	For the nine months ended December 31, 2007:	40,702,063
		shares

* Explanation for forecasts of operation and other notes:

With regard to the assumptions and other related matters concerning consolidated financial results forecasts for the fiscal year ending March 31, 2009, please refer to page 9 and 21.

Consolidated financial statements in this earnings release are unaudited.

Table of Contents**DOCOMO Earnings Release
Earnings Release for the Nine Months Ended December 31, 2008****Nine Months Ended December 31, 2008**<< 1. Operating Results >>**1. Business Overview**

Competition among mobile phone operators in Japan, which has already entered a mature phase given the high penetration rate, has increased in such areas as customer acquisition and further improvement of customer services.

In such market environment, we announced in October 2008 our future business direction based on a new action plan

DOCOMO's Change and Challenge to Achieve New Growth, which covers initiatives to be implemented between the current fiscal year and fiscal year 2012. Under the plan, we aim to contribute to society's sustainable development and a safer, more secure environment for people to lead enriched, convenient lives.

In the third quarter of this fiscal year, we reorganized our handset series* to attune to the latest preferences and lifestyles of mobile phone users. We also released new services which suggest new usage of mobile phones such as i-concier. We strived for further penetration of our new discount programs and new handset sales methods, which we believe are appropriate for the current market conditions. Our churn rate decreased and the number of customers who moved to DOCOMO exceeded those who moved from DOCOMO using Mobile Number Portability in December 2008, as we have performed a comprehensive review of all of our operations from customer relations to handsets and network development in order to enhance customer satisfaction.

As a result, for the three months ended December 31, 2008, operating revenues were ¥1,111.0 billion, operating income was ¥169.8 billion, income before income taxes was ¥149.2 billion and net income was ¥91.0 billion. For the nine months ended December 31, 2008, operating revenues were ¥3,378.8 billion, operating income was ¥746.8 billion, income before income taxes was ¥709.4 billion and net income was ¥437.7 billion.

* docomo STYLE series, docomo PRIME series, docomo SMART series and docomo PRO series

Table of Contents**DOCOMO Earnings Release****Nine Months Ended December 31, 2008****2. Segment information****(1) Mobile phone business**

As of December 31, 2008, the number of cellular services subscriptions was 54.16 million (an increase of 0.22 million compared to the number as of September 30, 2008), 87.7% of which was represented by FOMA services subscriptions of 47.49 million. Our cellular churn rate for the three months ended December 31, 2008 improved significantly to 0.44% compared to 0.74% during the same period of the prior year, reflecting the effect of new discount programs and new handset sales methods.

The aggregate number of subscriptions to the new discount programs introduced in August 2007 such as Fami-wari MAX50 reached approximately 30.4 million while the number of subscriptions to the Value Plan reached approximately 16.5 million as of December 31, 2008, respectively. As a result, aggregate ARPU of cellular (FOMA+mova) services decreased to ¥5,730 for the three months ended December 31, 2008 (down 8.9% compared to the same period of the prior year).

With regard to equipment sales, the number of handsets sold decreased to 4.51 million units for the three months ended December 31, 2008 (a decrease of 2.01 million units compared to the same period of the prior year). However,

Value Course, which was introduced in November 2007, was applied to more than 90% of the aggregate number of handsets sold through our new handset sales methods. Revenues and costs of equipment sales improved, reflecting the effects of reductions in sales commissions for the Value Course, together with a decrease in cost of equipment sold due to the favorable procurement cost per unit and reduced number of units sold.

For the three months ended December 31, 2008, operating revenues and operating income from mobile phone business were ¥1,095.7 billion and ¥175.3 billion, respectively.

For the nine months ended December 31, 2008, operating revenues and operating income from mobile phone business were ¥3,332.2 billion and ¥762.9 billion, respectively.

