GOVERNANCE

PROPOSAL 1 — ELECTION OF DIRECTORS

The Board of Directors consists of eight members and is divided into three classes, the members of which each serve for a staggered three-year term. The term of office of one class of directors expires each year in rotation so that one class is elected at each annual meeting for a full three-year term. Each of our existing Class A directors, Timothy Chou, Peter J. Kight and Joyce M. Nelson, have been nominated to fill a three-year term expiring in 2020. The two other classes of directors, who were elected or appointed for terms expiring at the annual meetings in 2018 and 2019, respectively, will remain in office.

If you are a stockholder of record, unless you mark your Proxy Card otherwise, the proxy holders will vote the proxies received by them for the three Class A nominees named below, each of whom is currently a director and each of whom has consented to be named in this Proxy Statement and to serve if elected. In the event that any nominee is unable or declines to serve as a director at the time of the meeting, your proxy will be voted for any nominee designated by the Board of Directors to fill the vacancy. We do not expect that any nominee will be unable or will decline to serve as a director.

If you are a beneficial owner of shares held in street name and you do not provide your broker with voting instructions, your broker may not vote your shares on the election of directors. Therefore, it is important that you vote.

ii The Board of Directors unanimously recommends that stockholders vote FOR the three Class A director nominees.

The voting requirements for this Proposal 1 are described above and under "Additional Information" on page 52 of this Proxy Statement.

Ms. Nash holds a BA in political science from Vassar College.

Experience, Skills and Qualifications of Particular Relevance to Blackbaud

Among other experience, qualifications, attributes and skills, Ms. Nash’s knowledge and experience in capital markets, strategic transactions, corporate governance and nonprofit organizations led to the conclusion of our Nominating and Corporate Governance Committee, and of our full Board, that she is well qualified to serve as a director of our Company.

BOARD OF DIRECTORS AND COMMITTEES

The Board of Directors currently comprises eight members, namely Chairman Andrew M. Leitch, Timothy Chou, Ph.D., George H. Ellis, David G. Golden, Michael P. Gianoni, Peter J. Kight, Sarah E. Nash and Joyce M. Nelson. We have historically separated the position of Chairman, currently independent director Andrew M. Leitch, and that of Chief Executive Officer (“CEO”), currently Michael P. Gianoni. While the Board of Directors believes the separation of these positions has served our Company well, and intends to maintain this separation where appropriate and practicable, the Board does not believe that it is appropriate to prohibit one person from serving as both Chairman and CEO. We believe our leadership structure is appropriate given the size of our Company in terms of number of employees. Mr. Leitch’s experience on boards of directors and management skills led to the conclusion of our Nominating and Corporate Governance Committee, and that of our full Board, that he is well qualified to serve as Chairman.

Table of Contents GOVERNANCE

Independence of Directors

The Board of Directors has adopted categorical standards or guidelines to assist it in making independence determinations with respect to each director. These standards are published in Section 1 of our Corporate Governance Guidelines and are available under Corporate Governance in the Company – Investor Relations section of our website at www.blackbaud.com. Each of our directors and executive officers completes an annual questionnaire to confirm that there are no material relationships or related person transactions between such individuals and the Company other than those previously disclosed to Blackbaud. Based on its review of a summary of the answers to the questionnaires, the Board has determined that the following seven directors are independent within the meaning of Rule 5605(a)(2) of the NASDAQ Marketplace Rules: Dr. Chou; Mr. Ellis; Mr. Golden; Mr. Kight; Mr. Leitch; Ms. Nash; and Ms. Nelson. As part of such determination of independence, the Board has affirmatively determined that none of these directors has a relationship with us that would interfere with the exercise of independent judgment in carrying out their responsibilities as directors. Mr. Gianoni, our President and CEO, is the only member of management serving as a director.

Each Board committee is composed entirely of independent directors in accordance with Rule 5605(a)(2) of the NASDAQ Marketplace Rules, the Sarbanes-Oxley Act and Rule 10A-3(b)(1) under the Securities Exchange Act of 1934 (the “Exchange Act”), as applicable. The Board and each committee have the authority to obtain, at our expense, the advice and assistance from independent advisors, experts and others as they may deem necessary, and to the extent they engage any such advisors they consider the independence of such advisors and any conflict of interest that may exist.

Furthermore, our Compensation Committee consists entirely of independent directors in accordance with NASDAQ Marketplace Rule 5605(d)(2)(A). The Board has also determined that each member of the Compensation Committee qualifies as an "outside director" under Section 162(m) of the Internal Revenue Code, and each member qualifies as a "non-employee director" under Rule 16b-3 of the Exchange Act.

Corporate Governance Guidelines

We believe in sound corporate governance practices and have adopted formal Corporate Governance Guidelines to enhance our effectiveness. The Board of Directors adopted these Corporate Governance Guidelines in order to ensure that it has the necessary authority and practices in place to review and evaluate our business operations as needed and to make decisions that are independent of our management. The Corporate Governance Guidelines are also intended to align the interests of directors and management with those of our stockholders. The Corporate Governance Guidelines set forth the practices the Board follows, including, but not limited to, Board and Committee composition and selection, director responsibilities, director access to executive officers and employees, and CEO performance evaluation and succession planning. A copy of our Corporate Governance Guidelines is available under Corporate Governance in the Company – Investor Relations section of our website at www.blackbaud.com.

GOVERNANCE Table of Contents

Selection of Nominees for the Board of Directors

The Nominating and Corporate Governance Committee is responsible for establishing the criteria for recommending which directors should stand for re-election to the Board and the selection of new directors to serve on the Board. In addition, the Committee is responsible for establishing the procedures for our stockholders to nominate candidates to the Board. The Committee has not formulated any specific minimum qualifications for director candidates, but has determined certain desirable characteristics, including strength of character, mature judgment, career specialization, relevant technical skills and independence. While it does not have a specific written policy with regard to the consideration of diversity in identifying director nominees, the Committee does consider diversity to be an additional desirable characteristic in potential nominees. This commitment to diversity is part of our Corporate Governance Guidelines, which are available under Corporate Governance in the Company – Investor Relations section of our website at www.blackbaud.com.

Director Tenure

The Nominating and Corporate Governance Committee generally practices a long-term approach to board refreshment. With the assistance of an independent search firm, the Committee regularly identifies individuals who have expertise that would complement and enhance the current board's skills and experience.

We believe that a variety of tenures on our Board helps to provide an effective mix of deep experience and fresh perspective to our boardroom. The average tenure of Blackbaud directors is 7.3 years.

Board Diversity

The Board does not have a specific diversity policy, but considers diversity of race, ethnicity, gender, age, cultural background and professional experience in evaluating candidates for Board membership. Diversity is important because the Board believes that a variety of points of view contributes to a more effective decision-making process.

The current composition of our Board reflects the importance of diversity to the Board as approximately 38% of our directors are women or minority individuals.

Our Bylaws permit any stockholder of record to nominate directors. Stockholders wishing to nominate a director, whether by inclusion of such business in our proxy materials or otherwise, must deliver written notice of the nomination by registered mail, return receipt requested, to the Corporate Secretary at our principal executive offices not more than 75 and not less than 45 days before the meeting at which directors are to be elected. Any such notice must set forth the following: (a) the name, age, business address, residence and ownership of our stock of any director nominee and all information relating to the director nominee that is required to be disclosed in solicitations of proxies for elections of directors; (b) any material interest in the director nomination of such stockholder or any Stockholder Associated Person (as defined below), individually or in the aggregate; (c) as to the stockholder or any Stockholder Associated Person, their holdings of our stock and whether the stockholder has entered into transactions to manage risk with respect to such stock; (d) as to the stockholder giving notice and Stockholder Associated Person, the name and address of such stockholder, as they appear on our stock ledger, and current name and address, if different, and of such Stockholder Associated Person; and (e) to the extent known by the stockholder giving the notice, the name and address of any other stockholder supporting the nominee for election as a director. Our Bylaws define "Stockholder Associated Person" as (a) any person controlling, directly or indirectly, or acting in concert with, such stockholder, (b) any beneficial owner of our shares of stock owned of record or beneficially by such stockholder; and (c) any person controlling, controlled by or under common control with such Stockholder Associated Person.

Table of Contents GOVERNANCE

The Nominating and Corporate Governance Committee will evaluate a nominee recommended by a stockholder in the same manner in which the Committee evaluates nominees recommended by other persons as well as its own nominee recommendations.

RISK OVERSIGHT COMMITTEE

Committee
Members Primary Responsibilities

(all
independent) Pursuant to its charter, the Committee assists the Board in its oversight of:
the Company's risk management, compliance and control activities;

Peter J. Kight
(Chair) the Company's cybersecurity risks, including the Company's cyber risk management practices,
adequacy of insurance, adequacy of an incident response plan and the Company's ability to respond to a
Andrew M. Leitch
cyber breach;

2016
Meetings: 4 the Company's systems of operational controls regarding certain legal and regulatory compliance; and
the compliance with certain legal and regulatory requirements applicable to the Company.

