THE COMPANY

Overview

Kimco Realty Corporation is one of the nation's largest publicly-traded owners and operators of neighborhood and community shopping centers. As of December 31, 2011, the Company had interests in 946 shopping center properties, aggregating 138.1 million square feet of gross leasable area (GLA), and 845 other property interests, primarily through the Company's preferred equity investments, other real estate investments and non-retail properties, totaling approximately 34.1 million square feet of GLA, for a grand total of 1,791 properties aggregating 172.2 million square feet of GLA, located in 44 states, Puerto Rico, Canada, Mexico, Chile, Brazil and Peru.

The Company is self-administered and self-managed through present management, which has owned and managed neighborhood and community shopping centers for over 50 years. The executive officers are engaged in the day-to-day management and operation of real estate exclusively with the Company, with nearly all operating functions, including leasing, asset management, maintenance, construction, legal, finance and accounting administered by the Company.

The Company's vision is to be the premier owner and operator of shopping centers with its core business operations focusing on owning and operating neighborhood and community shopping centers through investments in North America.

We believe that we have operated, and we intend to continue to operate, in such a manner to qualify as a REIT under the Internal Revenue Code of 1986, as amended (the Code). We have not engaged, nor do we expect to retain, any REIT advisors in connection with the operation of our properties. Our executive officers are engaged in the day-to-day management and operation of our real estate exclusively, and we administer nearly all operating functions for our properties, including leasing, asset management, maintenance, construction, legal, finance and accounting. Our executive offices are located at 3333 New Hyde Park Road, New Hyde Park, New York 11042-0020 and our telephone number is (516) 869-9000.

In order to maintain our qualification as a REIT for federal income tax purposes, we are required to distribute at least 90% of our net taxable income, excluding capital gains, each year. Dividends on any preferred stock issued by us are included as distributions for this purpose.

RISK FACTORS

You should carefully consider the risks and uncertainties incorporated by reference herein from our most recent Annual Report on Form 10-K, any subsequent Quarterly Reports on Form 10-Q or Current Reports on Form 8-K and in our reports we file with the SEC under Sections 13(a), 13(c), 14 or 15(d) of the Securities Exchange, as well as the risk factors set forth below and all of the information set forth in this prospectus and any accompanying prospectus supplement before investing in our securities.

Anti-takeover Effect of Restrictions on Ownership

For us to qualify as a REIT under the Code, not more than 50% in value of our outstanding stock may be owned, actually or constructively, by five or fewer individuals (as defined in the Code to include certain entities) during the last half of a taxable year. Our stock also must be beneficially owned by 100 or more persons during at least 335 days of a taxable year of 12 months or during a proportionate part of a shorter taxable year. In addition, rent from related party tenants (generally, a tenant of a REIT owned, actually or constructively, 10% or more by the REIT, or a 10% owner of the REIT) is not qualifying income for purposes of the income tests under the Code.

Subject to the exceptions specified in our charter, no holder may own, or be deemed to own by virtue of the constructive ownership provisions of the Code, more than 9.8% in value of the outstanding shares of our common stock or any currently authorized and outstanding class of our preferred stock. Our charter also contains restrictions relating to ownership of our shares which would cause our shares to be beneficially owned by less than 100 persons, cause us to be closely held within the meaning of the Code or otherwise result in our failure to qualify as a REIT. See

Description of Common Stock Restrictions on Ownership and Description of Preferred Stock Restrictions on Ownership. These ownership limits and other provisions restricting the ownership our common stock and preferred stock could delay or prevent a transaction or a change in control of the Company that might involve a premium price for the stock or otherwise be in the best interest of the stockholders.

We could classify and reclassify unissued preferred stock and issue stock without stockholder approval.

Our board of directors has the power under our charter to authorize us to issue authorized but unissued shares of our common stock or preferred stock and to classify or reclassify any unissued shares of our preferred stock into one or more classes or series of stock and set the terms of such newly classified or reclassified shares. Although our board of directors has no such intention at the present time, it could establish a class or series of preferred stock that could, depending on the terms of such series, delay, defer or prevent a transaction or a change of control that might involve a premium price for our securities or that our stockholders otherwise believe to be in their best interests.

Certain provisions of Maryland law could inhibit changes in control, which may discourage third parties from conducting a tender offer or seeking other change of control transactions that our stockholders otherwise believe to be in their best interests.

