SECURED DIVERSIFIED INVESTMENT, LTD.
Notes to Unaudited Consolidated Financial Statements
March 31, 2006

NOTE 1 - Basis of presentation and Going Concern

Basis of presentation:

The Unaudited consolidated financial statements have been prepared by the "Company," pursuant to the rules and regulations of the Securities and Exchange Commission. The information furnished herein reflects all adjustments (consisting of normal recurring accruals and adjustments) which are, in the opinion of management, necessary to fairly present the operating results for the respective periods. Certain information and footnote disclosures normally present in annual consolidated financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been omitted pursuant to such rules and regulations. These consolidated financial statements should be read in conjunction with the audited consolidated financial statements and footnotes for the year ended December 31, 2005. The results of the three months ended March 31, 2006 are not necessarily indicative of the results to be expected for the full year ending December 31, 2006.

Going concern:

The accompanying financial statements have been prepared in conformity with generally accepted accounting principles, which contemplate continuation of the Company as a going concern. However, the Company has an accumulated deficit of \$8,062,321 as of March 31, 2006. The Company reported a net loss of \$68,200 at March 31, 2006. The Company currently has positive liquidity, but has not established a stabilized source of revenues sufficient to cover operating costs over an extended period of time. Additionally, the Company is involved in litigation with several prior employees of the Company. The outcome of this litigation may adversely affect the liquidity of the Company.

In view of the matters described in the preceding paragraph, recoverability of a major portion of the recorded asset amounts shown in the accompanying balance sheet is dependent upon continued operations of the Company, which in turn is dependent upon the Company's ability to restructure its operations and raise additional capital to succeed in its future operations. The financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts or amounts and classification of liabilities that might be necessary should the Company be unable to continue as a going concern.

Current management is restructuring the Company's operations by selling many of its poorly performing properties and reducing the associated high cost of debt. The Company has also significantly reduced overhead. The Company continues to search and evaluate different business opportunities in efforts to generate a stabilized cash flow and funds for future investments. Management anticipates that the Company will be dependent, for the near future, on additional investment capital to fund operating expenses and acquisitions of properties or businesses before achieving operating profitability. The Company intends to position itself so that it may be able to raise additional funds through the capital markets which to date it has not been able to do so. There are no assurances that the Company will be successful in this or any of its endeavors or become financially viable and continue as a going concern.

NOTE 2 - Nature of Operations

The Company was incorporated under the laws of the state of Utah on November 22, 1978. On July 23, 2002, the shareholders approved a change in domicile from Utah to Nevada. In accordance with Nevada corporate law, a change of domicile is effected by merging the foreign corporation with and into a Nevada corporation. On August 9, 2002, a

merger between the Company and Book Corporation of America was completed. Upon completion of the merger Book Corporation of America was dissolved.

Notes to Unaudited Consolidated Financial Statements
March 31, 2006

On September 18, 2002, the OTCBB symbol for the Company's common stock was changed from BCAM to SCDI. The shareholders also approved amendments to the Company's Articles of Incorporation to change the par value of the Company's Common Stock from \$.005 to \$.001 and to authorize 50,000,000 shares of Preferred Stock (Series A, B and C), par value \$0.01. On November 15, 2002, the Company changed its fiscal year end from October 31 to December 31.

During 2002, the Company began pursuing the acquisition of ownership interests in real estate properties that are geographically and functionally diverse in order to be more stable and less susceptible to devaluation resulting from regional economic downturns and market shifts. The Company was not successful in implementing this strategy. Currently, the Company owns a shopping center in Orange, California; a single story office building in Newport Beach, California through its majority owned subsidiary Diversified Commercial Brokers, LLC; a 25 percent Tenant-in-Common interest in a commercial property located in Paradise Valley, Arizona; and a 33.3 percent interest in a property, consisting of a 2,180 square foot structure on approximately 38,587 square feet of land, located in Phoenix, Arizona.

NOTE 3 - Significant Accounting Policies

Consolidation. The accompanying consolidated financial statements include the accounts of the Company and its majority owned subsidiary, Diversified Commercial Brokers, LLC (53.8%). All material inter-company transactions and balances have been eliminated.

Estimates. The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures; for example, the estimated useful lives of assets and the fair value of real property. Accordingly, actual results could differ from those estimates.

Credit and concentration risk. The Company maintains deposit accounts in numerous financial institutions. From time to time, cash deposits may exceed Federal Deposit Insurance Corporation limits. The Company maintains no certificates of deposit in excess of federal deposit insurance limits; however, the Company's general operating account exceeds federal deposit insurance limits.

Revenue recognition. The Company's revenues are derived from rental income. Rental revenues are recognized in the period services are provided.

As a lessor, the Company has retained substantially all of the risks and benefits of ownership of the Office Properties and account for our leases as operating leases. Income on leases, which includes scheduled increases in rental rates during the lease term and/or abated rent payments for various periods following the tenant's lease commencement date, is recognized on a straight-line basis. Property leases generally provide for the reimbursement of annual increases in operating expenses above base year operating expenses (excess operating expenses), payable to the Company in equal installments throughout the year based on estimated increases. Any differences between the estimated increase and actual amounts incurred are adjusted at year end.

Cash and cash equivalents. The Company considers all short term, highly liquid investments, that are readily convertible to known amounts within ninety days as cash equivalents. The Company currently has no such investments.

Restricted cash. The Company is required by a lender to maintain a \$70,000 deposit in a bank account at the lenders financial institution. The deposit and 1st trust deed on real property serve as collateral for the loan. The deposit is returnable subject to the borrower meeting certain payment and financial reporting conditions.

