Quarterly Statement of Investments | 13

Franklin Templeton
Limited Duration Income Trust

NOTES TO STATEMENT OF INVESTMENTS (UNAUDITED)

1. ORGANIZATION

Franklin Templeton Limited Duration Income Trust (Fund) is registered under the Investment Company Act of 1940, as amended, (1940 Act) as a diversified, closed-end investment company.

2. SECURITY VALUATION

Securities listed on a securities exchange or on the NASDAQ National Market System are valued at the last quoted sale price or the official closing price of the day, respectively. Over-the-counter securities and listed securities for which there is no reported sale are valued within the range of the most recent quoted bid and ask prices. Securities that trade in multiple markets or on multiple exchanges are valued according to the broadest and most representative market. Investments in open-end mutual funds are valued at the closing net asset value.

Corporate debt securities, government securities, mortgage pass-through securities, other mortgage-backed securities, and asset-backed securities generally trade in the over-the-counter market rather than on a securities exchange. The Fund may utilize independent pricing services, quotations from bond dealers, and information with respect to bond and note transactions, to assist in determining a current market value for each security. The Fund's pricing services may use valuation models or matrix pricing which considers information with respect to comparable bond and note transactions, quotations from bond dealers, or by reference to other securities that are considered comparable in such characteristics as rating, interest rate and maturity date, option adjusted spread models, prepayment projections, interest rate spreads and yield curves, to determine current value.

Senior secured corporate loans with floating or variable interest rates generally trade in the over-the-counter market rather than on a securities exchange. The Fund may utilize independent pricing services, quotations from loan dealers and other financial institutions, and information with respect to bond and note transactions, to assist in determining a current market value for each security. The Fund's pricing services use independent market quotations from loan dealers or financial institutions and may incorporate valuation methodologies that consider multiple bond characteristics such as dealer quotes,

Edgar Filing: FRANKLIN TEMPLETON LTD DURATION INCOME TRUST - Form N-Q

issuer type, coupon, maturity, weighted average maturity, interest rate spreads and yield curves, cash flow and credit risk/quality analysis, to determine current value.

The Fund has procedures to determine the fair value of individual securities and other assets for which market prices are not readily available or which may not be reliably priced. Methods for valuing these securities may include: fundamental analysis, matrix pricing, discounts from market prices of similar securities, or discounts applied due to the nature and duration of restrictions on the disposition of the securities. Due to the inherent uncertainty of valuations

14 | Quarterly Statement of Investments

Franklin Templeton
Limited Duration Income Trust

NOTES TO STATEMENT OF INVESTMENTS (UNAUDITED) (CONTINUED)

2. SECURITY VALUATION (CONTINUED)

of such securities, the fair values may differ significantly from the values that would have been used had a ready market for such investments existed. Occasionally, events occur between the time at which trading in a security is completed and the close of the NYSE that might call into question the availability (including the reliability) of the value of a portfolio security held by the Fund. If such an event occurs, the securities may be valued using fair value procedures, which may include the use of independent pricing services. All security valuation procedures are approved by the Fund's Board of Trustees.

3. INCOME TAXES

At December 31, 2008, the cost of investments and net unrealized appreciation (depreciation) for income tax purposes were as follows:

Cost of investments	\$ 502,213,842

Unrealized appreciation	\$ 2,798,188
Unrealized depreciation	(111,723,108)

Net unrealized appreciation (depreciation)	\$(108,924,920)

4. FORWARD EXCHANGE CONTRACTS

At December 31, 2008, the Fund had the following forward exchange contracts outstanding:

5. FAIR VALUE MEASUREMENTS

The Fund adopted Financial Accounting Standards Board (FASB) Statement No. 157, "Fair Value Measurement" (SFAS 157), on April 1, 2008. SFAS 157 defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurements. The Fund has determined that the implementation of SFAS 157 did not have a material impact on the Fund's financial statements.

