CINTAS CORPORATION
 NOTES TO CONSOLIDATED CONDENSED FINANCIAL STATEMENTS
 (Unaudited)

1. Basis of Presentation

The consolidated condensed financial statements of Cintas Corporation (Cintas, the Company, we, us or our) included herein have been prepared by Cintas, without audit, pursuant to the rules and regulations of the Securities and Exchange Commission (SEC). Certain information and footnote disclosures normally included in consolidated financial statements prepared in accordance with U.S. generally accepted accounting principles (GAAP) have been condensed or omitted pursuant to such rules and regulations. While we believe that the disclosures are adequately presented, we suggest that these consolidated condensed financial statements be read in conjunction with the consolidated financial statements and notes included in our Annual Report on Form 10-K for the fiscal year ended May 31, 2017. A summary of our significant accounting policies is presented beginning on page 38 of that report. There have been no material changes in the accounting policies followed by Cintas during the current fiscal year other than the adoption of new accounting pronouncements discussed in Note 2.

Interim results are subject to variations and are not necessarily indicative of the results of operations for a full fiscal year. In the opinion of management, adjustments (which include only normal recurring adjustments) necessary for a fair statement of the consolidated results of the interim periods shown have been made.

On March 21, 2017, Cintas completed the acquisition of G&K Services, Inc. (G&K) for consideration of approximately \$2.1 billion. G&K is now a wholly-owned subsidiary of Cintas that operates within the Uniform Rental and Facility Services operating segment. To finance the G&K acquisition, Cintas used a combination of new senior notes, a term loan, other borrowings under its existing credit facility and cash on hand. G&K's results of operations are included in Cintas' consolidated financial statements as of and from the date of acquisition.

During the three months ended August 31, 2017, Cintas sold a significant business, referred to as "Discontinued Services," and as a result, its operations are classified as discontinued operations for all periods presented. See Note 13 entitled Discontinued Operations for more information.

Inventories, net are measured at the lower of cost (first-in, first-out) or net realizable value. Inventory is comprised of the following amounts at:

(In thousands)	February 28, 2018	May 31, 2017
Raw materials	\$ 18,821	\$17,528
Work in process	25,135	17,951
Finished goods	230,863	242,739
	\$ 274,819	\$278,218

Inventories are recorded net of reserves for obsolete inventory of \$38.5 million and \$38.3 million at February 28, 2018 and May 31, 2017, respectively.

2. New Accounting Pronouncements

In May 2014, the Financial Accounting Standards Board (FASB) issued Accounting Standard Update (ASU) 2014-09, "Revenue from Contracts with Customers (Topic 606)," to clarify revenue recognition principles. This guidance is intended to improve disclosure requirements and enhance the comparability of revenue recognition practices.

Improved disclosures under the amended guidance relate to the nature, amount, timing and uncertainty of revenue that is recognized from contracts with customers. This guidance will be effective for reporting periods beginning after December 15, 2017. A cross-functional implementation team has been established consisting of representatives from all of our operating segments. The implementation team is working to analyze the impact of the standard on Cintas' contract portfolio by reviewing current accounting policies and practices to identify potential differences that would result from applying the requirements of the new standard to revenue contracts. In addition, we are in the process of identifying and implementing the appropriate changes to business processes and controls to support recognition and disclosure under the new standard.

Based on our preliminary analysis, we currently do not believe the adoption of this guidance will have a material impact on our consolidated condensed financial statements. Based on our evaluation of each revenue stream, we believe that most revenue transactions will be accounted for in a manner substantially consistent with existing guidance. The majority of our business services revenue transactions represent a series of distinct services over the term of the contract where performance obligations are the same each day. Our implementation activities related to this standard are aligned to meeting the required adoption date. The largest impacts to the Company's financial statements will result from the new qualitative and quantitative disclosures that will be required upon adoption of the new standard, and the capitalization of certain direct and incremental contract costs that will be required to be capitalized and amortized over the life of the corresponding period of benefit. We have concluded that we will apply the modified retrospective adoption alternative for this standard. Processes and controls are currently being implemented to identify and quantify the cumulative effect adjustment to retained earnings as of June 1, 2018.

In February 2016, the FASB issued ASU 2016-02, "Leases (Topic 842)," which sets out the principles for the recognition, measurement, presentation and disclosure of leases for both parties to a contract (i.e., lessees and lessors). The new standard requires lessees to apply a dual approach, classifying leases as either finance or operating leases based on the principle of whether or not the lease is effectively a financed purchase by the lessee. This classification will determine whether lease expense is recognized based on an effective interest method or on a straight line basis over the term of the lease, respectively. A lessee is also required to record a right-of-use asset and a lease liability for all leases with a term of greater than 12 months regardless of their classification. Leases with a term of 12 months or less will be accounted for similar to existing guidance for operating leases today. Topic 842 supersedes the previous leases standard, Accounting Standards Codification (ASC) 840, "Leases." This guidance is effective for reporting periods beginning after December 15, 2018, however, early adoption is permitted. Entities are required to use a modified retrospective approach for leases that exist or are entered into after the beginning of the earliest comparative period in the financial statements. Cintas is currently evaluating the impact that ASU 2016-02 will have on its consolidated condensed financial statements.

In January 2017, the FASB issued ASU 2017-04, "Simplifying the Test for Goodwill Impairment." ASU 2017-04 eliminates the two-step process that required identification of potential impairment and a separate measure of the actual impairment. Goodwill impairment charges, if any, would be determined by the difference between a reporting unit's carrying value and its fair value (impairment loss is limited to the carrying value). This standard is effective for annual or any interim goodwill impairment tests beginning after December 15, 2019. The adoption of this standard is not expected to have a material impact on the consolidated condensed financial statements.

In March 2017, the FASB issued ASU 2017-07, "Improving the Presentation of Net Periodic Pension Cost and Net Periodic Postretirement Benefit Costs." ASU 2017-07 requires the service component of pension and other postretirement benefit costs to be presented in the same line item as other employee compensation costs on the consolidated condensed statement of income; however, the other components of net benefit costs are required to be presented outside of operating income within the consolidated condensed statements of income. Cintas retrospectively adopted ASU 2017-07 on June 1, 2017.

No other new accounting pronouncement recently issued or newly effective had or is expected to have a material impact on Cintas' consolidated condensed financial statements.

3. Fair Value Measurements

All financial instruments that are measured at fair value on a recurring basis have been classified within the most appropriate level within the fair value hierarchy based on the inputs used to determine the fair value at the consolidated condensed balance sheet date. These financial instruments measured at fair value on a recurring basis are

summarized below:

As of February 28, 2018

(In thousands)	Level 1	Level 2	Level 3	Fair Value
Cash and cash equivalents	\$152,563	\$—	\$—	—\$152,563
Marketable securities:				
Canadian treasury securities	—	33,693	—	33,693
Total assets at fair value	\$152,563	\$33,693	\$—	—\$186,256

8

(In thousands)	As of May 31, 2017			
	Level 1	Level 2	Level 3	Fair Value
Cash and cash equivalents	\$ 169,266	\$—	\$	—\$ 169,266
Marketable securities:				
Canadian treasury securities	—	22,219	—	22,219
Total assets at fair value	\$ 169,266	\$ 22,219	\$	—\$ 191,485

Cintas' cash and cash equivalents and marketable securities are generally classified within Level 1 or Level 2 of the fair value hierarchy. Financial instruments classified as Level 1 are based on quoted market prices in active markets, and financial instruments classified as Level 2 are based on quoted market prices, broker or dealer quotations or alternative pricing sources with reasonable levels of price transparency. The types of financial instruments Cintas classifies within Level 1 include most bank deposits and money market securities. Cintas does not adjust the quoted market price for such financial instruments.

The types of financial instruments Cintas classifies within Level 2 are primarily high grade domestic commercial paper and Canadian treasury securities (federal). The valuation technique used for Cintas' marketable securities classified within Level 2 of the fair value hierarchy is primarily the market approach. The primary inputs to value Cintas' marketable securities are the respective instrument's future cash flows based on its stated yield and the amount a market participant would pay for a similar instrument. Primarily all of Cintas' marketable securities are actively traded and the recorded fair value reflects current market conditions. However, due to the inherent volatility in the investment market, there is at least a possibility that recorded investment values may change in the near term.

Interest, realized gains and losses and declines in value determined to be other than temporary on available-for-sale securities are included in interest income or expense. The cost of the securities sold is based on the specific identification method. The amortized cost basis of marketable securities as of February 28, 2018 and May 31, 2017 was \$33.7 million and \$22.2 million, respectively. All outstanding marketable securities as of February 28, 2018 and May 31, 2017 had contractual maturities due within one year.

The methods described above may produce a fair value that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while Cintas believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the consolidated condensed balance sheet dates.