Certain provisions of the Maryland General Corporation Law, may have the effect of inhibiting a third party from making a proposal to acquire us or of impeding a change of control under circumstances that otherwise could be in the best interest of our stockholders, including:

business combination provisions that, subject to limitations, prohibit certain business combinations between us and an interested stockholder (defined generally as any person who beneficially owns 10% or more of the voting power of our shares or an affiliate thereof or an affiliate or associate of ours who was the beneficial owner, directly or indirectly, of 10% or more of the voting power of our then outstanding voting stock at any time within the two-year period immediately prior to the date in question) for five years after the most recent date on which the stockholder becomes an interested stockholder, and thereafter impose fair price and/or supermajority and stockholder voting requirements on these combinations; and

control share provisions that provide that control shares of our company (defined as shares that, when aggregated with other shares controlled by the stockholder, entitle the stockholder to exercise one of three increasing ranges of voting power in electing directors) acquired in a control share acquisition (defined as the direct or indirect acquisition of ownership or control of issued and outstanding control shares) have no voting rights except to the extent approved by our stockholders by the affirmative vote of at least two-thirds of all the votes entitled to be cast on the matter, excluding all interested shares.

We have not elected to opt-out of the business combination provisions of the Maryland General Corporation Law. As permitted by the Maryland General Corporation Law, we have elected, pursuant to a provision in our bylaws, to exempt any acquisition of our stock from the control share provisions of the Maryland General Corporation Law. However, our board of directors may by amendment to our bylaws opt into the control share provisions of the Maryland General Corporation Law at any time in the future.

Certain provisions of the Maryland General Corporation Law permit our board of directors, without stockholder approval and regardless of what is currently provided in our charter or bylaws, to implement certain corporate governance provisions, some of which (for example, a classified board) are not currently applicable to us. These provisions may have the effect of limiting or precluding a third party from making an unsolicited acquisition proposal for us or of delaying, deferring or preventing a change in control of us under circumstances that otherwise could be in

the best interest of our stockholders. See Provisions of Maryland Law and Our Charter and Bylaws.

Our rights and the rights of our stockholders to take action against our directors and officers are limited.

Our charter eliminates the liability of our directors and officers to us and our stockholders for money damages, except for liability resulting from:

.
actual receipt of an improper benefit or profit in money, property or services; or

.
a final judgment based upon a finding of active and deliberate dishonesty by the director or officer that was material to the cause of action adjudicated.

In addition, our charter authorizes us to obligate Kimco, and our bylaws require Kimco, to indemnify our directors and officers for actions taken by them in those and certain other capacities to the maximum extent permitted by Maryland law. As a result, we and our stockholders may have more limited rights against our directors and officers than might otherwise exist. See Provisions of Maryland Law and Our Charter and Bylaws.

The ability of our board of directors to revoke our REIT qualification without stockholder approval may cause adverse consequences to our stockholders.

Our charter provides that our board of directors may revoke or otherwise terminate our REIT election, without the approval of our stockholders, if it determines that it is no longer in our best interest to continue to qualify as a REIT. If we cease to be a REIT, we would become subject to federal income tax on our taxable income and would no longer be required to distribute most of our taxable income to our stockholders, which may have adverse consequences on the total return to our stockholders.

USE OF PROCEEDS

Unless otherwise described in the applicable prospectus supplement, we intend to use the net proceeds from the sale of the securities offered by this prospectus for general corporate purposes, which may include the acquisition of neighborhood and community shopping centers as suitable opportunities arise, the expansion and improvement of certain properties in our portfolio, or the repayment or refinancing of indebtedness outstanding at that time including the repayment or reduction of indebtedness on our outstanding line of credit which may be re-borrowed at a later time.

The factors which we will consider in any refinancing will include the amount and characteristics of any debt securities issued and may include, among others, the impact of such refinancing on our interest coverage, debt-to-capital ratio, liquidity and earnings per share. If we identify any specific use for the net proceeds from the sale of securities, we will describe such use in the accompanying prospectus supplement.

RATIOS OF EARNINGS TO FIXED CHARGES

All periods presented below have been adjusted to reflect the impact of operating properties sold and classified as discontinued operations during the year ended December 31, 2011 and for properties classified as held for sale as of December 31, 2011, in accordance with the Financial Accounting Standards Board's (FASB) Property, Plant and Equipment guidance.

Our ratios of earnings to fixed charges for the years ended December 31, 2011, 2010, 2009, 2008 and 2007 were 2.0, 1.8, 1.3, 2.0 and 3.0, respectively. Our ratios of earnings to combined fixed charges and preferred stock dividend requirements for the years ended December 31, 2011, 2010, 2009, 2008 and 2007 were 1.6, 1.5, 1.1, 1.7 and 2.8, respectively.

For purposes of computing these ratios, earnings have been calculated by adding fixed charges (excluding capitalized interest), amortization of capitalized interest and distributed income of equity investees to pre-tax income from continuing operations before adjustment for noncontrolling interests in consolidated subsidiaries or income/loss from unconsolidated partnerships. Fixed charges consist of interest costs, whether expensed or capitalized, the interest component of rental expense, and amortization of debt discounts and issue costs, whether expensed or capitalized.

