TCCC owns and markets four of the world's top five nonalcoholic sparkling beverage brands: Coca-Cola, Diet Coke, Fanta and Sprite. Finished beverage products bearing TCCC's trademarks, sold in the United States since 1886, are now sold in more than 200 countries.

Item 3. Source and amount of Funds and Other Consideration

On June 12, 2015, the Issuer issued to the Reporting Persons 34,040,534 shares of Common Stock of the Issuer, and transferred to TCCC the Issuer's non-energy drink business and certain distribution rights with respect to Monster products, pursuant to the Transaction Agreement and Asset Transfer Agreement (each as defined below), for a net cash payment of \$2.15 billion made by the Reporting Persons to the Issuer and Monster, and the transfer of TCCC's worldwide energy drink business to Monster (as defined below). The Reporting Persons funded the purchase of the Common Stock with cash on hand of the Reporting Persons and assets constituting the energy drink business of TCCC, pursuant to the Transaction Agreement and Asset Transfer Agreement.

Item 4.

Purpose of the Transaction

On August 14, 2014, TCCC, ER, the Issuer, New Laser Merger Corp. ("Merger Sub") and Monster Beverage Corporation (now known as Monster Beverage 1990 Corporation) ("Monster") entered into a Transaction Agreement (the "Transaction Agreement"), under which the Issuer agreed to issue and sell to TCCC and ER, and TCCC and ER agreed to purchase from the Issuer, an amount of newly-issued shares of Common Stock (the "Shares") representing one share less than 16.666% of total number of issued and outstanding Common Stock of the Issuer (measured on a post-issuance basis), at the closing. Pursuant to the Transaction Agreement, TCCC and ER made a net cash payment of \$2.15 billion to the Issuer and Monster and transferred TCCC's worldwide energy drink business to Monster, receiving in turn, the Shares, the Issuer's non-energy drink business and certain distribution rights with respect to Monster products.

In connection with the above, Monster reorganized itself under a new holding company by merging Merger Sub into Monster, with Monster surviving as a wholly owned subsidiary of the Issuer. In the merger, each outstanding share of Monster's Common Stock was converted into one share of the Issuer's Common Stock.

The Transaction Agreement is filed as Exhibit 1 to this Statement and is incorporated herein by reference. The following description of various terms of the Transaction Agreement is qualified in its entirety by reference to the Transaction Agreement.

The purpose of the Reporting Persons' acquisition of Common Stock is for the Reporting Persons to hold an equity interest in the Issuer in connection with what the Reporting Persons anticipate will be a long-term collaborative and strategic partnership between TCCC and the Issuer, expected to accelerate growth for both companies. On August 14, 2014, in connection with the execution of the Transaction Agreement, Monster, TCCC and the Issuer entered into an Asset Transfer Agreement (the "Transfer Agreement"), pursuant to which (i) TCCC transferred ownership of its worldwide energy drink business, including NOS, Full Throttle, Burn, Mother, BU, Gladiator, Samurai, Nalu, BPM, Play and Power Play, Ultra and Relentless, to the Issuer; and (ii) the Issuer transferred its non-energy drink business, including Hansen's Natural Sodas, Peace Tea, Hubert's Lemonade and Hansen's Juice Products, to TCCC. Monster and TCCC also amended and restated their existing distribution coordination arrangements, which contemplated expanding distribution of Monster's products into additional territories pursuant to long-term commercial agreements with TCCC's network of owned or controlled bottlers/distributors and independent bottling/distribution partners.

Under the Transaction Agreement, the Reporting Persons agreed, for the period from June 12, 2015 (the "Closing Date") through the earliest of (i) the four-year anniversary of the Closing Date, (ii) the date on which the amended distribution coordination agreement entered into between Monster and TCCC related to the United States or Canada is terminated or modified such that TCCC, its subsidiaries and distributors in the TCCC distribution network would cease to have exclusive distribution rights to Monster products representing, in the aggregate, at least 50% of the dollar volume of all Monster products that are energy beverages and distributed by TCCC, its subsidiaries and the distributors in the TCCC distribution network in the territories in the U.S. and Canada covered by then-effective distribution agreements entered into by the Issuer, Monster or any of their subsidiaries (measured during the 12-month period immediately prior to such modification or termination), or (iii) a change of control of the Issuer or Monster (such period the "Lock-Up Period"), not to directly or indirectly, sell, assign, pledge, hypothecate or otherwise transfer (or enter into an obligation regarding the future sale, assignment, pledge or transfer of) any of the Shares or the Additional Shares (as defined below), other than into a tender or exchange offer made by a third party in accordance with the terms of the Transaction Agreement. Following the Lock-Up Period, (i) the Issuer will have a right of first offer with respect to any transfer of Shares or Additional Shares representing beneficial ownership of more than 1% of the then-outstanding shares of Common Stock of the Issuer in any privately negotiated sale or sales to one or more third parties

during any 90-day period (excluding transfers pursuant to registered public offerings and open market sales under Rule 144 under the Securities Act), and (2) the Reporting Persons will not transfer any shares of Common Stock of the Issuer to any significant competitor of the Issuer (excluding transfers pursuant to registered public offerings and open market sales under Rule 144 under the Securities Act of 1933). Furthermore, the Reporting Persons also agreed not to enter into any derivative or lending transaction that would have the same economic effect as a sale of any shares of Common Stock of the Issuer.

