CALCULATION OF REGISTRATION FEE

Title of Each Class of Securities to be Registered	Amount to be Registered ⁽¹⁾	Proposed Maximum Offering Price Per Unit	Proposed Maximum Aggregate Offering Price ⁽²⁾	Amount of Registration Fee ⁽³⁾
Debt Securities	\$20,000,000,000	100%	\$20,000,000,000	\$2,324,000 ⁽⁴⁾

There are being registered pursuant to this Registration Statement such indeterminate number of debt securities as may be offered from time to time pursuant to the prospectus contained in this Registration Statement with an aggregate initial offering price not to exceed \$20,000,000,000 or the equivalent thereof in foreign currencies. If any debt securities are issued at an original issue discount, then the debt securities registered shall include such additional debt securities as may be necessary such that the aggregate initial public offering price of all securities issued pursuant to this Registration Statement will equal \$20,000,000,000.

(1) Estimated solely for the purpose of computing the registration fee.

The registration fee has been calculated in accordance with Regulation 457 under the Securities Act of 1933, as amended (the "Securities Act") based on the current statutory fee of \$116.20 per million. Pursuant to Rule 415(a)(6) under the Securities Act, the securities registered under this Registration Statement include unsold debt securities (the "Unsold Debt Securities") previously registered under the Registration Statement (File No. 333-187440) (the "Prior Registration Statement"), which was initially filed on March 21, 2013, and was amended by Post-Effective Amendment No. 1 on November 14, 2014, relating to the registration of \$10,000,000,000 of debt securities. The registrant has determined to register hereunder all of the Unsold Debt Securities in addition to registering an additional \$10,000,000,000 of debt securities on this Registration Statement. Pursuant to Rule 415(a)(6), the registrant hereby offsets the previously paid registration fees relating to the Unsold Debt Securities against the total amount of the registration fee due for this Registration Statement. Accordingly, the registrant hereby offsets \$1,162,000 from the Prior Registration Statement against the registration fee of \$2,324,000 due for this Registration Statement, and has paid the remaining difference of \$1,162,000 by wire transfer prior to making this filing. To the extent that, after the filing date hereof and prior to the effectiveness of this Registration Statement, the registrant sells any Unsold Debt Securities pursuant to the Prior Registration Statement, the registrant will file a pre-effective amendment to this Registration Statement to reduce the amount of Unsold Debt Securities from the Prior Registration Statement that are included in this Registration Statement by the amount of Unsold Debt Securities so sold under the Prior Registration Statement. Pursuant to Rule 415(a)(6) under the Securities Act, the offering of Unsold Debt Securities under the Prior Registration Statement will be deemed terminated as of the date of effectiveness of this Registration Statement.

(4) \$1,162,000 has been previously paid.

EXPLANATORY NOTE

CVS Health Corporation currently has \$10,000,000,000 of debt securities registered with the SEC under Registration Statement (File No. 333-187440) (the “Prior Registration Statement”).

To the extent that prior to the effectiveness of this Registration Statement, CVS Health Corporation sells any debt securities pursuant to the Prior Registration Statement, CVS Health Corporation will amend this Registration Statement to reduce the amount of debt securities registered hereunder by the amount of debt securities sold pursuant to the Prior Registration Statement. RISK FACTORS

You should carefully consider all the information set forth in this prospectus, any accompanying prospectus supplement and the other documents incorporated by reference herein and therein before deciding to invest in the debt securities. In particular, we urge you to consider carefully the factors set forth under “Cautionary Statement Concerning Forward-Looking Statements” in this prospectus and the risk factors set forth below together with those set forth under “Risk Factors” in the Company’s Annual Report on Form 10-K for the year ended December 31, 2014, incorporated by reference herein and any updates thereto in our subsequent SEC filings.

Risks relating to pending acquisitions.

The acquisition agreements we enter into typically contain closing conditions, including those related to our proposed acquisitions of Omnicare, Inc. (“Omnicare”) and the pharmacy and clinic assets of Target Corporation (“Target”). Our ability to consummate pending acquisitions is subject to the satisfaction of these conditions. For example, our contemplated acquisition of Omnicare is subject to the satisfaction of closing conditions, including (i) approval by the stockholders of Omnicare, (ii) the receipt of regulatory approvals, and (iii) certain other customary closing conditions. Even if all of the closing conditions for a particular acquisition are satisfied, we cannot assure you that the acquisition will close on our expected timeframe or at all. Certain acquisition agreements we enter into obligate us to pay, under certain circumstances, termination fees in the event that an acquisition is not consummated. Failure to complete a particular acquisition or any delays in completing the acquisition could prevent us from realizing the benefits of the acquisition and could have an adverse impact on our business.

We may be unable to successfully integrate companies acquired by us.

Upon the closing of any acquisition we complete, we will need to successfully integrate the products, services and related assets into our business operations. If an acquisition is consummated, the integration of the acquired business, its products, services and related assets into our company may also be complex and time-consuming and, if the integration is not fully successful, we may not achieve the anticipated benefits, operating and cost synergies or growth opportunities of an acquisition. Potential difficulties that may be encountered in the integration process include the following:

• Integrating personnel, operations and systems, while maintaining focus on producing and delivering consistent, high quality products and services;

• Coordinating geographically dispersed organizations;

• Disruption of management’s attention from our ongoing business operations;

• Retaining existing customers and attracting new customers; and

• Managing inefficiencies associated with integrating our operations.

An inability to realize the full extent of the anticipated benefits, operating and cost synergies or growth opportunities of an acquisition, as well as any delays encountered in the integration process, could have a material adverse effect on our business and results of operation, which may affect the value of the shares of our common stock after the completion of an acquisition. Furthermore, these acquisitions, even if successfully integrated, may fail to further our business strategy as anticipated, expose us to increased competition or challenges with respect to our products, services or geographic markets, and expose us to additional liabilities associated with an acquired business including risks and liabilities associated with litigation involving the acquired business. Any one of these challenges or risks could impair our ability to realize any benefit from our acquisitions after we have expended resources on them.

THE COMPANY

Introduction

CVS Health is a pharmacy innovation company helping people on their path to better health. At the forefront of a changing health care landscape, the Company has an unmatched suite of capabilities and the expertise needed to drive innovations that will help shape the future of health.

We are currently the only integrated pharmacy health care company with the ability to impact consumers, payors, and providers with innovative, channel-agnostic solutions. We have a deep understanding of their diverse needs through our unique integrated model, and we are bringing them innovative solutions that help increase access to quality care, deliver better health outcomes, and lower overall health care costs.

Through our more than 7,800 retail drugstores, nearly 1,000 walk-in medical clinics, a leading pharmacy benefits manager with more than 70 million plan members, and expanding specialty pharmacy services, we enable people, businesses, and communities to manage health in more effective ways. We are delivering break-through products and services, from advising patients on their medications at our CVS/pharmacy[®] locations, to introducing unique programs to help control costs for our clients at CVS/caremark[™], to innovating how care is delivered to our patients with complex conditions through CVS/specialty[™], or by expanding access to high-quality, low-cost care at CVS/minuteclinic[™].

We currently have three reportable segments: Pharmacy Services, Retail Pharmacy and Corporate.

Overview of Our Pharmacy Services Segment

Our Pharmacy Services Segment generates revenue from a full range of pharmacy benefit management (“PBM”) services, including plan design and administration, formulary management, Medicare Part D services, mail order, specialty pharmacy and infusion services, retail pharmacy network management services, prescription management systems, clinical services, disease management services and medical spend management. Our clients are primarily employers, insurance companies, unions, government employee groups, health plans, Managed Medicaid plans and other sponsors of health benefit plans, and individuals throughout the United States. A portion of covered lives primarily within the Managed Medicaid, health plan and employer markets have access to our services through public and private exchanges. As a pharmacy benefits manager, we manage the dispensing of pharmaceuticals through our mail order pharmacies, specialty pharmacies and national network of more than 68,000 retail pharmacies, consisting of approximately 41,000 chain pharmacies (which includes our CVS/pharmacy[®] stores) and 27,000 independent pharmacies, to eligible members in the benefit plans maintained by our clients and utilize our information systems to perform, among other things, safety checks, drug interaction screenings and brand to generic substitutions.

