Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Act). YES NO

The aggregate market value of the Common Stock held by non-affiliates of the registrant (based upon the last sale price of the Common Stock reported on the NASDAQ Capital Market as of the last business day of the registrant's most recently completed second fiscal quarter (June 30, 2011)), was \$3,641,491.

The number of shares of the registrant's outstanding Common Stock, as of March 13, 2012, was 22,103,176 shares.

Documents Incorporated by Reference: Definitive Proxy Statement to be filed pursuant to Regulation 14A of the Exchange Act on or before April 29, 2012 is incorporated by reference into Part III.

Special Note Regarding Forward-Looking Statements

Statements in this Annual Report on Form 10-K, as well as oral statements that may be made by the Company or by officers, directors or employees of the Company acting on the Company's behalf, that are not statements of historical or current fact constitute forward looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Such forward looking statements involve risks and uncertainties and known and unknown factors that could cause the actual results of the Company to be materially different from historical results or from any future results expressed or implied by such forward looking statements, including without limitation: changes in general economic and market conditions; changes and prospects for changes in interest rates; fluctuations in volume and prices of securities; demand for brokerage and investment banking services; competition within and without the discount brokerage business, including the offer of broader services; competition from electronic discount brokerage firms offering greater discounts on commissions than the Company; the prevalence of a flat fee environment; decline in participation in corporate or municipal finance underwritings; limited trading opportunities; the method of placing trades by the Company's customers; computer and telephone system failures; the level of spending by the Company on advertising and promotion; trading errors and the possibility of losses from customer non-payment of amounts due; other increases in expenses and changes in net capital or other regulatory requirements. We undertake no obligation to publicly release the results of any revisions to these forward-looking statements which may be made to reflect events or circumstances after the date when such statements were made or to reflect the occurrence of unanticipated events. An investment in us involves various risks, including those mentioned above and those which are detailed from time to time in our Securities and Exchange Commission filings.

PART I

Item 1. BUSINESS

General

Siebert Financial Corp. is a holding company that conducts its retail discount brokerage and investment banking business through its wholly-owned subsidiary, Muriel Siebert & Co., Inc., a Delaware corporation. Muriel F. Siebert, the first woman member of the New York Stock Exchange, is our Chairwoman, Chief Executive Officer and President and owns approximately 90% of our outstanding common stock, par value \$.01 per share (the Common Stock). For purposes of this Annual Report, the terms Siebert, Company, we, us and our refer to Siebert Financial Corp. and its consolidated subsidiaries, unless the context otherwise requires.

Our principal offices are located at 885 Third Avenue, New York, New York 10022, and our phone number is (212) 644-2400. Our Internet address is www.siebertnet.com. Our SEC filings are available through our website at www.siebertnet.com, where you are able to obtain copies of the Company's public filings free of charge. Our Common Stock trades on the NASDAQ Capital Market under the symbol SIEB.

Business Overview

Siebert's principal activity is providing Internet and traditional discount brokerage and related services to retail investors and, through its wholly owned subsidiary, Siebert Women's Financial Network, Inc. (WFN), providing products, services and information devoted to women's financial needs. Through its Capital Markets division, Siebert also offers institutional clients equity execution services on an agency basis, as well as equity and fixed income underwriting and investment banking services. We believe that we are the largest Woman-Owned Business Enterprise (WBE) in the capital markets business in the United States. In addition, Siebert, Brandford, Shank & Co., L.L.C. (SBS), a company in which Siebert holds a 49% ownership interest, is the largest Minority and Women's Business Enterprise (MWBE) in the tax-exempt underwriting business in the United States.

The Retail Division

Discount Brokerage and Related Services. Siebert became a discount broker on May 1, 1975. Siebert believes that it has been in business and a member of The New York Stock Exchange, Inc. (the NYSE) longer than any other discount broker. In 1998, Siebert began to offer its customers access to their accounts through SiebertNet, its Internet website. Siebert's focus in its discount brokerage business is to serve retail clients seeking a wide selection of quality investment services, including trading through a broker on the telephone, through a wireless device or via the Internet, at commissions that are substantially lower than those of full-commission firms. Siebert clears its securities transactions on a fully disclosed basis through National Financial Services Corp. (NFS), a wholly owned subsidiary of Fidelity Investments.

Siebert serves investors who make their own investment decisions. Siebert seeks to assist its customers in their investment decisions by offering a number of value added services, including easy access to account information. Siebert's representatives are available to assist customers with information via toll-free 800 service Monday through Friday between 7:30 a.m. and 7:30 p.m. Eastern Time. Through its SiebertNet, Mobile Broker, inter-active voice recognition and Siebert MarketPhone services, 24-hour access is available to customers.

Independent Retail Execution Services. Siebert and our clearing agent monitor order flow in an effort to ensure that we are getting the best possible trade executions for customers. Siebert does not make markets in securities, nor does it take positions against customer orders.

Siebert's equity orders are routed by its clearing agent in a manner intended to afford its customers the opportunity for price improvement on all orders. The firm also offers customers execution services through various electronic communication networks (ECNs) for an additional fee. These systems give customers access to numerous ECNs before and after regular market hours. Siebert believes that its over-the counter executions consistently afford its customers the opportunity for price improvement.

Customers may also indicate online interest in buying or selling fixed income securities, including municipal bonds, corporate bonds, mortgage-backed securities, government sponsored enterprises, unit investment trusts or certificates of deposit. These transactions are serviced by registered representatives.

Retail Customer Service. Siebert believes that superior customer service enhances its ability to compete with larger discount brokerage firms and therefore provides retail customers, at no additional charge, with personal service via toll-free access to dedicated customer support personnel for all of its products and services. Customer service personnel are located in each of Siebert's branch offices. Siebert has retail offices in New York, New York; Jersey City, New Jersey; Boca Raton, and West Palm Beach, Florida; and Beverly Hills, California. Siebert uses a proprietary Customer Relationship Management System that enables representatives, no matter where located, to view a customer's service requests and the response thereto. Siebert's telephone system permits the automatic routing of calls to the next available agent having the appropriate skill set.

Edgar Filing: SIEBERT FINANCIAL CORP - Form 10-K

Retirement Accounts. Siebert offers customers a variety of self-directed retirement accounts for which it acts as agent on all transactions. Custodial services are provided through an affiliate of NFS, the firm's clearing agent, which also serves as trustee for such accounts. Each IRA, SEP IRA, ROTH IRA, 401(k) and KEOGH account can be invested in mutual funds, stocks, bonds and other investments in a consolidated account.

Customer Financing. Customers margin accounts are carried through Siebert's clearing agent which lends customers a portion of the market value of certain securities held in the customer's account. Margin loans are collateralized by these securities. Customers also may sell securities short in a margin account, subject to minimum equity and applicable margin requirements, and the availability of such securities to be borrowed. In permitting customers to engage in margin, short sale or any other transaction, Siebert assumes the risk of its customers' failure to meet their obligations in the event of adverse changes in the market value of the securities positions. Both Siebert and its clearing agents reserve the right to set margin requirements higher than those established by the Federal Reserve Board.

Siebert has established policies with respect to maximum purchase commitments for new customers or customers with inadequate collateral to support a requested purchase. Managers have some flexibility in the allowance of certain transactions. When transactions occur outside normal guidelines, Siebert monitors accounts closely until their payment obligations are completed; if the customer does not meet the commitment, Siebert takes steps to close out the position and minimize any loss. Siebert has not had significant credit losses in the last five years.

Information and Communications Systems. Siebert relies heavily on the data technology platform provided by its clearing agent, NFS LLC (NFS). This platform offers an interface to NFS' main frame computing system where all customer account records are kept and is accessible by Siebert's network. Siebert's systems also utilize browser based access and other types of data communications. Siebert's representatives use NFS systems, by way of Siebert's technology platform, to perform daily operational functions which include trade entry, trade reporting, clearing related activities, risk management and account maintenance.

Siebert's data technology platform offers services used in direct relation to customer related activities as well as support for corporate use. Some of these services include email and messaging, market data systems and third party trading systems, business productivity tools and customer relationship management systems. Siebert's branch offices are connected to the main offices in New York, New York and Jersey City, New Jersey via a virtual private network. Siebert's data network is designed with redundancy in case a significant business disruption occurs.

Siebert's voice network offers a call center feature that can route and queue calls for certain departments within the organization. Additionally, the systems call manager offers reporting and tracking features which enable staff to determine how calls are being managed, such as time on hold, call duration and total calls by agent.

To ensure reliability and to conform to regulatory requirements related to business continuity, Siebert maintains backup systems and backup data. However, in the event of a wide-spread disruption, such as a massive natural disaster, Siebert's ability to satisfy the obligations to customers and other securities firms could be significantly hampered or completely disrupted. For more information regarding Siebert's Business Continuity Plan, please visit our website at www.siebertnet.com or write to us at Muriel Siebert & Co., Inc., Compliance Department, 885 Third Avenue, Suite 1720, New York, NY 10022.

Our website has design, navigation, and functionality features such as:

Informative trading screens: Customers can stay in touch while trading, double-check balances, positions and order status, see real time quotes, intraday and annual charts and news headlines automatically as they place orders.

Multiple orders: Customers can place as many as 10 orders at one time.

Tax-lot trading: Our online equity order entry screen allows customers to specify tax lots which display with cost basis and current gain/loss on a real-time positions page.

Trailing stop orders: Customers can enter an order that trails the market as a percentage of share price or with a flat dollar value and the system will execute their instructions automatically.

Contingent orders: Customers can place One-Triggers-Two Bracket and One-Cancels-Other Bracket orders.

Options Wizard and Strategy Builder: Customers can review single and complex options combinations and components of each along with profit/risk potential and impact of time. The Strategy Builder presents real-time debit/credit amounts, potential maximum gain/loss and potential breakeven points by strike price.

An easy-to-install desktop security program that may be installed to help protect against certain types of online fraud such as keylogging and phishing.

The Capital Markets Division

Siebert's Capital Markets Group (SCM) division serves as a co-manager, underwriting syndicate member, or selling group member on a wide spectrum of securities offerings for corporations and Federal agencies. The principal activities of the Capital Markets Division are investment banking and institutional equity execution services. SCM provides high-quality brokerage service to both institutional investors and issuers of equity and fixed-income securities.

Siebert, Brandford, Shank & Co., L.L.C.

Muriel Siebert & Co., Inc. (Siebert) owns 49% of Siebert, Brandford, Shank & Co., L.L.C. (SBS). The remaining 51% is owned by Napoleon Brandford III and Suzanne F. Shank. SBS has been serving the public sector and growing the firm since 1996. SBS provides municipal underwriting and financial advisory services to state and local governments across the nation for the funding of education, housing, health services, transportation, utilities, capital facilities, redevelopment and general infrastructure projects, serving important issuers across the nation. SBS has offices across the nation.

Effective April 19, 2005, Siebert Financial Corp. (SFC) entered into an Operating Agreement with Suzanne Shank and Napoleon Brandford III, the two individual principals (the Principals) of SBS Financial Products Company, LLC, a Delaware limited liability company (SBSFPC). Pursuant to the terms of the Operating Agreement, SFC and each of the Principals made an initial capital contribution of 33.33% initial interest in SBSFPC. SBSFPC engages in derivatives transactions related to the municipal underwriting business.

