Other than the Company's investments listed in footnote 7 below (subject to the limitations set forth therein), the Company does not "Control" any of its portfolio companies, for the purposes of the Investment Company Act of 1940, as amended (together with the rules and regulations promulgated thereunder, the "Investment Company Act"). In general, under the Investment Company Act, the Company would "Control" a portfolio company if the Company owned more than 25% of its outstanding voting securities (i.e., securities with the right to elect directors) and/or had the power to exercise control over the management or policies of such portfolio company. All of the Company's portfolio company investments, which as of June 30, 2017 represented 163% of the Company's net assets or 93% of the Company's total assets, are subject to legal restrictions on sales.

These assets are pledged as collateral for the Revolving Credit Facility (as defined below) and, as a result, are not (2) directly available to the creditors of the Company to satisfy any obligations of the Company other than the Company's obligations under the Revolving Credit Facility (see Note 5 to the consolidated financial statements).

These assets are owned by the Company's consolidated subsidiary Ares Capital CP Funding LLC ("Ares Capital CP"), are pledged as collateral for the Revolving Funding Facility (as defined below) and, as a result, are not (3) directly available to the creditors of the Company to satisfy any obligations of the Company other than Ares Capital CP's obligations under the Revolving Funding Facility (see Note 5 to the consolidated financial statements).

These assets are owned by the Company's consolidated subsidiary Ares Capital JB Funding LLC ("ACJB"), are (4) pledged as collateral for the SMBC Funding Facility (as defined below) and, as a result, are not directly available to

the creditors of the Company to satisfy any obligations of the Company other than ACJB's obligations under the SMBC Funding Facility (see Note 5 to the consolidated financial statements).

These assets are owned by the Company's consolidated subsidiary Ares Venture Finance, L.P. ("AVF LP"), are pledged as collateral for the SBA-guaranteed debentures (the "SBA Debentures") and, as a result, are not directly available to the creditors of the Company to satisfy any obligations of the Company other than AVF LP's obligations (see Note 5 to the consolidated financial statements). AVF LP operates as a Small Business Investment Company ("SBIC") under the provisions of Section 301(c) of the Small Business Investment Act of 1958, as amended.

#### (6) Investments without an interest rate are non-income producing.

As defined in the Investment Company Act, the Company is deemed to be an "Affiliated Person" and "Control" this portfolio company because it owns 5% or more of the portfolio company's outstanding voting securities or it (7) has the power to exercise control over the management or policies of such portfolio company (including through a management agreement). Transactions during the six months ended June 30, 2017 in which the issuer was an Affiliated Person (but not a portfolio company that the Company is deemed to Control) are as follows:

<sup>\*</sup>Together with Varagon Capital Partners ("Varagon") and its clients, the Company has co-invested through the Senior Direct Lending Program LLC (d/b/a the "Senior Direct Lending Program" or the "SDLP"). The SDLP has been

capitalized as transactions are completed and all portfolio decisions and generally all other decisions in respect of the SDLP must be approved by an investment committee of the SDLP consisting of representatives of the Company and Varagon (with approval from a representative of each required); therefore, although the Company owns more than 25% of the voting securities of the SDLP, the Company does not believe that it has control over the SDLP (for purposes of the Investment Company Act or otherwise) because, among other things, these "voting securities" do not afford the Company the right to elect directors of the SDLP or any other special rights (see Note 4 to the consolidated financial statements).

Together with GE Global Sponsor Finance LLC and General Electric Capital Corporation (together, "GE"), the Company has co-invested through the Senior Secured Loan Fund LLC (d/b/a the "Senior Secured Loan Program" or the "SSLP"). The SSLP has been capitalized as transactions are completed and all portfolio decisions and generally all other decisions in respect of the SSLP must be approved by an investment committee of the SSLP consisting of \*\*representatives of the Company and GE (with approval from a representative of each required); therefore, although the Company owns more than 25% of the voting securities of the SSLP, the Company does not believe that it has control over the SSLP (for purposes of the Investment Company Act or otherwise) because, among other things, these "voting securities" do not afford the Company the right to elect directors of the SSLP or any other special rights (see Note 4 to the consolidated financial statements).

Non-U.S. company or principal place of business outside the U.S. and as a result is not a qualifying asset under Section 55(a) of the Investment Company Act. Under the Investment Company Act, the Company may not acquire any non-qualifying asset unless, at the time such acquisition is made, qualifying assets represent at least 70% of the Company's total assets.

Exception from the definition of investment company under Section 3(c) of the Investment Company Act and as a result is not a qualifying asset under Section 55(a) of the Investment Company Act. Under the Investment Company Act, the Company may not acquire any non-qualifying asset unless, at the time such acquisition is made, qualifying assets represent at least 70% of the Company's total assets.

