Consolidated launches increased 10.3% y-o-y to R\$498.3 million in the quarter and net sales reached R\$429.6 million

FOR IMMEDIATE RELEASE - São Paulo, October 15th 2013 – Gafisa S.A. (Bovespa: GFSA3; NYSE: GFA), one of Brazil's leading national homebuilders, today announced operational results for the third quarter ending September 30, 2013.

Consolidated Launches

Third-quarter launches totaled R\$498.3 million, an increase of 8.1% compared to 2Q13, and 10.3% versus 3Q12. For the 9M13 period, launches were R\$1.3 billion, a decrease of 13.4% compared to the same period last year. This decline is a result of delays in receiving certain licenses and in the approval process for the Gafisa segment in the city of São Paulo, resulting in some projects being moved to 4Q13. Launch volume represents 42% of the mid-range of full-year launch guidance of R\$2.7 to R\$3.3 billion. The above mentioned movement will generate a launch concentration on the 4Q13.

18 projects/phases were launched across 6 states in 9M13. In terms of PSV Gafisa accounted for 32% of the PSV of launches, Alphaville 48% and Tenda for the remaining 20%.
