**PROXY STATEMENT
FOR THE SPECIAL MEETING OF SHAREHOLDERS
TO BE HELD WEDNESDAY, JUNE 29, 2011**

This Proxy Statement is furnished to the shareholders of mPhase Technologies, Inc. in connection with the solicitation of proxies by our Board of Directors to be voted at the Special Meeting of Shareholders and at any adjournments thereof. The Special Meeting will be held at our offices at 587 Connecticut Avenue, Norwalk, CT 06854, at 10:00 a.m. Eastern Time on Wednesday, June 29, 2011.

The Company has been unable to hold two Annual Meetings of Shareholders for the fiscal years ended June 30, 2008 and June 30, 2009 owing to financial considerations during the past two years as a result, in part, of the global financial crisis that began in 2008. It is the intent of the Company to use its best efforts to hold its next Annual Meeting for the fiscal year ended June 30, 2010 no later than September 30, 2011. The Company, as a New Jersey Corporation, is subject to the provisions of Section 14A:5-2 of the New Jersey Business Corporation Law that provides as follows:

Annual Meeting of Shareholders

An annual meeting of shareholders shall be held at such time as may be provided in the bylaws, or as may be fixed by the board pursuant to authority granted in the by-laws, and, in the absence of such a provision, at noon on the first Tuesday of April. *Failure to hold the annual meeting at the designated time, or to elect a sufficient number of directors at such meeting or any adjournment thereof, shall not affect otherwise valid corporate acts or work a forfeiture or dissolution of the corporation.* If the annual meeting for election of directors is not held on the date designated therefor, the directors shall cause the meeting to be held as soon thereafter as convenient. If there is a failure to hold an annual meeting for a period of 30 days after the date designated therefor, or if no date has been designated for a period of 13 months after the organization of the corporation or after its last annual meeting, the Superior Court may, upon the application of any shareholder, summarily order the meeting or the election, or both, to be held at such time and place, upon such notice and for the transaction of such business as may be designated in such order. At any meeting ordered to be called pursuant to this section, the shareholders present in person or by proxy and having voting powers shall constitute a quorum for the transaction of the business designated in such order.

For both years ended June 20, 2008 and June 30, 2009, the Company continued to function with the same Board of Directors and auditors elected or approved at its last Annual Meeting for the fiscal year ended June 30, 2007 that was held on August 27, 2008. On July 22, 2010, the Board of Directors appointed Demetrius & Company, L.L.C. as its independent auditors for the 2010 fiscal year, replacing Rosenberg Rich Baker Berman & Company, as set forth in the Company's Form 8-K filing of July 23, 2010. The Board of Directors remains unchanged and it and the Company's recently appointed auditors and any successors thereto approved by the Board shall continue to function in such roles for the Company until the next annual meeting for fiscal year ended June 30, 2010. The Company is using its best efforts to hold such Annual Meeting not later than June 30, 2011.

After consulting with legal counsel, the Board of Directors of the Company determined that, given the lapse of time since the last Annual Meeting, it was in the best interest of all shareholders to hold this Special Meeting of Shareholders. For the information of its shareholders, the Company has included its most recent Annual Reports on Form 10-K for the fiscal years ended June 30, 2009 and June 30, 2010 as well as its Amended and Restated By-Laws. The Company believes that, in light of the restatement of certain financial information in its Form 10-K, as amended, for the fiscal year ended June 30, 2009, the provision of that document along with its more recent Form 10-K for the year ended June 30, 2010, affords shareholders the most complete available information concerning the Company.

Officers of the Company will be present at this Special Meeting of Shareholders to answer all questions regarding the decision to call such meeting in lieu of the two Annual Meetings of Shareholders for fiscal years ended June 30, 2008 and June 30, 2009.

7

The approximate date on which this Proxy Statement and the accompanying proxy card are first being sent or given to shareholders is May 17, 2011.

VOTING

General

The securities that may be voted at the Special Meeting consist of our common stock, with each share entitling its owner to one vote on each matter submitted to the shareholders. The record date for determining the holders of our shares who are entitled to notice of and to vote at the Special Meeting is May 5, 2011. On the record date, _____ shares were outstanding and eligible to be voted at the Special Meeting.

Quorum and Vote Required

The presence, in person or by proxy, of a majority of the outstanding shares of common stock is necessary to constitute a quorum at this Special Meeting. Abstentions and broker non-votes shall be counted for purposes of determining a quorum. At a meeting where a quorum is present, with respect to the proposal for the amendment of the Company's Amended Certificate of Incorporation to authorize an additional 4 billion shares of common stock for a total number of 6 billion authorized shares of common stock, the affirmative vote of a majority of the shares of the Company represented at the meeting in person or by proxy is required for approval.

Brokers holding shares of record for customers generally are not entitled to vote on certain matters unless they receive voting instructions from their customers. Broker non-votes means the votes that could have been cast on the matter in question if the brokers had received their customers' instructions and as to which the broker has notified us on a proxy form in accordance with industry practice or has otherwise advised us that it lacks voting authority. If no direction is made, this Proxy will be considered a "yes" vote with respect to the proposal.

