, and (3) interests in foreign entities. U.S. holders are urged to consult their own tax advisors regarding the application of this reporting requirement to their ownership of the Enbridge common shares.

Backup Withholding and Information Reporting

If an Enbridge shareholder is a noncorporate U.S. holder, information reporting requirements generally will apply to dividend payments or other taxable distributions made to such Enbridge shareholder within the United States, and the payment of proceeds to such Enbridge shareholder from the sale of Enbridge common shares effected in the United States or through a United States office of a broker.

In addition, backup withholding may apply to such payments if an Enbridge shareholder fails to comply with applicable certification requirements or is notified by the IRS that such shareholder has failed to report all interest and dividends required to be shown on its federal income tax returns.

Payment of the proceeds from the sale of Enbridge common shares effected through a foreign office of a broker generally will not be subject to information reporting or backup withholding. However, a sale effected

Table of Contents

through a foreign office of a broker could be subject to information reporting in the same manner as a sale within the United States (and in certain cases may be subject to backup withholding as well) if (1) the broker has certain connections to the United States, (2) the proceeds or confirmation are sent to the United States or (3) the sale has certain other specified connections with the United States.

Enbridge shareholders generally may obtain a refund of any amounts withheld under the backup withholding rules that exceed such shareholder's income tax liability by filing a refund claim with the IRS.

This discussion does not address tax consequences that may vary with, or are contingent on, individual circumstances. Moreover, it only addresses U.S. federal income tax and does not address any non-income tax or any state, local or non-United States tax consequences. Each EEP unitholder should consult its own tax advisors concerning the U.S. federal income tax consequences of the Merger and the ownership of Enbridge common shares in light of such unitholder's particular situation, as well as any consequences arising under the laws of any other taxing jurisdiction.

Table of Contents**COMPARISON OF RIGHTS OF ENBRIDGE SHAREHOLDERS AND EEP UNITHOLDERS**

This section describes the material differences between the rights of holders of Enbridge shareholders and the rights of EEP unitholders. Enbridge is formed under the federal laws of Canada and, accordingly, the rights of Enbridge shareholders are principally governed by the *Canada Business Corporations Act*, which is referred to as the Canada Corporations Act. EEP is formed under the laws of the State of Delaware and the rights of EEP unitholders are governed by the EEP Partnership Agreement and the Delaware Revised Uniform Limited Partnership Act, which is referred to as the DRULPA.

The differences between the rights of Enbridge shareholders and EEP unitholders result from differences between the organizational documents, governing law and type of corporate structure of Enbridge and EEP. Enbridge is a Canadian corporation and EEP is a Delaware limited partnership. Ownership interests in a Delaware limited partnership are fundamentally different from ownership interests in a Canadian corporation. The rights of Enbridge shareholders are governed by the Enbridge Articles of Continuance and Certificates of Amendment, which is referred to as Enbridge's articles, Enbridge General By-Law No. 1, as amended, and Enbridge By-Law No. 2, which are referred to collectively as Enbridge's by-laws, and the Canada Corporations Act. The rights of EEP unitholders are governed by the EEP Partnership Agreement and the DRULPA.

As a result of the Merger, EEP unitholders that receive Merger Consideration in respect of their EEP units will become Enbridge shareholders. Accordingly, once the Merger is completed, the rights of EEP unitholders as Enbridge shareholders will be governed by Enbridge's articles, Enbridge's by-laws and the Canada Corporations Act. There are many differences between the rights of EEP unitholders and the rights of Enbridge shareholders. Some of these, such as distribution/dividend and voting rights, are significant.

The following description summarizes the material differences that may affect the rights of Enbridge shareholders and EEP unitholders but does not purport to be a complete statement of all those differences, or a complete description of the specific provisions referred to in this summary. The identification of specific differences is not intended to indicate that other equally significant or more significant differences do not exist. EEP unitholders should read carefully the relevant provisions of the Canada Corporations Act and the DRULPA, Enbridge's articles, Enbridge's by-laws, the EEP Partnership Agreement and each other document referred to in this proxy statement/prospectus for a more complete understanding of the differences between the rights of an Enbridge shareholder and the rights of an EEP unitholder. Capitalized terms used herein and not otherwise defined herein have the meanings ascribed to them in the applicable governing document. This summary is qualified in its entirety by reference to the full text of each of Enbridge's articles, Enbridge's by-laws and the EEP Partnership Agreement. For information on how to obtain a copy of these documents, see the section titled *Where You Can Find More Information* beginning on page 166.

Enbridge Shareholders**EEP Unitholders****PURPOSE AND TERM OF EXISTENCE**

Neither Enbridge's articles nor Enbridge's by-laws provide a stated purpose.

EEP's stated purposes are to serve as a partner, member, shareholder or other equity interest holder of its subsidiaries and to engage directly in, or enter into any partnership, joint venture or similar arrangement to engage in, any business activity that may be lawfully conducted by a limited partnership organized pursuant to the DRULPA or as permitted under Delaware law.

Enbridge is to have perpetual existence.

EEP s existence will continue until December 31, 2081, unless sooner terminated under the terms of the EEP Partnership Agreement.

(1) Preference Shares, Series A may be redeemed any time at Enbridge's option. For other series of preference shares, Enbridge may, at its option, redeem all or a portion of the outstanding preference shares for the per share base redemption value (as set forth in the table above) plus all accrued and unpaid dividends on the applicable redemption and conversion option date (as set forth in the table above) and on every fifth anniversary thereafter.

Holders of Enbridge common shares and preference shares are entitled to all of the applicable rights and obligations provided under the Canada Corporations Act and Enbridge's articles and Enbridge's by-laws, as applicable, with certain additional rights attaching to any series of preference shares. However, none of the existing preference shares carry the right to be convertible into or exchangeable for Enbridge common shares, directly or indirectly.

Under the Canada Corporations Act, the Enbridge Board, without shareholder approval, may approve the issuance of authorized but unissued Enbridge common

Class B common units. At such time as the General Partner determines, based on advice of counsel, that all Class B common units have, as a substantive matter, like intrinsic economic and federal income tax characteristics, in all material respects, to the intrinsic economic and federal income tax characteristics of the Class A common units then outstanding, all differences and distinctions between Class A common units and Class B common units will automatically cease and Class A common units and Class B common units will thereafter be one class of units called Common Units. The Class B common units generally vote together with all other units as a single class.

Class E units. The Class E units are convertible on a one-for-one basis into Class A common units at any time by delivery of written notice to EEP. However, the unitholder of such converted Class E units will not be issued Class A common units or be permitted to transfer such Class A common units to any person other than an affiliate of EEP until the General Partner of EEP determines that such Class A common units have like intrinsic economic and federal income tax characteristics as a Class A common unit issued in the

initial public offering of Class A common units. Holders of Class E units are generally entitled to vote as if their Class E units were converted to Class A common units on the record date, unless entitled to vote as a separate class on any matter. EEP may

shares or preference shares, including one or more new series of preference shares.

The number of authorized Enbridge common shares or preference shares of Enbridge may be reduced (but not below the number of issued Enbridge common shares or preference shares of Enbridge, as applicable) through an amendment of Enbridge's articles authorized by a special resolution of Enbridge shareholders, including, if applicable, a separate special resolution of the holders of the affected class or series of shares in accordance with the provisions of the Canada Corporations Act.

Repurchases/Redemptions

Under the Canada Corporations Act, Enbridge may repurchase its own shares, provided that there are no reasonable grounds for believing that (i) Enbridge is, or after the payment for the purchase of such shares would be, unable to pay its liabilities as they become due and (ii) the realizable value of Enbridge's assets would after the payment for the purchase of such shares be less than the aggregate of Enbridge's liabilities and the stated capital of all classes of Enbridge's shares.

Under the Canada Corporations Act, Enbridge may purchase or redeem any redeemable shares issued by it at prices not exceeding the redemption price, or as calculated according to a formula, stated in the articles; provided that Enbridge may only purchase or redeem its

redeem Class E units for either cash or Class A common units at any time on or after the 30 year anniversary of January 2, 2015.

Class F units. Class F units are not convertible and have no voting rights.

I-Units. i-units receive their distributions in additional i-units (or fractions of i-units), rather than in cash, and with limited exceptions, have the voting rights of a Common Unit. I-Units generally vote together with all other units as a single class, subject to certain exceptions provided in the EEP Partnership Agreement.

EEP may issue additional units and other equity securities, including in additional classes or series, or other partnership securities, with such designations, preferences and relative participating, optional or other special rights, powers and duties which may be senior or in addition to those of its Common Units or other existing classes of units, as the General Partner of EEP may determine, all without the approval of any EEP unitholders, unless as otherwise indicated above or in the EEP Partnership Agreement.

redeemable shares if there are no reasonable grounds for believing that (i) Enbridge is, or after the payment for the purchase or redemption of such shares would be, unable to pay its liabilities as they become due and (ii) the realizable value of Enbridge's assets would after the payment for the purchase or redemption of such shares be less than the aggregate of Enbridge's liabilities and the amount that would be required to pay the holders of Enbridge's shares that have a right to be paid, on a redemption or in a liquidation, ratably with or before the holders of the shares to be purchased or redeemed, to the extent that the amount has not been included in its liabilities.

Table of Contents**Enbridge Shareholders****DIVIDENDS AND OTHER DISTRIBUTIONS**

Under the Canada Corporations Act, the Enbridge Board may declare and pay dividends to the holders of Enbridge common shares or Enbridge preference shares provided there are no reasonable grounds for believing that: (i) Enbridge is, or would after the payment be, unable to pay its liabilities as they become due; and (ii) the realizable value of Enbridge's assets would as a result of the payment be less than the aggregate of Enbridge's liabilities and the stated capital of all classes of Enbridge's shares.

Pursuant to Enbridge's articles and the Canada Corporations Act, Enbridge shareholders are entitled to receive dividends if, as and when declared by the directors of Enbridge, subject to prior satisfaction of preferential dividends applicable to any preference shares. The preference shares of each series rank on a parity with the preference shares of every other series with respect to dividends and are entitled to a preference over the Enbridge common shares and over any other shares ranking junior to the preference shares with respect to priority in payment of dividends.

The outstanding series of preference shares of Enbridge have the following annual dividend entitlements, for the initial fixed period, as applicable:

Distributions of Available Cash. The EEP Partnership Agreement requires that EEP retain for reinvestment and distribute to its partners 100% of available cash, as defined in the EEP Partnership Agreement, within 45 days following the end of each calendar quarter. Available cash means, with respect to any quarter, all of EEP's cash receipts from all sources, including cash received from its subsidiaries, net reductions in reserves and, as determined by the General Partner, all or any portion of additional cash and cash equivalents resulting from working capital borrowings made subsequent to the end of the applicable quarter less cash disbursements and net additions to reserves.

EEP's General Partner is granted discretion by EEP's Partnership Agreement, which discretion has been delegated to EEQ (subject to the approval of the General Partner in certain cases), to establish, maintain and adjust reserves to:

provide for the proper conduct of EEP's business, including reserves for possible rate refunds or future capital expenditures;

provide funds for distributions with respect to any of the next four calendar quarters; or

comply with applicable law or any loan agreement, security agreement, mortgage, debt instrument or other agreement or obligation to which EEP is a party or by which it is bound or its assets are subject.

However, the cash equivalent of distributions of i-units is treated as if it had actually been distributed for purposes of determining the distributions to EEP's General Partner. or in a security that has in all material respects the same rights and privileges as the Common Units, and that, except in liquidation, it may not make a distribution on an i-unit other than in additional i-units or in a security that has in all material respects the same rights and privileges as the i-units. Pursuant to the EEP Partnership Agreement, distributions are characterized either as distributions of cash from operations or as distributions of cash from interim capital transactions. As long as Class F units remain outstanding, distributions of cash from both operations and interim capital transactions are distributed in the same fashion, as described in *Allocation of Distributions from Operations and Interim Capital Transactions*, below.

Cash from Operations. Cash from operations generally refers to EEP's cash balance at the close of business on the date immediately prior to July 1, 2014, plus all cash generated by the operation of its business since July 1, 2014 through the end of the period, after deducting related cash expenditures, net additions to or reductions in reserves, debt service and various other items.

Cash from Interim Capital Transactions. Interim capital transactions generally include borrowings, sales of debt and equity securities and sales or other dispositions of assets for cash, other than inventory, accounts receivable and other current assets and assets disposed of in the ordinary course of business.

Rule for Characterizing Distributions. All available cash distributed by EEP from any source will be treated as distributions of cash from operations unless the sum of all available cash distributed exceeds the cumulative amount of cash from operations actually generated from the date EEP commenced operations through the end of the calendar quarter prior to any applicable distribution. Any portion of a distribution of available cash for that quarter which, when added to the sum of all prior distributions, is in excess of the cumulative

amount of cash from operations, will be considered a distribution of cash from interim capital transactions and treated as described below under *Allocation of Distributions from Operations and Interim Capital Transactions* . For purposes of calculating the sum of all distributions of available cash, the total equivalent cash amount of all distributions of i-units to EEQ, as the holder of all i-units, will be treated as distributions of available

cash, even though the distributions to EEP are made in additional i-units rather than in cash. EEP retains this cash and uses it in its business.

Allocation of Distributions of Cash from Operations and Cash from Interim Capital Transactions. As long as Class F units are outstanding, available cash, whether from operations or interim capital transactions, for each quarter will be distributed effectively as follows:

first, 98% to the owners of Class E units, Class A common units, Class B common units and i-units pro rata and 2% to the General Partner until the owners of such units have received a total of US\$0.295 per unit in cash or equivalent i-units for such quarter;

second, 85% of any available cash then remaining to the owners of Class E units, Class A common units, Class B common units and i-units pro rata, 13% to owners of Class F units and 2% to EEP's General Partner until the owners of all classes of units have received a total of US\$0.35 per unit in cash or equivalent i-units for such quarter; and

third, 75% of any available cash then remaining to the owners of Class E units, Class A common units, Class B common units and i-units pro rata, 23% to owners of Class F units and 2% to the General Partner.

The first two distribution levels will be proportionately adjusted upward or downward, as appropriate, in the event of any combination or subdivision of units, whether effected by a distribution payable in any type of units or otherwise, but not by reason of the issuance of additional i-units in lieu of distributions of available cash from operations or interim capital transactions or

the issuance of additional Common Units, Class E units or i-units for cash or property.

The first two distribution levels may also be adjusted if legislation is enacted which causes EEP to become taxable as a corporation or otherwise subjects EEP to taxation as an entity for federal income tax purposes. In that event, each of the first three distribution levels for each quarter thereafter would be reduced to an amount equal to the product of that distribution level, multiplied by a number which is equal to one minus

BUSINESS COMBINATIONS

Under the Canada Corporations Act, a merger, consolidation, sale, lease, exchange or other disposition of all or substantially all of the property of Enbridge other than in the ordinary course of business of Enbridge, including pursuant to an amalgamation (other than an amalgamation with a parent or a subsidiary or an amalgamation with a sister corporation in accordance with the provisions of the Canada Corporations Act) and an arrangement, as defined in the Canada Corporations Act, or a dissolution of Enbridge, is generally required to be approved by special resolution, being 66 $\frac{2}{3}$ % of the votes cast, in person or by proxy, in respect of the resolution at a meeting of Enbridge shareholders.

EEP's Partnership Agreement allows, subject to certain restrictions, the merger of EEP with one or more corporations, limited liability companies, business trusts or associations, real estate investment trusts, common law trusts or unincorporated business upon approval of the merger agreement by the General Partner, in its sole discretion, and the holders of at least 66 $\frac{2}{3}$ % of the outstanding units, unless a greater percentage is otherwise required by the merger agreement, EEP Partnership Agreement or DRULPA. Except in certain limited situations, Class F units are not considered outstanding for such purposes.