Our specialty pharmacies support individuals that require complex and expensive drug therapies. Our specialty pharmacy business includes mail order and retail specialty pharmacies that operate under the CVS/specialty[™], CVS Caremark[™], CarePlus CVS/pharmacy[®] and Navarro Health Services[®] names. The Pharmacy Services Segment also provides health management programs, which include integrated disease management programs for 17 conditions, through our Accordant[®] rare disease management offering. In addition, through our SilverScript Insurance Company subsidiary, we are a national provider of drug benefits to eligible beneficiaries under the federal government’s Medicare Part D program. The Pharmacy Services Segment operates under the CVS/caremark[™] Pharmacy Services, Caremark[®], CVS Caremark[™], CVS/caremark[™], CarePlus CVS/pharmacy[®], RxAmerica[®], Accordant[®],

SilverScript[®], Coram[®], CVS/specialty[™], NovoLogix[®] and Navarro Health Services[®] names. As of March 31, 2015, the Pharmacy Services Segment operated 24 retail specialty pharmacy stores, 11 specialty mail order pharmacies, four mail service dispensing pharmacies, and 86 branches for infusion and enteral services, including approximately 70 ambulatory infusion suites and six centers of excellence, located in 40 states, Puerto Rico and the District of Columbia.

Overview of Our Retail Pharmacy Segment

Our Retail Pharmacy Segment sells prescription drugs and a wide assortment of general merchandise, including over-the-counter drugs, beauty products and cosmetics, personal care products, convenience foods, photo finishing, seasonal merchandise and greeting cards through our CVS/pharmacy[®], CVS[®], Longs Drugs[®], Navarro Discount Pharmacy[®] and Drogaria Onofre[™] retail stores and online through CVS.com[®], Navarro.com[™] and Onofre.com.br[™]. Our Retail Pharmacy Segment derives the majority of its revenues through the sale of prescription drugs, which are dispensed by our 24,000 retail pharmacists. Our Retail Pharmacy Segment also provides health care services through our CVS/minuteclinic offering. MinuteClinics are staffed by nurse practitioners and physician assistants who utilize nationally recognized protocols to diagnose and treat minor health conditions, perform health screenings, monitor chronic conditions, and deliver vaccinations. As of March 31, 2015, our Retail Pharmacy Segment included 7,850 retail drugstores (of which 7,794 operated a pharmacy) located in 44 states, the District of Columbia, Puerto Rico and Brazil operating primarily under the CVS/pharmacy[®], CVS[®], Longs Drugs[®], Navarro Discount Pharmacy[®] or Drogaria Onofre[™] names, 17 onsite pharmacies, 986 retail medical clinics operating under the MinuteClinic[®] name (of which 978 were located in CVS/pharmacy stores), and our online retail websites, CVS.com, Navarro.com and Onofre.com.br.

RECENT DEVELOPMENTS

Acquisition of Omnicare, Inc.

On May 20, 2015, CVS Pharmacy, Inc. (“CVS Pharmacy”), a wholly owned subsidiary of CVS Health, entered into an Agreement and Plan of Merger (the “Merger Agreement”) to acquire Omnicare, a provider of pharmacy services to long-term care facilities, and provider of specialty pharmacy and key commercialization services for the bio-pharmaceutical industry. The Merger Agreement provides that, upon the terms and subject to the conditions thereof, a newly formed wholly owned subsidiary of CVS Health will be merged with and into Omnicare (the “Merger”), with Omnicare continuing as the surviving corporation. Upon the effective time of the Merger, each issue and outstanding share of Omnicare will be converted into the right to receive \$98.00 in cash, or approximately \$10.6 billion in the aggregate. In addition, we will assume approximately \$2.3 billion in debt from Omnicare. The Merger is subject to (i) approval by the stockholders of Omnicare, (ii) the receipt of regulatory approvals, and (iii) certain other customary closing conditions. The closing of the acquisition is expected to occur near the end of 2015.

We have secured \$13 billion in fully committed unsecured bridge financing in connection with our entry into the Merger Agreement.

The Merger Agreement may be terminated by CVS Pharmacy or Omnicare under certain circumstances, and Omnicare may be required under certain circumstances to pay CVS Pharmacy a termination fee of \$350 million in connection with an alternative transaction proposal or a change of the recommendation of Omnicare’s board. The Merger Agreement has been adopted by the boards of directors of each of CVS Health and Omnicare, and Omnicare’s board of directors has unanimously recommended that its stockholders adopt the Merger Agreement.

Acquisition of Target Corporation’s Pharmacy and Clinic Businesses

On June 12, 2015, CVS Pharmacy entered into an Asset Purchase Agreement (the “Asset Purchase Agreement”) with Target pursuant to which Target agreed to sell its pharmacy and clinic businesses to us for a cash purchase price of \$1.887 billion, subject to certain adjustments. Through the Asset Purchase Agreement, we will acquire Target’s more than 1,660 pharmacies and operate them through a store-within-a-store format, branded as CVS/pharmacy, and Target’s nearly 80 clinic locations, branded as MinuteClinic.

The closing of the transactions contemplated by the Asset Purchase Agreement (the “Closing”) is subject to receipt of regulatory approval and other customary conditions and will occur on the later of receipt of regulatory approval or September 10, 2015. Either party will be permitted to terminate the Asset Purchase Agreement if the Closing has not occurred on or before March 15, 2016 (or September 15, 2016, solely in the event that, as of March 15, 2016, all conditions other than regulatory approval have been satisfied or waived). If the Asset Purchase Agreement is terminated solely due to the parties’ failure to obtain the required regulatory approval prior to September 15, 2016, we are obligated to pay Target a termination fee of \$150 million. The timing of the Closing is uncertain.

Subject to and upon the occurrence of the Closing of this acquisition, CVS Health and Target have agreed to enter into certain agreements, pursuant to which CVS Pharmacy and its subsidiaries will operate the pharmacy business and MinuteClinic, L.L.C. and its subsidiaries will operate or provide management services to the clinic business in Target stores in perpetuity, subject to termination in only limited circumstances.

CAUTIONARY STATEMENT CONCERNING FORWARD-LOOKING STATEMENTS

This prospectus, prospectus supplements to this prospectus, and the documents incorporated by reference or deemed to be incorporated by reference contain or will contain certain “forward-looking statements,” within the meaning of the federal securities laws. In addition, the Company and its representatives may, from time to time, make written or verbal forward-looking statements, including statements contained in the Company’s filings with the SEC and in its reports to stockholders, press releases, webcasts, conference calls, meetings and other communications. Generally, the inclusion of the words “believe,” “expect,” “intend,” “estimate,” “project,” “anticipate,” “will,” “should” and similar expressions identify statements that constitute forward-looking statements. All statements addressing operating performance of CVS Health Corporation or any subsidiary, events or developments that the Company expects or anticipates will occur in the future, including statements relating to corporate strategy; revenue growth; earnings or earnings per common share growth; adjusted earnings or adjusted earnings per common share growth; free cash flow; debt ratings; inventory levels; inventory turn and loss rates; store development; relocations and new market entries; retail pharmacy business, sales trends and operations; PBM business, sales trends and operations; the Company’s ability to attract or retain customers and clients; Medicare Part D competitive bidding, enrollment and operations; new product development; and the impact of industry developments, as well as statements expressing optimism or pessimism about future operating results or events, are forward-looking statements within the meaning of the federal securities laws.

The forward-looking statements are and will be based upon management’s then-current views and assumptions regarding future events and operating performance, and are applicable only as of the dates of such statements. The Company undertakes no obligation to update or revise any forward-looking statements, whether as a result of new information, future events, or otherwise.

By their nature, all forward-looking statements involve risks and uncertainties. Actual results may differ materially from those contemplated by the forward-looking statements for a number of reasons as described in our SEC filings, including those set forth in the Risk Factors section in our Annual Report on Form 10-K for the year ended December 31, 2014, and including, but not limited to:

Risks relating to the health of the economy in general and in the markets we serve, which could impact consumer purchasing power, preferences and/or spending patterns, drug utilization trends, the financial health of our PBM clients or other payors doing business with the Company and our ability to secure necessary financing, suitable store locations and sale-leaseback transactions on acceptable terms.

Efforts to reduce reimbursement levels and alter health care financing practices, including pressure to reduce reimbursement levels for generic drugs.

The possibility of PBM client loss and/or the failure to win new PBM business, including as a result of failure to win renewal of expiring contracts, contract termination rights that may permit clients to terminate a contract prior to expiration and early or periodic renegotiation of pricing by clients prior to expiration of a contract.