In the first quarter of 2011, the staff of the Securities and Exchange Commission (the "Staff") informally communicated to certain business development companies ("BDCs") the Staff's belief that certain entities, which would be classified as an "investment company" under the Investment Company Act but for the exception from the definition of "investment company" set forth in Rule 3a-7 promulgated under the Investment Company Act, could not be treated as eligible portfolio companies (as defined in Section 2(a)(46) under Investment Company Act) (i.e. not eligible to be included in a BDC's 70% "qualifying assets" basket). Subsequently, in August 2011 the Securities and Exchange Commission issued a concept release (the "Concept Release") which stated that "[a]s a general matter, the Commission presently does not believe that Rule 3a-7 issuers are the type of small, developing and financially troubled businesses in which the U.S. Congress intended BDCs primarily to invest"

(11) and requested comment on whether or not a 3a-7 issuer should be considered an "eligible portfolio company". The Company provided a comment letter in respect of the Concept Release and continues to believe that the language of Section 2(a)(46) of the Investment Company Act permits a BDC to treat as "eligible portfolio companies" entities that rely on the 3a-7 exception. However, given the current uncertainty in this area (including the language in the Concept Release) and subsequent discussions with the Staff, the Company has, solely for purposes of calculating the composition of its portfolio pursuant to Section 55(a) of the Investment Company Act, identified such entities, which include the SSLP, as "non-qualifying assets" should the Staff ultimately disagree with the Company's position. Pursuant to Section 55(a) of the Investment Company Act (using the Staff's methodology described above solely for this purpose), 28% of the Company's total assets are represented by investments at fair value and other assets that are considered "non-qualifying assets" as of June 30, 2017.

Variable rate loans to the Company's portfolio companies bear interest at a rate that may be determined by reference to either LIBOR or an alternate base rate (commonly based on the Federal Funds Rate or the Prime Rate), at the borrower's option, which reset annually (A), semi-annually (S), quarterly (Q), bi-monthly (B), monthly (M) or daily (D). For each such loan, the Company has provided the interest rate in effect on the date presented.

In addition to the interest earned based on the stated interest rate of this security, the Company is entitled to receive an additional interest amount of 2.00% on \$73.4 aggregate principal amount of a "first out" tranche of the (13) portfolio company's senior term debt previously syndicated by the Company into "first out" and "last out" tranches, whereby the "first out" tranche will have priority as to the "last out" tranche with respect to payments of principal, interest and any other amounts due thereunder.

In addition to the interest earned based on the stated interest rate of this security, the Company is entitled to receive an additional interest amount of 1.75% on \$63.1 aggregate principal amount of a "first out" tranche of the portfolio company's first lien senior secured loans, whereby the "first out" tranche will have priority as to the "last out" tranche with respect to payments of principal, interest and any other amounts due thereunder.

The Company is entitled to receive a fixed fee upon the occurrence of certain events as defined in the credit (15) agreement governing the Company's debt investment in the portfolio company. The fair value of such fee is included in the fair value of the debt investment.

(16) Loan was on non-accrual status as of June 30, 2017.

(17) Loan includes interest rate floor feature.

Represents the Company's yield on its investment in the SSLP at amortized cost. The certificates have a stated contractual coupon of LIBOR plus approximately 8.0% and also entitle the holders thereof to receive a portion of the excess cash flow from the SSLP's loan portfolio, after expenses. However, the SSLP Certificates are junior in (18) right of payment to the Senior Notes held by GE, and the Company expects that for so long as principal proceeds from SSLP repayments are directed entirely to repay the Senior Notes as discussed above, the yield on the SSLP Certificates will be lower than the stated coupon and continue to decline. See Note 4 to the consolidated financial statements for more information on the SSLP.

In addition to the interest earned based on the stated contractual interest rate of this security, the certificates entitle (19)the holders thereof to receive a portion of the excess cash flow from the SDLP's loan portfolio, after expenses, which may result in a return to the Company greater than the contractual stated interest rate.

As of June 30, 2017, no amounts were funded by the Company under this first lien senior secured revolving loan; however, there were letters of credit issued and outstanding through a financial intermediary under the loan. See Note 7 to the consolidated financial statements for further information on letters of credit commitments related to certain portfolio companies.

As of June 30, 2017, in addition to the amounts funded by the Company under this first lien senior secured (21) revolving loan, there were also letters of credit issued and outstanding through a financial intermediary under the loan. See Note 7 to the consolidated financial statements for further information on letters of credit commitments related to certain portfolio companies.

As of June 30, 2017, the Company had the following commitments to fund various revolving and delayed draw senior secured and subordinated loans, including commitments to issue letters of credit through a financial intermediary on behalf of certain portfolio companies. Such commitments are subject to the satisfaction of certain (22) conditions set forth in the documents governing these loans and letters of credit and there can be no assurance that such conditions will be satisfied. See Note 7 to the consolidated financial statements for further information on revolving and delayed draw loan commitments, including commitments to issue letters of credit, related to certain

portfolio companies.