Additionally, Multilateral Instrument 61-101 *Protection of Minority Security Holders in Special Transactions*, which is referred to as MI 61-101, of the Canadian Securities Administrators contains detailed requirements in connection with related party transactions and business combinations. A related party transaction means, generally, any transaction by which an issuer, directly or indirectly, consummates one or more specified transactions with a related party, including purchasing or disposing of an asset, acquiring or combining the related party, issuing securities or assuming liabilities. Related party, as defined in MI 61-101, includes:

EEP's Partnership Agreement generally prohibits the General Partner, without the prior approval of the holders of a majority of the outstanding units, from causing EEP to, among other things, merge or consolidate with another entity, sell, exchange or otherwise dispose of all or substantially all of its assets in a single transaction or a series of related transactions, or approving on EEP's behalf the sale, exchange or other disposition of all or substantially all of the assets of Enbridge Energy, Limited Partnership. Except in certain limited situations, Class F units are not considered outstanding for such purposes. The General Partner may, however, mortgage, pledge, hypothecate or grant a security interest in all or substantially all of EEP's assets without that approval. The General Partner may also sell any or all of EEP's assets under a foreclosure of or other realization upon those encumbrances without that approval.

holders of voting securities of the issuer carrying more than 10% of the voting rights attached to all the issuer's

holders of a sufficient number of any securities of the issuer to materially affect control of the issuer.

A business combination means, generally, any amalgamation, arrangement, consolidation, amendment to share terms or other transaction, as a consequence of which the interest of a holder of an equity security may be terminated without the holder's consent that involves

MI 61-101 requires, subject to certain exceptions, specific detailed disclosure in the proxy (information) circular sent to security holders in connection with a related party transaction or business combination where a meeting is required and, subject to certain exceptions, the preparation of a formal valuation of the subject matter of the related party transaction or business combination and any non-cash consideration offered in connection therewith, and the inclusion of a summary of the valuation in the proxy circular. MI 61-101 also requires, subject to certain exceptions, that an issuer not engage in a related party transaction or business combination unless, in addition to any other required shareholder approvals, the disinterested shareholders of the issuer have approved the related party transaction or business combination by a simple majority of the votes cast.

The Canada Corporations Act provides that if an offer is made to shareholders of a distributing corporation, as defined in the Canada Corporations Act, such as Enbridge, at approximately the same time to acquire all of the shares of a class of issued shares, including an offer made by a distributing corporation to repurchase all of the shares of a class of its shares, which is referred to as a takeover bid, and such offer is accepted within 120 days of the takeover bid by holders of not less than 90% of the shares (other than the shares held by the offeror or an affiliate or associate of the offeror) of any class of shares to which the takeover bid relates, then the offeror is entitled to acquire the shares held by those holders of securities of that class who did not accept the takeover bid either on the same terms on which the offeror acquired shares under the takeover bid or for payment of the fair value of such holder's shares as determined in accordance with the dissent right procedures under the Canada Corporations Act.

Enbridge has a shareholder rights plan, which is referred to as the shareholder rights plan, that is designed to encourage the fair treatment of shareholders in connection with any takeover bid for Enbridge. Rights issued under the shareholder rights plan become exercisable when a person, and any related parties, acquires or announces the intention to acquire 20% or more of the outstanding Enbridge common shares without complying with certain provisions set out in the

shareholder rights plan or without approval of the Enbridge Board. Should such an acquisition or announcement occur, each rights holder, other than the acquiring person and its related parties, will have the right to purchase Enbridge common shares at a 50% discount to the market price at that time.

APPRAISAL RIGHTS

The Canada Corporations Act provides that Enbridge shareholders are entitled to exercise dissent rights and to be paid the fair value of their shares as determined in accordance with the provisions of the Canada Corporations Act, if Enbridge:

Holders of Class A common units are not entitled to exercise dissenters' rights or appraisal rights under Delaware law or the EEP Partnership Agreement.

is subject to an order in respect of an arrangement (as such term is defined in the Canada Corporations Act) in accordance with the provisions of the Canada Corporations Act;

resolves to amend its articles to add, change or remove any provisions restricting or constraining the issue, transfer or ownership of shares of that class;

resolves to amend its articles to add, change or remove any restriction on the business or businesses that Enbridge may carry on;

resolves to amalgamate, other than an amalgamation with a parent or a subsidiary or an amalgamation with a sister corporation, in each case in accordance with the provisions of the Canada Corporations Act;

resolves to be continued under the laws of another jurisdiction;

resolves to sell, lease or exchange all or substantially all its property other than in the ordinary course of business; or

resolves to carry out a going-private transaction or a squeeze-out transaction (as such terms are defined in the Canada Corporations Act).

A shareholder is not entitled to dissent if an amendment to the articles is effected by a court order approving a reorganization (as defined in the Canada Corporations Act) or by a court order made in connection with an action for an oppression remedy.

MANAGEMENT BY BOARD OF DIRECTORS/GENERAL PARTNER

In accordance with the Canada Corporations Act, Enbridge's business and affairs are managed by the Enbridge Board.

Enbridge's articles provide that the number of directors will be determined by the Enbridge Board from time to time, but will in no case be less than one or more than 15. Enbridge's by-laws provide that until the termination of the 2019 annual general meeting of the Enbridge shareholders, the Enbridge Board will be comprised of 13 directors, of which:

five must be individuals who were directors of Spectra Energy immediately prior to February 27, 2017 (the 2017 Effective Time) and their permitted replacement directors who take office after the 2017 Effective Time who are nominated in accordance with the by-laws, as amended, who are referred to as the continuing Spectra directors; and

eight must be individuals who were directors of Enbridge immediately prior to the 2017 Effective Time and their permitted replacement directors who take office after the 2017 Effective Time who are nominated in accordance with the by-laws, as amended, who are referred to as the continuing Enbridge directors.

The Canada Corporations Act requires that at least 25% of the directors of Enbridge (or if Enbridge ever has less than four directors, at least one director) must be resident Canadians.

The Enbridge Board may delegate certain of its duties to various committees, with the number of directors on each committee determined by the Enbridge Board. Until the termination of the 2019 annual general meeting of the Enbridge shareholders, each committee must contain a pro rata share of, or minimum of one, continuing Spectra

As a Delaware limited partnership, EEP is not managed by a board of directors but by a General Partner. Except as provided in EEP's Partnership Agreement, EEP's General Partner conducts, directs and exercises full control over its activities, all management powers over EEP's business and affairs are exclusively vested in the General Partner, and no limited partner or assignee has any right of control or management power over EEP's business and affairs. Under a delegation of control agreement, EEP's General Partner has delegated to EEQ, to the fullest extent permitted under Delaware law and EEP's Partnership Agreement, all of the General Partner's power and authority to manage and control EEP's business and affairs, except for specified actions that require the written approval of the General Partner. Therefore in this proxy statement/prospectus, actions that EEP's Partnership Agreement describes as being taken by the General Partner generally will be taken by EEQ, as the delegate of the General Partner, subject to the written approval of the General Partner of the actions specified in the delegation of control agreement. This delegation of control does not cause the General Partner to cease to be the sole General Partner nor relieve the General Partner of its responsibilities or obligations to EEP or its limited partners. EEQ is subject to the same standards under EEP's Partnership Agreement as the General Partner. The General Partner is the sole record holder of the voting shares of EEQ.

NOMINATION AND ELECTION OF DIRECTORS/GENERAL PARTNER

Pursuant to Enbridge's by-laws, directors of Enbridge are elected at the annual meeting of shareholders or at a special meeting of shareholders called for such purpose and hold office until the close of the next annual meeting of shareholders or until their successors are elected.

EEP unitholders have no right to elect the General Partner unless the General Partner has been removed or withdrawn, as described below, and have no right to elect the directors of either the General Partner or EEQ.

Nominations of directors can generally be made by the Enbridge Board, by or at the direction or request of one or more shareholders or by a nominating shareholder, as defined in Enbridge's by-laws. However, for any meeting called for the election of directors prior to the 2019 annual general meeting of the shareholders, the continuing Spectra directors and continuing Enbridge directors will have exclusive authority to nominate, on behalf of the Enbridge Board, nominees to fill the seats of any continuing Spectra directors or continuing Enbridge directors, respectively, unless otherwise determined by the affirmative vote of at least 75% of the entire board.

The election of directors of Enbridge currently occurs pursuant to a plurality voting standard, which provides that shares may only be voted for or withheld from voting. As a result, in situations where there are not more nominees than directors to be elected, only a single vote in favor of a director is required to elect such director. In situations where there are more nominees than directors to be elected, the nominees receiving the highest number of for votes are elected.

In light of the current plurality voting standard and as a requirement of the rules of the TSX, the Enbridge Board has adopted a majority voting policy which provides that any nominee for director in an uncontested election who receives more withheld votes than for votes (i.e., the nominee is not elected by at least a majority of 50% + 1 vote) will immediately tender their resignation and will not participate in any meeting of the Enbridge Board or any committee thereof at which the resignation is considered. The Enbridge Board, on the recommendation of the

Enbridge Governance Committee, will determine whether or not to accept the resignation within 90 days after the date of the meeting, and will accept the resignation absent exceptional circumstances. Enbridge will promptly issue a news release with the decision of the Enbridge Board, and if the Enbridge Board determines not to accept a resignation, the news release will state the reasons for that decision. The director's resignation will be effective

when accepted by the Enbridge Board. If the Enbridge Board accepts the director's resignation, it can appoint a new director to fill the vacancy.

Recent amendments to the Canada Corporations Act that have not yet to come into force and effect as of the date of this proxy statement/prospectus provide for a majority voting standard, replacing the current plurality voting standard, which provides that director nominees can only be elected in uncontested elections if the number of votes cast in favor of such nominee director represents a majority (i.e., the nominee is required to be elected by at least a majority of 50% + 1 vote) of the votes cast for or against them. Incumbent directors who do not meet this majority voting requirement will be able to remain in office until the earlier of 90 days after the date of their election or the day when their successor is appointed or elected.

Under the Canada Corporations Act, cumulative voting is only permitted if the articles of a corporation specifically provide for it. Enbridge's articles do not provide for cumulative voting.

REMOVAL OF DIRECTORS; WITHDRAWAL OR REMOVAL OF GENERAL PARTNER

The Canada Corporations Act and Enbridge's by-laws provide that Enbridge shareholders may, by a resolution passed at a special meeting of Enbridge shareholders, remove any director or directors from office with or without cause. Notwithstanding the foregoing, pursuant to Enbridge's bylaws, prior to the 2019 annual general meeting of shareholders, Enbridge shall not call a special meeting in which the removal of any continuing Spectra director would be proposed (other than as required pursuant to a valid shareholder requisition under the Canada Corporations Act).

In accordance with the rules of the TSX, Enbridge has adopted a majority voting policy providing that a director receiving more withheld votes than for votes in an uncontested election is required to tender his or her resignation to the Enbridge Board promptly following the

EEP's General Partner may voluntarily withdraw as General Partner by giving 90 days' written notice to the limited partners, and that withdrawal will not constitute a breach of EEP's Partnership Agreement. In such a withdrawal, the General Partner also must furnish EEP with an opinion of counsel that the withdrawal, following selection of a successor general partner, will not cause EEP or its subsidiaries to be taxed as a corporation or otherwise taxed as an entity for federal income tax purposes or result in the loss of the limited liability of any limited partner or of any limited partner or member of any of EEP's subsidiaries. EEP's Partnership Agreement provides for other events of withdrawal, including specified bankruptcy events.

applicable shareholder meeting. The Enbridge Board will then consider whether to accept or reject the resignation.

See the information set forth in *Nomination and Election of Directors/General Partner* above for further details regarding Enbridge's majority voting policy and recent related amendments to the Canada Corporations Act.

The General Partner may be removed, upon obtaining an opinion of counsel regarding tax and limited liability matters (as discussed under *Removal of Directors; Withdrawal or Removal of General Partner* above), with or without cause if approved by both the vote of the holders of at least 66 $\frac{2}{3}$ % of EEP's outstanding Common Units and Class E units (Class E units voting as if converted on the record date) voting as a single class, excluding Common Units held by the General Partner and its affiliates,

and a majority of the outstanding i-units voting as a separate class, excluding the number of i-units equivalent to the number of listed and voting shares held by the General Partner and its affiliates. Any such action for removal must also provide for the election and succession of a new general partner.

In the event of removal of the General Partner under circumstances where cause exists or withdrawal of the General Partner where that withdrawal violates EEP's Partnership Agreement, a successor general partner will have the option to purchase the general partner interest and the Class F units of the General Partner and its affiliates, which is referred to as the departing interest, for a cash payment equal to the fair market value of the departing interest, as determined under EEP's Partnership Agreement. In this context, cause means a situation where a court has entered a final, non-appealable judgment finding the General Partner liable for actual fraud, gross negligence or willful or wanton misconduct in its capacity as General Partner. In all other withdrawals or removals, the departing general partner will have the option to require the successor general partner to purchase the departing interest for the same cash amount. If either option described above is not exercised by the departing or the successor general partner, as applicable, the departing general partner's general partnership interest will automatically convert into Class A common units, pursuant to a valuation made by an investment banking firm or other independent expert selected in accordance with the EEP Partnership Agreement.

FILLING VACANCIES ON THE BOARD; REPLACING THE GENERAL PARTNER

The Canada Corporations Act generally allows a vacancy on the board of directors to be filled by a quorum of directors, except for a vacancy resulting from an increase in the number or the minimum or maximum number of directors or a failure to elect the number or minimum number of directors provided for in the articles.

Upon a voluntary withdrawal by the General Partner, the holders of at least a majority of the outstanding units, excluding Common Units held by the General Partner and its affiliates and the number of i-units corresponding to the number of EEQ voting and listed shares owned by the General Partner and its affiliates, may select a successor to the withdrawing General Partner. Except in certain limited situations, Class F units are not considered outstanding for such purposes. If, prior to the effective date of the General Partner's

However, until the termination of the 2019 annual general meeting of the Enbridge shareholders, any vacancies on the Enbridge Board created by the cessation of service of a continuing Spectra director or continuing Enbridge director will be filled by a nominee selected by the continuing Spectra directors and continuing Enbridge directors, respectively, unless otherwise approved by the affirmative vote of at least 75% of the entire board. Subject to provisions regarding the non-executive Chairman term, the continuing Spectra directors and continuing Enbridge directors will have all the power and may exercise all the authority of the Enbridge Board to fill all vacancies on the Enbridge Board created by the cessation of service of a continuing Spectra director or continuing Enbridge director, respectively, prior to the 2019 annual general meeting of the Enbridge shareholders, provided that in the case of a vacancy created by the cessation of service of a continuing Spectra director, any nominee that was not a director of Spectra Energy immediately prior to the Effective Time will be subject to the approval of the continuing Enbridge directors, not to be unreasonably withheld, delayed or conditioned.

Any removal of the General Partner is also subject to the approval of a successor general partner by the vote of the holders of at least 66 $\frac{2}{3}$ % of EEP's outstanding units, excluding Common Units held by the General Partner and its affiliates, and a majority of i-units voting as a separate class, excluding the number of i-units corresponding to the number of EEQ voting and listed shares owned by the General Partner and its affiliates, as well as EEP's receipt of an opinion of counsel regarding limited liability and tax matters. Except in certain limited situations, Class F units are not considered outstanding for such purposes.

TRANSFER OF GENERAL PARTNER INTERESTS

Not applicable.

EEP's General Partner may transfer all, but not less than all, of its general partner interest to an affiliate of the General Partner, or to another entity as part of the merger, consolidation or other combination of the General Partner into another entity or the transfer by the General Partner of all or substantially all of its assets to another entity. Otherwise, the General Partner may not transfer all or any part of its general partner interest to another person without, among other requirements, the approval of the transfer and admission of the transferee as general partner by the holders of:

at least ~~66~~²⁶ of EEP s outstanding units, excluding Common Units held by the General Partner and its affiliates and excluding the number of i-units corresponding to the number of EEQ shares owned by the General Partner and its affiliates (except in certain limited

Enbridge shareholders have no preemptive rights to acquire newly issued Enbridge common shares or other securities.

The holders of Class A common units have no preemptive rights to acquire additional Class A common units or other partnership interests.