The possibility of loss of Medicare Part D business and/or failure to obtain new Medicare Part D business, whether as a result of the annual Medicare Part D competitive bidding process or otherwise.

Risks related to the frequency and rate of the introduction of generic drugs and brand name prescription products.

Risks of declining gross margins in the PBM industry attributable to increased competitive pressures, increased client demand for lower prices, enhanced service offerings and/or higher service levels and market dynamics and regulatory changes that impact our ability to offer plan sponsors pricing that includes the use of retail “differential” or “spread.”

Regulatory changes, business changes and compliance requirements and restrictions that may be imposed by Centers for Medicare and Medicaid Services (“CMS”), Office of Inspector General or other government agencies relating to

the Company's participation in Medicare, Medicaid and other federal and state government-funded programs, including sanctions and remedial actions that may be imposed by CMS on its Medicare Part D business.

Risks and uncertainties related to the timing and scope of reimbursement from Medicare, Medicaid and other government-funded programs, including the impact of sequestration, the impact of other federal budget, debt and deficit negotiations and legislation that could delay or reduce reimbursement from such programs and the impact of any closure, suspension or other changes affecting federal or state government funding or operations.

Possible changes in industry pricing benchmarks used to establish pricing in many of our PBM client contracts, pharmaceutical purchasing arrangements, retail network contracts, specialty payor agreements and other third party payor contracts.

A highly competitive business environment, including the uncertain impact of increased consolidation in the PBM industry, uncertainty concerning the ability of our retail pharmacy business to secure and maintain contractual relationships with PBMs and other payors on acceptable terms, uncertainty concerning the ability of our PBM business to secure and maintain competitive access, pricing and other contract terms from retail network pharmacies in an environment where some PBM clients are willing to consider adopting narrow or more restricted retail pharmacy networks.

The Company's ability to timely identify or effectively respond to changing consumer preferences and spending patterns, an inability to expand the products being purchased by our customers, or the failure or inability to obtain or offer particular categories of products.

Risks relating to our ability to secure timely and sufficient access to the products we sell from our domestic and/or international suppliers.

Reform of the U.S. health care system, including ongoing implementation of the Patient Protection and Affordable Care Act, continuing legislative efforts, regulatory changes and judicial interpretations impacting our health care system and the possibility of shifting political and legislative priorities related to reform of the health care system in the future.

Risks relating to any failure to properly maintain our information technology systems, our information security systems and our infrastructure to support our business and to protect the privacy and security of sensitive customer and business information.

Risks related to compliance with a broad and complex regulatory framework, including compliance with new and existing federal, state and local laws and regulations relating to health care, accounting standards, corporate securities, tax, environmental and other laws and regulations affecting our business.

Risks related to litigation, government investigations and other legal proceedings as they relate to our business, the pharmacy services, retail pharmacy or retail clinic industries or to the health care industry generally.

The risk that any condition related to the closing of any proposed acquisition may not be satisfied on a timely basis or at all, including the inability to obtain required regulatory approvals of any proposed acquisition, or on the terms desired or anticipated; the risk that such approvals may result in the imposition of conditions that could adversely affect the resulting combined company or the expected benefits of any proposed transaction; and the risk that the proposed transactions fail to close for any other reason.

The possibility that the anticipated synergies and other benefits from any acquisition by the Company will not be realized, or will not be realized within the expected time periods.

The risks and uncertainties related to the Company's ability to integrate the operations, products, services and employees of any entities acquired by the Company and the effect of the potential disruption of management's attention from ongoing business operations due to any pending acquisitions.

RATIO OF EARNINGS TO FIXED CHARGES

The following table sets forth our ratio of earnings to fixed charges for the periods indicated. “Fixed charges” consist of interest expense, capitalized interest, amortization of debt discount, and a portion of net rental expense deemed to be representative of the interest factor. The ratio of earnings to fixed charges is calculated as income from continuing operations, before provision for income taxes, plus fixed charges (excluding capitalized interest), plus amortization of capitalized interest, with the sum divided by fixed charges.

DESCRIPTION OF DEBT SECURITIES

This prospectus describes certain general terms and provisions of the debt securities. The debt securities will be either senior debt securities or subordinated debt securities. The debt securities will be issued under two or more separate indentures between us and The Bank of New York Mellon Trust Company, N.A. (formerly known as The Bank of New York Trust Company, N.A.) a national banking association, as trustee. Each of the senior indenture and the subordinated indenture is referred to as an indenture. When we offer to sell a particular series of debt securities, we will describe the specific terms for the securities in a supplement to this prospectus. The prospectus supplement will also indicate whether the general terms and provisions described in this prospectus apply to a particular series of debt securities.

We have summarized certain terms and provisions of the indentures. The summary is not complete and the terms and provisions of the indentures summarized herein may be modified by adding or removing covenants, events of default or other provisions as reflected in the relevant prospectus supplement for each particular series of debt securities. The indentures have been incorporated by reference as exhibits to the registration statement for these securities that we have filed with the SEC. You should read the indentures for the provisions which may be important to you. The indentures are subject to and governed by the Trust Indenture Act of 1939, as amended (the "Trust Indenture Act"). The indentures will not limit the amount of debt securities which we may issue. We may issue debt securities up to an aggregate principal amount as we may authorize from time to time. The prospectus supplement will describe the terms of any debt securities being offered, including:

- classification as senior or subordinated debt securities;
- ranking of the specific series of debt securities relative to other outstanding indebtedness, including subsidiaries' debt; if the debt securities are subordinated, the aggregate amount of outstanding indebtedness, as of a recent date, that is senior to the subordinated securities, and any limitation on the issuance of additional senior indebtedness;
- the designation, aggregate principal amount and authorized denominations;
- the maturity date;
- the interest rate, if any, and the method for calculating the interest rate;
- the interest payment dates and the record dates for the interest payments;
- any mandatory or optional redemption terms or prepayment, conversion, sinking fund or exchangeability or convertibility provisions;
- the place where we will pay principal and interest;
- if other than denominations of \$1,000 or multiples of \$1,000, the denominations the debt securities will be issued in;
- the applicability of and additional provisions, if any, relating to the defeasance of the debt securities;

the currency or currencies, if other than the currency of the United States, in which principal and interest will be paid;
any United States federal income tax consequences;
the dates on which premium, if any, will be paid;
our right, if any, to defer the payment of interest and the maximum length of this deferral period;
any listing on a securities exchange;
the initial public offering price; and
other specific terms, including any additional events of default or covenants.

Senior Debt

Senior debt securities will rank equally and pari passu with all other unsecured and unsubordinated debt of CVS Health.

Subordinated Debt

Subordinated debt securities will be subordinate and junior in right of payment, to the extent and in the manner set forth in the subordinated indenture, to all "senior indebtedness" (as defined in the subordinated indenture) of CVS Health. See the subordinated indenture, section 1.01.

In general, the holders of all senior indebtedness are first entitled to receive payment of the full amount unpaid on senior indebtedness before the holders of any of the subordinated debt securities or coupons are entitled to receive a payment on account of the principal or interest on the subordinated debt securities in certain events. These events include:

- any insolvency or bankruptcy proceedings, or any receivership, liquidation, reorganization or other similar proceedings which concern CVS Health or a substantial part of its property; or
- a default having occurred for the payment of principal, premium, if any, or interest on or other monetary amounts due and payable on any senior indebtedness or any other default having occurred concerning any senior indebtedness, which permits the holder or holders of any senior indebtedness to accelerate the maturity of any senior indebtedness with notice or lapse of time, or both. Such an event of default must have continued beyond the period of grace, if any, provided for such event of default, and such an event of default shall not have been cured or waived or shall not have ceased to exist.

If this prospectus is being delivered in connection with a series of subordinated debt securities, the accompanying prospectus supplement or the information incorporated in this prospectus by reference will set forth the approximate amount of senior indebtedness outstanding as of the end of the most recent fiscal quarter.