In addition to assets and liabilities that are recorded at fair value on a recurring basis, the Company records assets and liabilities at fair value on a nonrecurring basis as required under GAAP. The Company's acquisition of G&K in the fourth quarter of fiscal 2017 was recorded at fair value. See Note 9 entitled Acquisitions for additional information on the measurement of the G&K assets acquired and liabilities assumed. There were no material acquisitions during the nine months ended February 28, 2018.

4. Investments

Investments at February 28, 2018 of \$178.5 million include the cash surrender value of insurance policies of \$153.5 million, equity method investments of \$20.0 million and cost method investments of \$5.0 million. Investments at May 31, 2017 of \$164.8 million include the cash surrender value of insurance policies of \$144.0 million, equity method investments of \$15.8 million and cost method investments of \$5.0 million.

Investments are generally evaluated for impairment on an annual basis or when indicators of impairment exist. For the nine months ended February 28, 2018 and 2017, no impairment losses were recorded.

5. Earnings Per Share

The following table sets forth the computation of basic and diluted earnings per share from continuing operations using the two-class method for amounts attributable to Cintas' common shares:

	Three Months Ended		Nine Months Ended	
	February 28, 2018	February 28, 2017	February 28, 2018	February 28, 2017

Diluted weighted average common shares outstanding	110,175	107,892	109,254	107,508
Diluted earnings per share from continuing operations	\$2.66	\$ 1.06	\$5.35	\$ 3.42

For the three months ended February 28, 2018, basic and diluted earnings per share from discontinued operations were \$0.06 and \$0.05, respectively. Both basic and diluted earnings per share from discontinued operations were \$0.01 for the three months ended February 28, 2017. For the nine months ended February 28, 2018, basic and diluted earnings per share from discontinued operations were \$0.57 and \$0.55, respectively. Both basic and diluted earnings per share from discontinued operations were \$0.20 for the nine months ended February 28, 2017.

For the three months ended February 28, 2018 and 2017, options granted to purchase 1.0 million and 0.3 million shares of Cintas common stock, respectively, were excluded from the computation of diluted earnings per share. For the nine months ended February 28, 2018 and 2017, options granted to purchase 0.8 million and 0.5 million shares of Cintas common stock were excluded from the computation of diluted earnings per share. The exercise prices of these options were greater than the average market price of the common stock (anti-dilutive).

On August 2, 2016, Cintas announced that the Board of Directors authorized a \$500.0 million share buyback program, which does not have an expiration date. As of February 28, 2018, no share buybacks have occurred under the August 2, 2016 program and there were no share buybacks under this program subsequent to February 28, 2018 through April 6, 2018.

For the nine months ended February 28, 2018, Cintas acquired 0.3 million shares of Cintas common stock for employee payroll taxes due on restricted stock awards that vested during the nine months ended February 28, 2018. These shares were acquired at an average price of \$130.00 per share for a total purchase price of \$37.0 million.

6. Goodwill, Service Contracts and Other Assets

Changes in the carrying amount of goodwill and service contracts for the nine months ended February 28, 2018, by reportable operating segment and All Other, are as follows:

Goodwill (in thousands)	Uniform Rental and Facility Services	First Aid and Safety Services	All Other	Total
Balance as of June 1, 2017	\$2,448,070	\$243,112	\$91,153	\$2,782,335

Balance as of February 28, 2018	\$502,100	\$27,723	\$27,654	\$557,477

Information regarding Cintas' service contracts and other assets is as follows:

(In thousands)	As of February 28, 2018		
	Carrying Amount	Accumulated Amortization	Net
Service contracts	\$923,020	\$ 365,543	\$557,477
Noncompete and consulting agreements	\$41,358	\$ 39,740	\$1,618
Other	33,562	9,614	23,948
Total other assets	\$74,920	\$ 49,354	\$25,566
(In thousands)	As of May 31, 2017		
	Carrying Amount	Accumulated Amortization	Net
Service contracts	\$911,273	\$ 324,285	\$586,988

Other	34,890	4,422	30,468
Total other assets	\$75,633	\$ 43,666	\$31,967

Amortization expense for service contracts and other assets for continuing operations was \$15.7 million and \$3.3 million for the three months ended February 28, 2018 and 2017, respectively. Amortization expense for service contracts and other assets for continuing operations was \$45.5 million and \$9.6 million for the nine months ended February 28, 2018 and 2017, respectively. Estimated amortization expense for service contracts and other assets, excluding any future acquisitions, for each of the next five full fiscal years and thereafter is \$61.6 million, \$60.2 million, \$54.4 million, \$52.4 million, \$44.2 million and \$284.5 million, respectively. The increase in amortization expense in the current year and for the next five years, in comparison to the prior fiscal years, is the result of the G&K acquisition.

7. Debt, Derivatives and Hedging Activities

Cintas' debt is summarized as follows:

(3) Cintas assumed these senior notes with the acquisition of G&K in the fourth quarter of fiscal 2017, and they were recorded at fair value. The interest rate shown above is the effective interest rate. The principal amount of these notes is \$50.0 million with a stated interest rate of 3.73%.

(4) Cintas assumed these senior notes with the acquisition of G&K in the fourth quarter of fiscal 2017, and they were recorded at fair value. The interest rate shown above is the effective interest rate. The principal amount of these notes is \$50.0 million with a stated interest rate of 3.88%.

Cintas' senior notes, excluding the G&K senior notes assumed with the acquisition of G&K in fiscal 2017, and term loan are recorded at cost, net of debt issuance costs. The fair value of the long-term debt is estimated using Level 2 inputs based on general market prices. The carrying value and fair value of Cintas' debt as of February 28, 2018 were \$2,742.1 million and \$2,789.6 million, respectively, and as of May 31, 2017 were \$3,156.0 million and \$3,296.8 million, respectively. In the first quarter of fiscal 2018, Cintas paid off the term loan balance of \$250.0 million with cash on hand. On December 1, 2017, in accordance with the terms of the notes, Cintas paid the \$300.0 million aggregate principal amount of its 6.13% 10-year senior notes that matured on that date with cash on hand and \$265.0 million in proceeds from the issuance of commercial paper. During nine months ended February 28, 2018, Cintas issued \$137.0 million, net of commercial paper.

The credit agreement that supports our commercial paper program was amended on September 16, 2016. The amendment increased the capacity of the revolving credit facility from \$450.0 million to \$600.0 million and added a \$250.0 million term loan facility. The existing term loan facility was paid in full as of the first quarter of fiscal 2018. The credit agreement has an accordion feature that provides Cintas the ability to request increases to the borrowing

commitments under either the revolving credit facility or a new term loan of up to \$250.0 million in the aggregate, subject to customary conditions. The maturity date of the credit agreement is September 15, 2021. As of February 28, 2018, there was \$187.5 million of commercial paper outstanding with a weighted average interest rate of 1.93% and maturity dates less than 30 days and no borrowings on our revolving credit facility. As of May 31, 2017, there was \$50.5 million of commercial paper outstanding with a weighted average interest rate of 1.24% and maturity dates less than 30 days and no borrowings on our revolving credit facility. The fair value of the commercial paper is estimated using Level 2 inputs based on general market prices. Given its short-term nature, the carrying value of the outstanding commercial paper approximates fair value.

Cintas uses interest rate locks to manage our overall interest expense as interest rate locks effectively change the interest rate of specific debt issuances. The interest rate locks are entered into to protect against unfavorable movements in the benchmark treasury rate related to forecasted debt issuances. Cintas used interest rate lock agreements to hedge against movements in the treasury rates at the time Cintas issued its senior notes in fiscal 2007, fiscal 2008, fiscal 2012, fiscal 2013 and fiscal 2017. The amortization of the cash flow hedges resulted in a decrease to other comprehensive income of \$0.3 million for the three months ended February 28, 2018 and an increase to other comprehensive income of \$0.4 million for the three months ended February 28, 2017. For the nine months ended February 28, 2018 and 2017, the amortization of the cash flow hedges resulted in a decrease to other comprehensive income of \$0.6 million and an increase to other comprehensive income of \$1.2 million, respectively.

Cintas has certain covenants related to debt agreements. These covenants limit Cintas' ability to incur certain liens, to engage in sale-leaseback transactions and to merge, consolidate or sell all or substantially all of Cintas' assets. These covenants also require Cintas to maintain certain debt to consolidated earnings before interest, taxes, depreciation and amortization (EBITDA) and interest coverage ratios. Cross-default provisions exist between certain debt instruments. If a default of a significant covenant were to occur, the default could result in an acceleration of the maturity of the indebtedness, impair liquidity and limit the ability to raise future capital. Cintas was in compliance with all debt covenants for all periods presented.

8. Income Taxes

In the normal course of business, Cintas provides for uncertain tax positions and the related interest and adjusts its unrecognized tax benefits and accrued interest accordingly. As of February 28, 2018 and May 31, 2017, recorded unrecognized tax benefits were \$18.5 million and \$12.6 million, respectively, and are included in long-term accrued liabilities on the consolidated condensed balance sheet. The increase in the liability for the nine months ended February 28, 2018 is primarily related to an adjustment to the preliminary purchase price allocation for the G&K acquisition.