The Enbridge Board may by resolution, make, amend or repeal any by-law that regulates the business or affairs of Enbridge. Where the directors make, amend or repeal a by-law, they are required under the Canada Corporations Act to submit the by-law, or the amendment or repeal of a by-law, to the Enbridge shareholders at the next meeting of shareholders and the shareholders may confirm, reject or amend the by-law, by an ordinary resolution. If the by-law, amendment or repeal is rejected by shareholders, or the directors do not submit the by-law, amendment or repeal to the shareholders as required, the by-law, amendment or repeal ceases to be effective and no subsequent resolution of the directors to make, amend or repeal a by-law having substantially the same purpose or effect is effective until it is confirmed or confirmed as amended by the shareholders.

Until the termination of the 2019 annual general meeting of the Enbridge shareholders, any amendments, modifications or repeals of certain clauses related to the composition of the board, nomination and election of the continuing Spectra directors and the continuing Enbridge directors, and amendments to those clauses, or the adoption, amendment or modification of any by-law provisions to be inconsistent with such clauses, must be approved by an affirmative vote of at least 75% of the entire Enbridge Board and the applicable vote required under the Canada Corporations Act.

However, if the effect of an amendment would have a material adverse effect on the rights or preferences of any type or class of outstanding units, the approval of 66 $\frac{2}{3}$ % of the outstanding units of the type or class affected is required to adopt the amendment. Any amendment that reduces the voting percentage required to take any action must be approved by the written consent or affirmative vote of EEP unitholders constituting not less than the voting requirement sought to be reduced.

The General Partner may generally make amendments to EEP's Partnership Agreement without the approval of any limited partner or assignee to reflect:

a change in EEP's name, the location of its principal place of business, its registered agent or its registered office;

the admission, substitution, withdrawal or removal of partners in accordance with EEP's Partnership Agreement;

a change that, in the General Partner's sole discretion, is reasonable and necessary or appropriate to qualify or continue EEP's qualification as a limited partnership or a partnership in which its limited partners have limited liability under the laws of any state or that is necessary or advisable in the General Partner's opinion to ensure that EEP will not be taxable as a corporation or otherwise taxed as an entity for federal income tax purposes;

a change that, in the sole discretion of the General Partner, does not adversely affect EEP's limited partners in any material respect;

a change that is necessary or appropriate to satisfy any requirements, conditions, guidelines or interpretations contained in any opinion, interpretive release, directive, order, ruling or regulation of any federal or state agency or judicial authority or contained in any federal or state statute;

MEETINGS OF SHAREHOLDERS OR LIMITED PARTNERS

Pursuant to the Canada Corporations Act and Enbridge's by-laws, meetings of Enbridge shareholders will be held at a place in Canada determined by the directors.

Meetings of the limited partners will be held at a time and place determined by the General Partner on a date not more than 60 days after the mailing of notice of the meeting.

Under the Canada Corporations Act, the Enbridge Board must call an annual meeting of shareholders not later than 15 months after holding the last preceding annual meeting but no later than six months after the end of Enbridge's preceding financial year.

At an annual meeting, shareholders will receive the financial statements of Enbridge and the auditor's report, elect directors of Enbridge and appoint Enbridge's auditor. All other business that may properly come before an annual meeting of shareholders or any business coming before a special meeting of shareholders is considered special business. For special business to be properly brought before a meeting, it must be specified in the notice of meeting and include (i) the nature of that business in sufficient detail to permit the shareholder to form a reasoned judgment thereon; and (ii) the text of any special resolution to be submitted to the meeting.

RIGHT TO CALL A SPECIAL MEETING

The Enbridge Board may call a special meeting of shareholders at any time.

Meetings of the limited partners may be called by the General Partner or by limited partners owning at least 20% of the outstanding units of the class for which a meeting is proposed.

In addition, holders of five percent or more of the outstanding shares of Enbridge that carry the right to vote at a meeting sought to be held may requisition a shareholders meeting under the applicable provisions of the Canada Corporations Act. The requisition must state the business to be transacted at the meeting. The Enbridge Board must call

a meeting of shareholders to transact the business stated in the requisition within 21 days of receiving the requisition; otherwise the shareholder may call the meeting. The Enbridge Board is not required to call a meeting upon receiving a requisition by a shareholder if:

the business stated in the requisition is of a proscribed nature;

a record date has already been fixed and notice provided in respect of a meeting; or

the Enbridge Board has already called a meeting and given notice of such meeting.

RECORD DATES

Under the Canada Corporations Act, the Enbridge Board may fix a record date for the purpose of determining shareholders entitled to receive payment of a dividend or entitled to participate in a liquidation distribution or for any other purpose, other than to establish a shareholder's right to receive notice of or to vote at a meeting, which record date must be not more than 60 days before the day on which the particular action is to be taken. If no record date is fixed by the Enbridge Board, the record date will be at the close of business on the day on which the directors pass the resolution in respect of the applicable action.

The General Partner, pursuant to EEP's Partnership Agreement, sets the record date for determining:

the identity of the limited partners (or assignees, if applicable) entitled to notice of, or to vote at, any meeting of limited partners or entitled to vote by ballot or give approval of action in writing without a meeting or entitled to exercise rights in respect of any lawful action of limited partners;

Under the Canada Corporations Act, the Enbridge Board may fix a record date for the purpose of determining shareholders entitled to receive notice of and vote at a meeting of shareholders, which record date must be not less than 21 days and not more than 60 days before the date of the meeting. If no record date is fixed by the Enbridge Board, the record date for the determination of shareholders entitled to receive notice of or vote at a meeting of shareholders will be at the close of business on the day immediately preceding the day on which the notice is given.

the identity of record holders entitled to receive any report or distribution; or

the identity of record holders of Class E units entitled to convert such units.

If a record date is fixed, unless notice of the record date is waived in writing by every holder of a share of the class or series affected, notice thereof will be given, not less than seven days before the date so fixed, (i) by advertisement in a newspaper published or distributed in the place where Enbridge has its registered office and in each place in Canada where it has a transfer agent or where a transfer of its shares may be recorded; and (ii) by written notice to each stock exchange in Canada on which the shares of Enbridge are listed for trading.

For purposes of determining the limited partners entitled to notice of or to vote at a meeting of the limited partners, or to give written approvals without a meeting, the General Partner may set a record date, which shall not be less than 10 nor more than 60 days before either the date of the meeting, unless otherwise required by law, or in the event that approvals are sought without a meeting, the date by which the limited partners are requested in writing by the General Partner to give such approvals.

ADJOURNMENT OF SHAREHOLDER MEETINGS

The chair of any meeting of Enbridge shareholders may, with the consent of the meeting, and subject to such conditions as the meeting may decide, adjourn the meeting from time to time and from place to place. If a meeting of the Enbridge shareholders is adjourned for less than 30 days, it will not be necessary to give notice of the adjourned meeting, other than by announcement at the meeting that it is adjourned. If a meeting of Enbridge shareholders is adjourned by one or more adjournments for an aggregate of 30 days or more, notice of the adjourned meeting will be given as for an original meeting, in accordance with the provisions of the Canada Corporations Act.

In the absence of a quorum, any meeting of limited partners may be adjourned from time to time by the affirmative vote of a majority of the outstanding units represented either in person or by proxy.

If a meeting of the limited partners is adjourned to another time or place for no more than 45 days, it will not be necessary to fix a new record date or give notice of the adjourned meeting, other than by announcement at the meeting which is adjourned. If a meeting of the limited partners is adjourned for more than 45 days or if a new record date is fixed for an adjourned meeting, notice of the adjourned meeting will be given as for an original meeting.

QUORUM

Enbridge's by-laws provide that a quorum for the transaction of business at a meeting of shareholders will be three persons present and holding, or representing by proxy, at least 25% of the issued and outstanding shares having the right to vote at the meeting.

The holders of at least 66 $\frac{2}{3}$ %, or a majority, if that is the vote required to take action at the meeting in question, of the outstanding units of the class for which a meeting has been called, represented in person or by proxy, will constitute a quorum.

VOTING RIGHTS

Each Enbridge common share entitles the holder on a record date to one vote at all meetings of Enbridge shareholders, except meetings at which only holders of another specified class or series of shares are entitled to vote.

The EEP unitholders, excluding the holders of Class F units, are generally entitled to vote on the following matters:

Except as required by law, including the Canada Corporations Act, holders of the preference shares of Enbridge will not be entitled to receive notice of, to attend or to vote at any meeting of the Enbridge shareholders, provided that the rights, privileges, restrictions and conditions attached to the preference shares as a class may be added to, changed or removed only with the approval of

merger or consolidation of EEP approved by the General Partner;

sale, exchange or other disposition of all or substantially all of EEP's assets;

the holders of the preference shares given in such manner as may then be required by law, at a meeting of the holders of the preference shares duly called for that purpose.

election of a successor general partner upon the withdrawal of the current General Partner;

the removal of the General Partner;

the election by the General Partner to dissolve EEP;

EEP's continuation after specified events of dissolution;

approval of specified actions by the General Partner;
and

certain amendments of EEP's Partnership Agreement.

Unitholders or assignees who are record holders of units on the record date will be entitled to notice of, and to vote at, meetings of EEP's limited partners and to act upon matters for which approvals may be solicited. Each record holder, except for holders of Class F units, has a vote according to such holder's percentage interest in EEP. Units that are owned by an assignee who is a record holder, but who has not yet been admitted as a limited partner, will be voted by the General Partner at the written direction of the record holder. Absent direction of this kind, such units will not be voted, except that, in the case of units held by the General Partner on behalf of non-citizen assignees, the General Partner will distribute the votes on those units in the same ratios as the votes of limited partners on other units are cast. The limited liability company agreement of EEQ provides that the i-units owned by EEQ will be voted by it in proportion to the affirmative and negative votes, abstentions and non-votes of the holders of its voting and listed shares.

The limited partners may vote either in person or by proxy at meetings, but may in no case vote on any matter that would cause the limited partners to be deemed to be taking part in the management and control of the business and affairs of EEP.

ACTION BY WRITTEN CONSENT

The Canada Corporations Act allows any matters required to be voted on at a meeting to be approved by Enbridge shareholders pursuant to a written resolution signed by all of the shareholders entitled to vote on the matter.

Pursuant to EEP's Partnership Agreement, any action that is required or permitted to be taken by the limited partners may be taken without a meeting if written consents describing the action are signed by holders of the number of units as would be necessary to authorize or take that action at a meeting at which all the limited partners were present and voted.

SHAREHOLDER PROPOSALS AND DIRECTOR NOMINATIONS

Under Enbridge's by-laws, an eligible Enbridge shareholder wishing to nominate a director for election to the Enbridge Board is required to provide notice to Enbridge, in proper form, within the following time periods:

A nomination must include certain specified information in order to be in proper form.

INDEMNIFICATION AND LIMITATION ON LIABILITY

Under the Canada Corporations Act, Enbridge may indemnify its directors and officers, its former directors and officers or another individual who acts or acted at Enbridge's request as a director or officer, or an individual acting in a similar capacity, of another entity, which is referred to as an indemnifiable person, against all costs, charges and expenses, including an amount paid to settle an action or satisfy a judgment, reasonably incurred by the indemnifiable person in respect of any civil, criminal, administrative, investigative or other proceeding in which the indemnifiable person is involved because of that association with Enbridge or other entity, provided that:

the indemnifiable person acted honestly and in good faith with a view to the best interests of Enbridge, or, as the case may be, to the best interests of the other entity for which the individual acted as director or officer or in a similar capacity at Enbridge's request; and

Under EEP's Partnership Agreement and the delegation of control agreement, EEP will, to the fullest extent permitted by law, indemnify the General Partner, any departing general partner, any person who is or was an affiliate of the General Partner or any departing general partner, any person who is or was an officer, director, employee, partner, agent or trustee of the General Partner, any departing general partner or any affiliate of the General Partner or any departing general partner, or any person who is or was serving at the request of EEP in another entity in a similar capacity; provided, that in each case the foregoing persons or entities, sometimes referred to as indemnitees, acted in good faith and in the manner which the indemnitee believed to be in, or not opposed to, the best interests of EEP, and, with respect to any criminal proceeding, had no reasonable cause to believe its conduct was unlawful.

in the case of a criminal or administrative action or proceeding that is enforced by a monetary penalty, the indemnifiable person had reasonable grounds for believing that the indemnifiable person's conduct was lawful.

Enbridge may advance funds to an indemnifiable person for the costs, charges and expenses of a proceeding referred to above, provided, however, that the

indemnifiable person will repay the funds if the individual does not fulfill the abovementioned conditions.

EEP Unitholders

An indemnifiable person is also entitled to indemnity from Enbridge in respect of all costs, charges and expenses reasonably incurred by the indemnifiable person in connection with the defense of any civil, criminal, administrative, investigative or other proceeding to which the indemnifiable person is subject because of the indemnifiable person's association with Enbridge or other entity, if the indemnifiable person:

was not judged by the court or other competent authority to have committed any fault or omitted to do anything that the indemnifiable person ought to have done; and

fulfills the conditions first set out above.

In the case of a derivative action, indemnity may be made only with court approval, if the indemnifiable person fulfills the requirements first mentioned above.

Under Enbridge's by-laws, Enbridge will indemnify a director or officer of Enbridge, a former director or officer of Enbridge, or another individual who acts or acted at Enbridge's request as a director or officer, or an individual acting in a similar capacity, of another entity, to the extent permitted and in accordance with the Canada Corporations Act.

In addition, Enbridge may, under the Canada Corporations Act and its by-laws, purchase and maintain insurance for the benefit of an indemnifiable person against such liabilities and in such amounts as the Enbridge Board may from time to time determine and are permitted by the Canada

Corporations Act.

CONFLICTS OF INTEREST; FIDUCIARY DUTIES

Under the Canada Corporations Act, the directors of Enbridge owe a statutory fiduciary duty to Enbridge. The directors have a duty to manage, or supervise the management of, the business and affairs of Enbridge. In exercising their powers and discharging their duties, the directors must act honestly and in good faith with a view to the best interests of Enbridge and exercise the care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances; provided that the directors consider the interests of stakeholders and make a decision that is reasonable in light of

EEP's Partnership Agreement contains provisions that limit the General Partner's fiduciary duties to EEP and the EEP unitholders. The EEP Partnership Agreement also restricts the remedies available to EEP unitholders for actions taken that might, without those limitations, constitute breaches of fiduciary duty.

Whenever a conflict arises between the General Partner or its affiliates, on the one hand, and EEP or any subsidiary, partner or assignee, on the other

conflicting interests, Canadian courts will not generally question the decision. Canadian courts will scrutinize the process by which the directors make their decisions and the apparent objectives of their actions. If business decisions have been made honestly, prudently, in good faith and on reasonable and rational grounds, Canadian courts will generally decline to substitute their own opinion for that of the board of directors, even where subsequent events may cast doubt on the board of directors' determination.

Each of the directors of Enbridge must disclose to Enbridge, in writing or by requesting to have it entered in the minutes of meetings of directors or of meetings of committees of directors, the nature and extent of any interest that he or she has in a material contract or material transaction, whether made or proposed, with Enbridge, if the director:

is a party to the contract or transaction;

is a director or an officer, or an individual acting in a similar capacity, of a party to the contract or transaction; or

has a material interest in a party to the contract or transaction.

A director who discloses such a conflict of interest will not vote on any resolution to approve the contract or transaction, unless the contract or transaction relates primarily to his or her remuneration as a director, officer, employee, agent or mandatory of Enbridge or an affiliate, is for indemnity or insurance of directors of Enbridge, or is with an affiliate of Enbridge.

Where Enbridge enters into a material contract or transaction with a director of Enbridge, or with another

hand, the General Partner will resolve that conflict. Any resolution or course of action with respect to such conflict shall be permitted and deemed approved by all partners, and shall not constitute a breach of EEP's Partnership Agreement, of any agreement contemplated thereby or of any duties stated or implied by law or equity, if the resolution of the conflict is or is deemed by EEP's Partnership Agreement to be fair and reasonable to EEP. The General Partner will consider the fair and reasonable nature of any transaction, arrangement or resolution of a conflict of interest in the context of all similar and related transactions.