Certain Covenants

Restrictions on Secured Funded Debt. The senior indenture provides that we will not, nor will we permit any Restricted Subsidiary to, incur, issue, assume, guarantee or create any Secured Debt, without effectively providing concurrently with the incurrence, issuance, assumption, guaranty or creation of any such Secured Debt that the debt securities (together with, if we shall so determine, any other of our Indebtedness or such Restricted Subsidiary's

Indebtedness then existing or thereafter created which is not subordinated to the debt securities) will be secured equally and ratably with (or prior to) such Secured Debt, unless, after giving effect thereto, the sum of the aggregate amount of all of our outstanding Secured Debt and the outstanding Secured Debt of our Restricted Subsidiaries together with all Attributable Debt in respect of sale and leaseback transactions relating to a Principal Property (with the exception of Attributable Debt which is excluded pursuant to clauses (1) to (8) under “Limitation on Sale/Leaseback Transactions” below), would not exceed 15% of Consolidated Net Tangible Assets.

This restriction will not apply to, and there will be excluded from Secured Debt in any computation under this restriction and under “Limitation on Sale/Leaseback Transactions” below, Indebtedness, secured by:

- (1) Liens on property, shares of capital stock or Indebtedness of any corporation existing at the time such corporation becomes a Subsidiary;
- (2) Liens on property, shares of capital stock or Indebtedness existing at the time of acquisition thereof or incurred within 360 days of the time of acquisition thereof (including, without limitation, acquisition through merger or consolidation) by us or any Restricted Subsidiary;
- (3) Liens on property, shares of capital stock or Indebtedness thereafter acquired (or constructed) by us or any Restricted Subsidiary and created prior to, at the time of, or within 360 days (or thereafter if such Lien is created pursuant to a binding commitment entered into prior to, at the time of or within 360 days) after such acquisition (including, without limitation, acquisition through merger or consolidation) (or the completion of such construction or commencement of commercial operation of such property, whichever is later) to secure or provide for the payment of all or any part of the purchase price (or the construction price) thereof;
- (4) Liens in favor of us or any Restricted Subsidiary;
- (5) Liens in favor of the United States of America, any State thereof or the District of Columbia or any foreign government, or any agency, department or other instrumentality thereof, to secure partial, progress, advance or other payments pursuant to any contract or provisions of any statute;
- (6) Liens incurred or assumed in connection with the issuance of revenue bonds the interest on which is exempt from federal income taxation pursuant to Section 103 (b) of the Internal Revenue Code;
- (7) Liens securing the performance of any contract or undertaking not directly or indirectly in connection with the borrowing of money, the obtaining of advances or credit or the securing of Indebtedness, if made and continuing in the ordinary course of business;
- (8) Liens incurred (no matter when created) in connection with our or a Restricted Subsidiary’s engaging in leveraged or single investor lease transactions; provided, however, that the instrument creating or evidencing any borrowings secured by such Lien will provide that such borrowings are payable solely out of the income and proceeds of the property subject to such Lien and are not a general obligation of ours or of such Restricted Subsidiary;
- (9) Liens in favor of a governmental agency to qualify us or any Restricted Subsidiary to do business, maintain self insurance or obtain other benefits, or Liens under workers’ compensation laws, unemployment insurance laws or similar legislation;
- (10) Good faith deposits in connection with bids, tenders, contracts or deposits to secure our or any Restricted Subsidiary’s public or statutory obligations, or deposits of cash or obligations of the United States of

America to secure surety and appeal bonds to which we or any Restricted Subsidiary are a party or in lieu of such bonds, or pledges or deposits for similar purposes in the ordinary course of business;

(11) Liens imposed by law, such as laborers' or other employees', carriers', warehousemen's, mechanics', materialmen's and vendors' Liens;

(12) Liens arising out of judgments or awards against us or any Restricted Subsidiary with respect to which we or such Restricted Subsidiary at the time shall be prosecuting an appeal or proceedings for review or Liens arising out of individual final judgments or awards in amounts of less than \$1,000,000; provided that the aggregate amount of all such individual final judgments or awards shall not at any one time exceed \$1,000,000;

(13) Liens for taxes, assessments, governmental charges or levies not yet subject to penalties for nonpayment or the amount or validity of which is being in good faith contested by appropriate proceedings by us or any Restricted Subsidiary, as the case may be;

(14) Minor survey exceptions, minor encumbrances, easements or reservations of, or rights of others for, rights of way, sewers, electric lines, telegraph and telephone lines and other similar purposes, or zoning or other restrictions or Liens as to the use of real properties, which Liens, exceptions, encumbrances, easements, reservations, rights and restrictions do not, in our opinion, in the aggregate materially detract from the value of said properties or materially impair their use in the operation of our business and that of our Restricted Subsidiaries;

(15) Liens incurred to finance all or any portion of the cost of construction, alteration or repair of any Principal Property or improvements thereto created prior to or within 360 days (or thereafter if such Lien is created pursuant to a binding commitment to lend entered into prior to, at the time of, or within 360 days) after completion of such construction, alteration or repair;

(16) Liens existing on the date of the indenture;

(17) Liens created in connection with a project financed with, and created to secure, a Nonrecourse Obligation; or

(18) Any extension, renewal, refunding or replacement of the foregoing, provided that (i) such extension, renewal, refunding or replacement Lien shall be limited to all or a part of the same property that secured the Lien extended, renewed, refunded or replaced (plus improvements on such property) and (ii) the Funded Debt secured by such Lien at such time is not increased.

“Attributable Debt” means, in connection with any sale and leaseback transaction under which either we or any Restricted Subsidiary are at the time liable as lessee for a term of more than 12 months and at any date as of which the amount thereof is to be determined, the lesser of (A) total net obligations of the lessee for rental payments during the remaining term of the lease discounted from the respective due dates thereof to such determination date at a rate per annum equivalent to the greater of (i) the weighted average Yield to Maturity (as defined in the indenture) of the debt securities, such average being weighted by the principal amount of each series of the debt securities and (ii) the interest rate inherent in such lease (as determined in good faith by us), both to be compounded semi-annually or (B) the sale price for the assets so sold and leased multiplied by a fraction the numerator of which is the remaining portion of the base term of the lease included in such transaction and the denominator of which is the base term of the lease.

“Consolidated Net Tangible Assets” means, at any date, the total assets appearing on our and our Restricted Subsidiaries' most recent consolidated balance sheet as at the end of our fiscal quarter ending not more than 135

days prior to such date, prepared in accordance with generally accepted accounting principles in the United States of America (“GAAP”), less (i) all current liabilities (due within one year) as shown on such balance sheet, (ii) investments in and advances to Unrestricted Subsidiaries and (iii) Intangible Assets and liabilities relating thereto.

“Funded Debt” means (i) any of our Indebtedness or Indebtedness of a Restricted Subsidiary maturing more than 12 months after the time of computation thereof, (ii) guarantees of Funded Debt or of dividends of others (except guarantees in connection with the sale or discount of accounts receivable, trade acceptances and other paper arising in the ordinary course of business), (iii) in the case of any Restricted Subsidiary, all preferred stock having mandatory redemption provisions of such Restricted Subsidiary as reflected on such Restricted Subsidiary’s balance sheet prepared in accordance with GAAP, and (iv) all Capital Lease Obligations (as defined in the indenture).

“Indebtedness” means, at any date, without duplication, all of our obligations for borrowed money or obligations for borrowed money of a Restricted Subsidiary.

“Intangible Assets” means, at any date, the value, as shown on or reflected in our and our Restricted Subsidiaries’ most recent consolidated balance sheet as at the end of our fiscal quarter ending not more than 135 days prior to such date, prepared in accordance with GAAP, of: (i) all trade names, trademarks, licenses, patents, copyrights, service marks, goodwill and other like intangibles; (ii) organizational and development costs; (iii) deferred charges (other than prepaid items, such as insurance, taxes, interest, commissions, rents, pensions, compensation and similar items and tangible assets being amortized); and (iv) unamortized debt discount and expense, less unamortized premium.

“Liens” means such pledges, mortgages, security interests and other liens on any Principal Property of ours or of a Restricted Subsidiary which secure Secured Debt.

“Nonrecourse Obligation” means indebtedness or lease payment obligations substantially related to (i) the acquisition of assets not previously owned by us or any Restricted Subsidiary or (ii) the financing of a project involving the development or expansion of our or any Restricted Subsidiary’s properties, as to which the obligee with respect to such indebtedness or obligation has no recourse to us or any Restricted Subsidiary or any of our or any of our Subsidiaries’ assets other than the assets which were acquired with the proceeds of such transaction or the project financed with the proceeds of such transaction (and the proceeds thereof).

