Item 1.01 Entry into a Material Definitive Agreement

On May 21, 2010, Dynegy Holdings Inc. (“DHI”) executed a new \$150 million unsecured bilateral contingent letter of credit facility with Morgan Stanley Capital Group Inc. Availability under the new facility will be tied to increases in spark spreads and power prices for 2012 positions. Management believes this new letter of credit facility represents a cost-effective supplement to its liquidity position and will facilitate opportunistic commercial activities in a rising price environment. A facility fee will accrue on the unutilized portion of the facility at an annual rate of 0.6 percent and letters of credit availability will accrue fees at an annual rate of 7.25 percent. The facility will mature on December 31, 2012.

The foregoing is intended only to be a summary of the letter of credit facility and is qualified in its entirety by the agreement, which is attached hereto as Exhibit 10.1 and is incorporated herein by reference.

Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

DHI entered into the Facility and Security Agreement on May 21, 2010, which is more fully described in Item 1.01 above and is incorporated by reference into this Item 2.03.

Item 5.02 Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Directors.

On May 21, 2010, Dynegy Inc.’s (“Dynegy”) stockholders approved a reverse stock split of outstanding common stock at a ratio of 1-for-5. This reverse stock split, effected on May 25, 2010, constituted a change in capitalization requiring automatic adjustment to outstanding equity-based compensation awards to reflect the reverse split. Namely, outstanding option awards were reduced by a factor of five and the exercise price increased by a multiple of five, outstanding restricted stock and phantom stock unit awards were reduced by a factor of five, and outstanding performance unit award agreements were adjusted such that any stock performance goals were increased by a multiple of five.

The foregoing description of the changes does not purport to be complete and is qualified in its entirety by reference to the complete text of the Global Amendment to Equity-Based Compensation Arrangements, executed on May 25, 2010, which is attached hereto as Exhibit 10.2 and is incorporated herein by reference.

Item 5.07 Submission of Matters to a Vote of Security Holders.