In resolving a conflict, the General Partner may consider:

the relative interests of any action that is required or permitted to be taken by the limited partners may be taken either at a meeting of the limited partners or without a meeting if consents in writing describing the action so taken are signed by holders of the number of units as would be necessary to authorize or take that action at a meeting at which all the limited partners were present and voted.

any customary or accepted industry practices and any customary or historical dealings with a particular person;

any applicable generally accepted accounting or engineering practices or principles; and

disclosure of the interest was made as described above;

the directors of Enbridge approved the contract or transaction; and

For example, EEP's Partnership Agreement permits the General Partner to make a number of decisions in its sole discretion or discretion that it deems necessary or appropriate. This entitles the General Partner to consider only the interests and factors that it desires and it has no duty or obligation to give any consideration to any interest of, or factors affecting, EEP or any of its subsidiaries, affiliates, limited

the contract or transaction is approved or confirmed by special resolution at a meeting of the Enbridge shareholders;

disclosure of the interest was made to the Enbridge shareholders in a manner sufficient to indicate its nature before the contract or transaction was approved or confirmed; and

the contract or transaction was reasonable and fair to Enbridge when it was approved or confirmed.

In addition, directors of Enbridge are required to certify compliance with Enbridge's Statement on Business Conduct on an annual basis.

Enbridge shareholders are not required to disclose their interests in shares of Enbridge, except in limited circumstances, including when nominating a candidate for election as a director, making certain other shareholder proposals or requisitioning a meeting of shareholders in accordance with each of the Canada Corporations Act and Enbridge's by-laws.

In addition, pursuant to applicable Canadian securities laws, an Enbridge shareholder is required to disclose their interest in Enbridge's shares where such shareholder's holdings equal or exceed 10% of the voting rights attached to the voting securities.

Indemnitees are generally permitted to compete with EEP or any subsidiary, except for certain restrictions on the General Partner, and are not restricted from engaging in such business. Neither EEP nor any limited partner or assignee shall have any rights by virtue of EEP's Partnership Agreement or the partnership relationship established thereby in any business ventures of such indemnitee.

DESCRIPTION OF ENBRIDGE COMMON SHARES

In this section, the terms Corporation and Enbridge refer only to Enbridge Inc. and not to its subsidiaries, partnerships or joint venture interests. The following sets forth the terms and provisions of Enbridge common shares. The following description is subject to, and qualified by reference to, the terms and provisions of Enbridge's articles and by-laws. Enbridge is authorized to issue an unlimited number of Enbridge common shares.

Enbridge Common Shares

Under the dividend reinvestment and share purchase plan of the Corporation, registered shareholders may reinvest their dividends in additional common shares of the Corporation or make optional cash payments to purchase additional common shares, in either case, free of brokerage or other charges.

Shareholder Rights Plan

The Corporation has a shareholder rights plan (the Shareholder Rights Plan) that is designed to encourage the fair treatment of shareholders in connection with any take over bid for the Corporation. Rights issued under the Shareholder Rights Plan become exercisable when a person, and any related parties, acquires or announces the intention to acquire 20% or more of the Corporation's outstanding common shares without complying with certain provisions set out in the Shareholder Rights Plan or without approval of the board of directors of the Corporation. Should such an acquisition or announcement occur, each rights holder, other than the acquiring person and its related parties, will have the right to purchase common shares of the Corporation at a 50% discount to the market price at that time. For further particulars, reference should be made to the Shareholder Rights Plan, a copy of which may be obtained by contacting the Director, Investor Relations, Enbridge, 200, 425-1st Street S.W., Calgary, Alberta T2P 3L8, Canada; telephone: 1-800-481-2804; fax: 1-403-231-5780; email: investor.relations@enbridge.com.

UNITHOLDER/SHAREHOLDER PROPOSALS

EEP

Under the DRULPA and the EEP Partnership Agreement, EEP is not required to hold an annual meeting of EEP unitholders (*i.e.*, the limited partners of EEP). Ownership of Class A common units does not entitle EEP unitholders to make proposals at the special meeting. Under the EEP Partnership Agreement, only the General Partner or limited partners owning 20% or more of the outstanding EEP units of the class for which a meeting is proposed may call a meeting. In any case, limited partners are not allowed to vote on matters that would cause the limited partners to be deemed to be taking part in the management and control of the business and affairs of EEP so as to jeopardize the limited partners' limited liability under the DRULPA or the law of any other state in which EEP is qualified to do business.

Enbridge

Shareholder proposals submitted pursuant to the rules of the SEC under the Exchange Act for inclusion in Enbridge's proxy materials for its annual meeting of shareholders to be held in 2019 must be received no later than November 28, 2018. Such proposals must also comply with all applicable provisions of Exchange Act Rule 14a-8.

Shareholder proposals submitted pursuant to applicable provisions of the Canada Corporations Act that an Enbridge shareholder intends to present at the Enbridge 2019 annual meeting of shareholders and wishes to be considered for inclusion in Enbridge's proxy statement and proxy form for the Enbridge 2019 annual meeting of shareholders must be received no later than December 5, 2018. Such proposals must also comply with all applicable provisions of the Canada Corporations Act and the regulations thereunder.

Shareholder proposals must be submitted to the Corporate Secretary of Enbridge at Enbridge's head office located at 200, 425-1st Street S.W., Calgary, Alberta T2P 3L8, Canada. Enbridge will not be required to include in any proxy statement and proxy any shareholder proposal that does not meet all the requirements for such inclusion established by applicable law, including the Exchange Act and the Canada Corporations Act, as the case may be, or pursuant to Enbridge's by-laws. For further information regarding the notice requirements for Enbridge shareholder nominations and proposals, see the section titled *Comparison of Rights of Enbridge Shareholders and EEP Unitholders' Shareholder Proposals and Director Nominations* beginning on page 151.

HOUSEHOLDING

The SEC has adopted rules that permit companies and intermediaries such as brokers to satisfy delivery requirements for proxy statements with respect to two or more unitholders sharing the same address by delivering a single proxy statement addressed to those unitholders. As permitted by the Exchange Act, unless you advised otherwise, if you hold your Class A common units in street name and you and other residents at your mailing address share the same last name and also own Class A common units in an account at the same broker, bank or other nominee, your nominee delivered a single set of proxy materials to your address. This method of delivery is known as householding . Householding reduces the number of mailings you receive, saves on printing and postage costs and helps the environment. EEP unitholders who participate in householding continue to receive separate voting instruction cards and control numbers for voting electronically. A holder of Class A common units who wishes to receive a separate copy of the proxy materials, now or in the future, should submit this request by writing to D.F. King & Co., Inc., 48 Wall Street, 22nd Floor, New York, New York 10005, or calling collect (212) 269-5550 or toll-free (800) 549-6746. Beneficial owners sharing an address who are receiving multiple copies of the proxy materials and wish to receive a single copy of these materials in the future should contact their broker, bank or other nominee to make this request.

Table of Contents**INTRODUCTION TO UNAUDITED PRO FORMA CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**

On September 17, 2018, Enbridge entered into the Merger Agreement, under which Enbridge has agreed to acquire all of the publicly held Class A common units of EEP not already owned by Enbridge or its subsidiaries in a share-for-unit transaction. At the Effective Time, each Class A common unit, other than those held by Enbridge or its subsidiaries, will be converted into the right to receive 0.335 of an Enbridge common share. The value of Enbridge common shares to be provided to the Unaffiliated EEP Unitholders, based on the publicly held units outstanding and the closing price of the Enbridge common shares traded on the TSX as at November 1, 2018, would total approximately C\$3.0 billion.

The accompanying unaudited pro forma condensed consolidated statements of financial position as at September 30, 2018, and the unaudited pro forma condensed consolidated statements of earnings for the nine months ended September 30, 2018, and the year ended December 31, 2017 (collectively, the Unaudited Pro Forma Statements), have been prepared in accordance with generally accepted accounting principles in the United States of America and Regulation S-X. Accounting policies used in the preparation of the Unaudited Pro Forma Statements are consistent with those disclosed in the audited consolidated financial statements of Enbridge and EEP as at and for the year ended December 31, 2017, and the unaudited consolidated financial statements of Enbridge and EEP as at and for the nine months ended September 30, 2018. The note disclosure requirements of annual consolidated financial statements provide additional disclosures to that required for pro forma condensed consolidated financial statements.

In addition to the Merger, the unaudited pro forma condensed consolidated statements of earnings for the nine months ended September 30, 2018, and the year ended December 31, 2017 give effect to the Midcoast Transaction and the Other Merger Transactions (each, as defined and described below), and the unaudited pro forma condensed consolidated statements of financial position as at September 30, 2018 give effect to the Merger and the Other Merger Transactions (but not the Midcoast Transaction, which was completed prior to September 30, 2018):⁽¹⁾

As disclosed in Enbridge's Current Report on Form 8-K filed on August 1, 2018, Enbridge's indirect subsidiary, Enbridge (U.S.) Inc. closed the sale of its indirect subsidiary Midcoast Operating, L.P. and its subsidiaries (collectively, Midcoast), and such transaction, the Midcoast Transaction) to AL Midcoast Holdings, LLC for cash proceeds of approximately US\$1.1 billion less deposits and other customary closing items.

On August 24, 2018, Enbridge entered into a definitive agreement to acquire all of the outstanding public common units of Spectra Energy Partners, LP (SEP), and on September 17, 2018, Enbridge entered into separate definitive agreements to acquire all of the outstanding public shares of Enbridge Energy Management, L.L.C. (EEQ) and Enbridge Income Fund Holdings Inc. (ENF) (collectively, and not including the Merger, the Other Merger Transactions). The outstanding common units of SEP, listed shares of EEQ and common shares of ENF, in each case not owned by Enbridge or its subsidiaries, are referred to herein as the outstanding public securities of such entities.

The Unaudited Pro Forma Statements included herein have been derived from available preliminary information, certain assumptions that Enbridge believes are reasonable under the circumstances and the audited consolidated financial statements of Enbridge as of and for the year ended December 31, 2017, and the unaudited consolidated interim financial statements of Enbridge as of and for the nine months ended September 30, 2018.

- (1) The Unaudited Pro Forma Statements do not give effect to the sale of the provincially regulated portion of Enbridge's Canadian natural gas gathering and processing businesses to Brookfield Infrastructure Partners L.P. and its institutional partners on October 1, 2018, as described in Enbridge's Quarterly Report on Form 10-Q for the quarter ended September 30, 2018, incorporated by reference herein.

The pro forma adjustments have been prepared as if the Merger and the Other Merger Transactions occurred on September 30, 2018, in the case of the unaudited pro forma condensed consolidated statements of financial position, and on January 1, 2017, in the case of the unaudited pro forma condensed consolidated statements of earnings for the nine months ended September 30, 2018 and the year ended December 31, 2017. In addition, the pro forma adjustments, in the case of the unaudited pro forma condensed consolidated statements of earnings for the nine months ended September 30, 2018 and the year ended December 31, 2017 have been prepared as if the Midcoast Transactions occurred on January 1, 2017. The Unaudited Pro Forma Statements should be read in conjunction with the related notes, which are included herein, and the financial statements and notes included in Enbridge's Annual Report on Form 10-K for the year ended December 31, 2017, Enbridge's Quarterly Report on Form 10-Q for the three months ended September 30, 2018, EEP's Annual Report on Form 10-K for the year ended December 31, 2017, and EEP's Quarterly Report on Form 10-Q for the three months ended September 30, 2018, each incorporated by reference herein.

Because Enbridge controls SEP, EEP, EEQ and Enbridge Income Fund (EIF) (a consolidated subsidiary of Enbridge with its noncontrolling interests held by ENF, whose business is limited to its investment in EIF) before and after the Merger and Other Merger Transactions, if consummated, the changes in Enbridge's ownership interest in SEP, EEP, EEQ and ENF will be accounted for as equity transactions and no gains or losses will be recognized in Enbridge's condensed consolidated statements of earnings resulting from such transactions. In addition, the tax effects of such transactions are presented in additional paid-in capital. Since the Enbridge historical financial information includes the accounts of SEP, EEP and EEQ, the historical financial information of those entities has not been shown separately. The pro forma adjustments related to the historical balances of ENF (an equity investment of Enbridge), after inter-company eliminations, are included in the Other Merger Transactions Adjustments column in the Unaudited Pro Forma Statements.

The Unaudited Pro Forma Statements do not necessarily reflect what Enbridge's financial position and results of operations would have been if it had wholly owned EEP during the periods presented or had consummated the Midcoast Transaction and/or Other Merger Transactions as at the date to which such transactions are given effect. In addition, they are not necessarily indicative of its future results of operations or financial condition. The assumptions and adjustments give pro forma effect to events that are (i) directly attributable to Enbridge's transactions with EEP, the Midcoast Transaction and the Other Merger Transactions, (ii) factually supportable and (iii) with respect to the unaudited pro forma condensed consolidated statements of earnings, expected to have a continuing impact on Enbridge. The actual adjustments may differ from the pro forma adjustments.

NOTES TO THE PRO FORMA CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

(Unaudited)

BASIS OF PRESENTATION

The pro forma adjustments are based on the best information available and assumptions that we believe are factually supportable and directly attributable to the related transactions; however, such adjustments are subject to change. In addition, with respect to the unaudited pro forma condensed consolidated statements of earnings, pro forma adjustments have been made only for items that are expected to have a continuing impact on the consolidated results.

The Unaudited Pro Forma Statements are for illustrative and informational purposes only and are not intended to reflect what Enbridge's consolidated statements of earnings would have been had the Merger, the Midcoast Transaction and the Other Merger Transactions occurred on the dates indicated and are not necessarily indicative of Enbridge's future consolidated statements of earnings.

The pro forma adjustments to the condensed consolidated statements of earnings, where applicable, have been translated from the United States Dollar to the Canadian Dollar using the year-to-date average rate for the period presented, except for impairments, which have been translated at the monthly average rate for the month incurred. The pro forma adjustments to the condensed consolidated statement of financial position, where applicable, have been translated from the United States Dollar to the Canadian Dollar using the spot rate as at September 30, 2018.

The impact of the Midcoast Transaction is included in the Midcoast Transaction Adjustments column in the unaudited pro forma condensed consolidated statements of earnings for the nine months ended September 30, 2018, and the year ended December 31, 2017, and the impact of the Other Merger Transactions is included in the Other Merger Transactions Adjustments column in the Unaudited Pro Forma Statements. These adjustments have been prepared on the same basis as the Merger.

For the purpose of calculating the pro forma Basic and Diluted earnings per common share attributable to common shareholders, the historical weighted average number of Enbridge common shares outstanding during the period have been adjusted to give pro forma effect to the number of Enbridge common shares required to acquire the public securities of SEP, EEP, EEQ and ENF as at November 1, 2018.

Table of Contents

The following is the estimated consideration for the Merger and Other Merger Transactions (in millions of Canadian dollars, except per unit/share amounts).

2. Refer to note (v) below for further details on the exchange ratios.
3. Reflects publicly held EEP, EEQ, SEP and ENF shares or units, as applicable, as of November 1, 2018.
4. A C\$1 increase in the price of an Enbridge common share would increase the total consideration by approximately C\$296, and decrease the additional paid-in capital by approximately C\$258 for purposes of these Unaudited Pro Forma Statements.

EEP unitholders will receive 0.335 of an Enbridge common share per each EEP Class A common unit. - (k) Reflects the issuance of Enbridge common shares in exchange for the outstanding public securities of EEQ, SEP and ENF, and cash payment in exchange for ENF common shares. As part of the Other Merger Transactions, holders of the outstanding public securities of EEQ, SEP and ENF will receive 0.335, 1.111 and 0.735, respectively, of an Enbridge common share per each of their outstanding public securities. In addition, unaffiliated ENF shareholders will receive a cash payment of C\$0.45 per ENF common share held by such shareholders, as well as the entitlement to receive the dividends on Enbridge common shares, as further described in the Enbridge's Current Report on Form 8-K filed on November 8, 2018. For the purposes of determining the cash paid per ENF common share, it has been assumed that the ENF transaction will close prior to Enbridge declaring a dividend on the Enbridge common shares and ENF declaring a dividend on the ENF common shares. The value of Enbridge common shares to be provided has been calculated using the outstanding number of public

securities of EEQ, SEP and ENF, as applicable, and the closing share price of Enbridge common shares traded on TSX as at November 1, 2018.