“Principal Property” means real and tangible property owned and operated now or hereafter by us or any Restricted Subsidiary constituting a part of any store, warehouse or, distribution center located within the United States of America or its territories or possessions (excluding current assets, motor vehicles, mobile materials handling equipment and other rolling stock, cash registers and other point-of-sale recording devices and related equipment and data processing and other office equipment), the net book value of which (including leasehold improvements and store fixtures constituting a part of such store, warehouse or distribution center) as of the date on which the determination is being made is more than 1.0% of Consolidated Net Tangible Assets. As of the date of this prospectus, none of our stores constitutes a Principal Property.

“Restricted Subsidiary” means each Subsidiary other than Unrestricted Subsidiaries.

“Secured Debt” means Funded Debt which is secured by any pledge of, or mortgage, security interest or other lien on any (i) Principal Property (whether owned on the date of the indenture or thereafter acquired or created), (ii) shares of stock owned by us or a Subsidiary in a Restricted Subsidiary or (iii) Indebtedness of a Restricted Subsidiary.

“Subsidiary” means any corporation of which at least a majority of the outstanding stock, which under ordinary circumstances (not dependent upon the happening of a contingency) has voting power to elect a majority of the board of directors of such corporation (or similar management body), is owned directly or indirectly by us or by one or more of our Subsidiaries, or by us and one or more Subsidiaries.

“Unrestricted Subsidiary” means Subsidiaries designated as Unrestricted Subsidiaries from time to time by our Board of Directors; provided, however, that our Board of Directors (i) will not designate as an Unrestricted Subsidiary any of our Subsidiaries that owns any Principal Property or any stock of a Restricted Subsidiary, (ii) will not continue the designation of any of our Subsidiaries as an Unrestricted Subsidiary at any time that such Subsidiary owns any Principal Property, and (iii) will not, nor will it cause or permit any Restricted Subsidiary to, transfer or otherwise dispose of any Principal Property to any Unrestricted Subsidiary (unless such Unrestricted Subsidiary will in connection therewith be redesignated as a Restricted Subsidiary and any pledge, mortgage, security interest or other lien arising in connection with any Indebtedness of such Unrestricted Subsidiary so redesignated does not extend to such Principal Property (unless the existence of such pledge, mortgage, security interest or other lien would otherwise be permitted under the indenture)).

Limitation on Sale/Leaseback Transactions. The senior indenture provides that we will not, nor will we permit any Restricted Subsidiary to, enter into any arrangement with any person providing for the leasing by us or any Restricted Subsidiary of any of our or any Restricted Subsidiary’s Principal Property (which lease is required by GAAP to be capitalized on the balance sheet of such lessee), which Principal Property has been or is to be sold or transferred by us or such Restricted Subsidiary to such person (a “sale and leaseback transaction”) unless, after giving effect thereto, the aggregate amount of all Attributable Debt with respect to all such sale and leaseback transactions plus all Secured Debt (with the exception of Funded Debt secured by Liens which is excluded pursuant to clauses (1) to (18) under “Restrictions on Secured Funded Debt” above) would not exceed 15% of Consolidated Net Tangible Assets. This covenant will not apply to, and there will be excluded from Attributable Debt in any computation under this restriction or under “Restrictions on Secured Funded Debt” above, Attributable Debt with respect to any sale and leaseback transaction if:

- (1) We or a Restricted Subsidiary are permitted to create Funded Debt secured by a Lien pursuant to clauses (1) to (18) inclusive under “Restrictions on Secured Funded Debt” above on the Principal Property to be leased, in an amount equal to the Attributable Debt with respect to such sale and leaseback transaction, without equally and ratably securing the debt securities;
- (2) The property leased pursuant to such arrangement is sold for a price at least equal to such property’s fair market value (as determined by our Chief Executive Officer, President, Chief Financial Officer, Treasurer or Controller) and we or a Restricted Subsidiary, within 360 days after the sale or transfer shall have been made by us or a Restricted Subsidiary, shall apply the proceeds thereof to the retirement of our or any Restricted Subsidiary’s Indebtedness or Funded Debt (other than Indebtedness or Funded Debt owned by us or any Restricted Subsidiary); provided, however, that no retirement referred to in this clause (2) may be effected by payment at maturity or pursuant to any mandatory sinking fund payment provision of Indebtedness or Funded Debt;
- (3) We or a Restricted Subsidiary apply the net proceeds of the sale or transfer of the Principal Property leased pursuant to such transaction to the purchase of assets (and the cost of construction thereof) within 360 days prior or subsequent to such sale or transfer;

- (4) The effective date of any such arrangement or the purchaser's commitment therefor is within 36 months prior or subsequent to the acquisition of the Principal Property (including, without limitation, acquisition by merger or consolidation) or the completion of construction and commencement of operation thereof (which, in the case of a retail store, is the date of opening to the public), whichever is later;
- (5) The lease in such sale and leaseback transaction is for a term, including renewals, of not more than three years;
- (6) The sale and leaseback transaction is entered into between us and a Restricted Subsidiary or between Restricted Subsidiaries;
- (7) The lease secures or relates to industrial revenue or pollution control bonds; or
- (8) The lease payment is created in connection with a project financed with, and such obligation constitutes, a Nonrecourse Obligation.

Merger, Consolidation and Disposition of Assets

Each indenture provides that we shall not consolidate with, merge with or into, or sell, convey, transfer, lease or otherwise dispose of all or substantially all of our property and assets (as an entirety or substantially as an entirety in one transaction or a series of related transactions) to, any Person (as defined in the indentures) (other than a consolidation with or merger with or into a Restricted Subsidiary or a sale, conveyance, transfer, lease or other disposition to a Restricted Subsidiary) or permit any Person to merge with or into us unless: (a) either (i) we shall be the continuing Person or (ii) the Person (if other than us) formed by such consolidation or into which we are merged or that acquired or leased such of our property and assets shall be a corporation organized and validly existing under the laws of the United States of America or any jurisdiction thereof and shall expressly assume, by a supplemental indenture, executed and delivered to the trustee, all of our obligations under each series of the debt securities and the indenture, and we shall have delivered to the trustee an opinion of counsel stating that such consolidation, merger or transfer and such supplemental indenture complies with this provision and that all conditions precedent provided for in the indenture relating to such transaction have been complied with and that such supplemental indenture constitutes an obligation that is legal, valid and binding for us or such successor enforceable against such entity in accordance with its terms, subject to customary exceptions; and (b) we shall have delivered to the trustee an officers' certificate to the effect that immediately after giving effect to such transaction, no Default (as defined in the indentures) shall have occurred and be continuing and an opinion of counsel as to the matters set forth in paragraph (a) above.

The indentures do not restrict, or require us to redeem or permit holders of any series of the debt securities to cause a redemption of the debt securities of that series in the event of, (i) a consolidation, merger, sale of assets or other similar transaction that may adversely affect our creditworthiness or the creditworthiness of our successor or combined entity, (ii) a change in control of the Company or (iii) a highly leveraged transaction involving us, whether or not involving a change in control. Accordingly, the holders of the debt securities would not have protection in the event of a highly leveraged transaction, reorganization, restructuring, merger or similar transaction involving us that may adversely affect the holders of debt securities. The existing protective covenants applicable to the debt securities would continue to apply to us, or our successor, in the event of such a transaction initiated or supported by us, our management, or any of our affiliates or their management, but may not prevent such a transaction from taking place.