Voting by Proxy

Shares represented by properly executed proxies received at or before the Special Meeting that have not been revoked will be voted at the Special Meeting in accordance with the instructions contained therein. Shares represented by properly executed proxies for which no instruction is given will be voted "FOR" approval of the proposal described in this Proxy Statement. If any other matters properly come before the Special Meeting, the persons named as proxies will vote upon such matters according to their judgment. Our shareholders are requested to complete, sign, date and promptly return the enclosed proxy card in the postage-prepaid envelope provided for this purpose to ensure that their shares are voted. A shareholder may revoke a proxy at any time before it is voted by signing and returning a later-dated proxy with respect to the same shares by filing with our corporate secretary a written revocation bearing a later date or by attending and voting in person at the Special Meeting. Mere attendance at the Special Meeting will not in and of itself revoke a proxy.

If the Special Meeting is postponed or adjourned for any reason, at any subsequent reconvening of the Special Meeting, all proxies (except for any proxies that have theretofore effectively been revoked or withdrawn) will be voted in the same manner as such proxies would have been voted at the original convening of the Special Meeting, notwithstanding that such proxies may have been effectively voted on the same or any other matter at a previous meeting.

PROPOSAL

**APPROVAL OF AN AMENDMENT TO THE COMPANY S AMENDED
CERTIFICATE OF INCORPORATION**

The Board of Directors has approved, and is recommending to the stockholders for approval at the Special Meeting, an amendment to our Amended Certificate of Incorporation to increase the number of authorized shares of common stock from 2,000,000,000 to 6,000,000,000 shares. The Board of Directors determined that this amendment is advisable and should be considered at the Special Meeting.

10

Purpose and Effect of the Amendment to Authorize Additional Shares of Common Stock

**PROPOSAL TO AMEND THE COMPANY S AMENDED CERTIFICATE OF
INCORPORATION TO INCREASE THE AUTHORIZED COMMON STOCK
FROM 2,000,000,000 SHARES TO 6,000,000,000 SHARES**

Background

The Company s Amended Certificate of Incorporation, as currently in effect, provides that the Company s authorized capital stock consists of 2,000,000,000 shares of common stock, \$.01 par value per share. Shareholders last approved an increase in the number of the Company s authorized shares from 900,000,000 common shares to 2,000,000,000 common shares on August 27, 2008. Effective as of November 1, 2010, the Company s Board of Directors approved an amendment to Article 4 of the Company s Amended Certificate of Incorporation to increase the number of authorized shares of common stock from 2,000,000,000 shares to 6,000,000,000 shares. In accordance with New Jersey law, the proposed amendment to the Amended Certificate of Incorporation is subject to shareholder approval.

In the event that shareholder approval of the proposed amendment is obtained, the Company expects to file a Certificate of Amendment to the Amended Certificate of Incorporation with the New Jersey Secretary of State on or about the close of business on the date of the Special Meeting.

As of March 18, 2011, of the 2,000,000,000 shares of common stock currently authorized for issuance under the Amended Certificate of Incorporation, a total of 1,544,280,041 shares were issued and outstanding and 442,524,821 shares were reserved for issuance upon exercise of the Company s stock options, warrants and other convertible debt securities that are currently outstanding and funded based upon the closing stock price of \$.0054 per share on such date. In addition if all convertible debt were funded in cash to the Company of \$3,228,600, the Company would be required to issue an additional 872,902,561 shares of its common stock based upon the stock price of \$.0054 per share on March 18, 2011. Indebtedness for unpaid compensation and loans of officers is also convertible into common shares as described in footnote 4 on page 25 below provided such shares are available for issuance after satisfaction of all other convertible debt, option and warrant obligations of the Company. Based on the conversion feature of \$.0075 for such officer indebtedness, conversion would require the issuance of an aggregate of approximately 107,578,285 shares. An increase in the number of shares of common stock authorized for issuance under the Company s Amended Certificate of Incorporation is necessary to permit the Company to have additional shares available for issuance in furtherance of the Company s business purposes, as more fully set forth below under Reasons for and Effects of the Proposal.

Reasons for and Effects of the Proposal

Due to the limited number of shares of common stock available to be issued, the Board of Directors has unanimously approved, and recommends that the shareholders approve, an amendment to the Company's Amended Certificate of Incorporation pursuant to which the number of shares of common stock which the Company would be authorized to issue would be increased from 2,000,000,000 shares to 6,000,000,000 shares. As of March 18, 2011, the Company had 1,544,280,041 outstanding shares of common stock as well as warrants and options convertible into 144,209,389 additional shares of common stock. In addition, the Company anticipates the need for significant additional shares in connection with future funding of over \$3.23 million anticipated from future conversions of convertible debt securities.