DESCRIPTION OF DEBT SECURITIES

Our unsecured senior debt securities are to be issued under an indenture, dated as of September 1, 1993, as amended by the first supplemental indenture, dated as of August 4, 1994, the second supplemental indenture, dated as of April 7, 1995, the third supplemental indenture, dated as of June 2, 2006, the fourth supplemental indenture, dated as of April 26, 2007, the fifth supplemental indenture, dated as of September 24, 2009, and as further amended or supplemented from time to time, between us and The Bank of New York Mellon (successor by merger to IBJ Schroder Bank & Trust Company), as trustee. The indenture has been filed as an exhibit to the registration statement of which this prospectus is a part and is available for inspection at the corporate trust office of the trustee at 101

Barclay Street, 8th Floor, New York, New York 10286 or as described above under [Where You Can Find More Information](#). The indenture is subject to, and governed by, the Trust Indenture Act of 1939, as amended. The statements made hereunder relating to the indenture and the debt securities to be issued thereunder are summaries of some of the provisions thereof and do not purport to be complete and are subject to, and are qualified in their entirety by reference to, all provisions of the indenture and the debt securities. All section references appearing herein are to sections of the indenture.

General

The debt securities will be our direct, unsecured obligations and will rank equally with all of our other unsecured and unsubordinated indebtedness. The indenture provides that the debt securities may be issued without limit as to aggregate principal amount, in one or more series, in each case as established from time to time in or pursuant to authority granted by a resolution of our board of directors or as established in one or more indentures supplemental to the indenture. All debt securities of one series need not be issued at the same time and, unless otherwise provided, a series may be reopened, without the consent of the holders of the debt securities of such series, for issuances of additional debt securities of that series (Section 301).

The indenture provides that there may be more than one trustee thereunder, each with respect to one or more series of debt securities. Any trustee under the indenture may resign or be removed with respect to one or more series of debt securities, and a successor trustee may be appointed to act with respect to that series (Section 608). In the event that two or more persons are acting as trustee with respect to different series of debt securities, each trustee shall be a trustee of a trust under the indenture separate and apart from the trust administered by any other trustee (Section 609), and, except as otherwise indicated herein, any action described herein to be taken by the trustee may be taken by each trustee with respect to, and only with respect to, the one or more series of debt securities for which it is trustee under the indenture.

(10)

our obligation, if any, to redeem, repay or purchase those debt securities pursuant to any sinking fund or analogous provision or at the option of a holder of those debt securities and the period or periods within which, the price or prices at which and the terms and conditions upon which those debt securities will be redeemed, repaid or purchased, as a whole or in part, pursuant to that obligation;

(11)

if other than U.S. dollars, the currency or currencies in which those debt securities are denominated and payable, which may be units of two or more foreign currencies or a composite currency or currencies, and the terms and conditions relating thereto;

(12)

whether the amount of payments of principal of (and premium, if any) or interest, if any, on those debt securities may be determined with reference to an index, formula or other method (which index, formula or method may, but need not be, based on a currency, currencies, currency unit or units or composite currency or currencies) and the manner in which those amounts shall be determined;

(13)

(14)

whether those debt securities will be issued in certificated or book-entry form or both;

(15)

whether those debt securities will be in registered or bearer form and, if in registered form, their denominations if other than \$1,000 and any integral multiple of \$1,000 and, if in bearer form, their denominations and the terms and conditions relating thereto;

(16)

(17)

if those debt securities are to be issued upon the exercise of debt warrants, the time, manner and place for those debt securities to be authenticated and delivered;

(18)

the terms, if any, upon which those debt securities may be convertible into our common stock or our preferred stock and the terms and conditions upon which that conversion will be effected, including, without limitation, the initial conversion price or rate and the conversion period;

(19)

whether and under what circumstances we will pay additional amounts as contemplated in the indenture on those debt securities in respect of any tax, assessment or governmental charge and, if so, whether we will have the option to redeem those debt securities in lieu of making such payment; and

(20)

any other terms of those debt securities not inconsistent with the provisions of the indenture (Section 301).

The debt securities may provide for less than the entire principal amount thereof to be payable upon declaration of acceleration of their maturity. We refer to this type of debt securities as original issue discount securities. Any material or applicable special U.S. federal income tax, accounting and other considerations applicable to original issue discount securities will be described in the applicable prospectus supplement.

Except as described under Merger, Consolidation or Sale, the indenture does not contain any other provisions that would limit our ability to incur indebtedness or to substantially reduce or eliminate our assets, which may have an adverse effect on our ability to service our indebtedness (including the debt securities) or that would afford holders of the debt securities protection in the event of:

(1)

a highly leveraged or similar transaction involving us, our management, or any affiliate of any of those parties,

(2)

a change of control, or

(3)

a reorganization, restructuring, merger or similar transaction involving us that may adversely affect the holders of our debt securities.

