EXPLANATORY NOTE

This report combines the quarterly reports on Form 10-Q for the period ended March 31, 2018 of Urban Edge Properties and Urban Edge Properties LP. Unless stated otherwise or the context otherwise requires, references to “UE” and “Urban Edge” mean Urban Edge Properties, a Maryland real estate investment trust (“REIT”), and references to “UELP” and the “Operating Partnership” mean Urban Edge Properties LP, a Delaware limited partnership. References to the “Company,” “we,” “us” and “our” mean collectively UE, UELP and those entities/subsidiaries consolidated by UE. UELP is the entity through which we conduct substantially all of our business and own, either directly or through subsidiaries, substantially all of our assets. UE is the sole general partner and also a limited partner of UELP. As the sole general partner of UELP, UE has exclusive control of UELP’s day-to-day management.

As of March 31, 2018, UE owned an approximate 89.9% ownership interest in UELP. The remaining approximate 10.1% interest is owned by limited partners. The other limited partners of UELP are Vornado Realty L.P., members of management, our Board of Trustees, and contributors of property interests acquired. Under the limited partnership agreement of UELP, unitholders may present their common units of UELP for redemption at any time (subject to restrictions agreed upon at the time of issuance of the units that may restrict such right for a period of time). Upon presentation of a common unit for redemption, UELP must redeem the unit for cash equal to the then value of a share of UE’s common shares, as defined by the limited partnership agreement. In lieu of cash redemption by UELP, however, UE may elect to acquire any common units so tendered by issuing common shares of UE in exchange for the common units. If UE so elects, its common shares will be exchanged for common units on a one-for-one basis. This one-for-one exchange ratio is subject to specified adjustments to prevent dilution. UE generally expects that it will elect to issue its common shares in connection with each such presentation for redemption rather than having UELP pay cash. With each such exchange or redemption, UE’s percentage ownership in UELP will increase. In addition, whenever UE issues common shares other than to acquire common units of UELP, UE must contribute any net proceeds it receives to UELP and UELP must issue to UE an equivalent number of common units of UELP. This structure is commonly referred to as an umbrella partnership REIT, or UPREIT.

The Company believes that combining the quarterly reports on Form 10-Q of UE and UELP into this single report provides the following benefits:

- enhances investors’ understanding of UE and UELP by enabling investors to view the business as a whole in the same manner as management views and operates the business;
- eliminates duplicative disclosure and provides a more streamlined and readable presentation because a substantial portion of the disclosure applies to both UE and UELP; and
- creates time and cost efficiencies throughout the preparation of one combined report instead of two separate reports.

The Company believes it is important to understand the few differences between UE and UELP in the context of how UE and UELP operate as a consolidated company. The financial results of UELP are consolidated into the financial statements of UE. UE does not have any other significant assets, liabilities or operations, other than its investment in UELP, nor does it have employees of its own. UELP, not UE, generally executes all significant business relationships other than transactions involving the securities of UE. UELP holds substantially all of the assets of UE. UELP conducts the operations of the business and is structured as a partnership with no publicly traded equity. Except for the net proceeds from equity offerings by UE, which are contributed to the capital of UELP in exchange for units of limited partnership in UELP, as applicable, UELP generates all remaining capital required by the Company’s business. These sources may include working capital, net cash provided by operating activities, borrowings under the revolving credit agreement, the issuance of secured and unsecured debt and equity securities and proceeds received from the disposition of certain properties.

Shareholders’ equity, partners’ capital and noncontrolling interests are the main areas of difference between the consolidated financial statements of UE and UELP. The limited partners of UELP are accounted for as partners’ capital in UELP’s financial statements and as noncontrolling interests in UE’s financial statements. The noncontrolling interests in UELP’s financial statements include the interests of unaffiliated partners in consolidated entities. The noncontrolling interests in UE’s financial statements include the same noncontrolling interests at UELP’s level and limited partners of UELP. The differences between shareholders’ equity and partners’ capital result from differences in the equity issued at UE and UELP levels.

Edgar Filing: Urban Edge Properties - Form 10-Q

To help investors better understand the key differences between UE and UELP, certain information for UE and UELP in this report has been separated, as set forth below: Item 1. Financial Statements (unaudited) which includes specific disclosures for UE and UELP, Note 14, Equity and Noncontrolling Interest and Note 16 thereto, Earnings Per Share and Unit.

This report also includes separate Part I, Item 4. Controls and Procedures sections and separate Exhibits 31 and 32 certifications for each of UE and UELP in order to establish that the requisite certifications have been made and that UE and UELP are compliant with Rule 13a-15 or Rule 15d-15 of the Securities Exchange Act of 1934 and 18 U.S.C. §1350.

URBAN EDGE PROPERTIES AND URBAN EDGE PROPERTIES LP
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

1. ORGANIZATION

Urban Edge Properties (“UE”, “Urban Edge” or the “Company”) (NYSE: UE) is a Maryland real estate investment trust focused on managing, developing, redeveloping, and acquiring retail real estate in urban communities, primarily in the New York metropolitan area. Urban Edge Properties LP (“UELP” or the “Operating Partnership”) is a Delaware limited partnership formed to serve as UE’s majority-owned partnership subsidiary and to own, through affiliates, all of our real estate properties and other assets. Unless the context otherwise requires, references to “we”, “us” and “our” refer to Urban Edge Properties and UELP and their consolidated entities/subsidiaries.

The Operating Partnership’s capital includes general and common limited partnership interests in the operating partnership (“OP Units”). As of March 31, 2018, Urban Edge owned approximately 89.9% of the outstanding common OP Units with the remaining limited OP Units held by Vornado Realty L.P., members of management, our Board of Trustees and contributors of property interests acquired. Urban Edge serves as the sole general partner of the Operating Partnership. The third-party unitholders have limited rights over the Operating Partnership such that they do not have characteristics of a controlling financial interest. As such, the Operating Partnership is considered a variable interest entity (“VIE”), and the Company is the primary beneficiary which consolidates it. The Company’s only investment is the Operating Partnership. The VIE’s assets can be used for purposes other than the settlement of the VIE’s obligations and the Company’s partnership interest is considered a majority voting interest.

As of March 31, 2018, our portfolio consisted of 84 shopping centers, four malls and a warehouse park totaling approximately 16.7 million square feet.

2. BASIS OF PRESENTATION AND PRINCIPLES OF CONSOLIDATION

The accompanying consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (“GAAP”) for interim financial information and with the instructions of Form 10-Q. Certain information and footnote disclosures included in our annual financial statements have been condensed or omitted. In the opinion of management, the consolidated financial statements contain all adjustments, consisting of normal recurring accruals, necessary to present fairly the financial position of the Company and the Operating Partnership and the results of operations and cash flows for the interim periods presented. Operating results for the three months ended March 31, 2018 are not necessarily indicative of the results that may be expected for the fiscal year ending December 31, 2018. Accordingly, these consolidated financial statements should be read in conjunction with our consolidated financial statements and notes thereto included in our Annual Report on Form 10-K for the year ended December 31, 2017, as filed with the Securities Exchange Commission (“SEC”).

The consolidated balance sheets as of March 31, 2018 and December 31, 2017 reflect the consolidation of wholly-owned subsidiaries and those entities in which we have a controlling financial interest. The consolidated statements of income for the three months ended March 31, 2018 and 2017 include the consolidated accounts of the Company and the Operating Partnership. All intercompany transactions have been eliminated in consolidation.

Our primary business is the ownership, management, redevelopment, development and operation of retail shopping centers and malls. We do not distinguish our primary business or group our operations on a geographical basis for purposes of measuring performance. The Company’s chief operating decision maker reviews operating and financial information for each property on an individual basis and therefore, each property represents an individual operating segment. None of our tenants accounted for more than 10% of our revenue or property operating income. We aggregate all of our properties into one reportable segment due to their similarities with regard to the nature and economics of the properties, tenants and operations, as well as long-term average financial performance.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Recently Issued Accounting Literature

In May 2017, the FASB issued an update (“ASU 2017-09”) Scope of Modification Accounting, which clarifies when to account for a change to the terms or conditions of a share-based payment award as a modification. Under the new guidance, modification accounting will not apply if the fair value, vesting conditions, and classification of the awards are the same immediately before and after the modification. ASU 2017-09 is effective for annual periods beginning after December 15, 2017, with early adoption permitted. We adopted the standard on January 1, 2018, which resulted in no impact. If we encounter a change to the terms or conditions of any of our share-based payment awards we will evaluate the need to apply modification accounting based on the

new guidance. The general treatment for modifications of share-based payment awards is to record the incremental value arising from the change as additional compensation cost.

In February 2017, the FASB issued an updated (“ASU 2017-05”) Other Income - Gains and Losses from the Derecognition of Nonfinancial Assets, to clarify the scope and accounting for derecognition of nonfinancial assets. ASU 2017-05 eliminated the guidance specific to real estate sales and partial sales. ASU 2017-05 defines “in-substance nonfinancial assets” and includes guidance on partial sales of nonfinancial assets. ASU 2017-05 is effective for interim and annual reporting periods in fiscal years beginning after December 15, 2017, with early adoption permitted. We adopted the standard on January 1, 2018, which resulted in no impact to our consolidated financial statements.