The Company traditionally financed its operations from inception to late 2007 through equity private placements with retail investments of its common stock and warrants. The equity market for the Company's common stock contracted significantly in December of 2007. As a result, in order to finance its operations thereafter, the Company has issued convertible debentures and convertible notes to a number of hedge funds. Such transactions are highly dilutive since the conversion price of the convertible debt into common stock is at a discount ranging from 20-30% of the market price of the stock. From September 30, 2007 through September 23, 2008 the Company's shares of common stock outstanding increased from 391,736,000 shares to 527,000,000 shares and by September 19, 2009 such outstanding shares had increased to 1,158,726,952 shares. The substantial increase in shares is attributable to the decline in the Company's common stock value from \$.09 per share in September of 2007 to \$.04 per share in September of 2008 to \$.024 per share in September of 2009. On March 18, 2011 the stock price closed at \$.0054 per share. In order for the Company to raise a fixed amount of financing for operations, it has become necessary to issue an increased amount of shares upon conversions of convertible debt into shares of common stock at a fixed discount from the then current market price. The Company will continue to require substantial funds to be raised in the capital markets until it has achieved profitable operations. The Company is unable to predict when its operations may become profitable and therefore finds it necessary to increase its authorized shares in order to continue to finance for operations. The need for the substantial increase in authorized shares for the Company is especially critical at this time given the continuing volatility of the Company's stock price and global uncertainty in the capital markets.

The Company also currently plans to reserve not more than one billion shares of the additional authorized common stock for issuance in connection with benefit, option or stock ownership plans or employment agreements, as the case may be. In particular, substantial awards may be made in connection herewith to the Company's key executives, Messrs. Durando, Dotoli and Smiley. At this time, no determination has been made that any such awards will be made or the terms or quantities thereof. The determination to make any awards will be subject to the discretion of the Company's Board of Directors which will consider such factors as the performance of the executives, the Company and relevant market and economic conditions.

The Board of Directors believes that an increase in authorized common stock would provide the Company with increased flexibility to issue and/or sell common stock from time to time at the discretion of the Board of Directors, and without further authorization by the shareholders, for one or more of the following business purposes: (i) in public or private offerings as a means of obtaining additional capital for the Company's business; (ii) as part or all of the consideration required to be paid for the acquisition of ongoing businesses or other assets; (iii) to satisfy any current or future financial obligations of the Company; (iv) in connection with the exercise of options, warrants or rights, or the conversion of convertible securities that may be issued by the Company; or (v) pursuant to any benefit, option or stock ownership plan or employment agreement.

The Company expects to receive between \$100,000 and \$400,000 per month during the next 15 months through the conversion of convertible debt securities that is essential capital to maintain ongoing operations until sales revenues of its new emergency flashlight product materialize. In addition, the Company will need to raise an additional \$5-10 million for product expansion and marketing and distribution during the next 12 months. Since the Company uses its stock as its main source of currency to sustain operations and fund further product development and commercialization, management believes that the additional number of authorized shares will enable it to continue development of the Company into an enterprise with revenue in the future.

The proposed increase in the number of authorized shares of common stock will not change the number of shares of common stock outstanding or the rights of the holders of such stock. Other than issuing new shares of common stock upon the exercise of options, warrants, convertible debentures and convertible notes, both currently outstanding as well as issuable in the future on such terms as may be determined from time to time based on, among other factors, market conditions and the needs of the Company, the Company has no immediate plans to issue additional common stock out of the additional authorized shares. However, the Company does anticipate that it will need to raise additional equity capital in the near future through the issuance of common stock or securities convertible into or that otherwise grant the holder the right to purchase common stock. The records of the Company's transfer agent indicated that as of March 18, 2011, the Company had 1,544,280,041 shares of common stock outstanding plus warrants at prices ranging from \$.05 to \$.35 per share convertible into 26,741,389 shares of common stock and options ranging from \$.05 per share to \$.30 per share convertible into 117,468,000 shares of common stock. Warrants convertible into 78,451,130 shares of common stock and options convertible into 20,595,000 shares of common stock expired during the period from January 1, 2010 through March 18, 2011. All warrants and options have fixed strike prices and none allow for cashless exercise.

As of March 18, 2011, the Company's outstanding convertible debt instruments were immediately convertible into 298,305,432 shares of common stock at a price discounted from the market price of \$.0054 per share for \$2,593,600 of funding already received by the Company. Based upon the market price of the Company's common stock on March 18, 2011, additional conversions into 982,902,561 shares of common stock through November 17, 2012 may occur provided that the Company receives funding of \$3,228,600 of additional cash under these agreements. The shares that would be issued under the convertible debt would increase in cases where the price of the Company's common stock decreased. The Company may experience requests for conversions exceeding the total shares it has available over the life of the convertible debt agreements should its stock price decrease; in such case the Company believes it would not have a greater liability than that recorded on its Financial Statements, as amended, for convertible notes payable and the corresponding derivative liability. The Company also has outstanding officer notes for amounts owed that have limited conversion features effective from April of 2009 through April of 2014 that could be convertible into approximately 107,578,285 shares of common stock provided that such shares are available at the time of conversion.

