Item 1.01 Entry into a Material Definitive Agreement.

On September 30, 2005, Kansas City Southern ("KCS" or "the Company"), its wholly owned subsidiary, The Kansas City Southern Railway Company ("KCSR"), and certain of its subsidiaries entered into an amendment of its existing credit agreement. For information on the material terms of the amendment, see Disclosure under Item 2.03 below.

Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

The credit agreement was amended to increase the revolving credit facility commitment by \$25.0 million to a total available line of credit of \$125.0 million. The borrowing spread on the revolving credit facility was reduced by 50 basis points, while the borrowing spread on the term loan facility was reduced by 25 basis points (based on certain financial statement attributes). The revolving credit facility has a maturity date of March 20, 2007 while the term loan facility has a maturity date of March 20, 2008. Additionally, the capital expenditure limit was eliminated as a debt covenant as well as certain other nonmaterial changes made to the Credit Facility as part of the amendment. Failure to maintain compliance with covenants under the debt facility would result in an acceleration of the maturity date.