Certain risks are involved in the underwriting of securities. Underwriting syndicates agree to purchase securities at a discount from the initial public offering price. An underwriter is exposed to losses on the securities that it has committed to purchase if the securities must be sold below the cost to the syndicate. In the last several years, investment banking firms have increasingly underwritten corporate and municipal offerings with fewer syndicate participants or, in some cases, without an underwriting syndicate. In these cases, the underwriter assumes a larger part or all of the risk of an underwriting transaction. Under Federal securities laws, other laws and court decisions, an underwriter is exposed to substantial potential liability for material misstatements or omissions of fact in the prospectus used to describe the securities being offered.

Advertising, Marketing and Promotion

Siebert develops and maintains its retail customer base through printed advertising in financial publications, broadcast commercials over national and local cable TV channels, as well as promotional efforts and public appearances by Ms. Siebert. Additionally, a significant number of the firm's new accounts are developed directly from referrals by satisfied customers.

Competition

Siebert encounters significant competition from full-commission, online and discount brokerage firms, as well as from financial institutions, mutual fund sponsors and other organizations, many of which are significantly larger and better capitalized than Siebert. Although there has been consolidation in the industry in both the online and traditional brokerage business during recent years, Siebert believes that additional competitors such as banks, insurance companies, providers of online financial and information services and others will continue to be attracted to the online brokerage industry. Many of these competitors are larger, more diversified, have greater capital resources, and offer a wider range of services and financial products than Siebert. Some of these firms are offering their services over the Internet and have devoted more resources to and have more elaborate websites than Siebert. Siebert competes with a wide variety of vendors of financial services for the same customers. Siebert believes that its main competitive advantages are high quality customer service, responsiveness, cost and products offered, the breadth of product line and excellent executions.

Regulation

The securities industry in the United States is subject to extensive regulation under both Federal and state laws. The Securities and Exchange Commission (SEC) is the Federal agency charged with administration of the Federal securities laws. Siebert is registered as a broker-dealer with the SEC, and is a member of the New York Stock Exchange (NYSE) and the Financial Industry Regulatory Authority (FINRA). Much of the regulation of broker-dealers has been delegated to self-regulatory organizations, principally FINRA and national securities exchanges such as the NYSE, which is Siebert's primary regulator with respect to financial and operational compliance. These self-regulatory organizations adopt rules (subject to approval by the SEC) governing the industry and conduct periodic examinations of broker-dealers. Securities firms are also subject to regulation by state securities authorities in the states in which they do business. Siebert is registered as a broker-dealer in 50 states, the District of Columbia and Puerto Rico.

Edgar Filing: SIEBERT FINANCIAL CORP - Form 10-K

The principal purpose of regulation and discipline of broker-dealers is the protection of customers and the securities markets, rather than protection of creditors and stockholders of broker-dealers. The regulations to which broker-dealers are subject cover all aspects of the securities business, including training of personnel, sales methods, trading practices among broker-dealers, uses and safekeeping of customers' funds and securities, capital structure of securities firms, record keeping, fee arrangements, disclosure to clients, and the conduct of directors, officers and employees. Additional legislation, changes in rules promulgated by the SEC and by self-regulatory organizations or changes in the interpretation or enforcement of existing laws and rules may directly affect the method of operation and profitability of broker-dealers. The SEC, self-regulatory organizations and state securities authorities may conduct administrative proceedings which can result in censure, fine, cease and desist orders or suspension or expulsion of a broker-dealer, its officers or its employees.

As a registered broker-dealer and FINRA member organization, Siebert is required by Federal law to belong to the Securities Investor Protection Corporation (SIPC) which provides, in the event of the liquidation of a broker-dealer, protection for securities held in customer accounts held by the firm of up to \$500,000 per customer, subject to a limitation of \$250,000 on claims for cash balances. SIPC is funded through assessments on registered broker-dealers. In addition, Siebert, through its clearing agent, has purchased from private insurers additional account protection in the event of liquidation up to the net asset value, as defined, of each account. Stocks, bonds, mutual funds and money market funds are included at net asset value for purposes of SIPC protection and the additional protection. Neither SIPC protection nor the additional protection insures against fluctuations in the market value of securities.

Siebert is also authorized by the Municipal Securities Rulemaking Board to effect transactions in municipal securities on behalf of its customers and has obtained certain additional registrations with the SEC and state regulatory agencies necessary to permit it to engage in certain other activities incidental to its brokerage business.

Margin lending arranged by Siebert is subject to the margin rules of the Board of Governors of the Federal Reserve System and the NYSE. Under such rules, broker-dealers are limited in the amount they may lend in connection with certain purchases and short sales of securities and are also required to impose certain maintenance requirements on the amount of securities and cash held in margin accounts. In addition, those rules and rules of the Chicago Board Options Exchange govern the amount of margin customers must provide and maintain in writing uncovered options.

Net Capital Requirements

As a registered broker-dealer, Siebert is subject to the SEC's Uniform Net Capital Rule (Rule 15c3-1) (the "Net Capital Rule"), which has also been adopted by the NYSE. The Net Capital Rule specifies minimum net capital requirements for all registered broker-dealers and is designed to measure financial integrity and liquidity. Failure to maintain the required regulatory net capital may subject a firm to suspension or expulsion by the NYSE and FINRA, certain punitive actions by the SEC and other regulatory bodies and, ultimately, may require a firm's liquidation.

Regulatory net capital is defined as net worth (assets minus liabilities), plus qualifying subordinated borrowings, less certain deductions that result from excluding assets that are not readily convertible into cash and from conservatively valuing certain other assets. These deductions include charges that discount the value of security positions held by Siebert to reflect the possibility of adverse changes in market value prior to disposition.

The Net Capital Rule requires notice of equity capital withdrawals to be provided to the SEC prior to and subsequent to withdrawals exceeding certain sizes. The Net Capital Rule also allows the SEC, under limited circumstances, to restrict a broker-dealer from withdrawing equity capital for up to 20 business days. The Net Capital Rule of the NYSE also provides that equity capital may not be drawn or cash dividends paid if resulting net capital would be less than 5 percent of aggregate debits.

Under applicable regulations, Siebert is required to maintain regulatory net capital of at least \$250,000. At December 31, 2011 and 2010, Siebert had net capital of \$17.8 million and \$20.4 million, respectively. Siebert claims exemption from the reserve requirement under Section 15c3-3(k)(2)(ii).

Employees

As of March 14, 2012, we had approximately 62 full-time employees, six of whom were corporate officers. None of our employees is represented by a union, and we believe that relations with our employees are good.

Item 1A. RISK FACTORS

Securities market volatility and other securities industry risk could adversely affect our business

Most of our revenues are derived from our securities brokerage business. Like other businesses operating in the securities industry, our business is directly affected by volatile trading markets, fluctuations in the volume of market activity, economic and political conditions, upward and downward trends in business and finance at large, legislation and regulation affecting the national and international business and financial communities, currency values, inflation, market conditions, the availability and cost of short-term or long-term funding and capital, the credit capacity or perceived credit-worthiness of the securities industry in the marketplace and the level and volatility of interest rates. We also face risks relating to trading losses, losses resulting from the ownership or underwriting of securities, counterparty failure to meet commitments, customer fraud, employee fraud, issuer fraud, errors and misconduct, failures in connection with the processing of securities transactions and litigation. A reduction in our revenues or a loss resulting from our underwriting or ownership of securities or sales or trading of securities could have a material adverse effect on our business, results of operations and financial condition. In addition, as a result of these risks, our revenues and operating results may be subject to significant fluctuations from quarter to quarter and from year to year.

Lower price levels in the securities markets may reduce our profitability.

Lower price levels of securities may result in (i) reduced volumes of securities, options and futures transactions, with a consequent reduction in our commission revenues, and (ii) losses from declines in the market value of securities we held in investment and underwriting positions. In periods of low volume, our levels of profitability are further adversely affected because certain of our expenses remain relatively fixed. Sudden sharp declines in market values of securities and the failure of issuers and counterparties to perform their obligations can result in illiquid markets which, in turn, may result in our having difficulty selling securities. Such negative market conditions, if prolonged, may also lower our revenues from investment banking and other activities. A reduction in our revenues from investment banking or other activities could have a material adverse affect on our business, results of operations and financial condition.

There is intense competition in the brokerage industry.

Siebert encounters significant competition from full-commission, online and other discount brokerage firms, as well as from financial institutions, mutual fund sponsors and other organizations many of which are significantly larger and better capitalized than Siebert. SBS also encounters significant competition from firms engaged in the municipal finance business. Over the past several years, price wars and lower commission rates in the discount brokerage business in general have strengthened our competitors. Siebert believes that such changes in the industry will continue to strengthen existing competitors and attract additional competitors such as banks, insurance companies, providers of online financial and information services, and others. Many of these competitors are larger, more diversified, have greater capital resources, and offer a wider range of services and financial products than Siebert. Siebert competes with a wide variety of vendors of financial services for the same customers. Siebert may not be able to compete effectively with current or future competitors.

Some competitors in the discount brokerage business offer services which we do not, including financial advice and investment management. In addition, some competitors have continued to offer lower flat rate execution fees that are difficult for any conventional discount firm to meet. Industry-wide changes in trading practices are expected to cause continuing pressure on fees earned by discount brokers for the sale of order flow. Many of the flat fee brokers impose charges for services such as mailing, transfers and handling exchanges which Siebert does not and also direct their execution to captive market makers. Continued or increased competition from ultra low cost, flat fee brokers and broader service offerings from other discount brokers could limit our growth or lead to a decline in Siebert's customer base which would adversely affect our business, results of operations and financial condition.

We are subject to extensive government regulation.

Our business is subject to extensive regulation in the United States, at both the Federal and state level. We are also subject to regulation by self-regulatory organizations and other regulatory bodies in the United States, such as the SEC, the NYSE, FINRA and the Municipal Securities Rulemaking Board (the MSRB). We are registered as a broker-dealer in 50 states, the District of Columbia and Puerto Rico. The regulations to which we are subject as a broker-dealer cover all aspects of the securities business including: training of personnel, sales methods, trading practices, uses and safe keeping of customers' funds and securities, capital structure, record keeping, fee arrangements, disclosure and the conduct of directors, officers and employees. Failure to comply with any of these laws, rules or regulations, which may be subject to the uncertainties of interpretation, could result in civil penalties, fines, suspension or expulsion and have a material adverse effect on our business, results of operations and financial condition.

Edgar Filing: SIEBERT FINANCIAL CORP - Form 10-K

The laws, rules and regulations, as well as governmental policies and accounting principles, governing our business and the financial services and banking industries generally have changed significantly over recent years and are expected to continue to do so. We cannot predict which changes in laws, rules, regulations, governmental policies or accounting principles will be adopted. Any changes in the laws, rules, regulations, governmental policies or accounting principles relating to our business could materially and adversely affect our business, results of operations and financial condition.

We are subject to net capital requirements.

The SEC, FINRA, and various other securities and commodities exchanges and other regulatory bodies in the United States have rules with respect to net capital requirements which affect us. These rules have the effect of requiring that at least a substantial portion of a broker-dealer's assets be kept in cash or highly liquid investments. Our compliance with the net capital requirements could limit operations that require intensive use of capital, such as underwriting or trading activities. These rules could also restrict our ability to withdraw our capital, even in circumstances where we have more than the minimum amount of required capital, which, in turn, could limit our ability to implement growth strategies. In addition, a change in such rules, or the imposition of new rules, affecting the scope, coverage, calculation or amount of such net capital requirements, or a significant operating loss or any unusually large charge against net capital, could have similar adverse effects.