Property and equipment. Property and equipment are depreciated over the estimated useful lives of the related assets. Leasehold improvements are amortized over the lesser of the lease term or the estimated

F-5

Table of Contents

SECURED DIVERSIFIED INVESTMENT, LTD.
Notes to Unaudited Consolidated Financial Statements
March 31, 2006

life of the asset. Depreciation and amortization is computed on the straight-line method. Repairs and maintenance are expensed as incurred.

Investments. The consolidated method of accounting is used for investments in associated companies in which the company's interest is 50% or more. Under the consolidated method, the Company recognizes its share in the net earnings or losses of these associated companies as they occur rather than as dividends are received. Dividends received are accounted for as a reduction of the investment rather than as dividend income.

Fair value. The carrying value for cash, prepaid, and accounts payable and accrued liabilities approximate fair value because of the immediate or short-term maturity of these financial instruments. Based upon the borrowing rates currently available to the Company for loans with similar terms and average maturities, the fair value of long-term debt approximates its carrying value.

Long-lived assets. Effective January 1, 2002, the Company adopted Statement of Financial Accounting Standards No. 144, "Accounting for the Impairment or Disposal of Long-Lived Assets" ("SFAS 144"), which addresses financial accounting and reporting for the impairment or disposal of long-lived assets and supersedes SFAS No. 121, "Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to be Disposed Of," and the accounting and reporting provisions of APB Opinion No. 30, "Reporting the Results of Operations for a Disposal of a Segment of a Business." The Company periodically evaluates the carrying value of long-lived assets to be held and used in accordance with SFAS 144. SFAS 144 requires impairment losses to be recorded on long-lived assets used in operations when indicators of impairment are present and the undiscounted cash flows estimated to be generated by those assets are less than the assets' carrying amounts. In that event, a loss is recognized based on the amount by which the carrying amount exceeds the fair market value of the long-lived assets. Loss on long-lived assets to be disposed of is determined in a similar manner, except that fair market values are reduced for the cost of disposal.

Issuance of shares for service. The Company accounts for the issuance of equity instruments to acquire goods and services. The stocks were valued at the average fair market value of the freely trading shares of the Company as quoted on OTCBB on the date of issuance.

Income (Loss) per share. Basic loss per share is based on the weighted average number of common shares outstanding during the period. Diluted loss per share reflects the potential dilution that could occur if securities or other contracts to issue common stock were exercised or converted into common stock. At March 31, 2006 and 2005, all potential common shares are excluded from the computation of diluted loss per share, as the effect of which was anti-dilutive.

Stock-based compensation.

The company adopted SFAS No. 123-R effective January 1, 2006 using the modified prospective method. Under this transition method, stock compensation expense includes Compensation expense for all stock-based compensation awards granted on or after January 1, 2006, based on the grant-date fair value estimated in accordance with the provisions of SFAS No. 123-R.

Prior to January 1, 2006, the company measured stock compensation expense using the intrinsic value method of accounting in accordance with Accounting Principles Board (APB) Opinion No. 25, Accounting for Stock Issued to Employees," and related interpretations (APB No. 25) and has opted for the disclosure provisions of SFAS No. 123. Thus, expense was generally not recognized for the company's employee stock option and purchase plans.

There were no unvested stock options as of December 31, 2005 and the Company has neither granted nor vested any stock options during the three months period ended March 31, 2006.

Gain recognition on sale of real estate assets. In accordance with SFAS No. 66, Accounting for Sales of Real Estate, the Company performs evaluations of each real estate sale to determine if full gain recognition is appropriate and of each sale or contribution of a property to a joint venture to determine if partial gain recognition is appropriate. The application of SFAS No. 66 can be complex and requires the Company to make assumptions including an assessment of whether the risks and rewards of ownership have been transferred, the extent of the purchaser's investment in the property being sold, whether its receivables, if any, related to the sale are collectible and are subject to subordination, and the degree of its continuing involvement with the real estate asset after the sale. If full gain recognition is not appropriate, the Company accounts for the sale under an appropriate deferral method.

Income Taxes. Deferred income tax assets and liabilities are computed annually for differences between the consolidated financial statements and tax basis of assets and liabilities that will result in taxable or deductible amounts in the future based on enacted laws and rates applicable to the periods in which the differences are expected to affect taxable income (loss). Valuation allowance is established when necessary to reduce deferred tax assets to the amount expected to be realized.

Advertising. The Company expenses advertising costs as incurred.

Segment Reporting. Statement of Financial Accounting Standards No. 131 ("SFAS 131"), "Disclosure about Segments of an Enterprise and Related Information" requires use of the "management approach" model for segment reporting. The management approach model is based on the way a company's management organizes segments within the company for making operating decisions and assessing performance. Reportable segments are based on products and services, geography, legal structure, management structure, or any other manner in which management disaggregates a company.

Following is a summary of segment information by geographic unit for the year ended March 31, 2005:

During 2005, the Company sold two improved real properties and our unimproved parcel of land located Dickinson, North Dakota and Las Vegas, Nevada. By the end of 2005, our remaining portfolio consisted of a 100% ownership interest in the Katella Business Center in Orange, California, and a 53.8% ownership interest in the Campus Drive Office Building in Newport Beach, California. During the first quarter of 2006, the Company acquired investment interest in two separate properties in Arizona.

On January 6, 2006, the Company acquired a 25 percent Tenant-in-Common interest in a commercial property located in Paradise Valley, Arizona for \$300,000. The tenant-in common partners include a director of the Company, 25 percent, and an unrelated third party, 50 percent and SDI 25%. The unrelated third party will be responsible for all costs of operation including, but not limited to, landscaping, maintenance, taxes, insurance, property management and debt payments.

On February 15, 2006, the Company acquired a 33.3 percent interest in a property located in Phoenix, Arizona for \$200,000. The property consists of a 2,180 square foot structure on approximately 38,587

square feet of land. The Company's interest was purchased from Ms Jan Wallace, an officer and director of the Company. The property will be used to house the Company's headquarters. The Company is not responsible for any of the expenses and does not share in the revenue stream associated with these properties.

