PART III

Item 10 – Directors, Executive Officers and Corporate Governance

Directors

The Company's Board currently consists of four directors and there is one vacancy. The Company's Articles of Incorporation provide for the division of the Company's Board into three classes as equal in number as the total number of members of the Board provided in the Bylaws permits. The Company's Bylaws limit service of the independent directors to two three year terms. If recommended by the Chairman of the Board and approved by the Board, an independent director may serve one additional term. Directors are subject to mandatory retirement at 70 years of age. If a director reaches the age of 70 during his regularly elected term, he is allowed to serve out the term for which he was elected.

The nominee for election at the Annual Meeting is John G. Hoffman, who is an incumbent director. Please see biographical information for the directors and the nominees below, under the heading "Business Experience of Directors and Officers." If approved by the shareholders, John G. Hoffman will serve terms that will expire at the 2021 annual meeting.

Executive Officers

The executive officers of the Company are elected by the Board at the annual directors' meeting which follows each annual shareholder's meeting, to serve until the officer's successor has been duly elected and qualified, or until earlier death, retirement, resignation or removal. Please see biographical information for our sole executive officer below, under the heading "Business Experience of Directors and Officers."

Business Experience of Directors and Officers

Set forth below is certain biographical information for each director and executive officer as of the date of this Amendment. The Nominating Committee selects nominees based on their skills, achievements, and experience, and believes that each nominee should have experience in positions of responsibility and leadership and an understanding

of our oil and natural gas exploration and production business. Our overall objective is to identify a group of directors that can best contribute to our long-term success. All of the directors and the nominees discussed below are seasoned leaders who collectively bring to the Board a vast array of oil and gas industry, public company, private company, and other business experience, all at the senior executive officer level, and who meet our director qualification standards. Among other attributes, the members of our Board possess a wide breadth of varied skills, experience and leadership in the natural resources and energy industries, finance and accounting, risk management, operations management, strategic planning, business development, regulatory and government affairs, corporate governance, human resources and compensation, and public policy—qualities that led the Nominating Committee and the Board to conclude that these individuals should serve as our directors at this time, in light of our business and structure, overall industry environment, and our long-term strategy. The specific experiences, qualifications, attributes, and skills of each director and nominee are briefly described below. Board of Directors, Audit and Nominating Committees

Board Leadership

Pursuant to the Company's Bylaws the Chief Executive Officer shall also serve as the Chairman of the Board of Directors. David A. Veltri, as Chief Executive Officer and Chairman of the Board of Directors, sets the agenda for and presides over Board meetings.

The Company does not have not have a lead independent director. The Board believes that the combined role of Chairman and Chief Executive Officer is currently in the best interest of U.S. Energy shareholders due to the more cost-efficient nature which benefits the Company as its seeks potential growth opportunities.

Meetings of the Board

The Board consists of four members and they have primary responsibility for directing management of the business. During 2017, the Board held six formal meetings, which were attended by all of the directors serving on the Board in person or by telephone.

Attendance at Annual Meetings by Directors

Directors are encouraged, but not required, to attend annual meetings. At the Company's last annual meeting held on July 17, 2017, one director was in attendance.

Communications from Shareholders to the Board

The independent directors have established a process for collecting and organizing communications from shareholders. Shareholders may send communications to the Board by addressing their communications to Ryan Smith, Chief Financial Officer, at 950 S. Cherry Street, Suite 1515, Denver, Colorado 80246. Pursuant to this process, Mr. Veltri, the Chief Executive Officer then reviews the communications and determines which of the communications address matters of substance that should be considered by all directors, and sends those communications to all the directors for their consideration.

Audit Committee

To provide effective direction and review of fiscal matters, the Board has established an Audit Committee. The Audit Committee has the responsibility of reviewing our financial statements, exercising general oversight of the integrity and reliability of our accounting and financial reporting practices, and monitoring the effectiveness of our internal control systems. The Audit Committee also retains our independent outside audit firm and recommends selection of the internal audit firm. It also exercises general oversight of the activities of our independent auditors, principal financial officer, principal accounting officer, accounting employees and related matters. The Chairman of the Audit Committee is Javier F. Pico. The Board has determined that Mr. Pico is an audit committee financial expert as defined in Item 407(d) of SEC Regulation S-K. Other members of the Audit Committee are J. Weldon Chitwood and John G. Hoffman. All members of the Audit Committee are independent directors under applicable NASDAQ and SEC rules.

