**Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-balance Sheet Arrangement of a Registrant.**

On April 7, 2006, Amtech Systems, Inc. (the Company) entered into domestic and export revolver loan and security agreements with the Silicon Valley Bank (the LSAs) and a Working Capital Guarantee Program Borrower Agreement with the Export-Import Bank of the United States, all of which expire April 7, 2008. The Company can borrow a maximum of \$3 million, including \$2 million under the domestic LSA and \$1 million under the export LSA, subject to the availability of sufficient eligible collateral, as defined under the agreements, and certain other restrictions. The interest rate under the agreements is Silicon Valley Bank's prime rate plus 1%. The fee for the unused portion of the loans is equal to twenty-five hundredths percent (0.25%) per annum of the average unused portion of the \$3 million revolving lines of credit. In the event of a default by the Company under the LSAs, Silicon Valley Bank may declare all amounts due under the LSAs to be immediately due and payable. In addition, the lines of credit are secured by substantially all of the assets of the Company's United States based operations. The Company secured the \$3 million lines of credit to provide additional liquidity for future growth.

The foregoing description of the LSAs and the Working Capital Guarantee Program Borrower Agreement is qualified in its entirety by reference to the provisions of such agreements, which are attached hereto and incorporated herein by reference.