Number of subscriptions by services, trend of ARPU and other operation data are as follows:

<Number of subscriptions by services>

	Thousand subscriptions	
	December 31, 2008	September 30, 2008
Cellular services	54,155	53,937
Cellular (FOMA) services	47,494	46,444
Including: i-channel services	16,228	16,044
Including: flat-rate services for unlimited i-mode usage	15,751	13,949
Cellular (mova) services	6,661	7,493
i-mode services	48,150	48,069

Notes:

1. Number of subscriptions of Cellular services and Cellular (FOMA) services includes Communication Module services subscriptions.
2. Effective March 3, 2008, FOMA services subscription became mandatory for subscription to 2in1* service. Such FOMA services subscriptions to 2in1 services are included in the above numbers of Cellular services subscriptions and Cellular (FOMA) services subscriptions.
3. Number of subscriptions to flat-rate services for unlimited i-mode usage = Pake-hodai subscriptions + Pake-hodai full subscriptions + Pake-hodai double subscriptions

4. Number of i-mode subscriptions = Cellular (FOMA) i-mode subscriptions + Cellular (mova) i-mode subscriptions

* *2in1 refers to an optional network service which enables a subscriber to subscribe to an additional phone number and an e-mail address for a single compatible handset.*

Note: For the nine months ended December 31, 2007, PHS business, which was presented separately in the past, has been reclassified into miscellaneous businesses.

3. Trend of capital expenditures

We continued to improve the quality of our FOMA service area and reinforced its network capacity to meet an increase in traffic demand, together with our efforts to make capital expenditure more efficient and less costly by saving on equipment purchase costs and improving our design and construction process. Total capital expenditures for the three months and nine months ended December 31, 2008 were ¥164.0 billion and ¥500.5 billion, respectively.

(2) Cash flow conditions

For the nine months ended December 31, 2008, net cash provided by operating activities was ¥628.1 billion. Net income was ¥437.7 billion and depreciation and amortization charges were ¥582.3 billion, while net payment for income taxes was ¥358.9 billion and there were increases in installment receivables for handsets and accounts receivable.

Net cash used in investing activities was ¥625.0 billion. Our expenditures for purchases of property, plant and equipment of ¥415.2 billion, purchases of intangible and other assets of ¥176.7 billion and purchases of non-current investments of ¥50.2 billion which include the acquisitions of equity stake in total were partially offset by proceeds from the redemption of long-term bailment for consumption to a related party of ¥50.0 billion.

Net cash used in financing activities was ¥145.2 billion. We spent ¥101.8 billion for acquisition of treasury stock, ¥77.4 billion for repayment of outstanding long-term debt and ¥203.8 billion for payment of cash dividends while financing ¥179.9 billion through issuance of corporate bonds and ¥62.1 billion through issuance of commercial papers.

The balance of cash and cash equivalents was ¥501.1 billion as of December 31, 2008.

DOCOMO Earnings Release

Nine Months Ended December 31, 2008

<<3. Prospects for the Fiscal Year Ending March 31, 2009 >>

Competition among mobile phone operators in Japan, which has already entered a mature phase, has increased in such areas as customer acquisition and further improvement of customer services.

Under such market conditions, we projected our operating revenues for the fiscal year ending March 31, 2009 to be ¥4,597.0 billion, a decrease of ¥114.8 billion from the prior fiscal year, reflecting a decrease in ARPU due to an adverse impact of revision of billing plans while we expect an increase in equipment sales. We will continue our cost saving efforts, including reductions in cost of equipment sold, efficient allocation of sales commissions and reduction of network costs through the improvement of administrative processes, which we expect will result in an increase in operating income by ¥21.7 billion to ¥830.0 billion from the prior fiscal year.

Against this backdrop, we will strive even harder to reinforce our core business, and at the same time, work to create new revenue sources by offering customized services for each customer and collaborating with partner companies in various fields, as part of our endeavors to cultivate new businesses.

As we are currently not aware of any factors which may have a material impact on our projected results of operations, we have not revised our projection announced on October 31, 2008.

Table of Contents**DOCOMO Earnings Release****Nine Months Ended December 31, 2008**<<4. Others >>

- (1) Changes in significant subsidiaries for the nine months ended December 31, 2008 (which resulted in changes in scope of consolidation) : None

- (3) Changes in significant accounting policies, procedures and presentation in quarterly consolidated financial statements :

Fair Value Measurements

Effective April 1, 2008, DOCOMO adopted Statement of Financial Accounting Standards (SFAS) No. 157 Fair Value Measurements . SFAS No. 157 defines fair value, establishes a framework for measuring fair value in generally accepted accounting principles and expands disclosures about fair value measurements. Although the definition of fair value retains the exchange price notion in earlier definitions of fair value, SFAS No. 157 clarifies that the exchange price is the price in an orderly transaction between market participants to sell the asset or transfer the liability in the market and emphasizes that fair value is a market-based measurement, rather than an entity-specific measurement. SFAS No. 157 also expands disclosures about the use of fair value to measure assets and liabilities subsequent to initial recognition through fair value hierarchy as a framework for measurement. The initial adoption of SFAS No. 157 did not have a material impact on DOCOMO 's results of operations and financial position. The disclosure required by SFAS No. 157 was omitted in this earnings release.