Because the Company's properties generating income are only located in California there is no segmented reporting for the first quarter of 2006.

Recent accounting pronouncements.

In February 2006, FASB issued SFAS No. 155, "Accounting for Certain Hybrid Financial Instruments". SFAS No. 155 amends SFAS No 133, "Accounting for Derivative Instruments and Hedging Activities", and SFAS No. 140, "Accounting for Transfers and Servicing of Financial Assets and Extinguishments of Liabilities". SFAS No. 155, permits fair value remeasurement for any hybrid financial instrument that contains an embedded derivative that otherwise would require bifurcation, clarifies which interest-only strips and principal-only strips are not subject to the requirements of SFAS No. 133, establishes a requirement to evaluate interest in securitized financial assets to identify interests that are freestanding derivatives or that are hybrid financial instruments that contain an embedded derivative requiring bifurcation, clarifies that concentrations of credit risk in the form of subordination are not embedded derivatives, and amends SFAS No. 140 to eliminate the prohibition on the qualifying special-purpose entity from holding a derivative financial instrument that pertains to a beneficial interest other than another derivative financial instrument. This statement is effective for all financial instruments acquired or issued after the beginning of the Company's first fiscal year that begins after September 15, 2006. Management believes that this statement will not have a significant impact on the consolidated financial statements.

In March 2006 FASB issued SFAS 156 'Accounting for Servicing of Financial Assets' this Statement amends FASB Statement No. 140, *Accounting for Transfers and Servicing of Financial Assets and Extinguishments of Liabilities*, with respect to the accounting for separately recognized servicing assets and servicing liabilities. This Statement:

1. Requires an entity to recognize a servicing asset or servicing liability each time it undertakes an obligation to service a financial asset by entering into a servicing contract.
2. Requires all separately recognized servicing assets and servicing liabilities to be initially measured at fair value, if practicable.
3. Permits an entity to choose 'Amortization method' or Fair value measurement method' for each class of separately recognized servicing assets and servicing liabilities:
4. At its initial adoption, permits a one-time reclassification of available-for-sale securities to trading securities by entities with recognized servicing rights, without calling into question the treatment of other available-for-sale securities under Statement 115, provided that the available-for-sale securities are identified in some manner as offsetting the entity's exposure to changes in fair value of servicing assets or servicing liabilities that a servicer elects to subsequently measure at fair value.
5. Requires separate presentation of servicing assets and servicing liabilities subsequently measured at fair value in the statement of financial position and additional disclosures for all separately recognized servicing assets and servicing liabilities.

This Statement is effective as of the beginning of the Company's first fiscal year that begins after September 15, 2006. Management believes that this statement will not have a significant impact on the

consolidated financial statements.

NOTE 4 - Property and Equipment

The Company acquires income-producing real estate assets in the normal course of business. During 2005, the Company sold a shopping center and vacant lot in Dickinson, North Dakota and a shopping center in Las Vegas, Nevada.

NOTE 5 - Related Party Transactions

Seashore Diversified Investment Company (SDIC). Certain of the Company's directors and officers were also directors and officers of SDIC and continue to be major shareholders of SDIC. During 2004, 2003 and 2002, SDIC advanced monies to the Company, of which \$55,000 bearing interest at 9% is evidenced by a note. The advance has matured and is due on demand. At March 31, 2006, the outstanding advances totaled \$162,143 with \$41,741 in accrued interest. However, while the Company has recorded the liability and accrued interest, it is not evidenced by a written instrument. Further, SDIC, whose president and major shareholders were former officers and directors of the Company agreed and acknowledge the forgiveness of all but \$35,000 of the advances and accrued interest. This forgiveness was verbally granted in 2004 and again in 2005 and acknowledged in a letter dated December 13, 2005. However, in the same letter, SDIC retracted its forgiveness. SDIC has not confirmed the debt or provided the required documentation. The Company continues to carry the debt on its books March 31, 2006.

Sutterfield Family Trust and C. Wayne Sutterfield (Sutterfield). On March 31, 2006, the Company owed Sutterfield, a former director and significant shareholder, two notes, \$67,000 and \$71,630 both secured by trust deeds on 5030 Campus Drive. The notes bear interest at 8% and mature on February 17, 2006, and December 31, 2006, respectively. The \$67,000 note maturing February 17, 2006, has been extended for six-months to July 17, 2006. Sutterfield is a minority owner in DCB. In addition to the interest payment on the 3rd trust deed, the Company, pursuant to the terms of the operating agreement, pays Sutterfield a preferred return on his investment. Payments to Sutterfield for the three months ended March 31, 2006 and 2005 totaled \$6,090 and \$1,597, respectively. There is also \$25,754 in accrued interest payable. The Company retains the right to acquire all his interests in DCB. Pursuant to the operating agreement, the Company is responsible for any all cash flow deficiencies.

Patrick McNevin (McNevin). On January 6, 2006, the Company acquired a 25 percent Tenant-in-Common interest in a commercial property located in Paradise Valley, Arizona for \$300,000. The tenant-in common partners include Mr.

McNevin, a director of the Company, 25 percent, and an unrelated third party, 50 percent and SDI 25 percent. The unrelated third party will be responsible for all costs of operation including, but not limited to, landscaping, maintenance, taxes, insurance, property management

and debt payments.

Jan Wallace (Wallace). On February 15, 2006, the Company acquired a 33.3 percent interest in a property located in Phoenix, Arizona for \$200,000 from Ms Wallace, an officer and director of the Company. The property consists of a 2,180 square foot structure on approximately 38,587 square feet of land. The property will be used to house the Company's headquarters. The property needs repairs estimated to be approximately \$46,950. Ms Jan Wallace, will be responsible for these costs. The Company is not responsible for any of the expenses and does not share in the revenue stream associated with these properties.

