(3) The 100,000 preferred shares are convertible into an undetermined number of common shares, which will be issued during January 1-15, 2006 pursuant to the mandatory conversion provision of our Series C preferred stock. The 100,000 shares of our Series C preferred stock must be converted into \$1,000,000 of our common stock valued at the closing price on the day during such time period on which the preferred shareholders elect to convert. Assuming the Company's closing stock price on the conversion day is \$0.10 per share, the Series C preferred stock would be converted into 10,000,000 shares of the Company's common stock. In addition, if CoreOne's earnings before interest, taxes, depreciation and amortization ("EBITDA") for the year 2005 are more than \$900,000, then the dollar amount of the Company's common stock upon conversion will increase \$1.50 for each dollar of increased EBITDA over \$900,000.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth certain information concerning the ownership of our common stock and preferred stock as of December 31, 2005 with respect to: (i) each person known to us to be the beneficial owner of more than five percent of each class of stock; (ii) all of our directors and executive officers; and (iii) all of our directors and executive officers as a group. The notes accompanying the information in the table are necessary for a complete understanding of the information provided below. As of June 1, 2005 and as of July 7, 2005, there were: 19,835,524 shares of common stock and 100,000 shares of preferred stock outstanding. Each share of preferred stock is convertible into an undetermined number of common shares, which will be issued in during January 1-15, 2006 pursuant to the mandatory conversion provision of our Series C preferred stock. The 100,000 outstanding shares of our Series C preferred stock must be converted into \$1,000,000 of our common stock valued at the closing price on the day during such time period on which the preferred shareholders elect to convert. Assuming the Company's closing stock price on the conversion day is \$0.10 per share, the Series C preferred stock would be converted into 10,000,000 shares of the Company's common stock. In addition, if CoreOne's earnings before interest, taxes, depreciation, and amortization ("EBITDA") for the year 2005 are more than \$900,000, then the dollar amount of the Company's common stock upon conversion will increase \$1.50 for each dollar of increased EBITDA over \$900,000.

We believe that all persons named in the table have sole voting and investment power with respect to all shares shown as being owned by them.

Under securities laws, a person is considered to be the beneficial owner of securities owned by him, his spouse and others to whom the law attributes ownership, as well as securities that can be acquired by him within 60 days from the date of this report, including shares which may be acquired upon the exercise of options, warrants or convertible securities. We determine a beneficial owner's percentage ownership by assuming that options, warrants or convertible securities that are held by him, but not those held by any other person, and which are exercisable within 60 days of the date of this report, have been exercised or converted.

NOTICE TO SHAREHOLDERS OF WRITTEN RESOLUTION BY MAJORITY SHAREHOLDERS AUTHORIZING AN INCREASE IN THE COMPANY'S AUTHORIZED COMMON AND PREFERRED STOCK

The following action was taken based upon the unanimous recommendation by our Board of Directors and the Resolution Without Meeting of Shareholders to Increase the Number of Authorized Shares of Silverado Financial, Inc., attached hereto as Exhibit A.

AMENDMENT TO ARTICLES OF INCORPORATION

The Board of Directors unanimously adopted, and the consenting majority shareholders also adopted, and approved an amendment to our Articles of Incorporation to increase our authorized shares of common stock from 20,000,000 shares to 100,000,000 shares and to increase the number of authorized preferred stock from 1,000,000 shares to 5,000,000 shares (the "Amendment").

Increase in Authorized Shares

Pursuant to NRS 78.320(2) the Board of Directors proposed that the shareholders authorize the amendment of the Company's Articles of Incorporation to increase the number of authorized shares of common stock from 20,000,000 shares with a par value of \$0.001 per share to 100,000,000 shares with a par value of \$0.001 and an increase of the authorized preferred shares from 1,000,000 to 5,000,000 with a par value of \$0.20 per share. The purpose of the proposed increase is to permit the Company to issue shares for the Company's May 2005 acquisition of Core One Mortgage and potential future acquisitions, employee stock incentive programs and raising additional capital to fund growth. Silverado Financial's Board of Directors unanimously approved the proposed increase to the authorized shares on April 8, 2005.