(Additional Information)

Change in Accounting Estimate

Effective October 1, 2008, DOCOMO decreased the estimated useful lives of our long lived assets related to our 2G mova mobile phone services. This change in accounting estimate was due to the scheduled termination of mova services on March 31, 2012. As mova subscribers have been steadily migrating to DOCOMO 's 3G service, FOMA, the Company has decided to discontinue mova services and concentrate on FOMA services. The change resulted in a decrease of ¥46,842 million in Income before income taxes , ¥27,684 million in Net income and ¥655.82 in Basic and Diluted earnings per share in the accompanying consolidated statement of income and comprehensive income for the three months ended December 31, 2008, in accordance with SFAS No. 154, Accounting Changes and Error Corrections, a replacement of Accounting Principles Board (APB) Opinion No. 20 and Financial Accounting Standards Board (FASB) Statement No. 3 . Prior periods have not been adjusted for this change.

* Please refer to the attached sheet (P.19) for the definition of ARPU and MOU, and an explanation of the methods used to calculate ARPU and the number of active subscriptions used in calculating ARPU, MOU and Churn Rate.

(1) From March 3, 2008 onward, another FOMA subscription is a prerequisite for the application of 2in1 in principle, and those FOMA subscriptions are included in the number of FOMA subscribers.

(2) Source for other cellular telecommunications operators: Data

announced by the
Telecommunications
Carriers Association.

- (3) Data are calculated including Communication Module Services subscriptions.
- (4) Sum of new FOMA/mova subscriptions, change of subscription from mova to FOMA, FOMA handset upgrade by FOMA subscribers, mova handset upgrade by mova subscribers, and change of subscription from FOMA to mova.
- (5) Data are calculated excluding Communication Module Services-related revenues and Communication Module Services subscriptions.
- (6) Inclusive of circuit-switched data communications.
- (7) Inclusive of Voice Communications and Packet Communications.
- (8) Inclusive of users who applied for 2in1 after March 3, 2008.
- (9) Included in total cellular subscriptions.

- (10) Included in FOMA subscriptions.
- (11) Included in mova subscriptions.
- (12) Sum of Pake-hodai double subscriptions, Pake-hodai subscriptions and Pake-hodai full subscriptions.
- (13) Inclusive of DCMX mini subscriptions.

(APPENDIX 2)

Definition and Calculation Methods of ARPU and MOU

1. Definition of ARPU and MOUi) ARPU (Average monthly Revenue Per Unit)¹ :

Average monthly revenue per unit, or ARPU, is used to measure average monthly operating revenues attributable to designated services on a per subscription basis. ARPU is calculated by dividing various revenue items included in operating revenues from our wireless services, such as basic monthly charges, voice communication charges and packet communication charges, from designated services which are incurred consistently each month, by the number of active subscriptions to the relevant services. Accordingly, the calculation of ARPU excludes revenues that are not representative of monthly average usage such as activation fees. We believe that our ARPU figures provide useful information to analyze the average usage per subscription and the impacts of changes in our billing arrangements. The revenue items included in the numerators of our ARPU figures are based on our U.S. GAAP results of operations. This definition applies to all ARPU figures hereinafter.

ii) MOU (Minutes of Usage): Average monthly communication time per subscription.

2. ARPU Calculation Methodsi) **ARPU (FOMA + mova)**

Aggregate ARPU (FOMA+mova) = Voice ARPU (FOMA+mova) + Packet ARPU (FOMA+mova)

Voice ARPU (FOMA+mova): Voice ARPU (FOMA+mova) Related Revenues (basic monthly charges, voice communication charges) / No. of active cellular phone subscriptions (FOMA+mova)

Packet ARPU (FOMA+mova): {Packet ARPU (FOMA) Related Revenues (basic monthly charges, packet communication charges)+ i-mode ARPU (mova) Related Revenues (basic monthly charges, packet communication charges)} / No. of active cellular phone subscriptions (FOMA+mova)

i-mode ARPU (FOMA+mova)²: i-mode ARPU (FOMA+mova) Related Revenues (basic monthly charges, packet communication charges) / No. of active cellular phone subscriptions (FOMA+mova)

