the Securities Exchange Act of 1934.

Yes No

If "Yes" is marked, indicated below the file number assigned to the
registrant in connection with Rule 12g3-2(b):

GOL Launches New Integrated Platform of Communication with the Financial Market

Company builds even stronger ties with investors through its new platform which integrates social networks and traditional channels

São Paulo, June 1, 2010 GOL Linhas Aéreas Inteligentes S.A. (NYSE: GOL and BMF&BOVESPA: GOLL4), the largest low-cost and low-fare airline in Latin America, announces its new financial communications platform, with the launch of a new investor relations portal which is totally integrated with the leading corporate social networks LinkedIn, Facebook, Seeking Alpha and its existing Twitter channel, which are in turn now fully integrated with the Company's more traditional distribution channels, such as e-mail alerts, SMS (mobile phone), RSS and wire broadcasting.

GOL is the first Brazilian company to launch an integrated financial market communication platform with such a complete interface with the market, declared Leonardo Pereira, the Company's Vice President and CFO.

GOL's IR portal, available at www.voegol.com.br/ir, now has a friendlier interface and a new look. Browsing is quicker and the content has been improved with the inclusion of complete interactive and historical results, as well as historical traffic figures in excel.

Social network accounts can be accessed through the IR site or directly at twitter.com/GOLinvest (Twitter), pt-br.facebook.com/people/Gol-Invest/100001016543278 (Facebook), linkedin.com/in/golinvest (LinkedIn) and seekingalpha.com/user/661914/profile (Seeking Alpha).

GOL is an innovator in the airline industry and it could not be different in the communication with the market. Navigating around the site has become easier even though the content is more complete. Up to now, GOL is one of the companies in Latin America to give live webcasts of its main presentations in international conferences promoted by financial institutions. It is details like these, plus our ample adherence to the social networks, that make all the difference in terms of market perception, concluded Pereira.

FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