As further detailed below, the Company has offered and sold convertible notes to JMJ Financial in the aggregate principal amount plus accrued interest of \$10,270,000 through March 18, 2011. Such convertible notes provide cash funding to the Company of up to \$9,500,600. Through March 18, 2011, approximately \$6,272,000 of cash has been received by the Company, \$5,861,150 of which has been converted by JMJ Financial into a substantial number of shares of common stock without registration under the Securities Act of 1933, as amended, or qualification under state securities laws. The Company believes that any sales of common stock by JMJ are in full compliance with Rule 144 of the Securities Act of 1933, as amended, and has obtained an opinion of outside counsel regarding such compliance.

Nevertheless, it is possible such compliance could be challenged in the future by either regulatory agencies or shareholders. In particular, questions regarding the economic risk of JMJ Financial with respect to the collateral required under the secured note delivered by JMJ Financial in payment of the purchase price for the Company's convertible note could be raised since the secured note contains a prepayment provision allowing JMJ to prepay such note, in full, by returning the convertible note. If a court of law determines that any offer or sale of common stock of the Company received in a conversion by JMJ Financial was not in compliance with Rule 144 then JMJ could be deemed to be an underwriter. The result would be that the Company would have been engaged in a primary offering

of common stock through an underwriter in violation of the registration requirements of the Securities Act of 1933, as amended.

The Securities Act of 1933, as amended, requires that any claim for rescission be brought within one year of the violation. The time periods within which claims for rescission must be brought under state securities laws vary and may be two years or more from the date of the violation. At March 18, 2011, approximately 395 million shares of our outstanding common stock issued in respect of our convertible note transactions with JMJ Financial could be subject to rescission with a potential liability approximating \$3.94 million, including a liability of approximately \$384,000 for interest at 10% per annum.

The following table illustrates the shares issuable at a range of prices from \$.00432 , \$.00540 and \$.00648 for obligations the Company has outstanding as of March 18, 2011.

CONVERTIBLE DEBENTURES OUTSTANDING BETWEEN JULY 1, 2010 and MARCH 18, 2011

Arrangement #1 (LaJolla Cove Investors Inc.)

On September 11, 2008, the Company issued a 7.25% convertible debenture in the principal amount of \$2,000,000 to La Jolla Cove Investors, Inc. Interest only was payable monthly with any unpaid principal plus accrued interest payable at maturity on September 30, 2011. The Company received \$200,000 in cash plus an 8.25% secured promissory note from the debenture holder in the principal amount of \$1,800,000.

Conversion of outstanding debentures into common shares was previously at the option of the holder at a price equal to the dollar amount of the debenture divided by the lesser of \$.35 per share or 80% of the three lowest volume weighted average prices during a 20 day trading period. The holder converted \$190,000 of the principal amount of the convertible debenture into 21,714,285 shares of common stock as of March 18, 2011.

If the price of the Company's common stock was \$.04 per share or greater prior to maturity, the holder of the convertible debenture had the option to fund, under the terms of the secured promissory note, up to the remaining principal of \$1,800,000 and convert such amount into a maximum of approximately 56,250,000 or fewer shares of common stock at the price set forth in the preceding paragraph. The option to fund was not available to the holder at prices less than \$.04, and the shares underlying the unfunded portion of this convertible debenture were accordingly deducted from the number of total shares issuable set forth in the table above in which all conversion prices shown are less than \$.04.

On March 16, 2011, the holder and the Company entered into a termination agreement whereby \$1,800,000 of the principal of both the note receivable and the convertible debenture, plus \$90,291 in accrued interest receivable and \$84,175 in accrued interest payable was cancelled. Additionally in connection with the termination, the Company paid the holder \$17,000 and assigned to a consultant engaged by the Company the unconverted portion of the convertible debenture in the amount of \$10,000 which had been fully funded in cash and which remains outstanding at March 18, 2011. Based upon the price of the Company's common stock on March 18, 2011 of \$.0054 per share, the current holder could convert the remaining principal amount plus interest of this convertible note into approximately 2,314,815 shares of common stock.

The second and third convertible notes, each in the principal amount of \$275,000, each bearing interest at the rate of 7.5%, and with maturity dates respectively of three and four years from the date of issuance were issued in exchange for two secured promissory notes issued by J. Fife in the amount of \$250,000 each. These subsequent second and third convertible notes become executable upon the conversion or payment in full of the first note above.

Upon payment of all amounts owed under each of the secured promissory notes, the convertible notes are convertible into common stock of the Company at the option of the holder at a price equal to the dollar amount of the note being converted divided by 75% of the three lowest volume weighted average prices during the 20 day trading period immediately preceding the date of conversion.