Furthermore, subject to the limitations set forth under Merger, Consolidation or Sale, we may, in the future, enter into certain transactions, such as the sale of all or substantially all of our assets or a merger or consolidation involving us, that would increase the amount of our indebtedness or substantially reduce or eliminate our assets, which may have an adverse effect on our ability to service our indebtedness, including the debt securities. In addition, restrictions on ownership and transfers of our common stock and our preferred stock are designed to preserve our status as a REIT and, therefore, may act to prevent or hinder a change of control. You should refer to the applicable prospectus supplement for information with respect to any deletions from, modifications of or additions to the events of default or our covenants that are described below, including any addition of a covenant or other provision providing event risk or similar protection.

A significant number of our properties are owned through our subsidiaries or joint ventures. Therefore, our rights and those of our creditors, including holders of debt securities, to participate in the assets of those subsidiaries or joint ventures upon the liquidation or recapitalization of those subsidiaries or joint ventures or otherwise will be subject to the prior claims of those entities respective creditors (except to the extent that our claims as a creditor may be recognized).

Denominations, Interest, Registration and Transfer

Unless otherwise described in the applicable prospectus supplement, the debt securities of any series will be issuable in denominations of \$1,000 and integral multiples of \$1,000 (Section 302).

Unless otherwise specified in the applicable prospectus supplement, the principal of (and premium, if any) and interest on any series of debt securities will be payable at the corporate trust office of the trustee, initially located at 101 Barclay Street, 8th Floor, New York, New York 10286, provided that, at our option, payment of interest may be made by check mailed to the address of the person entitled thereto as it appears in the security register or by wire transfer of funds to that person at an account maintained within the United States (Sections 301, 305, 306, 307 and 1002).

Any interest not punctually paid or duly provided for on any interest payment date with respect to a debt security will forthwith cease to be payable to the holder of that debt security on the applicable regular record date and may either be paid to the person in whose name that debt security is registered at the close of business on a special record date for the payment of the interest not punctually paid or duly provided for to be fixed by the trustee, notice whereof shall be given to the holder of that debt security not less than 10 days prior to the special record date, or may be paid at any time in any other lawful manner, all as more completely described in the indenture.

Subject to certain limitations imposed upon debt securities issued in book-entry form, the debt securities of any series will be exchangeable for other debt securities of the same series and of a like aggregate principal amount and tenor of different authorized denominations upon surrender of those debt securities at the corporate trust office of the trustee.

In addition, subject to certain limitations imposed upon debt securities issued in book-entry form, the debt securities of any series may be surrendered for conversion or registration of transfer or exchange thereof at the corporate trust office of the trustee. Every debt security surrendered for conversion, registration of transfer or exchange shall be duly endorsed or accompanied by a written instrument of transfer. No service charge will be imposed for any registration of transfer or exchange of any debt securities, but we may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection with the registration of transfer or exchange of debt securities (Section 305). If the applicable prospectus supplement refers to any transfer agent (in addition to the trustee) initially designated by us with respect to any series of debt securities, we may at any time rescind the designation of that transfer agent or approve a change in the location through which that transfer agent acts, except that we will be required to maintain a transfer agent in each place of payment for that series. We may at any time designate additional transfer agents with respect to any series of debt securities (Section 1002).

Neither we nor any trustee shall be required to:

(1)

issue, register the transfer of or exchange debt securities of any series during a period beginning at the opening of business 15 days before any selection of debt securities of that series to be redeemed and ending at the close of business on the day of mailing of the relevant notice of redemption;

(2)

register the transfer of or exchange any debt security, or portion thereof, called for redemption, except the unredeemed portion of any debt security being redeemed in part; or

(3)

issue, register the transfer of or exchange any debt security which has been surrendered for repayment at the option of the holder of that debt security, except the portion, if any, of that debt security not to be so repaid (Section 305).

Merger, Consolidation or Sale

We may consolidate with, or sell, lease or convey all or substantially all of our assets to, or merge with or into, any other corporation, provided that:

(1)

either we shall be the continuing corporation, or the successor corporation (if other than us) formed by or resulting from that consolidation or merger or which shall have received the transfer of our assets, shall expressly assume payment of the principal of (and premium, if any) and interest on all of the debt securities and the due and punctual performance and observance of all of the covenants and conditions contained in the indenture;

(2)

immediately after giving effect to that transaction and treating any indebtedness which becomes an obligation of ours or of any of our subsidiaries as a result thereof as having been incurred by us or that subsidiary at the time of that transaction, no event of default under the indenture, and no event which, after notice or the lapse of time, or both, would become an event of default, shall have occurred and be continuing; and

(3)

an officer's certificate and legal opinion covering the above conditions shall be delivered to the trustee (Sections 801 and 803).