Our customers may fail to pay us.

A principal credit risk to which we are exposed on a regular basis is that our customers may fail to pay for their purchases or fail to maintain the minimum required collateral for amounts borrowed against securities positions maintained by them. We cannot assure you that the policies and procedures we have established will be adequate to prevent a significant credit loss.

We face risks relating to our investment banking activities.

Certain risks are involved in the underwriting of securities. Investment banking and underwriting syndicates agree to purchase securities at a discount from the public offering price. If the securities must be sold below the syndicate cost, an underwriter is exposed to losses on the securities that it has committed to purchase. In the last several years, investment banking firms increasingly have underwritten corporate and municipal offerings with fewer syndicate participants or, in some cases, without an underwriting syndicate. In these cases, the underwriter assumes a larger part or all of the risk of an underwriting transaction.

Under Federal securities laws, other laws and court decisions, an underwriter is exposed to substantial potential liability for material misstatements or omissions of fact in the prospectus used to describe the securities being offered. While municipal securities are exempt from the registration requirements of the Securities Act of 1933, underwriters of municipal securities are exposed to substantial potential liability for material misstatements or omissions of fact in the offering documents prepared for these offerings.

An increase in volume on our systems or other events could cause them to malfunction.

During 2011, we received and processed up to 60% of our trade orders electronically. This method of trading is heavily dependent on the integrity of the electronic systems supporting it. While we have never experienced a significant failure of our trading systems, heavy stress placed on our systems during peak trading times could cause our systems to operate at unacceptably low speeds or fail altogether. Any significant degradation or failure of our systems or the systems of third parties involved in the trading process (e.g., online and Internet service providers, record keeping and data processing functions performed by third parties, and third party software), even for a short time, could cause customers to suffer delays in trading. These delays could cause substantial losses for customers and could subject us to claims from these customers for losses. There can be no assurance that our network structure will operate appropriately in the event of a subsystem, component or software failure. In addition, we cannot assure you that we will be able to prevent an extended systems failure in the event of a power or telecommunications failure, an earthquake, terrorist attack, fire or any act of God. Any systems failure that causes interruptions in our operations could have a material adverse effect on our business, financial condition and operating results.

We rely on information processing and communications systems to process and record our transactions.

Our operations rely heavily on information processing and communications systems. Our system for processing securities transactions is highly automated. Failure of our information processing or communications systems for a significant period of time could limit our ability to process a large volume of transactions accurately and rapidly. This could cause us to be unable to satisfy our obligations to customers and other securities firms, and could result in regulatory violations. External events, such as an earthquake, terrorist attack or power failure, loss of external information feeds, such as security price information, as well as internal malfunctions such as those that could occur during the implementation of system modifications, could render part or all of these systems inoperative.

We may not be able to keep up pace with continuing changes in technology.

Our market is characterized by rapidly changing technology. To be successful, we must adapt to this rapidly changing environment by continually improving the performance, features and reliability of our services. We could incur substantial costs if we need to modify our services or infrastructure or adapt our technology to respond to these changes. A delay or failure to address technological advances and developments or an increase in costs resulting from these changes could have a material and adverse effect on our business, financial condition and results of operations.

We depend on our ability to attract and retain key personnel.

Our continued success is principally dependent on our founder, Muriel F. Siebert, Chairwoman, Chief Executive Officer and President, and our senior management. In addition, the continued success of SBS may be dependent on the services of Napoleon Brandford III and Suzanne Shank. The loss of the services of any of these individuals could significantly harm our business, financial condition and operating results.

Our principal shareholder may control many key decisions.

Ms. Muriel F. Siebert currently owns approximately 90% of our outstanding common stock. Ms. Siebert will have the power to elect the entire Board of Directors and, except as otherwise provided by law or our Certificate of Incorporation or by-laws, to approve any action requiring shareholder approval without a shareholders meeting.

There may be no public market for our common stock.

Only approximately 2,200,000 shares, or approximately 10% of our shares outstanding, are currently held by the public. Although our common stock is traded in The NASDAQ Capital Market, there can be no assurance that an active public market will continue.

Item 1B. UNRESOLVED STAFF COMMENTS

Not applicable.

Item 2. PROPERTIES

Siebert currently maintains five retail discount brokerage offices. Customers can visit the offices to obtain market information, place orders, open accounts, deliver and receive checks and securities, and obtain related customer services in person. Nevertheless, most of Siebert's activities are conducted on the Internet or by telephone and mail.

Edgar Filing: SIEBERT FINANCIAL CORP - Form 10-K

Siebert operates its business out of the following five leased offices:

Location	Approximate Office Area in Square Feet	Expiration Date of Current Lease	Renewal Terms
<u>Corporate Headquarters, Retail and Investment Banking Office</u>			
885 Third Ave. New York, NY 10022	8,514	1/14/13	None
<u>Retail Offices</u>			
9701 Wilshire Boulevard, Suite 1111 Beverly Hills, CA 90212	1,189	Month to Month	None
4400 North Federal Highway Boca Raton, FL 33431	2,438	Month to Month	None
111 Pavonia Avenue ⁽¹⁾ Jersey City, NJ 07310	8,141	6/30/12	None
1217 South Flagler Drive, 3 rd Floor West Palm Beach, FL 33401	3,000	9/30/12	None

- (1) Certain of our administrative and back office functions are performed at this location. We believe that our properties are in good condition and are suitable for our operations.

Item 3. LEGAL PROCEEDINGS

In a prior year, Siebert had been named as one of the defendants in a class action pending in the United States District Court, Southern District of New York. Among other claims, the third amended complaint in the action asserted on behalf of a class of purchases in a public offering of \$1,500,000,000, 6.75% Subordinated Notes due 2017 (the "Notes"), issued by Lehman Brothers Holdings, Inc., (LBHI) and certain smaller issuances of other securities that Siebert and other underwriters of the Notes violated Section 11 of the Securities Act of 1933, and other applicable law in that relevant offering materials were false and misleading. Siebert had purchased \$15 million of the Notes and \$462,953 of other securities as an underwriter in the offerings. Siebert and other underwriters moved to dismiss the third amended complaint on various grounds. The Court granted in part and denied in part the motion by an order dated July 27, 2011. On November 3, 2011, Siebert and the plaintiffs class agreed to resolve all claims against Siebert in consideration of a \$1 million payment by Siebert. The settlement is subject to court approval. As certain defendants did not agree to a settlement, additional liability to the Company is possible. At present, we are uncertain as to the potential liability, if any, in connection with the non-settling defendants.

Siebert is party to certain claims, suits and complaints arising in the ordinary course of business including individual actions related to various offerings of notes by LBHI. In the opinion of management, all such claims, suits and complaints are without merit, or involve amounts which would not have a significant effect on the financial position or results of operations of the Company.

Item 4. MINE SAFETY DISCLOSURES

Not applicable

PART II**Item 5. MARKET FOR REGISTRANT'S COMMON EQUITY, RELATED STOCKHOLDER MATTERS AND ISSUER PURCHASES OF EQUITY SECURITIES**

Our common stock traded on the NASDAQ Global Market until June 29, 2011 when our common stock started trading on the NASDAQ Capital Market, under the symbol SIEB. The high and low sales prices of our common stock reported by NASDAQ during the following calendar quarters were:

	High	Low
First Quarter - 2010	\$ 2.49	\$ 2.25
Second Quarter - 2010	\$ 2.37	\$ 2.12
Third Quarter - 2010	\$ 2.20	\$ 1.31
Fourth Quarter - 2010	\$ 2.49	\$ 1.59
First Quarter 2011	\$ 1.99	\$ 1.70
Second Quarter 2011	\$ 1.94	\$ 1.52
Third Quarter 2011	\$ 1.84	\$ 1.26
Fourth Quarter 2011	\$ 1.69	\$ 1.32

On March 14, 2012, the closing price of our common stock on the NASDAQ Capital Market was \$1.77 per share. There were 130 holders of record of our common stock and more than 1,500 beneficial owners of our common stock on March 14, 2012.

On January 4, 2011, we received notice from The NASDAQ Stock Market stating that for more than 30 consecutive business days, the market value of publicly held shares closed below the minimum \$5 million required for continued listing on The NASDAQ Global Market under NASDAQ Rule 5450(b)(1)(C). Market value of publicly held shares is calculated by multiplying the publicly held shares, which is total shares outstanding less any shares held by officers, directors, or beneficial owners of more than 10%, by the closing bid price. Ms. Muriel F. Siebert owns approximately 90% of our outstanding common stock. The value of shares beneficially owned by Ms. Siebert, and the value of shares beneficially owned by other officers and directors of the Company, is therefore excluded from the market value of publicly held shares of the Company.

NASDAQ Rule 5810(c)(3)(D) provided the Company a grace period of 180 calendar days, or until July 5, 2011, to regain compliance with The NASDAQ Stock Market requirement. As the market value of publicly held shares did not reach the required value during the grace period, our common stock was transferred to the NASDAQ Capital Market on June 29, 2011.

Dividend Policy

Our Board of Directors periodically considers whether to declare dividends. In considering whether to pay such dividends, our Board of Directors will review our earnings capital requirements, economic forecasts and such other factors as are deemed relevant. Some portion of our earnings will be retained to provide capital for the operation and expansion of our business.

Issuer Purchases Of Equity Securities

On January 23, 2008, our Board of Directors authorized the repurchase of up to 300,000 shares of our common stock. We will purchase shares from time to time, in our discretion, in the open market and in private transactions. We purchased 1,018 shares at an average price of \$1.51 in the fourth quarter of 2011.

Edgar Filing: SIEBERT FINANCIAL CORP - Form 10-K

A summary of our repurchase activity for the three months ended December 31, 2011 is as follows:

Period	Total Number Of Shares Purchased	Average Price Paid Per Share	Cumulative Number of Shares Purchased as Part of Publicly Announced Plans	Maximum Number of Shares That May Yet Be Purchased Under The Plan
October 2011	231	\$ 1.62	107,977	192,023
November 2011		\$	107,977	192,023
December 2011	787	\$ 1.47	108,764	191,236
Total	1,018	\$ 1.51	108,764	191,236

Equity Compensation Plan Information

The following table sets forth information as of December 31, 2011 with respect to our equity compensation plans.

Plan Category	Number of Securities to be issued upon exercise of outstanding options, warrants and rights	Weighted- average exercise price of outstanding options, warrants and rights	Number of Securities remaining available for issuance under equity compensation plans (excluding securities reflected in column (a))
	(a)	(b)	(c)
Equity compensation plans approved by security holders ⁽¹⁾	1,228,200	\$ 3.88	1,700,000
Equity compensation plans not approved by security holders ⁽²⁾	41,400		
Total	1,269,600	\$ 3.88	1,700,000

(1) Consists of our 2007 Long-Term Incentive Plan.

(2) Consists of our 1998 Restricted Stock Award Plan.

Material Terms of the 1998 Restricted Stock Award Plan

Our 1998 Restricted Stock Award Plan provides for awards to key employees of not more than an aggregate of 60,000 shares of our common stock, subject to adjustments for stock splits, stock dividends and other changes in our capitalization, to be issued either immediately after the award or at a future date. As of December 31, 2011, 41,400 shares of our common stock under the Restricted Stock Award Plan had been awarded and were outstanding. As provided in the plan and subject to restrictions, shares awarded may not be disposed of by the recipients for a period of one year from the date of the award. Cash dividends on shares awarded are held by us for the benefit of the recipients, subject to the same restrictions as the award. These dividends, without interest, are paid to the recipients upon lapse of the restrictions.

