Notes to Unaudited Condensed Consolidated Financial Statements

1) Description of the Company

Unless otherwise specified, as used in this Quarterly Report on Form 10-Q, the terms “we,” “us,” “our,” “Art’s-Way,” and the “Company,” refer to Art’s-Way Manufacturing Co., Inc., a Delaware corporation headquartered in Armstrong, Iowa, and its wholly-owned subsidiaries.

We began operations as a farm equipment manufacturer in 1956. Since that time, we have become a major worldwide manufacturer of agricultural equipment. Our principal manufacturing plant is located in Armstrong, Iowa.

We have organized our business into three operating segments. Management separately evaluates the financial results of each segment because each is a strategic business unit offering different products and requiring different technology and marketing strategies. Our agricultural products segment (“Manufacturing”) manufactures farm equipment under the Art’s-Way Manufacturing label and private labels. Our pressurized vessels segment (“Vessels”) manufactures pressurized vessels and our modular buildings segment (“Scientific”) manufactures modular buildings for various uses, commonly animal containment and research laboratories. For detailed financial information relating to segment reporting, see Note 12, “Segment Information.”

On May 10, 2012, the Company acquired the assets of Universal Harvester Co., Inc. consisting of inventory, equipment, land, building, goodwill, and intangible assets. Universal Harvester Co., Inc. manufactured pickup reels for combines and swathers. The existing Universal Harvester Co., Inc. operational team was hired on May 11, 2012 to continue the manufacturing of pickup reels. The acquired assets and operations are reported with our agricultural products segment. For detailed financial information related to the acquisition, see Note 10, “Acquisitions.”

On June 25, 2013, the Company acquired the fixed assets, raw material inventory, work-in-progress inventory and select finished goods inventory of Agro Trend, a division of Rojac Industries, Inc. of Clifford, Ontario, Canada. See Note 13, “Subsequent Event.”

2) Summary of Significant Account Policies

Statement Presentation

The foregoing condensed consolidated financial statements of the Company are unaudited and reflect all adjustments (consisting only of normal recurring adjustments) which are, in the opinion of management, necessary for a fair presentation of the financial position and operating results for the interim periods. The financial statements should be read in conjunction with the financial statements and notes thereto contained in the Company's Annual Report on Form 10-K for the fiscal year ended November 30, 2012. The results of operations for the three and six months ended May 31, 2013 are not necessarily indicative of the results for the fiscal year ending November 30, 2013.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities and the reported amounts of revenue and expenses during the three and six months ended May 31, 2013. Actual results could differ from those estimates.

3) Net Income Per Share of Common Stock

Basic net income per common share has been computed on the basis of the weighted average number of common shares outstanding. Diluted net income per share has been computed on the basis of the weighted average number of common shares outstanding plus equivalent shares assuming exercise of stock options.

Basic and diluted earnings per common share have been computed based on the following as of May 31, 2013 and May 31, 2012:

	For the three months ended	
	May 31, 2013	May 31, 2012
Basic:		
Numerator: net income	\$514,240	\$935,981
Denominator: average number of common shares outstanding	4,037,552	4,031,439
Basic earnings per common share	\$0.13	\$0.23
Diluted:		
Numerator: net income	\$514,240	\$935,981
Average number of common shares outstanding	4,037,552	4,031,439
Effect of dilutive stock options	14,140	16,348
Denominator: dilutive average number of common shares outstanding	4,051,692	4,047,787
Diluted earnings per common share	\$0.13	\$0.23
	For the six months ended	
	May 31, 2013	May 31, 2012
Basic:		
Numerator: net income	\$1,333,500	\$1,129,479
Denominator: average number of common shares outstanding	4,036,302	4,029,825
Basic earnings per common share	\$0.33	\$0.28
Diluted:		
Numerator: net income	\$1,333,500	\$1,129,479
Average number of common shares outstanding	4,036,302	4,029,825
Effect of dilutive stock options	13,178	17,521
Denominator: dilutive average number of common shares outstanding	4,049,480	4,047,346
Diluted earnings per common share	\$0.33	\$0.28

4) Inventory

Major classes of inventory are:

	May 31,	November
	2013	30,
		2012
Raw materials	\$ 10,055,893	\$ 8,466,060
Work in process	447,628	632,969
Finished goods	6,958,432	7,694,528
	\$ 17,461,953	\$ 16,793,557
Less: Reserves	(2,642,382)	(2,466,075)
	\$ 14,819,571	\$ 14,327,482

5) Accrued Expenses

Major components of accrued expenses are:

	May 31,	November
	2013	30,
		2012
Salaries, wages, and commissions	\$ 1,043,989	\$ 924,123
Accrued warranty expense	526,981	578,864
Other	388,990	457,253
	\$ 1,959,960	\$ 1,960,240

6) Product Warranty

The Company offers warranties of various lengths to its customers depending on the specific product and terms of the customer purchase agreement. The average length of the warranty period is one year from the date of purchase. The Company's warranties require it to repair or replace defective products during the warranty period at no cost to the customer. The Company records a liability for estimated costs that may be incurred under its warranties. The costs are estimated based on historical experience and any specific warranty issues that have been identified. Although historical warranty costs have been within expectations, there can be no assurance that future warranty costs will not

exceed historical amounts. The Company periodically assesses the adequacy of its recorded warranty liability and adjusts the balance as necessary. The accrued warranty balance is included in accrued expenses as shown in Note 5.