ARPU generated purely from i-mode (FOMA+mova)³: i-mode ARPU (FOMA+mova) Related Revenues (basic monthly charges, packet communication charges) / No. of active i-mode subscriptions (FOMA+mova)

ii) **ARPU (FOMA)**

Aggregate ARPU (FOMA) = Voice ARPU (FOMA) + Packet ARPU (FOMA)

Voice ARPU (FOMA): Voice ARPU (FOMA) Related Revenues (basic monthly charges, voice communication charges) / No. of active cellular phone subscriptions (FOMA)

Packet ARPU (FOMA): Packet ARPU (FOMA) Related Revenues (basic monthly charges, packet communication charges) / No. of active cellular phone subscriptions (FOMA)

i-mode ARPU (FOMA)²: i-mode ARPU (FOMA) Related Revenues (basic monthly charges, packet communication charges) / No. of active cellular phone subscriptions (FOMA)

ARPU generated purely from i-mode (FOMA)³: i-mode ARPU (FOMA) Related Revenues (basic monthly charges, packet communication charges) / No. of active i-mode subscriptions (FOMA)

iii) **ARPU (mova)**

Aggregate ARPU (mova) = Voice ARPU (mova) + i-mode ARPU (mova)

Voice ARPU (mova): Voice ARPU (mova) Related Revenues (basic monthly charges, voice communication charges) / No. of active cellular phone subscriptions (mova)

i-mode ARPU (mova)²: i-mode ARPU (mova) Related Revenues (basic monthly charges, packet communication charges) / No. of active cellular phone subscriptions (mova)

ARPU generated purely from i-mode (mova)³: i-mode ARPU (mova) Related Revenues (basic monthly charges, packet communication charges) / No. of active i-mode subscriptions (mova)

3. Active Subscriptions Calculation Methods

No. of active subscriptions used in ARPU/MOU/Churn Rate calculations is as follows:

No. of active subscriptions for each month:

(No. of subscriptions at the end of previous month + No. of subscriptions at the end of current month) / 2

No. of active subscriptions for full-year results/forecasts:

Sum of No. of active subscriptions for each month from April to March

1 Communication Module service subscriptions and the revenues thereof are not included in the ARPU and MOU calculations.

2 The denominator used in calculating i-mode ARPU (FOMA+mova, FOMA, mova) is the aggregate number of cellular subscriptions to each service (FOMA+mova, FOMA, mova, respectively), regardless of whether i-mode service is activated or not.

3 ARPU generated purely from i-mode

(FOMA+mova,
FOMA, mova)
is calculated
using only the
number of
active i-mode
subscriptions as
a denominator.

(APPENDIX 3)

Reconciliations of the Disclosed Non-GAAP Financial Measures to the Most Directly Comparable GAAP Financial Measures**1. EBITDA and EBITDA margin**

	Billions of yen			
	Year ended March 31, 2008	Three months ended December 31, 2008	Nine months ended December 31, 2008	Nine months ended December 31, 2007
a. EBITDA	¥ 1,639.1	¥ 415.6	¥ 1,353.8	¥ 1,206.9
Depreciation and amortization	(776.4)	(233.9)	(582.3)	(558.0)
Loss on sale or disposal of property, plant and equipment	(54.4)	(11.8)	(24.7)	(23.9)
Operating income	808.3	169.8	746.8	625.0
Other income (expense)	(7.6)	(20.6)	(37.4)	3.7
Income taxes	(323.0)	(60.0)	(279.4)	(253.3)
Equity in net income of affiliates	13.6	1.8	7.7	1.2
Minority interests	(0.1)	0.0	(0.0)	(0.1)
b. Net income	491.2	91.0	437.7	376.5
c. Total operating revenues	4,711.8	1,111.0	3,378.8	3,522.0
EBITDA margin (=a/c)	34.8%	37.4%	40.1%	34.3%
Net income margin (=b/c)	10.4%	8.2%	13.0%	10.7%

Note: EBITDA and EBITDA margin, as we use them, are different from EBITDA as used in Item 10(e) of regulation S-K and may not be comparable to similarly titled measures used by other companies.