While our Company's senior management is responsible for management of risk, the Board and its committees play a significant role in overseeing this function. Each of the committees oversees risks associated with its respective area of responsibility. In particular, the Audit Committee oversees risk related to our accounting, tax, financial and public disclosure processes. It also assesses risks associated with our financial assets. The Compensation Committee oversees risks related to our compensation and benefit plans and policies to ensure sound pay practices that do not cause risks to arise that are reasonably likely to have a material adverse effect on our Company. The Nominating and Corporate Governance Committee seeks to minimize risks related to governance structure by implementing sound corporate governance principles and practices. The Risk Oversight Committee oversees risks related to information technology security, in addition to the risk oversight described above. Each of the committees regularly reports to the full Board as appropriate on its efforts at risk oversight and on any matter that rises to the level of a material or enterprise level of risk.

TRANSACTIONS WITH RELATED PERSONS

The written charter of our Audit Committee authorizes and the NASDAQ Marketplace Rules require our Audit Committee to review and approve related party transactions. In reviewing related party transactions, our Audit Committee applies the basic standard that transactions with related persons should be made on terms no less favorable to us than could have been obtained from unaffiliated parties. Therefore, the Audit Committee reviews the benefits of the transactions, terms of the transactions and the terms available from unrelated third parties, as applicable. All transactions other than compensatory arrangements between us and our executive officers, directors, principal stockholders and their affiliates must be approved by our Audit Committee or a majority of the disinterested directors, and must continue to be on terms no less favorable to us than could be obtained from unaffiliated third parties. Since January 1, 2016, we had no transactions in which we were a participant where the amount involved exceeded \$120,000 and one or more of our executive officers, directors, principal stockholders or their affiliates had a direct or indirect material interest.

EXECUTIVE COMPENSATION

PROPOSAL 2 — ADVISORY VOTE TO APPROVE NAMED EXECUTIVE OFFICER COMPENSATION

In deciding how to vote on Proposal 2, the Board urges you to specifically consider our executive compensation philosophy, policies and practices, all of which are summarized below and more fully described under “Compensation Discussion and Analysis” beginning on page 27 of this Proxy Statement.

Background

The Board recognizes the interest our stockholders have expressed in how we compensate our named executive officers. At the 2011 Meeting of Stockholders, in accordance with the Board’s recommendation, our stockholders endorsed holding an annual, non-binding stockholder advisory (“Say-on-Pay”) vote on the compensation of the named executive officers. As part of its commitment to our stockholders, the Board is submitting a Say-on-Pay proposal for stockholder consideration again this year. Each Say-on-Pay vote is being provided as required pursuant to Section 14A of the Securities Exchange Act. The Say-on-Pay vote is not intended to address any specific item of compensation, but rather our overall compensation philosophy, policies and practices as they relate to the named executive officers. While your vote is advisory and will not be binding on the Board, the Compensation Committee, or us, we strive to align our executive compensation program with the interests of our long-term stockholders. As they do every year, the Board and the Compensation Committee will take into account the outcome of this year’s Say-on-Pay vote when considering future compensation actions and decisions.

Say-on-Pay Proposal

The Board believes that our executive compensation is a competitive advantage in attracting and retaining the high caliber of executive talent necessary to drive our business forward and build sustainable value for our stockholders. Accordingly, we are asking our stockholders to vote FOR the following resolution:

“RESOLVED, that the stockholders approve, on an advisory basis, the compensation of the named executive officers as disclosed in this Proxy Statement for the 2017 Annual Meeting of Stockholders pursuant to the compensation disclosure rules of the SEC (which disclosure includes the Compensation Discussion and Analysis, the 2016 Summary Compensation Table and the other related tables and disclosures).”

Effect of Say-on-Pay Vote

As indicated above, the vote on Proposal 2 is advisory and will not be binding on the Board, the Compensation Committee, or us. However, because the Board values your opinions as expressed through votes and other communications with us, it and our Compensation Committee will carefully review the 2017 Say-on-Pay voting results in an effort to better understand any issues or concerns you may have with our executive compensation. Stockholders who want to communicate with the Board on executive compensation or other matters should refer to “Communication with the Board of Directors” on page 16 of this Proxy Statement for additional information.

ⁱⁱ The Board of Directors unanimously recommends that stockholders vote, on an advisory basis, FOR the 2016 compensation of our named executive officers.

The voting requirements for this Proposal 2 are described under "Additional Information" on page 52 of this Proxy Statement.

EXECUTIVE COMPENSATION Table of Contents

PROPOSAL 3 — ADVISORY VOTE ON THE FREQUENCY OF HOLDING FUTURE ADVISORY VOTES TO APPROVE NAMED EXECUTIVE OFFICER COMPENSATION

In addition to the advisory vote to approve the compensation of our named executive officers, we are also presenting the following proposal, which gives stockholders the opportunity to vote, on a nonbinding, advisory basis, for their preference as to how frequently we should hold future advisory votes on the compensation of our named executive officers. The "say-on-frequency" vote is being provided as required by Section 14A of the Securities Exchange Act. Through voting on this proposal, stockholders may indicate whether they would prefer that we conduct future advisory votes on the compensation of our named executive officers every year, every two years or every three years. Since 2011, we have held our advisory vote on named executive officer compensation annually, consistent with the views of our stockholders expressed at that time. The Board recommends that the advisory vote on named executive officer compensation continue to be held every year so that stockholders may continue to provide timely, direct input on our executive compensation program. The Board believes that an annual vote is consistent with the company's efforts to engage in an ongoing dialogue with stockholders on executive compensation and corporate governance matters.

Although the frequency vote is non-binding, the Compensation Committee and the Board will carefully review the results of the vote and take stockholders' views into account in determining the frequency of future advisory votes on the compensation of our named executive officers. The next say-on-frequency vote is expected to be held at the 2023 Annual Meeting of Stockholders.

ü The Board of Directors unanimously recommends that stockholders vote in favor of 1 YEAR on the proposal concerning the frequency of holding future advisory votes on named executive officer compensation.

The voting requirements for this Proposal 3 are described under "Additional Information" on page 52 of this Proxy Statement.

Stockholder Engagement and Consideration of Last Year's Say-on-Pay Vote

We interact with our stockholders to obtain their views on various topics from our Company's strategy to capital allocation and executive compensation. Taking into account the strong stockholder support for the 2016 advisory vote to approve the compensation of our NEOs, the Compensation Committee did not make any changes to our executive compensation program in 2016. We will continue to engage our stockholders this year and in future years and consider their input in all facets of our business, including executive compensation.

98% At the 2016 Annual Meeting of Stockholders, approximately 98% of the shares present and entitled to vote on the matter voted in favor of the advisory vote to approve the compensation of our NEOs.

Overview of Compensation Philosophy and Executive Compensation Program

We are committed to a philosophy of pay-for-performance as it relates to executive compensation. Our executive compensation program is designed to achieve three primary objectives:

1. Market Competitiveness. Provide market competitive compensation opportunities to attract and retain executive officers and motivate them to perform at their highest level.
2. Stockholder Value Creation. Structure compensation through base salary, annual cash bonus opportunities and a combination of performance-based and time-based equity awards, which should ultimately promote increased value for stockholders.
3. Pay-for-Performance. Ensure actual compensation realized by our executive officers is linked to the attainment and furtherance of our short-term and long-term business strategies thereby enhancing operational performance and stockholder return.

The following table describes the components of our executive compensation program and how they support these objectives:

Component	Description	Compensation Objective(s) Supported
Base Salary	Provide competitive fixed compensation payable in cash based on individual experience and contributions, corporate performance, historical compensation practices for our executive officers, and an analysis of competitive market practices.	1 and 2
Annual Cash Bonus	Offer variable compensation in the form of annual cash bonus opportunities based on performance against pre-established short-term performance objectives.	1, 2 and 3
Annual Equity Awards	Provide variable and long-term incentives aligned with stockholder interests consisting of a combination of 1) RSAs or RSUs; and 2) at least 50% PRSUs. Recipients of RSAs have the right to vote such shares and receive dividends while recipients of RSUs have the right to receive dividend equivalents.	1, 2 and 3
“Double-Trigger” Change in Control Severance Arrangements	Provide change in control payments and benefits to our executive officers only upon a qualifying termination of employment within 12 months of a change in control of our Company.	1 and 2

Other Benefits Generally provide the same health and welfare benefits as offered to all of our employees. 1

2016 Executive Compensation Actions

For 2016, the Compensation Committee continued to use our executive compensation program to focus on creating incentives for our executive officers to achieve our financial and operational objectives and foster sustainable stockholder value creation.

The key compensation decisions of the Compensation Committee for 2016 for our NEOs were as follows:

Base Salaries

Pursuant to the Amended Agreement, increased the base salary of our President and CEO to \$700,000, which resulted in a 13.3% increase from his 2015 level;

Increased base salaries of our other NEOs by 3.0% from their 2015 levels;

Annual Cash Bonuses

Due to solid financial performance in 2016, awarded cash bonuses that were, on average, 97% of each NEO's target annual cash bonus opportunity; and

Long-term Incentive Compensation

Approved grants of annual equity awards consisting of RSAs, RSUs and PRSUs for our NEOs that met competitive market concerns, supported our retention objectives, and rewarded overall company performance.