NOTE 9 - Stockholders' Equity

In February 2003, the Company created three series of preferred stock, all of which are convertible at the option of the holder: (1) Series A consisting of 7,500,000 shares with a par value of \$0.01, a liquidation preference of \$1.00 per share, convertible into an equal number of common shares 36 months after issuance, with the same voting rights as common stock; (2) Series B consisting of 20,000,000 shares with a par value of \$0.01, a liquidation preference of \$0.50 per share, and convertible into an equal number of common shares 24 months after issuance; and (3) Series C consisting of 22,500,000 shares with a par value of \$0.01, a liquidation preference of \$3.00 per share, and convertible into an equal number of common shares 24 months after issuance. In the event the price of common stock is less than the purchase price of the preferred stock on the conversion date, the holder is entitled to convert at a rate equal to the purchase price divided by the common stock price.

On August 19, 2004, the Company obtained a written consent from the holders of a majority of its outstanding shares of Common Stock and Series B Preferred Stock to amend the Certificate of Designation. Such consent amends the terms of the Series B Preferred Stock to permit the Board of Directors to permit conversion of the Series B Preferred Stock into Common Stock prior to the expiration of the two-year prohibition on conversion. All 250,000 shares of Series C Preferred Stock also consented to the amendment. The amendment to the Certificate of Designation became effective October 28, 2004. After approval to amend the Certificate of Designation, 5,839,479 shares of Series B Preferred Stock were converted to Common Stock.

During the period ended March 31, 2006, the Company had the following equity transaction:

On December 22, 2005, the Chief Executive Officer and President returned 45,000 shares of common stock to the Company for cancellation and return to unissued and authorized shares. The shares were cancelled January 14, 2006.

On February 2, 2006, Iomega converted its 250,000 shares of Series C Preferred Stock for 15,000,000 shares of the Company's common stock.

NOTE 10 - Stock Incentive Plans

In November 2003, the Board of Directors adopted and the Shareholders approved two stock incentive plans: the Secured Diversified Investment, Ltd. 2003 Employee Stock Incentive Plan (2003 Employee Plan) and the Secured Diversified Investment, Ltd. 2003 Non-employee Directors Stock Incentive Plan (2003 Directors Plan). The Plans authorized the grant of stock options, restricted stock awards, stock in lieu of cash compensation and stock purchase rights covering up to a total of 15,000,000 shares of common stock to key employees, consultants, and members of Board of Directors and also provides for ongoing automatic grants of stock options to non-employee directors. Effective April 1, 2005, The 2003 Employee Plan had been eliminated. The officers rescinded their employment agreements thereby forgiving the entire amount of their accrued salaries, shares issued and their grant of options under the 2003 Employee Plan. The former officers of the Company were collectively granted stock options totaling 2,500,000 shares of which 1,250,000 were vested at December 31, 2004. The Company recorded the expense of the vested options See Footnote 12 Commitments and Contingencies *Officer Employment Agreements* and Footnote 13 Litigation. The grant of options and those vested have been cancelled during 2005 as a result of the former employees canceling and rescinding their employment agreements.

A majority of the non-employee directors who received grants have resigned and were required to exercise such options within six months of resignation or the options would expire and automatically cancel. Remaining available under the 2003 Director Plan is the grant of stock options for 287,500

shares, all other grant of stock options have expired and been cancelled. Unless exercised, the grant of options for the remaining shares will expire as follows: 125,000 shares on April 5, 2006; and 162,500 on June 14, 2006. Upon the cancellation or exercise of the remaining grant, the 2003 director plan will cease to exist.

NOTE 11 - Warrants

At March 31, 2006, the Company had the following subscriptions for warrants outstanding:

<u>Date</u>	<u>Number of Warrants</u>	<u>Exercise Price</u>	<u>Expiration Date</u>
April 4, 2005	400,000	Range from \$0.50 to \$2.00	April 4, 2010

At December 31, 2005, the Company recorded an expense of \$15,663. For the three month period ended March 31, 2006, the Company issued no new warrants and recorded no further expense.

NOTE 12 - Commitment and Contingencies

Lease agreements. The Company is obligated under various ground leases (Katella Center and 5030 Campus). Future ground lease payments will be adjusted by a percentage of the fair market value of the land.

Future annual minimum lease payments and principal payments under existing agreements are as follows:

The lease expenses were \$19,823 and \$62,329 for the three month periods ended March 31, 2006 and 2005, respectively.

On November 1, 2005, the Company relocated its offices to 5030 Campus Drive, Newport Beach, California. 5030 Campus is owned by the Company's subsidiary, Diversified Commercial Brokers. Nationwide Commercial Brokers, a former subsidiary of the Company owned by Robert Leonard a major shareholder of the Company, assumed the Company's former offices at 4940 Campus Drive and indemnify and hold the Company harmless from any and all claims, demands, causes of action, losses, costs (including without limitation reasonable court costs and attorneys' fees), liabilities or damages of any kind or nature whatsoever that the Company may sustain by reason of Nationwide Commercial Brokers' breach or non-fulfillment (whether by action or inaction), at any time.

Officer employment agreements. During 2003, the Company executed employment agreements with its officers that extend through 2006. On May 11, 2005 and effective April 1, 2005, the officers have rescinded their employment agreements and forgiven the entire amount of their accrued salaries and their respective grant of options under the Company's 2003 Employee Stock Incentive Plan. The Company entered into new employment agreements with the officers. Shares and stock options issued under the previous agreements will be rescinded. The employment agreements will provide for a reduced issuance of common stock and options vesting over the term of the agreement. Since then three officers have agreed to resign, and the Company has decided to set aside \$177,000 in contingent liabilities as potential payout and settlement to these officers. The Company is now in a dispute with these former officers (See Note 13 - Litigation).

