On June 5, 2015, Innospec Inc. entered into an agreement to divest its Aroma Chemical business by selling its subsidiary, Innospec Widnes Limited to Emerald Kalama Chemical, LLC, an affiliate of Emerald Performance Materials, LLC. The total consideration will be approximately \$40.5 million, less any assumed debt of the Aroma Chemical business and transaction expenses, subject to a potential net working capital adjustment. In 2015 the Aroma Chemicals business was forecast to generate sales revenues of \$50.2 million, and EBITDA of \$7.8 million. The Agreement contains customary covenants of Innospec, such as not competing with the Aroma Chemicals business for three years following closing, or five years in respect of the top three products, and not soliciting employees nor interfering with customers or supplier relationships for two years following closing.

The sale, which is currently expected to close no later than July 31, 2015, is subject to certain closing conditions, including, among others, confirmation that the sale has been cleared under all relevant national merger control rules and anti-trust legislation in Germany.

The press release announcing the sale of Innospec's Aroma Chemicals business is attached as Exhibit 99.1.
