**STEVEN G. MIHAYLO**

P.O. Box 19790

Reno, Nevada 89511

July 27, 2007

Dear Fellow Inter-Tel Shareholder,

I am extremely confused and troubled by the Company's recent earnings release and its revised third and fourth quarter 2007 forecasts, which resulted in a forecast for net full year 2007 sales of 8% to 10% below the projections contained in Inter-Tel's May 29, 2007 proxy statement. This is especially confusing and troubling when net sales in Q2 2007 were just 1.3% below net sales in Q2 2006 and were considerably above the net sales reported in the first quarter of 2007. I am amazed that less than two months ago, the Company published projections which indicated that its strategy would yield far more positive results.

As a result of the latest forecast, the consensus analyst EPS estimates for 2008 have dropped to \$1.00 per share. This estimate is 31% below the EPS projections included by management in its proxy dated May 29, 2007. Although I have serious doubts as to whether the Company's revised forecasts are reliable and whether or not they factor in what I believe may be positive recent material developments at the Company, these events have forced me to reevaluate my recapitalization alternative.

Given the lengths to which management has gone to disclaim their projections included in their proxy materials of May 29<sup>th</sup> and upon which its financial advisor based its fairness opinion, I feel whip-lashed and deceived. With no other choice except to use management's current forecasts and the revised consensus analyst earnings estimates for 2008, I regret to inform you that there can be no assurance, if management's latest revised projections are to be believed, that a leveraged recapitalization of Inter-Tel would yield greater value than the Mitel transaction. Therefore, in the spirit of candidness and full and accurate disclosure, I am forced to rescind my proposed recapitalization alternative.

However, despite not being able to present a currently more favorable financial alternative, I continue to have tremendous confidence in the Company's products and once the Company's fate is determined and its associates are refocused, I view the Company's recent earnings results as an opportunity for future results to be significantly improved under the right management team and go-to-market strategy. Moreover, I believe there may be highly favorable information that has not been widely publicized but which may represent an incredible opportunity for dramatic growth in the near and longer term.

In addition, from what I have observed, the Company has not implemented, let alone seriously analyzed, any of the additional cost saving strategies I proposed in my January letter to the board of directors. Furthermore, the Company continues to maintain a competitive product line and pool of talented engineers which would enable a stand-alone Inter-Tel to continue to be a leader in the telecommunications industry under the guidance of an effective management team and the right board of directors.

3

---

For these reasons, I continue to believe there is tremendous intrinsic value in the Company which is yet to be captured by its shareholder base. The Company and its shareholders should be given the opportunity to capitalize on the foundation we have built rather than what I believe is the cut and run approach of selling to Mitel.

**ASK YOURSELF, IF THE COMPANY FORECASTS ARE AS DIRE AS PREDICTED, WHY WOULD MITEL STILL BE WILLING TO PAY THE PRICE ORIGINALLY AGREED TO?**

As Inter-Tel's largest shareholder, with approximately 19% of its shares, and in light of the above, I continue to oppose the sale to Mitel and I intend to vote **AGAINST** the merger at the August 2<sup>nd</sup> shareholder meeting and I plan to exercise appraisal rights. I encourage you to evaluate everything you have observed over the past several months and join with me to also vote **AGAINST** the Mitel transaction.

Very Truly Yours,

/s/ Steven G. Mihaylo