All U.S. federal income tax returns are closed to audit through fiscal 2014. Cintas is currently in various audits in certain foreign jurisdictions and certain domestic states. The years under foreign and domestic state audits cover fiscal years back to 2013. Based on the resolution of the various audits and other potential regulatory developments, it is reasonably possible that the balance of unrecognized tax benefits would not change for the fiscal year ending May 31, 2018.

The majority of Cintas' operations are in North America. Cintas is required to file federal income tax returns, as well as state income tax returns in a majority of the domestic states and also in certain Canadian provinces. At times, Cintas is subject to audits in these jurisdictions. The audits, by nature, are sometimes complex and can require several years to resolve. The final resolution of any such tax audit could result in either a reduction in Cintas' accruals or an increase in its income tax provision, either of which could have an impact on the consolidated condensed results of operations in any given period.

On December 22, 2017, the President signed into legislation the Tax Cuts and Jobs Act (the Tax Act). Among other changes, the Tax Act reduces the U.S. corporate tax rate from 35% to 21% and requires companies to pay a one-time transition tax on earnings of foreign subsidiaries. The Tax Act also includes provisions that are expected to offset some of the benefit of the U.S. corporate tax rate reduction, including the repeal of the deduction for domestic production activities and the expansion of the limitation on the deduction of certain executive compensation. In addition, the Tax Act alters the landscape of taxation of non-U.S. operations and provides immediate deductions for certain new investments, among other provisions.

Cintas' effective tax rate for continuing operations was (69.5)% and 34.4% for the three months ended February 28, 2018 and 2017, respectively. For the nine months ended February 28, 2018 and 2017, Cintas' effective tax rate for continuing operations was 0.9% and 32.5%, respectively. The effective tax rate for the three and nine month periods ended February 28, 2018 were primarily impacted by the reduced U.S. corporate tax rate, which was partially offset by other provisions of the Tax Act, and resulted in a net favorable discrete provisional adjustment of \$150.5 million related to the Tax Act. The net favorable discrete provisional adjustment is discussed in more detail in the following paragraphs. The three and nine month periods ended February 28, 2017 were also impacted by certain discrete items (primarily the tax accounting for stock-based compensation).

In acknowledgment of the substantial changes incorporated in the U.S. Tax Reform, in conjunction with the timing of the enactment being just weeks before the majority of the provisions became effective, the SEC staff issued Staff Accounting Bulletin ("SAB") 118 to provide certain guidance in determining the accounting for income tax effects of the legislation in the accounting period of enactment as well as provide a measurement period within which to finalize and reflect such final effects associated with U.S. Tax Reform. During the three months ended February 28, 2018, enactment of the Tax Act resulted in the following provisional impacts on income tax expense:

Provisional Deferred Tax Revaluation

Cintas' net deferred income taxes represent benefits that will be used to reduce corporate taxes expected to be paid as well as differences between the tax bases and carrying amounts of assets and liabilities that will result in taxable or deductible amounts in future years. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in years in which those temporary differences are expected to be recovered or settled. As changes in tax laws or rates occur, deferred tax assets and liabilities are adjusted through income tax expense in the period changes are enacted.

Upon enactment of the Tax Act, Cintas revalued its deferred tax assets and liabilities based on the rates at which they are expected to reverse in future periods (primarily at the newly enacted 21% U.S. corporate tax rate). Cintas will continue to revise certain aspects of the calculation, which could potentially affect the measurement of these balances or give rise to new deferred tax amounts. The provisional amount related to the revaluation of the net deferred tax liability balance was a benefit of \$163.8 million, which was recognized as a component of income tax expense for the three months ended February 28, 2018.

Provisional Transition Tax

The one-time transition tax is based on Cintas' post 1986 earnings and profits (E&P) of foreign subsidiaries that were previously deferred for U.S. Income tax purposes. Cintas recorded a provisional transition tax liability, net of foreign tax credits, of \$9.5 million that was recognized as additional income tax expense during the three months ended February 28, 2018. Cintas is still revising the transition tax calculation, and this amount is subject to change based on computation of final fiscal 2018 E&P and the amounts held in cash and cash equivalents at the end of fiscal 2018.

Provisional Foreign Withholding Tax

Foreign withholding taxes of \$3.8 million have been recognized on certain non-U.S. earnings subject to repatriation that were previously tax deferred. This is a provisional estimate and may change based on final E&P computations through fiscal 2018. We will continue to monitor those earnings we believe to be permanently reinvested in foreign operations, if any.

As of February 28, 2018, the estimated impacts of the Tax Act recorded during the three months ended February 28, 2018 are provisional in nature. Cintas will continue to assess the impact of the Tax Act and will record adjustments through the income tax provision in the relevant period as amounts are known and reasonably estimable during the measurement period. As Cintas has not completed the final analysis of the tax impact of the Tax Act, the impact of the Tax Act may differ from Cintas' quarterly provisional estimates due to information currently unavailable, changes in interpretations, the issuance of additional guidance and changes in assumptions, including actions Cintas may take in future periods as a result of the Tax Act. However, Cintas has recognized a reasonable estimate of the effects of the Tax Act on its deferred tax balances, the one-time transition tax and the withholding taxes related to foreign cash distributions within the consolidated condensed financial statements for the three months ending February 28, 2018.

Given the effective date of the U.S. corporate tax rate reduction in the Tax Act, Cintas' statutory federal corporate tax rate for fiscal 2018 will be a blended rate of 29.17% and will decline to 21% for fiscal 2019 and beyond.

9. Acquisitions

On March 21, 2017, Cintas acquired G&K for consideration of approximately \$2.1 billion. Pursuant to the merger agreement among Cintas, G&K and Bravo Merger Sub, Inc., a wholly-owned subsidiary of Cintas, each share of common stock of G&K issued and outstanding immediately prior to the effective time of the G&K acquisition was canceled and converted into the right to receive \$97.50 in cash. The total purchase price was \$2,078.4 million, which was funded using a combination of new senior notes, a term loan, other borrowings under our existing credit facility and cash on hand. The net consideration transferred for G&K consisted of the following items:

(In thousands)

Cash consideration for common stock	\$ 1,901,845	(1)
Cash consideration for share-based awards	62,257	(2)
Cash consideration for G&K revolving debt	124,180	(3)
Cash consideration for transaction expenses	24,529	(4)
Total consideration	2,112,811	
Cash acquired	(34,393)	(5)
Net consideration transferred	\$ 2,078,418	

(1) The cash consideration for outstanding shares of G&K common stock is the product of the agreed-upon cash per share price of \$97.50 and total G&K outstanding shares of approximately 19.5 million.

(2) The cash consideration for share-based awards is the product of the agreed-upon cash per share price of \$97.50 and the total number of restricted stock outstanding and the “in the money” stock options net of the weighted average exercise price.

(3) The cash consideration for G&K revolving debt reflects the repayment of the outstanding obligation.

(4) Represents G&K legal and professional fees that were incurred prior to acquisition and were due upon the closing of the transaction.

(5) Represents the G&K cash balance acquired at acquisition.

Cintas accounted for the G&K acquisition using the acquisition method. The preliminary allocation of the purchase price was determined by management with the assistance of third-party valuation specialists and was based on estimates of the fair value of assets acquired and liabilities assumed as of March 21, 2017. During the nine months ended February 28, 2018, \$28.3 million of adjustments related to deferred taxes and \$1.2 million of adjustments related to income taxes, current were made to the preliminary purchase price allocation. Cintas is continuing to evaluate information to determine the fair value of acquired assets and liabilities. As of February 28, 2018, the purchase price allocation for the acquisition was preliminary and subject to completion. The components of the preliminary purchase price allocation, at fair value, are as follows:

Assets	
Accounts receivable	\$95,846
Inventories	30,254
Uniforms and other rental items in service	93,659
Income taxes, current	15,873
Prepaid expenses and other current assets	43,235
Property and equipment	254,035
Goodwill	1,520,295
Service contracts	519,000
Trade names	17,000
Other assets	15,585
Liabilities	
Accounts payable	(53,220)
Accrued compensation and related liabilities	(9,594)
Accrued liabilities	(115,109)

Edgar Filing: CINTAS CORP - Form 10-Q

Long-term accrued liabilities	(28,380)
G&K senior notes	(105,359)
Deferred income taxes	(214,702)
Total consideration	\$2,078,418

15

The preliminary fair value of the intangible assets has been estimated using the income approach through a discounted cash flow analysis (except as noted below with respect to the trade names) with the cash flow projections discounted using a rate of 9.5%. The cash flows are based on estimates used to price the G&K acquisition, and the discount rates applied were benchmarked with reference to the implied rate of return from Cintas' pricing model and the weighted average cost of capital.