In February 2016, the FASB issued an update (“ASU 2016-02”) Leases, which revises the accounting related to lease accounting. Under the new guidance, lessees will be required to recognize a lease liability and a right-of-use asset for all leases with terms greater than 12 months. Leases will be classified as either finance or operating, with classification affecting the pattern of expense recognition in the income statement. The provisions of ASU 2016-02 are effective for fiscal years beginning after December 15, 2018 and should be applied through a modified retrospective transition approach for leases existing at, or entered into after, the beginning of the earliest comparative period presented in the financial statements. Early adoption is permitted. We expect to adopt the standard beginning January 1, 2019. This standard will impact our consolidated financial statements by the recording of right-of-use assets and lease liabilities on our consolidated balance sheets for operating and finance leases where we are the lessee. We are currently in the process of evaluating the inputs required to calculate the amount that will be recorded on our consolidated balance sheets for these leases. In addition, leases where we are the lessor that meet the criteria of a finance lease will be amortized using the effective interest method with corresponding charges to interest expense and amortization expense. Leases where we are the lessor that meet the criteria of an operating lease will continue to be amortized on a straight-line basis. Further, internal leasing department costs previously capitalized will be expensed within general and administrative expenses. Historical capitalization of internal leasing costs were \$0.2 million for each of the three months ended March 31, 2018 and March 31, 2017, respectively. ASU 2016-02 originally stated that companies would be required to bifurcate certain lease revenues between lease and non-lease components, however, the FASB issued an exposure draft in January 2018 (2018 Exposure Draft) which, if adopted as written, would allow lessors a practical expedient by class of underlying assets to account for lease and non-lease components as a single lease component if certain criteria are met. ASU 2016-02 originally required a modified retrospective method of adoption, however, the 2018 Exposure Draft indicates that companies may be permitted to recognize a cumulative-effect adjustment to the opening balance of retained earnings in the period of adoption. The Company will continue to evaluate the impact of this guidance until it becomes effective.

In May 2014, the FASB issued an update (“ASU 2014-09”) Revenue from Contracts with Customers to ASC Topic 606, which supersedes the revenue recognition requirements in ASC Topic 605, Revenue Recognition. ASU 2014-09 requires additional disclosure about the nature, amount, timing and uncertainty of revenue and cash flows arising from customer contracts, including significant judgments and changes in judgments and assets recognized from costs incurred to obtain or fulfill a contract. During the year ended December 31, 2016, the FASB issued the following updates to ASC Topic 606 to clarify and/or amend the guidance in ASU 2014-09: (i) ASU 2016-08 Principal versus Agent Considerations (Reporting Revenue Gross versus Net), which clarifies the implementation guidance on principal versus agent considerations, (ii) ASU 2016-10 Identifying Performance Obligations and Licensing, which clarifies guidance related to identifying performance obligations and licensing implementation guidance and (iii) ASU 2016-12 Narrow-Scope Improvements and Practical Expedients, which amends certain aspects of ASU 2014-09. We adopted this standard effective January 1, 2018 using the modified retrospective approach which requires applying the new standard to all existing contracts not yet completed as of the effective date. We have completed our evaluation of the standard’s impact on the Company’s revenue streams, specifically management and development fee income. The adoption of this standard did not have a material impact on our consolidated financial statements but has resulted in additional qualitative disclosures for the three months ended March 31, 2018 and 2017 (refer to Note 4 Revenues).

Any other recently issued accounting standards or pronouncements not disclosed above have been excluded as they are not relevant to the Company or the Operating Partnership, or they are not expected to have a material impact on our consolidated financial statements.

4. REVENUES

We have the following revenue sources and revenue recognition policies. The table below presents our revenues disaggregated by revenue source for the quarters ended March 31, 2018 and 2017, respectively:

(in thousands)	Three Months Ended March 31,	
	2018	2017
Property rentals	\$69,722	\$62,498
Tenant expense reimbursements	28,672	23,771
Management and development fees	342	479
Income from acquired leasehold interest	—	39,215
Other income	317	101
Total Revenue	\$99,053	\$126,064

Property Rentals

We generate revenue from minimum lease payments from tenant operating leases. These rents are recognized over the noncancelable terms of the related leases on a straight-line basis which includes the effects of rent steps and rent abatements under the leases in accordance with ASC 840. We satisfy our performance obligations over time, under the noncancelable lease term, commencing when the tenant takes possession of the leased space and the leased space is substantially ready for its intended use. In addition, in circumstances where we provide a lease incentive to tenants, we recognize the incentive as a reduction of rental revenue on a straight-line basis over the remaining term of the lease. The underlying leased asset remains on our consolidated balance sheet and continues to depreciate.

Tenant expense reimbursements

In accordance with ASC 840, revenue arises from tenant leases, which provide for the recovery of all or a portion of the operating expenses, real estate taxes and capital improvements of the respective property. This revenue is accrued in the same periods as the expenses are incurred.

Other Income

Other income is generated in connection with certain services provided to tenants for which we earn a fee. This revenue is recognized as the services are transferred in accordance with ASC 606.

Management and development fees

We generate management and development fee income from contractual property management agreements with third parties. This revenue is recognized as the services are transferred in accordance with ASC 606.

5. ACQUISITIONS AND DISPOSITIONS

During the three months ended March 31, 2018, we closed the following acquisitions:

Date Purchased	Property Name	City	State	Square Feet	Purchase Price (in thousands)
January 26, 2018	938 Spring Valley Road	Maywood	NJ	2,000	\$ 719
February 23, 2018	116 Sunrise Highway	Freeport	NY	4,750	447
February 28, 2018	197 West Spring Valley Road	Maywood	NJ	16,300	2,799
				Total	\$ 3,965 ⁽¹⁾

⁽¹⁾ The total purchase prices for the properties acquired in the three months ended March 31, 2018 include \$0.1 million of transaction costs incurred in relation to the transactions.

The properties purchased during the quarter are all adjacent to existing centers owned by the Company. Consideration for these purchases consisted of cash.

The aggregate purchase prices of the above property acquisitions have been allocated as follows:

Property Name	Land	Buildings and improvements	Total Purchase Price
(in thousands)			
938 Spring Valley Road	\$519	\$ 200	\$ 719
116 Sunrise Highway	151	296	447
197 West Spring Valley Road	1,768	1,031	2,799
Total	\$2,438	\$ 1,527	\$ 3,965

Real Estate Held for Sale

At March 31, 2018, our property in Allentown, PA was classified as held for sale based on the executed contract of sale with a third-party buyer and our intent to dispose of the property. The carrying amount of this property is \$3.3 million, net of accumulated depreciation of \$14.3 million, which is included in prepaid expenses and other assets in our consolidated balance sheets as of March 31, 2018 and December 31, 2017, respectively. We completed the sale of the property on April 26, 2018 for \$54.3 million, net of selling costs.

6. IDENTIFIED INTANGIBLE ASSETS AND LIABILITIES

Our identified intangible assets (acquired in-place and above and below-market leases) and liabilities (acquired below-market leases), net of accumulated amortization were \$82.8 million and \$176.8 million as of March 31, 2018, respectively, and \$87.2 million and \$181.0 million as of December 31, 2017, respectively.

Amortization of acquired below-market leases, net of acquired above-market leases resulted in additional rental income of \$2.6 million for the three months ended March 31, 2018 and \$2.0 million and for the same period in 2017.

Amortization of acquired in-place leases and customer relationships resulted in additional depreciation and amortization expense of \$2.8 million for the three months ended March 31, 2018 and \$0.9 million for the same period in 2017.

Certain shopping centers are subject to ground leases or ground and building leases. Amortization of these acquired below-market leases resulted in additional rent expense of \$0.2 million for the three months ended March 31, 2018 and \$0.4 million for the same period in 2017.

The following table sets forth the estimated annual amortization expense related to intangible assets and liabilities for the five succeeding years commencing January 1, 2019:

(Amounts in thousands)	Below-Market Operating Lease Income	Above-Market Operating Lease Expense	In-Place Leases	Below-Market Ground Leases
Year				
2019	\$ 11,544	\$ 1,294	\$ 8,556	\$ 972

(1) Bears interest at one month LIBOR plus 160 bps.

(2) Bears interest at one month LIBOR plus 190 bps.

The mortgage payable balance on the loan secured by Mount Kisco (Target) includes \$1.0 million of unamortized
(3) debt discount as of both March 31, 2018 and December 31, 2017, respectively. The effective interest rate including amortization of the debt discount is 7.28% as of March 31, 2018.

On March 29, 2017, we refinanced the \$74 million, 4.59% mortgage loan secured by our Tonnelle Commons property in North Bergen, NJ, increasing the principal balance to \$100 million with a 10-year fixed rate mortgage, at 4.18%. As a result, we recognized a loss on extinguishment of debt of \$1.3 million during the three months ended March 31, 2017 comprised of a \$1.1 million prepayment penalty and write-off of \$0.2 million of unamortized deferred financing fees on the original loan.

The mortgage payable balance on the loan secured by Hudson Mall includes \$1.4 million and \$1.5 million of unamortized debt premium as of March 31, 2018 and December 31, 2017, respectively. The effective interest rate including amortization of the debt premium is 3.76% as of March 31, 2018.

The mortgage payable balance on the loan secured by Yonkers Gateway Center includes \$0.8 million of unamortized debt premium as of both March 31, 2018 and December 31, 2017, respectively. The effective interest rate including amortization of the debt premium is 3.67% as of March 31, 2018.