Approved a retirement benefit as an addition to our LTIP. Under the retirement benefit, eligible retirees receive a post-retirement benefit consisting of continued vesting of their qualified RSUs. To be eligible, employees need to be 60 years of age, complete a minimum of 10 years of continuous service at the time of grant, provide six months' notice of their retirement date and successfully complete a transition plan. The transition plans require the approval of our CEO.

2016 Corporate Governance Policies and Practices

During 2016, we maintained robust compensation-related corporate governance policies and practices including:

The Compensation Committee is composed solely of independent directors;

The Compensation Committee retains its own independent compensation consultant that performs no other consulting or other services for us;

The Compensation Committee conducts an annual review of our executive compensation program, including a review of our compensation-related risk profile, to ensure that any compensation-related risks are not reasonably likely to have a material adverse effect on our Company;

Our arrangements for paying post-employment compensation provide for "double-trigger" change in control payments and benefits;

We do not provide material non-cash benefits (such as guaranteed retirement or pension plan benefits) or perquisites for our executive officers that are not available to our employees generally;

The 2016 Equity and Incentive Compensation Plan does not permit stock option exchanges or repricing without stockholder approval;

Our employees are not permitted to hedge their economic exposure to our common stock and Company directors and Section 16(a) reporting executive officers may not pledge their ownership interests in our common stock to secure a loan; and

We emphasized performance-based compensation by continuing the practice of granting PRSUs to our NEOs that are earned through the attainment of pre-established performance objectives, and, when earned, are subject to additional time-based vesting requirements.

Executive Compensation-Setting Process

The Compensation Committee works closely with its compensation consultant and senior management to address executive compensation matters throughout the year. The Compensation Committee met five times in 2016. During these meetings, the Compensation Committee reviewed our executive compensation program and formulated its compensation actions for the year, and made decisions regarding the compensation for our CEO and the other NEOs. The Compensation Committee may create a subcommittee consisting of one or more of its members and may delegate any of its duties and responsibilities to such subcommittee, unless otherwise prohibited by applicable laws or listing

standards. In addition, the Compensation Committee may delegate any of its duties and responsibilities, including the administration of equity incentive or employee benefit plans, to the Compensation Committee Chair, unless otherwise prohibited by applicable laws or listing standards.

The Compensation Committee does not seek to deliver a specified percentage of pay to our executive officers through each component of the executive compensation program; rather, it adheres to the overall principle of delivering the majority of

executive compensation in variable, performance-based forms. For base salary, annual cash bonuses and equity awards, generally our strategy has been to evaluate individual experience and contribution, corporate performance, historical compensation practices for our executive officers and competitive market analyses. With respect to base salary and annual cash bonuses, we generally target pay to be competitive to the market. At times, the Compensation Committee has approved compensation levels for individual executive officers above and below target pay positions, based on experience, individual contribution and the Company's performance relative to the compensation peer group, to ensure an appropriate pay-for-performance alignment.

Role of the Compensation Committee

The Compensation Committee has overall responsibility for our executive compensation program and approves our executive compensation decisions. Its principal duties and responsibilities include:

- Establishing our compensation philosophy, policies, and practices for our executive officers, including the compensation objectives and target pay levels, and approving the compensation peer group used for assessing the competitiveness of our executive compensation;
- Establishing and approving corporate goals and objectives relevant to the compensation of our CEO and, in light of those goals and objectives, evaluating and determining his compensation level;
 - Reviewing and overseeing the corporate goals and objectives relevant to the compensation of our other executive officers, including the other NEOs, taking into account the practices of the compensation peer group and other appropriate factors, such as corporate and individual performance and historical compensation practices for such executive officers and the recommendations of our CEO;
- Establishing appropriate compensation, retention, incentive, severance, and benefit policies and programs for our executive officers;
- Reviewing and recommending, with input from the Board of Directors, incentive compensation plans for our executive officers and employees;
- Administering and amending as necessary the Company's various incentive compensation, and other similar plans; and
- Conducting periodic competitive evaluations of our executive compensation program.

Our Compensation Committee operates pursuant to a written charter that further outlines its specific authority, duties and responsibilities. The charter is periodically reviewed and revised by the Compensation Committee and the Board and is available under Corporate Governance in the Company – Investor Relations section of our website at www.blackbaud.com.

Role of our CEO

Our CEO evaluates and makes recommendations regarding the compensation of our executive officers, including the other NEOs. At the end of each fiscal year, our CEO reviews with the Compensation Committee the performance of each executive officer and makes recommendations with respect to his or her base salary, target annual cash bonus opportunity and equity awards for the ensuing year. In formulating his recommendations, our CEO considers both internal and external compensation data from our Human Resources Department and the Compensation Committee's compensation consultant. While the Compensation Committee considers the recommendations of our CEO, these recommendations are just one factor considered in its deliberations when making executive compensation decisions. The Compensation Committee consults with the full Board of Directors (excluding our CEO) in making decisions regarding the CEO's compensation.

Role of Compensation Consultant

Pursuant to its written charter, the Compensation Committee has the authority to engage the services of outside advisers, experts and others to assist it in the performance of its duties and responsibilities. In 2016, the Compensation Committee engaged Compensia, Inc. ("Compensia"), a national compensation consulting firm, to provide advice and information relating to executive and director compensation. Compensia reports to the Compensation Committee and does not provide any services to management. From time to time, the Compensation Committee may direct its advisors to work with our Human Resources Department to support it in matters relating to the fulfillment of its

charter.

Table of Contents EXECUTIVE COMPENSATION

During 2016, at the request and on behalf of our Compensation Committee, Compensia:

• Assessed our executive compensation program and practices, particularly with respect to our pay-for-performance alignment;

• Advised on the size and structure of the cash components of our executive compensation program (i.e., base salary and target annual cash bonus opportunities, and performance measures and weighting of bonuses);

• Advised on the composition, structure, and competitiveness of the long-term incentive component of our executive compensation program;

• Advised on the composition of our compensation peer group; and

• Advised on the design and amount of the compensation package for our CEO.

The Compensation Committee has evaluated Compensia's engagement, and based on the six factors for assessing independence and identifying potential conflicts of interest that are set forth in Exchange Act Rule 10C-1(b)(4), Rule 5605(d)(3)(D) of the NASDAQ Marketplace Rules, and such other factors as were deemed relevant under the circumstances, has determined that its relationship with Compensia and the work of Compensia on behalf of the committee did not raise any conflict of interest, and that Compensia is independent as defined in Rule 5605(a)(2) of the NASDAQ Marketplace Rules.

Competitive Positioning

In selecting the compensation peer group, the Compensation Committee considers other software or technology companies with comparable annual revenue and market capitalization. Periodically, the Compensation Committee reviews the current compensation peer group, with the assistance of its compensation consultant, to determine whether it is still appropriate. It updates the compensation peer group for changes resulting from mergers, acquisitions, bankruptcies, going private transactions, and other changes in strategic focus or circumstances, removing from the group any companies that no longer fit the relevant criteria and adding ones that do. The following compensation peer group was approved by the Compensation Committee in 2015 and used as a reference when making executive compensation decisions for 2016:

Analysis of 2016 Executive Compensation

The charts below show the significant percentage of performance-based compensation reported for fiscal 2016 in the Summary Compensation Table for Mr. Gianoni, our CEO, and for our other NEOs as a group.

Base Salary

Base salary is the principal fixed component in our executive compensation program. The Compensation Committee reviews the base salaries of our executive officers each year and makes adjustments as it deems necessary and appropriate based on its consideration of individual experience and contributions, corporate performance, historical compensation practices for our executive officers and its assessment of the competitive market.

In 2016, the Compensation Committee increased base salaries of our NEOs effective April 1, 2016, as set forth in the following table. As discussed above, Mr. Gianoni's base salary was increased to \$700,000 pursuant to the Amended Agreement. The Compensation Committee made the base salary adjustments for our other NEOs after taking into consideration the individual achievements of each NEO, in recognition of our success in delivering on our 2015 strategic priorities, the recommendations of our CEO, and the factors described above.

Annual Cash Bonuses

Annual cash bonuses represent one of the principal variable pay components of our executive compensation program, and are reported in the “Non-Equity Incentive Plan Compensation” columns of the 2016 Summary Compensation Table and the 2016 NEO Compensation Summary on pages 42 and 7, respectively, of this Proxy Statement. During 2016, we provided our executive officers with the opportunity to earn cash bonuses based on one or more pre-established corporate performance objectives and, where applicable, the financial performance of the executive officer's business unit.