2. ROCE after tax effect

Billions of yen

Edgar Filing: NTT DOCOMO INC - Form 6-K

	Year ended March 31, 2008	Three months ended December 31, 2008	Nine months ended December 31, 2008	Nine months ended December 31, 2007
a. Operating income	¥ 808.3	¥ 169.8	¥ 746.8	¥ 625.0
b. Operating income after tax effect {=a*(1-effective tax rate)} (effective tax rate: 40.9%)	477.7	100.4	441.4	369.4
c. Capital employed	4,759.6	4,994.5	4,885.9	4,746.5
ROCE before tax effect (=a/c)	17.0%	3.4%	15.3%	13.2%
ROCE after tax effect (=b/c)	10.0%	2.0%	9.0%	7.8%

Notes: Capital employed (for annual period) = The average of (Shareholders equity + Interest bearing liabilities), each as of March 31, 2007 and 2008

Capital employed (for three months) = The average of (Shareholders equity + Interest bearing liabilities), each as of September 30, 2008 and December 31, 2008

Capital employed (for nine months) = The average of (Shareholders equity + Interest bearing liabilities), each as of March 31, 2008 (or 2007) and December 31,

2008 (or 2007)

Interest bearing
liabilities =
Current portion
of long-term
debt +
Short-term
borrowings +
Long-term debt

3. Free cash flows excluding irregular factors and changes in investments for cash management purposes

	Billions of yen			
	Year ended March 31, 2008	Three months ended December 31, 2008	Nine months ended December 31, 2008	Nine months ended December 31, 2007
Free cash flows excluding irregular factors and changes in investments for cash management purposes	¥ 442.4	¥ 231.9	¥ 167.3	¥ 361.2
Irregular factors (1)	210.0	(188.0)	(188.0)	9.0
Changes in investments for cash management purposes (2)	148.9	(25.3)	23.9	147.7
Free cash flows	801.3	18.6	3.2	517.9
Net cash used in investing activities	(758.8)	(201.2)	(625.0)	(509.5)
Net cash provided by operating activities	1,560.1	219.8	628.1	1,027.4

Notes:

- (1) Irregular factors represent the effects of uncollected revenues due to a bank closure at the end of the fiscal period. Irregular factors during the nine months ended December 31, 2007 was the net effect of bank closures as of March 31, 2007 and

December 31,
2007.

- (2) Changes in investments for cash management purposes were derived from purchases, redemption at maturity and disposals of financial instruments held for cash management purposes with original maturities of longer than three months. Net cash used in investing activities for the nine months ended December 31, 2008 and 2007 and the year ended March 31, 2008 includes changes in investments for cash management purposes.

Special Note Regarding Forward-Looking Statements

This earnings release contains forward-looking statements such as forecasts of results of operations, management strategies, objectives and plans, forecasts of operational data such as expected number of subscribers, and expected dividend payments. All forward-looking statements that are not historical facts are based on management's current plans, expectations, assumptions and estimates based on the information currently available. Some of the projected numbers in this earnings release were derived using certain assumptions that are indispensable for making such projections in addition to historical facts. These forward-looking statements are subject to various known and unknown risks, uncertainties and other factors that could cause our actual results to differ materially from those contained in or suggested by any forward-looking statement. Potential risks and uncertainties include, without limitation, the following:

1. As competition in the market becomes more fierce due to changes in the business environment caused by Mobile Number Portability, new market entrants, competition from other cellular service providers or other technologies, and other factors could limit our acquisition of new subscribers, retention of existing subscribers, or may lead to diminishing ARPU or an increase in our costs and expenses.
2. Current and new services, usage patterns, and sales schemes introduced by our corporate group may not develop as planned, which could affect our financial condition and limit our growth.
3. The introduction or change of various laws or regulations or the application of such laws and regulations to our corporate group could restrict our business operations, which may adversely affect our financial condition and results of operations.
4. Limitations in the amount of frequency spectrum or facilities made available to us could negatively affect our ability to maintain and improve our service quality and level of customer satisfaction.
5. The W-CDMA technology that we use for our 3G system and/or mobile multimedia services may not be introduced by other overseas operators, which could limit our ability to offer international services to our subscribers.
6. Our domestic and international investments, alliances and collaborations may not produce the returns or provide the opportunities we expect.
7. As electronic payment capability and many other new features are built into our cellular phones, and services of parties other than those belonging to our corporate group are provided through our cellular handsets, potential problems resulting from malfunctions, defects or loss of handsets, or imperfection of services provided by such other parties may arise, which could have an adverse effect on our financial condition and results of operations.
8. Social problems that could be caused by misuse or misunderstanding of our products and services may adversely affect our credibility or corporate image.
9. Inadequate handling of confidential business information including personal information by our corporate group, contractors and other factors may adversely affect our credibility or corporate image.
10. Owners of intellectual property rights that are essential for our business execution may not grant us the right to license or otherwise use such intellectual property rights on acceptable terms or at all, which may limit our ability to offer certain technologies, products and/or services, and we may also be held liable for damage compensation if we infringe the intellectual property rights of others.
11. Earthquakes, power shortages, malfunctioning of equipment, software bugs, computer viruses, cyber attacks, hacking, unauthorized access and other problems could cause systems failures in the networks required for the provision of service, disrupting our ability to offer services to our subscribers, and may adversely affect our credibility or corporate image.
12. Concerns about wireless telecommunications health risks may adversely affect our financial condition and results of operations.
13. Our parent company, Nippon Telegraph and Telephone Corporation (NTT), could exercise influence that may not be in the interests of our other shareholders.