Changes in the Company's product warranty liability for the three and six months ended May 31, 2013 and May 31, 2012 are as follows:

	For the three months ended	
	May 31, 2013	May 31, 2012
Balance, beginning	\$575,330	\$184,137
Settlements made in cash or in-kind	(212,374)	(33,695)
Warranties issued	164,025	127,523
Balance, ending	\$526,981	\$277,965

	For the six months ended	
	May 31, 2013	May 31, 2012
Balance, beginning	\$578,864	\$201,630
Settlements made in cash or in-kind	(381,063)	(176,719)
Warranties issued	329,180	253,054
Balance, ending	\$526,981	\$277,965

7) Loan and Credit Agreements

On May 1, 2013, the Company began to move all banking arrangements previously held through West Bank to U.S. Bank. The relationship with U.S. Bank now includes an \$8,000,000 revolving line of credit (the "Line of Credit") which is scheduled to mature on May 1, 2014. The Line of Credit is renewable annually with advances funding the Company's working capital needs and is secured by real property and fixed asset collateral. The interest rate is U.S. Bank's prime interest rate, adjusted each time that the Federal prime rate changes, with a minimum rate of 3.50%. As of May 31, 2013, the interest rate was the minimum of 3.50%. Monthly interest-only payments are required and the unpaid principal is due on the maturity date. As of May 31, 2013, the Company had no principal balance outstanding against the Line of Credit. The Line of Credit states that the borrowing base will be an amount equal to the sum of 75% of accounts receivable (discounted for aged accounts and customer balances exceeding 20% of aggregate receivables), plus 50% of inventory (this component cannot exceed \$6,000,000 and only includes finished goods and raw materials deemed to be in good condition and not obsolete), less any outstanding loan balance of the Line of Credit, and less undrawn amounts of outstanding letters of credit issued by U.S. Bank or any affiliate. The Company's obligations under the Line of Credit are evidenced by a Revolving Credit Note effective May 1, 2013, a Revolving Credit Agreement dated May 1, 2013 and certain other ancillary documents.

In addition to the Line of Credit, on May 1, 2013, the Company refinanced all outstanding West Bank term loans with U.S. Bank. The West Bank long-term debt, which had outstanding principal balances of \$4,342,000 at a fixed interest rate of 4.75% and \$1,749,000 at a fixed interest rate of 4.50%, was paid off with four U.S. Bank loans totaling \$6,319,000 at a fixed interest rate of 2.98% (the "2013 U.S. Bank Term Loans"). As detailed in the Company's long-term debt summary below, monthly principal and interest payments in the aggregate amount of \$93,850 are required, with final payments of principal and accrued interest on the four loans, in the aggregate amount of \$1,372,000, due on May 1, 2018.

As a result of paying off the West Bank loans, the Company incurred \$130,000 worth of prepayment penalties which were financed by the U.S. Bank loans. The penalties were booked to fixed costs on the income statement for the quarter ended May 31, 2013. Closing costs amounted to \$9,000 and will be amortized over the life of the loans.

Except for the U.S. Bank UHC Loan (as defined below), each of the Company's term loans from U.S. Bank is governed by a Term Note and a Term Loan Agreement. Each Term Loan Agreement and the Revolving Credit Agreement require the Company to provide monthly internally prepared financial reports, year-end audited financial statements, and a monthly aging of accounts receivable. The Company, as of the end of each fiscal quarter, must maintain a debt to tangible net worth ratio of not more than 1.5 to 1.0 and a fixed charge coverage ratio of at least 1.15 to 1.00. The loans are secured by a first position security interest on the assets of the Company and its subsidiaries, including but not limited to, inventories, machinery, equipment and real estate, in accordance with the Business Security Agreements entered into by the Company and its subsidiaries and the Pledge Agreements entered into by the subsidiaries. Additionally, the Company has mortgaged certain real property in favor of U.S. Bank to secure the new loans, as documented by the Mortgage, Security Agreement and Assignment of Rents between U.S. Bank and the Company and its subsidiaries.

If the Company or its subsidiaries (as guarantors pursuant to continuing guaranties) commits an event of default under the Term Loan Agreements, Business Security Agreements, Pledge Agreements or Revolving Credit Agreement and fails or is unable to cure that default, the interest rate on each of the loans and Line of Credit could increase by 5.0% per annum and U.S. Bank can immediately terminate its obligation, if any, to make additional loans to the Company. In addition, U.S. Bank may collect any and all money due or to become due and shall have all other rights and remedies for default provided by the Uniform Commercial Code, as well as any other applicable law and the various loan agreements, including, without limitation, the right to repossess, render unusable and/or dispose of the collateral without judicial process.

The Company was in compliance with all covenants under the Term Loan Agreements and the Revolving Credit Agreement as measured on May 31, 2013. As of May 31, 2013, the Company's debt to tangible net worth ratio and fixed charge coverage ratio were within the maximum and minimum, respectively, as required by the Term Loan Agreement. The next measurement date is August 31, 2013.

On May 10, 2012, the Company obtained \$880,000 in long-term debt from U.S. Bank issued to acquire the building and property of Universal Harvester Co., Inc. located in Ames, Iowa (the “U.S. Bank UHC Loan”). The maturity date of this loan is May 10, 2017, with a final payment of principal and accrued interest in the amount of \$283,500 due May 10, 2017. This loan is secured by a mortgage on the building and property acquired from Universal Harvester Co., Inc. in Ames, Iowa, pursuant to a Mortgage, Security Agreement and Assignment of Rents between the Company and U.S. Bank, dated May 10, 2012. On May 1, 2013, the U.S. Bank UHC Loan and the Mortgage were amended to extend the mortgage to secure the 2013 U.S. Bank Term Loans in addition to the U.S. Bank UHC Loan.