Upon surrender to the Exchange Agent of a Certificate (or satisfaction of the conditions provided in Section 5.7 in lieu of a Certificate) together with a duly executed and completed Letter of Transmittal and such other documents as may reasonably be required pursuant to such instructions, the Surviving Entity shall cause the Exchange Agent to mail to each holder of record of any such Certificate in exchange therefore, as promptly as reasonably practicable thereafter, (x) a statement reflecting the number of whole shares of Parent Common Stock, if any, that such holder is entitled to receive pursuant to ARTICLE IV in the name of such record holder and (y) a check in the amount (after giving effect to any required Tax withholdings as provided in Section 5.8) of (A) any cash in lieu of fractional shares *plus* (B) any unpaid dividends or other distributions that such holder has the right to receive pursuant to this ARTICLE V. Any Certificate that has been so surrendered shall be cancelled by the Exchange Agent.

Certificate and a book-entry account shall not receive the notice, statement and check contemplated by the immediately preceding sentence with respect to such Eligible Unit, but shall surrender the applicable Certificate in accordance with the procedures set forth in Section 5.2(a) to receive the Merger Consideration and any other amounts due under this Agreement with respect to such Eligible Unit, and no additional Merger Consideration or other amounts under this Agreement will accrue or be payable to the duplicative book-entry account for such Eligible Unit.

(c) With respect to Book-Entry Units held through DTC, Parent and the Partnership shall cooperate to establish procedures with the Exchange Agent and DTC to ensure that the Exchange Agent will transmit to DTC or its nominees as soon as reasonably practicable on or after the Closing Date, upon surrender of Eligible Units held of record by DTC or its nominees in accordance with DTC's customary surrender procedures, the Merger Consideration, cash in lieu of fractional shares of Parent Common Stock, if any, and any unpaid dividends or other distributions, in each case, that such holder has the right to receive pursuant to this ARTICLE V.

(d) No interest will be paid or accrued on any amount payable for Eligible Units pursuant to this ARTICLE V.

5.3 Distributions with Respect to Unsurrendered Certificates. All shares of Parent Common Stock to be issued pursuant to the Merger shall be deemed issued and outstanding as of the Effective Time and whenever a dividend or other distribution is declared by Parent in respect of the Parent Common Stock, the record date for which is at or after the Effective Time, that declaration shall include dividends or other distributions in respect of all shares issuable pursuant to this Agreement. Subject to Section 5.5, no dividends or other distributions in respect of shares of Parent Common Stock shall be paid to any holder with respect to any unsurrendered Certificate until the Certificate (or satisfaction of the conditions provided in Section 5.7 in lieu of a Certificate) is surrendered for exchange in accordance with this ARTICLE V. From and after the Effective Time, the holders of Certificates or Book-Entry Units shall cease to have any rights with respect to such Eligible Units except as otherwise provided herein or by applicable Law. If, after the Effective Time, Certificates are presented to the Surviving Entity for any reason, they shall be cancelled and exchanged as provided in this Agreement.

(b) With respect to Certificates, in the event of a transfer of ownership of any Certificate that is not registered in the transfer books of the Partnership as of the Effective Time, the proper number of shares of Parent Common Stock, together with a check for any cash (after giving effect to any required Tax withholdings as provided in Section 5.8) to be paid upon due surrender of the Certificate and any dividends or distributions in respect thereof, may be issued or paid to such a transferee if the Certificate is presented to the Exchange Agent, accompanied by all documents required to evidence and effect such transfer and to evidence that any applicable stock transfer Taxes have been paid or are not applicable, in each case, in form and substance, reasonably satisfactory to the Exchange Agent. Until surrendered as contemplated by this Section 5.4, each Certificate shall be deemed at any time after the Effective Time to represent only the right to receive the Merger Consideration, cash in lieu of fractional shares of Parent Common Stock, if any, and any unpaid dividends or other distributions, in each case, payable or issuable pursuant to this ARTICLE V.

Table of Contents

5.5 Fractional Shares. Notwithstanding anything in this Agreement to the contrary, no fractional shares of Parent Common Stock will be issued upon the conversion of Class A Common Units pursuant to Section 4.1. All fractional shares of Parent Common Stock that a holder of Eligible Units would be otherwise entitled to receive pursuant to Section 4.1, but for this Section 5.5, shall be aggregated and rounded to three decimal places, and such holder shall be entitled to receive an amount in cash, without interest, rounded down to the nearest cent, equal to the product of (a) the amount of the fractional share interest in a share of Parent Common Stock to which such holder would, but for this Section 5.5, be entitled to receive pursuant to Section 4.1, aggregated and rounded to three decimal points, and (b) an amount equal to the average of the volume-weighted average price per share of Parent Common Stock on the New York Stock Exchange as reported by Bloomberg L.P., or, if not reported therein, in another authoritative source mutually selected by Parent and the Partnership on the Trading Day immediately prior to the Effective Time for ten Trading Days ending on the fifth full Business Day immediately prior to the Closing Date. No holder of Eligible Units shall be entitled by virtue of the right to receive cash in lieu of fractional shares of Parent Common Stock described in this Section 5.5 to any dividends, distributions, voting rights or any other rights in respect of any fractional share of Parent Common Stock. The payment of cash in lieu of fractional shares of Parent Common Stock is not a separately bargained-for consideration but merely represents a mechanical rounding-off of the fractions in the exchange.

5.6 Termination of Exchange Fund. Any portion of the Exchange Fund (including the proceeds of any investments of the Exchange Fund and any shares of Parent Common Stock) that remains unclaimed as of the date that is twelve months following the Effective Time shall be delivered to Parent. Any holder of Eligible Units who has not theretofore complied with this ARTICLE V shall thereafter look only to Parent for delivery of the Merger Consideration, cash in lieu of fractional shares of Parent Common Stock, if any, and any unpaid dividends or other distributions, in each case, that such holder has the right to receive pursuant to this ARTICLE V, in each case, without any interest thereon. Notwithstanding the foregoing, none of the Surviving Entity, Parent, the Exchange Agent or any other Person shall be liable to any former holder of Class A Common Units for any amount properly delivered to a public official pursuant to applicable abandoned property, escheat or similar Laws. Any portion of the Exchange Fund which remains undistributed to the holders of Eligible Units immediately prior to the time at which the Exchange Fund would otherwise escheat to, or become property of, any Governmental Entity, shall, to the extent permitted by Law, become the property of Parent, free and clear of all claims or interest of any Person previously entitled thereto.

5.7 Lost, Stolen or Destroyed Certificates. In the event that any Certificate shall have been lost, stolen or destroyed, upon the making of an affidavit of that fact by the Person claiming such Certificate to be lost, stolen or destroyed and the posting by such Person of a bond in customary amount and upon such terms as may be required as indemnity against any claim that may be made against it with respect to such Certificate, the Exchange Agent will issue in exchange for such lost, stolen or destroyed Certificate, the Merger Consideration, cash in lieu of fractional shares of Parent Common Stock, if any, and any unpaid dividends or other distributions, in each case, payable or issuable pursuant to this ARTICLE V, had such lost, stolen or destroyed Certificate been surrendered.

5.8 Withholding Rights. Each of Parent, the General Partner, Merger Sub, the Partnership, the Exchange Agent and the Surviving Entity shall be entitled to deduct and withhold from the consideration otherwise payable pursuant to this Agreement, without duplication, such amounts, which may include shares of Parent Common Stock, as may be required to be deducted and withheld with respect to the making of such payment under the Code, or any provision of state, local or foreign Tax Law. To the extent that amounts are so withheld by Parent, the General Partner, Merger Sub, the Partnership, the Exchange Agent or the Surviving Entity, as applicable, such withheld amounts (a) shall be

timely remitted by Parent, the General Partner, Merger

Sub, the Partnership, the Exchange Agent or the Surviving Entity, as applicable, to the applicable Governmental Entity, and (b) to the extent such withheld amounts are remitted to the appropriate Governmental Entity, shall be treated for all purposes of this Agreement as having been paid to the holder of Class A Common Units in respect of which such deduction and withholding was made by Parent, the General Partner, Merger Sub, the Partnership, the Exchange Agent or the Surviving Entity, as applicable. If withholding is taken in shares of Parent Common Stock, Parent, the General Partner, Merger Sub, the Partnership, the Surviving Entity and the Exchange Agent, as applicable, shall be treated as having sold such consideration for an amount of cash equal to the fair market value of such consideration at the time of such deemed sale and paid such cash proceeds to the appropriate Governmental Entity.

5.9 Adjustments to Prevent Dilution. Notwithstanding anything in this Agreement to the contrary, if, from the date of this Agreement to the earlier of the Effective Time and termination in accordance with ARTICLE X, the issued and outstanding Class A Common Units or securities convertible or exchangeable into or exercisable for Class A Common Units or the issued and outstanding shares of Parent Common Stock or securities convertible or exchangeable into or exercisable for shares of Parent Common Stock, shall have been changed into a different number of shares or securities or a different class by reason of any reclassification, stock split (including a reverse stock split), stock dividend or distribution, recapitalization, merger, issuer tender or exchange offer, or other similar transaction, or a stock dividend with a record date within such period shall have been declared, then the Merger Consideration (and the Exchange Ratio) shall be equitably adjusted to provide the holders of Class A Common Units and Parent the same economic effect as contemplated by this Agreement prior to such event, and such items so adjusted shall, from and after the date of such event, be the Merger Consideration (and the Exchange Ratio). Nothing in this Section 5.9 shall be construed to permit the Parties to take any action except to the extent consistent with, and not otherwise prohibited by, the terms of this Agreement.

5.10 No Dissenters' Rights. No dissenters' or appraisal rights shall be available with respect to the Merger or the other Transactions.

(ii) Notwithstanding anything in this Agreement to the contrary, prior to the time the Unitholder Approval is obtained, the Special Committee may effect a Change of Recommendation if (A) an unsolicited, *bona fide* written Acquisition Proposal that did not arise from or in connection with a breach of the obligations set forth in Section 8.2(a) is received by the Partnership and is not withdrawn, and (B) the Special Committee determines in good faith, after consultation with outside legal counsel and its financial advisor, that such Acquisition Proposal constitutes a Superior Proposal; provided, however, that a Change of Recommendation may not be made unless and until the Partnership has given Parent written notice of such action and the basis thereof five days in advance (unless at the time such notice is otherwise required to be given there are fewer than five days prior to the expected date of the Partnership Unitholders Meeting, as may be adjusted pursuant to Section 8.4, in which case such notice shall be provided as far in advance as practicable), which notice shall set forth in writing that the Special Committee intends to consider whether to take such action and comply in form, substance and delivery with the provisions of Section 8.2(c). After giving such notice and prior to effecting such Change of Recommendation the Partnership shall negotiate in good faith with Parent (to the extent Parent wishes to negotiate) to make such revisions to the terms of this Agreement as would permit the Special Committee not to effect a Change of Recommendation in response thereto. At the end of the five day period (or such shorter period as is permitted by this Section 8.2(d)(ii)), prior to taking action to effect a Change of Recommendation, the Special Committee shall take into account any changes to the terms of this Agreement proposed by Parent in writing and any other information offered by Parent in response to the notice, and shall have determined in good faith after consultation with outside legal counsel and its financial advisor that the Superior Proposal would continue to constitute a Superior Proposal if such changes offered in writing were to be given effect. Any modification to any Acquisition Proposal will be deemed to be a new Acquisition Proposal for purposes of Section 8.2(c) and this Section 8.2(d)(ii) except that the advance written notice obligation set forth in this Section 8.2(d)(ii) shall be reduced to three days.

(iii) Notwithstanding anything in this Agreement to the contrary, prior to the time the Unitholder Approval is obtained, the Special Committee may effect a Change of Recommendation in response to an Intervening Event if the Special Committee has reasonably determined in good faith, after consultation with outside legal counsel and its financial advisor, that the failure to do so would be materially adverse to the interests of the Partnership or the Public Unitholders or would otherwise be reasonably likely to be inconsistent with its duties under applicable Law or obligations under the Partnership Agreement; provided, however, that a Change of Recommendation may not be made unless and until the Partnership has given Parent written notice of such action and the basis thereof five days in advance (unless at the time such notice is otherwise required to be given there are fewer than five days prior to the expected date of the Partnership Unitholders Meeting, as may be adjusted pursuant to Section 8.4, in which case such notice shall be provided as far in advance as practicable), which notice shall set forth in writing that the Special Committee intends to consider whether to take such action and a reasonably detailed description of such Intervening Event. After giving such notice and prior to effecting such Change of Recommendation the Partnership shall negotiate in good faith with Parent (to the extent Parent wishes to negotiate) to make such revisions to the terms of this Agreement as would permit the Special Committee not to effect a Change of Recommendation in response thereto. At the end of the five day period (or such shorter period as is permitted by this Section 8.2(d)(iii)), prior to taking action to effect a Change of Recommendation, the Special Committee shall take into account any changes to the terms of this Agreement proposed by Parent in writing and any other information offered by Parent in response to the notice, and shall have determined in good faith after consultation with outside legal counsel and its financial advisor that the failure to effect a Change of Recommendation would continue to be materially adverse to the interests of the Partnership or the Public Unitholders or would otherwise be reasonably likely to be inconsistent with its duties under applicable Law or obligations under the Partnership Agreement.

(e) Certain Permitted Disclosure. Nothing contained in this Section 8.2 or elsewhere in this Agreement shall prohibit the Partnership or the Special Committee from disclosures to the Public Unitholders of: (A) a

position contemplated by Rules 14d-9 and 14e-2(a) promulgated under the Exchange Act or (B) any disclosure the Special Committee has reasonably determined in good faith, after consultation with outside legal counsel, that the failure to do so would be materially adverse to the interests of the Partnership or the Public Unitholders or would otherwise be reasonably likely to be inconsistent with its duties under applicable Law or obligations under the Partnership Agreement.

(f) Existing Discussions. The Partnership shall, and shall cause its Subsidiaries and Representatives to, immediately cease and cause to be terminated any existing activities, discussions or negotiations with any Person conducted heretofore with respect to any Acquisition Proposal, or proposal that would reasonably be expected to lead to an Acquisition Proposal. The Partnership shall promptly deliver a written notice to each such Person providing only that the Partnership is ending all discussions and negotiations with such Person with respect to any Acquisition Proposal, or proposal or transaction that would reasonably be expected to lead to an Acquisition Proposal and informing such Persons of the obligations undertaken in this Section 8.2 which notice shall also request the prompt return or destruction of all confidential information concerning the Partnership and any of its Subsidiaries heretofore furnished to such Person by or on behalf of the Partnership or any of its Subsidiaries, as applicable.

8.3 Prospectus/Proxy Filing: Information Supplied.

(a) As promptly as reasonably practicable after the date of this Agreement, the Partnership shall prepare and file with the SEC the proxy statement relating to the Partnership Unitholders Meeting (as amended or supplemented from time to time, the Proxy/Prospectus), and Parent shall prepare and file with the SEC, Parent's registration statement on Form S-4 (as amended or supplemented from time to time, the Registration Statement), with the Proxy/Prospectus constituting a part thereof). Parent and the Partnership each shall use its reasonable best efforts to respond promptly to comments from the SEC and have the Registration Statement declared effective under the Securities Act as promptly as reasonably practicable after such filing, to promptly thereafter mail the Proxy/Prospectus (including the Registration Statement) to the Limited Partners, and to maintain the effectiveness of the Registration Statement for as long as necessary to consummate the Transactions or until this Agreement is terminated in accordance with its terms.

(b) Each of the Partnership and Parent shall promptly notify the other of the receipt of all comments from the SEC and of any request by the SEC for any amendment or supplement to the Registration Statement or the Proxy/Prospectus or for additional information and shall promptly provide to the other copies of all correspondence between it or any of its Representatives and the SEC with respect to the Registration Statement or Proxy/Prospectus.