The G&K service contract intangible asset will be amortized over a period of 15 years, which represents the estimated useful life of the economic benefit and the asset amortization is based on the annual economic value of the underlying asset which generally decreases over the 15-year term. The trade names represent the G&K corporate trade name and all of the branded variations thereof. Cintas applied the income approach through a relief from royalty method analysis to determine the preliminary fair value of the trade name assets.

The table below sets forth the preliminary valuation and amortization period of identifiable intangible assets:

Identifiable intangible assets	Preliminary Valuation	Amortization Period
Service contracts	\$ 519,000	15 years
Trade names	17,000	3 years
Total	\$ 536,000	

Cintas estimated the preliminary fair value of the acquired property, plant and equipment using a combination of the cost and market approaches, depending on the type of asset. The preliminary fair value of property, plant and equipment consisted of real property of \$141.8 million and personal property of \$112.2 million.

Goodwill is calculated as the excess of the consideration transferred over the net assets recognized and represents the estimated future economic benefits arising from other assets acquired that could not be individually identified and separately recognized. None of the goodwill is expected to be deductible for income tax purposes. The factors contributing to the recognition of the amount of goodwill are based on several strategic and synergistic benefits that are expected to be realized from the G&K acquisition. These benefits include improved service capabilities, an enhanced footprint in the markets that we serve, attractive synergy opportunities and value creation. The goodwill is entirely allocated to the Uniform Rental and Facility Services reportable operating segment.

The following unaudited pro forma information presents the combined financial results for Cintas and G&K as if the G&K acquisition had been completed at the beginning of Cintas' prior fiscal year, June 1, 2016. Prior to the acquisition, G&K used a 52-week or 53-week fiscal year ending on the Saturday nearest June 30. The pro forma financial information set forth below for the three and nine months ended February 28, 2017 includes G&K's publicly reported results for the period of July 2, 2016 through December 31, 2016 annualized and adjusted for number of working days in Cintas' first, second and third quarters of fiscal 2017.

	Three Months Ended February 28, 2017	Nine Months Ended February 28, 2017
(In thousands except per share data)		
Net sales	\$1,494,918	\$4,521,542
Net income from continuing operations	\$126,490	\$404,110
Earnings from continuing operations per common share - diluted	\$1.15	\$3.69

The information above does not include the pro forma adjustments that would be required under Regulation S-X for pro forma financial information, and does not reflect future events that may occur after February 28, 2018 or any operating efficiencies or inefficiencies that may result from the G&K acquisition and related financing. Therefore, the information is not necessarily indicative of results that would have been achieved had the businesses been combined during the periods presented or the results that Cintas will experience going forward.

Cintas is required to provide additional disclosures about fair value measurements as part of the consolidated financial statements for each major category of assets and liabilities measured at fair value on a nonrecurring basis (including business acquisitions). The working capital assets and liabilities, as well as the property and equipment acquired, were valued using Level 2 inputs which included data points that are observable, such as definitive sales agreements,

appraisals or established market values of comparable assets (market approach). Goodwill, service contracts and other intangibles were valued using Level 3 inputs, which are unobservable by nature, and included internal estimates of future cash flow using a discount rate of 9.5% (income approach). Significant increases (decreases) in any of those unobservable inputs in isolation would result in a significantly lower (higher) fair value measurement. Management utilizes third-party valuation firms to assist in the determination of purchase accounting fair values, and specifically those considered Level 3 measurements. Management ultimately oversees the third-party valuation firms to ensure that the transaction-specific assumptions are appropriate for Cintas.

10. Pension Plans

In conjunction with the acquisition of G&K, Cintas assumed G&K's noncontributory frozen defined benefit pension plan (the Pension Plan) that covers substantially all G&K employees who were employed as of July 1, 2005, except certain employees who were covered by union-administered plans. Benefits are based on the number of years of service and each employee's compensation near retirement. We will make annual contributions to the Pension Plan consistent with federal funding requirements. The Pension Plan was frozen by G&K effective December 31, 2006. Future growth in benefits will not occur beyond this date. Applicable accounting standards require that the consolidated condensed balance sheet reflect the funded status of the Pension Plan. The funded status of the Pension Plan is measured as the difference between the plan assets at fair value and the projected benefit obligation. The net pension liability at February 28, 2018 is included in long-term accrued liabilities on the consolidated condensed balance sheet. Unrecognized differences between actual amounts and estimates based on actuarial assumptions are included in accumulated other comprehensive income in our consolidated condensed balance sheet. The difference between actual amounts and estimates based on actuarial assumptions are recognized in other comprehensive income in the period in which they occur. The Pension Plan assumptions are evaluated annually and are updated as deemed necessary.

The components of net periodic pension cost recognized in other comprehensive income for the Pension Plan are as follows:

	Three Months Ended February 28, 2018	Nine Months Ended February 28, 2018
(In thousands)		
Interest cost	\$ 711	\$2,132

12. Segment Information

Cintas classifies its business into two reportable operating segments and places the remainder of its operating segments in an All Other category. Cintas' two reportable operating segments are Uniform Rental and Facility Services and First Aid and Safety Services. The Uniform Rental and Facility Services reportable operating segment, consists of the rental and servicing of uniforms and other garments including flame resistant clothing, mats, mops and shop towels and other ancillary items. In addition to these rental items, restroom cleaning services and supplies, carpet and tile cleaning services and the sale of items from our catalogs to our customers on route are included within this reportable operating segment. The First Aid and Safety Services reportable operating segment consists of first aid and safety products and services. The remainder of Cintas' business, which consists of Fire Protection Services and its Uniform Direct Sale business, is included in All Other.

Cintas evaluates the performance of each operating segment based on several factors of which the primary financial measures are operating segment revenue and income before income taxes. The accounting policies of the operating segments are the same as those described in Note 1 entitled Basis of Presentation. Information related to the operations of Cintas' operating segments is set forth below:

⁽¹⁾ Corporate assets include cash and marketable securities in all periods. Corporate assets as of February 28, 2017 include the assets of Discontinued Services, which were classified as held for sale at May 31, 2017 and sold during the nine months ended February 28, 2018.

13. Discontinued Operations

In fiscal 2018, Cintas sold a significant business referred to as Discontinued Services and received proceeds from the sale of \$127.8 million. The results of Discontinued Services are included in discontinued operations for all periods presented. In accordance with the applicable accounting guidance for the disposal of long-lived assets and discontinued operations, the results of Discontinued Services have been excluded from both continuing operations and operating segment results for all periods presented.

During the nine months ended February 28, 2017, we received additional proceeds related to contingent consideration on the sale of Shred-it. Cintas realized a pre-tax gain of \$25.9 million as a result of the additional consideration received. As of February 28, 2018, Cintas still has the opportunity to receive additional consideration, subject to certain holdback provisions. Because of the uncertainty surrounding the holdback provision, this opportunity represents a gain contingency that has not been recorded.

Following is selected financial information included in net income from discontinued operations for Discontinued Services and Shred-it:

(1) The results of Discontinued Services for the three and nine months ended February 28, 2017 were previously included in continuing operations.

14. G&K Services, Inc. Transaction and Integration Expenses

As a result of the acquisition of G&K in fiscal 2017, the Company incurred \$9.8 million and \$9.3 million in transaction and integration expenses during the three months ended February 28, 2018 and 2017, respectively, and \$26.9 million and \$15.5 million during the nine months ended February 28, 2018 and 2017, respectively. The \$9.8 million of costs incurred in the three months ended February 28, 2018 related to integration expenses directly related to the acquisition. During the nine months ended February 28, 2018, the costs incurred related to \$25.9 million of integration expenses directly related to the acquisition and \$1.0 million of employee termination expenses recognized under ASC Topic 712, "Compensation - Nonretirement Postemployment Benefits." The costs incurred in the three and nine months ended February 28, 2017 related primarily to legal and professional fees directly related to the acquisition. As of February 28, 2018 and May 31, 2017, employee termination benefits included in accrued compensation and related liabilities on the consolidated condensed balance sheet was \$13.4 million and \$24.3 million, respectively. The amount of employee termination benefits paid during the three and nine months ended February 28, 2018 was \$2.3 million and \$11.9 million, respectively. We anticipate the remaining accrued employee termination benefits will generally be paid over the next 12 months.

15. Supplemental Guarantor Information

Cintas Corporation No. 2 (Corp. 2) is the indirectly, wholly-owned principal operating subsidiary of Cintas. Corp. 2 is the issuer of the \$187.5 million aggregate principal amount of commercial paper and the \$2,555.0 million aggregate principal amount of senior notes outstanding as of February 28, 2018, which are unconditionally guaranteed, jointly and severally, by Cintas Corporation and certain wholly-owned, direct and indirect domestic subsidiaries.