Under the Transaction Agreement, the Reporting Persons further agreed that, until the fourth anniversary after the Closing Date, unless invited in writing with the approval of a majority of the Issuer's Board of Directors, the Reporting Persons will not, and will not cause or permit any of their consolidated subsidiaries to, directly or indirectly: (i) acquire, offer to acquire or agree to acquire any Issuer equity securities or convertible securities, except pursuant to certain exceptions; (ii) make any public announcement, proposal or offer or otherwise solicit or effect (A) any business combination, merger, tender offer, exchange offer or similar transaction involving the Issuer or its subsidiaries, including any change of control, (B) any restructuring, recapitalization, liquidation, dissolution or similar transaction involving the Issuer or its subsidiaries or (C) any acquisition of any of the Issuer's or its subsidiary's equity securities; (iii) negotiate or act in concert with, or knowingly finance, assist or encourage, any other person or entity in connection with any of the actions set forth above in clauses (i) and (ii), or otherwise form, join or participate in a group (other than a group comprised solely of the Reporting Persons and their respective subsidiaries) with respect to any equity securities in connection with any of the actions set forth in (i) and (ii); (iv) request or call or seek to call a meeting of the Issuer's stockholders, nominate any individual for election as a director of the Issuer at any meeting of the Issuer's stockholders, submit any stockholder proposal (pursuant to Rule 14a-8 promulgated under the Exchange Act or otherwise) to seek representation on the Issuer's Board of Directors or any other proposal to be considered by the Issuer's stockholders, or publicly recommend that any other stockholder vote in favor of, or otherwise publicly comment favorably about, or solicit votes or proxies for, any such nomination or proposal submitted by another stockholder, or otherwise publicly seek to control or influence the Board of Directors, management or policies of the Issuer; (v) deposit any shares of voting stock of the Issuer in a voting trust or similar arrangement or subject any shares of voting stock of the Issuer to any voting agreement, pooling arrangement or similar arrangement (other than as contemplated by the Transaction Agreement); or (vi) take any action which would reasonably be expected to require the Issuer or ER or any of its affiliates to make a public announcement regarding any of the actions set forth above in clauses (i) - (v) above (clauses (i) - (vi), collectively, the "Standstill Restrictions").

If the Issuer or Monster determines to explore a possible process for a sale transaction that would, if consummated, constitute a change of control, and the Issuer notifies the Reporting Persons of such process and allows the Reporting Persons to participate therein, on the terms and conditions thereof, the Standstill Restrictions will not apply solely for such purpose. In addition, the Standstill Restrictions will not apply solely to the extent necessary to facilitate a public or private offer by ER or its affiliates to acquire directly or indirectly at least a majority of the outstanding shares of Common Stock of the Issuer or all or substantially all of the Issuer's assets if: (i) the Issuer or Monster enters into a binding definitive agreement with any third party providing for a change of control; (ii) any person or entity or group (other than ER or any of its affiliates) acquires beneficial ownership of more than 35% of the outstanding Common Stock of the Issuer; (iii) any bona fide acquiror makes a public or non-public offer or proposal to the Issuer which, if fully subscribed, would result in such acquiror acquiring beneficial ownership of more than 35% of the outstanding Common Stock of the Issuer, or publicly announces a proposal to effect or an intention to engage in a transaction involving a change of control of the Issuer and, following such proposal, the Issuer, Monster or their representatives provide material non-public information to any such acquiror or its representatives or engage in substantive negotiations with such acquiror or its representatives; or (iv) any bona fide acquiror publicly announces a tender or exchange offer for more than 35% of the outstanding Common Stock of the Issuer and files a tender offer statement under Section 14(d)(1) or 13(e)(1) of the Exchange Act.

The Reporting Persons and their affiliates may submit to the Issuer's chairman of the board or chief executive officer confidential proposals for a potential transaction, including a change of control transaction, relating to the Issuer or Monster, as long as the proposals are made in a manner that would not reasonably be expected to require the Issuer or Monster to make a public announcement regarding the proposals. Prior to submission of such a written proposal during the four-year period following the Closing Date relating to any change of control transaction, TCCC or its affiliates will advise the Issuer of its intention and refrain from submitting such proposal if affirmatively so requested by the Issuer, based on action by the Issuer's Board of Directors.