(c) Each of the Partnership Parties and Parent agrees, as to itself and its Subsidiaries, that none of the information supplied or to be supplied by it or its Subsidiaries for inclusion or incorporation by reference in (i) the Registration Statement will, at the time the Registration Statement becomes effective under the Securities Act, contain any untrue statement of a material fact or omit to state any material fact required to be stated therein or necessary to make the statements therein, in light of the circumstances under which they were made, not misleading, and (ii) the Proxy/Prospectus and any amendment or supplement thereto will, at the date of mailing to the Limited Partners and at the time of the Partnership Unitholders Meeting, contain any untrue statement of a material fact or omit to state any material fact required to be stated therein or necessary in order to make the statements therein, in light of the circumstances under which they were made, not misleading. Each of the Partnership and Parent further agrees that, if prior to the Closing Date, it should become aware of any information that would cause any of the statements in the Proxy/Prospectus or the Registration Statement to be false or misleading with respect to any material fact, or omit to state any material fact necessary to make the statements therein (in light of the circumstances under which they were made, in the case of the Proxy/Prospectus) not false or misleading, it will promptly inform the other Party thereof and, subject to Section 8.3(d), take the steps necessary to correct such information in an amendment or supplement to the Proxy/Prospectus or the Registration Statement.

(d) Each of Parent and the Partnership will provide the other Party and their respective legal counsel with a reasonable opportunity to review and comment on drafts of the Proxy/Prospectus, the Registration Statement and other documents related to the Partnership Unitholders Meeting or the issuance of the shares of Parent Common Stock in respect of the Merger, prior to filing such documents with the applicable Governmental Entity and mailing such documents to the Limited Partners of the Partnership. Each Party will include in the Proxy/Prospectus, the Registration Statement and such other documents related to the Partnership Unitholders Meeting or the issuance of the shares of Parent Common Stock in respect of the Merger all comments reasonably and promptly proposed by the other Party or its legal counsel and each agrees that all information relating to Parent and its Subsidiaries included in the Proxy/Prospectus and the Registration Statement shall be in form and content satisfactory to Parent, acting reasonably, and all information relating to the Partnership and its Subsidiaries included in the Proxy/Prospectus and the Registration Statement shall be in form and content satisfactory to the Partnership, acting reasonably.

8.4 Unitholders Meeting.

(a) The Partnership will take, in accordance with applicable Law and its Organizational Documents, all action necessary to convene the Partnership Unitholders Meeting as promptly as reasonably practicable after the Registration Statement is declared effective and the SEC advises it has no further comments on the Proxy/Prospectus to consider and vote upon the approval of this Agreement and to cause such vote to be taken, and shall not postpone or adjourn such meeting except to the extent required by Law or pursuant to Section 8.4(b). Notwithstanding the foregoing, if the partnership delivers a notice of an intent to make a Change of Recommendation pursuant to Section 8.2(d)(ii) or Section 8.2(d)(iii) within the five days prior to the Original Date or any date that the Partnership Unitholders Meeting is scheduled to be held thereafter in accordance with the terms of this Section 8.4, if directed by Parent, the Partnership shall as promptly as practicable thereafter postpone or adjourn the Partnership Unitholders Meeting for up to ten days in accordance with Parent's direction. Subject to Section 8.2 of this Agreement, the Partnership Board shall recommend such approval and shall take all lawful action to solicit such approval.

(b) The Partnership agrees (i) to provide Parent reasonably detailed periodic updates concerning proxy solicitation results on a timely basis (including, if requested, promptly providing daily voting reports) and (ii) to give written notice to Parent one day prior to the Partnership Unitholders Meeting and, if requested, on the day of, but prior to, the Partnership Unitholders Meeting, indicating whether as of such date sufficient proxies representing the Unitholder Approval have been obtained. Notwithstanding the foregoing, if, on a date that is two Business Days prior to the date the Partnership Unitholders Meeting is scheduled (in either case, the **Original Date**), (A) the Partnership has not received proxies representing the Unitholder Approval, whether or not a quorum is present or (B) it is necessary to ensure that any supplement or amendment to the Proxy/Prospectus is required to be delivered, the Partnership may, or if Parent so requests, shall, postpone or adjourn, or make one or more successive postponements or adjournments of, the Partnership Unitholders Meeting as long as the date of the Partnership Unitholders Meeting is not postponed or adjourned more than ten days in connection with any one postponement or adjournment or more than an aggregate of twenty days from the Original Date in reliance on the preceding sentence.

(c) Without limiting the generality of the foregoing, the Partnership agrees that its obligation to hold the Partnership Unitholders Meeting pursuant to this Section 8.4(c) shall not be affected by the making of a Change of Recommendation and its obligations pursuant to this Section 8.4(c) shall not be affected by the commencement of or announcement or disclosure of or communication to the Partnership of any Acquisition Proposal. The Partnership agrees that it shall not submit to the vote of the Limited Partners any Acquisition Proposal (whether or not a Superior Proposal) prior to the vote of the Partnership's Limited Partners with respect to the Unitholder Approval at the Partnership Unitholders Meeting.

Table of Contents**8.5 Cooperation; Efforts to Consummate.**

(a) On the terms and subject to the conditions of this Agreement, each of the Partnership and Parent shall cooperate with each other and use (and shall cause their respective Subsidiaries to use) its respective reasonable best efforts to take or cause to be taken all actions, and do or cause to be done all things, reasonably necessary, proper or advisable on its part under this Agreement and applicable Law to consummate and make effective the Transactions as soon as reasonably practicable, including (i) preparing and filing as promptly as reasonably practicable all documentation to effect all necessary notices, reports and other filings (including by filing as promptly as reasonably practicable after the date of this Agreement the notification and report form required under the HSR Act), (ii) obtaining as promptly as reasonably practicable all consents, registrations, approvals, permits and authorizations necessary or advisable to be obtained from any third party or any Governmental Entity in order to consummate the Transactions and (iii) defending any Proceedings challenging this Agreement or the Transactions and seeking to have lifted or rescinded any injunction or restraining order or other order adversely affecting the ability of the Parties to consummate the Merger and the Transactions. Notwithstanding the foregoing, nothing in this Agreement will require any Party to hold separate or make any divestiture of any asset or otherwise agree to any restriction on its operations or other condition in order to obtain any consent or approval or other clearance required by this Agreement.

(b) Subject to applicable Law relating to the exchange of information, Parent shall have the right to direct all matters with any Governmental Entity consistent with its obligations hereunder; provided that Parent and the Partnership Parties shall have the right to review in advance and, to the extent reasonably practicable, each will consult with the other on and consider in good faith the views of the other in connection with, all of the information relating to Parent or the Partnership Parties, as applicable, and any of their respective Subsidiaries, that appears in any filing made with, or written materials submitted to, any third party or any Governmental Entity in connection with the Transactions (including the Proxy/Prospectus). Neither the Partnership Parties nor Parent shall permit any of its officers or other Representatives to participate in any meeting with any Governmental Entity in respect of any filings, investigation or other inquiry relating to the Transactions unless it consults with the other Parties in advance and, to the extent permitted by such Governmental Entity, gives the other Parties the opportunity to attend and participate thereat. The Partnership Parties shall not agree to any actions, restrictions or conditions with respect to obtaining any consents, registrations, approvals, permits, expirations of waiting periods or authorizations in connection with the Transactions without the prior written consent of Parent (which consent, subject to this Section 8.5, may be withheld in Parent's sole discretion). In exercising the foregoing rights, each of the Partnership Parties and Parent shall act reasonably and as promptly as reasonably practicable.

8.6 Status; Notifications. Subject to applicable Law and as otherwise required by any Governmental Entity, the Partnership and Parent each shall keep the other apprised of the status of matters relating to the consummation of the Transactions, including promptly furnishing the other with copies of notices or other communications received by the Parent Parties or the Partnership Parties, as applicable, or any of their respective Subsidiaries, from any third party or any Governmental Entity with respect to the Transactions. The Partnership and Parent each shall give prompt notice to the other of any Effect that has had or would reasonably be expected to have a Partnership Material Adverse Effect or Parent Material Adverse Effect, as applicable, or of any failure of any condition to the other Party's obligation to consummate the Transactions; provided that the delivery of any notice pursuant to this Section 8.6 shall not affect or be deemed to modify any representation, warranty, covenant, right, remedy, or condition to any obligation of any Party or update the Partnership Disclosure Letter or Parent Disclosure Letter, as applicable.

8.7 Information; Access and Reports.

(a) Subject to applicable Law and the other provisions of this Section 8.7, the Partnership and Parent each shall (and shall cause its Subsidiaries to), upon request by the other Party, furnish the other Party and its Representatives with all

information concerning itself, its Subsidiaries, directors, officers and stockholders and

such other matters as may be required in connection with the Proxy/Prospectus, the Registration Statement or any other statement, filing, notice or application made by or on behalf of Parent, the Partnership or any of their respective Subsidiaries to any Governmental Entity in connection with the Transactions.

(b) The foregoing provisions of this Section 8.7 shall not require and shall not be construed to require either the Partnership or Parent to permit any access to any of its officers, employees, agents, contracts, books or records, or its properties, offices or other facilities, or to permit any inspection, review, sampling or audit, or to disclose or otherwise make available any information that in the reasonable judgment of the Partnership or Parent, as applicable, would (i) violate the terms of any confidentiality provisions in any agreement with a third party entered into prior to the date of this Agreement; (ii) result in a violation of applicable Law; (iii) waive the protection of any attorney-client privilege; or (iv) result in the disclosure of any personal information that would expose the Party to the risk of liability.

(c) No exchange of information or investigation by Parent or its Representatives shall affect or be deemed to affect, modify or waive the representations and warranties of the Partnership Parties set forth in this Agreement, and no investigation by the Partnership or its Representatives shall affect or be deemed to affect, modify or waive the representations and warranties of the Parent Parties or Merger Sub set forth in this Agreement.

8.8 Stock Exchange Listing and Delisting. Parent shall use its reasonable best efforts to cause the shares of Parent Common Stock to be issued in the Merger to be approved for listing on the NYSE and the TSX, subject to official notice of issuance, prior to the Closing Date. Prior to the Closing Date, the Partnership shall cooperate with Parent and use reasonable best efforts to take, or cause to be taken, all actions, and do or cause to be done all things, reasonably necessary, proper or advisable on its part under applicable Law and rules and policies of the NYSE to enable the delisting by the Surviving Entity of the Class A Common Units from the NYSE and the deregistration of the Class A Common Units under the Exchange Act as promptly as practicable after the Effective Time.

8.9 Expenses. Except as otherwise provided in this Section 8.9 or Section 10.6, whether or not the Merger is consummated, all costs and expenses incurred in connection with the preparation, negotiation, execution and performance of this Agreement and the Transactions, including all fees and expenses of its Representatives, shall be paid by the Party incurring such expense, except that Parent shall pay for (a) any filing fees with respect to the Registration Statement, (b) the costs and expenses of printing and mailing of the Proxy/Prospectus and (c) any filing fees in connection with the HSR Act.

8.10 Indemnification; Directors and Officers Insurance.

(a) From and after the Effective Time, to the fullest extent permitted under applicable Law, each of Parent and the Surviving Entity agrees that it will jointly and severally (i) indemnify, defend and hold harmless each present and former (determined as of the Effective Time) director and officer of the Partnership, the GP Delegate and the General Partner, in each case, when acting in such capacity (including the heirs, executors and administrators of any such director or officer, the Indemnified Parties), against any costs or expenses (including reasonable attorneys' fees), judgments, fines, penalties, sanctions, losses, claims, damages or liabilities incurred and amounts paid in settlement (including all interest, assessments and other charges paid or payable in connection with or in respect of any thereof) in connection with, arising out of or otherwise related to any acts or omissions or actual or threatened Proceeding, in each case in connection with, arising out of or otherwise related to matters existing or occurring at or prior to the Effective Time, whether asserted or claimed prior to, at or after the Effective Time, including in connection with (A) the Transactions, and (B) actions to enforce this provision or any other indemnification or advancement right of any Indemnified Party, and (ii) advance expenses as incurred in each case described in clause (i) to the fullest extent permitted under applicable Law; provided that any Person to whom expenses are advanced provides an undertaking to

repay such advances if it is ultimately determined by a final and non-appealable judgment entered by a court of competent jurisdiction that such Person is not entitled to indemnification.

(b) Parent shall maintain in effect, or cause to be maintained in effect, (i) the insurance liability coverage of the existing directors and officers insurance policies for directors and officers of the GP Delegate, and (ii) the Partnership's existing fiduciary liability insurance policies (collectively, the **D&O Insurance**) in place as of the date of this Agreement, in each case, for a claims reporting or discovery period of six years from and after the Effective Time (the **Tail Period**), with terms, conditions and limits of liability that are at least as favorable to the insureds as provided in the existing policies providing such coverage as of the date of this Agreement; provided, however, that in no event during the Tail Period shall Parent be required to expend more on the annual cost of the D&O Insurance than an amount per year equal to 300 percent of the current annual premiums charged to the Partnership by Parent for such insurance; and provided, further, that if the cost of such insurance coverage exceeds such amount, the Surviving Entity shall have the option to obtain a policy with the greatest coverage available for a cost not exceeding such amount. If Parent in its sole discretion elects, then, in lieu of the obligations of the Surviving Entity under this Section 8.10(b), Parent may, but shall be under no obligation to, prior to the Effective Time, obtain and fully pay the premium for tail insurance policies for the extension of the D&O Insurance for the Tail Period with respect to matters existing or occurring at or prior to the Effective Time (including in connection with this Agreement or the Transactions).

(c) Any Indemnified Party wishing to claim indemnification under this Section 8.10, upon learning of any such Proceeding, shall promptly notify Parent thereof in writing, but the failure to so notify shall not relieve Parent or the Surviving Entity of any liability it may have to such Indemnified Party, except to the extent such failure materially prejudices the indemnifying party. In the event of any Proceeding: (i) Parent or the Surviving Entity shall have the right to assume the defense thereof (it being understood that by electing to assume the defense thereof, neither Parent nor the Surviving Entity will be deemed to have waived any right to object to the Indemnified Party's entitlement to indemnification hereunder with respect thereto or assumed any liability with respect thereto), except that if Parent or the Surviving Entity elects not to assume such defense or legal counsel or the Indemnified Party advises that there are issues which raise conflicts of interest between Parent or the Surviving Entity and the Indemnified Party, the Indemnified Party may retain legal counsel satisfactory to them, and Parent or the Surviving Entity shall pay all reasonable and documented fees and expenses of such legal counsel for the Indemnified Party promptly as statements therefor are received; provided, however, that Parent and the Surviving Entity shall be obligated pursuant to this Section 8.10(c) to pay for only one firm of legal counsel for all Indemnified Parties with respect to any Proceeding in any jurisdiction unless the use of one legal counsel for such Indemnified Parties would present such legal counsel with a conflict of interest (provided that the fewest number of legal counsels necessary to avoid conflicts of interest shall be used); (ii) the Indemnified Parties shall cooperate in the defense of any such matter if Parent or the Surviving Entity elects to assume such defense, and Parent and the Surviving Entity shall cooperate in the defense of any such matter if Parent or the Surviving Entity elects not to assume such defense; (iii) the Indemnified Parties shall not be liable for any settlement effected without their prior written consent (which consent shall not be unreasonably withheld, conditioned or delayed) if Parent or the Surviving Entity elects to assume such defense and Parent and the Surviving Entity shall not be liable for any settlement effected without their prior written consent (which consent shall not be unreasonably withheld, conditioned or delayed) if Parent or the Surviving Entity elects not to assume such defense; and (iv) all rights to indemnification in respect of any such Proceedings shall continue until final disposition of all such Proceedings.

(d) During the Tail Period, Parent shall honor (and shall cause the General Partner, the GP Delegate and the Surviving Entity to honor) all rights to indemnification, elimination of liability and exculpation from liabilities for acts or omissions occurring at or prior to the Effective Time and rights to advancement of expenses relating thereto as in effect as of the date of this Agreement in favor of any Indemnified Party as provided in the Organizational Documents of the General Partner, the GP Delegate, the Partnership or any of their respective Subsidiaries or any indemnification agreement between such Indemnified Party and the General Partner, the GP Delegate, the Partnership or any of their respective Subsidiaries, in each case, as in effect on the date of this Agreement, and all of such rights shall survive the Transactions unchanged and shall not be amended, restated, repealed or otherwise modified in any manner that would

adversely affect any right thereunder of any such Indemnified Party.

