Item 5.02 Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

On April 18, 2015, Ben Wong and Eddy Wong tendered their resignation as Chief Executive Officer and Chief Financial Officer, respectively, of Eagle Mountain Corporation, formerly Usmart Mobile Device Inc. (the “Company”), effective immediately. Their resignation was for personal reasons and was not in connection with any disagreement on any matter relating to the Company’s operations, policies or practices. Mr. Ben Wong remains as a director of the Company.

Also on April 18, 2015, the Board of Directors of the Company (the “Board”) appointed Ronald Cormick as Chief Executive Officer of the Company and Haley Manchester as Chief Financial Officer of the Company to fill the vacancies left by Messrs. Wong’s resignation, with immediate effect. The Board also resolved to elect Ronald Cormick, Ehud Amir, and Larry Eastland as directors of the Company and appointed Ehud Amir as Chief Operating Officer of the Company with immediate effect.

Since 2013, Ronald Cormick, age 70, has served as the President of Texas Shale Oil Inc. where he is responsible for strategic planning and project management. Mr. Cormick is also the President and Chief Executive Officer of Shale Oil International Inc. (OTC Pink: SHLE) which acquired Texas Shale Oil Inc. in 2014. Prior to that, he was the Chief Executive Member of RCO Energy LLC (predecessor to Texas Shale Oil Inc.) since 2006. Mr. Cormick is also a research director for AIRIS Corp, a private Canadian medical device company since 2006. Mr. Cormick previously held numerous management and staff positions including Research Scientist and Manager in Exploration R&D in both oil & gas and mineral industries and President of an international oil company. We highly value Mr. Cormick’s broad range of leadership experience and extensive technical expertise in both oil & gas and minerals industries and believe he is qualified to serve as a member of the Board.

Ehud Amir, 37, is a financial and natural resources entrepreneur. Mr. Amir is a co-founder of Texas Shale Oil Inc., where he is responsible for the financial modeling and project acquisition structures, and identifying the best partners to develop the company’s upstream oil and gas targets and assets. Prior to that, from 2010 to 2012, Mr. Amir was the managing director at Sterlington Resources Ltd. in charge of designing its financial structures and Joint Ventures for Dove Mining Ltd. and its clients, mainly for alluvial mines projects. We believe Mr. Amir’s experience in financial, natural resources, oil and gas industries qualifies him to serve as a member of the Board.

Larry Eastland, 72, is a seasoned entrepreneur, and leads an international business advisory group, Global Public Strategies, Ltd. in Los Angeles, Hong Kong and Southeast Asia. Dr. Eastland has provided business services for more than 20 years on four continents. Dr. Eastland currently serves as a director of Shale Oil International Inc. (OTC Pink: SHLE). He has served four U.S. Presidents including as Staff Assistant to the President, U.S. Delegate to the World Tourism Organization, and Director of Operations for the 1983 Summit of Industrialized Nations. He is a combat decorated U.S. Marine Corps officer having served as a Firebase Commander in Vietnam. Dr. Eastland received a B.A. in Political Science and International Relations from Brigham Young University in 1967. He received an M.A. and Ph.D. in quantitative behavioral research from the University of Southern California in 1973 and 1976, respectively. Dr. Eastland has served on a number of Boards of both private and public companies, and advises businesses throughout the world. We believe his 30 years’ management experience on the executive level and extensive knowledge qualify him as a member of the Board.

Haley Manchester, 49, served as the CEO of Trai Thien USA Inc., one of the few Vietnamese companies to successfully go public in the US, where he managed the quadrupling of operations from 2009 until overseeing its recent merger with Onasis Mining Inc in 2014. He is a fluent Vietnamese speaker with twenty years of private and multinational general management, distribution, and business development experience in Asia, including more than