Our Performance:

The graph below compares our performance from December 31, 2006 through December 31, 2011 against the performance of the NASDAQ Composite Index and a peer group. The peer group consists of A.B. Watley Group Inc., Ameritrade Holding Corporation, E*Trade Financial Corporation and The Charles Schwab Corporation.

COMPARISON OF 5 YEAR CUMULATIVE TOTAL RETURN*
Among Siebert Financial Corp., the NASDAQ Composite Index, and a Peer Group

*\$100 invested on 12/31/06 in stock or index, including reinvestment of dividends.
Fiscal year ending December 31.

Item 6. SELECTED FINANCIAL DATA

(In thousands except share and per share data)

The Following Selected Financial Information Should Be Read In Conjunction With Our Consolidated Financial Statements And The Related Notes Thereto.

	2011	2010	2009	2008	2007
Income statement data:					
Total Revenues	\$ 20,199	\$ 20,770	\$ 25,390	\$ 29,750	\$ 31,890
Net (loss) income	\$ (5,379)	\$ (2,640)	\$ (1,183)	\$ (1,760)	\$ 2,258
Net (loss) income per share of common stock					
Basic	\$ (0.24)	\$ (0.12)	\$ (0.05)	\$ (0.08)	\$ 0.10
Diluted	\$ (0.24)	\$ (0.12)	\$ (0.05)	\$ (0.08)	\$ 0.10
Weighted average shares outstanding					
(basic)	22,114,121	22,167,218	22,193,845	22,208,372	22,206,346
(diluted)	22,114,121	22,167,218	22,193,845	22,208,372	22,273,550
Statement of financial condition data (at year- end):					
Total assets	\$ 34,823	\$ 40,103	\$ 44,083	\$ 45,579	\$ 47,924
Total liabilities excluding subordinated borrowings	\$ 3,599	\$ 3,477	\$ 4,695	\$ 4,995	\$ 5,704
Stockholders' equity	\$ 31,224	\$ 36,626	\$ 39,388	\$ 40,584	\$ 42,220
Cash dividends declared on common shares (1)	\$ 0	\$ 0	\$ 0	\$ 466	\$ 559

- (1) The Chief Executive Officer of the Company waived the right to receive the dividend in excess of the aggregate amount paid to other shareholders

Item 7. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

This discussion should be read in conjunction with our audited Consolidated Financial Statements and the Notes thereto contained elsewhere in this Annual Report.

Our working capital is invested primarily in money market funds, so that liquidity has not been materially affected. The crisis did have the effect of reducing participation in the securities market by our retail and institutional customers, which has had an adverse effect on our revenues. Income of our affiliate, Siebert, Brandford, Shank & Co., L.L.C. (SBS), decreased in 2011 to \$17,000 as a result of a sharp decline in the number of offerings by municipalities due to investor concerns over defaults by municipalities at the state and local level and the expiration of the Build America Bonds program. As a result, the Company's income from SBS decreased in 2011 to \$8,000. The Company's expenses during 2011, 2010 and 2009 include the costs of an arbitration proceeding commenced by a former employee following the termination of his employment, which remains unresolved. The Company believes that the action is without merit, but the costs of defense, which are included as professional expenses, have adversely affected the Company's results of operations and may continue to affect the results of operations until the action is completed. Competition in the brokerage industry remains intense.

The following table sets forth certain metrics as of December 31, 2011 and 2010 and for the twelve months ended December 31, 2011 and 2010, respectively, which we use in evaluating our business.

Retail Customer Activity:	For the Twelve Months ended December 31,	
	2011	2010
Total retail trades:	423,501	414,485
Average commission per retail trade:	\$ 20.71	\$ 20.92

	As of December 31,	
	2011	2010
Retail customer balances:		
Retail customer net worth (in billions):	\$ 6.3	\$ 6.7
Retail customer money market fund value (in billions):	\$ 1.0	\$ 1.0
Retail customer margin debit balances (in millions):	\$ 243.5	\$ 204.8
Retail customer accounts with positions:	44,834	49,296

Description:

Total retail trades represents retail trades that generate commissions.

Average commission per retail trade represents the average commission generated for all types of retail customer trades.

Retail customer net worth represents the total value of securities and cash in the retail customer accounts before deducting margin debits.

Retail customer money market fund value represents all retail customers accounts invested in money market funds.

Retail customer margin debit balances represents credit extended to our customers to finance their purchases against current positions.

Retail customer accounts with positions represents retail customers with cash and/or securities in their accounts.

We, like other securities firms, are directly affected by general economic and market conditions including fluctuations in volume and prices of securities, changes and the prospect of changes in interest rates, and demand for brokerage and investment banking services, all of which can affect our profitability. In addition, in periods of reduced financial market activity, profitability is likely to be adversely affected because certain expenses remain relatively fixed, including salaries and related costs, portions of communications costs and occupancy expenses. Accordingly, earnings for any period should not be considered representative of earnings to be expected for any other period.

Competition continues to intensify among all types of brokerage firms, including established discount brokers and new firms entering the on-line brokerage business. Electronic trading continues to account for an increasing amount of trading activity, with some firms charging very low trading execution fees that are difficult for any conventional discount firm to meet. Some of these brokers, however, impose asset based charges for services such as mailing, transfers and handling exchanges which we do not currently impose, and also direct their orders to market makers where they have a financial interest. Continued competition could limit our growth or even lead to a decline in our customer base, which would adversely affect our results of operations. Industry-wide changes in trading practices, such as the continued use of Electronic Communications Networks, are expected to put continuing pressure on commissions/fees earned by brokers while increasing volatility.

We are a party to an Operating Agreement (the "Operating Agreement"), with Suzanne Shank and Napoleon Brandford III, the two individual principals (the "Principals") of SBS Financial Products Company, LLC, a Delaware limited liability company ("SBSFPC"). Pursuant to the terms of the Operating Agreement, the Company and each of the Principals made an initial capital contribution of \$400,000 in exchange for a 33.33% initial interest in SBSFPC. SBSFPC engages in derivatives transactions related to the municipal underwriting business. The Operating Agreement provides that profit and loss will be shared 66.66% by the Principals and 33.33% by us. Operations from SBSFPC is considered to be integral to our operations.

On January 23, 2008, our Board of Directors authorized a buy back of up to 300,000 shares of our common stock. Under this program, shares are purchased from time to time, at our discretion, in the open market and in private transactions. During 2011 we repurchased 17,179 shares of common stock for an average price of \$1.68.

Critical Accounting Policies

We generally follow accounting policies standard in the brokerage industry and believe that our policies appropriately reflect our financial position and results of operations. Our management makes significant estimates that affect the reported amounts of assets, liabilities, revenues and expenses and the related disclosure of contingent assets and liabilities included in the financial statements. The estimates relate primarily to revenue and expense items in the normal course of business as to which we receive no confirmations, invoices, or other documentation, at the time the books are closed for a period. We use our best judgment, based on our knowledge of revenue transactions and expenses incurred, to estimate the amount of such revenue and expenses. We are not aware of any material differences between the estimates used in closing our books for the last five years and the actual amounts of revenue and expenses incurred when we subsequently receive the actual confirmations, invoices or other documentation. Estimates are also used in determining the useful lives of intangibles assets, and the fair market value of intangible assets. Our management believes that its estimates are reasonable.

Results of Operations

Year Ended December 31, 2011 Compared To Year Ended December 31, 2010

Revenues. Total revenues for 2011 were \$20.2 million, a decrease of \$571,000, or 2.8%, from 2010. Commission and fee income decreased \$2.8 million, or 16.5%, from the prior year to \$14.3 million primarily due to recording \$3 million as commission and fee income as part of our negotiations with our primary clearing firm for a three year Fully disclosed Clearing Agreement in the second quarter of 2010.

Investment banking revenues increased \$1.6 million, or 69.8%, from the prior year to \$3.8 million in 2011 due to our participation in more new issues in the equity and debt capital markets.

Trading profits increased \$768,000, or 62.1%, from the prior year to \$2.0 million primarily due to an increase in trading volume primarily in the debt markets and the addition of debt sales-traders in the first quarter of 2011.

Income from interest and dividends decreased \$72,000, or 47.7%, from the prior year to \$79,000 primarily due to lower yields on investments in money market funds and lower cash balances and interest earned in 2010 for a subordinated loan that was provided to an affiliate.

Expenses. Total expenses for 2011 were \$25.6 million, a decrease of \$295,000, or 1.1%, from the prior year.

Employee compensation and benefit costs increased \$804,000, or 8.8%, from the prior year to \$10.0 million. This increase was due to increases in commissions paid based on production and the cost of health insurance offset by an across the board reduction in headcount.

Clearing and floor brokerage fees decreased \$297,000, or 9.5%, from the prior year to \$2.8 million primarily due to the execution of a Fully Disclosed Clearing Agreement with our primary clearing firm in the second quarter of 2010 which reduced our fees for clearing costs.

Professional fees decreased \$1.5 million, or 22.4% from the prior year to \$5.1 million in 2011 primarily due to a decrease in legal fees relating to a dispute with a former employee and consulting fees relating to Sarbanes-Oxley compliance offset by an increase in consulting fees relating to commission recapture business.

Advertising and promotion expense increased \$2,000, or 0.5%, from the prior year to \$402,000 due to an increase in online advertising.

Communications expense decreased \$215,000, or 9.1%, from the prior year to \$2.1 million primarily due to a decrease in hosting and communication costs associated with our website.

Occupancy costs decreased \$179,000, or 14.1%, from the prior year to \$1.1 million due to a decrease in rents in the New York and New Jersey offices and the closing of our Boston office in 2010.

Impairment of intangibles were the result of the Company writing down the carrying value of its unamortized intangible assets to fair value and recording a related impairment loss in 2010.

Other general and administrative expenses increased \$200,000, or 7.0%, from the prior year to \$3.1 million primarily due to a reserve accrued for relating to any additional loss due to settlement of litigation offset by a decrease in office expense, placement fees, depreciation, registration fees, travel and entertainment, supplies and transportation.

Provision for loss related to settlement of litigation for the year ended December 31, 2011 amounted to \$1 million. In a prior year, Siebert had been named as one of the defendants in a class action pending in the United States District Court, Southern District of New York. Among other claims, the third amended complaint in the action asserted on behalf of a class of purchasers in a public offering of \$1,500,000,000, 6.75% Subordinated Notes due 2017 (the Notes), issued by Lehman Brothers Holdings, Inc., and certain smaller issuances of other securities that Siebert and other underwriters of the Notes violated Section 11 of the Securities Act of 1933 and other applicable law in that relevant offering materials were false and misleading. Siebert had purchased \$15 million of the Notes and \$462,953 of other securities as an underwriter in the offerings. Siebert and the other underwriters moved to dismiss the third amended complaint on various grounds. The Court granted in part and denied in part the motion by an order dated July 27, 2011. On November 3, 2011, Siebert and the plaintiffs class agreed to resolve all claims against Siebert in consideration of a \$1 million payment by Siebert. The settlement is subject to court approval. As of December 31, 2011, the Company had accrued a \$1 million provision for loss to reflect the settlement. As certain defendants did not agree to a settlement, additional liability to the Company is possible. At present, we are uncertain as to the potential liability, if any, in connection with the non-settling defendants.