On January 31, 2018, our property in Englewood, NJ was sold at a foreclosure sale and on February 23, 2018, the court order was received approving the sale and discharging the receiver of all assets and liabilities related to the property.

During 2017, our property in Englewood, NJ was transferred to a receiver. On January 31, 2018, our property in Englewood, NJ was sold at a foreclosure sale and on February 23, 2018, the court order was received approving the sale and discharging the receiver of all assets and liabilities related to the property. We recognized a gain on extinguishment of debt of \$2.5 million as a result of the forgiveness of outstanding mortgage debt of \$11.5 million, which is included in gain (loss) on extinguishment of debt in the consolidated statements of income for the three months ended March 31, 2018.

The net carrying amount of real estate collateralizing the above indebtedness amounted to approximately \$1.2 billion as of March 31, 2018. Our mortgage loans contain covenants that limit our ability to incur additional indebtedness on these properties and in certain circumstances require lender approval of tenant leases and/or yield maintenance upon repayment prior to maturity. As of March 31, 2018, we were in compliance with all debt covenants.

As of March 31, 2018, the principal repayments for the next five years and thereafter are as follows:

(Amounts in thousands)

Year Ending December 31,	
2018 ⁽¹⁾	\$ 2,441
2019	4,244
2020	7,571
2021	124,448
2022	100,899
2023	344,426
Thereafter	981,800

⁽¹⁾ Remainder of 2018.

On January 15, 2015, we entered into a \$500 million Revolving Credit Agreement (the “Agreement”) with certain financial institutions. On March 7, 2017, we amended and extended the Agreement. The amendment increased the credit facility size by \$100 million to \$600 million and extended the maturity date to March 7, 2021 with two six-month extension options. Borrowings under the Agreement are subject to interest at LIBOR plus 1.10% to 1.55% and an annual facility fee of 15 to 35 basis points. Both the spread over LIBOR and the facility fee are based on our current leverage ratio and are subject to increase if our leverage ratio increases above predefined thresholds. The Agreement contains customary financial covenants including a maximum leverage ratio of 60% and a minimum fixed charge coverage ratio of 1.5x. No amounts have been drawn to date under the Agreement. Financing fees associated with the Agreement of \$3.0 million and \$3.2 million as of March 31, 2018 and December 31, 2017, respectively, are included in deferred financing fees in the consolidated balance sheets.

8. INCOME TAXES

The Company has elected to qualify as a REIT under sections 856-860 of the Internal Revenue Code of 1986, as amended, commencing with the filing of our tax return for the 2015 fiscal year. Under those sections, a REIT that distributes at least 90% of its REIT taxable income as a dividend to its shareholders each year and which meets certain other conditions will not be taxed on that portion of its taxable income which is distributed to its shareholders. As a REIT, we generally will not be subject to federal income taxes, provided that we distribute 100% of taxable income. It is our intention to adhere to the organizational and operational requirements to maintain our REIT status. If we fail to qualify as a REIT for any taxable year, we will be subject to federal income taxes at regular corporate rates (including any alternative minimum tax) and may not be able to qualify as a REIT for the four subsequent taxable years.

On December 22, 2017, the Tax Cuts and Jobs Act (the "Act") was signed into law. The Act amends the Internal Revenue Code to reduce tax rates and modify policies, credits, and deductions for individuals and businesses. Effective January 1, 2018, for businesses, the Act reduces the corporate tax rate from a maximum of 35% to a flat 21% rate. Since UE has elected to qualify as a REIT under sections 856-860 of the Internal Revenue Code with intent to distribute 100% of its taxable income and did not have any activities in a Taxable REIT Subsidiary ("TRS") prior to January 1, 2018, there was no impact to the Company's financial statements.

On December 31, 2017, the Company elected, for tax purposes, to treat the wholly-owned limited partnership that holds its Allentown property as a taxable REIT subsidiary ("TRS"). A TRS is a corporation, other than a REIT, in which we directly or indirectly hold stock, which has made a joint election with us to be treated as a TRS under Section 856(l) of the Code. A TRS is required to pay regular U.S. federal income tax, and state and local income tax where applicable, as a non-REIT "C" corporation. The Company's consolidated financial statements for the quarter ended March 31, 2018 reflect the TRS' federal and state corporate income taxes associated with the operating activities at its Allentown property. The tax expense recorded in association with the operating activities of Allentown was \$0.2 million for the quarter ended March 31, 2018.

The REIT and the other minority members are partners in the Operating Partnership. As such, the partners are required to report their share of taxable income on their tax returns. We are also subject to certain other taxes, including state and local taxes and franchise taxes which are included in general and administrative expenses in the consolidated statements of income.

Our two Puerto Rico malls are subject to a 29% non-resident withholding tax which is included in income tax expense in the consolidated statements of income. The Puerto Rico tax expense recorded was \$0.2 million and \$0.3 million for the quarters ended March 31, 2018 and 2017, respectively. Both properties are held in a special partnership for Puerto Rico tax reporting (the general partner being a qualified REIT subsidiary or "QRS").

9. FAIR VALUE MEASUREMENTS

ASC 820, Fair Value Measurement and Disclosures defines fair value and establishes a framework for measuring fair value. The objective of fair value is to determine the price that would be received upon the sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). ASC 820 establishes a fair value hierarchy that prioritizes observable and unobservable inputs used to measure fair value into three levels: Level 1 - quoted prices (unadjusted) in active markets that are accessible at the measurement date for assets or liabilities; Level 2 - observable prices based on inputs not quoted in active markets, but corroborated by market data; and Level 3 - unobservable inputs used when little or no market data is available. The fair value hierarchy gives the highest priority to Level 1 inputs and the lowest priority to Level 3 inputs. In determining fair value, we utilize valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible as well as consider counterparty credit risk in our assessment of fair value.

Financial Assets and Liabilities Measured at Fair Value on a Recurring or Non-Recurring Basis

There were no financial assets or liabilities measured at fair value on a recurring or non-recurring basis as of March 31, 2018 and December 31, 2017.

Financial Assets and Liabilities not Measured at Fair Value

Financial assets and liabilities that are not measured at fair value on the consolidated balance sheets include cash and cash equivalents and mortgages payable. Cash and cash equivalents are carried at cost, which approximates fair value. The fair value of mortgages payable is calculated by discounting the future contractual cash flows of these instruments using current risk-adjusted rates available to borrowers with similar credit ratings, which are provided by a third-party specialist. The fair value of cash and cash equivalents is classified as Level 1 and the fair value of mortgages payable is classified as Level 2. The table below summarizes the carrying amounts and fair value of these financial instruments as of March 31, 2018 and December 31, 2017.

(Amounts in thousands)	As of March 31, 2018		As of December 31, 2017	
	Carrying Amount	Fair Value	Carrying Amount	Fair Value
Assets:				
Cash and cash equivalents	\$462,774	\$462,774	\$490,279	\$490,279
Liabilities:				
Mortgages payable ⁽¹⁾	\$1,565,829	\$1,537,971	\$1,578,317	\$1,579,839

⁽¹⁾ Carrying amounts exclude unamortized debt issuance costs of \$13.3 million and \$13.8 million as of March 31, 2018 and December 31, 2017, respectively.

The following market spreads were used by the Company to estimate the fair value of mortgages payable:

	March 31, 2018		December 31, 2017	
	Low	High	Low	High
Mortgages payable	1.7%	2.1%	1.7%	2.1%

10. COMMITMENTS AND CONTINGENCIES

There are various legal actions against us in the ordinary course of business. In our opinion, after consultation with legal counsel, the outcome of such matters will not have a material adverse effect on our financial condition, results of operations or cash flows.

Redevelopment

As of March 31, 2018, we had approximately \$205.9 million of active development, redevelopment and anchor repositioning projects underway of which \$100.3 million remains to be funded. Based on current plans and estimates we anticipate the remaining amounts will be expended over the next two years.

Insurance

The Company maintains (i) general liability insurance with limits of \$200 million for properties in the U.S. and Puerto Rico and (ii) all-risk property insurance with limits of \$500 million per occurrence and in the aggregate for properties in the U.S. and \$139 million for properties in Puerto Rico, subject to the terms, conditions, exclusions, deductibles and sub-limits when applicable for certain perils such as floods and earthquakes and (iii) numerous other insurance policies including trustees' and officers' insurance, workers' compensation and automobile-related liabilities insurance. The Company's insurance includes coverage for certified acts of terrorism acts but excludes coverage for nuclear, biological, chemical or radiological terrorism events as defined by the Terrorism Risk Insurance Program Reauthorization Act, which expires in December 2020. In addition, the Company maintains coverage for certain cybersecurity losses with limits of \$5 million per occurrence and in the aggregate providing first and third-party coverage including network interruption, event management, cyber extortion and claims for media content, security and privacy liability. Insurance premiums are typically charged directly to each of the retail properties and warehouses but not all of the cost of such premiums are recovered. The Company is responsible for deductibles, losses in excess of insurance coverage, and the portion of premiums not covered from retail properties, which could be material. We continue to monitor the state of the insurance market and the scope and costs of coverage for acts of terrorism. However, we cannot anticipate what coverage will be available on commercially reasonable terms in the future and expect premiums across most property coverage lines to increase in light of recent events. The incurrence of uninsured losses, costs or uncovered premiums could materially and adversely affect our business, results of operations and financial condition.

