Report of Independent Registered Public Accounting Firm

Plan Administrator
Hewlett-Packard Company Tax Saving Capital Accumulation Plan

We have audited the accompanying statements of net assets available for benefits of the Hewlett-Packard Company Tax Saving Capital Accumulation Plan as of December 31, 2003 and 2002, and the related statement of changes in net assets available for benefits for the year ended December 31, 2003. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

Edgar Filing: HEWLETT PACKARD CO - Form 11-K

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2003 and 2002, and the changes in its net assets available for benefits for the year ended December 31, 2003, in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2003 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

Hewlett-Packard Company
Tax Saving Capital Accumulation Plan

Notes to Financial Statements
December 31, 2003

1. Description of the Plan

The following brief description of the Hewlett-Packard Company Tax Saving Capital Accumulation Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering employees of Hewlett-Packard Company (the Company) and designated domestic subsidiaries who are on the U.S. payroll and who are employed as regular full-time or regular part-time employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

In May 2002, the Company acquired Compaq Computer Corporation (Compaq). At the time of acquisition, Compaq sponsored its own defined contribution plan named Compaq Computer Corporation 401(k) Investment Plan (the Compaq Plan).

Contributions

All employees are deemed to have elected a three percent compensation deferral effective on the first day of their employment, unless the employee makes a change to that election in the manner prescribed by the Company.

Effective January 1, 2003, participants may annually contribute, on a pretax basis, up to 50% (previously up to 20%) of their eligible compensation, as defined by the Plan. Contributions are subject to annual deductibility limits specified under the Internal Revenue Code (the Code). The annual limitation was \$12,000 for 2003. Effective July 15, 2003, participants who are age 50 or older by the end of the plan year can contribute an additional \$2,000 above the annual limitation. These catch-up contributions are not eligible for the Company match. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contributions plans.

The Company contributes 100% of the first 3% and 50% of the next 2% of compensation that each participant contributes to the Plan. The Plan uses a year-end true-up matching contribution feature to allow participants to receive the maximum matching contribution available, by making up any loss in matching contributions resulting from the participant's individual savings strategies. To be eligible to receive the year-end true-up match, the participant must be employed on the last day of the plan year. The true-up matching contribution was \$6,132,800 for the year ended December 31, 2003.

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Contributions (continued)

Participant and Company contributions are made in cash for all funds except the Hewlett-Packard Company Stock Fund (Company Stock Fund). Contributions to the Company Stock Fund are made in either cash or the Company's common stock. No contributions were made in common stock in 2003.

Vesting

Participants are one hundred percent vested in the Plan at all times.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (i) Company contributions, and (ii) Plan earnings and losses. Allocations are determined in accordance with the provisions of the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant's account. All amounts in participant accounts, including amounts invested in the Agilent Stock Fund prior to the June 2, 2000 spin off of Agilent Technologies, Inc., are participant-directed. However, effective June 2, 2000, no amounts may be directed into the Agilent Stock Fund.

Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to four years. Loans are secured by the participant's account and bear interest at a rate equal to the prevailing prime rate plus one-half of 1% (0.5%). Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service, death, or retirement, participants may elect to receive a lump-sum amount equal to the value of their account. Participants with account balances exceeding \$5,000 may elect to receive a series of cash installment payments. Lump-sum payments may be made in cash or shares of stock for distribution from both the Company Stock Fund and the Agilent Stock Fund. Hardship distributions and in-service withdrawals are permitted if certain criteria are met.

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Administrative Expenses

Substantially all fees and expenses of the Plan for legal, accounting, and other administrative services are paid directly by the Company on behalf of the Plan. Certain other administrative fees are charged to individual participant's accounts.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

2. Summary of Significant Accounting Policies

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. The shares of registered investment companies are valued at quoted market prices, which represent the net asset values of shares held by the Plan at year-end. The shares of the common collective trust fund is valued at the quoted redemption value on the last business day of the plan year. The money market fund is valued at cost plus accrued interest, which approximates fair value. The Company's and Agilent's common stock is traded on a national securities exchange and is valued at the last reported sales price on the last day of the plan year. Participant loans are valued at their outstanding balances, which approximate fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Use of Estimates

The preparation of the financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

4. Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated August 22, 2000, stating that the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation. Subsequent to the issuance of the determination letter, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator believes that the Plan is being operated in compliance with the applicable requirements of the Code and therefore, believes that the Plan, as amended, is qualified and the related trust is tax exempt.

5. Related Party Transactions

Transactions in shares of the Company's common stock qualify as party-in-interest transactions under the provisions of ERISA. During 2003, the Plan made purchases of approximately \$142,365,000 and sales of approximately \$158,428,000 of the Company's common stock.

6. Subsequent Events

Effective January 1, 2004, the Compaq Plan merged into the Plan, and the Compaq Plan's net assets, amounting to \$3,299,714,742, were transferred into the Plan.

Effective January 1, 2004 the Plan's name was changed to Hewlett-Packard Company 401(k) Plan (the HP 401(k) Plan). Subsequently, assets of the HP 401(k) Plan were mapped into new investment funds, which include an expanded menu of investment options within a new three-tier structure. Tier 1 includes four ready-made portfolios that represent different points on the risk/return spectrum. Tier 2 includes 14 institutional funds in a range of asset classes. Tier 3 includes 17 brand-name mutual funds spanning several investment categories.

The HP 401(k) Plan offers two types of loans namely general-purpose loans and primary residence loans. Interest on each type of loan is equal to the prevailing prime rate plus 1%. The repayment period for a general-purpose loan may not exceed five years and the repayment period for a primary residence loan may not exceed 15 years.

Edgar Filing: HEWLETT PACKARD CO - Form 11-K

The HP 401(k) Plan was further amended effective January 31, 2004, to classify the Hewlett-Packard Stock Fund (HP Stock Fund) as an employee stock ownership plan, which established a dividend payout program allowing participants to elect between receiving dividends in cash or reinvesting dividends into the HP Stock Fund.
