Explanatory Note

On August 19, 2015, Cortex Pharmaceuticals, Inc. (the “Company”) filed a Current Report on Form 8-K (the “Original Report”) that included, as Exhibits 10.2, 10.3, 10.4 and 10.5, respectively, the Employment Agreements of James S. J. Manuso, Arnold S. Lippa, Robert N. Weingarten and Jeff E. Margolis. In describing the Employment Agreement of James S. J. Manuso in the Original Report, the Company indicated that, subject to certain conditions, Dr. Manuso’s base salary would increase to \$425,000 annually, instead of the correct figure of \$450,000 annually, as properly reported in Section 6.1 of his Employment Agreement in Exhibit 10.2. In addition, the Employment Agreements of Dr. Lippa and Messrs. Weingarten and Margolis each inadvertently state, at section 6.3 of the respective Employment Agreements, that the applicable executive would receive options with a term of ten (10) years, instead of the correct term of seven (7) years. Finally, the Company indicated in the Original Report that Dr. Manuso would receive 85,000,000 options. That number was rounded; Dr. Manuso received 85,081,300 options in connection with his hiring.

Accordingly, this Current Report on Form 8-K/A corrects (i) the description of Dr. Manuso’s potential salary under Item 5.02 to \$450,000, (ii) the term of the options granted to each of Dr. Lippa and Messrs. Weingarten and Margolis to seven (7) years in Exhibits 10.3, 10.4 and 10.5, respectively, and (iii) includes the exact number of options that Dr. Manuso received.

The remainder of the information provided in and with the Original Report remains unchanged.

Item 1.01 Entry into a Material Definitive Agreement.

On November 5, 2014, Cortex Pharmaceuticals, Inc. (the “Company”) entered into a Convertible Note and Warrant Purchase Agreement (the “Purchase Agreement”) with various accredited investors (each, a “Purchaser”), pursuant to which the Company sold its (i) 10% Convertible Notes due September 15, 2015 (“Notes”) and (ii) Warrants to Purchase Common Stock (“Warrants”). This financing was the initial closing on a private placement of up to \$1,000,000 (the “Private Placement”), and subsequent closings occurred on December 9, 2014, December 31, 2014 and February 2, 2015. The Company terminated the Private Placement on February 18, 2015, having generated aggregate gross proceeds of \$579,500 in the four closings.

As set forth in the Notes, the outstanding principal balance of each Note and all accrued and unpaid interest was due and payable in full on September 15, 2015, subject to the Company’s ability to extend that maturity date. On August 13, 2015, the Company determined to extend the maturity date of the Notes to September 15, 2016 and sent notice to note holders of its election, pursuant to the terms of the Notes. As a consequence of this election, under the terms of the Notes the Company will be required to issue to note holders approximately 8,900,000 additional warrants (the

“New Warrants”) that will be exercisable through September 15, 2016. As set forth in Section 2 of the Notes, the New Warrants will be exercisable for that number of shares of common stock of the Company calculated as the principal amount of the Note (an aggregate amount of \$579,500), plus any accrued and unpaid interest (estimated to be approximately \$43,750 in the aggregate through September 15, 2015), multiplied by 50%, and then divided by \$0.035. The New Warrants will otherwise have terms substantially similar to the Warrants. The form of both the Warrants and the Notes was attached as an Exhibit to the form of Purchase Agreement, filed November 12, 2014 as Exhibit 10.1 to the Company’s Current Report in Form 8-K in connection with the initial sale of the Notes and Warrants, and is incorporated herein by reference.

The Warrants to purchase approximately 16,600,000 shares of common stock initially distributed with the Notes were exercisable until 5:00 p.m. on September 15, 2015 at the same price per share of Common Stock at which the Notes are convertible and into the number of shares of Common Stock calculated as each Purchaser’s investment amount divided by \$0.035. In connection with the extension of the maturity date of the Notes, the Board of Directors of the Company (the “Board”) determined to extend the termination date of the original Warrants to September 15, 2016, so that they are coterminous with the new maturity date of the Notes.

Item 2.04 Triggering Events That Accelerate or Increase a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement.

The information provided in response to Item 1.01 of this Current Report on Form 8-K is incorporated by reference into this Item 2.04. By electing to extend the maturity date of the Notes, the Company will increase its aggregate obligations under the Notes through the increase in the total accrued interest to be paid on the Notes at the extended maturity date by the amount to be accrued during the extension period.

Item 3.02 Unregistered Sales of Equity Securities.

The information provided in response to Item 1.01 of this report is incorporated by reference into this Item 3.02. The Purchasers of the Notes and Warrants made representations to the Company that they met the accredited investor definition of Rule 501 of the Securities Act, and the Company relied on such representations. The offer and sale of the Notes and Warrants, and subsequent issuance of the New Warrants, were made in reliance on the exemption from registration afforded by Section 4(a)(2) of the Securities Act as provided in Rule 506(b) of Regulation D promulgated thereunder. The offering of the Notes and Warrants, and the issuance of the New Warrants, were not conducted in connection with a public offering, and no public solicitation or advertisement was made or relied upon by any investor in connection with the offering. This Current Report on Form 8-K shall not constitute an offer to sell or the solicitation of an offer to buy, nor shall such securities be offered or sold in the United States absent registration or an applicable exemption from the registration requirements.

The 2015 Plan is not being amended in any way, other than the increase in the number of shares available thereunder. This description of the 2015 Plan does not purport to be complete and is qualified in its entirety by reference to the 2015 Plan itself, a copy of which was originally filed as Exhibit 10.1 to the Company's Current Report on Form 8-K, filed July 8, 2015, and is incorporated by reference to this Current Report on Form 8-K as Exhibit 10.6 and is incorporated herein by reference.

Pursuant to his employment agreement, upon commencement of his employment with the company, Dr. Manuso will be awarded incentive stock options with respect to approximately 5,000,000 shares of common stock of the Company, under the 2014 Plan.
