Administrative Committee
First Merchants Corporation
Retirement Savings Plan
Muncie, Indiana

We have audited the accompanying statements of net assets available for benefits of First Merchants Corporation Retirement Savings Plan as of December 31, 2003 and 2002, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and

Edgar Filing: FIRST MERCHANTS CORP - Form 11-K

significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of First Merchants Corporation Retirement Savings Plan as of December 31, 2003 and 2002, and the changes in its net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

The accompanying supplemental schedules are presented for the purpose of additional analysis and are not a required part of the basic financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

Note 1: Description of Plan

The following description of First Merchants Corporation Retirement Savings Plan (Plan) provides only general information. Participants should refer to the Plan Document and Summary Plan Description for a more complete description of the Plan's provisions, which are available from the plan administrator.

General

The Plan is a defined-contribution plan sponsored by First Merchants Corporation (Corporation) for the benefit of all employees who have completed one year of service and are age eighteen or older. As of July 1, 2002, employees are eligible on their date of hire. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). First Merchants Bank, N.A. (Bank) was the trustee of the Plan. Effective January 1, 2003, the Corporation named Merchants Trust Company the trustee of the Plan. PrimeVest Financial Services is the custodian for a majority of the Plan's assets.

Contributions

The Plan permits eligible employees through a salary deferral election to have the Corporation make annual contributions of up to the limitations of the Economic Growth and Tax Relief Act of 2001 (EGTRRA). As discussed in Note 6, the Plan was amended during 2002 to provide for automatic enrollment and deferral of 3% of compensation upon a participant's date of hire unless they affirmatively elect to not participate or to contribute a different percentage to the Plan. Employee rollover contributions are also permitted. The Corporation makes matching contributions of its employees' salary deferral amounts of 25% of the first 5% of employees' eligible compensation.

Participant Investment Account Options

Investment account options available include various funds including a Corporation stock fund. Each participant has the option of directing his contributions into any of the separate investment accounts and, effective in 2002, may change the allocation daily.

Participant Accounts

Each participant's account is credited with the participant's

Edgar Filing: FIRST MERCHANTS CORP - Form 11-K

contribution, the Corporation's contribution and plan earnings. Allocations of Plan earnings are based on participant account balances, as defined. The benefits to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Page 4

Notes to Financial Statements
December 31, 2003 and 2002

Vesting

Participants are immediately vested in their voluntary contributions and rollover contribution accounts plus earnings thereon. Vesting in the Corporation's contribution portion of their accounts plus earnings thereon is based on years of continuous service. A participant is fully vested after five years of credited service. The nonvested balance is forfeited upon termination of service. Forefeitures are used to reduce the Corporation's contribution.

Payment of Benefits

Upon termination of service, participants may elect to receive a lump-sum amount or installments equal to the value of their accounts. Withdrawals other than for termination are permitted under circumstances provided by the Plan.

Plan Termination

Although it has not expressed any intent to do so, the Corporation has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 2: Summary of Significant Accounting Policies

Method of Accounting

The accompanying financial statements are prepared on the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets available for benefits. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Quoted market prices, if available, are used to value investments. The Federated Capital Preservation Fund is carried at contract value. Money market funds are valued at cost, which approximates market. Investment in the Corporation's unrestricted common stock is valued at the quoted market price.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis.

Plan Tax Status

The Plan obtained its latest determination letter in September 2001, in which the Internal Revenue Service stated that the Plan and related trust, as then designed, were in compliance with the applicable requirements of the Internal Revenue Code and therefore not subject to tax. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Corporation or the Plan, at the Corporation's discretion.

Reclassifications

Certain reclassifications have been made to the 2002 financial statement to conform to the 2003 financial statement presentation. These reclassifications had no effect on the change in net assets available for benefits.