Target Annual Cash Bonus Opportunities

For 2016, the Compensation Committee set the target annual cash bonus opportunity for our CEO at 100% of his earned base salary, as stipulated in the Amended Agreement. In addition, the Compensation Committee set the target annual cash bonus opportunities for Messrs. Boor, Mooney and Boruff at 65% of their earned base salaries, and Mr. Mistretta at 50% of his earned base salary, all consistent with their target annual cash bonus opportunities in 2015. The following table sets forth each NEO's target annual cash bonus opportunity for 2016 and how the opportunity was weighted between corporate performance and business unit performance:

Name	Target Annual Cash Bonus Opportunity as a Percentage of Base Salary	Weighting of Target Annual Cash Bonus Opportunity

Corporate Performance Metrics

Consistent with 2015 and 2014, the Compensation Committee selected Adjusted Revenue (as defined below) and Adjusted Earnings (as defined below) as the corporate performance metrics to be used in 2016 for purposes of the corporate performance factor used to determine our executive officers' annual cash bonuses.

For purposes of determining annual cash bonuses:

“Adjusted Revenue” means our 2016 non-GAAP revenue, which excludes the impact of acquisition-related deferred revenue write-downs, as presented in our periodic reports filed with the SEC within the section “Management's discussion and analysis of financial condition and results of operations” of those reports.

“Adjusted Earnings” means our 2016 non-GAAP income from operations, which excludes the impact of acquisition-related deferred revenue write-downs, stock-based compensation charges, costs associated with amortization of intangibles arising from business combinations, impairment of capitalized software development costs due to business combinations, acquisition-related integration costs, acquisition-related expenses, CEO transition costs and restructuring costs. Non-GAAP income from operations is also presented in our periodic reports filed with the SEC within the section “Management's discussion and analysis of financial condition and results of operations” of those reports. Adjusted Earnings is calculated before bonus expense.

The Compensation Committee selected “Adjusted Earnings” as a performance metric for 2016 because it focuses on results of operations, without considering the cost of financing those operations (interest in debt or gains and losses on debt extinguishment and termination of derivative instruments), our tax provision, and non-operating items like interest income and foreign exchange transaction gains and losses.

Achievement against the corporate performance metrics is calculated on a constant currency basis, using foreign exchange rates in effect during the 2015 base year. The Compensation Committee weighted the corporate performance metrics at 60% for Adjusted Revenue and 40% for Adjusted Earnings. The Compensation Committee also determined the threshold levels for each performance metric that would have to be achieved for any amount to be paid with respect that metric, as set forth in the following table.

EXECUTIVE COMPENSATION Table of Contents

The determination of each NEO's potential payout under the corporate performance metrics was based on the following matrix:

Corporate Performance Metric	Performance					
	2016 Target (in millions)	Below Threshold	Threshold	Target	Maximum	
Adjusted Revenue	\$ 745.0	<90.0%	90.0	% 100.0	% 115.0	%
Adjusted Earnings	\$ 177.2	<90.0%	90.0	% 100.0	% 115.0	%
Maximum individual potential bonus as percentage of target		—	% 62.5	% 100.0	% 200.0	%

For each of our performance metrics, the Compensation Committee set the performance target at a level it believes is reasonably achievable while requiring what it believes would be outstanding performance to achieve the maximum payout level.

For 2016, our achievement against the corporate performance metrics was 98.9% with respect to Adjusted Revenue and 98.5% with respect to Adjusted Earnings, for a corporate performance factor of approximately 98.7%. The corporate performance factor decreased payments by 2.5% for every 1% of achievement below the target performance level. Therefore, the Compensation Committee determined that, with respect to the corporate performance metrics, the application of the corporate factor resulted in a payout of approximately 96.9% of the target payout.

NEO Performance Metrics and Annual Cash Bonus Determinations

Mr. Gianoni

The Compensation Committee determined Mr. Gianoni's 2016 bonus entirely based on the achievement of the corporate performance metrics as described above. Accordingly, Mr. Gianoni received \$658,436 (approximately 96.9% of his total target annual cash bonus opportunity).

Mr. Boor

The Compensation Committee determined Mr. Boor's 2016 bonus entirely based on the achievement of the corporate performance metrics as described above. Accordingly, Mr. Boor received \$281,919 (approximately 96.9% of his total target annual cash bonus opportunity).

Table of Contents EXECUTIVE COMPENSATION

Mr. Mooney

The Compensation Committee determined Mr. Mooney's 2016 bonus 70% based on the achievement of the corporate performance metrics described above and 30% based on the achievement of overall GMBU performance. For the corporate performance component of his 2016 bonus, Mr. Mooney received \$191,308 (approximately 96.9% of the 70% of his target annual cash bonus opportunity attributable to corporate performance).

For the overall GMBU performance component of his 2016 bonus, Mr. Mooney received \$79,451 (approximately 93.9% of the 30% of his target cash bonus opportunity attributable to GMBU performance). The Compensation Committee evaluated overall GMBU performance against Adjusted Revenue and Adjusted Earnings as follows:

GMBU Performance Metric	2016 Target (in millions)	Performance				
		Below Threshold	Threshold	Target	Maximum	
Adjusted Revenue	\$ 371.4	<90.0%	90.0	% 100.0	% 115.0	%
Adjusted Earnings	\$ 190.3	<90.0%	90.0	% 100.0	% 115.0	%
Maximum potential bonus as percentage of target		—	% 62.5	% 100.0	% 200.0	%

The Adjusted Revenue and Adjusted Earnings threshold levels both had to be achieved for any GMBU performance bonus to be paid. The Adjusted Revenue and Adjusted Earnings metrics were each measured quarterly and annually. The Adjusted Revenue metric was weighted 60% while Adjusted Earnings was weighted 40%. For 2016, GMBU achieved an overall GMBU performance bonus factor of approximately 97.6%. The GMBU performance factor decreased payments by 2.5% for every 1% of achievement below the target performance level.

Mr. Boruff

The Compensation Committee determined Mr. Boruff's 2016 bonus 70% based on the achievement of the corporate performance metrics described above and 30% based on the achievement of overall ECBU performance. For the corporate performance component of his 2016 bonus, Mr. Boruff received \$184,834 (approximately 96.9% of the 70% of his target annual cash bonus opportunity attributable to corporate performance).

EXECUTIVE COMPENSATION Table of Contents

For the overall ECBU performance component of his 2016 bonus, Mr. Boruff received \$80,931 (approximately 99.0% of the 30% of his target annual cash bonus opportunity attributable to ECBU performance). The Compensation Committee evaluated overall ECBU performance against Adjusted Revenue and Adjusted Earnings metrics as follows:

ECBU Performance Metric	2016 Target (in millions)	Performance				
		Below Threshold	Threshold	Target	Maximum	
Adjusted Revenue	\$ 329.4	<90.0%	90.0	% 100.0	% 115.0	%
Adjusted Earnings	\$ 173.6	<90.0%	90.0	% 100.0	% 115.0	%
		Payout				
Maximum potential bonus as percentage of target		—	% 62.5	% 100.0	% 200.0	%

The Adjusted Revenue and Adjusted Earnings threshold levels both had to be achieved for any ECBU performance bonus to be paid. The Adjusted Revenue and Adjusted Earnings metrics were each measured quarterly and annually. The Adjusted Revenue metric was weighted 60% while Adjusted Earnings was weighted 40%. For 2016, ECBU achieved an overall performance bonus factor of approximately 99.6%. The ECBU performance factor decreased payments by 2.5% for every 1% of achievement below the target performance level.

Mr. Mistretta

The Compensation Committee determined Mr. Mistretta's 2016 bonus entirely based on the achievement of the corporate performance metrics as described above. Accordingly, Mr. Mistretta received \$150,323 (approximately 96.9% of his total target annual cash bonus opportunity).

Long-Term Incentive Compensation

Our LTIP is designed to align the interest of our executive officers with the interests of our stockholders and serve as an important means for executive retention. Based on feedback from our stockholders and our assessment of the competitive market, we have increased the emphasis on performance-based equity for our executive officers in recent years. Each of the NEOs receives equity awards that are at least 50% performance-based with the balance of their equity awards being time-based. In 2016, the Compensation Committee granted our executive officers their annual LTIP awards in the first fiscal quarter.

The following table sets forth the number of shares of our common stock subject to RSAs, RSUs and PRSUs granted to each NEO on February 11, 2016 under our LTIP, which are reflected in the 2016 Summary Compensation Table below. The Compensation Committee determined LTIP award levels for our NEOs after considering peer group equity award practices, individual performance, criticality of role, expected future contributions of and the long-term retention objectives for each NEO and our performance compared to our compensation peer group.