Certain Covenants

Existence. Except as permitted under Merger, Consolidation or Sale, we will do or cause to be done all things necessary to preserve and keep in full force and effect our corporate existence, rights (charter and statutory) and franchises; provided, however, that we will not be required to preserve any right or franchise if we determine that the preservation of that right or franchise is no longer desirable in the conduct of our business and that the loss of that right or franchise is not disadvantageous in any material respect to the holders of the debt securities (Section 1006).

Maintenance of Properties. We will cause all of our properties used or useful in the conduct of our business or the business of any of our subsidiaries to be maintained and kept in good condition, repair and working order and supplied with all necessary equipment and will cause to be made all necessary repairs, renewals, replacements, betterments and improvements to those properties, all as in the board's judgment may be necessary so that the business carried on in connection with those properties may be properly and advantageously conducted at all times; provided, however, that we and our subsidiaries will not be prevented from selling or otherwise disposing for value our respective properties in the ordinary course of business (Section 1007).

Insurance. We will, and will cause each of our subsidiaries to, keep all of our insurable properties insured against loss or damage at least in an amount equal to their then full insurable value with insurers of recognized responsibility and having a rating of at least A: VIII in Best's Key Rating Guide (Section 1008).

Payment of Taxes and Other Claims. We will pay or discharge or cause to be paid or discharged, before the same shall become delinquent,

(1)

all taxes, assessments and governmental charges levied or imposed upon us or any of our subsidiaries or upon our income, profits or property or the income, profits or property of any of our subsidiaries, and

(2)

all lawful claims for labor, materials and supplies which, if unpaid, might by law become a lien upon our property or the property of any of our subsidiaries; provided, however, that we will not be required to pay or discharge or cause to be paid or discharged any tax, assessment, charge or claim whose amount, applicability or validity is being contested in good faith by appropriate proceedings (Section 1009).

Provision of Financial Information. Whether or not we are subject to Section 13 or 15(d) of the Securities Exchange Act, we will, to the extent permitted under the Securities Exchange Act, file with the SEC the annual reports, quarterly reports and other documents which we would have been required to file with the SEC pursuant to Section 13 or 15(d) of the Securities Exchange Act if we were so subject, those documents to be filed with the SEC on or prior to the respective dates by which we would have been required so to file those documents if we were so subject. We will also in any event:

(1) within 15 days of each date by which we would have been required to file those documents with the SEC pursuant to Section 13 or 15(d) of the Securities Exchange Act:

a.

transmit by mail to all holders of debt securities, as their names and addresses appear in the security register, without cost to the holders of debt securities, copies of the annual reports and quarterly reports which we would have been required to file with the SEC pursuant to Section 13 or 15(d) of the Securities Exchange Act if we were subject to those Sections, and

b.

file with the trustee copies of the annual reports, quarterly reports and other documents which we would have been required to file with the SEC pursuant to Section 13 or 15(d) of the Securities Exchange Act if we were subject to those Sections, and

(2) if filing those documents by us with the SEC is not permitted under the Securities Exchange Act, promptly upon written request and payment of the reasonable cost of duplication and delivery, supply copies of those documents to any prospective holder of debt securities (Section 1010).

Events of Default, Notice and Waiver

The indenture provides that the following events are events of default with respect to any series of debt securities issued thereunder:

(1)

default for 30 days in the payment of any installment of interest on any debt security of that series;

(2)

default in the payment of the principal of (or premium, if any, on) any debt security of that series at its maturity;

(3)

default in making any sinking fund payment as required for any debt security of that series;

(4)

default in the performance of any of our other covenants contained in the indenture (other than a covenant added to the indenture solely for the benefit of a series of debt securities issued thereunder other than that series), continued for 60 days after written notice as provided in the indenture;

(5)

default in the payment of an aggregate principal amount exceeding \$10,000,000 of any evidence of our indebtedness or any mortgage, indenture or other instrument under which indebtedness is issued or by which that indebtedness is secured, that default having occurred after the expiration of any applicable grace period and having resulted in the acceleration of the maturity of that indebtedness, but only if that indebtedness is not discharged or that acceleration is not rescinded or annulled;

(6)

certain events of bankruptcy, insolvency or reorganization, or court appointment of a receiver, liquidator or trustee of ours or any of our significant subsidiaries (as defined in Regulation S-X promulgated under the Securities Act) or either of our properties; and

(7)

any other event of default provided with respect to a particular series of debt securities (Section 501).