Certain of our loans and other agreements contain customary covenants requiring the maintenance of insurance coverage. Although we believe that we currently have adequate insurance coverage for purposes of these agreements, we may not be able to obtain an equivalent amount of coverage at reasonable costs in the future. If lenders or other counterparties insist on greater coverage than we are able to obtain, such requirement could materially and adversely affect our ability to finance our properties and expand our portfolio.

Hurricane-Related Charges

On September 20, 2017, Hurricane Maria made landfall, damaging our two properties in Puerto Rico. During the three months ended March 31, 2018, the Company received \$1.5 million in insurance proceeds which were partially offset by \$0.2 million of hurricane related costs, resulting in net casualty gains of \$1.3 million included in casualty and impairment (gain) loss, net on the accompanying consolidated statements of income.

During the three months ended March 31, 2018, the Company recognized \$0.8 million of business interruption losses. Losses of \$0.6 million pertained to rent abatements due to tenants that have not reopened since the hurricane, recorded as a reduction of property rentals and tenant expense reimbursements, and \$0.2 million was recorded as a provision for doubtful accounts for unpaid rents. As of May 2, 2018, approximately 95% of all stores previously occupied prior to the hurricane (as measured by GLA) are open, including Marshalls, which opened on April 12, 2018.

To the extent future insurance proceeds exceed the difference between the hurricane related expenses incurred and/or business interruption losses recognized, the excess will be reflected as a gain in the period those amounts are received or when receipt is deemed probable.

No determination has been made as to the total amount or timing of insurance payments that may be received as a result of the hurricane.

Environmental Matters

Each of our properties has been subjected to varying degrees of environmental assessment at various times. Based on these assessments and the projected remediation costs, we have accrued costs of \$1.5 million and \$1.2 million on our consolidated balance sheets as of March 31, 2018 and December 31, 2017, respectively, for potential remediation costs for environmental contamination at certain properties. While this accrual reflects our best estimates of the potential costs of remediation at these

properties, \$0.3 million has currently been accrued during the quarter ended March 31, 2018 and there can be no assurance that the actual costs will not exceed this amount. With respect to our other properties, the environmental assessments did not reveal any material environmental contamination. However, there can be no assurance that the identification of new areas of contamination, changes in the extent or known scope of contamination, the discovery of additional sites, or changes in cleanup requirements would not result in significant costs to us.

11. PREPAID EXPENSES AND OTHER ASSETS

The following is a summary of the composition of the prepaid expenses and other assets in the consolidated balance sheets:

(Amounts in thousands)	Balance at	
	March 31, 2018	December 31, 2017
Real estate held for sale	\$3,285	\$ 3,285
Other assets	3,801	3,771
Deposits for acquisitions	100	406
Prepaid expenses:		
Real estate taxes	5,088	7,094
Insurance	3,342	2,793
Rent, licenses/fees	1,628	1,210
Total Prepaid expenses and other assets	\$17,244	\$ 18,559

12. OTHER LIABILITIES

The following is a summary of the composition of other liabilities in the consolidated balance sheets:

(Amounts in thousands)	Balance at	
	March 31, 2018	December 31, 2017
Deferred ground rent expense	\$6,517	\$ 6,499
Deferred tax liability, net	3,073	2,828
Deferred tenant revenue	3,996	4,183
Environmental remediation costs	1,482	1,232
Other liabilities	506	429
Total Other liabilities	\$15,574	\$ 15,171

13. INTEREST AND DEBT EXPENSE

The following table sets forth the details of interest and debt expense:

(Amounts in thousands)	Three Months Ended March 31,	
	2018	2017
Interest expense	\$14,922	\$12,251
Amortization of deferred financing costs	722	864
Total Interest and debt expense	\$15,644	\$13,115

14. EQUITY AND NONCONTROLLING INTEREST

At-The-Market Program

In 2016, the Company established an at-the-market (“ATM”) equity program, pursuant to which the Company may offer and sell from time to time its common shares, par value \$0.01 per share, with an aggregate gross sales price of up to \$250.0 million through a consortium of broker dealers acting as sales agents. As of March 31, 2018, \$241.3 million of common shares remained available for issuance under this ATM equity program and there were no common shares issued under the ATM equity program during the three months ended March 31, 2018 and 2017, respectively. Actual future sales will depend on a variety of factors including, but not limited to, market conditions, the trading price of our common shares and our capital needs. We have no obligation to sell the remaining shares available under the active ATM equity program.

Dividends and Distributions

During each of the three months ended March 31, 2018 and 2017, the Company declared dividends on our common shares and OP unit distributions of \$0.22 per share/unit.

Noncontrolling Interests in Operating Partnership

Redeemable noncontrolling interests reflected on the consolidated balance sheets of the Company are comprised of OP units and limited partnership interests in the Operating Partnership in the form of LTIP unit awards. In connection with the separation, the Company issued 5.7 million OP units, representing a 5.4% interest in the Operating Partnership to Vornado Realty L.P. ("VRLP") in exchange for interests in VRLP properties contributed by VRLP. LTIP unit awards were granted to certain executives pursuant to our 2015 Omnibus Share Plan (the "Omnibus Share Plan"). OP units were issued to contributors in exchange for their property interests in connection with the Company's acquisition of Yonkers Gateway Center and the Portfolio acquisition. The total of the OP units and LTIP units represent a 10.1% weighted-average interest in the Operating Partnership for the three months ended March 31, 2018. Holders of outstanding vested LTIP units may, from and after two years from the date of issuance, redeem their LTIP units for cash, or for the Company's common shares on a one-for-one basis, solely at our election. Holders of outstanding OP units may, at a determinable date, redeem their units for cash or the Company's common shares on a one-for-one basis, solely at our election.

Noncontrolling Interest in Consolidated Subsidiaries

The noncontrolling interest relates to the 5% interest held by others in our property in Walnut Creek, CA (Mount Diablo). The net income attributable to noncontrolling interest is presented separately in our consolidated statements of income.

15. SHARE-BASED COMPENSATION

2018 Long-Term Incentive Plan

On February 22, 2018, the Compensation Committee of the Board of Trustees of the Company approved the Company's 2018 Long-Term Incentive Plan ("2018 LTI Plan"), a multi-year equity compensation program, comprised of both performance-based and time-based vesting awards. Equity awards granted under the 2018 LTI Plan are weighted, in terms of grant date and fair value, 80% performance-based and 20% time-based.

For the performance-based awards under the 2018 LTI Plan, participants, have the opportunity to earn awards in the form of LTIP Units if, and only if, Urban Edge's absolute and relative total shareholder return ("TSR") meets certain criteria over the three-year performance measurement period (the "Performance Period") beginning on February 22, 2018 and ending on February 21, 2021. The Company issued 328,107 LTIP Units under the 2018 LTI Plan.

Under the Absolute TSR component (25% of the performance-based awards), 40% of the LTIP Units will be earned if the Company's TSR over the Performance Period is equal to 18%, 100% of the LTIP Units will be earned if the Company's TSR over the Performance Period is equal to 27%, and 165% of the LTIP Units will be earned if the Company's TSR over the Performance Period is equal to or greater than 36%. The Relative TSR component is based on the Company's performance compared to a peer group comprised of 14 companies. Under the Relative TSR Component (75% of the performance-based awards), 40% of the LTIP Units will be earned if the Company's TSR over the Performance Period is equal to the 35th percentile of the peer group, 100% of the LTIP Units will be earned if the Company's TSR over the Performance Period is equal to the 5th percentile of the peer group, and 165% of the LTIP Units will be earned if the Company's TSR over the Performance Period is equal to or above the 7th percentile of the peer group, with earning determined using linear interpolation if between such relative TSR thresholds.

The fair value of the performance-based award portion of the 2018 LTI Plan on the date of grant was \$3.6 million using a Monte Carlo simulation to estimate the fair value through a risk-neutral premise. The time-based awards under the 2018 LTI Plan, also granted in the form of LTIP Units, vest ratably over three years or four years in the case of our

Chairman and Chief Executive Officer. The Company granted time-based awards under the 2018 LTI Plan that represent 33,172 LTIP units with a grant date fair value of \$0.7 million.

Share-Based Compensation Expense

Share-based compensation expense, which is included in general and administrative expenses in our consolidated statements of income, is summarized as follows:

	Three Months Ended March 31,	
(Amounts in thousands)	2018	2017
Share-based compensation expense components:		
Restricted share expense	\$587	\$390
Stock option expense	585	623
LTIP expense	166	116
Outperformance Plan ("OPP") expense	682	355
Total Share-based compensation expense	\$2,020	\$1,484

16. EARNINGS PER SHARE AND UNIT

Urban Edge Earnings per Share

We have calculated earnings per share ("EPS") under the two-class method. The two-class method is an earnings allocation methodology whereby EPS for each class of Urban Edge common shares and participating securities is calculated according to dividends declared and participating rights in undistributed earnings. Restricted shares issued pursuant to our share-based compensation program are considered participating securities, and as such have non-forfeitable rights to receive dividends.