Name	Number of RSAs	Number of RSUs	Number of PRSUs
Mr. Gianoni	24,719	—	57,680
Mr. Boor	24,720	—	24,720
Mr. Mooney	16,480	—	16,480

2016 PRSU Awards to NEOs

In February 2016, the Compensation Committee granted PRSUs to our NEOs (the "2016 PRSUs"). The shares of our common stock subject to the 2016 PRSUs may be earned and become eligible for vesting if the following performance criteria are met (together, the "2016 PRSU Performance Metrics"):

At any time during the three-year period from January 1, 2016 to December 31, 2018, we achieve during a rolling four consecutive quarter period: (a) an increase of 9.0% in its total non-GAAP revenue, adjusted to exclude incremental acquisition-related revenue associated with companies acquired during this current period ("Adjusted Revenue") above the total non-GAAP revenue for the immediately preceding four consecutive quarter period, i. adjusted to exclude the effects of any fair value adjustments to acquired deferred revenue associated with companies acquired during this prior period ("Base Revenue") and (b) in no circumstances does Base Revenue fall below our 2015 non-GAAP revenue, as adjusted for the full year effect of the Smart Tuition acquisition, which is \$673.0 million ("Initial Base Revenue"); and

Adjusted Non-GAAP Operating Margin (defined as non-GAAP operating margin as presented in our periodic reports filed with the SEC within the section "Management's discussion and analysis of financial condition and ii. results of operations" of those reports) does not fall below a four consecutive quarter average of 18.8% of Adjusted Revenue during the same four consecutive quarter period that meets the performance requirements set forth in criterion (i) above.

Based on our stated strategy of simultaneous growth and improving operating margins, the Compensation Committee believes that, for achieving performance-based compensation metrics, revenue and operating margin targets align management's strategic goals closely with the interests of our stockholders.

To the extent earned, the 2016 PRSUs are eligible for vesting in three annual installments starting in February 2017. Achievement against the 2016 PRSU Performance Metrics is calculated on a constant currency basis, using foreign exchange rates in effect during the 2015 base year. As of December 31, 2016, the 2016 PRSU Performance Metrics had been met because in the four consecutive quarter period ended December 31, 2016, we achieved:

- i. Adjusted Revenue of \$738.6 million, which represented an increase of 9.7% compared to the Initial Base Revenue;
- ii. Adjusted Non-GAAP Operating Margin of 19.6% of Adjusted Revenue.

EXECUTIVE COMPENSATION Table of Contents

As a result, the shares of our common stock subject to the 2016 PRSUs will vest according to the time-based vesting schedule set forth above subject to each NEO's continued employment as of each vesting date.

Post-Employment Compensation

Change In Control Payments and Benefits

We have entered into arrangements with our NEOs which provide for payments and benefits upon a termination of employment in connection with a change in control of the Company. These arrangements provide for a "double-trigger," that is, they generally only provide payments and benefits if a NEO's employment is terminated within 12 months following a change in control of the Company either by us without cause or by the NEO for good reason. Based on our assessment of the competitive market, we believe these arrangements are appropriate as they serve as a means for executive retention.

For a detailed discussion of these arrangements and an estimate of the payments and benefits that our NEOs would be eligible to receive in certain circumstances pursuant to their agreements, see "Potential Payments Upon Termination or Change in Control - Employment Arrangements" beginning on page 45 of this Proxy Statement.

Retirement Benefit

Our LTIP includes a retirement benefit, which allows eligible retirees to receive a post-retirement benefit consisting of continued vesting of their qualified RSUs. To be eligible, employees need to be 60 years of age, complete a minimum of 10 years of continuous service at the time of grant, provide six months' notice of their retirement date and successfully complete a transition plan. The transition plans require the approval of our CEO.

Other Benefits

Health and Welfare Benefits

Generally, the Compensation Committee seeks to provide our executive officers with health and welfare benefits on the same basis as all of our full-time employees. These benefits include health, dental, and vision benefits, health and dependent care flexible spending accounts, short-term and long-term disability insurance, accidental death and dismemberment insurance and basic life insurance coverage.

We have established a tax-qualified Section 401(k) retirement plan for all employees who satisfy certain eligibility requirements, including requirements relating to age and length of service. Currently, we make matching contributions to each NEO's account under our Section 401(k) plan on the same terms and using the same formulas as other participating employees. We intend for the plan to qualify under Section 401(a) of the Internal Revenue Code (the "Code") so that contributions by employees to the plan and income earned on plan contributions are not taxable to employees until withdrawn from the plan.

Perquisites and Other Personal Benefits

Historically, we have not provided any material perquisites or other personal benefits to our executive officers. While we do not view perquisites or other personal benefits as a significant component of our executive compensation program, from time to time, the Compensation Committee may provide certain of the NEOs with perquisites or other personal benefits in amounts deemed to be reasonable where it believes that these benefits may be useful in attracting, motivating, and retaining the executive talent for which we compete, to assist our executive officers in performing their duties and to provide certain time efficiencies in appropriate circumstances. We provide certain of our executive officers access to use our Company-owned club memberships (but do not pay club fees or dues for executive officers), which afford our executives the opportunity to conduct business in a more informal environment.

Table of Contents EXECUTIVE COMPENSATION

Other Compensation Policies

Equity Grant Policy

We do not have an established formal policy with respect to the timing of equity awards in coordination with the release of material nonpublic information. As a matter of practice and informal policy, however, the Compensation Committee generally grants equity awards during periods considered to be our “open trading windows” (that is, the periods beginning two business days following our earnings release and ending one month prior to the end of the fiscal quarter). In addition, any options to purchase shares of our common stock are required to be granted with an exercise price at least equal to the fair market value of our common stock on the date of grant.

Compensation Recovery

Mr. Gianoni's employment agreement includes a compensation recovery, or clawback, provision requiring that he return to us all incentive-based compensation he receives from us to the extent required by any Company clawback or recoupment policy, Section 954 of the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 and/or Section 304 of the Sarbanes-Oxley Act of 2002. In addition, the Company's 2016 Equity and Incentive Compensation Plan ("the 2016 Plan") contains a provision that all awards under the 2016 Plan are subject to all applicable laws regarding clawbacks, forfeitures, or recoupments.

Executive Officer Stock Ownership Guidelines

Under our Executive Officer Stock Ownership Guidelines, our CEO and the CEO's officer-level direct reports are expected to own shares of our common stock, in the following amounts:

- For the CEO, the lesser of (i) equity in an amount equal to four times base salary or (ii) 70,000 shares; and

- For the CEO's officer-level direct reports, the lesser of (i) equity in an amount equal to two times base salary, or (ii) 20,000 shares.

For purposes of these guidelines, vested, unexercised options and/or SARs are also counted for purposes of the guidelines at 100% of their intrinsic value. We expect our CEO and the CEO's officer-level direct reports to meet these guidelines within five years of receiving their first annual equity award after the later of their hire date or the adoption of these guidelines. Each of our named executive officers has satisfied the Executive Officer Stock Ownership Guidelines.

The table set forth below shows the ownership levels of our named executive officers as of December 31, 2016:

Name	Stock Ownership Guideline			
	(Lesser of):			
	Multiple of Base Salary (in shares) ⁽¹⁾	OR Number of Shares Owned ⁽²⁾	Minimum Number of Shares	Multiple of Guideline Achieved

Mr. Mooney	13,659	20,000	119,931	8.8x
Mr. Boruff	13,197	20,000	63,112	4.8x
Mr. Mistretta	9,767	20,000	92,250	9.4x

(2) Includes the number of shares owned as well as the number of shares issuable under exercisable SARs. The number of shares issuable under exercisable SARs was also calculated using \$64.00 per share (the closing price of our common stock on the NASDAQ Global Select Market on December 30, 2016).

EXECUTIVE COMPENSATION Table of Contents

Other Considerations

Tax Deductibility of Executive Compensation

The Compensation Committee considers the potential impact of Section 162(m) of the Code in designing and administering our executive compensation program. Section 162(m) disallows a tax deduction for any publicly-held corporation for compensation exceeding \$1 million paid in any taxable year to our CEO and our three other most highly compensated executive officers (other than our CFO). Compensation in excess of \$1 million may be deducted if it qualifies as “performance-based compensation” for purposes of Section 162(m) or satisfies the conditions for another exemption from the deduction limit. In this regard, the compensation income realized upon the exercise of stock options or SARs granted under a stockholder-approved employee stock plan generally will be deductible so long as the options are granted by a committee whose members are non-employee directors and certain other conditions are satisfied.

It is the Compensation Committee's policy to periodically review and consider whether particular compensation, including incentive compensation, paid or awarded to our executive officers will be deductible for federal income tax purposes. Based on our current compensation plans and policies, and proposed regulations interpreting Section 162(m), we believe that, for the near future, we will not lose material tax deductions for executive compensation (other than for a portion of our CEO's RSAs). In addition, to maintain flexibility in the administration of our executive compensation program, the Compensation Committee reserves the discretion to compensate our executive officers in a manner that it believes to be in the best interests of the Company and our stockholders, even if these arrangements do not qualify for deductibility under the federal income tax laws.

Accounting for Stock-based Compensation

We account for stock-based compensation awards in accordance with the requirements of FASB ASC Topic 718. Under FASB ASC Topic 718, stock-based compensation cost is measured at the grant date based on the fair value of the award and is recognized as expense over the requisite service period, which is the vesting period. The assumptions used to determine the fair value of the awards are included in Note 13 of the financial statements included in our Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2016, filed with the SEC on February 22, 2017.