If the Company or its subsidiaries (as guarantors) commits an event of default under the agreement governing the U.S. Bank UHC Loan, the lender may cause the entire amount of the loan to be immediately due and payable, may foreclose on the property, or may increase the interest rate to a rate of 5.00% per annum, plus the interest rate otherwise payable under the U.S. Bank Loan.

On May 1, 2010, the Company obtained a loan to finance the purchase of an additional facility located in West Union, Iowa to be used as a distribution center, warehouse facility, and manufacturing plant for certain products under the Art's-Way brand. The funds for this loan were made available by the Iowa Finance Authority by the issuance of tax exempt bonds. This loan had an original principal amount of \$1,300,000 and an interest rate of 3.5%. On February 1, 2013, the interest rate was decreased to 2.75%. The other terms of the loan remain unchanged.

This loan from the Iowa Finance Authority, which has been assigned to The First National Bank of West Union (n/k/a Bank 1st), is governed by a Manufacturing Facility Revenue Note dated May 28, 2010 as amended February 1, 2013 and a Loan Agreement dated May 1, 2010 and a First Amendment to Loan Agreement dated February 1, 2013 (collectively, "the IFA Loan Agreement"), which requires the Company to provide quarterly internally prepared financial reports and year-end audited financial statements and to maintain a minimum debt service coverage ratio of 1.5 to 1.0, which is measured at November 30 of each year. Among other covenants, the IFA Loan Agreement also requires the Company to maintain proper insurance on, and maintain in good repair, the West Union Facility, and continue to conduct business and remain duly qualified to do business in the State of Iowa. The loan is secured by a mortgage on the Company's West Union Facility, pursuant to a Mortgage, Security Agreement, Assignment of Leases and Rents and Fixture Financing Statement dated May 1, 2010 between the Company and The First National Bank of West Union (the "West Union Mortgage").

If the Company commits an event of default under the IFA Loan Agreement and does not cure the event of default within the time specified by the IFA Loan Agreement, the lender may cause the entire amount of the loan to be immediately due and payable and take any other action that it is lawfully permitted to take or in equity to enforce the Company's performance.

The Company was in compliance with all covenants under the IFA Loan Agreement as measured on November 30, 2012. The next measurement date is November 30, 2013.

A summary of the Company's term debt is as follows:

May 31, 2013	November 30, 2012
-------------------------	------------------------------

Edgar Filing: ARTS WAY MANUFACTURING CO INC - Form 10-Q

U.S. Bank loan payable in monthly installments of \$42,500 including interest at 2.98%, due May 1, 2018 (November 30, 2012 is West Bank loan amount)	\$2,335,500	\$2,435,359
U.S. Bank loan payable in monthly installments of \$11,000 including interest at 2.98%, due May 1, 2018 (November 30, 2012 is West Bank loan amount)	1,006,500	1,027,330
U.S. Bank loan payable in monthly installments of \$12,550 including interest at 2.98%, due May 1, 2018 (November 30, 2012 is West Bank loan amount)	1,143,600	1,167,725
U.S. Bank loan payable in monthly installments of \$27,800 including interest at 2.98%, due May 1, 2018 (November 30, 2012 is West Bank loan amount)	1,833,510	1,875,120
U.S. Bank loan payable in monthly installments of \$11,700 including interest at 3.15%, due May 10, 2017	765,999	823,555
Iowa Finance Authority loan payable in monthly installments of \$12,500 including interest at 2.75%, due June 1, 2020	966,801	1,027,366
IDED loan payable in monthly installments of \$2,437 including interest at 6%, due June 1, 2014	28,325	41,866
IDED loan payable in monthly installments of \$813 including interest at 0%, due June 1, 2014	9,766	14,649
IDED loan payable in monthly installments of \$0 including interest at 0%, due July 1, 2014	48,830	48,830
West Union Community Development Corporation loan payable in annual installments of \$4,333 including interest at 0%, due September 1, 2013	4,334	4,334
Total term debt	\$8,143,165	\$8,466,134
Less current portion of term debt	1,282,782	1,165,177
Term debt, excluding current portion	\$6,860,383	\$7,300,957

8) Recently Issued Accounting Pronouncements

Fair Value Measurement Update

In May 2011, the FASB issued ASU No. 2011-04, "Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs" that amends the wording used to describe many of the requirements in U.S. GAAP for measuring fair value and disclosing information about fair value measurements. The amendments in this update achieve the objective of developing common fair value measurement and disclosure requirements, as well as improving consistency and understandability. Some of the requirements clarify the FASB's intent about the application of existing fair value measurement requirements while other amendments change a particular principle or requirement for measuring fair value or for disclosing information about fair value measurements. The amendments in this ASU are effective prospectively for interim and annual periods beginning after December 15, 2011, with no early adoption permitted. The Company has not completed the adoption of this standard and the Company does not expect this standard to have a material impact on our consolidated financial statements.