As allowed by SEC rules, the following consolidating condensed financial statements are provided as an alternative to filing separate financial statements of the guarantors. Each of the subsidiaries presented in the following consolidating condensed financial statements has been fully consolidated in Cintas' consolidated condensed financial statements. The following consolidating condensed financial statements should be read in conjunction with the consolidated condensed financial statements of Cintas and notes thereto of which this note is an integral part. During fiscal 2018, the Company sold Discontinued Services (see Note 13) previously included in Cintas Corporation and Corp. 2. The sale of Discontinued Services has been reflected as discontinued operations as of the beginning of the earliest period presented herein. Consolidating condensed financial statements for Cintas, Corp. 2, the subsidiary guarantors and non-guarantors are presented on the following pages:

CINTAS CORPORATION

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS.

BUSINESS STRATEGY

Cintas helps more than one million businesses of all types and sizes, primarily in North America, as well as Latin America, Europe and Asia, get Ready™ to open their doors with confidence every day by providing a wide range of products and services that enhance our customers' image and help keep their facilities and employees clean, safe and looking their best. With products and services including uniforms, floor care, restroom supplies, first aid and safety products, fire extinguishers and testing, and safety and compliance training, Cintas helps customers get Ready for the Workday™.

We are North America's leading provider of corporate identity uniforms through rental and sales programs, as well as a significant provider of related business services, including entrance mats, restroom cleaning services and supplies, carpet and tile cleaning services, first aid and safety services and fire protection products and services.

Cintas' principal objective is "to exceed customers' expectations in order to maximize the long-term value of Cintas for shareholders and working partners," and it provides the framework and focus for Cintas' business strategy. This strategy is to achieve revenue growth for all of our products and services by increasing our penetration at existing customers and by broadening our customer base to include business segments to which we have not historically served. We will also continue to identify additional product and service opportunities for our current and future customers.

To pursue the strategy of increasing penetration, we have a highly talented and diverse team of service professionals visiting our customers on a regular basis. This frequent contact with our customers enables us to develop close personal relationships. The combination of our distribution system and these strong customer relationships provides a platform from which we launch additional products and services.

We pursue the strategy of broadening our customer base in several ways. Cintas has a national sales organization introducing all of its products and services to prospects in all business segments. Our broad range of products and services allows our sales organization to consider any type of business a prospect. We also broaden our customer base through geographic expansion, especially in our first aid and safety service reportable operating segment and fire protection businesses. Finally, we evaluate strategic acquisitions as opportunities arise.

RESULTS OF OPERATIONS

Cintas classifies its business into two reportable operating segments and places the remainder of its operating segments in an All Other category. Cintas' two reportable operating segments are Uniform Rental and Facility Services and First Aid and Safety Services. The Uniform Rental and Facility Services operating segment consists of the rental and servicing of uniforms and other garments including flame resistant clothing, mats, mops, and shop towels and other ancillary items. In addition to these rental items, restroom cleaning services and supplies and carpet and tile cleaning services are also provided within this operating segment. The First Aid and Safety Services operating segment consists of first aid and safety services. The remainder of Cintas' business, which consists of Fire Protection Services and its Uniform Direct Sale business, is included in All Other. These operating segments consist of fire protection products and services and the direct sale of uniforms and related items. Revenue and income before income taxes for the three and nine months ended February 28, 2018 and 2017 for the two reportable operating segments and All Other is presented in Note 12 entitled Segment Information of "Notes to Consolidated Condensed Financial Statements."

On March 21, 2017, Cintas completed the acquisition of G&K Services, Inc. (G&K) for consideration of approximately \$2.1 billion. G&K is now a wholly-owned subsidiary of Cintas that operates within the Uniform Rental and Facility Services operating segment. To finance the G&K acquisition, Cintas used a combination of new senior notes, a term loan, other borrowings under its existing credit facility and cash on hand. G&K's results of operations are included in Cintas' consolidated financial statements as of and from the date of acquisition. See Note 9 entitled Acquisitions of "Notes to Consolidated Condensed Financial Statements" for additional information.

During the first quarter of the current fiscal year, Cintas sold a significant business, referred to as "Discontinued Services," and as a result, its operations are classified as discontinued operations for all periods presented. See Note 13 entitled Discontinued Operations of "Notes to Consolidated Condensed Financial Statements" for more information.

Consolidated Results

Three Months Ended February 28, 2018 Compared to Three Months Ended February 28, 2017

Total revenue increased 26.6% for the three months ended February 28, 2018 over the same period in the prior fiscal year, from \$1,255.4 million to \$1,589.1 million. Revenue increased organically by 7.8% as a result of increased sales volume. Organic growth adjusts for the impact of acquisitions and foreign currency exchange rate fluctuations. Total revenue was positively impacted by 0.3% due to foreign currency exchange rate fluctuations and by 18.5% due to acquisitions, primarily the acquisition of G&K.

Uniform Rental and Facility Services reportable operating segment revenue increased 30.0% for the three months ended February 28, 2018 over the same period in the prior fiscal year, from \$988.2 million to \$1,284.5 million. Revenue increased organically by 6.5%. Revenue growth was positively impacted 23.2% due to acquisitions, primarily G&K. Foreign currency exchange rate fluctuations positively impacted growth by 0.3%. Growth was driven by many factors including new business sold by sales representatives, penetration of additional products and services into existing customers and strong customer retention.

Other revenue, consisting of revenue from the First Aid and Safety Services reportable operating segment and All Other, increased 14.0% for the three months ended February 28, 2018 compared to the same period in the prior fiscal year, from \$267.2 million to \$304.6 million. Revenue increased organically by 12.6%. Revenue growth was positively impacted by 0.3% due to foreign currency exchange rate fluctuations and by 1.1% due to growth derived through acquisitions in our First Aid and Safety Services reportable operating segment and our Fire Protection business, which is included in All Other.

Cost of uniform rental and facility services consists primarily of production expenses, delivery expenses and the amortization of in service inventory, including uniforms, mats, shop towels and other ancillary items. Cost of uniform rental and facility services increased \$175.3 million, or 32.3%, for the three months ended February 28, 2018, compared to the three months ended February 28, 2017. This increase was due to higher Uniform Rental and Facility Services reportable operating segment sales volume, including the newly acquired G&K sales volume.

Cost of other consists primarily of cost of goods sold (predominantly first aid and safety products, uniforms, and fire protection products), delivery expenses and distribution expenses in the First Aid and Safety Services reportable operating segment and All Other. Cost of other increased \$17.9 million, or 11.7%, for the three months ended February 28, 2018, compared to the three months ended February 28, 2017. The increase was primarily due to higher sales volume in the First Aid and Safety Services reportable operating segment and All Other.

Selling and administrative expenses increased \$132.0 million, or 36.8%, for the three months ended February 28, 2018, compared to the same period in the prior fiscal year. The increase was due to higher sales volume, a one-time cash payment to employee-partners, increased labor and other employee-partner related expenses as a result of the acquisition of G&K, increased amortization expense related to intangible assets acquired as a result of the G&K acquisition and increased costs related to investments in a new enterprise resource planning system. The one-time cash payment to employee-partners was made following the enactment of The Tax Cuts and Jobs Act (the Tax Act) which was signed into legislation by the President on December 22, 2017. The one-time cash payment to employee-partners amounted to an expense of approximately \$40 million. Operating income for the three months ended February 28, 2018 was negatively impacted by \$9.8 million of integration expenses incurred in connection with the G&K acquisition. For the three months ended February 28, 2018, the after-tax effect of these integration expenses represents a negative impact of \$0.06 per share on diluted earnings per share.

Net interest expense (interest expense less interest income) was \$25.5 million for the three months ended February 28, 2018, compared to \$13.7 million for the three months ended February 28, 2017. The increase was primarily due to the additional debt issued to finance the G&K acquisition.

Cintas' effective tax rate for continuing operations was (69.5)% and 34.4% for the three months ended February 28, 2018 and 2017, respectively. The effective tax rate for the three month period ended February 28, 2018 was largely impacted by the Tax Act. The effective tax rate for the three month period ended February 28, 2017 was also impacted by certain discrete items (primarily the tax accounting for stock-based compensation).

Net income from continuing operations for the three months ended February 28, 2018 increased \$178.8 million, or 152.9%, compared to the three months ended February 28, 2017. Diluted earnings per share from continuing operations

was \$2.66 for the three months ended February 28, 2018, which was an increase of 150.9% compared to the same period in the prior fiscal year. Diluted earnings per share from continuing operations increased due to the increase in earnings from continuing operations.

Uniform Rental and Facility Services Reportable Operating Segment

Three Months Ended February 28, 2018 Compared to Three Months Ended February 28, 2017

Uniform Rental and Facility Services reportable operating segment revenue increased from \$988.2 million to \$1,284.5 million, or 30.0%, for the three months ended February 28, 2018, over the same period in the prior fiscal year, and the cost of uniform rental and facility services increased \$175.3 million, or 32.3%. Revenue increased organically by 6.5%. The reportable operating segment's gross margin was \$566.4 million, or 44.1% of revenue. The gross margin was 100 basis points lower than the prior fiscal year's third quarter gross margin of 45.1%. The decrease was driven by the recent G&K acquisition, which had lower margins than our legacy Cintas margins. In addition, we incurred expected integration costs which impact margins in the short-term.