Events of Default, Waiver and Notice

“Event of Default” with respect to a series of senior debt securities is defined in the senior indenture to be if:

- (1) We default in the payment of all or any part of the principal of such series of the debt securities when the same becomes due and payable at maturity, upon acceleration, redemption or mandatory repurchase, including as a sinking fund installment, or otherwise;
- (2) We default in the payment of any interest on such series of the debt securities when the same becomes due and payable, and such default continues for a period of 30 days;
- (3) We default in the performance of or breach any of our other covenants or agreements in the indenture and such default or breach continues for a period of 60 consecutive days after written notice thereof has been given to us by the trustee or to us and the trustee by the holders of 25% or more in aggregate principal amount of the affected series of the debt securities;
- (4) An involuntary case or other proceeding shall be commenced against us with respect to us or our debts under any bankruptcy, insolvency or other similar law now or hereafter in effect seeking the appointment of a trustee, receiver, liquidator, custodian or other similar official or for any substantial part of our property and assets, and such involuntary case or other proceeding shall remain undismissed and unstayed for a period of 60 days; or an order for relief shall be entered against us under any bankruptcy, insolvency or other similar law now or hereafter in effect;
- (5) We (i) commence a voluntary case under any applicable bankruptcy, insolvency or other similar law now or hereafter in effect, or consent to the entry of an order for relief in an involuntary case under any such law, (ii) consent to the appointment of or taking possession by a receiver, liquidator, assignee, custodian, trustee, sequestrator or similar official of us or for all or substantially all of our property and assets or (iii) effect any general assignment for the benefit of creditors;
- (6) An event of default as defined in any one or more indentures or instruments evidencing or under which we have at the date of the indenture or shall thereafter have outstanding an aggregate of at least \$50,000,000 aggregate principal amount of indebtedness for borrowed money, shall happen and be continuing and such indebtedness shall have been accelerated so that the same shall be or become due and payable prior to the date on which the same would otherwise have become due and payable, and such acceleration shall not be rescinded or annulled within ten days after notice thereof shall have been given to us by the trustee (if such event be known to it), or to us and the trustee by the holders of at least 25% in aggregate principal amount of the outstanding debt securities of such series; provided that if such event of default under such indentures or instruments shall be remedied or cured by us or waived by the holders of such indebtedness, then the Event of Default under the indenture by reason thereof shall be deemed likewise to have been thereupon remedied, cured or waived without further action upon the part of either the trustee or any of the holders of such series; or
- (7) Failure by us to make any payment at maturity, including any applicable grace period, in respect of at least \$50,000,000 aggregate principal amount of indebtedness for borrowed money and such failure shall have continued for a period of ten days after notice thereof shall have been given to us by the trustee (if such event be known to it), or to us and the trustee by the holders of at least 25% in aggregate principal amount of the outstanding debt securities of such series; provided that if such failure shall be remedied or cured by us or waived by the holders of such indebtedness, then the Event of Default under the indenture by reason thereof shall be deemed likewise to have been thereupon remedied, cured or waived without further action upon the part of either the trustee or any of the holders of such series.

“Event of Default” with respect to a series of subordinated debt securities is defined in the subordinated indenture to include the events described in clauses (1), (2), (4) and (5) above.

If an Event of Default occurs and is continuing with respect to a series of the debt securities, then, and in each and every such case, either the trustee or the holders of not less than 25% in aggregate principal amount of the outstanding debt securities of such series by notice in writing to us (and to the trustee if given by holders), may declare the entire outstanding principal amount of the debt securities of such series, and the interest accrued thereon, if any, to be due and payable immediately, and upon any such declaration the same shall become immediately due and payable. If an Event of Default described in clauses (4) or (5) occurs and is continuing with respect to a series of the debt securities, then the principal amount of all the debt securities of such series then outstanding and interest accrued thereon, if any, shall be and become immediately due and payable, without any notice or other action by any holder of debt securities of such series or the trustee to the full extent permitted by applicable law.

Subject to provisions in the indenture for the indemnification of the trustee and certain other limitations, the holders of at least a majority in aggregate principal amount of the outstanding debt securities of any series may direct the time, method and place of conducting any proceeding for any remedy available to the trustee or exercising any trust or power conferred on the trustee by the indenture with respect to the debt securities of such series; provided that the trustee may refuse to follow any direction that conflicts with law or the indenture, that may involve the trustee in personal liability, or that the trustee determines in good faith may be unduly prejudicial to the rights of holders of the debt securities of such series not joining in the giving of such direction; and provided further that the trustee may take any other action it deems proper that is not inconsistent with any directions received from holders of debt securities of such series pursuant to this paragraph.

Subject to various provisions in the indenture, the holders of at least a majority in principal amount of the outstanding debt securities of any series, by notice to the trustee, may waive an existing Default or Event of Default with respect to such series and its consequences, except a Default in the payment of principal of or interest on any debt security of such series as specified in clauses (1) or (2) of the first paragraph of this section or in respect of a covenant or provision of the indenture which cannot be modified or amended without the consent of the holder of each outstanding debt security of such series affected. Upon any such waiver, such Default shall cease to exist with respect to such series, and any Event of Default arising therefrom shall be deemed to have been cured, for every purpose of the indenture; but no such waiver shall extend to any subsequent or other Default or Event of Default or impair any right consequent thereto.

Each indenture provides that no holder of debt securities of any series may institute any proceeding, judicial or otherwise, with respect to the indenture or the debt securities of such series, or for the appointment of a receiver or trustee, or for any other remedy under the indenture, unless: (i) such holder has previously given to the trustee written notice of a continuing Event of Default; (ii) the holders of at least 25% in aggregate principal amount of outstanding debt securities of such series shall have made written request to the trustee to institute proceedings in respect of such Event of Default in its own name as trustee under the indenture; (iii) such holder or holders have offered to the trustee indemnity reasonably satisfactory to the trustee against any costs, liabilities or expenses to be incurred in compliance with such request; (iv) the trustee for 60 days after its receipt of such notice, request and offer of indemnity has failed to institute any such proceeding; and (v) during such 60-day period, the holders of a majority in aggregate principal amount of the outstanding debt securities of such series have not given the trustee a direction that is inconsistent with such written request. A holder of debt securities of any series may not use the indenture to prejudice the rights of another holder of such series or to obtain a preference or priority over such other holder.

Information

Each indenture provides that we shall file with the trustee and transmit to holders of the debt securities such information, documents and other reports, and such summaries thereof, as may be required pursuant to the Trust Indenture Act at the time and in the manner provided pursuant to such Act.

The Company will be required to file with the trustee annually, within four months of the end of each fiscal year of the Company, a certificate as to the compliance with all conditions and covenants of the indenture.

Discharge and Defeasance of Debt Securities and Covenants

Each indenture provides that we may terminate our obligations under any series of debt securities if: (i) all debt securities of such series previously authenticated and delivered, with certain exceptions, have been delivered to the trustee for cancellation and we have paid all sums payable by us with respect to that series of debt securities under the indenture; or (ii) (a) the debt securities of such series mature within one year or all of them are to be called for redemption within one year under arrangements satisfactory to the trustee for giving the notice of redemption, (b) we irrevocably deposit in trust with the trustee, as trust funds solely for the benefit of the holders of the debt securities of such series for that purpose, money or U.S. government obligations or a combination thereof sufficient (unless such funds consist solely of money, in the opinion of a nationally recognized firm of independent public accountants expressed in a written certification thereof delivered to the trustee), without consideration of any reinvestment, to pay the principal of and interest on the debt securities of such series to maturity or redemption, as the case may be, and to pay all other sums payable by us under the indenture, and (c) we deliver to the trustee an officers' certificate and an opinion of counsel, in each case stating that all conditions precedent provided for in the indenture relating to the satisfaction and discharge of our obligations under the indenture with respect to the debt securities of such series have been complied with. The following obligations will survive until the debt securities of such series are no longer outstanding: our obligations to execute and deliver the debt securities of such series for authentication, to set the terms of the debt securities of such series, to maintain an office or agency in respect of the debt securities of such series, to have moneys held for payment in trust, to register the transfer or exchange of the debt securities of such series, to compensate and indemnify the trustee and to appoint a successor trustee, and our right to recover excess money held by the trustee. Thereafter, only our obligations to compensate and indemnify the trustee, and our right to recover excess money held by the trustee shall survive.