Table of Contents

SLIDE No. 30 RESULTS FOR 3Q OF FY2008 30 / 31 Definition and Calculation Methods of MOU and ARPU ? MOU (Minutes of usage): Average communication time per one month per one user. ? ARPU (Average monthly Revenue Per Unit): Average monthly revenue per unit, or ARPU, is used to measure average monthly operating revenues attributable to designated services on a per subscription basis. ARPU is calculated by dividing various revenue items included in our wireless services revenues, such as monthly charges, voice transmission charges and packet transmission charges, from designated services which are incurred consistently each month, by the number of active subscriptions to the relevant services. Accordingly, the calculation of ARPU excludes revenues that are not representative of monthly average usage such as activation fees. We believe that our ARPU figures provide useful information to analyze the average usage per subscription and the impacts of changes in our billing arrangements. The revenue items included in the numerators of our ARPU figures are based on our U.S. GAAP results of operations. ? Aggregate ARPU (FOMA+mova): Voice ARPU (FOMA+mova) + Packet ARPU (FOMA+mova) ? Voice ARPU (FOMA+mova): Voice ARPU (FOMA+mova) Related Revenues (monthly charges, voice transmission charges) / No. of active cellular phone subscriptions (FOMA+mova) ? Packet ARPU (FOMA+mova): {Packet ARPU (FOMA) Related Revenues (monthly charges, packet transmission charges) + i-mode ARPU (mova) Related Revenues (monthly charges, packet transmission charges)} / No. of active cellular phone subscriptions (FOMA+mova) ? i-mode ARPU (FOMA+mova): i-mode ARPU (FOMA+mova) Related Revenues (monthly charges, packet transmission charges) / No. of active cellular phone subscriptions (FOMA+mova) ? Aggregate ARPU (FOMA): Voice ARPU (FOMA) + Packet ARPU (FOMA) ? Voice ARPU (FOMA): Voice ARPU (FOMA) Related Revenues (monthly charges, voice transmission charges) / No. of active cellular phone subscriptions (FOMA) ? Packet ARPU (FOMA): Packet ARPU (FOMA) Related Revenues (monthly charges, packet transmission charges) / No. of active cellular phone subscriptions (FOMA) ? i-mode ARPU (FOMA): i-mode ARPU (FOMA) Related Revenues (monthly charges, packet transmission charges) / No. of active cellular phone subscriptions (FOMA) ? Aggregate ARPU (mova): Voice ARPU (mova) + i-mode ARPU (mova) ? Voice ARPU (mova): Voice ARPU (mova) Related Revenues (monthly charges, voice transmission charges) / No. of active cellular phone subscriptions (mova) ? i-mode ARPU (mova): i-mode ARPU (mova) Related Revenues (monthly charges, packet transmission charges) / No. of active cellular phone subscriptions (mova) ? Number of active subscriptions used in ARPU and MOU calculations are as follows: ? Quarterly data: sum of No. of active subscriptions in each month"* of the current quarter ? Half-year data: sum of No. of active subscriptions in each month"* of the current half ? Full-year data: sum of No. of active subscriptions in each month"* of the current fiscal year * No. of active subscriptions in each month : (No. of subs at end of previous month + No. of subs at end of current month)/2 ?The revenues and no. of subscriptions of Communication Module Service are not included in the above calculation of ARPU and MOU.