The following table sets forth the computation of our basic and diluted earnings per share:

	Three Months Ended March 31,	
(Amounts in thousands, except per share amounts)	2018	2017
Numerator:		
Net income attributable to common shareholders	\$20,700	\$50,586
Less: Earnings allocated to unvested participating securities	(48)	(79)
Net income available for common shareholders - basic	\$20,652	\$50,507
Impact of assumed conversions:		
OP and LTIP units	—	—
Net income available for common shareholders - dilutive	\$20,652	\$50,507
Denominator:		
Weighted average common shares outstanding - basic	113,677	99,639
Effect of dilutive securities ⁽¹⁾ :		
Stock options using the treasury stock method	—	314
Restricted share awards	187	140
Assumed conversion of OP and LTIP units	—	—
Weighted average common shares outstanding - diluted	113,864	100,093

Earnings per share available to common shareholders:

Earnings per common share - Basic	\$0.18	\$0.51
Earnings per common share - Diluted	\$0.18	\$0.50

⁽¹⁾ For the three months ended March 31, 2017 and the three months ended March 31, 2018 the effect of the redemption of OP and LTIP units for Urban Edge common shares would have an anti-dilutive effect on the calculation of diluted EPS. Accordingly, the impact of such redemption has not been included in the determination of diluted EPS for these periods.

Operating Partnership Earnings per Unit

The following table sets forth the computation of basic and diluted earnings per unit:

(Amounts in thousands, except per unit amounts)	Three Months Ended March 31,	
	2018	2017
Numerator:		
Net income attributable to unitholders	\$23,028	\$54,724
Less: net income attributable to participating securities	(48)	(202)
Net income available for unitholders	\$22,980	\$54,522
Denominator:		
Weighted average units outstanding - basic	126,123	107,483
Effect of dilutive securities issued by Urban Edge	187	454
Unvested LTIP units	272	317
Weighted average units outstanding - diluted	126,582	108,254
Earnings per unit available to unitholders:		
Earnings per unit - Basic	\$0.18	\$0.51
Earnings per unit - Diluted	\$0.18	\$0.50

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Certain statements contained herein constitute forward-looking statements as such term is defined in Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. Forward-looking statements are not guarantees of future performance. They represent our intentions, plans, expectations and beliefs and are subject to numerous assumptions, risks and uncertainties. Our future results, financial condition and business may differ materially from those expressed in these forward-looking statements. You can find many of these statements by looking for words such as “approximates,” “believes,” “expects,” “anticipates,” “estimates,” “intends,” “plans,” “would,” “may” or other similar expressions in this Quarterly Report on Form 10-Q. Many of the factors that will determine the outcome of these and our other forward-looking statements are beyond our ability to control or predict; these factors include, among others, the estimated remediation and repair costs related to Hurricane Maria at the affected properties. For further discussion of factors that could materially affect the outcome of our forward-looking statements, see “Risk Factors” in Part I, Item 1A, of the Company’s Annual Report on Form 10-K for the year ended December 31, 2017.

For these statements, we claim the protection of the safe harbor for forward-looking statements contained in the Private Securities Litigation Reform Act of 1995. You are cautioned not to place undue reliance on our forward-looking statements, which speak only as of the date of this Quarterly Report on Form 10-Q. All subsequent written and oral forward-looking statements attributable to us or any person acting on our behalf are expressly qualified in their entirety by the cautionary statements contained or referred to in this section. We do not undertake any obligation to release publicly any revisions to our forward-looking statements to reflect events or circumstances occurring after the date of this Quarterly Report on Form 10-Q.

The following discussion should be read in conjunction with the consolidated financial statements and notes thereto included in Part I of this Quarterly Report on Form 10-Q.

Overview

Urban Edge Properties (“UE”, “Urban Edge” or the “Company”) (NYSE: UE) is a Maryland real estate investment trust that manages, develops, redevelops, and acquires retail real estate, primarily in the New York metropolitan area. Urban Edge Properties LP (“UELP” or the “Operating Partnership”) is a Delaware limited partnership formed to serve as UE’s majority-owned partnership subsidiary and to own, through affiliates, all of our real estate properties and other assets. Unless the context otherwise requires, references to “we”, “us” and “our” refer to Urban Edge Properties and UELP and their consolidated entities/subsidiaries.

The Operating Partnership’s capital includes general and common limited partnership interests in the operating partnership (“OP Units”). As of March 31, 2018, Urban Edge owned approximately 89.9% of the outstanding common OP Units with the remaining limited OP Units held by Vornado Realty L.P., members of management, our Board of Trustees and contributors of property interests acquired. Urban Edge serves as the sole general partner of the Operating Partnership. The third-party unitholders have limited rights over the Operating Partnership such that they do not have characteristics of a controlling financial interest. As such, the Operating Partnership is considered a variable interest entity (“VIE”), and the Company is the primary beneficiary which consolidates it. The Company’s only investment is the Operating Partnership. The VIE’s assets can be used for purposes other than the settlement of the VIE’s obligations and the Company’s partnership interest is considered a majority voting interest.

As of March 31, 2018, our portfolio consisted of 84 shopping centers, four malls and a warehouse park totaling approximately 16.7 million square feet.

Critical Accounting Policies and Estimates

The Company’s 2017 Annual Report on Form 10-K contains a description of our critical accounting policies, including accounting for real estate, allowance for doubtful accounts and revenue recognition. For the three months ended

Edgar Filing: Urban Edge Properties - Form 10-Q

March 31, 2018, there were no material changes to these policies, other than the adoption of the Accounting Standards Update (“ASU”) 2014-09 described in Note 3 to the unaudited consolidated financial statements in Part 1, Item 1 of this Quarterly Report on Form 10-Q.

Recent Accounting Pronouncements

Refer to Note 3 to the unaudited consolidated financial statements in Part I, Item I of this Quarterly Report on Form 10-Q for information regarding recent accounting pronouncements that may affect us.

Results of Operations

We derive substantially all of our revenue from rents received from tenants under existing leases on each of our properties. This revenue includes fixed base rents, recoveries of expenses that we have incurred and that we pass through to the individual tenants and percentage rents that are based on specified percentages of tenants' revenue, in each case as provided in the respective leases.

Our primary cash expenses consist of our property operating and capital expenses, general and administrative expenses, and interest and debt expense. Property operating expenses include: real estate taxes, repairs and maintenance, management expenses, insurance, and utilities; general and administrative expenses include payroll, professional fees, information technology, office expenses, and other administrative expenses; and interest and debt expense is primarily interest on our mortgage debt. In addition, we incur substantial non-cash charges for depreciation and amortization on our properties. We also capitalize certain expenses, such as taxes, interest, and salaries related to properties under development or redevelopment until the property is ready for its intended use.

Our consolidated results of operations often are not comparable from period to period due to the impact of property acquisitions, dispositions, developments and redevelopments. The results of operations of any acquired properties are included in our financial statements as of the date of acquisition.

The following provides an overview of our key financial metrics based on our consolidated results of operations (refer to cash Net Operating Income ("NOI"), same-property cash NOI and Funds From Operations applicable to diluted common shareholders ("FFO") described later in this section):

	Three Months Ended March 31,	
(Amounts in thousands)	2018	2017
Net income	\$23,039	\$54,735
FFO applicable to diluted common shareholders ⁽¹⁾	44,100	73,467
Cash NOI ⁽²⁾	59,931	55,097
Same-property cash NOI ⁽²⁾	47,849	46,736

Development/Redevelopment Activity

The Company had 17 active development, redevelopment or anchor repositioning projects with total estimated costs of \$205.9 million, of which \$105.6 million (or 51%) has been incurred as of March 31, 2018. As of March 31, 2018, the Company had completed projects at 9 properties since March 2017, for a total investment of \$64.0 million.

Acquisition/Disposition Activity

During the three months ended March 31, 2018 we acquired three properties, at an aggregate purchase price of \$4.0 million and 23,050 sf, all adjacent to existing centers owned by the Company. Consideration for these purchases consisted of cash.

At March 31, 2018, our property in Allentown, PA was classified as held for sale based on the executed contract of sale with a third-party buyer and our intent to dispose of the property. The carrying amount of this property is \$3.3 million, net of accumulated depreciation of \$14.3 million, which is included in prepaid expenses and other assets in our consolidated balance sheets as of March 31, 2018 and December 31, 2017, respectively. We completed the sale of the property on April 26, 2018 for \$54.3 million, net of selling costs.

Debt Activity

Edgar Filing: Urban Edge Properties - Form 10-Q

During 2017, our property in Englewood, NJ was transferred to a receiver. On January 31, 2018, the property was sold at a foreclosure sale and on February 23, 2018, the court order was received approving the sale and discharging the receiver of all assets and liabilities related to the property, including the \$11.5 million mortgage secured by the property. We recognized a gain on extinguishment of debt of \$2.5 million as a result of this transaction during the three months ended March 31, 2018.

Equity Activity

On February 22, 2018, the Compensation Committee of the Board of Trustees of the Company approved the Company's 2018 Long-Term Incentive Plan ("2018 LTI Plan"), a multi-year equity compensation program, comprised of both performance-based and time-based vesting awards. Equity awards granted under the 2018 LTI Plan are weighted, in terms of grant date and fair value, 80% performance-based and 20% time-based.

For the performance-based awards under the 2018 LTI Plan, participants have the opportunity to earn awards in the form of LTIP Units if, and only if, Urban Edge's absolute and relative total shareholder return ("TSR") meets certain criteria over the three-year performance measurement period (the "Performance Period") beginning on February 22, 2018 and ending on February 21, 2021. The Company issued 328,107 LTIP Units under the 2018 LTI Plan.