(e) If Parent, the General Partner, the GP Delegate or the Surviving Entity or any of their respective successors or assigns (i) shall consolidate with or merge into any other Person and shall not be the continuing or surviving Person of such consolidation or merger or (ii) shall transfer all or substantially all of its properties and assets to any Person, then, and in each such case, proper provisions shall be made so that the successors and assigns of Parent, the General Partner, the GP Delegate or the Surviving Entity, as applicable, shall assume all of the obligations set forth in this Section 8.10.

(f) The rights of the Indemnified Parties under this Section 8.10 are in addition to any rights such Indemnified Parties may have under the Organizational Documents of the General Partner, the GP Delegate, the Partnership or any of their respective Subsidiaries, or under any applicable Contracts or Laws, and nothing in this Agreement is intended to, shall be construed to or shall release, waive or impair any rights to directors and officers insurance claims under any policy that is or has been in existence with respect to the General Partner, the GP Delegate, the Partnership or any of their respective Subsidiaries for any of their respective directors, officers or other employees (it being understood that the indemnification provided for in this Section 8.10 is not prior to or in substitution of any such claims under such policies).

(g) This Section 8.10 is intended to be for the benefit of, and from and after the Effective Time shall be enforceable by, each of the Indemnified Parties, who shall be third-party beneficiaries of this Section 8.10. Any right of an Indemnified Party pursuant to this Section 8.10 shall not be amended, repealed, terminated or otherwise modified at any time in a manner that would adversely affect the rights of such Indemnified Party as provided herein.

8.11 Takeover Statutes. If any fair price , moratorium , control share acquisition or other similar anti-takeover statute or regulation is or may become applicable to the Transactions, each of Parent and the Partnership and the Parent Board and the Partnership Board, respectively, shall grant such approvals and use reasonable best efforts to take such actions as are necessary so that the Transactions may be consummated as promptly as practicable on the terms contemplated by this Agreement and otherwise act to eliminate or minimize the effects of such statute or regulation on the Transactions.

8.12 Distributions.

(a) Until the earlier of the Effective Time or the termination of this Agreement in accordance with its terms, the Partnership Board shall declare, and shall cause the Partnership to pay, the Partnership's regular quarterly cash distribution in an amount not less than \$0.35 per Class A Common Unit in accordance with the Partnership Agreement and consistent with the Partnership's historical payment schedule of quarterly cash distributions.

(b) Subject to Section 8.12(a), the Partnership and Parent shall coordinate with each other with respect to the declaration and setting of record dates and payment dates of distributions on Class A Common Units and Parent Common Stock, subject to applicable Law, so that holders of Class A Common Units do not receive dividends and distributions, as applicable, on both Class A Common Units and shares of Parent Common Stock received in the Merger in respect of any calendar quarter or fail to receive a dividend or distribution, as applicable, on either Class A Common Units or shares of Parent Common Stock received in the Merger in respect of any calendar quarter.

8.13 Section 16 Matters. The Partnership and Parent, and the Partnership Board and the Parent Board (or duly formed committees thereof consisting of non-employee directors (as such term is defined for the purposes of Rule 16b-3 promulgated under the Exchange Act)), shall, prior to the Effective Time, take all such actions as may be necessary or appropriate to cause the Transactions and any other dispositions of equity securities of the Partnership (including derivative securities) or acquisitions of equity securities of Parent Common Stock (including derivative securities) in connection with the Transactions by any individual who is subject to the reporting requirements of Section 16(a) of

the Exchange Act with respect to the Partnership, or will

become subject to such reporting requirements with respect to Parent, to be exempt under Rule 16b-3 promulgated under the Exchange Act, to the extent permitted by applicable Law.

8.14 **Transaction Litigation**. In the event that any unitholder litigation related to this Agreement or the Transactions is brought, or, to the Partnership's Knowledge, threatened, against the Partnership or any members of the Partnership Board from and following the date of this Agreement and prior to the Effective Time (such litigation, **Transaction Litigation**), the Partnership shall as promptly as reasonably practicable notify Parent of such Transaction Litigation and shall keep Parent reasonably informed with respect to the status thereof. The Partnership shall give Parent the opportunity to participate in the defense or settlement and shall consider in good faith Parent's advice with respect to such Transaction Litigation; **provided** that the Partnership shall in any event control such defense or settlement and the disclosure of information to Parent in connection therewith shall be subject to the provisions of Section 8.7; **provided, further**, that the Partnership shall not agree to settle any Transaction Litigation without the prior written consent of Parent (which consent shall not be unreasonably withheld, conditioned or delayed).

8.15 **Voting**. The Parent Parties covenant and agree that, until the earlier of the Effective Time or the termination of this Agreement in accordance with its terms, (a) at the Partnership Unitholders Meeting or any other meeting of the Limited Partners or any vote of the Limited Partners or of Listed Shares in connection with a vote of the Limited Partners however called, the Parent Parties shall vote, or cause to be voted, to the extent permitted under the Organizational Documents of the GP Delegate, any Units and Listed Shares then owned beneficially or of record them or any of their Subsidiaries, as of the record date for such meeting, in favor of the approval of this Agreement (as it may be amended or otherwise modified from time to time) and the Merger and the approval of any actions required in furtherance thereof, and (b) at any meeting or vote of the holders of Listed Shares of the GP Delegate or in connection with any approval of the holders of Listed Shares, however called, the Parent Parties will vote, or cause to be voted, to the extent permitted under the Organizational Documents of the GP Delegate, all Listed Shares then owned, beneficially or of record, by them or any of their Subsidiaries, as of the record date for such meeting, in favor of, for purposes of determining the manner in which the I-Units are voted, the approval of this Agreement (as it may be amended or otherwise modified from time to time) and the Merger and the approval of any actions required in furtherance thereof.

8.16 **Special Committee**.

(a) Prior to the earlier of the Effective Time and the termination of this Agreement in accordance with its terms, Parent shall not and it shall not permit any of its Subsidiaries to, and it shall not and shall not permit any of its Subsidiaries to take any action intended to cause the GP Delegate to, without the consent of a majority of the then existing members of the Special Committee, eliminate the Special Committee, revoke or diminish the authority of the Special Committee or remove or cause the removal of any director of the Partnership Board that is a member of the Special Committee either as a director or as a member of such committee. For the avoidance of doubt, this Section 8.16 shall not apply to the filling, in accordance with the provisions of the Organizational Documents of the GP Delegate, of any vacancies caused by the resignation, death or incapacity of any such director.

(b) Unless otherwise expressly set forth in this Agreement, whenever a determination, decision, approval, consent, waiver or agreement of the Partnership or the Partnership Board is permitted or required pursuant to this Agreement, such determination, decision, approval, consent, waiver or agreement must be authorized by the Special Committee.

8.17 **Performance by General Partner**. Parent shall cause the General Partner and the General Partner shall cause the GP Delegate and the Partnership and its Subsidiaries to comply with the provisions of this Agreement. Party that has breached in any material respect its obligations set forth in this Agreement in any manner that shall have proximately contributed to the occurrence of the failure of a condition to the consummation of the Merger;

(b) the Unitholder Approval shall not have been obtained at the Partnership Unitholders Meeting or at any adjournment or postponement thereof taken in accordance with this Agreement; or

(c) any Law or Governmental Order permanently restraining, enjoining or otherwise prohibiting consummation of the Merger shall become final and non-appealable; provided that the right to terminate this Agreement pursuant to this Section 10.2(b) shall not be available to any Party that has breached in any material respect its obligations set forth in this Agreement in any manner that shall have proximately contributed to the occurrence of the failure of a condition to the consummation of the Merger.

10.3 Termination by Parent. This Agreement may be terminated and the Merger may be abandoned by the Parent Board if:

(a) prior to the time the Unitholder Approval is obtained, the Special Committee shall have made a Change of Recommendation; or

(b) at any time prior to the Effective Time, there has been a breach by the Partnership of any representation, warranty, covenant or agreement set forth in this Agreement, or if any representation or warranty of the Partnership shall have become untrue, in either case, such that the conditions in Section 9.2(a) or Section 9.2(b) would not be satisfied (and such breach or failure to be true and correct is not curable prior to the Outside Date, or if curable prior to the Outside Date, has not been cured within the earlier of (i) sixty days after the giving of notice thereof by Parent to the Partnership or (ii) the Outside Date); provided, however, that the right to terminate this Agreement pursuant to this Section 10.3(b) shall not be available to Parent if it has breached in any material respect its representations, warranties, covenants or agreements set forth in this Agreement.

10.4 Termination by the Partnership. This Agreement may be terminated and the Merger may be abandoned by the Partnership Board, with approval of the Special Committee, if, at any time prior to the Effective Time, there has been a breach by Parent, EUS or Merger Sub of any representation, warranty, covenant or agreement set forth in this Agreement, or if any representation or warranty of Parent, EUS or Merger Sub shall have become untrue, in either case, such that the conditions in Section 9.3(a) or Section 9.3(b) would not be satisfied (and such breach or failure to be true and correct is not curable prior to the Outside Date, or if curable prior to the Outside Date, has not been cured within the earlier of (a) sixty days after the giving of notice thereof by the Partnership to Parent or (b) the Outside Date); provided, however, that the right to terminate this Agreement pursuant to this Section 10.4 shall not be available to the Partnership if it has breached in any material respect its representations, warranties, covenants or agreements set forth in this Agreement.

10.5 Effect of Termination and Abandonment. In the event of the termination of this Agreement and the abandonment of the Merger pursuant to this Article X, this Agreement shall become void and of no effect with no liability to any Person on the part of any Party (or any of its Representatives or Affiliates); provided, however, and notwithstanding anything in this Agreement to the contrary, (a) no such termination shall relieve any Party of any liability or damages to any other Party resulting from any Willful Breach of this Agreement and (b) the provisions set forth in this Section 10.5 and the second sentence of Section 11.1 shall survive the termination of this Agreement.

10.6 Payment of Partnership Expenses. If this Agreement is terminated by (a) the Partnership pursuant to the provisions of Section 10.4 or (b) the Partnership or Parent pursuant to the provisions of Section 10.2(a) or 10.2(b), Parent shall pay to the Partnership by wire transfer of immediately available funds an account designated by the

ARTICLE XI

MISCELLANEOUS AND GENERAL

11.1 Survival. ARTICLE I, this ARTICLE XI and the agreements of the Partnership Parties, the Parent Parties and Merger Sub contained in ARTICLE IV, ARTICLE V, Section 8.9 (*Expenses*), Section 8.10 (*Indemnification; Directors and Officers Insurance*) and Section 8.12 (*Distributions*) shall survive the Effective Time. ARTICLE I, this ARTICLE XI and the agreements of the Partnership Parties, the Parent Parties and Merger Sub contained in Section 8.9 (*Expenses*), Section 10.5 (*Effect of Termination and Abandonment*) and Section 10.6 (*Payment of Partnership Expenses*) shall survive the termination of this Agreement. All other representations, warranties, covenants and agreements in this Agreement or in any instrument or other document delivered pursuant to this Agreement shall not survive the Effective Time or the termination of this Agreement.

11.2 Modification or Amendment; Waiver.

(a) Subject to the provisions of applicable Law and the provisions of Section 8.10 (*Indemnification; Directors and Officers Insurance*), at any time prior to the Effective Time, this Agreement may be amended, modified or waived if such amendment, modification or waiver is in writing and signed, in the case of an amendment or modification or waiver, by each of the Parties, or in the case of a waiver, by the Party against whom the waiver is to be effective; provided that, in the case of amendments, modifications or waivers by the Partnership, any such amendments, modifications or waivers must be approved by the Special Committee. The conditions to each of the Parties' respective obligations to consummate the Transactions are for the sole benefit of such Party and may be waived by such Party, in whole or in part, to the extent permitted by applicable Law; provided, however, that any such waiver shall only be effective if made in writing and executed by the Party against whom the waiver is to be effective; provided, further, that the Partnership may not make or authorize any such waiver without the prior approval of the Special Committee.

(b) No failure or delay by any Party in exercising any right, power or privilege hereunder or under applicable Law shall operate as a waiver of such rights and, except as otherwise expressly provided herein, no single or partial exercise thereof shall preclude any other or further exercise thereof or the exercise of any other right, power or privilege. The rights and remedies herein provided shall be cumulative and not exclusive of any rights or remedies provided by Law.

11.3 Counterparts. This Agreement may be executed in any number of counterparts, each such counterpart being deemed to be an original instrument, and all such counterparts shall together constitute the same agreement. A signed copy of this Agreement delivered by facsimile, email or other means of electronic transmission shall be deemed to have the same legal effect as delivery of an original signed copy of this Agreement.

11.4 Governing Law and Venue; Submission to Jurisdiction; Selection of Forum; Waiver of Trial by Jury.

(a) THIS AGREEMENT SHALL BE DEEMED TO BE MADE IN AND IN ALL RESPECTS SHALL BE INTERPRETED, CONSTRUED AND GOVERNED BY AND IN ACCORDANCE WITH THE LAW OF THE STATE OF DELAWARE WITHOUT REGARD TO THE CONFLICT OF LAW PRINCIPLES THEREOF (OR ANY OTHER JURISDICTION) TO THE EXTENT THAT SUCH PRINCIPLES WOULD DIRECT A MATTER TO ANOTHER JURISDICTION.

(b) Each of the Parties agrees that: (i) it shall bring any Proceeding in connection with, arising out of or otherwise relating to this Agreement, any instrument or other document delivered pursuant to this Agreement or the Transactions exclusively in the courts of the State of Delaware in the Court of Chancery of the State of Delaware, or (and only if)

such court finds it lacks subject matter jurisdiction, the Superior Court of the State of

Delaware (Complex Commercial Division); provided that if subject matter jurisdiction over the matter that is the subject of the Proceeding is vested exclusively in the United States federal courts, such Proceeding shall be heard in the United States District Court for the District of Delaware (the **Chosen Courts**); and (ii) solely in connection with such Proceedings, (A) it irrevocably and unconditionally submits to the exclusive jurisdiction of the Chosen Courts, (B) it waives any objection to the laying of venue in any Proceeding in the Chosen Courts, (C) it waives any objection that the Chosen Courts are an inconvenient forum or do not have jurisdiction over any Party, (D) mailing of process or other papers in connection with any such Proceeding in the manner provided in Section 11.6 or in such other manner as may be permitted by applicable Law shall be valid and sufficient service thereof and (E) it shall not assert as a defense, any matter or claim waived by the foregoing clauses (A) through (D) of this Section 11.4(b) or that any Governmental Order issued by the Chosen Courts may not be enforced in or by the Chosen Courts.

(c) EACH PARTY ACKNOWLEDGES AND AGREES THAT ANY CONTROVERSY WHICH MAY BE IN CONNECTION WITH, ARISE OUT OF OR OTHERWISE RELATE TO THIS AGREEMENT, ANY INSTRUMENT OR OTHER DOCUMENT DELIVERED PURSUANT TO THIS AGREEMENT OR OTHER DOCUMENT DELIVERED PURSUANT TO THIS AGREEMENT OR THE TRANSACTIONS, IS LIKELY TO INVOLVE COMPLICATED AND DIFFICULT ISSUES, AND THEREFORE EACH PARTY IRREVOCABLY AND UNCONDITIONALLY WAIVES TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY WITH RESPECT TO ANY PROCEEDING DIRECTLY OR INDIRECTLY, IN CONNECTION WITH, ARISING OUT OF OR OTHERWISE RELATING TO THIS AGREEMENT, ANY INSTRUMENT OR OTHER DOCUMENT DELIVERED PURSUANT TO THIS AGREEMENT OR THE TRANSACTIONS. EACH PARTY HEREBY ACKNOWLEDGES AND CERTIFIES: (i) THAT NO REPRESENTATIVE OF THE OTHER PARTIES HAS REPRESENTED, EXPRESSLY OR OTHERWISE, THAT SUCH OTHER PARTIES WOULD NOT, IN THE EVENT OF ANY ACTION OR PROCEEDING, SEEK TO ENFORCE THE FOREGOING WAIVER; (ii) IT UNDERSTANDS AND HAS CONSIDERED THE IMPLICATIONS OF THIS WAIVER; (iii) IT MAKES THIS WAIVER VOLUNTARILY; AND (iv) IT HAS BEEN INDUCED TO ENTER INTO THIS AGREEMENT AND THE TRANSACTIONS, BY, AMONG OTHER THINGS, THE MUTUAL WAIVERS, ACKNOWLEDGMENTS AND CERTIFICATIONS CONTAINED IN THIS SECTION 11.4(c).