We recognize the effect of awards for which the requisite service period is not rendered when the award is forfeited (that is, we recognize the effect of forfeitures in compensation cost when they occur). Previously recognized compensation cost for an award is reversed in the period that the award is forfeited. Income tax benefits resulting from the vesting and exercise of stock-based compensation awards are recognized in the period the unit or award is vested or option or right is exercised.

Risk Assessment of Compensation

The Compensation Committee has assessed our compensation programs and has concluded that they do not create risks that are reasonably likely to have a material adverse effect on the Company. We believe that the combination of different types and amounts of compensation, together with our internal controls and oversight of our Board of Directors, mitigates potential compensation-related risks.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis (“CD&A”) with our Company’s management. Based on this review and discussion, the Compensation Committee recommended to the Board of Directors that the CD&A be included in this Proxy Statement and incorporated by reference into our Annual Report on Form 10-K for the fiscal year ended December 31, 2016, which was filed with the SEC on February 22, 2017.

The 2016 PRSUs were granted to our NEOs and vest in three annual installments starting in February 2016, subject (2) to the NEO's continued employment and the achievement of pre-established performance metrics, as described on page 37 of this Proxy Statement.

Each of our NEOs was granted the number of RSAs set forth next to their names in the table, except for Mr. Mistretta who received RSUs. These RSAs and RSUs vest in four equal annual installments beginning on the first (3) anniversary of the date of grant, subject to the NEO's continued employment. The vested and unvested shares of common stock subject to RSAs and Mr. Mistretta's RSUs are eligible to receive dividends or dividend equivalents declared by the Company.

The grant date fair value of the equity awards is calculated in accordance with FASB ASC Topic 718. See Note 13 (4) of the financial statements included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2016, filed with the SEC on February 22, 2017.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

Employment Arrangements

Set forth below are descriptions of the principal terms of the employment agreements and retention agreements currently in effect with our NEOs and, where applicable, the estimated potential payments and benefits that these individuals may receive upon a termination of employment, including a termination of employment in connection with a change in control of our Company.

Mr. Gianoni

On December 9, 2015, we entered into an Amended Agreement with Mr. Gianoni. The Amended Agreement is for a term of four years and is renewable thereafter by mutual agreement for one-year terms.

The Amended Agreement prohibits Mr. Gianoni from participating in any business that directly competes with us or soliciting any employee of ours to leave us for one year after termination of the Amended Agreement.

If Mr. Gianoni's employment is terminated by us for cause, as defined in the Amended Agreement, we will be obligated to pay him his accrued but unpaid base salary through the termination date, any unreimbursed expenses through the termination date and payment of other amounts and benefits, if any, to which he is entitled under applicable benefit plans (collectively, the "Accrued Compensation"). All of Mr. Gianoni's unexercised stock options and SARs, whether vested or unvested, will immediately terminate and all unvested RSAs and restricted stock units ("RSUs") held will be forfeited immediately if his employment is terminated for cause.

EXECUTIVE COMPENSATION Table of Contents

If Mr. Gianoni's employment is terminated by us without cause or he resigns for good reason, as defined in the Amended Agreement, we will be obligated to:

- pay him his Accrued Compensation;
- continue to pay his base salary for a period of 24 months;
- pay him a lump sum payment based on the average cash bonus he received for the two calendar years (or such lesser number of years for which he was employed by us) prior to the calendar year in which termination occurs, pro-rated based on his actual period of employment during the year of termination;
- accelerate vesting of all of his then-unvested time-based equity awards by 12 months;
- accelerate vesting of the Retention Grant; and
- accelerate vesting of any then-unvested performance-based equity awards to the extent that such awards would have vested if he had continued employment with us until the date on which the Board of Directors (or applicable committee) determines the level of achievement of the applicable performance goals, but only if the performance period for such equity awards ends within 12 months of his termination date.

If Mr. Gianoni resigns without good reason or fails to renew the Amended Agreement, we will be obligated to pay his Accrued Compensation, payment of any awarded but unpaid bonus for prior calendar years and Mr. Gianoni will have the opportunity to exercise any vested equity awards.

If, within 12 months after a change in control of the Company, as defined in the Amended Agreement, Mr. Gianoni's employment is terminated by us without cause or he resigns with good reason, we will be obligated to pay him the same amounts as if he were terminated without cause (as described above), and, in addition, all of his then-unvested time-based equity awards will immediately vest in full and he will also receive 12 months accelerated vesting for any then-unvested performance-based equity awards based on the level of achievement of the applicable performance goals as of the termination date (or if calculation of the level of achievement of the applicable performance goals is not possible, then based on an assumed achievement of the performance goals at the target performance level). If the Company fails to renew the Amended Agreement either during discussions that ultimately lead to a change in control of the Company or within 12 months after a change in control of the Company, the Company has these same payment obligations.

If Mr. Gianoni's employment is terminated due to death or disability, as defined in the Amended Agreement, we will be obligated to pay him his Accrued Compensation and the same lump sum bonus payment as if his employment were terminated without cause. The Retention Grant will immediately be fully vested. All other then-unvested equity awards will be forfeited or terminate immediately, as applicable. Mr. Gianoni's estate will have such period as provided in the applicable equity award agreements to exercise any vested options and SARs, after which time they will terminate.

Finally, the Amended Agreement provides that, if any payments made to Mr. Gianoni are deemed to be "parachute payments" under Section 280G(b)(2) of the Code, we will reduce the payments to the minimum extent necessary to avoid imposition of any excise tax under Section 4999 of the Code or the disallowance of a deduction under Section 280G(b)(2) of the Code, unless the reduction would result in an after-tax amount that is less than if the reduction had not been made.

The Amended Agreement is filed as Exhibit 10.81 to our Annual Report on Form 10-K filed with the SEC on February 24, 2016.

Messrs. Boor, Mooney, Boruff and Mistretta
Employee Agreements

We have entered into "at-will" employment agreements with Messrs. Boor, Mooney, Boruff and Mistretta. Each agreement prohibits the executive officer from performing services for or entering into employment with any direct competitor or soliciting, hiring or otherwise engaging any employee of ours for one year after termination of the

agreement. In addition, each agreement prohibits the solicitation of our current and prospective customers for one year after termination of the agreement. These agreements do not provide for any severance payments or benefits and have no fixed term. Each of these agreements includes an assignment of intellectual property clause.

Retention Agreements

Each of Messrs. Boor, Mooney, Boruff and Mistretta are also party to retention agreements with us. These retention agreements provide for “double-trigger” severance payments and benefits under certain specified circumstances, as described below. We are not obligated to make any tax “gross-up” or other payments to Messrs. Boor, Mooney, Boruff or Mistretta if, in connection with any payments received following a termination of employment, the payments are subject to taxation under Section 409A of the Code.

If Messrs. Boor, Mooney, Boruff or Mistretta's employment is terminated within 12 months following a change in control of our Company, as defined in the retention agreements, either by us without cause, or by the executive officer for good reason, we will be obligated to:

• Pay him 1.5 times his base salary;

• Accelerate and fully vest any then-unvested stock options and other equity awards; and

• Reimburse COBRA premiums for him for the lesser of 12 months following the termination date or until he becomes eligible for insurance benefits from another employer.

The retention agreements define the term “cause” generally as:

• Conviction or plea of no contest to any felony;

• Any act of theft, fraud or embezzlement, or any other willful misconduct or willfully dishonest behavior by the officer;

• Willful and repeated failure or refusal to perform his or her reasonably assigned duties, provided that such failure or refusal is not corrected within 30 calendar days of notice; and/or

• Willful violation of his employment agreement.

The retention agreements define the term “good reason” generally as:

• Any materially adverse change or diminution in the office, title, duties, powers, authority or responsibilities that is not corrected within 30 days of notice;

• A reduction in the officer's base salary or target bonus compensation or a material reduction of any employee benefit or perquisite;

• Failure by us to obtain the assumption in writing of our obligation to honor the officer's agreements by any purchaser of all or substantially all of our assets within 30 calendar days after a sale or transfer of such assets; and/or

• A relocation of his office to a location more than 40 miles from his or her existing office location, without the officer's consent, or a material adverse change in the business travel requirements of the officer's position.

The retention agreements define the term “change in control” generally as:

• The consummation of a merger or consolidation in which our stockholders immediately prior to such event own less than 50% of the combined entity immediately following the merger or consolidation;

• A sale of all or substantially all of our assets;

• Acquisition of beneficial ownership where acquirer owns more than 50% of (a) then-outstanding stock or (b) combined voting power of then-outstanding securities entitled to vote; and/or

• Our liquidation or dissolution.

Equity Awards

Our equity incentive plans govern the treatment of each of our NEOs' equity awards, except for their RSAs and PRSUs which are governed by grant agreements, upon a termination of employment for cause or without cause by us, without good reason by the executive officers, or due to death or disability. In these circumstances, unvested RSAs and SARs will be immediately forfeited or terminated. Vested SARs and PSARs granted under the 2008 Equity Incentive Plan, if any, will remain exercisable for 90 days after termination of employment if they are terminated for any reason, including death or disability.