The Audit Committee met four times in 2017. All Committee members attended each meeting in person or by telephone. The Committee reviewed our financial statements for each quarter in 2017 and the year as a whole and discussed the financial statements with management and our independent audit firm. Based on the foregoing, the Committee recommended to the Board at the Audit Committee meeting held on March 23, 2018 that the audited financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2017. During the year ended December 31, 2017, the Audit Committee Chairman also met independently of management with the firm that performs internal control testing for the Company pursuant to Section 404 of the Sarbanes-Oxley Act. The Committee also reviews and reassesses the adequacy of the Audit Committee Charter on an annual basis.

Nominating Committee

The Company has a Nominating Committee, the members of which are J. Weldon Chitwood (Chairman), John G. Hoffman and Javier F. Pico. These members are independent directors under NASDAQ rules. The Nominating Committee is responsible for identifying and recommending to the Board nominees for election to the Board. This process involves consulting with the Company's CEO to identify qualified candidates with expertise in one of the business areas of the Company, including financial, oil and gas, and investment banking expertise. Once identified, the Nominating Committee reviews the qualifications (including capability, availability to serve, conflicts of interest, and other relevant factors) of any identified potential director candidate and where necessary assists in interviewing such candidate. It recommends to the Board appropriate nominees to election to be included in the Company's proxy statement for the annual shareholders meeting. The Nominating Committee met once during 2017 with all members attending either in person or by telephone.

Executive Committee

The Executive Committee helps implement the Board's overall directives as necessary. Members include David A. Veltri (Chairman) and Javier F. Pico. The Executive Committee does not regularly conduct formal meetings. The Executive Committee did not hold any meetings in 2017.

Hedging Committee

The Company has a Hedging Committee to review and approve the use of all swap agreements. Members include David A. Veltri (Chairman), J. Weldon Chitwood and John G. Hoffman. This Committee met formally on four occasions in 2017 and discussed hedging matters informally several times during the year. All Hedging Committee members attended all meetings of the Committee during 2017 either in person or by telephone.

Family Relationships

Family relationships are set forth in Item 13 hereof under the caption "Family Employment"

Risk Oversight

The Company faces various risks in its business, including liquidity and operational risks. Liquidity risk is encountered in the context of balancing contractual commitments to spend capital, and also is involved in the Company's hedging commitments for oil and gas price protection. Any change in our hedging strategy will require the approval of the Board.

General business operations are managed by our executive officer, who reports to the Board as needed on developments in approved areas. Operations are run in conformity with the annual budget presented by management and approved, with appropriate modifications as needed throughout the year, by the Board. However, material budget variations (for example, a proposed acquisition or disposition of a significant property or an entry into a significant joint venture) are subject to prior approval by the Board, even if the category and fund allocation generally had been previously approved by the Board. In these situations, the Chairman will call a Board meeting to discuss specific terms, costs and variables, and associated risks, before committing the Company. We believe this process provides the Board with a continuing and key role in risk oversight.

Section 16(a) Beneficial Ownership Reporting Compliance

Under Section 16(a) of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), directors, executive officers, and persons beneficially holding more than 10% of our common stock must report their initial ownership of our common stock and any changes in that ownership in reports that must be filed with the SEC and us. The SEC has designated specific deadlines for these reports and we must identify in this Proxy Statement those persons who did not file these reports when due.

Based solely on a review of reports furnished to us and written representations from the filing persons, all directors, executive officers, and 10% owners timely filed all reports regarding transactions in our securities required to be filed in 2017 under Section 16(a) of the Exchange Act with the exception of the following, which were not timely filed.

Compensation Risk Assessment

We do not believe that our compensation programs encourage excessive risk taking. Risk mitigating factors of our compensation program and Board governance include:

Item 13 - Certain Relationships and Related Transactions, and Director Independence

Family Employment

The Company has adopted a nepotism policy pursuant to which family members of any employee, which include fathers, mothers, siblings, sons, daughters, nieces, nephews or grandchildren, may not be hired or terminated by a direct family member. Additionally, family members are not allowed to participate in any discussion relating to the setting of compensation rates for other family members. In addition, an immediate relative of any employee can only be hired after the Compensation Committee has reviewed the application of the direct family member and has satisfied itself that (a) the position is necessary, (b) the position has been adequately advertised, (c) other applicants have been interviewed by non-family managers of the Company and (d) that the family member is the most qualified for the position. Further, written approval from the Chairman of the Compensation Committee must be received along with an approved rate of pay before any family members of any employees, officers or directors can be employed and paid by the Company.