Unpaid taxes. The Company has not paid approximately \$20,672 in property taxes and penalties on 5030 Campus Drive and \$3,016.81 including penalties on Katella Center due December 10, 2005. These amounts are currently delinquent.

NOTE 13 - Litigation

On January 11, 2005, the Company terminated the employment of Luis Leon, formerly the Chief Executive Officer of the Company. On April 6, 2005, Luis Leon filed a complain against the Company in the Superior Court of California, County of Orange, alleging causes of action for breach of contract, promissory estoppels, intentional misrepresentation, violations of the California Labor Code. The matter has been settled for \$65,000 and a grant of stock options, once the Company will adopt new stock option plan, for 150,000 shares at an exercise price \$0.15 per share. Each party is responsible for its own respective costs and attorney's fees (See Footnote 17 "Subsequent Events").

On January 13, 2006, Alliance Title Company, Inc. (“Alliance”) filed a complaint in the matter of Alliance Title Company, Inc. v. Secured Diversified Investment, Ltd. (case no. 06CC02129) in the Superior Court of California, County of Orange. The complaint alleges that Alliance, our escrow agent, was entrusted with \$267,000 pursuant to escrow instructions, and that a mutual written agreement among the parties to the escrow was required to properly disperse the funds. Alliance further alleges that no instructions were provided to disperse the funds, but instead, competing claims for the funds were made by Secured Diversified Investment, Ltd., Clifford L. Strand, William S. Biddle, Gernot Trolf, Nationwide Commercial Brokers, Inc., and Prime Time Auctions, Inc.

Alliance has deposited the funds with the court and has asked for a declaration of rights regarding the funds. The Company is contesting the case vigorously and is proceeding with discovery. At this time the Company cannot make any evaluation of the outcome of this litigation. Alliance has requested that its reasonable costs and attorney’s fees be paid from the deposited funds. If Alliance is granted its request it will be paid from the proceeds currently held in escrow. Each of the parties involved will pay its prorata share of these costs. These costs will not be the sole responsibility of the Company.

On January 20, 2006, Clifford L. Strand, William S. Biddle, Gernot Trolf, our former management, and Nationwide Commercial Brokers, Inc., our former subsidiary (collectively, “Plaintiffs”), filed a complaint in the matter of Clifford L. Strand v. Secured Diversified Investment, Ltd. (case no. 06CC02350) in the Superior Court of California, County of Orange. The complaint contains causes of action for fraud and misrepresentation, negligent misrepresentation, breach of contract, breach of the covenant of good faith and fair dealing, conversion, common counts, money had and received, and declaratory relief. These allegations arise out of the hold over of funds at issue in Alliance Title Company, Inc. v. Secured Diversified Investment, Ltd. (case no. 06CC02129), described above. To date, however, the matters have not been consolidated. The Company has set aside \$177,000 in contingent liabilities as potential payout and settlement to these officers.

The Company filed a cross-complaint against all Plaintiffs, Alliance Title Company and Brenda Burnett, a former employee of Alliance. Our cross-complaint contains causes of action for breach of contract, breach of fiduciary duty, negligent supervision, civil conspiracy, intentional interference with economic relations, negligent interference with economic relations, breach of oral agreement, breach of employment contract, breach of director/officers’ fiduciary duty, fraud/intentional misrepresentation, and declaratory relief. The Company is defending and prosecuting this case vigorously and is proceeding with discovery. At this time the Company cannot make any evaluation of the outcome of this litigation.

On March 10, 2006, some of our shareholders, including Clifford L. Strand, Robert J. Leonard, William S. Biddle, and Gernot Trolf (collectively, “Plaintiffs”) filed a complaint in the matter of William S. Biddle v. Secured Diversified Investment, Ltd. (case no. 06CC03959) in the Superior Court of California, County of Orange. Plaintiff seek declaratory relief as to whether we are a foreign corporation under California Corporation Code Section 2115(a) and whether Plaintiff’s alleged demand for our shareholder list and for an inspection of the accounting books and records and minutes of shareholders , board of directors and committees of such board is governed under California Corporation Code Sections 1600 and 1601. The Company is contesting this case vigorously and is proceeding with discovery. At this time, the Company cannot make any evaluation of the outcome of this litigation.

NOTE 14 -Investments in Real Estate

On January 6, 2006, the Company acquired a 25 percent Tenant-in-Common interest in a commercial property located in Paradise Valley, Arizona for \$300,000. The tenant-in common partners include a

director of the Company, 25 percent, and an unrelated third party, 50 percent and SDI 25 percent. The Company does not share in the revenue stream and is not responsible for any costs of operation including, but not limited to, landscaping, maintenance, taxes, insurance, property management and debt payments. The unrelated third party will be responsible for all costs of operation including, but not limited to, landscaping, maintenance, taxes, insurance, property management and debt payments.

On February 15, 2006, the Company acquired a 33.3 percent interest in a property located in Phoenix, Arizona for \$200,000. The property consists of a 2,180 square foot structure on approximately 38,587 square feet of land. The Company's interest was purchased from Ms Jan Wallace, an officer and director of the Company. The property will be used to house the Company's headquarters. The property needs repairs estimated to be approximately \$46,950. The co-owner and our officer and director, Ms Jan Wallace, will be responsible for these costs. The Company is not responsible for any of the expenses and does not share in the revenue stream associated with the property.

NOTE 15 - Notes Payable

On January 19, 2006, the Company paid off a note to Prime Time Auctions, Inc, a shareholder totaling \$25,000 bearing interest at 15 percent secured by the Katella Business Center. The note was repaid in full including all accrued interest and late fees.

