First Mid-Illinois Bancshares, Inc. has started 2006 well with diluted earnings per share of \$.54 and net income of \$2,404,000 - results that are comparable to last year's first quarter results of \$.54 per share and net income of \$2,435,000. Loan and deposit balances increased during the first quarter of 2006, non-performing assets declined to \$3.3 million from \$4.3 million a year ago and our previously announced acquisition of Mansfield Bancorp, Inc. has closed as scheduled during the second quarter.

In previous reports, I have communicated with you about the challenging interest rate environment which banks are experiencing. This rate environment has continued in 2006, resulting in a decline in our net interest margin to 3.66% at March 31, 2006 from 3.71% at March 31, 2005. However, growth in loans and deposits has more than compensated for the decline in margin. Loan balances on March 31, 2006 were \$642 million as compared to \$638 million on December 31, 2005 with the majority of the growth in commercial real estate loans. Deposit balances on March 31, 2006 were \$654 million compared to \$649 million on December 31, 2005 with growth in money market account balances. As a result, net interest income increased by \$65,000 to \$7,140,000 compared to \$7,075,000 for the first quarter of 2005.

Non-interest income amounted to \$3,133,000 for the first quarter of 2006 as compared with \$3,176,000 for the first quarter of 2005. Increases in long-term interest rates led to a decline in mortgage banking revenues, while service charge income from deposit accounts and insurance commissions increased. During the first quarter of 2005, we recognized \$173,000 of securities gains. We recognized no security gains in the first quarter of 2006.

Non-interest expense increased slightly in 2006 to \$6,529,000 compared to \$6,306,000 in 2005. This increase is attributed to the opening of our newest branch in Highland, Illinois which opened in March 2005, the new location for The Checkley Agency, Inc. which opened in June 2005 and an accounting change associated with stock options. Beginning in 2006, businesses that have outstanding stock options are required to make an estimate of compensation expense associated with these options and record that amount as a charge to earnings. This accounting change resulted in additional compensation expense of \$49,000 being recorded in the first quarter of 2006. In previous years, this amount has been shown only in the footnotes to the financial statements.

We continue to stress the importance of credit quality. Total non-performing assets have declined from \$4.3 million on March 31, 2005 to \$3.3 million on March 31, 2006 and remain below peer bank averages. Our provision for loan losses amounted to \$193,000 for the first quarter of 2006 as compared with \$187,000 for the first quarter of 2005. Net charge-offs were \$112,000 for the first quarter of 2006 as compared to \$71,000 last year.

We also continue to provide our shareholders with liquidity for their First Mid investments through our ongoing share repurchase program. During the first quarter of 2006, we repurchased approximately 80,000 shares at a total cost of \$3.3 million. This program has proven to be a solid way of increasing shareholder value, as well as providing a supplement to open-market liquidity for our shareholders. Any shareholder who wishes to utilize this service should contact Ms. Christie Wright at (217) 258-0493.

As mentioned earlier, I am pleased to report that we have recently completed the acquisition of Mansfield, Bancorp, Inc., the parent company for Peoples State Bank of Mansfield. From a strategic standpoint, the acquisition expands our ability to deliver banking, trust, and insurance solutions to clients in Champaign, Piatt and Dewitt Counties. Our existing branch network compliments these locations nicely, and we will now have 28 banking locations in 20

communities across central Illinois. We look forward to carrying on the tradition of quality customer service that Peoples State Bank of Mansfield has displayed since 1910. We have recently begun preparations for installation of an ATM at the Mahomet facility to enhance convenience for customers. In addition, we continue to work diligently to combine the operations of Peoples and First Mid-Illinois Bank & Trust, N.A. and anticipate this to be completed by the end of the third quarter, 2006. At that time, services such as electronic banking and remote deposit will be available for customers. We look forward to the opportunities that lie ahead.

Our 2006 annual meeting of stockholders will be held at 4:00 p.m. on May 24, 2006 in the lobby of First Mid-Illinois Bank & Trust, N.A., 1515 Charleston Avenue, Mattoon, Illinois. All shareholders are invited to attend. On behalf of the Board, management and entire staff of the Company, I thank you for your continued support and look forward to visiting with as many of you as possible at the annual meeting.

Sincerely,
 /s/ William S. Rowland
 Chairman and Chief Executive Officer