Comprehensive Income

In June 2011, the FASB issued ASU NO. 2011-05, "Presentation of Comprehensive Income" that improves the comparability, consistency, and transparency of financial reporting and increases the prominence of items reported in other comprehensive income by eliminating the option to present components of other comprehensive income as part of the statements of changes in stockholders' equity. The amendments in this standard require that all non-owner changes in stockholders' equity be presented either in a single continuous statement of comprehensive income or in two separate but consecutive statements. Under either method, adjustments must be displayed for items that are reclassified from other comprehensive income ("OCI") to net income, in both net income and OCI. The standard does not change the current option for presenting components of OCI gross or net of the effect of income taxes, provided that such tax effects are presented in the statement in which OCI is presented or disclosed in the notes to the financial statements. Additionally, the standard does not affect the calculation or reporting of earnings per share. For public entities, the amendments in this ASU are effective for fiscal years, and interim periods within those years, beginning after December 15, 2011 and are to be applied retrospectively, with early adoption permitted. The Company has not completed the adoption of this standard and the Company does not expect this standard to have a material impact on our consolidated financial statements.

In December 2011, the FASB issued ASU (Accounting Standards Update) No. 2011-12 which stated that the new presentation requirements about reclassifications of items out of accumulated other comprehensive income would be difficult for preparers and may add unnecessary complexity to financial statements. In addition it is difficult for some stakeholders to change systems in time to gather the information for the new presentation requirements by the effective date of Update 2011-05. Given these issues, they asked the Board to reconsider whether it is necessary to require entities to present reclassification adjustments by component in both the statement where net income is presented and the statement where other comprehensive income is presented for both interim and annual financial statements. Because those pending paragraphs are effective on a retrospective basis for public entities for annual periods beginning after December 15, 2011, and interim periods within those years, those stakeholders asked the Board, at a minimum, to defer the effective date pertaining to reclassification adjustments out of accumulated other comprehensive income in Accounting Standards Update 2011-05, *Comprehensive Income (Topic 220): Presentation of Comprehensive Income*, until the Board is able to reconsider those paragraphs.

In order to defer only those changes in Update 2011-05 that relate to the presentation of reclassification adjustments, the paragraphs in this Update supersede certain pending paragraphs in Update 2011-05. The amendments are being made to allow the Board time to confirm whether to present on the face of the financial statements the effects of reclassifications out of accumulated other comprehensive income on the components of net income and other comprehensive income for all periods presented. While the Board is considering the operational concerns about the presentation requirements for reclassification adjustments and the needs of financial statement users for additional information about reclassification adjustments, entities should continue to report reclassifications out of accumulated other comprehensive income consistent with the presentation requirements in effect before Update 2011-05. All other requirements in Update 2011-05 are not affected by this Update, including the requirement to report comprehensive income either in a single continuous financial statement or in two separate but consecutive financial statements. Public entities must apply these requirements for fiscal years, and interim periods within those years, beginning after December 15, 2011. The Company has not completed the adoption of this standard and the Company does not expect this standard to have a material impact on our consolidated financial statements.

9) Equity Incentive Plan and Stock Based Compensation

On January 27, 2011, the Board of Directors of the Company authorized and approved the Art's-Way Manufacturing Co., Inc. 2011 Equity Incentive Plan (the "2011 Plan"). The 2011 Plan was approved by the stockholders on April 28, 2011. It replaced the Employee Stock Option Plan and the Directors' Stock Option Plan (collectively, the "Prior Plans"), and no further stock options will be awarded under the Prior Plans. Awards to directors and executive officers under the 2011 Plan will be governed by the forms of agreement approved by the Board of Directors.

The 2011 Plan permits the plan administrator to award nonqualified stock options, incentive stock options, restricted stock awards, restricted stock units, performance awards, and stock appreciation rights to employees (including officers), directors, and consultants. The Board of Directors has approved a director compensation policy pursuant to which non-employee directors are automatically granted non-qualified stock options to purchase 2,000 shares of common stock annually or initially upon their election to the Board, which are fully vested.

Stock options granted prior to January 27, 2011 are governed by the applicable Prior Plan and the forms of agreement adopted thereunder.

Stock-based compensation expense reflects the fair value of stock-based awards measured at the grant date and recognized over the relevant vesting period. We estimate the fair value of each stock-based award on the measurement date using the Black-Scholes option valuation model which incorporates assumptions as to stock price volatility, the expected life of the options, risk-free interest rate, and dividend yield. Expected volatility is based on historical volatility of the Company's stock and other factors. The Company uses historical option exercise and termination data to estimate the expected term the options are expected to be outstanding. The risk-free rate is based on the U.S. Treasury yield curve in effect at the time of grant. The expected dividend yield is calculated using historical dividend amounts and the stock price at the option issuance date. The stock-based compensation expense for the quarter amounted to \$27,000 calculated using a volatility rate of 53%, a two year expected option life, a discount rate of 3.25%, and a dividend yield of 1.063%.

10) Acquisitions

On May 10, 2012, the Company acquired the assets of Universal Harvester Co., Inc. consisting of inventory, equipment, land, building, goodwill, and intangible assets. The acquisition-date fair value of the total consideration transferred was approximately \$3,066,000 consisting of \$3,030,450 of current and future cash to be paid and \$35,550 of common stock. Under the terms of the purchase agreement, cash in the amount \$3,003,565 was paid on May 11, 2012 and \$27,427 of cash will be paid on real estate taxes accrued but due on the land and building in future periods. As of May 31, 2013, the Company has paid all of the accrued real estate taxes. The Company issued 5,000 shares of common stock valued at \$35,550 based on the closing market price as of May 10, 2012.