Each indenture provides that we (i) will be deemed to have paid and will be discharged from any and all obligations in respect of the debt securities of such series, and the provisions of the indenture will, except as noted below, no longer be in effect with respect to the debt securities of such series ("legal defeasance") or (ii) may omit to comply with other specific covenants relating to the debt securities of such series in the indenture, and with respect to the senior indenture, such omission shall be deemed not to be an Event of Default under clause (3) of the first paragraph of "Events of Default, Waiver and Notice" ("covenant defeasance"); provided that the following conditions shall have been satisfied: (a) we have irrevocably deposited in trust with the trustee as trust funds solely for the benefit of the holders of the debt securities of such series, for payment of the principal of and interest on the debt securities of such series, money or U.S. government obligations or a combination thereof sufficient (unless such funds consist solely of money, in the opinion of a nationally recognized firm of independent public accountants expressed in a written certification thereof delivered to the trustee) without consideration of any reinvestment and after payment of all federal, state and local taxes or other charges and assessments in respect thereof payable by the trustee, to pay and discharge the principal of and accrued interest on the outstanding debt securities of such series to maturity or earlier redemption (irrevocably provided for under arrangements satisfactory to the trustee), as the case may be; (b) such deposit will not result in a breach or violation of, or constitute a default under, the indenture or any other material agreement or instrument to which we are a party or by which we are bound; (c) no Default with

respect to the debt securities of such series shall have occurred and be continuing on the date of such deposit; (d) we shall have delivered to the trustee an opinion of counsel that (1) the holders of the debt securities of such series will not recognize income, gain or loss for federal income tax purposes as a result of our exercise of our option under this provision of the indenture and will be subject to federal income tax on the same amount and in the same manner and at the same times as would have been the case if such deposit and defeasance had not occurred and (2) the holders of the debt securities of such series have a valid security interest in the trust funds, and (e) we have delivered to the trustee an officers' certificate and an opinion of counsel, in each case stating that all conditions precedent provided for in the indenture relating to the defeasance contemplated have been complied with. In the case of legal defeasance under clause (i) above, the opinion of counsel referred to in clause (d) (1) above may be replaced by a ruling directed to the trustee received from the Internal Revenue Service to the same effect. Notwithstanding legal or covenant defeasance, the following obligations will survive until the debt securities of such series are no longer outstanding: our obligations to execute and deliver the debt securities of such series for authentication, to set the terms of the debt securities of such series, to maintain an office or agency in respect of the debt securities of such series, to have moneys held for payment in trust, to register the transfer or exchange of the debt securities of such series, to compensate and indemnify the trustee and to appoint a successor trustee, and our right to recover excess money held by the trustee. Thereafter, only our obligations to compensate and indemnify the trustee, and our right to recover excess money held by the trustee shall survive.

Modification and Waiver

Each indenture provides that we and the trustee may amend or supplement the indenture or any series of the debt securities without notice to or the consent of any holder of such series:

- (1) to cure any ambiguity, defect or inconsistency in the indenture; provided that such amendments or supplements shall not materially and adversely affect the interests of the holders of debt securities of such series;
- (2) to provide for the assumption of our obligations to the holders of the debt securities of such series in connection with a consolidation or merger of our company or the sale, conveyance, transfer, lease or other disposal of all or substantially all of our property and assets;
- (3) to comply with any requirements of the SEC in connection with the qualification of the indenture under the Trust Indenture Act;
- (4) to evidence and provide for the acceptance of appointment under the indenture by a successor trustee; and
- (5) to make any change that does not materially and adversely affect the rights of any holder of debt securities of such series, provided that any change to conform the terms of the debt securities to the indenture and to the Description of Debt Securities contained in this prospectus or prospectus supplement relating to the debt securities shall not be deemed to be adverse to any holder of such debt securities.

Each indenture also contains provisions whereby we and the trustee, subject to certain conditions, may amend the indenture and the outstanding debt securities of such series with the written consent of the holders of a majority in principal amount of the debt securities of such series then outstanding, and the holders of a majority in principal amount of the outstanding debt securities of any series may waive future compliance by us with any provision of the indenture or the debt securities of such series.

Notwithstanding the foregoing provisions, without the consent of each holder of a series of the debt securities affected thereby, an amendment or waiver may not:

- (1) extend the stated maturity of the principal of, or any installment of interest on, such holder's debt securities, or reduce the principal thereof or the rate of interest thereon, or any premium payable with respect thereto, or change any place or currency of payment where any debt security of that series or any premium or the interest thereon is payable, or impair the right to institute suit for the enforcement of any such payment on or after the due date therefor;
- (2) reduce the percentage in principal amount of outstanding debt securities of that series the consent of whose holders is required for any such supplemental indenture, for any waiver of compliance with certain provisions of the indenture or certain Defaults and their consequences provided for in the indenture;
- (3) waive a Default in the payment of principal of or interest on any debt security of that series of such holder; or
- (4) modify any of the provisions of this provision of the indenture, except to increase any such percentage or to provide that certain other provisions of the indenture cannot be modified or waived without the consent of the holder of each outstanding debt security of that series thereunder affected thereby.

It shall not be necessary for the consent of any holder under this provision of the indenture to approve the particular form of any proposed amendment, supplement or waiver, but it shall be sufficient if such consent approves the substance thereof. After an amendment, supplement or waiver under this section of the indenture becomes effective, we shall give to the holders of the series of the debt securities affected thereby a notice briefly describing the amendment, supplement or waiver. Any failure by us to mail such notice, or any defect therein, shall not, however, in any way impair or affect the validity of any such supplemental indenture or waiver.

Governing Law

Each indenture and the debt securities will be governed by the laws of the State of New York.

The Trustee

We maintain ordinary banking and trust relationships with The Bank of New York Mellon Trust Company, N.A. (formerly known as The Bank of New York Trust Company, N.A.), a national banking association, and its affiliates.

FORMS OF SECURITIES

We will issue the debt securities in the form of one or more fully global securities that will be deposited with a depositary or its custodian identified in the applicable prospectus supplement and registered in the name of that depositary or its nominee. One or more global securities will be issued in a denomination or aggregate denominations equal to the portion of the aggregate principal or face amount of the securities to be represented by global securities. Unless and until it is exchanged in whole for securities in definitive registered form, a global security may not be transferred except as a whole by and among the depositary for the global security, the nominees of the depositary or any successors of the depositary or those nominees.

If not described below, any specific terms of the depositary arrangement with respect to any securities to be represented by a global security will be described in the prospectus supplement relating to those securities. We anticipate that the following provisions will apply to all depositary arrangements.

Ownership of beneficial interests in a global security will be limited to persons, called participants, that have accounts with the depositary or persons that may hold interests through participants. Upon the issuance of a global security, the depositary will credit, on its book-entry registration and transfer system, the participants' accounts with the respective principal or face amounts of the securities beneficially owned by the participants. Any dealers, underwriters or agents participating in the distribution of the securities will designate the accounts to be credited. Ownership of beneficial interests in a global security will be shown on, and the transfer of ownership interests will be effected only through, records maintained by the depositary, with respect to interests of participants, and on the records of participants, with respect to interests of persons holding through participants. The laws of some states may require that some purchasers of securities take physical delivery of these securities in definitive form. These laws may impair your ability to own, transfer or pledge beneficial interests in global securities.

So long as the depositary, or its nominee, is the registered owner of a global security, that depositary or its nominee, as the case may be, will be considered the sole owner or holder of the securities represented by the global security for all purposes under the applicable indenture. Except as described below, owners of beneficial interests in a global security will not be entitled to have the securities represented by the global security registered in their names, will not receive or be entitled to receive physical delivery of the securities in definitive form and will not be considered the owners or holders of the securities under the applicable indenture. Accordingly, each person owning a beneficial interest in a global security must rely on the procedures of the depositary for that global security and, if that person is not a participant, on the procedures of the participant through which the person owns its interest, to exercise any rights of a holder under the applicable indenture. We understand that under existing industry practices, if we request any action of holders or if an owner of a beneficial interest in a global security desires to give or take any action that a holder is entitled to give or take under the applicable indenture, the depositary for the global security would authorize the participants holding the relevant beneficial interests to give or take that action, and the participants would authorize beneficial owners owning through them to give or take that action or would otherwise act upon the instructions of beneficial owners holding through them.

Principal, premium, if any, and interest payments on debt securities, represented by a global security registered in the name of a depositary or its nominee will be made to the depositary or its nominee, as the case may be, as the registered owner of the global security. None of CVS Health, the trustee, or any other agent of CVS Health or agent of the trustee will have any responsibility or liability for any aspect of the records relating to payments made on account of beneficial ownership interests in the global security or for maintaining, supervising or reviewing any records relating to those beneficial ownership interests.

We expect that the depository for any of the securities represented by a global security, upon receipt of any payment of principal, premium or interest or to holders on that global security, will immediately credit participants' accounts in amounts proportionate to their respective beneficial interests in that global security as shown on the records of the depository. We also expect that payments by participants to owners of beneficial interests in a global security held through participants will be governed by standing customer instructions and customary practices, as is now the case with the securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of those participants.

If the depository for any of these securities represented by a global security is at any time unwilling or unable to continue as depository or ceases to be a clearing agency registered under the Exchange Act, and a successor depository registered as a clearing agency under the Exchange Act is not appointed by us within 90 days, we will issue securities in definitive form in exchange for the global security that had been held by the depository. Any securities issued in definitive form in exchange for a global security will be registered in the name or names that the depository gives to the relevant trustee, or other relevant agent of ours or theirs. It is expected that the depository's instructions will be based upon directions received by the depository from participants with respect to ownership of beneficial interests in the global security that had been held by the depository.