If an event of default under the indenture with respect to debt securities of any series at the time outstanding occurs and is continuing, then in all of those cases the trustee or the holders of not less than 25% in principal amount of the outstanding debt securities of that series may declare the principal amount (or, if the debt securities of that series are original issue discount securities or indexed securities, that portion of the principal amount as may be specified in the terms thereof) of all of the debt securities of that series to be due and payable immediately by written notice thereof to us (and to the trustee if given by the holders of debt securities). However, at any time after a declaration of acceleration with respect to debt securities of that series (or of all debt securities then outstanding under the indenture, as the case may be) has been made, but before a judgment or decree for payment of the money due has been obtained by the trustee, the holders of not less than a majority in principal amount of outstanding debt securities of that series (or of all debt securities then outstanding under the indenture, as the case may be) may rescind and annul that declaration and its consequences if:

(1)

we shall have deposited with the trustee all required payments of the principal of (and premium, if any) and interest on the debt securities of that series (or of all debt securities then outstanding under the indenture, as the case may be), plus certain fees, expenses, disbursements and advances of the trustee, and

(2)

all events of default, other than the non-payment of accelerated principal (or specified portion thereof), with respect to debt securities of that series (or of all debt securities then outstanding under the indenture, as the case may be) have been cured or waived as provided in the indenture (Section 502). The indenture also provides that the holders of not less than a majority in principal amount of the outstanding debt securities of any series (or of all debt securities then outstanding under the indenture, as the case may be) may waive any past default with respect to that series and its consequences, except a default:

a.

in the payment of the principal of (or premium, if any) or interest on any debt security of that series, or

b.

in respect of a covenant or provision contained in the indenture that cannot be modified or amended without the consent of the holder of each outstanding debt security affected thereby (Section 513).

The trustee is required to give notice to the holders of debt securities within 90 days of a default under the indenture; provided, however, that the trustee may withhold notice to the holders of any series of debt securities of any default with respect to that series (except a default in the payment of the principal of (or premium, if any) or interest on any debt security of that series or in the payment of any sinking fund installment in respect of any debt security of that series) if the responsible officers of the trustee consider that withholding to be in the interest of those holders of debt securities (Section 601).

The indenture provides that no holders of debt securities of any series may institute any proceedings, judicial or otherwise, with respect to the indenture or for any remedy thereunder, except in the case of failure of the trustee, for 60 days, to act after it has received a written request to institute proceedings in respect of an event of default from the holders of not less than 25% in principal amount of the outstanding debt securities of that series, as well as an offer of indemnity reasonably satisfactory to it (Section 507). This provision will not prevent, however, any holder of debt securities from instituting suit for the enforcement of payment of the principal of (and premium, if any) and interest on those debt securities at the respective due dates thereof (Section 508).

Subject to provisions in the indenture relating to its duties in case of default, the trustee is under no obligation to exercise any of its rights or powers under the indenture at the request or direction of any holders of any series of debt securities then outstanding under the indenture, unless those holders shall have offered to the trustee reasonable security or indemnity satisfactory to it (Section 602). The holders of not less than a majority in principal amount of the outstanding debt securities of any series (or of all debt securities then outstanding under the indenture, as the case may be) shall have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee, or of exercising any trust or power conferred upon the trustee. However, the trustee may refuse to follow any direction which is in conflict with any law or the indenture, which may involve the trustee in personal liability or which may be unduly prejudicial to the holders of debt securities of those series not joining therein (Section 512).

Within 120 days after the close of each fiscal year, we must deliver to the trustee a certificate, signed by one of several specified officers, stating whether or not that officer has knowledge of any default under the indenture and, if so, specifying each of those defaults and the nature and status thereof (Section 1011).

Modification

Modifications and amendments of the indenture and debt securities may be made only with the consent of the holders of not less than a majority in principal amount of all outstanding debt securities which are affected by such modification or amendment; provided, however, that no modification or amendment may, without the consent of the holder of each of the debt securities affected thereby,

(1)

change the stated maturity of the principal of, or any installment of interest (or premium, if any) on, any debt security;

(2)

reduce the principal amount of, or the rate or amount of interest on, or any premium payable on redemption of, any debt security, or reduce the amount of principal of an original issue discount security that would be due and payable upon declaration of acceleration of the maturity thereof or would be provable in bankruptcy, or adversely affect any right of repayment of the holder of any debt security;

(3)

change the place of payment, or the coin or currency, for payment of principal of (or premium, if any) or interest on any debt security;

(4)

impair the right to institute suit for the enforcement of any payment on or with respect to any debt security;

(5)

reduce the above-stated percentage of outstanding debt securities of any series necessary to modify or amend the indenture, to waive compliance with certain provisions thereof or certain defaults and consequences thereunder or to reduce the quorum or voting requirements set forth in the indenture; or

(6)

modify any of the foregoing provisions or any of the provisions relating to the waiver of certain past defaults or certain covenants, except to increase the required percentage to effect that action or to provide that certain other provisions may not be modified or waived without the consent of the holder of that debt security (Section 902).

The holders of not less than a majority in principal amount of outstanding debt securities have the right to waive compliance by us with some of the covenants in the indenture (Section 1013).