Notwithstanding the Standstill Restrictions, the Reporting Persons and their consolidated subsidiaries will be entitled to purchase additional shares of Common Stock of the Issuer (the "Additional Shares") following the closing in open market or privately registered transactions as long as, when taken together with all other shares of Common Stock of the Issuer beneficially owned by the Reporting Persons and their consolidated subsidiaries at the time such transaction is consummated, such purchase will not result in the Reporting Persons and their consolidated subsidiaries being the beneficial owner of more than 25% of the total number of shares of Common Stock of the Issuer outstanding at such time.

At the closing, the number of members of the Issuer's Board of Directors was increased by two, and the Issuer appointed two new individuals to the Board of Directors who were designated by TCCC, subject to the requirements that (i) such individuals be reasonably acceptable to the Issuer and qualified and suitable to serve as members of the Board of Directors under all applicable policies and requirements and (ii) one of such individuals be an "independent director" (as defined in Nasdaq Listing Rule 5602(a)(2)) who is not employed by TCCC or any of its affiliates and the other individual be an executive officer of TCCC, in each case, as determined in good faith by the Board of Directors. From the closing until the earlier of (i) 36 months after the closing and (ii) the first date on which ER has beneficial ownership of at least 20% of the aggregate shares of Common Stock of the Issuer then outstanding (the "Initial Period"), ER will have the right to designate to the Issuer's Board of Directors a number of individuals who satisfy the director requirements described above equal to the greater of (i) two or (ii) 20% the size of the Issuer's Board of Directors at any time (rounded up to the next whole number). After the Initial Period, for so long as ER has ownership of at least 10% of the aggregate shares of Common Stock of the Issuer then outstanding, ER shall have the right to designate for election to the Board of Directors one individual who satisfies the director requirements described above.

The Reporting Persons each agreed that it will, and will cause its controlled affiliates to, prior to the occurrence of a Management Triggering Event (as defined below), vote all of the shares of Common Stock that the Reporting Persons collectively beneficially own in excess of 20% of the total outstanding shares of Common Stock in the same proportion as all shares of Common Stock not beneficially owned by Reporting Persons with respect to any proposals to approve a transaction with a third party that would result in a change of control of the Issuer on which the Reporting Persons are entitled to vote. ER also agreed to waive any appraisal or dissenters' rights in connection with any such transactions that would result in a change of control of the Issuer. In addition, for as long as the Reporting Persons beneficially own at least 5% of the aggregate number of shares of Common Stock then-outstanding and prior to the occurrence of a change of control of the Issuer or Monster or a Management Triggering Event: (i) the Reporting Persons will vote in favor of all director nominees recommended by the Issuer's Board of Directors or, if requested by the Issuer, in the same proportion as all shares of Common Stock not beneficially owned by the Reporting Persons, other than with respect to the nominees designated by the Reporting Persons in accordance with the Transaction Agreement; and (ii) the Reporting Persons will also use their commercially reasonable efforts to be present, in person or by proxy, at all meetings of shareholders of the Issuer, so that all such shares may be counted for purposes of determining the presence of a quorum at all meetings of holders of shares of Common Stock of the Issuer.

For purposes of the Transaction Agreement, "Management Triggering Event" means the occurrence of either (i) the chairman/chief executive officer and the president/chief operating officer of

- 7 -

Monster as of the date of the Transaction Agreement collectively beneficially owning less than 750,000 Common Stock of the Issuer or (2) any date as of which neither the chairman/chief executive officer of Monster nor the president/chief operating officer of Monster, each as of the date of the Transaction Agreement, is then serving in a senior executive leadership position or as chairman of the Issuer's Board of Directors.

Under the Transaction Agreement, the Issuer granted the Reporting Persons certain preemptive rights, where, in the event that the Reporting Persons beneficially own at least 20% of the aggregate number of shares of Common Stock of the Issuer then-outstanding, if the Issuer engages in any transaction involving the direct or indirect sale or issuance by the Issuer of equity securities (subject to customary exceptions) and such sale or issuance would cause the Reporting Persons to beneficially own less than 20% of the aggregate number of shares of Common Stock outstanding immediately following such sale or issuance, the Reporting Persons will be afforded the opportunity to acquire from the Issuer, for the same price and on the same terms as such equity securities are offered, up to an amount necessary to enable the Reporting Persons to own 20% of the aggregate number of shares of Common Stock outstanding immediately following such sale or issuance.

As stockholders of the Issuer, the Reporting Persons expect that they will continuously monitor their investment in the Issuer. The Reporting Persons will, from time to time, review their investment in the shares of Common Stock and, to the extent permitted by the Transaction Agreement, may determine to acquire additional shares of Common Stock or to sell shares of Common Stock. In addition, subject to the provisions of the Transaction Agreement, the Reporting Persons from time to time may consider, evaluate and propose other possible transactions involving the Issuer or its subsidiaries.

Except as otherwise described herein, the Reporting Persons do not presently have any plans or proposals which relate to or would result in any of the events, actions or conditions specified in paragraphs (a) through (j) of Item 4 of Schedule 13D.