The operating results of the acquired business are reflected in the Company's consolidated statement of operations from the acquisition date forward. The acquisition was made to continue the Company's growth strategy and diversify its product offerings inside the agricultural industry. The purchase price was determined based on an arms-length negotiated value. The transaction is being accounted for under the acquisition method of accounting, with the purchase price allocated to the individual assets acquired. The purchase price allocation below is the final valuation.

The consideration has been allocated as follows:

Inventories	\$947,760
Equipment, tools and dies	364,053
Goodwill and intangible assets	618,729
Land and Building	1,136,000
Total	\$3,066,542

The unaudited pro forma information for the periods set forth below gives effect to the acquisition as if it had occurred at the beginning of fiscal year starting December 1, 2011. The pro forma information is presented for informational purposes only and is not necessarily indicative of the results of operations that actually would have been achieved had the acquisition been consummated as of that time or that may result in the future:

	Three Months Ended		Six Months Ended	
	May 31, 2013	May 31, 2012	May 31, 2013	May 31, 2012

Weighted average outstanding shares used to compute diluted net income per share	4,051,692	4,047,787	4,049,480	4,047,346

11) Disclosures About the Fair Value of Financial Instruments

The fair value of a financial instrument is defined as the amount at which the instrument could be exchanged in a current transaction between willing parties. At May 31, 2013, and November 30, 2012, the carrying amount approximated fair value for cash, accounts receivable, accounts payable, notes payable to bank, and other current and long-term liabilities. The carrying amounts approximate fair value because of the short maturity of these instruments. The fair value of the Company's installment term loans payable also approximate recorded value because the interest rates charged under the loan terms are not substantially different than current interest rates.

12) Segment Information

There are three reportable segments: agricultural products, pressurized vessels and modular buildings. The agricultural products segment fabricates and sells farming products as well as related equipment and replacement parts for these

products in the United States and worldwide. The pressurized vessels segment produces pressurized tanks. The modular buildings segment manufactures and installs modular buildings for animal containment and various laboratory uses.

The accounting policies applied to determine the segment information are the same as those described in the summary of significant accounting policies. Management evaluates the performance of each segment based on profit or loss from operations before income taxes, exclusive of nonrecurring gains and losses.

Approximate financial information with respect to the reportable segments is as follows.

Three Months Ended May 31, 2013

	Agricultural Pressurized Modular			Consolidated
	Products	Vessels	Buildings	
Revenue from external customers	\$7,716,000	\$642,000	\$892,000	\$9,250,000

13) Subsequent Event

On June 25, 2013, the Company acquired the fixed assets, raw material inventory, work-in-process inventory, and select finished good inventory of Agro Trend, a division of Rojac Industries, Inc. of Clifford, Ontario, Canada. A new entity was formed, Art's Way Manufacturing International, LTD ("International"), which will be included in the agricultural products segment for financial reporting purposes. Art's Way Manufacturing International will lease the facility in Clifford, Ontario and plans on continuing manufacturing, marketing and sales from the Canadian location.

The amount paid in US dollars for the acquisition totaled \$313,000 (\$88,000 in fixed assets, \$223,000 in inventory, and \$2,000 in rental expense).

The acquisition also includes a consignment arrangement regarding \$600,000 of select finished good inventory. As part of the arrangement, International agrees to use reasonable efforts to sell the inventory including providing a sales and marketing plan with projections within 60 days of the closing date and meeting with the consignor quarterly to discuss progress. Once a month, International will pay the consignor an amount equal to the cost base of the inventory sold that month.

Because the purchase occurred after May 31, 2013, the event does not require recognition in the condensed consolidated financial statements. Management evaluated all other activity of the Company and concluded that no other subsequent events have occurred that would require recognition in the condensed consolidated financial statements or disclosure in the notes to the condensed consolidated financial statements.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

Forward-Looking Statements

The following discussion and analysis should be read in conjunction with the condensed consolidated financial statements and notes thereto included in Item 1 of Part I of this report and the audited consolidated financial statements and related notes thereto and Management's Discussion and Analysis of Financial Condition and Results of Operations contained in our Annual Report on Form 10-K for the fiscal year ended November 30, 2012. Some of the statements in this report may contain forward-looking statements that reflect our current view on future events, future business, industry and other conditions, our future performance, and our plans and expectations for future operations and actions. In some cases you can identify forward-looking statements by the use of words such as "may," "should," "anticipate," "believe," "expect," "plan," "future," "intend," "could," "estimate," "predict," "hope," "potential," "continue," or these terms or other similar expressions. Many of these forward-looking statements are located in this report under "Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations" but they may appear in other sections as well. Forward-looking statements in this report generally relate to: (i) our order backlog; (ii) our beliefs regarding the sufficiency of working capital and our continued ability to renew or obtain financing on reasonable terms when necessary; (iii) expected future expenses and operating results; (iv) growth strategy and expected benefits from acquisitions, and (v) our ability to capture additional sales and retain repeat customers in Vessels.

You should read this report thoroughly with the understanding that our actual results may differ materially from those set forth in the forward-looking statements for many reasons, including events beyond our control and assumptions that prove to be inaccurate or unfounded. We cannot provide any assurance with respect to our future performance or results. Our actual results or actions could and likely will differ materially from those anticipated in the forward-looking statements for many reasons, including but not limited to: (i) the impact of tightening credit markets on our ability to continue to obtain financing on reasonable terms; (ii) our ability to continue to meet debt obligations and comply with financial covenants; (iii) obstacles related to integration of Universal Harvester Co., Inc.; (iv) the effect of general economic conditions on the demand for our products and the cost of our supplies and materials; (v) unforeseen costs or delays in implementing production of new products; (vi) unexpected effects from changes to our production schedule; (vii) an inability to retain new customers for our modular buildings and pressurized vessels; and (viii) other factors described from time to time in our reports to the SEC. We do not intend to update the forward-looking statements contained in this report other than as required by law. We caution you not to put undue reliance on any forward-looking statements, which speak only as of the date of this report. You should read this report and the documents that we reference in this report and have filed as exhibits completely and with the understanding that our actual future results may be materially different from what we currently expect. We qualify all of our forward-looking statements by these cautionary statements.