On February 17, 2006, the \$67,000 note, secured by 5030 Campus Drive, payable to the Sutterfield Family Trust (Wayne Sutterfield) matured. The note was extended for six months to August 17, 2006, on the same terms.

Note 16 - Other Income

Other income includes a litigation settlement of \$134,318 due to settlement with the Company's former CEO which resulted in adjustment of previously accrued amounts in the Company's books (See note 17).

Note 17 - Subsequent Events

On April 5, 2006, previous grant of options for 125,000 shares under the 2003 Non-Employee Director Stock Incentive Plan expired and been cancelled.

On April 7, 2006, the Company settled its litigation with former CEO Luis Leon. The matter was settled for \$65,000 and grant of 150,000 stock options at an exercise price of \$0.15 per share. Each party will be responsible for its respective legal costs and attorney's fees.

On April 18, 2006, the Company listed its Katella Business Center for sale with Voit Commercial Brokerage for \$350,000. The net book value of the property at March 31, 2006, was \$257,784 after an impairment of \$214,977.

On April 18, 2006, the Company listed its 5030 Campus Drive property for sale with Voit Commercial Brokerage for \$1,515,000. The net book value of the property at March 31, 2006 was \$1,064,982.

On May 2, 2006, the Company extended the maturity date of the mortgage note in the amount of \$370,000, bearing interest at 11.5%, due on June 25, 2006, secured by a first trust deed on the Katella Business Center to June 25, 2007.

On May 4, 2006, the Company paid \$6,024, including penalties, in delinquent property taxes due on Katella Business Center.

Forward-Looking Statements

Historical results and trends should not be taken as indicative of future operations. Management’s statements contained in this report that are not historical facts are forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities and Exchange Act of 1934 (the “Exchange Act”), as amended. Actual results may differ materially from those included in the forward-looking statements. The Company intends such forward-looking statements to be covered by the safe-harbor provisions for forward-looking statements contained in the Private Securities Litigation Reform Act of 1995, and is including this statement for purposes of complying with those safe-harbor provisions. Forward-looking statements, which are based on certain assumptions and describe future plans, strategies and expectations of the Company, are generally identifiable by use of the words “believe,” “expect,” “intend,” “anticipate,” “estimate,” “project,” “prospects,” or similar expressions. The Company’s ability to predict results or the actual effect of future plans or strategies is inherently uncertain. Factors which could have a material adverse affect on the operations and future prospects of the Company on a consolidated basis include, but are not limited to: changes in economic conditions, legislative/regulatory changes, availability of capital, interest rates, competition, and generally accepted accounting principles. These risks and uncertainties should be considered in evaluating forward-looking statements and undue reliance should not be placed on such statements. Further information concerning the Company and its business, including additional factors that could materially affect the Company’s financial results, is included herein and in the Company’s other filings with the SEC.

Overview

Our business is to invest in properties that will provide immediate appreciation with little debt service strategically located in Arizona, Nevada and Utah. Properties acquired are expected to demonstrate a sufficient cash flow, minimum debt, and the opportunity for appreciation. Because of limited cash resources we will seek properties that may be acquired with partners. Aside from our real estate portfolio, we are also looking into extending our business plan to include real estate financing.

Our Properties

Lincoln Drive Property

During the current reporting period, we acquired a 25% tenant-in-common interest in three buildings located at 5203 - 5205 East Lincoln Drive in Paradise Valley, Arizona 85253. The property is in very good condition. The property is 100% leased and situated between two new residential/hospitality developments. Although we will not receive any rental income from the leased units, we are not responsible for any costs of operating the buildings including landscaping, exterior maintenance, property management, and the payment of taxes, insurance and loan payments. Our interest in the property is solely to realize appreciable gain. We believe the

Table of Contents

property's adjacent developments and scheduled city improvements to the walkways in the front area are positive indicators that we will experience appreciable gain in any future sale of the property.

Cactus Road Property

Also during the current reporting period, we acquired a 33 1/3% tenant-in-common interest in property located at 12202 North Scottsdale Road, Phoenix, Arizona 85054. The property consists of 2,180 square feet situated on approximately 38,587 square feet of land strategically located on a heavily trafficked corner. The property needs repair. We invested in the property and plan to have it remodeled and retrofitted to house our headquarters. Repairs and renovation costs are estimated at \$46,950, which include a complete repair and replacement of the roof, electrical retrofitting, plumbing repairs, HVAC repairs, renovation and remodeling of the kitchen area. The co-owner of the property and our officer and director, Ms. Jan Wallace, will be responsible for these costs.

We anticipate occupying approximately 700 square feet of the property. The co-owners of the property which includes our officer and director plan to lease the remaining portion of the building in which we do not have any interest to a mortgage company in which we plan to develop an interest. Because of the property's heavily trafficked location, we believe that it will appreciate and provide us a profit in the event we elect to sell it at some future date.

The Katella Center

We own a 100% interest in the Katella Center, a strip mall consisting of six retail rental units of various sizes totalling approximately 9,500 square feet, located at 632-650 E. Katella Avenue in Orange, California. The property is in fair condition.

The Katella Center is currently generating monthly net cash flow of approximately \$3,000. The property is located on approximately 35,800 square feet of leased ground owned by a non-affiliated third party. The lease has a 52-year term that expires in March 2017. The ground lease payment is currently \$3,000 per month. Commencing June 1, 2007, however, the annual ground lease payment shall revert to 7% of the fair market value of the land, which we estimate to be approximately \$1.2 million. Thus, if our estimations are correct, we will face a ground lease payment of approximately \$7,000 per month commencing June 1, 2007.

