Accident aboard FPSO Cidade de São Mateus

Rio de Janeiro, February 11, 2015 – Petróleo Brasileiro S.A. – Petrobras regrettfully announces that an explosion took place aboard FPSO Cidade de São Mateus today, February 11th, at approximately 12:50 p.m. The FPSO is operated by BW Offshore and is chartered by Petrobras. The unit has been operating since June 2009 in the post-salt of the Camarupim and Camarupim Norte fields, off the coast of Espírito Santo state, 120 km offshore. Out of 74 workers onboard, three have succumbed to their injuries and died on site; ten sustained injuries and have already been transferred by helicopter to receive medical care in the city of Vitória; and six are still missing.

BW Offshore is providing all the necessary assistance to its employees and family members with Petrobras support. The accident was controlled by the immediate deployment of the Contingency Plan, mobilizing all the necessary recourses. FPSO operations have been shut down. Production at this platform was of around 2.2 million cubic meters of natural gas per day, which represents approximately 3% of Petrobras natural gas production in Brazil.

Petrobras has officially notified the Brazilian Navy as well as Brazil's National Petroleum, Natural Gas and Biofuels Agency (ANP). The Camarupim concession is operated by Petrobras (100%) and the Camarupim Norte concession is a partnership between Petrobras (75%) and Ouro Preto Energia (25%).

FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (Securities Act), and Section 21E of the Securities Exchange Act of 1934, as amended (Exchange Act) that are not based on historical facts and are not assurances of future results. These forward-looking statements are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.

All forward-looking statements are expressly qualified in their entirety by this cautionary statement, and you should not place reliance on any forward-looking statement contained in this press release. We undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information or future events or for any other reason.