Edgar Filing: KIMCO REALTY CORP - Form S-3ASR

Modifications and amendments of the indenture may be made by us and the trustee without the consent of any holder of debt securities for any of the following purposes:

(1)

to evidence the succession of another person to us as obligor under the indenture;

(2)

to add to our covenants for the benefit of the holders of all or any series of debt securities or to surrender any right or power conferred upon us in the indenture;

(3)

to add events of default for the benefit of the holders of all or any series of debt securities;

(4)

to add or change any provisions of the indenture to facilitate the issuance of, or to liberalize some of the terms of, debt securities in bearer form, or to permit or facilitate the issuance of debt securities in uncertificated form, provided that such action shall not adversely affect the interests of the holders of the debt securities of any series in any material respect;

(5)

to change or eliminate any provisions of the indenture, provided that any of those changes or elimination shall become effective only when there are no debt securities outstanding of any series created prior thereto which are entitled to the benefit of that provision;

(6)

to secure the debt securities;

(7)

to establish the form or terms of debt securities of any series, including the provisions and procedures, if applicable, for the conversion of those debt securities into our common stock or our preferred stock;

(8)

to provide for the acceptance of appointment by a successor trustee or facilitate the administration of the trusts under the indenture by more than one trustee;

(9)

to cure any ambiguity, defect or inconsistency in the indenture, provided that such action shall not adversely affect the interests of the holders of debt securities of any series in any material respect; or

(10)

to supplement any of the provisions of the indenture to the extent necessary to permit or facilitate defeasance and discharge of any series of those debt securities, provided that such action shall not adversely affect the interests of the holders of the debt securities of any series in any material respect (Section 901).

The indenture provides that in determining whether the holders of the requisite principal amount of outstanding debt securities of a series have given any request, demand, authorization, direction, notice, consent or waiver thereunder or whether a quorum is present at a meeting of holders of debt securities,

(1)

the principal amount of an original issue discount security that shall be deemed to be outstanding shall be the amount of the principal thereof that would be due and payable as of the date of that determination upon declaration of acceleration of the maturity thereof,

(2)

the principal amount of a debt security denominated in a foreign currency that shall be deemed outstanding shall be the U.S. Dollar equivalent, determined on the issue date for that debt security, of the principal amount (or, in the case of an original issue discount security, the U.S. Dollar equivalent on the issue date of that debt security of the amount determined as provided in (1) above),

(3)

the principal amount of an indexed security that shall be deemed outstanding shall be the principal face amount of that indexed security at original issuance, unless otherwise provided with respect to that indexed security pursuant to Section 301 of the indenture, and

(4)

debt securities owned by us or any other obligor upon the debt securities or any of our affiliates or of that other obligor shall be disregarded (Section 101).

The indenture contains provisions for convening meetings of the holders of debt securities of a series (Section 1501). A meeting may be called at any time by the trustee, and also, upon request, by us or the holders of at least 10% in principal amount of the outstanding debt securities of that series, in any of those cases upon notice given as provided in the indenture (Section 1502). Except for any consent that must be given by the holder of each debt security affected by certain modifications and amendments of the indenture, any resolution presented at a meeting or adjourned meeting duly reconvened at which a quorum is present may be adopted by the affirmative vote of the holders of a majority in principal amount of the outstanding debt securities of that series; provided, however, that, except as referred to above, any resolution with respect to any request, demand, authorization, direction, notice, consent, waiver or other action that may be made, given or taken by the holders of a specified percentage, which is less than a majority, in principal amount of the outstanding debt securities of a series may be adopted at a meeting or adjourned meeting duly reconvened at which a quorum is present by the affirmative vote of the holders of that specified percentage in principal amount of the outstanding debt securities of that series. Any resolution passed or decision taken at any meeting of holders of debt securities of any series duly held in accordance with the indenture will be binding on all holders of debt securities of that series. The quorum at any meeting called to adopt a resolution, and at any reconvened meeting, will be persons holding or representing a majority in principal amount of the outstanding debt securities of a series; provided, however, that if any action is to be taken at that meeting with respect to a consent or waiver which may be given by the holders of not less than a specified percentage in principal amount of the outstanding debt securities of a series, the persons holding or representing that specified percentage in principal amount of the outstanding debt securities of that series will constitute a quorum (Section 1504).

Notwithstanding the foregoing provisions, if any action is to be taken at a meeting of holders of debt securities of any series with respect to any request, demand, authorization, direction, notice, consent, waiver or other action that the indenture expressly provides may be made, given or taken by the holders of a specified percentage in principal amount of all outstanding debt securities affected thereby, or of the holders of that series and one or more additional series:

(1)

there shall be no minimum quorum requirement for that meeting, and

(2)

the principal amount of the outstanding debt securities of that series that vote in favor of that request, demand, authorization, direction, notice, consent, waiver or other action shall be taken into account in determining whether that request, demand, authorization, direction, notice, consent, waiver or other action has been made, given or taken under the indenture (Section 1504).