Critical Accounting Policies

Our critical accounting policies involving the more significant judgments and assumptions used in the preparation of the financial statements as of May 31, 2013 have remained unchanged from November 30, 2012. These policies include revenue recognition, inventory valuation, income taxes and stock-based compensation. Disclosure of these critical accounting policies is incorporated by reference from Item 7, "Management's Discussion and Analysis of Financial Condition and Results of Operations" in our Annual Report on Form 10-K for the fiscal year ended November 30, 2012.

Results of Operations

Net Sales and Cost of Sales

Our consolidated corporate sales for the three- and six-month periods ended May 31, 2013 were \$9,250,000 and \$17,665,000, respectively, compared to \$11,685,000 and \$17,997,000 during the same respective periods in 2012, a \$2,435,000, or 20.8%, decrease for the quarter and a \$332,000, or 1.8%, decrease year-to-date. The agricultural products segment (“Manufacturing”) had a three-month sales decrease of \$290,000. Six-month sales for 2013 are ahead of the same respective period in 2012 by \$2,726,000. The modular buildings segment (“Scientific”) had a three- and six-month sales decrease of \$2,170,000 and \$3,148,000, respectively. The pressurized vessels segment (“Vessels”) had a three- and six-month sales increase of \$25,000 and \$90,000, respectively.

Consolidated gross profit margin for the second fiscal quarter was 27.7% compared to 27.0% during the same quarter of 2012. Gross profit margin year-to-date of 2013 was 27.9% compared to 25.7% for year-to-date of 2012.

Our second fiscal quarter sales at Manufacturing were \$7,716,000, compared to \$8,006,000 during the same period of 2012, a decrease of \$290,000, or 3.6%. Year-to-date sales were up to \$14,720,000, from \$11,994,000 as of May 31, 2012, an increase of \$2,726,000, or 22.7%. The year over year increase in revenue was due to additional sales of \$2,917,000 attributable to the acquisition of Universal Harvester Co., Inc. (“UHC”) in May 2012. Gross margin for the quarter ended May 31, 2013 was 26.0%, compared to 30.7% for the same period in 2012. The year-to-date gross margin was 26.9% in 2013, compared to 29.2% in 2012. The decrease is primarily attributable to the timing of beat harvester deliveries.

Our second fiscal quarter sales at Vessels were \$642,000, compared to \$617,000 for the same period in 2012, an increase of \$25,000, or 4.1%. Year-to-date sales were \$1,036,000, compared to \$946,000 for the six-month period ending May 31, 2012, an increase of \$90,000, or 9.5%. Gross margin for the quarter ended May 31, 2013 was 17.6% compared to 8.1% for the same period in 2012. Year-to-date gross margin was 6.2% in 2013 compared to 0.9% in 2012. The additional sales have been the main contributor to the improved margins.

Our second fiscal quarter sales at Scientific were \$892,000, compared to \$3,062,000 for the same period in fiscal 2012, a decrease of \$2,170,000, or (70.9%). Year-to-date sales were \$1,909,000, compared to \$5,057,000 for the six-month period ended May 31, 2012, a decrease of \$3,148,000, or (62.3%). The decrease was primarily attributable to the completion of an approximately \$7 million fabrication and delivery contract executed in January 2012 and an approximately \$1.7 million installation contract executed in April 2012. Scientific was hired to design, fabricate, and install twenty-four modular units over the course of approximately one year for one of the world’s leading research and teaching institutions. Most of the revenue for the contract was recognized during 2012. Scientific uses percent

complete accounting to calculate revenue and gross margins for all contracts. Gross margin for the quarter ended May 31, 2013 was 50.3% compared to 21.3% for the same period in 2012. Year-to-date gross margin was 47.4% in 2013 compared to 22.2% in 2012. The gross margin increase was due to the finalization of costs as compared to estimates and miscellaneous reductions in expenses. The team worked hard to control costs as the 2012 fabrication and installation projects were finalized.

Expenses

Our second fiscal quarter consolidated selling expenses were \$484,000 compared to \$425,000 for the same period in 2012. Year-to-date selling expenses were \$974,000 in 2013 compared to \$791,000 for the same period in 2012. The increase was primarily due to increases in advertising and literature expenses related to our Manufacturing segment. Selling expenses as a percentage of sales were 5.2% and 5.5% for the three- and six-month periods ended May 31, 2013, compared to 3.6% and 4.4% for the same respective periods in 2012.

Consolidated engineering expenses were \$101,000 for the three months ended May 31, 2013, compared to \$73,000 for the same period in 2012. Year-to-date engineering expenses were \$204,000 for 2013 compared to \$158,000 in 2012. These increases were primarily due to the hiring of engineering staff at the Armstrong, Iowa facility (two open positions were filled in the third fiscal quarter of 2012). Engineering expenses as a percentage of sales were 1.1% and 1.2% for the three- and six-month periods ended May 31, 2013, compared to 0.6% and 0.9% for the same respective periods in 2012.