PLAN OF DISTRIBUTION

We may sell the securities covered by this prospectus in any of the following three ways (or in any combination):

- through underwriters or dealers;
- directly to one or more purchasers, including to a limited number of institutional purchasers; or
- through agents.

Any such dealer or agent, in addition to any underwriter, may be deemed to be an underwriter within the meaning of the Securities Act of 1933, as amended (the “Securities Act”). Any discounts or commissions received by an underwriter, dealer or agent on the sale or resale of securities may be considered by the SEC to be underwriting discounts and commissions under the Securities Act.

The terms of the offering of the securities with respect to which this prospectus is being delivered will be set forth in the applicable prospectus supplement and will include, among other things:

- the terms of the securities offered;
- the price of the securities;
- the proceeds to us from the sale of the securities;
- the names of the securities exchanges, if any, on which the securities are listed;
- the name of any underwriter, dealer or agent and the amount of securities underwritten or purchased by each of them;
- any underwriting discounts, agency fees or other compensation to underwriters or agents; and
- any discounts or concessions which may be allowed or reallocated or paid to dealers.

If underwriters are used in the sale of securities, such securities will be acquired by the underwriters for their own account and may be resold from time to time in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale. The securities may be offered to the public either through underwriting syndicates represented by managing underwriters or directly by one or more underwriters acting alone. Unless otherwise set forth in the applicable prospectus supplement, the obligations of the underwriters to purchase the securities described in the applicable prospectus supplement will be subject to certain conditions precedent, and the underwriters will be obligated to purchase all such securities if any are purchased by them. Any public offering price and any discounts or concessions allowed or reallocated or paid to dealers may be changed from time to time.

If dealers acting as principals are used in the sale of any securities, such securities will be acquired by the dealers, as principals, and may be resold from time to time in one or more transactions at varying prices to be determined by the dealer at the time of resale. The name of any dealer and the terms of the transaction will be set forth in the prospectus supplement with respect to the securities being offered.

We may authorize agents, underwriters or dealers to solicit offers by certain specified institutions to purchase the securities to which this prospectus and the applicable prospectus supplement relates from us at the public offering price set forth in the applicable prospectus supplement, plus, if applicable, accrued interest, pursuant to delayed delivery contracts providing for payment and delivery on a specified date in the future. Such contracts will be subject only to those conditions set forth in the applicable prospectus supplement, and the applicable prospectus supplement will set forth the commission payable for solicitation of such contracts.

Agents, dealers and underwriters may be entitled, under agreements entered into with us to indemnification by us against certain civil liabilities, including liabilities under the Securities Act, or to contribution to payments they may be required to make in respect thereof. Agents, dealers and underwriters may be customers of, engage in transactions with, or perform services for us or our subsidiaries in the ordinary course of business.

VALIDITY OF SECURITIES

The validity of the securities in respect of which this prospectus is being delivered will be passed on for us by Shearman & Sterling LLP.

EXPERTS

The consolidated financial statements of CVS Health Corporation incorporated by reference in CVS Health Corporation's Annual Report (Form 10-K) for the year ended December 31, 2014, and the effectiveness of CVS Health Corporation's internal control over financial reporting as of December 31, 2014, have been audited by Ernst & Young LLP, independent registered public accounting firm, as set forth in their reports thereon, incorporated by reference therein, and incorporated herein by reference. Such consolidated financial statements and CVS Health Corporation management's assessment of the effectiveness of internal control over financial reporting as of December 31, 2014 are incorporated herein by reference in reliance upon such reports given on the authority of such firm as experts in accounting and auditing.

With respect to the unaudited condensed consolidated interim financial information of CVS Health Corporation for the three-month periods ended March 31, 2015 and 2014, incorporated by reference in this Prospectus, Ernst & Young LLP reported that they have applied limited procedures in accordance with professional standards for a review of such information. However, their separate report dated May 1, 2015, included in CVS Health Corporation's Quarterly Report on Form 10-Q for the quarter ended March 31, 2015, and incorporated by reference herein, states that they did not audit and they do not express an opinion on that interim financial information. Accordingly, the degree of reliance on their report on such information should be restricted in light of the limited nature of the review procedures applied. Ernst & Young LLP is not subject to the liability provisions of Section 11 of the Securities Act of 1933 (the "Act") for their report on the unaudited interim financial information because that report is not a "report" or a "part" of the Registration Statement prepared or certified by Ernst & Young LLP within the meaning of Sections 7 and 11 of the Act.

Legal fees and expenses (including Blue Sky fees)	**

Item 15. Indemnification of Directors and Officers

Exculpation. Section 102(b)(7) of the Delaware General Corporation Law permits a corporation to provide in its certificate of incorporation that a director of the corporation shall not be personally liable to the corporation or its stockholders for monetary damages for breach of fiduciary duty as a director, except for liability (i) for any breach of the director's duty of loyalty to the corporation or its stockholders, (ii) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (iii) for unlawful payments of dividends or unlawful stock repurchases, redemptions or other distributions, or (iv) for any transaction from which the director derived an improper personal benefit. The CVS Health Corporation Amended and Restated Certificate of Incorporation, as amended, (the "CVS Health Charter") limits the personal liability of a director to CVS Health and its stockholders for monetary damages for a breach of fiduciary duty as a director to the fullest extent permitted by law.

Indemnification. Section 145 of the Delaware General Corporation Law provides that a corporation may indemnify directors and officers as well as other employees and individuals against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by such person in connection with any threatened, pending or completed actions, suits or proceedings in which such person is made a party by reason of such person being or having been a director, officer, employee or agent to the Registrant. The Delaware General Corporation Law provides that Section 145 is not exclusive of other rights to which those seeking indemnification may be entitled under any bylaw, agreement, vote of stockholders or disinterested directors or otherwise. Expenses, including attorneys' fees, incurred by any such person in defending any such action, suit or proceeding shall be paid or reimbursed by CVS Health in advance of the final disposition of such action, suit or proceeding upon receipt by it of an undertaking of such person to repay such expenses if it shall ultimately be determined that such person is not entitled to be indemnified by CVS Health. The CVS Health Charter provides for indemnification of directors and officers of CVS Health against liability they may incur in their capacities as such to the fullest extent permitted under the Delaware General Corporation Law.

Insurance. CVS Health has in effect Directors and Officers insurance, inclusive of Fiduciary Liability, with a combined limit of \$475,000,000. Our Employment Practices Liability insurance is subject to a limit of \$125,000,000. The Fiduciary Liability and Employment Practices Liability insurance covers actions of directors and officers as well as other employees of CVS Health.

Item 16. Exhibits and Financial Statement Schedules

(a) The list of exhibits is incorporated herein by reference to the Exhibit Index following the signature pages.

Item 17. Undertakings

(a) The undersigned Registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made of securities registered hereby, a post-effective amendment to this registration statement:

(i) to include any prospectus required by Section 10(a)(3) of the Securities Act;

(ii) to reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the SEC pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20 percent change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement;

(iii) to include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement; provided, however, that paragraphs (i), (ii) and (iii) above do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in periodic reports filed with or furnished to the SEC by the Registrant pursuant to Section 13 or Section 15(d) of the Exchange Act that are incorporated by reference in this registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act, each such post effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act to any purchaser:

(i) Each prospectus filed by the Registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(ii) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act shall be deemed to be part of and included in the registration statement as of the earlier of the date

such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

(5) That, for the purpose of determining liability of the Registrant under the Securities Act to any purchaser in the initial distribution of the securities:

The undersigned Registrant undertakes that in a primary offering of securities of the undersigned Registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned Registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

- (i) Any preliminary prospectus or prospectus of the undersigned Registrant relating to the offering required to be filed pursuant to Rule 424;
- (ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned Registrant or used or referred to by the undersigned Registrant;
- (iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned Registrant or its securities provided by or on behalf of the undersigned Registrant; and
- (iv) Any other communication that is an offer in the offering made by the undersigned Registrant to the purchaser.

The undersigned Registrant hereby undertakes that, for purposes of determining any liability under the Securities Act, each filing of the Registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Exchange Act (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Exchange Act) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the Registrant pursuant to the foregoing provisions, or otherwise, the Registrant has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Registrant of expenses incurred or paid by a director, officer or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the

securities being registered, the Registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.