Edgar Filing: SIEBERT FINANCIAL CORP - Form 10-K

Income from our equity investment in Siebert, Brandford, Shank & Co., L.L.C., an entity in which Siebert holds a 49% equity interest (SBS), for 2011 was \$8,000 compared to income of \$4.1 million for 2010, a decrease of \$4.0 million, primarily due to SBS participating in fewer municipal bond offerings as senior- and co-manager. This decrease was attributable to a sharp decline in the number of offerings by municipalities due to investor concerns over defaults by municipalities at the state and local level and the expiration of the Build America Bonds program. Income from our equity investment in SBS

- 16 -

Edgar Filing: SIEBERT FINANCIAL CORP - Form 10-K

Financial Products Company, LLC, an entity in which we hold a 33% equity interest (SBSFPC), for 2011 was \$21,000 as compared to a loss of \$24,000 from the same period in 2010. This increase was principally due to a gain recorded by SBSFPC on termination of a swap position. Results of operations of equity investees is considered to be integral to our operations and material to the results of operations.

Taxes. The tax provision for the year ended December 31, 2011 and 2010 was \$23,000 and \$1.6 million, respectively. The tax provision for 2011 of \$23,000 represents various minimum state income taxes. The Company increased its valuation allowance in 2011 by \$2.2 million to fully offset any tax benefit resulting from the 2011 loss before benefit of \$5.4 million. The tax provision for the year ended December 31, 2010 was incurred due to the recording of a full valuation allowance on deferred taxes of \$2.1 million based on recent losses and the likelihood of realization.

Year Ended December 31, 2010 Compared To Year Ended December 31, 2009

Revenues. Total revenues for 2010 were \$20.8 million, a decrease of \$4.6 million, or 18.2%, from 2009. Commission and fee income decreased \$1.1 million, or 6.0%, from the prior year to \$17.1 million due to a decrease in revenues from institutional trading, commission recapture and retail customer trading. Institutional equity trading decreased due to a reduction of institutional customers participating in fewer buyback programs and an overall decrease in institutional customer transactions. Retail customer volumes decreased as well as the average retail commission charged per trade due to price compression to maintain and attract new retail customers offset by an increase in fees from margin debits due to increased customer margin debits balances and 12b-1 fees and due to recording \$3 million as commission and fee income as part of our negotiations with our primary clearing firm for a three year Fully Disclosed Clearing Agreement in the second quarter of 2010.

Investment banking revenues decreased \$3.2 million, or 58.5%, from the prior year to \$2.2 million in 2010 due to our participation in fewer new issues in the equity and debt capital markets and the loss of a debt investment banker.

Trading profits decreased \$399,000, or 24.4%, from the prior year to \$1.2 million primarily due to the loss of a debt sales-trader and an overall decrease in customer trading volume in the debt markets.

Income from interest and dividends increased \$28,000, or 22.8%, from the prior year to \$151,000 primarily due to slightly higher yields on investments in money market funds.

Expenses. Total expenses for 2010 were \$25.9 million, a decrease of \$6.2 million, or 19.4%, from the prior year.

Employee compensation and benefit costs decreased \$3.0 million, or 24.8%, from the prior year to \$9.2 million. This decrease was due to decreases in commissions paid based on production, a reduction in headcount for registered representatives and staff and the elimination of the staff bonus program.

Clearing and floor brokerage fees decreased \$2.4 million, or 43.4%, from the prior year to \$3.1 million primarily due to the execution of a Fully Disclosed Clearing Agreement with our primary clearing firm in the second quarter of 2010 which reduced our fees for clearing costs as well as a decrease in volume of trade executions for retail customers and a decrease in execution charges for institutional debt and equity customers.

Professional fees decreased \$209,000, or 3.1%, from the prior year to \$6.5 million primarily due to a decrease in consulting fees relating to the commission recapture business and Sarbanes-Oxley compliance.

Advertising and promotion expense decreased \$413,000, or 50.8%, from the prior year to \$400,000 primarily due to a decrease in print advertising, production and airing of television commercials in the Florida region.

Communications expense decreased \$247,000, or 9.5%, from the prior year to \$2.4 million primarily due to a decrease in hosting and communication costs associated with our website.

Occupancy costs decreased \$5,000 from the prior year to \$1.3 million due to a decrease in rents in the New Jersey office and electric costs offset by an increase in rents in our Florida branches.

Impairment of intangibles were the result of the Company writing down the carrying value of its unamortized intangible assets to fair value and recorded a related impairment loss in 2010.

Other general and administrative expenses decreased \$75,000, or 2.6%, from the prior year to \$2.9 million primarily due to an increase in office expense, computer costs, placement fees, depreciation, registration fees and dues relating to the Securities Investor Protection Corporation offset by decreases in travel and entertainment, supplies and transportation.

Edgar Filing: SIEBERT FINANCIAL CORP - Form 10-K

Income from our equity investment in Siebert, Brandford, Shank & Co., L.L.C., an entity in which Siebert holds a 49% equity interest (SBS), for 2010 was \$4.1 million compared to income of \$4.3 million for 2009, a decrease of \$185,000, or 4.3%, primarily due to increased employee compensation offset by increased revenues as SBS participated in more and larger municipal bond offerings as senior- and co-manager. Loss from our equity investment in SBS Financial Products Company, LLC, an entity in

- 17 -

Edgar Filing: SIEBERT FINANCIAL CORP - Form 10-K

which we hold a 33% equity interest (SBSFPC), for 2010 was \$24,000 as compared to a loss of \$63,000 from the same period in 2009. This decrease was due to a change in mark to market loss in positions in 2010. Results of operations of equity investees is considered to be integral to our operations and material to the results of operations.

Taxes. The tax provision for the year ended December 31, 2010 was \$1.6 million and a tax benefit for the year ended December 31, 2009 was \$1.3 million. The tax provision for the year ended December 31, 2010 was incurred due to the recording of a full valuation allowance on deferred taxes of \$2,140,000 based on recent losses and the likelihood of realization. The tax benefit for the year ended December 31, 2009 was due to our loss before benefit of \$2.5 million. Such benefits represented effective tax rates of 53% in 2009, primarily due to the recording of a tax benefit of \$330,000 for the adjustment of prior year accruals.

Liquidity and Capital Resources

Our assets are highly liquid, consisting generally of cash, money market funds, municipal securities and securities freely saleable in the open market. Our total assets at December 31, 2011 were \$35 million, of which we regarded \$22.2 million, or 64%, as highly liquid.

Siebert is subject to the net capital requirements of the SEC, the NYSE and other regulatory authorities. At December 31, 2011, Siebert's regulatory net capital was \$17.8 million, which was \$17.6 million in excess of its minimum capital requirement of \$250,000.

Siebert has entered into a Secured Demand Note Collateral Agreement with SBS under which it is obligated to loan to SBS up to \$1.2 million on a subordinated basis collateralized by cash equivalents of approximately \$1.5 million as of December 31, 2011. Amounts obligated to be loaned by Siebert under the facility are reflected on our balance sheet as cash equivalents - restricted. SBS pays Siebert interest on this amount at the rate of 4% per annum. The facility expires on August 31, 2013 at which time SBS is obligated to repay to Siebert any amounts borrowed by SBS thereunder.

Contractual Obligations

Below is a table that presents our obligations and commitments at December 31, 2011:

Contractual Obligations	Total	Payment Due By Period			
		Less Than 1 Year	1-3 Years	3-5 Years	More Than Five Years
Operating lease obligations	\$ 710,000	\$ 642,000	\$ 68,000	\$ 0	\$ 0
Off-Balance Sheet Arrangements					

Retail customer transactions are cleared through clearing brokers on a fully disclosed basis. If customers do not fulfill their contractual obligations, the clearing broker may charge Siebert for any loss incurred in connection with the purchase or sale of securities at prevailing market prices to satisfy the customer obligations. Siebert regularly monitors the activity in its customer accounts for compliance with its margin requirements. Siebert is exposed to the risk of loss on unsettled customer transactions if customers and other counterparties are unable to fulfill their contractual obligations. There were no material losses for unsettled customer transactions in 2011.

Item 7A. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Financial Instruments Held For Trading Purposes:

Through Siebert, we maintain inventories in exchange-listed equity securities and municipal securities on both a long and short basis. We did not have any short positions at December 31, 2011. The Company does not directly engage in derivative transactions, has no interest in any special purpose entity and has no liabilities, contingent or otherwise, for the debt of another entity except for Siebert's obligation under its Secured Demand Note Collateral Agreement of \$1.2 million executed in favor of SBS. SBS pays Siebert interest on this amount at the rate of 4% per annum. Siebert earned interest of \$48,000 in each of 2011 and 2010 from SBS.

Financial Instruments Held For Purposes Other Than Trading:

We generally invest working capital temporarily in dollar denominated money market funds and commercial paper. These investments are not subject to material changes in value due to interest rate movements.

Retail customer transactions are cleared through clearing brokers on a fully disclosed basis. If customers do not fulfill their contractual obligations, the clearing broker may charge Siebert for any loss incurred in connection with the purchase or sale of securities at prevailing market prices to satisfy the customers' obligations. Siebert regularly monitors the activity in its customer accounts for compliance with its margin

requirements. Siebert is exposed to the risk of loss on unsettled customer transactions if

- 18 -

customers and other counterparties are unable to fulfill their contractual obligations. There were no material losses for unsettled customer transactions in 2011.

Item 8. FINANCIAL STATEMENTS AND SUPPLEMENTARY DATA

See financial statements and supplementary data required pursuant to this item beginning on page F-1 of this Annual Report on Form 10-K.

Item 9. CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE

None.

Item 9A. CONTROLS AND PROCEDURES

We carried out an evaluation, under the supervision and with the participation of management, including our Chief Executive Officer and Chief Financial Officer, of the effectiveness of the design and operation of our disclosure controls and procedures as of the end of the period covered by this report pursuant to Rule 13a-15 of Securities Exchange of 1934, as amended. Based on that evaluation, our management, including the Chief Executive Officer and Chief Financial Officer, concluded that our disclosure controls and procedures are effective to ensure that the information we are required to disclose in reports that we file or submit under the Securities Exchange Act of 1934, as amended, is recorded, processed, summarized and reported within the time periods specified in the rules and forms of the Securities and Exchange Commission and to ensure that information required to be disclosed is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, to allow timely decisions regarding timely disclosure.

Management's Report on Internal Control over Financial Reporting

Our management is responsible for establishing and maintaining adequate internal control over financial reporting (as that term is defined in Exchange Act Rule 13a-15(f)). To evaluate the effectiveness of our internal control over financial reporting, we use the framework in Internal Control - Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (the "COSO Framework"). Using the COSO Framework, our management, including our Chief Executive Officer and Chief Financial Officer, evaluated our internal control over financial reporting and concluded that our internal control over financial reporting was effective as of December 31, 2011.

Changes in Internal Control over Financial Reporting

There were no changes in our internal control over financial reporting during the most recently completed fiscal quarter that materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

Limitation of the Effectiveness of Internal Controls

None

Item 9B. OTHER INFORMATION

None

PART III

Item 10. DIRECTORS, EXECUTIVE OFFICERS AND CORPORATE GOVERNANCE

(a) Identification of Directors

This information is incorporated by reference from our definitive proxy statement to be filed by the Company pursuant to Regulation 14A on or prior to April 29, 2012.