Selling and administrative expenses increased \$119.2 million to 29.8% of revenue, compared to 26.7% in the third quarter of the prior fiscal year. This increase in expense was due primarily to a one-time cash payment to employees, increased labor and employee-partner related expenses incurred as a result of the G&K acquisition, increased amortization expense related to intangibles acquired as a result of the G&K acquisition and an investment in an enterprise resource planning system.

Income before income taxes increased \$1.4 million, or 0.8%, for the Uniform Rental and Facility Services reportable operating segment for the three months ended February 28, 2018 compared to the same period in the prior fiscal year. Income before income taxes was 13.5% of the reportable operating segment's revenue, which was a 390 basis point decrease compared to the third quarter of the prior fiscal year of 17.4%. This decrease was due to the increase in selling and administrative expenses as previously discussed.

First Aid and Safety Services Reportable Operating Segment

Three Months Ended February 28, 2018 Compared to Three Months Ended February 28, 2017

First Aid and Safety Services reportable operating segment revenue increased from \$124.2 million to \$137.3 million, or 10.5%, for the three months ended February 28, 2018 over the same period in the prior fiscal year. Revenue increased organically by 10.0% as a result of increased sales volume. Total revenue was positively impacted by 0.1% due to foreign currency exchange rate fluctuations and by 0.4% due to acquisitions in the three months ended February 28, 2018 compared to the three months ended February 28, 2017. Growth was driven by many factors including new business sold by sales representatives, penetration of additional products and services into existing customers and strong customer retention.

Cost of first aid and safety services increased \$4.4 million, or 6.5%, for the three months ended February 28, 2018, over the three months ended February 28, 2017, due to higher sales volume. The gross margin as a percent of revenue was 46.9% for the quarter ended February 28, 2018, which is an increase of 210 basis points compared to the gross margin as a percent of revenue of 44.8% in the same period of the prior fiscal year. The increase was driven primarily by improved sourcing, leveraging of existing warehouses and optimization of delivery routes.

Selling and administrative expenses increased \$4.2 million compared to the same quarter in the prior fiscal year. The increase was due primarily to increased labor, including a one-time cash payment to employees. Selling and administrative expenses as a percent of revenue improved to 34.7% compared to 35.0% in the third quarter of the prior

fiscal year. The decrease in selling and administrative expenses as a percent to revenue was due to revenue growing at a faster pace than labor and employee-partner related expenses.

Income before income taxes for the First Aid and Safety Services reportable operating segment increased \$4.5 million to \$16.7 million for the three months ended February 28, 2018, compared to the same period in the prior fiscal year, due to the previously discussed growth in revenue, improvement in the gross margin percentage and improvement in selling and administrative expenses as a percent to revenue. Income before income taxes, at 12.2% of the reportable operating segment's revenue, was a 240 basis point increase compared to the same quarter last fiscal year due to the reasons previously mentioned.

Consolidated Results

Nine Months Ended February 28, 2018 Compared to Nine Months Ended February 28, 2017

Total revenue increased 26.7% for the nine months ended February 28, 2018 over the same period in the prior fiscal year, from \$3,793.1 million to \$4,807.1 million. Revenue increased organically by 7.9% as a result of increased sales volume. Organic growth adjusts for the impact of acquisitions and foreign currency exchange rate fluctuations. Total revenue was positively impacted by 0.2% due to foreign currency exchange rate fluctuations and by 18.6% due to acquisitions, primarily the acquisition of G&K.

Uniform Rental and Facility Services reportable operating segment revenue increased 30.9% for the nine months ended February 28, 2018 over the same period in the prior fiscal year, from \$2,982.5 million to \$3,904.3 million. Revenue increased organically by 7.3%. Revenue growth was positively impacted by 0.2% due to foreign currency exchange rate fluctuations and 23.4% due to acquisitions, primarily the acquisition of G&K. Growth was driven by many factors including new business sold by sales representatives, penetration of additional products and services into existing customers and strong customer retention.

Other revenue, consisting of revenue from the First Aid and Safety Services reportable operating segment and All Other, increased 11.4% for the nine months ended February 28, 2018 compared to the same period in the prior fiscal year, from \$810.6 million to \$902.7 million. Revenue increased organically by 10.2%. Revenue growth was positively impacted by 0.2% due to foreign currency exchange rate fluctuations and by 1.0% due to growth derived through acquisitions in our First Aid and Safety Services reportable operating segment and our Fire Protection business, which is included in All Other.

Cost of uniform rental and facility services consists primarily of production expenses, delivery expenses and the amortization of in service inventory, including uniforms, mats, shop towels and other ancillary items. Cost of uniform rental and facility services increased \$517.6 million, or 31.7%, for the nine months ended February 28, 2018, compared to the nine months ended February 28, 2017. This increase was due to higher Uniform Rental and Facility Services reportable operating segment sales volume, including the newly acquired G&K sales volume.

Cost of other consists primarily of cost of goods sold (predominantly first aid and safety products, uniforms, and fire protection products), delivery expenses and distribution expenses in the First Aid and Safety Services reportable operating segment and All Other. Cost of other increased \$41.8 million, or 9.1%, for the nine months ended February 28, 2018, compared to the nine months ended February 28, 2017. The increase was primarily due to higher sales volume in the First Aid and Safety Services reportable operating segment and All Other.

Selling and administrative expenses increased \$355.3 million, or 32.6%, for the nine months ended February 28, 2018, compared to the same period in the prior fiscal year. The increase was due to higher sales volume, a one-time cash payment to employee-partners, increased labor and other employee-partner related expenses as a result of the acquisition of G&K, increased amortization expense related to intangible assets acquired as a result of the G&K acquisition and increased costs related to investments in a new enterprise resource planning system. The one-time cash payment to employee-partners was made following the enactment of The Tax Cuts and Jobs Act (the Tax Act) which was signed into legislation by the President on December 22, 2017. The one-time cash payment to employee-partners amounted to an expense of approximately \$40 million. Operating income for the nine months ended February 28, 2018 was negatively impacted by \$26.9 million of transaction and integration expenses incurred in connection with the G&K acquisition. For the nine months ended February 28, 2018, the after-tax effect of these transaction and integration expenses represents a negative impact of \$0.16 per share on diluted earnings per share.

Net interest expense (interest expense less interest income) was \$84.4 million for the nine months ended February 28, 2018, compared to \$41.0 million for the nine months ended February 28, 2017. The increase was primarily due to the additional debt issued to finance the G&K acquisition.

Cintas' effective tax rate for continuing operations was 0.9% and 32.5% for the nine months ended February 28, 2018 and 2017, respectively. The effective tax rate for the nine month period ended February 28, 2018 was largely impacted by the enactment of the Tax Act. The effective tax rate for the nine month period ended February 28, 2017 was also impacted by certain discrete items (primarily the tax accounting for stock-based compensation).

Net income from continuing operations for the nine months ended February 28, 2018 increased \$219.5 million, or 58.5%, compared to the nine months ended February 28, 2017. Diluted earnings per share from continuing operations

was \$5.35 for the nine months ended February 28, 2018, which was an increase of 56.4% compared to the same period in the prior fiscal year. Diluted earnings per share from continuing operations increased due to the increase in earnings from continuing operations.

Uniform Rental and Facility Services Reportable Operating Segment

Nine Months Ended February 28, 2018 Compared to Nine Months Ended February 28, 2017

Uniform Rental and Facility Services reportable operating segment revenue increased from \$2,982.5 million to \$3,904.3 million, or 30.9%, for the nine months ended February 28, 2018, over the same period in the prior fiscal year, and the cost of uniform rental and facility services increased \$517.6 million, or 31.7%. Revenue increased organically by 7.3%. The reportable operating segment's gross margin was \$1,755.4 million, or 45.0% of revenue, which was the same gross margin as the nine months ended February 28, 2017. The increase in gross margin was a result of new business sold by sales representatives, penetration of additional products and services into existing customers and continuous improvement in process efficiency that was offset by lower margin business attributed to the recent G&K acquisition.

Selling and administrative expenses increased \$330.6 million to 29.0% of revenue, compared to 26.9% in the first nine months of the prior fiscal year. This increase in expense was due primarily to a one-time cash payment to employees, increased labor and employee-partner related expenses incurred as a result of the G&K acquisition, increased amortization expense related to intangibles acquired as a result of the G&K acquisition and an investment in an enterprise resource planning system.

Income before income taxes increased \$62.3 million, or 11.7%, for the Uniform Rental and Facility Services reportable operating segment for the nine months ended February 28, 2018 compared to the same period in the prior fiscal year. Income before income taxes was 15.3% of the reportable operating segment's revenue, which was a 260 basis point decrease compared to the same period of the prior fiscal year of 17.9%. This decrease was due to the increase in selling and administrative expenses, as previously discussed, and the G&K transaction and integration expenses incurred during the quarter, which had a 20 basis point impact.