Consolidated administrative expenses for the three months ended May 31, 2013 were \$1,181,000 compared to \$1,166,000 for the same period in 2012. Year-to-date administrative expenses were \$2,245,000 for 2013 compared to \$1,828,000 in 2012. The increase is mainly due to the incremental expenses associated with the UHC acquisition and the West Bank loan prepayment penalties described in Note 7 to the quarterly unaudited condensed consolidated financial statements included in Part I, Item 1 of this report. Administrative expenses as a percentage of sales were 12.8% and 12.7% for the three- and six-month periods ending May 31, 2013, compared to 10.0% and 10.2% for the same respective periods in 2012.

Gain/Loss-Asset Disposal

The Company had been leasing approximately 88 acres of excess land to third parties for farming. In December of 2012, we sold this excess land as 3 separate tracts. Tract 1 was farmland northwest of the Armstrong Manufacturing plant located at 5556 Highway 9 in Armstrong, Iowa. . Tract 2 was farmland north of railroad tracks that run on the north side of the Armstrong Manufacturing plant located at 5556 Highway 9 in Armstrong, Iowa. . Tract 3 was pasture land east of the Armstrong Manufacturing plant located at 5556 Highway 9 in Armstrong, Iowa. The net gain on the sale of the three parcels totaled \$639,000.

To better utilize our production facilities, our auger production was moved from our Salem, South Dakota facility to our West Union, Iowa production facility in July 2011. The Salem, South Dakota facility was sold in December 2012. An impairment of \$95,000 was recognized in fiscal year 2012 on the production facility due to the Company's carrying value exceeding the bid price. A net loss of \$9,000 was recognized in December 2012, which consisted of the closing costs associated with the sale.

The net gain for the six months ended May 31, 2013 on the sale of the 3 tracts of land and the Salem, South Dakota facility totaled \$630,000.

Net Income

Consolidated net income was \$514,000 and \$1,334,000 for the three- and six-months ended May 31, 2013, compared to \$936,000 and \$1,129,000 for the same respective periods in 2012. The changes to net income for the six-month period were primarily attributable to the timing in net sales, offset by the net gain realized from the sale of the land near Armstrong.

Order Backlog

The consolidated order backlog net of discounts as of May 31, 2013 was \$6,323,000 compared to \$10,356,000 as of May 31, 2012. The decrease is due to the completion of a major contract from our modular buildings segment that began in early 2012, offset by sales attributable to the acquisition of UHC. The agricultural products segment order backlog was \$5,573,000 as of May 31, 2013, compared to \$4,824,000 in fiscal 2012. The backlog for the pressurized vessels segment was \$482,000 as of May 31, 2013, compared to \$457,000 in fiscal 2012. The backlog for the modular buildings segment was \$268,000 as of May 31, 2013, compared to \$5,075,000 in fiscal 2012. Our order backlog is not necessarily indicative of future revenue to be generated from such orders due to the possibility of order cancellations and dealer discount arrangements we may enter into from time to time.

Liquidity and Capital Resources

Our primary sources of funds for the three and six months ended May 31, 2013 were customer deposits for Manufacturing, proceeds from the sale of the land near Armstrong, and income from operations. Those funds have been deposited at U.S. Bank to be used to meet future production needs. We have an \$8,000,000 revolving Line of Credit with U.S. Bank, which, as of May 31, 2013, had an outstanding principal balance of \$0. The line of credit is renewable annually and is scheduled to mature on May 1, 2014.

For additional information about our financing activities, please refer to Note 9 to the audited consolidated financial statements and the discussion entitled "Liquidity and Capital Resources," each contained in our Annual Report on Form 10-K for the fiscal year ended November 30, 2012, as well as Note 7 to the unaudited condensed consolidated financial statements included in Part I, Item 1 of this Report.

We believe that our current financing arrangements provide sufficient cash to finance operations for the next twelve months. We expect to continue to rely on cash from financing activities to supplement our cash flows from operations in order to meet our liquidity and capital expenditure needs in the near future. We expect to continue to be able to procure financing upon reasonable terms.

Off Balance Sheet Arrangements

None.

Item 4. Controls and Procedures.

Evaluation of Disclosure Controls and Procedures

The person serving as our principal executive officer and principal financial officer has evaluated the effectiveness of our disclosure controls and procedures, as defined in Rule 13a-15(e) and Rule 15d-15(e), as of the end of the period subject to this Report. Based on this evaluation, the person serving as our principal executive officer and principal financial officer concluded that our disclosure controls and procedures were effective and provide reasonable assurance that information required to be disclosed by us in the periodic and current reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the periods specified by the

Securities and Exchange Commission's rules and forms.

Changes to Internal Control over Financial Reporting

There were no changes in our internal controls over financial reporting that occurred during the period covered by this report that have materially affected, or are reasonably likely to materially affect, our internal controls over financial reporting.

PART II – OTHER INFORMATION

Item 1. Legal Proceedings.

We are currently not a party to any material pending legal proceedings.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds.

None.

Item 3. Defaults Upon Senior Securities.

None.

Item 4. Mine Safety Disclosures.

Not applicable.

Item 5. Other Information.