11.5 Specific Performance.

(a) Each of the Parties acknowledges and agrees that the rights of each Party to consummate the Transactions are special, unique and of extraordinary character and that if for any reason any of the provisions of this Agreement are not performed in accordance with their specific terms or are otherwise breached (including by a Party's failing to take such actions as are required of such Party hereunder in order to consummate the Transactions), immediate and irreparable harm or damage would be caused for which money damages would not be an adequate remedy. Accordingly, each Party agrees that, in addition to any other available remedies a Party may have in equity or at law, each Party shall be entitled to enforce specifically the terms and provisions of this Agreement and to obtain an injunction restraining any breach or violation or threatened breach or violation of the provisions of this Agreement in the Chosen Courts, provided that such Party seeking specific performance, injunction or other equitable remedy pursuant to this Section 11.5 is not in material default under this Agreement. Each Party agrees that no Party shall be required to obtain, furnish or post any bond or similar instrument in connection with or as a condition to obtaining any remedy referred to in this Section 11.5, and each Party irrevocably waives any right it may have to require the obtaining, furnishing or posting of any such bond or similar instrument. In the event that any Proceeding should be brought in equity to enforce the provisions of this Agreement, no Party shall allege, and each Party hereby waives the defense, that there is an adequate remedy at law.

(b) To the extent any Party brings a Proceeding to enforce specifically the performance of the terms and provisions of this Agreement (other than a Proceeding to specifically enforce any provision that expressly survives termination of this Agreement) when expressly available to such Party pursuant to the terms of this Agreement, the Outside Date shall automatically be extended to (i) the twentieth Business Day following the

resolution of such Proceeding, or (ii) such other time period established by the court presiding over such Proceeding.

11.6 **Notices.** All notices, requests, instructions, consents, claims, demands, waivers, approvals and other communications to be given or made hereunder by one or more Parties to one or more of the other Parties shall be in writing and delivered in person or by courier service, by registered or certified mail, return receipt requested, or sent by email; provided that any email transmission must be promptly confirmed by telephone or email. 11.7 Entire Agreement.

(a) This Agreement (including any exhibits hereto), the Partnership Disclosure Letter and the Parent Disclosure Letter constitute the entire agreement among the Parties with respect to the subject matter of this Agreement and supersede all prior and contemporaneous agreements, negotiations, understandings and representations and warranties, whether oral or written, with respect to such matters.

(b) Each Party acknowledges the provisions set forth in Section 6.16 (*No Other Representations or Warranties*) and Section 7.15 (*No Other Representations or Warranties*) and, without limiting such provisions, additionally acknowledges and agrees that, except for the representations and warranties expressly set forth in this Agreement, the Partnership Disclosure Letter, the Parent Disclosure Letter or any certificates delivered pursuant to this Agreement: (i) no Party has made or is making any other representations, warranties, statements, information or inducements; (ii) no Party has relied on or is relying on any other representations, warranties, statements, information or inducements; and (iii) each Party hereby disclaims reliance on any other representations, warranties, statements, information or inducements provided to such Party by the other Party, in each case for clauses (i), (ii) and (iii), oral or written, express or implied, or as to the accuracy or completeness of any statements or other information, made by, or made available by, itself or any of its Representatives, in each case with respect to, or in connection with, the negotiation, execution or delivery of this Agreement, any instrument or other document delivered pursuant to this Agreement or the Transactions, and notwithstanding the distribution, disclosure or other delivery to the other or the other's Representatives of any documentation or other information with respect to any one or more of the foregoing, and waives any claims or causes of action relating thereto.

11.8 Third-Party Beneficiaries. Except for, from and after the Effective Time, the Indemnified Parties with respect to the provisions of Section 8.10 (*Indemnification; Directors and Officers Insurance*), the Parties hereby agree that their respective representations, warranties and covenants set forth in this Agreement are solely for the benefit of the other Parties on the terms and subject to the conditions set forth in this Agreement, and this Agreement is not intended to, and does not, confer upon any Person other than the Parties and their respective successors, legal representatives and permitted assigns any rights or remedies, express or implied, hereunder, including the right to rely upon the representations and warranties set forth in this Agreement. The representations and warranties in this Agreement are the product of negotiations among the Parties. Any inaccuracies in such representations and warranties are subject to waiver by the Parties in accordance with Section 11.2 without notice or liability to any other Person. In some instances, the representations and warranties in this Agreement may represent an allocation among the Parties of risks associated with particular matters regardless of the knowledge of any of the Parties. Consequently, Persons other than the Parties may not rely upon the representations and warranties in this Agreement as characterizations of actual facts or circumstances as of the date of this Agreement or as of any other date.

Table of Contents

11.9 **Non-Recourse**. Unless expressly agreed to otherwise by the Parties in writing, this Agreement may only be enforced against, and any Proceeding in connection with, arising out of or otherwise resulting from this Agreement, any instrument or other document delivered pursuant to this Agreement or the Transactions may only be brought against the Persons expressly named as Parties (or any of their respective successors, legal representatives and permitted assigns) and then only with respect to the specific obligations set forth herein with respect to such Party. No past, present or future director employee (including any officer), incorporator, manager, member, partner, stockholder, unitholder, other equity holder or persons in a similar capacity, controlling person, Affiliate or other Representative of any Party or of any Affiliate of any Party, or any of their respective successors, Representatives and permitted assigns shall have any liability or other obligation for any obligation of any Party under this Agreement or for any Proceeding in connection with, arising out of or otherwise resulting from this Agreement, any instrument or other document delivered pursuant to this Agreement or the Transactions; **provided, however**, that nothing in this Section 11.9 shall limit any liability or other obligation of the Parties for breaches of the terms and conditions of this Agreement.

11.10 **Fulfillment of Obligations**. Whenever this Agreement requires a Subsidiary of Parent to take any action, such requirement shall be deemed to include an undertaking on the part of Parent to cause such Subsidiary to take such action. Whenever this Agreement requires a Subsidiary of the Partnership to take any action, such requirement shall be deemed to include an undertaking on the part of the Partnership to cause such Subsidiary to take such action and, after the Effective Time, on the part of the Surviving Entity to cause such Subsidiary to take such action.

11.11 **Severability**. The provisions of this Agreement shall be deemed severable and the illegality, invalidity or unenforceability of any provision shall not affect the legality, validity or enforceability of the other provisions of this Agreement. If any provision of this Agreement, or the application of such provision to any Person or any circumstance, is illegal, invalid or unenforceable, (a) a suitable and equitable provision shall be substituted therefor in order to carry out, so far as may be legal, valid and enforceable, the intent and purpose of such legal, invalid or unenforceable provision, and (b) the remainder of this Agreement and the application of such provision to other Persons or circumstances shall not be affected by such illegality, invalidity or unenforceability, nor shall such illegality, invalidity or unenforceability affect the legality, validity or enforceability of such provision, or the application of such provision, in any other jurisdiction.

11.12 **Successors and Assigns**. This Agreement shall be binding upon and inure to the benefit of the Parties (and any of their respective successors, legal representatives and permitted assigns). No Party may assign any of its rights or delegate any of its obligations under this Agreement, in whole or in part, by operation of Law or otherwise, without the prior written consent of the other Parties, except as provided for in Section 11.10, and any attempted or purported assignment or delegation in violation of this Section 11.12 shall be null and void; **provided, however**, that Parent may designate another wholly owned direct or indirect Subsidiary to be a constituent corporation in the Merger in lieu of Merger Sub, so long as Parent provides the Partnership with advance written notice thereof, in which event all references to Merger Sub in this Agreement shall be deemed references to such other wholly owned Subsidiary of Parent, except that all representations and warranties made in this Agreement with respect to Merger Sub as of the date of this Agreement shall be deemed representations and warranties made with respect to such other wholly owned Subsidiary as of the date of such designation; **provided, further**, that any such designation shall not prevent or materially impede or materially delay the consummation of the Transactions or otherwise adversely affect the rights of the unitholders of the Partnership under this Agreement in any material respect.

ANNEX B

September 17, 2018

The Special Committee of the Board of Directors
of Enbridge Energy Management, L.L.C.

5400 Westheimer Court

Houston, Texas 77056

Members of the Special Committee:

We understand that Enbridge Energy Partners, L.P., a Delaware limited partnership (the Partnership), proposes to enter into an Agreement and Plan of Merger (the Merger Agreement) among the Partnership, Enbridge Energy Company, Inc., a Delaware corporation and the general partner of the Partnership (the General Partner), Enbridge Energy Management, L.L.C., a Delaware limited liability company and the delegate of the General Partner (the GP Delegate), Enbridge Inc., a Canadian corporation (the Parent), Enbridge (U.S.) Inc., a Delaware corporation, Winter Acquisition Sub II, LLC, a Delaware limited liability company and an indirect wholly owned subsidiary of the Parent (Merger Sub), and, solely for the limited purposes set forth in the Merger Agreement, Enbridge US Holdings Inc., a Canadian corporation, pursuant to which Merger Sub will be merged with and into the Partnership (the Merger), with the Partnership surviving the Merger. As a result of the Merger, each outstanding Class A common unit representing limited partner interests of the Partnership (each, a Class A Common Unit) issued and outstanding immediately prior to the Effective Time, other than the Excluded Units, will be converted into the right to receive 0.3350 common shares (the Exchange Ratio), no par value, of the Parent (the Parent Common Stock). The terms and conditions of the Merger are more fully set forth in the Merger Agreement and defined terms used but not defined herein have the meanings ascribed thereto in the Merger Agreement.

The Special Committee of the board of directors of the GP Delegate (the Special Committee) has asked us whether, in our opinion, as of the date hereof, the Exchange Ratio is fair, from a financial point of view, to the Partnership and the holders of Class A Common Units other than the Parent and its affiliates.

In connection with rendering our opinion, we have, among other things:

- (i) reviewed certain publicly available business and financial information relating to the Parent and the Partnership that we deemed to be relevant, including the Annual Reports on Form 10-K for the year ended December 31, 2017, the Quarterly Reports on Form 10-Q for the quarters ended March 31, 2018, and June 30, 2018, and certain Current Reports on Form 8-K, in each case as filed with or furnished to the U.S. Securities and Exchange Commission (the Commission) by the Parent or the Partnership, as applicable, since January 1, 2018;

- (ii) reviewed certain non-public historical and projected financial and operating data and assumptions relating to the Parent and the Partnership prepared and furnished to us by management of the Parent and the Partnership, as applicable, and reviewed and approved for use in connection with this opinion by the management of the Parent and the Partnership, as applicable;

- (iii) discussed the past and current operations, financial projections and current financial condition of the Parent and the Partnership with management of the Parent and the Partnership, as applicable (including their views on the risks and uncertainties associated therewith);

We have not made nor assumed any responsibility for making any independent valuation or appraisal of any assets or liabilities of the Parent or the Partnership, nor have we been furnished with any such valuations or appraisals, nor have we evaluated the solvency or fair value of the Parent or the Partnership under any state or federal laws relating to bankruptcy, insolvency or similar matters. Our opinion is necessarily based upon information made available to us as of the date hereof and financial, economic, market and other conditions as they exist and as can be evaluated on the date hereof. It is understood that subsequent developments or information of which we are not aware may affect this opinion and that we do not have any obligation to update, revise or reaffirm this opinion. In addition, we have relied upon and assumed, without independent verification, that the final Merger Agreement, as well as the agreements, instruments and documents referenced therein, will not differ in any respect that is material to our analysis from the respective drafts reviewed by us.

We have not been asked to pass upon, and express no opinion with respect to, any matter other than the fairness, from a financial point of view, to the Partnership and the holders of the Class A Common Units (other than the Parent and its affiliates) of the Exchange Ratio. We do not express any view on, and our opinion does not address, the fairness of the proposed transaction to, or any exchange ratio received in connection therewith by, the holders of any other securities, creditors or other constituencies of the Partnership, nor as to the fairness of the amount or nature of any compensation to be paid or payable to any of the officers, directors or employees of the Partnership, or any class of such persons, whether relative to the Exchange Ratio or otherwise. We have assumed that any modification to the structure of the Merger will not vary in any respect material to our analysis. Our opinion does not address the relative merits of the Merger as compared to other transactions or business or financial strategies that might be available to the Partnership currently or in the future, including any potential transaction or strategy reviewed by us, nor does it address the underlying business decision of the Parent or the Partnership to engage in the Merger or use the Exchange Ratio. In arriving at our opinion, we were not authorized to solicit, and did not solicit, interest from any third party with respect to the acquisition of any or all of the Class A Common Units or any business combination or other extraordinary transaction involving the Partnership. This letter, and our opinion, does not constitute a recommendation to the Special Committee, the GP Board of Directors, the holders of the Class A Common Units or any other persons in respect of the Merger, including as to how any holder of Class A Common Units or I-units representing limited partner interests in the Partnership should vote or act in respect of the Merger. We express no opinion herein as to the price at which the Class A Common Units or the Parent Common Stock will trade at any time. We are not legal, regulatory, accounting or tax experts and have assumed the accuracy and completeness of assessments by the Parent, the Partnership and their advisors with respect to legal, regulatory, accounting and tax matters. Without limiting the generality of the foregoing, our opinion does not reflect the impact of any regulatory action, unasserted claims or litigation to which the Parent, the Partnership or any of their respective affiliates may be subject in the future. At the direction of the Special Committee and with its consent, our opinion makes no assumption or evaluation as to whether any assessment or valuation by the Partnership, the Parent or the Special Committee of any pending litigation is appropriate or accurate and the estimated value of any pending litigation used in our analysis has been provided to us by the Special Committee.

We received an initial fee for our services and will receive an opinion fee upon the rendering of this opinion (against which the initial fee will be credited). The opinion fee is not contingent upon the consummation of the Merger or the conclusions reached in our opinion. We may also receive a discretionary fee, subject to the sole discretion of the Special Committee. The Partnership has also agreed to reimburse our reasonable expenses and to indemnify us against certain liabilities arising out of our engagement. Since January 1, 2016, we provided financial advisory services to the conflicts committee of the board of directors of Midcoast Holdings, L.L.C., an

Except as described above, during the two-year period prior to the date hereof, no material relationship existed between Evercore Group L.L.C. and its affiliates and the Partnership, the Parent or any of their respective affiliates, pursuant to which compensation was received by Evercore Group L.L.C. or its affiliates as a result of such a relationship. We may provide financial or other services to the Parent, the Partnership or their respective affiliates in the future and in connection with any such services we may receive compensation.

In the ordinary course of business, Evercore Group L.L.C. or its affiliates may actively trade the securities, or related derivative securities, or financial instruments of the Partnership, the Parent and their respective affiliates, for its own account and for the accounts of its customers and, accordingly, may at any time hold a long or short position in such securities or instruments.

This letter, and the opinion expressed herein, is addressed to, and, except as set forth in our engagement letter with the Special Committee, for the information and benefit of, the Special Committee in connection with its evaluation of the proposed Merger. Except with respect to the use of this opinion in connection with any document relating to the Merger required to be filed with the Commission in accordance with our engagement letter with the Special Committee, this opinion shall not be disclosed, referred to, published or otherwise used (in whole or in part), nor shall any public references to us be made, without our prior written approval. The issuance of this opinion has been approved by an Opinion Committee of Evercore Group L.L.C.

Based upon and subject to the foregoing, it is our opinion that, as of the date hereof, the Exchange Ratio is fair, from a financial point of view, to the Partnership and the holders of Class A Common Units other than the Parent and its affiliates.

Very truly yours,