(b) Identification of Executive Officers

Edgar Filing: SIEBERT FINANCIAL CORP - Form 10-K

Name	Age	Position
Muriel F. Siebert	79	Chairwoman, Chief Executive Officer and President
Ameen Esmail	53	Executive Vice President and Director of Business Development
Joseph M. Ramos, Jr.	53	Executive Vice President and Chief Financial Officer
Jeanne Rosendale	47	Executive Vice President and General Counsel
Timothy O Leary	49	Executive Vice President
Daniel Iesu	52	Secretary

- 19 -

Edgar Filing: SIEBERT FINANCIAL CORP - Form 10-K

Certain information regarding each executive officer's business experience is set forth below.

Muriel F. Siebert has been Chairwoman, Chief Executive Officer, President and a director of Muriel Siebert & Co., Inc. since 1969 and of Siebert Financial Corp. (the Company) since November 8, 1996. She is a director of the New York State Business Council, and the Greater New York Council of the Boy Scouts of America. On December 28, 1967, Ms. Siebert became the first woman member of the New York Stock Exchange. Ms. Siebert served as Superintendent of Banks of the State of New York from 1977 to 1982. In March 2009, Ms. Siebert was inducted into the U.S. Business Hall of Fame. Ms. Siebert previously served on the executive committee of the Economic Club of New York, of which she is still a member, and formerly served on the New York State Commission on Judicial Nomination, which is involved in the selection of Associate Judges for the Court of Appeals. She is a member of the Council on Foreign Relations, Committee of 200 (an international organization of pre-eminent businesswomen), the International Women's Forum and the New York Women's Forum of which she was a founder and former president. Ms. Siebert provides expertise on financial brokerage matters, and is a sought-after speaker on current financial matters and a frequent commentator on the major financial news networks.

Ameen Esmail has been Executive Vice President and Director of Business Development since July 3, 2003. From 1984 to 1996, Mr. Esmail served as an Executive Vice President of Siebert. From 1996 to 2003, Mr. Esmail worked as an independent consultant servicing the financial securities industry. Mr. Esmail earned a MBA from New York University's Stern's Graduate School of Business in 2000.

Joseph M. Ramos, Jr. has been Executive Vice President, Chief Financial Officer and Assistant Secretary of Siebert since February 10, 2003 and Chief Financial Officer of Siebert, Brandford, Shank, & Co., L.L.C. since April 20, 2009. From May 1999 to February 2002, Mr. Ramos served as Chief Financial Officer of Internet Financial Services, Inc. From November 1996 to May 1999, Mr. Ramos served as Chief Financial Officer of Nikko Securities International, Inc. From September 1987 to March 1996, Mr. Ramos worked at Cantor Fitzgerald and held various accounting and management positions, the last as Chief Financial Officer of their registered broker-dealer based in Los Angeles. From October 1982 to September 1987, Mr. Ramos was an audit manager for Deloitte & Touche LLP, a public accounting firm. Mr. Ramos is a Certified Public Accountant licensed in the State of New York.

Jeanne M. Rosendale has been Executive Vice President and General Counsel of Siebert since May 3, 2004. From February 2003 to April 2004, Ms. Rosendale served as Global Director Compliance for Knight Equity Markets. From 2001 through the end of 2002, Ms. Rosendale served as Managing Director, General Counsel and Chief Compliance Officer for TD Securities (USA) Inc. Ms. Rosendale's background includes senior level legal positions with Citigroup and the law firm Weil, Gotshal & Manges, LLP. Ms. Rosendale received both her B.A. and J.D., with honors, from Fordham University. She is active in various industry groups such as the SIA, the Bond Market Association, the LSTA and ISDA.

Timothy O'Leary joined Siebert on June 6, 2007 and was appointed an Executive Vice President in April 2008. Mr. O'Leary oversees Capital Markets, Retail and Branch Operations, Marketing, Business Development and the Technology group. From March 2006 to June 2007, Mr. O'Leary was a financial consultant with Smith Barney and from January 2003 to January 2006, Mr. O'Leary was the President/Owner of Ironvilla Development Corporation, a residual real estate development company. From November 2001 to January 2003, Mr. O'Leary was the Senior Vice President at Datek Online, Inc. From October 2000 to November 2001, Mr. O'Leary was the Managing Director of Operations at Josephthal & Co., Inc. where he was responsible for all facets of the brokerage operations. From March 1985 to October 2000, Mr. O'Leary was with TD Waterhouse, Inc., the last five years as the Senior Vice President of Retail Management.

Daniel Iesu has been Secretary of Siebert since October 1996 and the Company since November 8, 1996. He has been Controller of Siebert since 1989.

(c) Compliance with Section 16(a) of the Exchange Act

This information is incorporated by reference from our definitive proxy statement to be filed pursuant to Regulation 14A on or prior to April 29, 2012.

(d) Code of Ethics

We have adopted a financial code of ethics that applies to our principal executive officer, principal financial officer, principal accounting officer and all other employees performing similar functions. This financial code of ethics is posted on our website. The Internet address for our website is <http://www.siebertnet.com>. We intend to satisfy the disclosure requirement under Item 5.05 of Form 8-K regarding an amendment to, or waiver from, a provision of this code of ethics by either filing a Form 8-K or posting such information on our website, at the address and location specified above, within four business days following the date of such amendment or waiver.

Edgar Filing: SIEBERT FINANCIAL CORP - Form 10-K

The information required by this item not set forth herein is incorporated by reference to our definitive proxy statement to be filed pursuant to Regulation 14A on or prior to April 29, 2012.

Item 11. EXECUTIVE COMPENSATION

The information required by this item is incorporated by reference from our definitive proxy statement to be filed pursuant to Regulation 14A on or prior to April 29, 2012.

Item 12. SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT AND RELATED STOCKHOLDER MATTERS

The information required by this item is incorporated by reference from our definitive proxy statement to be filed pursuant to Regulation 14A on or prior to April 29, 2012.

Item 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS, AND DIRECTOR INDEPENDENCE

The information required by this item is incorporated by reference from our definitive proxy statement to be filed pursuant to Regulation 14A on or prior to April 29, 2012.

Item 14. PRINCIPAL ACCOUNTING FEES AND SERVICES

The information required in this item is incorporated by reference from our definitive proxy statement to be filed pursuant to Regulation 14A on or prior to April 29, 2012.

PART IV

Item 15. EXHIBITS, FINANCIAL STATEMENT SCHEDULES

The exhibits required by Item 601 of Regulation S-K filed as part of, or incorporated by reference in, this Annual Report are listed in the accompanying Exhibit Index.

(a) The following documents are filed as part of this report:

1. Financial Statements

The consolidated Financial statements for the year ended December 31, 2011 commence on page F-1 of this Annual Report on Form 10-K.

2. Financial Statement Schedules

None.

3. Exhibits

The exhibits required by Item 601 of Regulation S-K filed as part of, or incorporated by reference in, this report are listed in the accompanying Exhibit Index. Exhibit Numbers 10.1, 10.2 and 10.6 are management contracts, compensatory plans or arrangements.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Board of Directors and Shareholders
Siebert Financial Corp.

We have audited the accompanying consolidated balance sheets of Siebert Financial Corp. and subsidiaries (the Company) as of December 31, 2011 and 2010, and the related consolidated statements of operations, stockholders' equity, and cash flows for each of the years in the three-year period ended December 31, 2011. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the consolidated financial position of Siebert Financial Corp. and subsidiaries as of December 31, 2011 and 2010, and the consolidated results of their operations and their cash flows for each of the years in the three-year period ended December 31, 2011, in conformity with accounting principles generally accepted in the United States of America.

/s/ EisnerAmper LLP

New York, New York

SIEBERT FINANCIAL CORP. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Note A - Summary Of Significant Accounting Policies

[1] Business and Principles of Consolidation:

Siebert Financial Corp. (Financial), through its wholly owned subsidiary, Muriel Siebert & Co., Inc. (Siebert), engages in the business of providing discount brokerage services for customers, investment banking services for institutional clients and trading securities for its own account, and, through its wholly owned subsidiary, Siebert Women's Financial Network, Inc. (WFN), engages in providing products, services and information devoted to women's financial needs. The accompanying consolidated financial statements includes the accounts of Financial and its subsidiaries. All significant intercompany accounts and transactions have been eliminated. Financial, Siebert and WFN collectively are referred to herein as the Company .

The municipal bond investment banking business is conducted by Siebert, Brandford, Shank & Co., L.L.C. (SBS), and related derivatives transactions are conducted by SBS Financial Products Company, LLC (SBSFP), investees not controlled or majority-owned, which are accounted for by the equity method of accounting (see Note B). The equity method provides that the Company records its share of the investees' earnings or losses in its results of operations with a corresponding adjustment to the carrying value of its investment. In addition, the investment is adjusted for capital contributions to and distributions from the investees. Operations of equity investees are considered integral to Siebert's operations.

[2] Cash Equivalents:

Cash equivalents consist of highly liquid investments purchased with an original maturity of three months or less. Cash equivalents are carried at fair value and amounted to \$19,726,000 and \$20,896,000 at December 31, 2011 and 2010, respectively, consisting of money market funds.

Cash equivalents restricted represents \$1,532,000 of cash invested in a money market account which serves as collateral for a secured demand note payable in the amount of \$1,200,000 to SBS (see Note I).

[3] Securities:

Securities owned are carried at fair value with realized and unrealized gains and losses reflected in trading profits. Siebert clears all its security transactions through unaffiliated clearing firms on a fully disclosed basis. Accordingly, Siebert does not hold funds or securities for, or owe funds or securities to, its customers. Those functions are performed by the clearing firms.

[4] Fair value of financial instruments:

Authoritative accounting guidance defines fair value, establishes a framework for measuring fair value and establishes a fair value hierarchy. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between participants at the measurement date. Fair value measurements are not adjusted for transaction costs. The fair value hierarchy prioritizes inputs to valuation techniques used to measure fair value into three levels:

Level 1 Unadjusted quoted prices in active markets for identical assets or liabilities.

Level 2 Inputs other than quoted market prices that are observable, either directly or indirectly, and reasonably available.

Level 3 Unobservable inputs reflect the assumptions that management develops based on available information about the assumptions market participants would use in valuing the asset or liability.

Note A - Summary Of Significant Accounting Policies (CONTINUED)

The classification of financial instruments valued at fair value as of December 31, 2011 and 2010 is as follows:

Financial Instrument	2011		
	Level 1	Level 2	Total
Cash equivalents	\$ 19,726,000		\$ 19,726,000
Securities	250,000	\$	\$ 250,000
	\$ 19,976,000	\$	\$ 19,976,000

Financial Instrument	2010		
	Level 1	Level 2	Total
Cash equivalents	\$ 20,896,000		\$ 20,896,000
Securities	242,000	\$ 874,000	1,116,000
	\$ 21,138,000	\$ 874,000	\$ 22,012,000

At December 31, 2011 and 2010 respectively, securities include common stock of \$250,000 and \$242,000 valued on the last business day of the year at the last available reported sales price on the primary securities exchange (Level 1) and at December 31, 2010 also includes municipal bonds of \$874,000 valued based on prices obtained from pricing sources, which derive values from observable inputs (Level 2).