Discharge, Defeasance and Covenant Defeasance

We may discharge certain obligations to holders of any series of debt securities that have not already been delivered to the trustee for cancellation and that either have become due and payable or will become due and payable within one year (or scheduled for redemption within one year) by irrevocably depositing with the trustee, in trust, funds in the currency or currencies, currency unit or units or composite currency or currencies in which those debt securities are payable in an amount sufficient to pay the entire indebtedness on those debt securities in respect of principal (and premium, if any) and interest to the date of that deposit (if those debt securities have become due and payable) or to the stated maturity or redemption date, as the case may be (Section 401).

The indenture provides that, if the provisions of article fourteen of the indenture are made applicable to the debt securities of or within any series pursuant to Section 301 of the indenture, we may elect either:

(1)

to defease and be discharged from any and all obligations with respect to those debt securities (except for the obligation to pay additional amounts, if any, upon the occurrence of certain events of tax, assessment or governmental charge with respect to payments on those debt securities and the obligations to register the transfer or exchange of those debt securities, to replace temporary or mutilated, destroyed, lost or stolen debt securities, to maintain an office or agency in respect of those debt securities and to hold moneys for payment in trust) (defeasance) (Section 1402); or

(2)

to be released from its obligations with respect to those debt securities under Sections 1004 to 1010, inclusive, and Section 1014 of the indenture (being the restrictions described under Certain Covenants) or, if provided pursuant to Section 301 of the indenture, its obligations with respect to any other covenant, and any omission to comply with those obligations shall not constitute a default or an event of default with respect to those debt securities (covenant defeasance) (Section 1403),

in either case upon the irrevocable deposit by us with the trustee, in trust, of an amount, in the currency or currencies, currency unit or units or composite currency or currencies in which those debt securities are payable at stated maturity, or Government Obligations (as defined below), or both, applicable to those debt securities which through the scheduled payment of principal and interest in accordance with their terms will provide money in an amount sufficient to pay the principal of (and premium, if any) and interest on those debt securities, and any mandatory sinking fund or analogous payments thereon, on the scheduled due dates therefor.

That type of trust may only be established if, among other things, we have delivered to the trustee an opinion of counsel to the effect that the holders of those debt securities will not recognize income, gain or loss for U.S. federal income tax purposes as a result of that defeasance or covenant defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if that defeasance or covenant defeasance had not occurred, and that opinion of counsel, in the case of defeasance, must refer to and be based upon a ruling of the Internal Revenue Service or a change in applicable U.S. federal income tax law occurring after the date of the indenture (Section 1404).

Government Obligations means securities which are:

(1)

direct obligations of the United States of America or the government which issued the foreign currency in which the debt securities of a particular series are payable, for the payment of which its full faith and credit is pledged, or

(2)

obligations of a person controlled or supervised by and acting as an agency or instrumentality of the United States of America or that government which issued the foreign currency in which the debt securities of that series are payable,

the payment of which is unconditionally guaranteed as a full faith and credit obligation by the United States of America or that other government,

which, in either case, are not callable or redeemable at the option of the issuer thereof, and shall also include a depository receipt issued by a bank or trust company as custodian with respect to that Government Obligation or a specific payment of interest on or principal of that Government Obligation held by the custodian for the account of the holder of a depository receipt, provided that (except as required by law) the custodian is not authorized to make any deduction from the amount payable to the holder of the depository receipt from any amount received by the custodian in respect of the Government Obligation or the specific payment of interest on or principal of the Government Obligation evidenced by the depository receipt (Section 101).

Unless otherwise provided in the applicable prospectus supplement, if after we have deposited funds or Government Obligations or both to effect defeasance or covenant defeasance with respect to debt securities of any series,

(1)

the holder of a debt security of that series is entitled to, and does, elect pursuant to Section 301 of the indenture or the terms of that debt security to receive payment in a currency, currency unit or composite currency other than that in which the deposit has been made in respect of that debt security, or

(2)

a Conversion Event (as defined below) occurs in respect of the currency, currency unit or composite currency in which the deposit has been made,

then, the indebtedness represented by that debt security shall be deemed to have been, and will be, fully discharged and satisfied through the payment of the principal of (and premium, if any) and interest on that debt security as they become due out of the proceeds yielded by converting the amount so deposited in respect of that debt security into the currency, currency unit or composite currency in which that debt security becomes payable as a result of that election or cessation of usage based on the applicable market exchange rate (Section 1405). Conversion Event means the cessation of use of:

(1)

a currency, currency unit or composite currency both by the government of the country which issued that currency and for the settlement of transactions by a central bank or other public institutions of or within the international banking community,

(2)

the European Currency Unit, or ECU, both within the European Monetary System and for the settl