If Messrs. Boor, Mooney, Boruff or Mistretta's employment is terminated for cause by us or without good reason by the executive officer, their unvested PRSUs will be forfeited. Upon death or disability, Messrs. Boor, Mooney, Boruff and Mistretta's PRSUs will vest, on a grant-by-grant basis, in an amount equal to the proportion of days in a performance period they worked prior to their death or disability, multiplied by the number of respective PRSUs that would have vested at the end of that performance period had their employment not terminated by death or disability and they had met 100% of their target performance levels.

AUDIT MATTERS

PROPOSAL 4 — RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board of Directors has selected the independent registered public accounting firm of PricewaterhouseCoopers LLP (“PwC”) to audit our consolidated financial statements for the fiscal year ending December 31, 2017, and recommends that stockholders vote for the ratification of such appointment. Although ratification is not required by our Bylaws or otherwise, the Board is submitting the selection of PwC to our stockholders for ratification because we value our stockholders’ views on our independent registered public accounting firm and as a matter of good corporate practice. In the event of a negative vote on ratification, the Audit Committee will reconsider, but might not change, its selection. Notwithstanding the selection and ratification, the Audit Committee, in its discretion, may appoint a different independent registered public accounting firm at any time, if it believes doing so would be in the best interests of our Company and our stockholders.

PwC has audited our financial statements annually since 2000. Representatives of PwC are expected to be present at the 2017 Annual Meeting of Stockholders with the opportunity to make a statement if they desire to do so and respond to appropriate questions.

The Board of Directors unanimously recommends that stockholders vote FOR the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2017.

The voting requirements for this Proposal 4 are described under "Additional Information" on page 52 of this Proxy Statement.

AUDIT COMMITTEE REPORT

Our Audit Committee has (1) reviewed and discussed with management the audited financial statements for the year ended December 31, 2016, (2) discussed with PwC, our independent registered public accounting firm, the matters required to be discussed by the applicable standard(s), as adopted by the Public Company Accounting Oversight Board (“PCAOB”), and (3) received the written disclosures from PwC regarding its independence required by PCAOB Ethics and Independence Rule 3526, Communication with Audit Committees Concerning Independence, and has discussed with PwC its independence. Based upon these discussions and reviews, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2016, which was filed with the SEC on February 22, 2017.

Our Audit Committee is currently composed of the following four directors, all of whom are independent directors as defined in Rule 5605(a)(2) of the NASDAQ Marketplace Rules and Section 10A(m)(3) of the Exchange Act: Chair George H. Ellis; David G. Golden; Andrew M. Leitch; and Peter J. Kight. The Board of Directors has determined that Mr. Ellis and Mr. Leitch are “audit committee financial experts” as defined in Item 407(d) of Regulation S-K promulgated by the SEC. Our Audit Committee operates under a written charter adopted by the Board, a copy of which is available under Corporate Governance in the Company – Investor Relations section of our website at www.blackbaud.com.

PwC has served as our independent registered public accounting firm since 2000 and audited our consolidated financial statements for the years ended December 31, 2000 through December 31, 2016.

Summary of Fees

The Audit Committee has adopted a policy for the pre-approval of all audit and permitted non-audit services that may be performed by our independent registered public accounting firm. Under this policy, each year, at the time it engages an independent registered public accounting firm, the Audit Committee pre-approves the engagement terms and fees and may also pre-approve detailed types of audit-related and permitted tax services, subject to certain dollar limits, to be performed during the year. All other permitted non-audit services are required to be pre-approved by the Audit Committee on an engagement-by-engagement basis.

The following table shows the fees for audit and other services provided by PwC for fiscal years 2016 and 2015. All audit and other services provided by PwC described below were provided pursuant to the pre-approval policies of the Audit Committee.

Audit-Related Fees

This category consists of fees for services that are reasonably related to the performance of the audit or review of financial statements and are not included in "Audit Fees." In 2016, these services were principally associated with assurance and related procedures performed in connection with our planned adoption of recently issued accounting pronouncements. In 2015, these services were principally associated with assurance and related procedures performed in connection with our acquisition of Smart Tuition.

ADDITIONAL INFORMATION

QUESTIONS AND ANSWERS ABOUT THE 2017 ANNUAL MEETING OF STOCKHOLDERS

1. Who may vote at the meeting?

The Board set April 17, 2017 as the record date for the meeting. If you owned shares of our common stock at the close of business on April 17, 2017, you may attend and vote at the meeting. Each stockholder is entitled to one vote for each share of common stock held on all matters to be voted on. As of April 17, 2017, there were 48,037,225 shares of our common stock outstanding and entitled to vote at the meeting.

2. What is the difference between holding shares as a stockholder of record and as a beneficial owner?

If your shares are registered directly in your name with our transfer agent, American Stock Transfer and Trust Company LLC, you are considered, with respect to those shares, the stockholder of record. As the stockholder of record, you have the right to vote in person at the meeting. You will need to present a form of personal photo identification in order to be admitted to the 2017 Annual Meeting of Stockholders.

If your shares are held in a brokerage account or by another nominee or trustee, you are considered the beneficial owner of shares held in street name. In that case, the Notice of Internet Availability of Proxy Materials or proxy materials have been forwarded to you by your broker, bank or other holder of record who is considered, with respect to those shares, the stockholder of record. As the beneficial owner, you have the right to direct your broker, bank or other holder of record on how to vote your shares by using the voting instructions included in the Notice of Internet Availability of Proxy Materials or proxy materials.

3. What is the quorum requirement for the meeting?

A majority of our outstanding shares of capital stock entitled to vote as of the record date must be present at the 2017 Annual Meeting of Stockholders in order to hold the meeting and conduct business. This is called a quorum.

Your shares will be counted as present at the meeting if you:

- Are present in person at the meeting; or
- Have voted by Internet, telephone, or properly submitted a Proxy Card or Voter Instruction Card.

If you are present in person or by proxy at the meeting, but abstain from voting on any or all proposals, your shares are still counted as present and entitled to vote.

Votes cast in person or by proxy at the meeting will be considered present. All stockholders of record of Blackbaud (1) common stock as of the close of business on April 17, 2017, are entitled to vote at the meeting and any adjournments or postponements thereof.

We will also consider any other business that properly comes before the meeting. As of the record date, we are not aware of any other matters to be submitted for consideration at the meeting. If any other matters are properly brought before the meeting, the persons named in the Proxy Card or Voter Instruction Card as proxy will vote the shares they represent using their best judgment.

5. How may I vote my shares in person at the meeting?

If you are a stockholder of record, you have the right to vote in person at the 2017 Annual Meeting of Stockholders. You will need to present a form of personal photo identification in order to be admitted to the meeting. If you are a beneficial owner of shares held in street name, you are also invited to attend the meeting. Because a beneficial owner is not a stockholder of record, however, you may not vote these shares in person at the meeting unless you obtain a legal proxy from your broker, bank, nominee, or trustee that holds your shares, giving you the right to vote the shares at the meeting.

6. How can I vote my shares without attending the meeting?

If your common stock is held by a broker, bank or other nominee, they should send you instructions that you must follow in order to have your shares voted. If you hold shares in your own name, you may vote by proxy in any one of the following ways:

• Via the Internet by accessing the proxy materials on the secured website www.proxyvote.com and following the voting instructions on that website;

- Via telephone by calling toll free 1-800-690-6903 and following the recorded instructions; or

By requesting that printed copies of the proxy materials be mailed to you pursuant to the instructions provided in the Notice of Internet Availability of Proxy Materials and completing, dating, signing and returning the Proxy Card that you receive in response to your request.

The Internet and telephone voting procedures are designed to authenticate stockholders' identities by use of a control number to allow stockholders to vote their shares and to confirm that stockholders' instructions have been properly recorded. Voting via the Internet or telephone must be completed by 11:59 p.m. EDT on June 12, 2017. Of course, you can always come to the meeting and vote your shares in person. If you submit or return a Proxy Card without giving specific voting instructions, your shares will be voted as recommended by the Board of Directors, as permitted by law.

7. How can I change my vote after submitting it?

If you are a stockholder of record, you can revoke your proxy before your shares are voted at the meeting by:

• Filing a written notice of revocation bearing a later date than the proxy with our Corporate Secretary at 2000 Daniel Island Drive, Charleston, South Carolina 29492 at or before the taking of the vote at the meeting;

• Duly executing a later-dated proxy relating to the same shares and delivering it to our Corporate Secretary at 2000 Daniel Island Drive, Charleston, South Carolina 29492 at or before the taking of the vote at the meeting;

• Attending the meeting and voting in person (although attendance at the meeting will not in and of itself constitute a revocation of a proxy); or

• If you voted by telephone or via the Internet, voting again by the same means prior to 11:59 p.m. EDT on June 12, 2017 (your latest telephone or Internet vote, as applicable, will be counted and all earlier votes will be superseded).

If you are a beneficial owner of shares held in street name, you may submit new voting instructions by contacting your bank, broker, nominee or trustee. You may also vote in person at the meeting if you obtain a legal proxy from them.