Related Person Transaction Policy

From time to time, we have entered into transactions with certain “related persons,” a category that generally includes executive officers, directors, and beneficial owners of five percent or more of our common stock, and immediate family members of these persons and entities in which one of these persons has a direct or indirect material interest. We refer to transactions with these related persons as “related party transactions.” The Audit Committee is responsible for the review and approval of each related party transaction exceeding \$120,000, although, as a matter of practice, the Committee reviews, and, if appropriate, approves, all related party transactions regardless of the amount involved.

The Audit Committee considers all relevant factors when determining whether to approve a proposed related party transaction, including (without limitation):

- the size of the transaction and the amount of consideration that might be paid to a related person;
- the nature of the interest of the applicable related person; and
- whether the transaction involves the provision of goods or services to us that are available from unaffiliated third parties.

Implementation of the Policy

In determining whether to approve a proposed related party transaction, the Audit Committee must be reasonably satisfied that:

the transaction likely will significantly benefit all shareholders, even though it will provide a benefit to the related parties; and
goods or services of comparable quality either cannot be obtained from third parties in time to meet the Company's needs, or can be obtained but at a significantly higher cost.

In appropriate circumstances, the Committee may enlist outside sources to obtain information about the possibility of using third party vendors' goods and/or services.

Compensation of certain related persons other than executive officers is determined by the Compensation Committee rather than the Audit Committee as discussed in "Family Employment." The policy has been followed by the Committee since 2004.

Related Party Transactions

The Company had a related party payable to its Chief Executive Officer of \$0.05 million as of December 31, 2017 for the reimbursement of ordinary operating expenses incurred on behalf of the Company.

Director Independence

The Board is comprised of a majority of independent directors. Specifically, the Board has determined J. Weldon Chitwood, John G. Hoffman, and Javier F. Pico are independent under applicable NASDAQ rules. In addition, the Audit Committee, the Compensation Committee, and the Nominating Committee are each comprised solely of independent directors as required under the applicable requirements of NASDAQ and the SEC.

Item 14 - Principal Accounting Fees and Services

The Audit Committee approves the terms of engagement before we engage the audit firm for audit and non-audit services, except as to engagements for services outside the scope of the original terms, in which instances the services are provided pursuant to pre-approval policies and procedures established by the Audit Committee. These pre-approval policies and procedures are detailed as to the category of service and the Audit Committee is kept informed of each service provided. These policies and procedures, and the work performed pursuant thereto, do not include any delegation to management of the Audit Committee’s responsibilities under the Exchange Act.

Relationship with Independent Accountants

Effective November 16, 2017, Hein & Associates LLP (“Hein”), the independent registered public accounting firm for the Company, combined with Moss Adams LLP (“Moss Adams”). As a result of this transaction, on November 16, 2017, Hein resigned as the independent registered public accounting firm for the Company. Concurrent with such resignation, the Company’s audit committee approved the engagement of Moss Adams as the new independent registered public accounting firm for the Company.

Moss Adams audited our financial statements for the year ended December 31, 2017. Hein, which combined with Moss Adams, audited our financial statements for the years ended December 31, 2016 and 2015. A representative will be present at the Annual Meeting in person or by telephone to respond to appropriate questions and will be provided the opportunity to make a statement at the meeting. There have been no disagreements between the Company and Moss Adams LLP concerning any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which were not resolved to the satisfaction of that firm.

The audit reports of Hein on the Company's financial statements for the years ended December 31, 2016 and 2015 did not contain an adverse opinion or a disclaimer of opinion, and were not qualified or modified as to uncertainty, audit scope or accounting principles except, the audit report of Hein on the Company's financial statements for the year ended December 31, 2016 contained an explanatory paragraph indicating that there was substantial doubt about the ability of the Company to continue as a going concern. The circumstances surrounding this disclosure were subsequently alleviated as described in the Company's Form 10-Q for the quarter ended September 30, 2017.

During the two most recent fiscal years ended December 31, 2016 and through the subsequent interim period preceding Hein's resignation, there were no disagreements between the Company and Hein on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedures, which disagreements, if not resolved to the satisfaction of Hein would have caused them to make reference thereto in their reports on the Company's financial statements for such years.

During the two most recent fiscal years ended December 31, 2016 and through the subsequent interim period preceding Hein's resignation, there were no reportable events within the meaning set forth in Item 304(a)(1)(v) of Regulation S-K, except that for the year ended December 31, 2016, a material weakness existed in the Company's internal control over financial reporting, as described in Item 9A to the Company's annual report on Form 10-K for the year ended December 31, 2016 and Item 4 of the Company's quarterly report on Form 10-Q for the quarter ended September 30, 2017.
