We also are authorized to issue 8,003,716 shares of preferred stock, including 2,000,000 shares of series B convertible preferred stock, under our certificate of incorporation, as previously amended. of our common stock at a ratio within the range from one-for-ten to one-for-thirty, with the ratio and timing to be selected and implemented by our Board. The reverse stock split is part of a plan intended to enable us to obtain a listing for our common stock on a national securities exchange. If the reverse stock split is effected, the number of our authorized shares of common stock would be reduced to 125,000,000 shares.
