Item 8.01. Other Events.  
-----

Our news release dated June 21, 2005 concerning second-quarter and full-year earnings guidance and other items, filed as Exhibit 99 to this report, is incorporated by reference herein. The exhibit discusses our earnings guidance on a per share basis that excludes special items and discontinued operations. The most directly comparable financial measure calculated and presented in accordance with generally accepted accounting principles to this measure is earnings per share on a basis that includes special items and discontinued operations. We believe the earnings per share measure excluding special items and discontinued operations is useful to investors because it excludes elements that we do not consider indicative of earnings from our on-going operating activities and, accordingly, provides investors with a more relevant measure of the results of our operations.