First Aid and Safety Services Reportable Operating Segment

Nine Months Ended February 28, 2018 Compared to Nine Months Ended February 28, 2017

First Aid and Safety Services reportable operating segment revenue increased from \$373.9 million to \$417.0 million, or 11.5%, for the nine months ended February 28, 2018 over the same period in the prior fiscal year. Revenue increased organically by 10.9% as a result of increased sales volume. Total revenue was positively impacted by 0.1% due to foreign currency exchange rate fluctuations and by 0.5% due to acquisitions in the nine months ended February 28, 2018 compared to the nine months ended February 28, 2017. Growth was driven by many factors including new business sold by sales representatives, penetration of additional products and services into existing customers and strong customer retention.

Cost of first aid and safety services increased \$17.1 million, or 8.4%, for the nine months ended February 28, 2018, over the nine months ended February 28, 2017, due to higher sales volume. The gross margin as a percent of revenue was 47.1% for the nine months ended February 28, 2018, which is an increase of 150 basis points compared to the gross margin as a percent of revenue of 45.6% in the same period of the prior fiscal year. The increase was driven primarily by improved sourcing, leveraging of existing warehouses and optimization of delivery routes.

Selling and administrative expenses increased \$10.5 million compared to the first nine months of the prior fiscal year. The increase was due primarily to increased labor, including a one-time cash payment to employees. Selling and administrative expenses as a percent of revenue improved to 34.1% compared to 35.3% in the first nine months of the prior fiscal year. The decrease in selling and administrative expenses as a percent to revenue was due to revenue growing at a faster pace than labor and employee-partner related expenses.

Income before income taxes for the First Aid and Safety Services reportable operating segment increased \$15.6 million to \$54.1 million for the nine months ended February 28, 2018, compared to the same period in the prior fiscal year, due to the growth in revenue, the improvement in the gross margin percentage and the decrease in selling and administrative expenses as a percent to revenue. Income before income taxes, at 13.0% of the reportable operating segment's revenue, was a 270 basis point increase compared to the same period last fiscal year due to the reasons previously mentioned.

LIQUIDITY AND CAPITAL RESOURCES

The following is a summary of our cash flows and cash, cash equivalents and marketable securities as of and for the nine months ended February 28, 2018 and 2017:

(In thousands)	2018	2017
Net cash provided by operating activities	\$660,864	\$483,758
Net cash used in investing activities	\$(89,983)	\$(165,475)
Net cash used in financing activities	\$(592,290)	\$(307,634)
Cash and cash equivalents at the end of the period	\$152,563	\$147,244
Marketable securities at the end of the period	\$33,693	\$—

Cash, cash equivalents and marketable securities as of February 28, 2018 and 2017 include \$126.0 million and \$95.2 million, respectively, that is located outside of the United States. We are reevaluating our permanent reinvestment assertion of undistributed earnings of foreign subsidiaries in light of the enactment of the Tax Act.

Cash flows provided by operating activities have historically supplied us with a significant source of liquidity. We generally use these cash flows to fund most, if not all, of our operations and expansion activities and dividends on our common stock. We may also use cash flows provided by operating activities, as well as proceeds from long-term debt and short-term borrowings, to fund growth and expansion opportunities, as well as other cash requirements such as the repurchase of our common stock and payment of long-term debt.

Net cash provided by operating activities was \$660.9 million for the nine months ended February 28, 2018, an increase of \$177.1 million compared to the nine months ended February 28, 2017. The increase was primarily the result of higher net income as well as some favorable changes in working capital year over year.

Net cash used in investing activities includes capital expenditures, proceeds from the sale of businesses and cash paid for acquisitions of businesses. Capital expenditures were \$196.0 million and \$218.6 million for the nine months ended February 28, 2018 and 2017, respectively. Capital expenditures in fiscal 2018 primarily relate to expansion efforts in the Uniform Rental and Facility Services reportable operating segment, representing \$162.9 million of the current fiscal year amount. Cash paid for acquisitions of businesses was \$12.3 million and \$19.6 million for the nine months ended February 28, 2018 and 2017, respectively. The acquisitions during the nine months ended February 28, 2018 occurred in our Uniform Rental and Facility Services reportable operating segment, First Aid and Safety Services reportable operating segment and our Fire Protection business, which is included in All Other. For the nine months ended February 28, 2018, investing activities included proceeds of \$127.8 million related to the sale of Discontinued Services. Net cash used in investing activities also includes net proceeds from purchases and redemptions of marketable securities and investments of \$11.2 million and \$46.9 million for the nine months ended February 28, 2018 and 2017, respectively.

Net cash used in financing activities was \$592.3 million and \$307.6 million for the nine months ended February 28, 2018 and 2017, respectively. On August 4, 2015, we announced that the Board of Directors authorized a \$500.0 million share buyback program. During the nine months ended February 28, 2017, under the August 4, 2015 share buyback plan, we purchased 0.1 million shares at an average price of \$94.11 per share for a total purchase price of \$3.7 million. This completed the August 4, 2015 program through which Cintas purchased a total of 5.7 million shares of Cintas common stock at an average price of \$87.89 for a total purchase price of \$500.0 million. On August 2, 2016, we announced that the Board of Directors authorized a new \$500.0 million share buyback program, which does not have an expiration date. As of February 28, 2018, no share buybacks have occurred under the August 2, 2016 program

and there were no share buybacks under this program subsequent to February 28, 2018 through April 6, 2018. In addition, for the nine months ended February 28, 2018, Cintas acquired 0.3 million shares of Cintas common stock for employee payroll taxes due on restricted stock awards that vested during the nine months ended February 28, 2018. These shares were acquired at an average price of \$130.00 per share for a total purchase price of \$37.0 million.

During the nine months ended February 28, 2017, Cintas paid \$13.5 million in prepaid short-term debt financing fees related to bridge loan financing in connection with the entry into the merger agreement among Cintas, G&K and Bravo Merger Sub, Inc., a wholly-owned subsidiary of Cintas, pursuant to which Cintas would acquire all outstanding shares

of G&K for \$97.50 per share in cash, for a total enterprise value of approximately \$2.1 billion, including acquired net debt.

During the nine months ended February 28, 2018, Cintas issued \$137.0 million, net of commercial paper borrowings. In the first quarter of fiscal 2018, Cintas paid off the term loan balance of \$250.0 million with cash on hand. On December 1, 2017, Cintas paid the \$300.0 million aggregate principal amount of its 6.13% 10-year senior notes that matured on that date with cash on hand and \$265.0 million in proceeds from the issuance of commercial paper. On June 1, 2016, Cintas paid the \$250.0 million aggregate principal amount of five-year senior notes that matured on that date with cash on hand and proceeds from the issuance of commercial paper.

The following table summarizes Cintas' outstanding debt:

⁽³⁾ Cintas assumed these senior notes with the acquisition of G&K in the fourth quarter of fiscal 2017, and they were recorded at fair value. The interest rate shown above is the effective interest rate. The principal amount of these notes is \$50.0 million with a stated interest rate of 3.73%.

⁽⁴⁾ Cintas assumed these senior notes with the acquisition of G&K in the fourth quarter of fiscal 2017, and they were recorded at fair value. The interest rate shown above is the effective interest rate. The principal amount of these notes is \$50.0 million with a stated interest rate of 3.88%.

The credit agreement that supports our commercial paper program was amended on September 16, 2016. The amendment increased the capacity of the revolving credit facility from \$450.0 million to \$600.0 million and added a \$250.0 million term loan facility. The existing term loan facility was paid in full during the first quarter of fiscal 2018. The credit agreement has an accordion feature that provides Cintas the ability to request increases to the borrowing commitments under either the revolving credit facility or a new term loan of up to \$250.0 million in the aggregate, subject to customary conditions. The maturity date of the credit agreement is September 15, 2021. As of February 28, 2018, there was \$187.5 million of commercial paper outstanding with a weighted average interest rate of 1.93% and

maturity of less than 30 days and no borrowings on our revolving credit facility. As of May 31, 2017, there was \$50.5 million of commercial paper outstanding with a weighted average interest rate of 1.24% and maturity dates less than 30 days and no borrowings on our revolving credit facility. The fair value of the commercial paper is estimated using Level 2 inputs based on general market prices. Given its short-term nature, the carrying value of the outstanding commercial paper approximates fair value.

Cintas has certain covenants related to debt agreements. These covenants limit our ability to incur certain liens, to engage in sale-leaseback transactions and to merge, consolidate or sell all or substantially all of Cintas' assets. These

covenants also require Cintas to maintain certain debt to earnings before interest, taxes, depreciation and amortization (EBITDA) and interest coverage ratios. Cross-default provisions exist between certain debt instruments. If a default of a significant covenant were to occur, the default could result in an acceleration of the maturity of the indebtedness, impair liquidity and limit the ability to raise future capital. As of February 28, 2018, Cintas was in compliance with all debt covenants.