Under the Absolute TSR component (25% of the performance-based awards), 40% of the LTIP Units will be earned if the Company's TSR over the Performance Period is equal to 18%, 100% of the LTIP Units will be earned if the Company's TSR over the Performance Period is equal to 27%, and 165% of the LTIP Units will be earned if the Company's TSR over the Performance Period is equal to or greater than 36%. The Relative TSR component is based on the Company's performance compared to a peer group comprised of 14 companies. Under the Relative TSR Component (75% of the performance-based awards), 40% of the LTIP Units will be earned if the Company's TSR over the Performance Period is equal to the 35th percentile of the peer group, 100% of the LTIP Units will be earned if the Company's TSR over the Performance Period is equal to the 5th percentile of the peer group, and 165% of the LTIP Units will be earned if the Company's TSR over the Performance Period is equal to or above the 7th percentile of the peer group, with earning determined using linear interpolation if between such relative TSR thresholds.

The fair value of the performance-based award portion of the 2018 LTI Plan on the date of grant was \$3.6 million using a Monte Carlo simulation to estimate the fair value through a risk-neutral premise. The time-based awards under the 2018 LTI Plan, also granted in the form of LTIP Units, vest ratably over three years or four years in the case of our Chairman and Chief Executive Officer. The Company granted time-based awards under the 2018 LTI Plan that represent 33,172 LTIP units with a grant date fair value of \$0.7 million.

Other equity award activity during the three months ended March 31, 2018 included: (i) 146,885 stock options granted, (ii) 99,262 restricted shares granted, (iii) 70,169 LTIP units granted, (iv) 632,408 stock options vested, (v) 57,550 restricted shares vested, and (vi) 14,209 LTIP units vested.

Comparison of the Three Months Ended March 31, 2018 to March 31, 2017

Net income for the three months ended March 31, 2018 was \$23.0 million, compared to net income of \$54.7 million for the three months ended March 31, 2017. The following table summarizes certain line items from our consolidated statements of income that we believe are important in understanding our operations and/or those items which significantly changed in the three months ended March 31, 2018 as compared to the same period of 2017:

	For the Three Months ended March 31,

Edgar Filing: Urban Edge Properties - Form 10-Q

Total revenue decreased by \$27.0 million to \$99.1 million in the first quarter of 2018 from \$126.1 million in the first quarter of 2017. The decrease is primarily attributable to:

\$39.2 million income from acquired leasehold interest due to the write-off of the unamortized intangible liability related to the below-market ground lease acquired and existing straight-line receivable balance in connection with the acquisition of the ground lease at Shops at Bruckner in the first quarter of 2017;

\$0.6 million of rent abatements, reflected as a reduction of property rentals and tenant expense reimbursements, at our two malls in Puerto Rico as a result of Hurricane Maria; and

- \$0.1 million decrease in management and development fee income due to a decrease in development activity at managed properties, partially offset by
- \$9.2 million increase as a result of acquisitions net of dispositions;
- \$2.3 million net increase in tenant expense reimbursements due to an increase in recoverable expenses and revenue from recoverable capital projects;
- \$1.2 million increase in property rentals due to rent commencements, lease modifications and contractual rent increases; and
- \$0.2 million increase in other income due to higher tenant bankruptcy settlement income received during the first quarter of 2018.

Depreciation and amortization increased by \$5.4 million to \$21.3 million in the first quarter of 2018 from \$15.8 million in the first quarter of 2017. The increase is primarily attributable to:

- \$4.9 million increase as a result of acquisitions net of dispositions; and
- \$0.5 million increase from development projects and tenant improvements placed into service.

Real estate taxes increased by \$2.4 million to \$15.8 million in the first quarter of 2018 from \$13.4 million in the first quarter of 2017. The increase is primarily attributable to:

- \$1.6 million increase as a result of acquisitions net of dispositions; and
- \$0.8 million increase due to higher assessed values and decrease in capitalized real estate taxes due to development projects placed into service.

Property operating expenses increased by \$3.3 million to \$16.7 million in the first quarter of 2018 from \$13.4 million in the first quarter of 2017. The increase is primarily attributable to an increase in common area maintenance expenses as a result of acquisitions.

We recognized a \$1.3 million casualty and impairment gain in the first quarter of 2018 comprised of a \$1.5 million insurance gain net of \$0.2 million hurricane-related expenses incurred as a result of Hurricane Maria. We recognized a \$3.2 million real estate impairment loss on our property in Eatontown, NJ in the first quarter of 2017. The property was sold on June 30, 2017.

We recognized a \$2.5 million gain on extinguishment of debt in the first quarter of 2018 as a result of the foreclosure sale and forgiveness of the \$11.5 million mortgage debt secured by our property in Englewood, NJ. We recognized a \$1.3 million loss on extinguishment of debt in the first quarter of 2017 from the refinancing of our mortgage loan secured by our Tonnelle Commons property in North Bergen, NJ, consisting of a \$1.1 million prepayment penalty and \$0.2 million of unamortized deferred financing fees on the original loan.

Interest income increased by \$1.4 million to \$1.5 million in the first quarter of 2018 from \$0.1 million in the first quarter of 2017. The increase is primarily attributable to an increase in interest rates and an increase in our cash balance due to multiple equity offerings since March 2017 and our November 2017 debt refinancing.

Interest and debt expense increased by \$2.5 million to \$15.6 million in the first quarter of 2018 from \$13.1 million in the first quarter of 2017. The increase is primarily attributable to:

- \$1.5 million increase in interest from loans issued and assumed on acquisitions; and
- \$7.1 million increase in interest due to 18 new individual, non-recourse mortgage financings totaling \$710 million closed in the fourth quarter of 2017, partially offset by
- \$5.9 million net decrease in interest due to principal paydowns and refinancing of the \$544 million cross-collateralized mortgage loan in the fourth quarter of 2017; and
- \$0.2 million increase of interest capitalized related to additional development projects.

Non-GAAP Financial Measures

Throughout this section, we have provided certain information on a “same-property” cash basis which includes the results of operations that were owned and operated for the entirety of the reporting periods being compared, totaling 75 properties for the three and three months ended March 31, 2018 and 2017. Information provided on a same-property basis excludes properties that were under development, redevelopment or that involve anchor repositioning where a substantial portion of the gross leasable area is taken out of service and also excludes properties acquired, sold, or under contract to be sold during the periods being compared. While there is judgment surrounding changes in designations, a property is removed from the same-property pool when a property is considered to be a redevelopment property because it is undergoing significant renovation or retenancing pursuant to a formal plan and is expected to have a significant impact on property operating income based on the retenancing that is occurring. A development or redevelopment property is moved back to the same-property pool once a substantial portion of the NOI growth expected from the development or redevelopment is reflected in both the current and comparable prior year period, generally one year after at least 80% of the expected NOI from the project is realized on a cash basis. Acquisitions are moved into the same-property pool once we have owned the property for the entirety of the comparable periods and the property is not under significant development or redevelopment.

We calculate same-property cash NOI using net income as defined by GAAP reflecting only those income and expense items that are incurred at the property level, adjusted for the following items: lease termination fees, bankruptcy settlement income, non-cash rental income and ground rent expense and income or expenses that we do not believe are representative of ongoing operating results, if any.

The most directly comparable GAAP financial measure to cash NOI is net income. Cash NOI excludes certain components from net income in order to provide results that are more closely related to a property’s results of operations. We calculate cash NOI by adjusting GAAP operating income to add back depreciation and amortization expense, general and administrative expenses, casualty and real estate impairment losses and non-cash ground rent expense, and deduct non-cash rental income resulting from the straight-lining of rents and amortization of acquired below market leases net of above market leases.

We use cash NOI internally to make investment and capital allocation decisions and to compare the unlevered performance of our properties to our peers. Further, we believe cash NOI is useful to investors as a performance measure because, when compared across periods, cash NOI reflects the impact on operations from trends in occupancy rates, rental rates, operating costs and acquisition and disposition activity on an unleveraged basis, providing perspective not immediately apparent from operating income or net income. As such, cash NOI assists in eliminating disparities in net income due to the development, redevelopment, acquisition or disposition of properties during the periods presented, and thus provides a more consistent performance measure for the comparison of the operating performance of the Company’s properties. Cash NOI and same-property cash NOI should not be considered substitutes for operating income or net income and may not be comparable to similarly titled measures employed by others.

Same-property cash NOI increased by \$1.1 million, or 2.4%, for the three months ended March 31, 2018 as compared to the three months ended March 31, 2017.

⁽¹⁾ Cash NOI is calculated as total property revenues less property operating expenses excluding the net effects of non-cash rental income and non-cash ground rent expense.

⁽²⁾ Non-same property cash NOI includes cash NOI related to properties being redeveloped and properties acquired or disposed.

⁽³⁾ Amount reflects rental and tenant reimbursement losses as well as provisions for outstanding amounts due from tenants at Las Catalinas that are subject to reimbursement from the insurance company.

⁽⁴⁾ Excludes \$0.5 million of rental and tenant reimbursement losses as well as provisions for outstanding amounts due from tenants at Montehiedra that are subject to reimbursement from the insurance company.

⁽⁵⁾ Casualty and impairment gain of \$1.3 million per the consolidated statements of income is comprised of a \$1.5 million insurance gain net of \$0.2 million hurricane-related expenses for the first quarter of 2018. Casualty and impairment loss for the first quarter of 2017 is comprised of a \$3.2 million real estate impairment loss incurred related to our property in Eatontown, NJ.