Because our monthly net flow will not be enough to cover a potential \$7,000 monthly payment on ground lease, we are forced to consider our options. In addition, property taxes are delinquent for 2005-2006 and the \$370,000 loan underlying the first deed of trust matures on June 25th, 2006. The Company has negotiated an extension of the first deed of trust at the same rate for one year. The new maturity date is June 25th, 2007. Management has thoroughly reviewed the issues concerning this property and as a result have listed the property for sale with Voit Commercial Brokerage for \$350,000. We have impaired this property by \$214,977 as of December 31, 2005.

Campus Drive Office Building

We are the managing member and own a 53.8% membership interest in a limited liability company

Table of Contents

known as Diversified Commercial Brokers, LLC (“Diversified”). The primary asset of Diversified is an 8,685 square office building located at 5030 Campus Drive in Newport Beach, California 92660. The property is in good condition.

The Campus Drive Office Building is currently not generating sufficient cash flow to satisfy its monthly obligations of approximately \$19,300. This situation is attributable to the debt structure and the required preferential return payments to the minority member negotiated by prior management. Payments to the minority member, as of the date of this filing, are five months in arrears. The property has been listed for \$1,515,000 with Voit Commercial Brokerage.

Results of Operations for the three months ended March 31, 2006 and 2005

The comparability of the financial information discussed below is limited by acquisitions and dispositions completed during the fiscal year ended December 31, 2005. During 2005, we sold our vacant parcel of land and T-Rex Plaza shopping center in Dickinson, North Dakota, and our shopping center in Las Vegas, Nevada. Additionally, we sold a 100% interest in our subsidiaries Nationwide Commercial Brokers, Inc. and Diversified Commercial Mortgage, Inc. We also completed the sale of our 63% interest in Spencer Springs, LLC.

Comparison of three month periods ended March 31, 2006 and 2005.

Income. Income consists primarily of rental income from commercial properties pursuant to tenant leases. We reported income of \$76,940 for the three month period ended March 31, 2006, compared with net income of \$238,359, including \$92,589 from our brokerage subsidiary, for the same period ended March 31, 2005. The decrease is attributable to the sale of our shopping center in Dickinson, North Dakota and the sale of our brokerage subsidiary, Nationwide Commercial Brokers, Inc.

General and Administrative Expenses. Operating and administrative expenses consist primarily of payroll expenses, legal and accounting fees and costs associated with the acquisition and ownership of real properties. These expenses decreased by \$568,170 to \$247,568 for the three month period ended March 31, 2006, compared to \$815,738 for the same period ended March 31, 2005. The decrease is attributable to the reduction of overhead including payroll, payroll taxes, office rent, professional fees, and the sale of poorly performing properties resulting in the reduction of leasing commissions, land lease payments, property taxes and related carrying costs.

Depreciation. Depreciation for the three month period ended March 31, 2006 was \$10,646 compared to \$11,864 in depreciation expense for the same period ended March 31, 2005. The depreciation was attributable primarily to the Katella Center and the Campus Drive Office Building.

Interest and Other Income and Expense. Interest expense consists of mortgage interest paid on our properties. Interest expense was \$37,369 for the three month period ended March 31, 2006 compared to \$51,762 for the three month period ended March 31, 2005. The decrease in interest expense is attributable to the sale of properties and the corresponding reduction in debt. Interest expense was attributable primarily to the Katella Center and the Campus Drive Office Building.

Table of Contents

Net Income (Loss). We reported a net loss of \$(68,200) or \$(0.00) per share for the three months ended March 31, 2006 compared to a net loss of \$(308,610) or \$(0.03) per share for the three months ended March 31, 2005. We reported no income or loss for discontinued operations during the three month period ended March 31, 2006. For the three month period ended March 31, 2005, we reported a net loss from continuing operations of \$(598,771) or \$(0.06) per share and net income from disposal of discontinued operations of \$290,161, or \$0.03 per share.

Liquidity and Capital Resources

Capital Resources

As stated in financial statement Note 1 - Going Concern, our financial statements have been prepared in conformity with generally accepted accounting principles, which contemplate continuation of our company as a going concern. However, we have an accumulated deficit of \$8,062,321 as of March 31, 2006. We reported a net loss of \$68,200 at March 31, 2006. We currently have positive liquidity, but have not established a stabilized source of revenues sufficient to cover operating costs over an extended period of time. Additionally, we are involved in litigation with several of our prior employees. The outcome of this litigation may adversely affect our liquidity.

In view of the matters described in the preceding paragraph, recoverability of a major portion of the recorded asset amounts shown in our accompanying balance sheet is dependent upon our continued operations, which in turn is dependent upon our ability to restructure our operations and raise additional capital to succeed in our future operations. Our financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts or amounts and classification of liabilities that might be necessary should we be unable to continue as a going concern.

Our management is restructuring our operations by selling many of our poorly performing properties and reducing the associated high cost of debt. We have also significantly reduced overhead. We continue to search and evaluate different business opportunities in efforts to generate a stabilized cash flow and funds for future investments. We anticipate that we will be dependent, for the near future, on additional investment capital to fund operating expenses and acquisitions of properties or businesses before achieving operating profitability. We intend to position our company to be able to raise additional funds through the capital markets which to date we have been able to do. There are no assurances that we will be successful in this or any of our endeavors or become financially viable and continue as a going concern.

At March 31, 2006, we had \$827,221 of cash and cash equivalents as compared to \$42,042 of cash and cash equivalents at March 31, 2005 to meet our immediate short-term liquidity requirements. This increase in cash and cash equivalents is attributable to the sale of our Las Vegas, Nevada shopping center. With the current infusion of cash we hope to generate new business opportunities to create and stabilize operating cash flow.

To date, we have paid no dividends and do not anticipate paying dividends into the foreseeable

Table of Contents

future.