The Company has, in three of the past ten years prior to the fiscal year commencing on July 1, 2007, also issued reparation shares in order to induce prior investors in equity private placements of common stock of the Company to make an investment in a new private placement. This was necessary because the price of the Company's common stock has generally declined over the course of the past ten years and the Company engaged exclusively in private placements of equity prior to December of 2007. The aggregate number of reparation shares the Company has issued to date is 77,106,987, which includes 52,521,246 shares issued in years prior to our fiscal year ended June 30, 2008 and 24,385,741 shares issued since that date.

None of the investors that have been issued reparation shares in the fiscal years ended June 30, 2008, June 30, 2009 and June 30, 2010 or for the period from July 1, 2010 through the date hereof are related persons as defined in Item 404 of Regulation S-K.

The reparation shares were adjustments to private placements in which the four investors had made investments of an aggregate of \$1,469,723 in previous fiscal years for the issuance of 10,859,412 restricted shares of common stock of the Company.

On April 1, 2008, the Company amended the terms of two warrants issued by the Company on December 12, 2006, to purchase 11,111,112 shares of the Company's common stock and also issued the warrant-holder a new replacement warrant at a fixed price of \$.14 per share to purchase up to 11,111,112 shares of common stock that can be exercised at any time through April 1, 2013. The amendment revised the exercise prices of the two warrants previously issued by the Company. The increase in value of the amended warrants was estimated to be \$161,111. This was recorded as reparation expense in respect of the unrelated warrant-holder who had made an investment of \$722,222 for the issuance of 11,111,112 restricted shares of common stock of the Company upon the exercise of the revised warrants. Previously, on December 12, 2006, the warrant-holder made an investment of \$750,000 for the issuance of 5,555,556 restricted shares of common stock of the Company and the two warrants which were amended. As a result of the reparation shares valued at \$230,923 and the change in value of the amended warrants estimated to be \$161,111, the Company recorded reparation expense of \$392,034 for the fiscal year ended June 30, 2008. **Related Parties From
Inception To Date**

The reparations issued to related parties described in the above table were made for additional investments in the form of conversion of trade payables concurrent with and made on the same terms as private placements of equity with accredited investors.

The Company had no contractual or legal obligation to issue shares for reparations and determined the issuance of each on a case by case basis as negotiated with its investor. As of the date hereof, there are no current agreements for the issuance of any additional reparation shares. The Company is unable to predict whether conditions in the financial markets in the future may require it to issue additional reparation shares in order to attract monies in future private placements of its common stock.

The determination of the quantity of reparation shares for the corrective issuance of each reparation for selected prior investments in private placements of the Company's common stock was negotiated with each accredited investor at the time the subsequent new investment was made. This quantity was based on several factors including: (i) the market value of the Company's common stock at the time of the prior investment in relation to the market value at the date of the new investment; (ii) the dollar amount of the prior investment in relation to the dollar amount of the new investment; and (iii) the current terms of private placements of common stock being offered by the Company to other accredited investors. All reparation costs were valued as of the date of the new investment. In no case did the corrective issuance exceed the reduction in the market value of the prior issuance.

Details of reparation expenses for the last three fiscal years are as follows:

*** The date indicated was the execution and funding date of the new investment and the date the corresponding reparation shares or warrant(s) were issued.

** Proceeds received in cash and included in our statements of shareholders equity as proceeds of current year private placements and exercise of warrants.

* Issued as an inducement to an existing warrant-holder to make an investment of \$722,222 based upon the exercise of previously issued warrants, as modified. Reparation costs associated with this warrant were measured at the difference between the original value of the warrants and the value of the warrant after modification, based upon the Black-Scholes model.

The warrant-holder exercised its right to purchase 11,111,112 shares of the Company's common stock under two previously issued warrants, at a price revised from each of the original prices in each of the two warrants. The previously outstanding warrants were fixed price warrants, each to purchase up to 555,555,556 shares of the Company's common stock at an exercise price of \$.15 and \$.18, respectively, through December 12, 2011. The revised prices of \$.062 and \$.067 per share, or approximately \$.065 for all shares from both warrants, was based on 50% of the share price of the Company's common stock on March 28, 2009. As a condition to the re-pricing of the strike price of the warrants the warrant-holder was required to exercise such warrants by April 1, 2008 and the Company issued the warrant-holder a new replacement warrant at a fixed price of \$.14 per share for 11,111,112 shares of common stock that can be exercised at any time through April 1, 2013.

* Investor reparation of prior investments to extend a current loan. The loan bore an interest rate of 12% and was originally due on April 15, 2009. The loan was extended until April 15, 2010 and as of October 12, 2010, no amounts remained outstanding on this loan

As previously noted, during the fiscal year ended June 30, 2010 the Company issued 1,700,000 reparation shares in November 2009 and recorded reparation expense of \$35,530, the value of the shares on the issuance date, to a single unrelated investor. The reparation shares were an adjustment to a private placement in which this investor had made an investment of \$100,000 on May 29, 2008 of fiscal year ended June 30, 2008 for an original issuance of 2,000,000 restricted shares of common stock of the Company at \$.05 per share.

