Item 1.01 Entry into a Material Definitive Agreement.

On March 20, 2007, UGI Utilities, Inc. ("UGI Utilities"), a wholly owned subsidiary of UGI Corporation, entered into an amendment (the "Amendment") to its Firm Transportation Service Agreement (Rate Schedule FT) dated October 1, 1996 with Transcontinental Gas Pipe Line Corporation ("Transco"), as modified pursuant to various orders of the Federal Energy Regulatory Commission (the "Agreement"). Pursuant to the Amendment, the term of the Agreement has been extended until April 1, 2017. Additionally, the Amendment provides that Transco shall increase the minimum delivery pressure commitment at four UGI Utilities delivery points from fifty pounds per square inch to between three hundred and five hundred pounds per square inch. This increased minimum pressure commitment ensures that UGI Utilities will receive natural gas from Transco at pressures sufficient to meet the distribution obligations of its utility system. All other terms and conditions of the Agreement remain unchanged.

A copy of the Amendment is filed as Exhibit 10.1 to UGI Utilities' Form 8-K dated March 20, 2007 and is incorporated herein by reference. The summary of the terms of the Amendment is qualified in its entirety by reference to the Amendment.