Funds From Operations

FFO for the three months ended March 31, 2018 was \$44.1 million compared to \$73.5 million for three months ended March 31, 2017.

We calculate FFO in accordance with the National Association of Real Estate Investment Trusts' ("NAREIT") definition. NAREIT defines FFO as net income (computed in accordance with GAAP), excluding gains (or losses) from sales of depreciated real estate assets, real estate impairment losses, rental property depreciation and amortization expense. We believe FFO is a meaningful non-GAAP financial measure useful in comparing our levered operating performance from period to period both internally and among our peers because this non-GAAP measure excludes net gains on sales of depreciable real estate, real estate impairment losses, rental property depreciation and amortization expense which implicitly assumes that the value of real estate diminishes predictably over time rather than fluctuating based on market conditions. FFO does not represent cash flows from operating activities in accordance with GAAP, should not be considered an alternative to net income as an indication of our performance, and is not indicative of cash flow as a measure of liquidity or our ability to make cash distributions. FFO may not be comparable to similarly titled measures employed by others.

Liquidity and Capital Resources

Due to the nature of our business, we typically generate significant amounts of cash from operations; however, the cash generated from operations is primarily paid to our shareholders and unitholders of the Operating Partnership in the form of distributions. Our status as a REIT requires that we distribute 90% of our REIT taxable income each year. Our Board of Trustees declared a quarterly dividend of \$0.22 per common share and OP unit for the first quarter of 2018, or an annual rate of \$0.88. We expect to pay regular cash dividends, however, the timing, declaration, amount and payment of distributions to shareholders and unitholders of the Operating Partnership falls within the discretion of our Board of Trustees. Our Board of Trustees' decisions regarding the payment of dividends depends on many factors, such as maintaining our REIT tax status, our financial condition, earnings, capital requirements, debt service obligations, limitations under our financing arrangements, industry practice, legal requirements, regulatory constraints, and other factors.

Property rental income is our primary source of cash flow and is dependent on a number of factors including our occupancy level and rental rates, as well as our tenants' ability to pay rent. Our properties provide us with a relatively consistent stream of cash flow that enables us to pay operating expenses, debt service and recurring capital expenditures. Other sources of liquidity to fund cash requirements include proceeds from financings, equity offerings and asset sales.

Our short-term liquidity requirements consist of normal recurring operating expenses, lease obligations, regular debt service requirements, recurring expenditures (general & administrative expenses), expenditures related to leasing activity and distributions to shareholders and unitholders of the Operating Partnership. Our long-term capital requirements consist primarily of maturities under our long-term debt agreements, development and redevelopment costs and potential acquisitions.

At March 31, 2018, we had cash and cash equivalents, including restricted cash, of \$473.6 million and no amounts drawn on our line of credit. In addition, the Company has the following sources of capital available:

⁽²⁾ Refer to Note 7 to the unaudited consolidated financial statements in Part I, Item I of this Quarterly Report on Form 10-Q.

⁽³⁾ On March 7, 2017, we amended and extended our revolving credit agreement. The amendment increased the credit facility size by \$100 million to \$600 million and extended the maturity date to March 7, 2021 with two six-month extension options.

We have no debt scheduled to mature in 2018. We currently believe that cash flows from operations over the next 12 months, together with cash on hand, our ATM equity program, our revolving credit agreement and our general ability to access the capital markets will be sufficient to finance our operations and fund our debt service requirements and

capital expenditures.

Summary of Cash Flows

Cash and cash equivalents including restricted cash was \$473.6 million at March 31, 2018, compared to \$500.8 million as of December 31, 2017, a decrease of \$27.2 million.

(Amounts in thousands)	Three Months Ended March 31,		
	2018	2017	Increase (Decrease)
Net cash provided by operating activities	\$34,001	\$37,226	\$ (3,225)
Net cash used in investing activities	(32,237)	(47,703)	15,466
Net cash used in financing activities	(29,014)	(6,923)	(22,091)

Operating Activities

Net cash provided by operating activities primarily consists of cash inflows from tenant rent and tenant expense reimbursements and cash outflows for property operating expenses, general and administrative expenses and interest and debt expense.

For the three months ended March 31, 2018, net cash provided by operating activities of \$34.0 million was comprised of \$43.4 million of cash from operating income and a net decrease of \$9.4 million in cash due to timing of cash receipts and payments related to changes in operating assets and liabilities.

Investing Activities

Net cash flow used in investing activities is impacted by the timing and extent of our real estate development, capital improvements, and acquisition and disposition activities during the period.

Net cash used in investing activities of \$32.2 million for the three months ended March 31, 2018, decreased by \$263.5 million from \$295.7 million as of December 31, 2017. The activity was comprised of (i) \$29.3 million net cash used in real estate development and capital improvements at existing properties and (ii) \$4.0 million net cash used in acquiring three real estate assets during the first quarter of 2018, offset by (iii) \$1.0 million net cash provided by insurance proceeds for physical property damages caused by Hurricane Maria at our two properties in Puerto Rico.

Financing Activities

Net cash flow used in financing activities is impacted by the timing and extent of issuances of debt and equity securities, distributions paid to common shareholders and unitholders of the Operating Partnership as well as principal and other payments associated with our outstanding indebtedness.

Net cash used in financing activities of \$29.0 million for the three months ended March 31, 2018 decreased by \$527.5 million from net cash provided by financing activities of \$498.5 million as of December 31, 2017. The activity was comprised of (i) \$27.8 million of distributions paid to common shareholders and unitholders of the Operating Partnership, (ii) \$0.8 million for debt repayments and (iii) \$0.4 million of taxes withheld on vested restricted units.

Financing Activities and Contractual Obligations

Below is a summary of our outstanding debt and weighted average interest rate as of March 31, 2018.

(Amounts in thousands)	Principal balance at March 31, 2018	Weighted Average Interest Rate at March 31, 2018
Mortgages payable:		
Fixed rate debt	\$1,396,329	4.12%
Variable rate debt ⁽¹⁾	169,500	3.41%
Total mortgages payable	1,565,829	4.04%
Unamortized debt issuance costs	(13,286)	
Total mortgages payable, net of unamortized debt issuance costs	\$1,552,543	

⁽¹⁾ As of March 31, 2018, \$80.5 million of our variable rate debt bears interest at one month LIBOR plus 190 bps and \$89 million of our variable rate debt bears interest at one month LIBOR plus 160 bps.

The net carrying amount of real estate collateralizing the above indebtedness amounted to approximately \$1.2 billion as of March 31, 2018. Our mortgage loans contain covenants that limit our ability to incur additional indebtedness on these properties and in certain circumstances, require lender approval of tenant leases and/or yield maintenance upon repayment prior to maturity. As of March 31, 2018, we were in compliance with all debt covenants.

On January 15, 2015, we entered into a \$500 million Revolving Credit Agreement (the "Agreement") with certain financial institutions. On March 7, 2017, we amended and extended the Agreement. The amendment increased the credit facility size by \$100 million to \$600 million and extended the maturity date to March 7, 2021 with two six-month extension options. Borrowings under the Agreement are subject to interest at LIBOR plus an applicable margin of 1.10% to 1.55% and an annual facility fee of 15 to 35 basis points. Both the spread over LIBOR and the

facility fee are based on our current leverage ratio and are subject to increase if our leverage ratio increases above predefined thresholds. The Agreement contains customary financial covenants, including a maximum leverage ratio of 60% and a minimum fixed charge coverage ratio of 1.5x. No amounts have been drawn to date under the Agreement.

Capital Expenditures

The following summarizes capital expenditures presented on a cash basis for the three months ended March 31, 2018 and 2017:

(Amounts in thousands)	Three Months Ended March 31,	
	2018	2017
Capital expenditures:		
Development and redevelopment costs	\$26,579	\$9,248
Capital improvements	643	656
Tenant improvements and allowances	894	1,246
Total capital expenditures	\$28,116	\$11,150

As of March 31, 2018, we had approximately \$205.9 million of active redevelopment, development and anchor repositioning projects at various stages of completion and \$64.0 million of completed projects, an increase of \$20.8 million from \$249.1 million of projects as of December 31, 2017. We have advanced these projects \$27.7 million since December 31, 2017 and anticipate that these projects will require an additional \$104.5 million over the next two years to complete. We expect to fund these projects using cash on hand, proceeds from dispositions, borrowings under our line of credit and/or using secured debt, or issuing equity.

Commitments and Contingencies

Insurance

The Company maintains (i) general liability insurance with limits of \$200 million for properties in the U.S. and Puerto Rico and (ii) all-risk property insurance with limits of \$500 million per occurrence and in the aggregate for properties in the U.S. and \$139 million for properties in Puerto Rico, subject to the terms, conditions, exclusions, deductibles and sub-limits when applicable for certain perils such as floods and earthquakes and (iii) numerous other insurance policies including trustees' and officers' insurance, workers' compensation and automobile-related liabilities insurance. The Company's insurance includes coverage for certified acts of terrorism acts but excludes coverage for nuclear, biological, chemical or radiological terrorism events as defined by the Terrorism Risk Insurance Program Reauthorization Act, which expires in December 2020. In addition, the Company maintains coverage for certain cybersecurity losses with limits of \$5 million per occurrence and in the aggregate providing first and third-party coverage including network interruption, event management, cyber extortion and claims for media content, security and privacy liability. Insurance premiums are typically charged directly to each of the retail properties and warehouses but not all of the cost of such premiums are recovered. The Company is responsible for deductibles, losses in excess of insurance coverage, and the portion of premiums not covered from retail properties, which could be material. We continue to monitor the state of the insurance market and the scope and costs of coverage for acts of terrorism. However, we cannot anticipate what coverage will be available on commercially reasonable terms in the future and expect premiums across most property coverage lines to increase in light of recent events. The incurrence of uninsured losses, costs or uncovered premiums could materially and adversely affect our business, results of operations and financial condition.