Any issuance of additional shares of common stock could reduce the current shareholders' proportionate interests in the Company, depending on the number of shares issued and the purpose, terms and conditions of the issuance. Moreover, the issuance of additional shares of common stock could discourage attempts to acquire control of the Company by tender offer or other means. In such a case, shareholders might be deprived of benefits that could result from such an attempt, such as realization of a premium over the market price of their shares in a tender offer or the temporary increase in market price that could result from such an attempt. Also, the issuance of stock to persons supportive of the Board of Directors could make it more difficult to remove incumbent management and directors from office. Although the Board of Directors intends to issue common stock only when it considers such issuance to be in the best interest of the Company, the issuance of additional shares of common stock may have, among others, a dilutive effect on earnings per share of common stock and on the equity and voting rights of holders of shares of common stock. The Board of Directors believes, however, that the benefits of providing the flexibility to issue shares without delay for any business purpose outweigh any such possible disadvantages.

Ownership of shares of common stock entitles each shareholder to one vote per share of common stock. Holders of shares of common stock do not have preemptive rights to subscribe to additional securities that may be issued by the Company, which means that current shareholders do not have a prior right to purchase any new issue of capital stock of the Company in order to maintain their proportionate ownership. Shareholders wishing to maintain their interest, however, may be able to do so through normal market purchases.

The increase in the authorized common stock will be implemented by effecting an amendment to the Company's Amended Certificate of Incorporation, replacing the current Article 4 with a new Article 4 that states as follows:

The aggregate number of shares of common stock which the Corporation shall have authority to issue is 6,000,000,000 shares, par value \$.01 per share.

Assuming the increase in authorized common stock is approved by the shareholders at the Special Meeting, an amendment to the Company's Amended Certificate of Incorporation will be filed with the Secretary of State of the State of New Jersey, and the increase in authorized common stock will become effective as of 5:00 p.m. Eastern Time on the date of such filing. The Company expects that such filing will take place on or shortly after the date the Special Meeting is held. The increase in authorized common stock may be abandoned by the Board of Directors at any time before or after the Special Meeting.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR APPROVAL OF THE AMENDMENT TO THE AMENDED CERTIFICATE OF INCORPORATION, THEREBY INCREASING THE NUMBER OF AUTHORIZED SHARES OF COMMON STOCK FROM 2,000,000,000 SHARES TO 6,000,000,000 SHARES, AS SET FORTH ABOVE. THE AFFIRMATIVE VOTE OF HOLDERS OF A MAJORITY OF THE SHARES OF COMMON STOCK REPRESENTED AT THE MEETING IN PERSON OR BY PROXY IS REQUIRED TO APPROVE THE AMENDMENT TO THE AMENDED CERTIFICATE OF INCORPORATION. SHARES OF COMMON STOCK REPRESENTED AT THE MEETING BY EXECUTED BUT UNMARKED PROXIES WILL BE VOTED FOR APPROVAL OF THE PROPOSAL.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The members of the Compensation Committee are Messrs. Biderman, Dotoli and Guerino. Neither Messr. Biderman nor Guerino has been an officer or employee of mPhase. None of the Company's directors or executive officers served as a member of the Compensation Committee (or other board committee performing equivalent functions or, in the absence of such committee, the entire Board of Directors) of another entity during fiscal year 2008, 2009, or 2010 that has a director or executive officer serving also as a director on mPhase's Board of Directors. Mr. Dotoli, together with Mr. Durando and Mr. Ergul, were collectively controlling shareholders and directors of Janifast Ltd. In March of 2009, Janifast Ltd. terminated operations.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

As indicated above, our Compensation Committee consists of Messrs. Dotoli, Biderman and Guerino. The committee determines all compensation paid or awarded to our executive officers and approves our overall compensation policies.

The committee's goals are to attract and retain an executive management team that is capable of taking full advantage of our opportunities, and to provide incentives for outstanding performance. In arriving at an initial compensation offer to an individual, the committee considers determinants of the individual's market value, including experience, education, accomplishments and reputation, as well as the level of responsibility to be assumed, in relation to the market value of such qualifications and industry standards. When determining subsequent adjustments to an individual's compensation package, the committee also evaluates the importance to stockholders of that person's continued service. This is a judgment process, exercised by the committee with the advice of our management and a compensation consultant.

The executive officers' compensation structure consists of: (i) base salary, (ii) cash bonus and (iii) stock options.

Base Salary. Each individual's base salary is determined by the committee after considering a variety of factors that make up our market value and prospective value, including the knowledge, experience and accomplishments of the individual, the individual's level of responsibility, and the typical compensation levels for individuals with similar credentials. The committee may change the salary of an individual on the basis of its judgment for any reason, including our performance or the performance of the individual, changes in responsibility, and changes in the market for executives with similar credentials. Salaries for 2008, 2009, and 2010 were set based on the above factors and after review of industry comparables.

