NOTICE

**Companhia Siderúrgica Nacional** ('CSN') announces that the Board of Directors has approved, at a meeting held today, the following proposals to be submitted to the Extraordinary General Meeting to be called for this purpose:

1. split of the number of shares issued by the Company, with the purpose of increasing the liquidity of shares in the market. The split proposal sets forth that each share of capital stock will be represented by 3 shares after the stock split. The proposal also comprises the maintenance of the share/ADR (*American Depositary Receipt*) ratio of 1/1, meaning that each ADR will continue to be represented by one underlying share. The proposed stock split focuses on repositioning the Company's share price, in view of its significant appreciation, in a range considered to be more adequate, as well as on maintaining the attractiveness of the Company's shares for individual investors. Upon the approval of the split proposal, the custodian Itaú Corretora de Valores S.A. will take measures so as to automatically credit the new shares to the accounts of the Company's shareholders, and the depository agent of the ADRs will be in charge of issuing new ADRs and its distribution.

2. cancellation of 4,000,000 shares currently held in treasury, without decreasing the capital stock.

3. Ratification, pursuant to article 256, paragraph 1 of Law 6,404/76, of the acquisition of the control of Companhia de Fomento Mineral e Participações Ltda.

In addition, the Board of Directors approved a new share repurchase program, which will be implemented by the Company's Executive Board as of the date when the General Meeting resolves on the cancellation of a portion of shares currently held in treasury.