The Board believes that the proposed increase to the authorized common and preferred stock will help continue the current growth and provide management with the necessary shares to acquire additional companies, which management believes will increase shareholder value; provide shares as incentives to employees for meeting and/or exceeding growth goals and provide shares for flexibility in financing current and future growth of the underlying mortgage business.

As of June 1, 2005 and also as of July 7, 2005, 19,835,524 common shares are issued and outstanding out of the 20,000,000 authorized, and 100,000 preferred shares are issued and outstanding out of a total authorization of 1,000,000 shares.

Unless deemed advisable by the Board, no further shareholder authorization would be sought for the issuance of such additional authorized shares. Such

Edgar Filing: SILVERADO FINANCIAL INC - Form PRE 14C

shares could be used for general corporate purposes, including future financings or acquisitions. Except as noted above, but not limited to, the Board of Directors has no immediate plans, intentions, or commitments to issue additional

9

shares of common stock for any purpose, including rendering more difficult or discouraging a merger, tender offer, proxy contest or other change in control of the Company.

We believe that an increase in the number of authorized shares of our common stock and preferred stock is prudent in order to assure that a sufficient number of shares of our common stock is available for issuance in the future if our Board of Directors deems it to be in our and our shareholders' best interests. A total of 100,000,000 additional authorized shares of common stock and 5,000,000 additional authorized shares of preferred stock has been determined by our Board of Directors to be a reasonable estimate of what might be required in this regard for the foreseeable future to accommodate fundraising and other opportunities involving the issuance of our capital stock. Immediately following this increase, the Company will have approximately 80,200,000 shares of common stock authorized but unissued and available for issuance and approximately 4,900,000 shares of preferred stock authorized but unissued and available for issuance.

The remaining authorized but unissued shares of our common stock and preferred stock will be available for issuance from time to time as may be deemed advisable or required for various purposes, including the issuance of shares in connection with financings or acquisition transactions or as compensation for services, or pursuant to employment agreements; such as 300,000 shares which may be issued to Russell Ford pursuant to the incentive stock bonus provision of his employment agreement with the Company, and the 956,091 shares owing to John Hartman and the 699,147 shares owed to Sean Radetich. .

Our Board of Directors will be able to authorize the issuance of shares for any such above transactions without the necessity, and related costs and delays, of either calling a special shareholders' meeting or waiting for a regularly scheduled meeting of shareholders in order to increase the authorized capital. If in a particular transaction stockholder approval were required, by law or any stock exchange rules or were otherwise deemed advisable by the Board of Directors, then the matter would be referred to the shareholders for their approval notwithstanding that we may have the requisite number of voting shares to consummate the transaction without such stockholder approval.

The Amendment is not intended to have any anti-takeover effect. However, our shareholders should note that the availability of additional authorized and unissued shares of common stock and preferred stock could make any attempt to gain control of our Company or the Board of Directors more difficult or time consuming and that the availability of additional authorized and unissued shares might make it more difficult to remove management. Although the Board of Directors currently has no intention of doing so, shares of common stock and preferred stock could be issued by the Board of Directors to dilute the percentage of common stock and preferred stock owned by any stockholder and increase the cost of, or the number of, voting shares necessary to acquire control of the Board of Directors or to meet the voting requirements imposed by Nevada law with respect to a merger or other business combination involving our Company. We have no present intention to use the increased authorized common stock and preferred stock for anti-takeover purposes.

The text of the Amendment is attached to this Information Statement as Exhibit B. The Amendment will become effective once it is filed with the

Edgar Filing: SILVERADO FINANCIAL INC - Form PRE 14C

Secretary of State of Nevada. Under federal securities laws, we cannot file the Amendment until at least 20 days after mailing this Information Statement to our shareholders.

Upon filing the Amendment with the Secretary of State of Nevada, our authorized shares of common stock will increase from 20,000,000 shares to 100,000,000 shares and our authorized preferred stock will increase from 1,000,000 to 5,000,000 shares.