Certain of our loans and other agreements contain customary covenants requiring the maintenance of insurance coverage. Although we believe that we currently have adequate insurance coverage for purposes of these agreements, we may not be able to obtain an equivalent amount of coverage at reasonable costs in the future. If lenders or other counterparties insist on greater coverage than we are able to obtain, such requirement could materially and adversely affect our ability to finance our properties and expand our portfolio.

Hurricane-Related Charges

On September 20, 2017, Hurricane Maria made landfall, damaging our two properties in Puerto Rico. During the three months ended March 31, 2018, the Company received \$1.5 million in insurance proceeds which were partially offset by \$0.2 million of hurricane related costs, resulting in net casualty gains of \$1.3 million included in casualty and

impairment (gain) loss, net on the accompanying consolidated statements of income.

During the three months ended March 31, 2018, the Company recognized \$0.8 million of business interruption losses. Losses of \$0.6 million pertained to rent abatements due to tenants that have not reopened since the hurricane, recorded as a reduction of property rentals and tenant expense reimbursements, and \$0.2 million was recorded as a provision for doubtful accounts for unpaid rents. As of May 2, 2018, approximately 95% of all stores previously occupied prior to the hurricane (as measured by GLA) are open, including Marshalls, which opened on April 12, 2018.

To the extent future insurance proceeds exceed the difference between the hurricane related expenses incurred and/or business interruption losses recognized, the excess will be reflected as a gain in the period those amounts are received or when receipt is deemed probable.

No determination has been made as to the total amount or timing of insurance payments that may be received as a result of the hurricane.

Environmental Matters

Each of our properties has been subjected to varying degrees of environmental assessment at various times. Based on these assessments and the projected remediation costs, we have accrued costs of \$1.5 million and \$1.2 million on our consolidated balance sheets as of March 31, 2018 and December 31, 2017, respectively, for potential remediation costs for environmental contamination at certain properties. While this accrual reflects our best estimates of the potential costs of remediation at these properties, \$0.3 million has currently been accrued during the quarter ended March 31, 2018 and there can be no assurance that the actual costs will not exceed this amount. With respect to our other properties, the environmental assessments did not reveal any material environmental contamination. However, there can be no assurance that the identification of new areas of contamination, changes in the extent or known scope of contamination, the discovery of additional sites, or changes in cleanup requirements would not result in significant costs to us.

Bankruptcies

Although our base rent is supported by long-term leases, leases may be rejected in a bankruptcy proceeding and the impacted stores may close prior to lease expiration. In the event that a tenant with a significant number of leases in our shopping centers files for bankruptcy and rejects its leases with us, we could experience a reduction in our revenues. We monitor the operating performance and rent collections of all tenants in our shopping centers, especially those tenants in arrears or operating retail formats that are experiencing significant changes in competition, business practice, or store closings in other locations, such as Toys “R” Us, Sears Holding Corporation (“Sears”) and Staples, Inc. (“Staples”). Sears and Staples represent 2.0% and 1.5%, respectively, of our annualized base rent and each continued to close stores in 2017. During September 2017, Toys “R” Us filed a voluntary petition under Chapter 11 of the United States Bankruptcy Code and announced an orderly wind-down of its U.S. business and liquidation of all U.S. stores on March 15, 2018. As of March 31, 2018, the Company had leases with Toys “R” Us at nine locations with annualized base rent of \$5.2 million. We are unable to estimate the outcome of the bankruptcy proceedings at this time. We are not aware of any additional bankruptcies or announced store closings by any tenants in our shopping centers that would individually cause a material reduction in our revenues.

Inflation and Economic Condition Considerations

Most of our leases contain provisions designed to partially mitigate the impact of inflation. Although inflation has been low in recent periods and has had a minimal impact on the performance of our shopping centers, there are more recent data suggesting that inflation may be a greater concern in the future given economic conditions and governmental fiscal policy. Most of our leases require tenants to pay their share of operating expenses, including common area maintenance, real estate taxes and insurance, thereby reducing our exposure to increases in costs and operating expenses resulting from inflation, although some larger tenants have capped the amount of these operating expenses they are responsible for under the lease. A small number of our leases also include percentage rent clauses enabling us to receive additional rent based on tenant sales above a predetermined level, which sales generally increase as prices rise and are typically related to increases in the Consumer Price Index or similar inflation indices.

Off-Balance Sheet Arrangements

We do not have any off-balance sheet arrangements as of March 31, 2018 or December 31, 2017.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Interest Rate Risk

We have exposure to fluctuations in interest rates, which are sensitive to many factors that are beyond our control. The following table discusses our exposure to hypothetical changes in market rates of interest on interest expense for our variable rate debt and fixed-rate debt. Interest rate risk amounts were determined by considering the impact of hypothetical interest rates on our debt. This analysis does not take into account all of the factors that may affect our debt, such as the effect that a changing interest rate environment could have on the overall level of economic activity or the action that our management might take to reduce our exposure to the change. This analysis assumes no change in our financial structure. Our exposure to a change in interest rates is summarized in the table below.

(Amounts in thousands)	2018		Effect of 1% Change in Base Rates	2017	
	March 31, Balance	Weighted Average Interest Rate		December 31, Balance	Weighted Average Interest Rate
Variable Rate	\$ 169,500	3.41%	\$ 1,695	\$ 169,500	3.10%
Fixed Rate	1,396,329	4.12%	—	(2) 1,408,817	4.14%
	\$ 1,565,829 ⁽¹⁾		\$ 1,695	\$ 1,578,317 ⁽¹⁾	

⁽¹⁾ Excludes unamortized debt issuance costs of \$13.3 million and \$13.8 million as of March 31, 2018 and December 31, 2017, respectively.

⁽²⁾ If the weighted average interest rate of our fixed rate debt increased by 1% (i.e. due to refinancing at higher rates), interest expense would have increased by approximately \$14.0 million based on outstanding balances as of March 31, 2018.

We may utilize various financial instruments to mitigate the impact of interest rate fluctuations on our cash flows and earnings, including hedging strategies, depending on our analysis of the interest rate environment and the costs and risks of such strategies. As of March 31, 2018, we did not have any hedging instruments in place.

Fair Value of Debt

The estimated fair value of our consolidated debt is calculated based on current market prices and discounted cash flows at the current rate at which similar loans would be made to borrowers with similar credit ratings for the remaining term of such debt. As of March 31, 2018, the estimated fair value of our consolidated debt was \$1.5 billion.

Other Market Risks

As of March 31, 2018, we had no material exposure to any other market risks (including foreign currency exchange risk or commodity price risk).

In making this determination and for purposes of the SEC's market risk disclosure requirements, we have estimated the fair value of our financial instruments at March 31, 2018 based on pertinent information available to management as of that date. Although management is not aware of any factors that would significantly affect the estimated amounts as of March 31, 2018, future estimates of fair value and the amounts which may be paid or realized in the future may differ significantly from amounts presented.

ITEM 4. CONTROLS AND PROCEDURES

Evaluation of Disclosure Controls and Procedures (Urban Edge Properties)

We maintain disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934 (the “Exchange Act”)) that are designed to provide reasonable assurance that information required to be disclosed in the reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC’s rules and forms, and that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate to allow timely decisions regarding required disclosures. Because of inherent limitations, disclosure controls and procedures, no matter how well designed and operated, can provide only reasonable, and not absolute, assurance that the objectives of disclosure controls and procedures are met.

Our management, with the participation of our Chief Executive Officer and Chief Financial Officer, evaluated the effectiveness of the design and operation of our disclosure controls and procedures. Based on that evaluation, our Chief Executive Officer and Chief Financial Officer concluded that, as of the end of the period covered by this report, our disclosure controls and procedures are effective.

There have not been any changes in our internal control over financial reporting (as defined in Rule 13a-15(f)) that occurred during the three months ended March 31, 2018 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

Evaluation of Disclosure Controls and Procedures (Urban Edge Properties LP)

The Operating Partnership’s management maintains disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934 (the “Exchange Act”)) that are designed to provide reasonable assurance that information required to be disclosed in the reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC’s rules and forms, and that such information is accumulated and communicated to our management, including the Chief Executive Officer and Chief Financial Officer of our general partner, as appropriate to allow timely decisions regarding required disclosures. Because of inherent limitations, disclosure controls and procedures, no matter how well designed and operated, can provide only reasonable, and not absolute, assurance that the objectives of disclosure controls and procedures are met. The Operating Partnership’s management, with the participation of the Chief Executive Officer and Chief Financial Officer of our general partner, evaluated the effectiveness of the design and operation of our disclosure controls and procedures. Based on that evaluation, the Chief Executive Officer and Chief Financial Officer of our general partner concluded that, as of the end of the period covered by this report, our disclosure controls and procedures are effective. There have not been any changes in our internal control over financial reporting (as defined in Rule 13a-15(f)) that occurred during the three months ended March 31, 2018 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II - OTHER INFORMATION