[5] Income Taxes:

The Company accounts for income taxes utilizing the asset and liability approach requiring the recognition of deferred tax assets and liabilities for the expected future tax consequences of net operating loss carryforwards and temporary differences between the basis of assets and liabilities for financial reporting purposes and tax purposes.

[6] Furniture, Equipment and Leasehold Improvements:

Furniture, equipment and leasehold improvements are stated at cost, net of accumulated depreciation and amortization. Depreciation is calculated using the straight-line method over the estimated useful lives of the assets, generally five years. Leasehold improvements are amortized over the shorter of the estimated useful life of the improvements or period of the lease.

[7] Advertising Costs:

Advertising costs are charged to expense as incurred.

[8] Use of Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

[9] Per Share Data:

Basic earnings (loss) per share is calculated by dividing net income (loss) by the weighted average outstanding common shares during the year. Diluted earnings per share is calculated by dividing net income by the number of shares outstanding under the basic calculation and adding all dilutive securities, which consist of options. The Company incurred a net loss for each of the years ended December 31, 2011, 2010 and 2009. Accordingly, basic and diluted net loss per common share are the same for each year as the effect of stock options is anti-dilutive. In 2011, 2010 and 2009, 1,228,200, 1,503,200 and 1,719,700 common shares, respectively, issuable upon the exercise of options were not included in the computation.

[10] Revenue:

Commission revenues and related clearing expenses are recorded on a trade-date basis. Fees, consisting principally of revenue participation with the Company's clearing broker in distribution fees and interest, are recorded as earned.

Investment banking revenue includes gains and fees, net of syndicate expenses, arising from underwriting syndicates in which the Company participates. Investment banking management fees are recorded on the offering date, sales concessions on the settlement date and underwriting fees at the time the underwriting is completed and the income is reasonably determinable.

Trading profits are also recorded on a trade-date basis.

Interest is recorded on an accrual basis and dividends are recorded on the ex-dividend date.

F-7

Note A - Summary Of Significant Accounting Policies (CONTINUED)

[11] Stock-Based Compensation:

Share-based payments to employees, including grants of employee stock options, are recognized in the statement of operations as an operating expense, based on their fair values on the grant date.

Share-based compensation costs are recognized on a straight-line basis over the requisite service periods of awards which would normally be the vesting period of the options.

Cash flows resulting from the tax benefits of the tax deduction in excess of the compensation cost recognized for these options are classified as financing cash flows.

[12] Intangibles:

Purchased intangibles which have finite useful lives are principally being amortized using the straight-line method over estimated useful lives of three to five years (see Note D). Domain names and other intellectual property which are deemed to have an indefinite useful life are not amortized but are tested for impairment annually or more frequently if events or changes in circumstances indicate that the asset might be impaired. The impairment test for indefinite-lived intangibles consists of a comparison of their fair value with their carrying amount.

[13] Valuation of Long-Lived Assets:

The Company evaluates the recoverability of its long-lived assets including amortizable intangibles and recognizes an impairment loss in the event the carrying value of these assets exceeds the estimated future undiscounted cash flows attributable to these assets. The Company assesses potential impairment to its long-lived assets when events or changes in circumstances indicate that its carrying value may not be recoverable. Should impairment exist, the impairment loss would be measured based on the excess of the carrying value of the assets over their fair value.

[14] New Accounting Standards:

In June 2009, the Financial Accounting Standards Board (FASB) finalized guidance in determining whether an enterprise has a controlling financial interest in a variable interest entity. This determination identifies the primary beneficiary of a variable interest entity as the enterprise that has both the power to direct the activities of a variable interest entity that most significantly impacts the entity's economic performance, and the obligation to absorb losses or the right to receive benefits of the entity that could potentially be significant to the variable interest entity. This guidance also requires ongoing reassessments of whether an enterprise is the primary beneficiary and eliminates the quantitative approach previously required for determining the primary beneficiary. New provisions of this guidance were effective January 1, 2010. The adoption of the new guidance did not have any impact on the Company's financial statements.

In June 2009, the FASB issued guidance to improve transparency about transfers of financial assets and a transferor's continuing involvement, if any, with transferred financial assets. This guidance removes the concept of a qualifying special-purpose entity and removes the exception from applying previous guidance to variable interest entities that are qualifying special-purpose entities; limits the circumstances in which a transferor derecognizes a portion or component of a financial asset; defines a participating interest; requires a transferor to recognize and initially measure at fair value all assets obtained and liabilities incurred as a result of a transfer accounted for as a sale; and requires enhanced disclosures. This guidance was adopted by the Company beginning January 1, 2010 and did not have any impact on the Company's financial statements.

In January 2010, the FASB issued guidance that requires some new disclosures and clarifies some existing disclosure requirements about fair value measurements which is effective for interim and annual reporting periods beginning after December 15, 2009. The guidance was adopted by the Company as of January 1, 2010 and did not have any impact on the Company's disclosures. Additionally, these amended standards require presentation of disaggregated activity within the reconciliation for fair value measurements using significant unobservable inputs (Level 3) and is effective for fiscal years beginning after December 15, 2010. The guidance was adopted by the Company on January 1, 2011 and did not have any impact on its disclosures.

In May 2011, the FASB issued guidance to expand disclosures for Level 3 measurements based on unobservable inputs. The guidance is effective for fiscal years beginning after December 15, 2011. The Company will adopt this standard in January 2012, and does not expect the adoption of this standard to have a material impact on the Company's disclosures.

Note B - Investment In Affiliates

Investment in and advances to, equity in income of, and distributions received from, affiliates consist of the following:

December 31, 2011	SBS	SBSFPC	TOTAL
Investment and advances	\$ 8,295,000	\$ 324,000	\$ 8,619,000
Income from equity investees	\$ 8,000	\$ 21,000	\$ 29,000
Distributions	\$ 1,185,000	\$	\$ 1,185,000
December 31, 2010	SBS	SBSFPC	TOTAL
Investment and advances	\$ 9,512,000	\$ 304,000	\$ 9,816,000
Income (loss) from equity investees	\$ 4,102,000	\$ (24,000)	\$ 4,078,000
Distributions	\$ 3,344,000	\$ 2,000	\$ 3,346,000
December 31, 2009	SBS	SBSFPC	TOTAL
Income (loss) from equity investees	\$ 4,287,000	\$ (63,000)	\$ 4,224,000
Distributions	\$ 1,539,000	\$	\$ 1,539,000

Siebert and two individuals (the Principals) formed SBS to succeed to the tax-exempt underwriting business of the Siebert Brandford Shank division of Siebert. The agreements with the Principals provide that profits will be shared 51% to the Principals and 49% to Siebert.

Pursuant to the terms of the Operating Agreement, Financial and each of the Principals own a 33.33% initial interest in SBSFPC which engages in derivatives transactions related to the municipal underwriting business. The Operating Agreement provides that income/(loss) be shared 66.66% by the Principals and 33.33% by Financial.

Summarized financial data of SBS is as follows:

	2011	2010	2009
Total assets, including secured demand note of 1,200,000 in each year due from Siebert	\$ 31,403,000	\$ 37,741,000	
Total liabilities, including subordinated liabilities \$1,200,000 in each year due to Siebert	14,592,000	18,530,000	
Total members' capital	16,811,000	19,211,000	
Regulatory minimum net capital requirement	493,000	1,122,000	
Total revenue	26,441,000	48,769,000	\$ 45,391,000
Net income	17,000	8,372,000	8,749,000

During 2011, 2010 and 2009, Siebert charged SBS \$75,000 for each year, respectively for general and administrative services, which Siebert believes approximates the cost of furnishing such services. In addition, during each of the years 2011, 2010 and 2009, Siebert earned interest income of \$48,000 from SBS in connection with Siebert's obligation to make a subordinated loan for up to \$1,200,000 available to SBS and Siebert paid SBS interest earned on the restricted cash equivalents of \$4,000, \$4,000 and \$10,000, respectively (see Note I). Further, on November 1, 2010, Siebert entered into a temporary subordinated loan agreement with SBS in the amount of \$10 million bearing interest at 2% and maturing on December 15, 2010. The note was repaid in December 2010 and interest received from SBS amounted to \$25,000.

Edgar Filing: SIEBERT FINANCIAL CORP - Form 10-K

Siebert's share of undistributed earnings from SBS amounted to \$7,845,000 and \$9,021,000 at December 31, 2011 and 2010, respectively. Such amounts may not be immediately available for distribution to Siebert for various reasons including the amount of SBS's available cash, the provisions of the agreement between Siebert and the Principals and SBS's continued compliance with its regulatory net capital requirements.

Summarized financial data of SBSFPC is as follows:

	2011	2010	2009
Total assets	\$ 238,290,000	\$ 165,308,000	
Total liabilities	237,317,000	164,396,000	
Total members' capital	974,000	913,000	
Total revenue	610,000	124,000	\$ 23,000
Net income (loss)	61,000	(72,000)	(188,000)

F-9

Edgar Filing: SIEBERT FINANCIAL CORP - Form 10-K

At December 31, 2011 and 2010, SBSFPC had an accumulated loss of \$226,000 and \$287,000, respectively of which Siebert's share was \$75,000 and \$96,000, respectively.

Note C - Furniture, Equipment And Leasehold Improvements, Net

Furniture, equipment and leasehold improvements consist of the following:

	December 31,	
	2011	2010
Equipment	\$ 2,307,000	\$ 2,524,000
Leasehold improvements	29,000	36,000
Furniture and fixtures	23,000	28,000
	2,359,000	2,588,000
Less accumulated depreciation and amortization	(1,602,000)	(1,342,000)
	\$ 757,000	\$ 1,246,000

Depreciation and amortization expense for the years ended December 31, 2011, 2010 and 2009 amounted to \$510,000, \$523,000 and \$457,000, respectively.

Note D - Intangible Assets

In 2000, WFN acquired the stock of WFN Women's Financial Network, Inc. (WFNI) and HerDollar.com, Inc., respectively, companies in the development stage which had yet to commence principal operations, had no significant revenue and had assets consisting principally of websites, content and domain names, for aggregate consideration of \$2,310,000, including costs. The transactions have been accounted for as purchases of assets consisting of domain name, website and content, and a non-compete agreement (the Acquired Intangible Assets). Related deferred tax assets attributable to net operating loss carryforwards of the acquired companies and deferred tax liabilities attributable to the excess of the statement bases of the acquired assets over their tax bases have been reflected in the accompanying consolidated financial statements as an adjustment to the carrying amount of such intangibles (see Note E).

Intangible assets consist of the following:

	December 31, 2011		December 31, 2010	
	Gross Carrying Amount	Accumulated Amortization	Gross Carrying Amount	Amortization Accumulated
Amortizable assets:				
Website, content and non-compete	\$ 1,850,000	\$ 1,850,000	\$ 1,850,000	\$ 1,850,000
Retail brokerage accounts	2,638,000	2,600,000	2,638,000	2,590,000
	\$ 4,488,000	\$ 4,450,000	\$ 4,488,000	\$ 4,440,000
Unamortized intangible assets:				
Domain name/intellectual property	\$ 600,000		\$ 600,000	
Amortization expense		\$ 10,000		\$ 2,000

Edgar Filing: SIEBERT FINANCIAL CORP - Form 10-K

During 2010, the Company recorded an impairment charge and wrote down the carrying value of its unamortized intangible assets by \$150,000 representing the excess of carrying value over its fair value. Such write down was due to a continuing decline in the Company's revenue. The Company valued the domain name using the income approach methodology known as the relief from royalty method. The premise behind the valuation of these assets is that a buyer would be willing to pay a royalty for the right to use an established or recognized trade name in order to gain market acceptance, which a product or service otherwise might not enjoy.