On May 1, 2013, the Company entered into various financing agreements with U.S. Bank, as detailed below, which supersede certain prior financing agreements with West Bank. The relationship with U.S. Bank now includes an \$8,000,000 revolving line of credit (the "Line of Credit") which is scheduled to mature on May 1, 2014. The Line of Credit is renewable annually with advances funding the Company's working capital needs and is secured by real property and fixed asset collateral. The interest rate is U.S. Bank's prime interest rate, adjusted each time that the Federal prime rate changes, with a minimum rate of 3.50%. As of May 31, 2013, the interest rate was the minimum of 3.50%. Monthly interest-only payments are required and the unpaid principal is due on the maturity date. As of May 31, 2013, the Company had no principal balance outstanding against the Line of Credit. The Line of Credit states that the borrowing base will be an amount equal to the sum of 75% of accounts receivable (discounted for aged accounts and customer balances exceeding 20% of aggregate receivables), plus 50% of inventory (this component cannot exceed \$6,000,000 and only includes finished goods and raw materials deemed to be in good condition and not obsolete), less any outstanding loan balance of the Line of Credit, and less undrawn amounts of outstanding letters of credit issued by U.S. Bank or any affiliate. The Company's obligations under the Line of Credit are evidenced by a Revolving Credit Note effective May 1, 2013, a Revolving Credit Agreement dated May 1, 2013 and certain other ancillary documents.

In addition to the Line of Credit, on May 1, 2013, the Company refinanced all outstanding West Bank term loans with U.S. Bank. The West Bank long-term debt, which had outstanding principal balances of \$4,342,000 at a fixed interest rate of 4.75% and \$1,749,000 at a fixed interest rate of 4.50%, was paid off with four U.S. Bank loans, each at a fixed interest rate of 2.98% (the "2013 U.S. Bank Term Loans"). The first of these loans is for a principal amount of \$2,335,500, with required monthly payments of \$42,500, including principal and accrued interest, and a final payment of principal and accrued interest of \$9,682 due on May 1, 2018. The second loan is for a principal amount of \$1,006,500, with required monthly payments of \$11,000, including principal and accrued interest, and a final payment of principal and accrued interest of \$470,033 due on May 1, 2018. The third loan is for a principal amount of \$1,833,510, with required monthly payments of \$27,800, including principal and accrued interest, and a final payment of principal and accrued interest of \$361,986 due on May 1, 2018. The fourth loan is for a principal amount of \$1,143,600, with required monthly payments of \$12,550, including principal and accrued interest, and a final payment of principal and accrued interest of \$530,770 due on May 1, 2018.

As a result of paying off the West Bank loans, the Company incurred \$130,000 worth of prepayment penalties which were financed by the U.S. Bank loans. The penalties were booked to fixed costs on the income statement for the quarter ended May 31, 2013. Closing costs amounted to \$9,000 and will be amortized over the life of the loans.

Each of the term loans from U.S. Bank is governed by a Term Note and a Term Loan Agreement. Each Term Loan Agreement and the Revolving Credit Agreement require the Company to provide monthly internally prepared financial reports, year-end audited financial statements, and a monthly aging of accounts receivable. The Company, as of the end of each fiscal quarter, must maintain a debt to tangible net worth ratio of not more than 1.5 to 1.0 and a fixed charge coverage ratio of at least 1.15 to 1.00. The loans are secured by a first position security interest on the assets of the Company and its subsidiaries, including but not limited to, inventories, machinery, equipment and real estate, in accordance with the Business Security Agreements entered into by the Company and its subsidiaries and the Pledge Agreements entered into by the subsidiaries. Additionally, the Company has mortgaged certain real property in favor of U.S. Bank to secure the new loans, as documented by the Mortgage, Security Agreement and Assignment of Rents between U.S. Bank and the Company and its subsidiaries.

If the Company or its subsidiaries (as guarantors pursuant to continuing guaranties) commits an event of default under the Term Loan Agreements, Business Security Agreements, Pledge Agreements or Revolving Credit Agreement and fails or is unable to cure that default, the interest rate on each of the loans and Line of Credit could increase by 5.0% and U.S. Bank can immediately terminate its obligation, if any, to make additional loans to the Company. In addition, U.S. Bank may collect any and all money due or to become due and shall have all other rights and remedies for default provided by the Uniform Commercial Code, as well as any other applicable law and the various loan, including, without limitation, the right to repossess, render unusable and/or dispose of the collateral without judicial process. Events of default include, without limitation, nonpayment, nonperformance of covenants, misrepresentation, default on other obligations in excess of \$10,000, unsatisfied judgments exceeding \$10,000, bankruptcy, or adverse changes in the financial condition of the business.

The foregoing descriptions of the Revolving Credit Note, Revolving Credit Agreement, Term Loan Agreements, Business Security Agreements, Pledge Agreements, Continuing Guaranties, and Mortgages do not purport to be complete and are qualified in their entirety by reference to such documents which are attached hereto as Exhibits 10.2 through 10.23, respectively, and are incorporated herein by reference.

On May 1, 2013, the Company executed an Amendment to Note to its May 10, 2012 \$880,000 note to U.S. Bank N.A. (the "U.S. Bank UHC Loan") and a corresponding Amendment to Mortgage to extend the Mortgage to secure the 2013 U.S. Bank Term Loans in addition to the U.S. Bank UHC Loan. For more information on the U.S. Bank UHC Loan, see Note 7 to the quarterly unaudited consolidated condensed financial statements included in this report.

The foregoing descriptions of the Amendment to Note and the Amendment to Mortgage do not purport to be complete and are qualified in their entirety by reference to such documents, which are attached hereto as Exhibits 10.24 and 10.25 and are incorporated herein by reference.

Item 6. Exhibits.
