Item 8.01

Other Events

ONE Gas, Inc. (NYSE: OGS) announced that a joint stipulation and settlement agreement has been signed by all parties to the rate case filed by its Oklahoma Natural Gas division that will become effective upon receipt of the approvals described below. In addition to Oklahoma Natural Gas, the agreement was signed by the Staff of the Public Utility Division of the Oklahoma Corporation Commission (OCC), the Oklahoma Attorney General and an intervenor group called the Oklahoma Industrial Energy Consumers.

The joint stipulation and settlement agreement will be presented for consideration to an administrative law judge at a hearing on November 18, 2015. Following a recommendation from the administrative law judge, the OCC will then consider the administrative law judge's recommendation. In accordance with Oklahoma law, the OCC has 180 days from July 8, 2015 filing date to consider and render a decision in the Oklahoma Natural Gas rate case.

If the joint stipulation and settlement agreement is approved by the OCC as filed, Oklahoma Natural Gas' base rates would increase \$29,995,000 beginning in 2016. The joint stipulation includes the continuation, with certain modifications, of the Performance Based Rate Change (PBRC) tariff that was established in 2009.

The joint stipulation and settlement agreement includes a return on equity of 9.5 percent, which represents the midpoint of the allowed range of 9.0 to 10.0 percent as defined within the PBRC tariff. The initial common equity ratio would be 60.5 percent, unchanged from the original filed request. For each future PBRC filing, the maximum allowed common equity ratio would decrease by 1 percent beginning with a 59 percent common equity ratio in the 2017 PBRC review of calendar year 2016 and end with a 56 percent common equity ratio in the 2020 PBRC review of calendar year 2019. Oklahoma Natural Gas would be required to file a rate case in 2021 based on a 12-month test year ending December 31, 2020.