Cash Flows from Operating Activities

Net cash used in operating activities was \$(172,963) for the three months ended March 31, 2006 compared to net cash used in operating activities of \$(677,711) for three months ended March 31, 2005. This decrease in cash used by operating activities relative to the prior period was primarily due to the disposition of assets and reduction in overhead.

We are considering other potential opportunities not limiting ourselves to the acquisition of real estate. The decision to acquire properties or other types of investments will generally depend upon the opportunity to provide appreciation, an established source of revenues in excess of operating costs, and a stabilized cash flow stream sufficient to make future investments.

Cash Flows From Investing Activities

Net cash used in investing activities amounted to \$(200,000) for the three months ended March 31, 2006 compared to net cash provided by investing activities of \$576,168 for the three months ended March 31, 2005. The net cash used in investing activities during 2006 was attributable to the Company's purchase of a 33 1/3 percent interest in the Cactus Street property. The cash provided by investing activities during the same period in 2005 was attributable to the disposition of the Company's subsidiary interest.

At March 31, 2006, we do not have any material planned capital expenditures resulting from any known demand based on existing trends. However, we may conclude that expenditures to improve properties are necessary and/or desirable.

Cash Flows from Financing Activities

Cash used in financing activities amounted to \$(30,220), attributable to repayment of a second trust deed in the amount of \$25,000 and mortgage principal reduction for the three months ended March 31, 2006 compared to \$108,152 for the three months ended March 31, 2005, attributable to proceeds from notes payable.

We intend to invest in business opportunities and acquire properties and may seek to fund these acquisitions through proceeds received from a combination of subsequent equity offerings, debt financings or asset dispositions.

Off Balance Sheet Arrangements

As of March 31, 2006, there were no off balance sheet arrangements.

Critical Accounting Estimates and Policies

The preparation of these financial statements in accordance with accounting principles generally accepted in the United States of America requires us to make estimates and judgments that affect

the reported amounts of assets, liabilities, revenues and expenses, and related disclosure of contingent assets and liabilities. We believe that our critical accounting policies are those that require significant judgments and estimates such as those related to revenue recognition and allowance for uncollectible receivables and impairment of real estate assets and deferred assets. These estimates are made and evaluated on an on-going basis using information that is currently available as well as various other assumptions believed to be reasonable under the circumstances. Actual results could vary from those estimates and those estimates could be different under different assumptions or conditions.

Revenue Recognition and Allowance for Uncollectible Receivables

Base rental income is recognized on a straight-line basis over the terms of the respective lease agreements. Differences between rental income recognized and amounts contractually due under the lease agreements are credited or charged, as applicable, to rent receivable. The Company maintains, as necessary, an allowance for doubtful accounts for estimated losses resulting from the inability of tenants to make required payments that will result in a reduction to income. Management determines the adequacy of this allowance by continually evaluating individual tenant receivables considering the tenant's financial condition, security deposits, letters of credit, lease guarantees and current economic conditions.

Impairment of Real Estate Assets

The Company assesses the impairment of a real estate asset when events or changes in circumstances indicate that the net book value may not be recoverable. Indicators management considers important that could trigger an impairment review include the following:

1. a significant negative industry or economic trend;
2. a significant underperformance relative to historical or projected future operation results; and
3. a significant change in the manner in which the asset is used.

Item 3. Controls and Procedures

We carried out an evaluation of the effectiveness of the design and operation of our disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) as of March 31, 2006. This evaluation was carried out under the supervision and with the participation of our Chief Executive Officer, Ms. Jan Wallace, and Chief Financial Officer, Mr. Munjit Johal. Based upon that evaluation, our Chief Executive Officer and Chief Financial Officer concluded that, as of March 31, 2006, our disclosure controls and procedures are effective. There have been no significant changes in our internal controls over financial reporting during the quarter ended March 31, 2006 that have materially affected or are reasonably likely to materially affect such controls.

Disclosure controls and procedures are controls and other procedures that are designed to ensure that information required to be disclosed in our reports filed or submitted under the Exchange Act are recorded, processed, summarized and reported, within the time periods specified in the SEC's rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed in our reports filed under the Exchange Act is accumulated and communicated to management, including our Chief Executive Officer and Chief Financial Officer, to allow timely decisions regarding required disclosure.

Limitations on the Effectiveness of Internal Controls

Our management does not expect that our disclosure controls and procedures or our internal control over financial reporting will necessarily prevent all fraud and material error. Our disclosure controls and procedures are designed to provide reasonable assurance of achieving our objectives and our Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures are effective at that reasonable assurance level. Further, the design of a control system must reflect the fact that there are resource constraints, and the benefits of controls must be considered relative to their costs. Because of the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, within the Company have been detected. These inherent limitations include the realities that judgments in decision-making can be faulty, and that breakdowns can occur because of simple error or mistake. Additionally, controls can be circumvented by the individual acts of some persons, by collusion of two or more people, or by management override of the internal control. The design of any system of controls also is based in part upon certain assumptions about the likelihood of future events, and there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions. Over time, control may become inadequate because of changes in conditions, or the degree of compliance with the policies or procedures may deteriorate.

PART II - OTHER INFORMATION

Item 1. Legal Proceedings

Other than as set forth below, there have been no material developments in the ongoing legal proceedings previously reported in which we are a party. A complete discussion of our ongoing legal proceedings is discussed in our annual report on Form 10-KSB for the year ended December 31, 2005.

Luis Leon v. Secured Diversified Investment, Ltd.

On April 17, 2006, plaintiffs filed a notice of settlement with the court stating that the parties settled on April 7, 2006. Under the settlement, we are required to pay plaintiffs \$65,000 plus options for 150,000 shares of common stock at \$0.15 per share. Each party is responsible for their own attorney's fees and costs.