Cash Bonus. Bonuses are awarded for accomplishments during the past year. Bonuses are determined by the committee with advice from our management, based upon the committee's assessment of the individual's contributions during the year, compared to, but not limited to, a list of individualized goals previously approved by our management and the committee.

Stock Options. Stock options are prospective incentives, aimed at keeping and motivating key people by letting them share in the value they create for stockholders. They are awarded at times deemed appropriate by the committee in amounts calculated to secure the full attention and best efforts of executives on whose future performance our success will depend.

Compliance with Section 16(a) of the Exchange Act

Section 16(a) of the Exchange Act requires our executive officers and directors, and persons who own more than ten percent of a registered class of our equity securities, to file reports of ownership and changes in ownership with the SEC and to provide us with copies of such reports. mPhase has reviewed the report copies filed in 2010 and, based also on written representations from its directors and executive officers, the Company believes that there was compliance with Section 16(a) filing requirements for 2010.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS**Material Related Party Transactions**

The Company has material related party transactions. The Company incurs costs for engineering, design and production of prototypes and certain administrative functions from Microphase Corporation. Mr. Durando and Mr. Dotoli are officers of Microphase Corporation. Mr. Ergul and Mr. Durando collectively own a nearly 90% controlling interest of Microphase Corporation and each is a director of Microphase Corporation. Microphase Corporation is a significant shareholder of mPhase.

Management believes the amounts charged to the Company by Microphase are commensurate with amounts that would be incurred if outside parties were used. The Company believes Microphase has the ability to fulfill its obligations to the Company without further support from the Company.

The registered agent of the corporation is Jersey Transfer & Trust Co. Attn: Jeffrey Manger, Vice President, with an office at 201 Bloomfield Avenue, Verona, New Jersey 07044.

The corporation may also have offices at such other places within or without the State of New Jersey as the board may from time to time determine or the business of the corporation may require.

ARTICLE II-SHAREHOLDERS

1. PLACE OF MEETINGS.

Meetings of shareholders shall be held at the principal office of the corporation or at such place within or without the State of New Jersey as the board shall authorize.

2. ANNUAL MEETING.

The annual meeting of the shareholders shall be held once a year on a date fixed by the board.

3. SPECIAL MEETINGS.

Special meetings of the shareholders may be called by the board or by the president and shall be called by the president or the secretary at the request, in writing, of a majority of the board or at the request, in writing, by shareholders owning a majority in amount of the shares issued and outstanding. Such request shall state the purpose or purposes of the proposed meeting. Business transacted at a special meeting shall be confined to the purpose stated in the notice.

4. NOTICE OF MEETINGS OF SHAREHOLDERS.

Written notice of the time, place and purpose or purposes of every meeting of shareholders shall be given not less than 10 nor more than 60 days before the date of the meeting, either personally or by mail, to each shareholder of record entitled to vote at the meeting.

When a meeting is adjourned to another time or place, it shall not be necessary, unless the bylaws otherwise provide, to give notice of the adjourned meeting, if the time and place to which the meeting is adjourned are announced at the meeting at which the adjournment is taken and at the adjourned meeting only such business is transacted as might have been transacted at the original meeting. However, if after adjournment the board fixes a new record date for the adjourned meeting, a notice of the adjourned meeting shall be given to each shareholder of record on the new record date entitled to notice.

5. WAIVER OF NOTICE OR OF LAPSE OF TIME.

(a) Notice of meeting need not be given to any shareholder who signs a waiver of notice, in person or by proxy, whether before or after the meeting. The attendance of any shareholder at a meeting, in person or by proxy, without protesting prior to the conclusion of the meeting the lack of notice of such meeting, shall constitute a waiver of notice by him.

(b) Whenever shareholders are authorized to take any action after the lapse of a prescribed period of time, the action may be taken without such lapse if such requirement is waived, in writing, in person or by proxy, before or after the taking of such action, by every shareholder entitled to vote thereon as at the date of the taking of such action.

6. ACTION BY SHAREHOLDERS WITHOUT A MEETING.

Any action required or permitted to be taken at a meeting of shareholders by statute, the certificate of incorporation, or by-laws, other than the annual election of directors, may be taken without a meeting upon the written consent of shareholders who would have been entitled to cast the minimum number of votes which would be necessary to authorize such action at a meeting at which all shareholders entitled to vote thereon were present and voting. The written consents of the shareholders consenting thereto shall be filed with the minutes of proceedings of shareholders.

7. QUORUM OF SHAREHOLDERS.

(a) Unless otherwise provided in the certificate of incorporation, the holders of shares entitled to cast a majority of the votes at a meeting shall constitute a quorum at such meeting. The shareholders present in person or by proxy at a duly organized meeting may continue to do business until adjournment, notwithstanding the withdrawal of enough shareholders to leave less than a quorum. Less than a quorum may adjourn.

