## Section 1 – Registrant's Business and Operations

### Item 1.01 Entry into a Material Definitive Agreement.

#### Amendment and Restatement of Existing Revolving Credit Facility

HNI Corporation has increased the borrowing capacity, reduced the interest rate and extended the term of its credit facility by amending the facility.

The Corporation, certain subsidiaries of the Corporation, the lenders and Wells Fargo Bank, National Association, as administrative agent, entered into an Amended and Restated Credit Agreement (the "Credit Agreement") on September 28, 2011. The Credit Agreement amends and restates the Corporation's existing revolving credit facility dated June 11, 2010 (the "Existing Facility"), a copy of which was previously filed as Exhibit 10.1 to the Corporation's Quarterly Report on Form 10-Q for the quarter ended April 2, 2011.

The Corporation increased its borrowing capacity under the Credit Agreement from \$150,000,000 to \$250,000,000 and has the option to increase its borrowing capacity by an additional \$100,000,000. The Corporation also extended the term of the Existing Facility under the Credit Agreement from June 11, 2014, to the earlier of (i) September 28, 2016 or (ii) a date 90 days prior to the maturity date of the Corporation's senior notes (April 6, 2016), subject to certain exceptions.

The Corporation effectively decreased interest payable under the Credit Agreement by reducing the percentage spread applicable to both alternate base rate and traditional LIBOR (a publicly published rate) revolving loans. Under the Existing Facility, the percentage spread for one-month LIBOR alternate base rate loans ranged from 1.25% to 2.25% and traditional LIBOR loans ranged from 2.25% to 3.00% depending on the Corporation's consolidated leverage ratio. Under the Credit Agreement, the ranges of those percentage spreads were reduced to 0.25% to 1.25% for one-month LIBOR alternate base rate loans and 1.25% to 2.25% for traditional LIBOR loans. The Corporation also effectively decreased the quarterly commitment fee payable under the Credit Agreement by decreasing the rate range from 0.375% - 0.625% to 0.20% - 0.40% depending on the Corporation's consolidated leverage ratio.

The Corporation increased the limit under the Credit Agreement on its consolidated leverage ratio to 3.50 to 1.00 for the four quarters following any qualifying debt financed acquisition. The Credit Agreement also contains customary affirmative and negative covenants for credit facilities of this type. The covenants permit the Corporation to use proceeds of the loans and letters of credit to provide for the working capital and general corporate requirements of the Corporation, including acquisitions, payment of dividends and stock repurchases. All other material terms and conditions of the Credit Agreement remain unchanged from the Existing Facility.

Some of the lenders or their affiliates perform commercial banking, investment banking, underwriting and other financial advisory services for the Corporation, for which they receive customary compensation.

The foregoing description of the Credit Agreement and related matters is qualified in its entirety by reference to the Credit Agreement, which is filed as Exhibit 10.1 hereto and incorporated herein by reference.