SFAS 157 establishes a fair value hierarchy that distinguishes between market

Edgar Filing: FRANKLIN TEMPLETON LTD DURATION INCOME TRUST - Form N-Q

data obtained from independent sources (observable inputs) and the Fund's own market assumptions (unobservable inputs). These inputs are used in determining the value of the Fund's investments and are summarized in the following fair value hierarchy:

- Level 1 - quoted prices in active markets for identical securities
- Level 2 - other significant observable inputs (including quoted prices for similar securities, interest rates, prepayment speed, credit risk, etc.)
- Level 3 - significant unobservable inputs (including the Fund's own assumptions in determining the fair value of investments)

The inputs or methodology used for valuing securities are not an indication of the risk associated with investing in those securities.

16 | Quarterly Statement of Investments

Franklin Templeton

Limited Duration Income Trust

NOTES TO STATEMENT OF INVESTMENTS (UNAUDITED) (CONTINUED)

5. FAIR VALUE MEASUREMENTS (CONTINUED)

The following is a summary of the inputs used as of December 31, 2008, in valuing the Fund's assets and liabilities carried at fair value:

	LEVEL 1 -----	LEVEL 2 -----	LEVEL 3 -----	TOTAL -----
ASSETS:				
Investments in Securities	\$7,874,395	\$385,414,527	\$--	\$393,288,922
Other Financial Instruments(a)	--	3,063,426	--	3,063,426
LIABILITIES:				
Other Financial Instruments(a)	--	475,057	--	475,057

(a) Other financial instruments includes net unrealized appreciation (depreciation) of forward exchange contracts and unfunded loan commitments.

6. NEW ACCOUNTING PRONOUNCEMENT

In March 2008, FASB issued FASB Statement No. 161, "Disclosures about Derivative Instruments and Hedging Activities, an amendment of FASB Statement No. 133" (SFAS 161), which expands disclosures about derivative investments and hedging activities. SFAS 161 is effective for fiscal years and interim periods beginning after November 15, 2008. The Fund is currently evaluating the impact, if any, of applying the various provisions of SFAS 161.

ITEM 2. CONTROLS AND PROCEDURES.

(a) Evaluation of Disclosure Controls and Procedures. The Registrant maintains disclosure controls and procedures that are designed to ensure that information required to be disclosed in the Registrant's filings under the Securities Exchange Act of 1934 and the Investment Company Act of 1940 is recorded, processed, summarized and reported within the periods specified in the rules and forms of the Securities and Exchange Commission. Such information is accumulated and communicated to the Registrant's management, including its principal executive officer and principal financial officer, as appropriate, to allow timely decisions regarding required disclosure. The Registrant's management, including the principal executive officer and the principal financial officer, recognizes that any set of controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives.

Within 90 days prior to the filing date of this Quarterly Schedule of Portfolio Holdings on Form N-Q, the Registrant had carried out an evaluation, under the supervision and with the participation of the Registrant's management, including the Registrant's principal executive officer and the Registrant's principal financial officer, of the effectiveness of the design and operation of the Registrant's disclosure controls and procedures. Based on such evaluation, the Registrant's principal executive officer and principal financial officer concluded that the Registrant's disclosure controls and procedures are effective.

(b) Changes in Internal Controls. There have been no significant changes in the Registrant's internal controls or in other factors that could significantly affect the internal controls subsequent to the date of their evaluation in connection with the preparation of this Quarterly Schedule of Portfolio Holdings on Form N-Q.

ITEM 3. EXHIBITS.

(a) Certification pursuant to Section 30a-2 under the Investment Company Act of 1940 of Jennifer J. Bolt, Chief Executive Officer - Finance and Administration, and Laura F. Ferguson, Chief Financial Officer and Chief Accounting Officer.

SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934 and the Investment Company Act of 1940, the registrant has duly caused this report to be signed on its behalf by the undersigned, thereunto duly authorized.