8. Where can I find the voting results of the meeting?

We will announce the preliminary voting results at the 2017 Annual Meeting of Stockholders. We will publish the final results in a Form 8-K filed with the SEC within four business days of the meeting.

9. For how long can I access the proxy materials on the Internet?

The Notice of Annual Meeting, Proxy Statement, 2016 Annual Report to Stockholders and Annual Report on Form 10-K for the fiscal year ended December 31, 2016 are also available, free of charge, in PDF and HTML format at <http://proxy.blackbaud.com> and will remain posted on this website at least until the conclusion of the meeting.

10. How are proxies solicited and what is the cost?

We bear the expense of soliciting proxies. Our directors, executive officers or employees may also solicit proxies personally or by telephone, e-mail, facsimile or other means of communication. We do not intend to pay additional compensation for doing so. We might reimburse banks, brokerage firms and other custodians, nominees and fiduciaries representing beneficial owners of our common stock, for their expenses in forwarding soliciting materials to those beneficial owners.

STOCKHOLDER PROPOSALS

Stockholders may present proposals for action at meetings of stockholders only if they comply with the proxy rules established by the SEC, applicable Delaware law and our Bylaws, a copy of which was attached as Exhibit 3.4 to our Current Report on Form 8-K filed with the SEC on March 22, 2011. No stockholder proposals were received for consideration at our 2017 Annual Meeting of Stockholders.

Under SEC Rule 14a-8, in order for a stockholder proposal to be included in our proxy solicitation materials for our 2018 Annual Meeting of Stockholders, it must be delivered to our Corporate Secretary at our principal executive offices by December 26, 2017; provided, however, that if the date of the 2018 annual meeting is more than 30 days before or after June 13, 2018, notice by the stockholder must be delivered not later than the close of business on the later of (1) the 90th day prior to the 2018 annual meeting or (2) the 10th day following the first public announcement of the date of the 2018 annual meeting.

Under our Bylaws, in order for a stockholder to bring any business before a stockholder meeting including, but not limited to, the nomination of persons for election as directors, whether by inclusion of such business in our proxy materials or otherwise, the stockholder must provide us written notice not more than 75 days and not less than 45 days before the meeting in writing by registered mail, return receipt requested. Any such notice must set forth the following as to each matter the stockholder proposes to bring before the meeting: (a) the name, age, business address, residence address and ownership of our stock, including date of acquisition and investment intent, of any director nominee and all information relating to the director nominee that is required to be disclosed in solicitations of proxies for elections of directors; (b) for business other than the nomination of persons for election of directors, a description of such business, the reasons for conducting the business at the meeting and, if such business includes a proposal to amend our Bylaws, the language of the proposed amendments; (c) any material interest in such business of such stockholder or any Stockholder Associated Person, individually or in the aggregate, therefrom; (d) as to the stockholder or any Stockholder Associated Person, their holdings of our stock and whether the stockholder has entered into transactions to manage risk with respect to such stock; (e) as to the stockholder giving notice and any Stockholder Associated Person, the name and address of such stockholder, as they appear on our stock ledger, and current name and address, if different, and of such Stockholder Associated Person; and (f) to the extent known by the stockholder giving the notice, the name and address of any other stockholder supporting the proposal. In the absence of such notice meeting the above requirements, a stockholder shall not be entitled to present any business at any meeting of stockholders. Management's proxy holders for the next annual meeting of stockholders will have discretion to vote proxies given to them on any stockholder proposal of which our Company does not have notice prior to March 12, 2018.

DELIVERY OF DOCUMENTS TO STOCKHOLDERS SHARING AN ADDRESS

The SEC has adopted rules that permit companies to deliver a single Notice of Internet Availability or a single copy of proxy materials to multiple stockholders sharing an address unless a company has received contrary instructions from one or more of the stockholders at that address. Upon written or oral request, we will promptly deliver a separate Notice of Internet Availability or separate copy of proxy materials to one or more stockholders at a shared address to which a single Notice of Internet Availability or a single copy of proxy materials was delivered. Stockholders may request a separate Notice of Internet Availability or separate copy of proxy materials by contacting our Corporate Secretary either by calling 1-800-443-9441 or by mailing a request to 2000 Daniel Island Drive, Charleston, South Carolina 29492. Stockholders at a shared address who receive multiple Notices of Internet Availability or multiple copies of proxy materials may request to receive a single Notice of Internet Availability or a single copy of proxy materials in the future in the same manner as described above.

APPENDIX A—RECONCILIATIONS OF GAAP TO NON-GAAP FINANCIAL MEASURES

Some operating results in this proxy statement are presented on a non-GAAP basis. We use non-GAAP revenue, non-GAAP income from operations and non-GAAP operating margin internally in analyzing our operational performance. While we believe these non-GAAP measures provide useful supplemental information, non-GAAP financial measures should not be considered in isolation from, or as a substitute for, financial information prepared in accordance with GAAP. In addition, these non-GAAP financial measures may not be completely comparable to similarly titled measures of other companies due to potential differences in the exact method of calculation between companies.

We have acquired businesses whose net tangible assets include deferred revenue. In accordance with GAAP reporting requirements, we recorded write-downs of deferred revenue under arrangements predating the acquisition to fair value, which resulted in lower recognized revenue than the contributed purchase price until the related obligations to provide services under such arrangements are fulfilled. Therefore, our GAAP revenues after the acquisitions will not reflect the full amount of revenue that would have been reported if the acquired deferred revenue was not written down to fair value. The non-GAAP measures described below reverse the acquisition-related deferred revenue write-downs so that the full amount of revenue booked by the acquired companies is included, which we believe provides a more accurate representation of a revenue run-rate in a given period and, therefore, will provide more meaningful comparative results in future periods.

The non-GAAP financial measures discussed below exclude the impact of certain transactions because we believe they are not directly related to our operating performance in any particular period, but are for our long-term benefit over multiple periods. We believe that these non-GAAP financial measures reflect our ongoing business in a manner that allows for meaningful period-to-period comparisons and analysis of trends in our business.

APPENDICES Table of Contents

Non-GAAP organic revenue growth

In addition, we discuss non-GAAP organic revenue growth and non-GAAP organic revenue growth on a constant currency basis. We use these measures internally in analyzing our operational performance because we believe they provide useful information for evaluating the periodic growth of our business on a consistent basis. Non-GAAP organic revenue growth excludes incremental acquisition-related revenue attributable to companies acquired in the current fiscal year. For companies acquired in the immediately preceding fiscal year, non-GAAP organic revenue growth reflects presentation of full year incremental non-GAAP revenue derived from such companies as if they were combined throughout the prior period, and it includes the current period non-GAAP revenue attributable to those companies, as if there were no acquisition-related write-downs of acquired deferred revenue to fair value as required by GAAP. In addition, non-GAAP organic revenue growth excludes prior period revenue associated with divested businesses in the current fiscal year. The exclusion of the prior period revenue is to present the results of the divested businesses within the results of the combined company for the same period of time in both the prior and current periods. We believe this presentation provides a more comparable representation of its current business' organic revenue growth and revenue run-rate.

Calculations of non-GAAP organic revenue growth and non-GAAP organic revenue growth on a constant currency basis for the full year of 2016, as well as reconciliations of those non-GAAP measures to their most directly comparable GAAP measures, are as follows:

	Years ended December	
	31,	
(dollars in millions)	2016	Change 2015
GAAP revenue	\$730.8	14.6 % \$637.9
Add: Non-GAAP acquisition-related revenue ⁽¹⁾	3.6	35.5
Less: Revenue from divested businesses ⁽²⁾	—	(0.6)
Total Non-GAAP adjustments	3.6	34.9
Non-GAAP revenue ⁽³⁾	\$734.5	59.2 % \$672.8
Foreign currency impact on Non-GAAP revenue ⁽⁴⁾	4.2	—
Non-GAAP revenue on constant currency basis ⁽⁴⁾	\$738.6	69.8 % \$672.8

Non-GAAP acquisition-related revenue excludes incremental acquisition-related revenue calculated in accordance with GAAP that is attributable to companies acquired in the current fiscal year. For companies acquired in the immediately preceding fiscal year, non-GAAP acquisition-related revenue reflects presentation of full-year incremental non-GAAP revenue derived from such companies, as if they were combined throughout the prior period, and it includes the current period non-GAAP revenue from the acquisition-related deferred revenue write-down attributable to those companies.

For businesses divested in the prior fiscal year, non-GAAP organic revenue growth excludes revenue associated with divested businesses. The exclusion of the prior period revenue is to present the results of the divested business with the results of the combined company for the same period of time in both the prior and current periods.

Non-GAAP revenue for the prior year periods presented herein will not agree to non-GAAP revenue presented in the respective prior period quarterly financial information solely due to the manner in which non-GAAP organic revenue growth is calculated.

To determine non-GAAP organic revenue growth on a constant currency basis, revenues from entities reporting in foreign currencies were translated to U.S. Dollars using the comparable prior period's quarterly weighted average foreign currency exchange rates. The primary foreign currencies creating the impact are the Canadian Dollar, EURO, British Pound and Australian Dollar.