Our access to the commercial paper and long-term debt markets has historically provided us with sources of liquidity. We do not anticipate having difficulty in obtaining financing from those markets in the future in view of our favorable experiences in the debt markets in the recent past. Our ability to continue to access the commercial paper and long-term debt markets on favorable interest rate and other terms will depend, to a significant degree, on the ratings assigned by the credit rating agencies to our indebtedness. As of February 28, 2018, our ratings were as follows:

Rating Agency	Outlook	Commercial Paper	Long-term Debt
---------------	---------	------------------	----------------

Standard & Poor's	Stable	A-2	BBB+
Moody's Investors Service	Stable	P-2	A3

In the event that the ratings of our commercial paper or our outstanding long-term debt issues were substantially lowered or withdrawn for any reason, or if the ratings assigned to any new issue of long-term debt securities were significantly lower than those noted above, particularly if we no longer had investment grade ratings, our ability to access the debt markets may be adversely affected. In addition, in such a case, our cost of funds for new issues of commercial paper and long-term debt would be higher than our cost of funds would have been had the ratings of those new issues been at or above the level of the ratings noted above. The rating agency ratings are not recommendations to buy, sell or hold our commercial paper or debt securities. Each rating may be subject to revision or withdrawal at any time by the assigning rating organization and should be evaluated independently of any other rating. Moreover, each credit rating is specific to the security to which it applies.

To monitor our credit rating and our capacity for long-term financing, we consider various qualitative and quantitative factors. One such factor is the ratio of our total debt to EBITDA. For the purpose of this calculation, debt is defined as the sum of short-term borrowings, long-term debt due within one year, obligations under capital leases due in one year, long-term debt and long-term obligations under capital leases.

On December 22, 2017, the United States adopted tax reform legislation commonly known as the Tax Act, which is generally effective January 1, 2018. The Tax Act includes a number of changes to U.S. tax law, including lowering the U.S. corporate income tax rate from a maximum of 35% to 21% and changing or limiting certain tax deductions. In addition, the Tax Act alters the landscape of taxation of non-U.S. operations and provides immediate deductions for certain new investments, among other provisions.

Cintas has reasonably estimated the effects of the Tax Act to be a net income tax benefit of \$150.5 for the three months ended February 28, 2018. Cintas recorded the \$150.5 income tax benefit as a provisional estimate in the consolidated condensed financial statements as of February 28, 2018. The significant components of this expense include (i) the remeasurement of net deferred tax liabilities at the lower enacted U.S. corporate tax rate, which resulted in a net \$163.8 decrease in income tax expense; (ii) a \$3.8 net tax expense comprised of foreign withholding taxes related to certain non-U.S. earnings subject to repatriation; and (iii) \$9.5 million in transition tax related to certain non-U.S. earnings subject to repatriation that were previously tax deferred.

The overall anticipated net impact of the Tax Act is expected to result in a net decrease in Cintas' effective tax rates in fiscal 2018 and future periods. While the reduction in the U.S. federal tax rate from 35% to 21% in fiscal 2018 and beyond will result in lower income tax expense, other elements of the Tax Act will partially offset this reduction. Elements of the Tax Act that will cause an increase in future income tax expense include:

The Tax Act expands the limitation on the deduction of certain executive compensation. This expansion is subject to transition rules that provide relief for previously awarded compensation. We estimate that this deduction limitation will adversely impact our effective rate in future periods.

• The Tax Act limits certain entertainment deductions.

• The Tax Act eliminates the Section 199 deduction.

The estimated impacts of the Tax Act recorded during the three months ended February 28, 2018 as well as the forward-looking estimates are provisional in nature, and Cintas will continue to assess the impact of the Tax Act and provide additional information and record adjustments through the income tax provision in the relevant period as amounts are

known and reasonably estimable during the measurement period. Accordingly, the impact of the Tax Act may differ from our provisional estimates due to, among other factors, information currently not available, changes in interpretations and the issuance of additional guidance, as well as changes in assumptions Cintas has made, including actions Cintas may take in future periods as a result of the Tax Act.

LITIGATION AND OTHER CONTINGENCIES

Cintas is subject to legal proceedings, insurance receipts, legal settlements and claims arising from the ordinary course of its business, including personal injury, customer contract, environmental and employment claims. In the opinion of management, the aggregate liability, if any, with respect to such ordinary course of business actions will not have a material adverse effect on the consolidated financial position or results of operation of Cintas.

Forward-Looking Statements

This Quarterly Report on Form 10-Q contains forward-looking statements. The Private Securities Litigation Reform Act of 1995 provides a safe harbor from civil litigation for forward-looking statements. Forward-looking statements may be identified by words such as “estimates,” “anticipates,” “predicts,” “projects,” “plans,” “expects,” “intends,” “target,” “believes,” “seeks,” “could,” “should,” “may” and “will” or the negative versions thereof and similar words, terms and expressions and by the context in which they are used. Such statements are based upon current expectations of Cintas and speak only as of the date made. You should not place undue reliance on any forward-looking statement. We cannot guarantee that any forward-looking statement will be realized. These statements are subject to various risks, uncertainties, potentially inaccurate assumptions and other factors that could cause actual results to differ from those set forth in or implied by this Quarterly Report. Factors that might cause such a difference include, but are not limited to, risks inherent with the G&K transaction in the achievement of cost synergies and the timing thereof, including whether the transaction will be accretive and within the expected timeframe and the actual amounts of future transaction and integration expenses; the possibility of greater than anticipated operating costs including energy and fuel costs; lower sales volumes; loss of customers due to outsourcing trends; the performance and costs of integration of acquisitions, including G&K; fluctuations in costs of materials and labor including increased medical costs; costs and possible effects of union organizing activities; failure to comply with government regulations concerning employment discrimination, employee pay and benefits and employee health and safety; the effect on operations of exchange rate fluctuations, tariffs and other political, economic and regulatory risks; uncertainties regarding any existing or newly-discovered expenses and liabilities related to environmental compliance and remediation; the cost, results and ongoing assessment of internal controls for financial reporting required by the Sarbanes-Oxley Act of 2002; costs of our SAP system implementation; disruptions caused by the inaccessibility of computer systems data, including cybersecurity risks; the initiation or outcome of litigation, investigations or other proceedings; higher assumed sourcing or distribution costs of products; the disruption of operations from catastrophic or extraordinary events, including the negative impacts from hurricanes Harvey and Irma; the amount and timing of repurchases of our common stock, if any; changes in federal and state tax and labor laws; and the reactions of competitors in terms of price and service. Cintas undertakes no obligation to publicly release any revisions to any forward-looking statements or to otherwise update any forward-looking statements whether as a result of new information or to reflect events, circumstances or any other unanticipated developments arising after the date on which such statements are made. A further list and description of risks, uncertainties and other matters can be found in our Annual Report on Form 10-K for the year ended May 31, 2017 and in our reports on Forms 10-Q and 8-K. The risks and uncertainties described herein are not the only ones we may face. Additional risks and uncertainties presently not known to us or that we currently believe to be immaterial may also harm our business.

ITEM 3.

QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK.

In our normal operations, Cintas has market risk exposure to interest rates. There has been no material change to this market risk exposure to interest rates from that which was previously disclosed on page 28 of our Annual Report on Form 10-K for the year ended May 31, 2017.

Through its foreign operations, Cintas is exposed to foreign currency risk. Foreign currency exposures arise from transactions denominated in a currency other than the functional currency and from foreign currency denominated revenue and profit translated into U.S. dollars. The primary foreign currency to which Cintas is exposed is the Canadian dollar.

ITEM 4.

CONTROLS AND PROCEDURES.

Disclosure Controls and Procedures

With the participation of Cintas' management, including Cintas' Chief Executive Officer, Chief Financial Officer, General Counsel and Controllers, Cintas has evaluated the effectiveness of the disclosure controls and procedures (as defined in Rule 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934 (Exchange Act)) as of February 28, 2018. Based on such evaluation, Cintas' management, including Cintas' Chief Executive Officer, Chief Financial Officer, General Counsel and Controllers, has concluded that Cintas' disclosure controls and procedures were effective as of February 28, 2018, in ensuring (i) information required to be disclosed by Cintas in the reports that it files or submits under the Exchange Act is recorded, processed, summarized and reported, within the time periods specified in the SEC's rules and forms and (ii) information required to be disclosed by Cintas in the reports that it files or submits under the Exchange Act is accumulated and communicated to Cintas' management, including its principal executive and principal financial officers, or persons performing similar functions, as appropriate to allow timely decisions regarding required disclosure.

Internal Control over Financial Reporting

There were no changes in Cintas' internal control over financial reporting (as defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) during the fiscal quarter ended February 28, 2018, that have materially affected, or are reasonably likely to materially affect, Cintas' internal control over financial reporting.