(b) Whenever the holders of any class or series of shares are entitled to vote separately on a specified item of business, the provisions of paragraph (a) shall apply in determining the presence of a quorum of such class or series for the transaction of such specified item of business.

8. ORDER OF BUSINESS.

- (b) Proof of notice of meeting or waiver of notice.

1. BOARD OF DIRECTORS.

Subject to any provision in the certificate of incorporation the business of the corporation shall be managed by its board of directors, each of whom shall be at least 18 years of age.

2. NUMBER OF DIRECTORS.

The number of directors shall be not less than 3 and no more than 11.

3. TERM OF DIRECTORS.

The directors named in the certificate of incorporation shall hold office until the first annual meeting of shareholders, and until their successors shall have been elected and qualified. At the first annual meeting of shareholders and at each annual meeting thereafter the shareholders shall elect directors to hold office until the next succeeding annual meeting, except as otherwise required by the certificate of incorporation or the by-laws in the case of classification of directors. Each director may resign by written notice to the corporation. The resignation shall be effective upon receipt thereof by the corporation or at such subsequent time as shall be specified in the notice of resignation.

4. VACANCIES AND NEWLY CREATED DIRECTORSHIPS.

(a) Any directorship not filled at the annual meeting and any vacancy, however caused, occurring in the board may be filled by the affirmative vote of a majority of the remaining directors even though less than a quorum of the board, or by a sole remaining director. A director so elected by the board shall hold office until the next succeeding annual meeting of shareholders and until his successor shall have been elected and qualified.

(b) When one or more directors shall resign from the board effective at a future date, a majority of the directors then in office including those who have so resigned shall have power to fill such vacancy or vacancies, the vote thereon to take effect when such resignation or resignations shall become effective, and each director so chosen shall hold office as herein provided in the filling of other vacancies.

(c) Any directorship to be filled by reason of an increase in the number of directors shall be filled by election at an annual meeting or at a special meeting of shareholders called for that purpose, unless the certificate of incorporation or a by-law adopted by the shareholders authorizes the board to fill such directorship. A director elected by the board to fill any such directorship shall hold office until the next succeeding annual meeting of shareholders for the election of directors and until his successor shall have been elected and qualified.

(d) If by reason of death, resignation or other cause the corporation has no directors in office, any shareholder or the executor or administrator of a deceased director may call a special meeting of shareholders for the election of directors and, over his own signature, shall give notice of said meeting in accordance with the by-laws.

5. REMOVAL OF DIRECTORS.

One or more or all the directors of the corporation may be removed for cause by the shareholders by the affirmative vote of the majority of the votes cast by the holders of shares entitled to vote for the election of directors.

6. QUORUM OF BOARD OF DIRECTORS AND COMMITTEES; ACTION OF DIRECTORS WITHOUT A MEETING.

A majority of the entire board, or of any committee thereof, shall constitute a quorum for the transaction of business, unless the certificate of incorporation shall provide that a greater or lesser number shall constitute a quorum, which in no case shall be less than the greater of two persons or one-third of the entire board or committee, except that when a board of one director is authorized one director shall constitute a quorum. Any action required or permitted to be taken pursuant to authorization voted at a meeting of the board or any committee thereof may be taken without a meeting if, prior or subsequent to such action, all members of the board or of such committee, as the case may be, consent thereto in writing and such written consents are filed with the minutes of the proceedings of the board or committee. Such consent shall have the same effect as a unanimous vote of the board or committee for all purposes.

7. PLACE OF BOARD MEETINGS.

Meetings of the board may be held either within or without the State of New Jersey.

8. REGULAR ANNUAL MEETING.

A regular annual meeting of the board shall be held immediately following the annual meeting of shareholders at the place of such annual meeting of shareholders.

9. NOTICE OF MEETINGS OF THE BOARD; ADJOURNMENT.

(a) Regular meetings of the board may be held with or without notice as prescribed in the bylaws. Special meetings of the board shall be held upon such notice as is prescribed in the by-laws. Notice of any meeting need not be given to any director who signs a waiver of notice, whether before or after the meeting. The attendance of any director at a meeting without protesting prior to the conclusion of the meeting the lack of notice of such meeting shall constitute a waiver of notice by him. Neither the business to be transacted at, nor the purpose of, any meeting of the board need be specified in the notice or waiver of notice of such meeting unless required by the by-laws. Notice of an adjourned meeting need not be given if the time and place are fixed at the meeting adjourning and if the period of adjournment does not exceed ten days in any one adjournment.

(b) A majority of the directors present, whether or not a quorum is present, may adjourn any meeting to another time and place. Notice of the adjournment shall be given all directors who were absent at the time of the adjournment and, unless such time and place are announced at the meeting, to the other directors.

(a) Any officer elected by the board may be removed by the board with or without cause. An officer elected by the shareholders may be removed, with or without cause, only by vote of the shareholders but his authority to act as an officer may be suspended by the board for cause. The removal of an officer shall be without prejudice to his contract rights, if any. Election of an officer shall not of itself create contract rights.