F-10

Note E - Income Taxes

The Company files a consolidated federal income tax return with its subsidiaries.

Income tax expense (benefit) provision consists of the following:

	Year Ended December 31,		
	2011	2010	2009
Federal income tax provision (benefit):			
Current	\$	\$ 286,000	\$ (656,000)
Deferred		731,000	85,000
		1,017,000	(571,000)
State and local:			
Current	23,000		(486,000)
Deferred		592,000	(260,000)
	23,000	592,000	(746,000)
Total:			
Current	23,000	286,000	(1,142,000)
Deferred		1,323,000	(175,000)
	\$ 23,000	\$ 1,609,000	\$ (1,317,000)

A reconciliation between the income tax expense (benefit) and income taxes computed by applying the statutory Federal income tax rate to loss before income taxes is as follows:

	Year Ended December 31,		
	2011	2010	2009
Expected income tax benefit at statutory Federal tax rate (34%)	\$ (1,812,000)	\$ (351,000)	\$ (850,000)
State and local taxes, net of Federal tax effect	(406,000)	(67,000)	(163,000)
Reversal of overaccrual of prior years taxes			(330,000)
Increase in valuation allowance	2,177,000	1,980,000	
Permanent difference	36,000	47,000	51,000
Other	28,000		(25,000)
Income tax expense (benefit)	\$ 23,000	\$ 1,609,000	\$ (1,317,000)

Note E - Income Taxes (Continued)

Deferred income taxes reflect the impact of temporary differences between the amounts of assets and liabilities for financial reporting purposes and their tax basis. The principal items giving rise to deferred tax assets (liabilities) are as follows:

	December 31,	
	2011	2010
Deferred tax asset:		
Net operating loss carryforwards	\$ 3,060,000	\$ 1,592,000
Employee stock based compensation	231,000	234,000
Retail brokerage accounts	430,000	515,000
Contribution carryover	252,000	162,000
Furniture, equipment and leasehold improvements	68,000	
Accrued expenses	400,000	
Accrued compensation and other	59,000	47,000
	4,500,000	2,550,000
Valuation allowance	(4,260,000)	(2,083,000)
	240,000	467,000
Deferred tax liability:		
Acquired intangible assets	(240,000)	(243,000)
Furniture, equipment and leasehold improvements		(224,000)
	\$ 0	\$ 0

Due to cumulative losses incurred by the Company during the current and prior two years, the Company is unable to conclude that it is more likely than not that it will realize its net deferred tax asset and, accordingly, has recorded a valuation allowance to fully offset its deferred tax asset at December 31, 2011 and 2010.

At December 31, 2011, the Company has state net operating loss carryforwards aggregating \$13.6 million, which expire through 2031 in various states. In addition, the Company has federal net operating loss carryforwards of \$5.7 million at December 31, 2011, which expire through 2031. The Company also has additional federal net operating loss carryforwards of \$775,000 at December 31, 2011 which is attributable to WFN and expires through 2020. Utilization of WFN's federal net operating loss carryforwards is subject to annual limitations under Section 382 of the Internal Revenue Code.

The Company applied the more-likely-than not recognition threshold to all tax positions taken or expected to be taken in a tax return which resulted in no unrecognized tax benefits reflected in the financial statements as of December 31, 2011. The Company classifies interest and penalties that would accrue according to the provisions of relevant tax law as income taxes.

For federal and certain state and local jurisdictions, the 2008 through 2011 tax years remain open for examination by the taxing authorities. For other states the 2007 through 2011 tax years remain open for examination. The Company is currently under tax examinations by New York State for the years 2007 to 2009.

Note F - Stockholders' Equity

Siebert is subject to the SEC's Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital. Siebert has elected to use the alternative method, permitted by the rule, which requires that Siebert maintain minimum net capital, as defined, equal to the greater of \$250,000 or 2 percent of aggregate debit balances arising from customer transactions, as defined. The Net Capital Rule of the New York Stock Exchange also provides that equity capital may not be withdrawn or cash dividends paid if resulting net capital would be less than 5% of aggregate debits. At December 31, 2011 and 2010, Siebert had net capital of approximately \$17,814,000 and \$20,352,000, respectively, as compared with net capital requirements of \$250,000. Siebert claims exemption from the reserve requirement under Section 15c3-3(k)(2)(ii).

Edgar Filing: SIEBERT FINANCIAL CORP - Form 10-K

On January 23, 2008, the Board of Directors of the Company authorized a buy back of up to 300,000 shares of common stock. Shares will be purchased from time to time in the open market and in private transactions. During 2009, 2010 and 2011, the Company repurchased 16,790, 62,647 and 17,179 shares of common stock at an average price of \$1.99, \$2.10 and \$1.68, respectively.

F-12

Note G - Options

The Company's 2007 Long-Term Incentive Plan (the "Plan") authorizes the grant of options to purchase up to an aggregate of 2,000,000 shares, subject to adjustment in certain circumstances. Both non-qualified options and options intended to qualify as Incentive Stock Options under Section 422 of the Internal Revenue Code may be granted under the Plan. A Stock Option Committee of the Board of Directors administers the Plan. The committee has the authority to determine when options are granted, the term during which an option may be exercised (provided no option has a term exceeding 10 years), the exercise price and the exercise period. The exercise price shall not be less than the fair market value on the date of grant. No option may be granted under the Plan after December 2017. Generally, employee options vest 20% per year for five years and expire ten years from the date of grant. At December 31, 2011, options for 1,700,000 shares of common stock are available for grant under the Plan.

A summary of the Company's stock option transactions for the three years ended December 31, 2011 is presented below:

	2011		2010		2009	
	Shares	Weighted Average Exercise Price	Shares	Weighted Average Exercise Price	Shares	Weighted Average Exercise Price
Outstanding - beginning of the year	1,503,200	\$ 4.14	1,719,700	\$ 4.00	1,767,200	\$ 4.07
Forfeited	(275,000)	\$ 5.33	(216,500)	\$ 2.98	(47,500)	\$ 6.91
Outstanding - end of year	(a) 1,228,200	\$ 3.88	1,503,200	\$ 4.14	1,719,700	\$ 4.00
Fully vested at year end	(a) 1,228,200	\$ 3.88				
Exercisable at end of year	(a) 1,228,200	\$ 3.88	1,498,200	\$ 4.15	1,709,700	\$ 4.00

(a) Weighted average remaining contractual terms of one year and no aggregate intrinsic value. As of December 31, 2011, there was no unrecognized compensation cost.

Note H - New Clearing Agreement

As part of the negotiations with one of the Company's clearing brokers on a fully disclosed clearing agreement which was entered into on May 5, 2010, the Company resolved at \$3 million the amount due to the Company from the clearing firm on past transactions cleared by the Company. This amount is included in commissions and fees revenue for the year ended December 31, 2010.

Note I - Commitments, Contingencies And Other

Retail customer transactions are cleared through clearing brokers on a fully disclosed basis. If customers do not fulfill their contractual obligations, the clearing broker may charge Siebert for any loss incurred in connection with the purchase or sale of securities at prevailing market prices to satisfy the customer obligations. Siebert regularly monitors the activity in its customer accounts for compliance with its margin requirements. Siebert is exposed to the risk of loss on unsettled customer transactions if customers are unable to fulfill their contractual obligations. There were no material losses for unsettled customer transactions in 2011, 2010 or 2009.

In a prior year, Siebert had been named as one of the defendants in a class action pending in the United States District Court, Southern District of New York. Among other claims, the third amended complaint in the action asserted on behalf of a class of purchasers in a public offering of \$1,500,000,000, 6.75% Subordinated Notes due 2017 (the "Notes"), issued by Lehman Brothers Holdings, Inc., (LBHI) and certain smaller issuances of other securities that Siebert and other underwriters of the Notes violated Section 11 of the Securities Act of 1933, and other applicable law in that relevant offering materials were false and misleading. Siebert had purchased \$15 million of the Notes and \$462,953 of other securities as an underwriter in the offerings. Siebert and other underwriters moved to dismiss the third amended complaint on various grounds. The Court granted in part and denied in part the motion by an order dated July 27, 2011. On November 3, 2011, Siebert and the

Edgar Filing: SIEBERT FINANCIAL CORP - Form 10-K

plaintiffs class agreed to resolve all claims against Siebert in consideration of a \$1 million payment by Siebert. The settlement is subject to court approval. As of December 31, 2011, the Company had accrued a \$1 million provision for loss to reflect the settlement. As certain defendants did not agree to a settlement, additional liability to the Company is possible. At present, the Company is uncertain as to the potential liability, if any, in connection with the non-settling defendants.

F-13

Note I - Commitments, Contingencies And Other (continued)

Siebert is party to certain claims, suits and complaints arising in the ordinary course of business including individual actions related to various offerings of notes by LBHI. In the opinion of management, all such claims, suits and complaints are without merit, or involve amounts which would not have a significant effect on the financial position or results of operations of the Company.

The Company rents discount retail brokerage and other office space under long-term operating leases expiring in various periods through 2013. These leases call for base rent plus escalations for taxes and operating expenses.

Future minimum base rental payments under these operating leases are as follows:

Year Ending December 31,	Amount
2012	642,000
2013	68,000
	\$ 710,000

Rent expense, including escalations for operating costs, amounted to approximately \$1,095,000, \$1,274,000 and \$1,279,000 for the years ended December 31, 2011, 2010 and 2009, respectively. Rent is being charged to expense over the entire lease term on a straight-line basis.

Siebert sponsors a defined contribution retirement plan under Section 401(k) of the Internal Revenue Code that covers substantially all employees. Participant contributions to the plan are voluntary and are subject to certain limitations. Siebert may also make discretionary contributions to the plan. No contributions were made by Siebert in 2011, 2010 and 2009.

Siebert is party to a Secured Demand Note Collateral Agreement with SBS which obligates Siebert to lend SBS, on a subordinated basis, up to \$1,200,000. The secured demand note payable held by SBS and a related \$1,200,000 receivable due from SBS are included in investments in and advances to equity investees in the accompanying consolidated statement of financial condition. Amounts that Siebert is obligated to lend under this arrangement are collateralized by cash equivalents of \$1,532,000. Any amounts loaned will bear interest at 4% per annum and are repayable on August 31, 2013.

Note J - Summarized Quarterly Financial Data (Unaudited)

	2011				2010

F-14

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Board of Managers
Siebert, Brandford, Shank & Co., L.L.C.
New York, New York

We have audited the accompanying statements of financial condition of Siebert, Brandford, Shank & Co., L.L.C. (the Company) as of December 31, 2011 and 2010, and the related statements of operations, changes in members' capital, changes in subordinated borrowings and cash flows for each of the years in the three-year period ended December 31, 2011. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Siebert, Brandford, Shank & Co., L.L.C. as of December 31, 2011 and 2010, and the results of its operations and its cash flows for each of the years in the three-year period ended December 31, 2011 in conformity with accounting principles generally accepted in the United States of America.

New York, New York
February 28, 2012
