PROXY STATEMENT

ANNUAL MEETING OF SHAREHOLDERS

TO BE HELD SEPTEMBER 23, 2004

The following Proxy Statement is made in connection with solicitation by the Board of Directors of Flow International Corporation (the Company) of the enclosed proxy for use at the Annual Meeting of Shareholders.

Shares presented by properly executed proxy in the accompanying form will be voted at the meeting and, where instructions have been given by the shareholder, will be voted in accordance with such instructions. *As stated in the proxy, if no instructions are given, the shareholder's shares will be voted according to the recommendations of the Board of Directors.*

The proxy may be revoked at any time before its exercise by sending written notice of revocation to the Secretary of the Company at the address set forth above, or by signing and delivering a proxy which is dated later, or, if the shareholder attends the meeting in person, by giving notice of revocation to the meeting judge. The right to revoke a proxy is not limited by or subject to compliance with a specified formal procedure, but written notice should be given to the Secretary of the Company at or before the Annual Meeting so that the number of shares represented by proxy can be recomputed.

At the date of this statement, the only matters that Management intends to present are the election of directors and the approval of an increase in the number of authorized shares. If any other matters are properly brought before the meeting, the enclosed proxy gives discretionary authority to the persons named in such proxy to vote the shares in their best judgment.

The fiscal 2004 Form 10-K of the Company is enclosed herewith. The approximate mailing date of this proxy material is August 30, 2004.

OUTSTANDING SECURITIES AND INFORMATION

CONCERNING SOLICITATION

The Company has only one class of capital stock outstanding entitled to be voted at the Annual Meeting, Common Stock with voting rights.

Record Date and Outstanding Shares

On August 9, 2004, the record date for determining the shareholders entitled to vote at the Annual Meeting, there were 15,535,657 shares of Common Stock outstanding and entitled to vote. The last sale on the record date of the Company's Common Stock, as reported by NASDAQ, was \$3.46 per share.

Voting

Each share entitles the holder to one vote on all matters presented for shareholder approval including one vote for each director. There are no cumulative voting rights. The presence in person or by proxy of holders of a majority of the outstanding shares of Common Stock is required to constitute a quorum for the transaction of business at the Annual Meeting.

Under Washington law and the Company's Articles of Incorporation, if a quorum is present, with respect to Proposal 1 (Election of Directors), the four nominees for election to the Board of Directors who receive the greatest number of affirmative (for) votes will be elected. With respect to Proposal 2 (Approval of Increase in Authorized Shares), the affirmative vote of a majority of the outstanding shares of Common Stock entitled to vote is required to approve the amendment to the Company's Articles of Incorporation to increase the number of authorized shares of Common Stock from 29,000,000 to 49,000,000.

An abstention occurs when a shareholder affirmatively instructs the vote to be withheld (by checking the abstain or withhold authority to vote box on the proxy card) or when a shareholder who has not given a proxy is present at a meeting and does not cast a ballot. Abstentions and broker non-votes (shares held by a broker or nominee that does not have the authority, either express or discretionary, to vote on a particular matter) are counted for purposes of determining the presence or absence of a quorum for the transaction of business at the Annual Meeting. For Proposal 1 (Election of Directors), abstentions and broker non-votes will have the effect of neither a vote *for* nor a vote *against* the nominee, and accordingly, abstentions and broker non-votes will have no practical effect on the outcome of Proposal 1. For Proposal 2 (Approval of Increase in Authorized Shares), abstentions and broker non-votes have the same effect as a vote *against* Proposal 2, because Proposal 2 requires the affirmative (*for*) vote of a majority of the outstanding shares of Common Stock.

Postponement or Adjournment of Annual Meeting

If the Annual Meeting is postponed or adjourned for any reason, at any subsequent reconvening of the Annual Meeting all proxies will be voted in the same manner as the proxies would have been voted at the original convening of the Annual Meeting, except for any proxies that have at that time effectively been revoked or withdrawn, notwithstanding that they may have been effectively voted on the same or any other matter at a previous meeting.

Solicitation and Expenses of Solicitation

Proxies may be solicited by officers, directors and regular supervisory and executive employees of the Company, none of whom will receive any additional compensation for their services. The Company has retained Georgeson Shareholder New Jersey Office to assist in the solicitation of proxies. Proxies may be solicited personally or by mail, telephone, facsimile or messenger. The Company will also pay persons holding shares of the Common Stock in their names or in the names of the nominees, but not owning such shares beneficially, such as brokerage houses, banks and other fiduciaries, for the expense of forwarding soliciting materials to their principals. All of the costs of the solicitation of proxies will be paid by the Company.

ELECTION OF DIRECTORS

(Proxy Proposal Number One)

According to the Articles of Incorporation and Bylaws, the Board of Directors shall be composed of no more than ten directors who are divided (as closely as possible) into three equal classes.

At the meeting one director will be elected to serve for a one-year term expiring on the date of the 2005 Annual Meeting of Shareholders to complete the term of a director who is retiring. Three directors will be elected to serve for three-year terms expiring on the date of the 2007 Annual Meeting of Shareholders. Of the remaining directors, three are serving terms that will not expire until the 2005 Annual Meeting of Shareholders and three are serving terms that will not expire until the 2006 Annual Meeting of Shareholders. Following this Annual Meeting and the election of the proposed slate of directors, there will be nine directors, divided into three equal classes. Each director elected will continue in office until his or her successor has been elected, or until his or her resignation or removal in the manner provided by the Articles of Incorporation and Bylaws of the Company.

The names of those persons nominated by the Board of Directors for the position of director of the Company and the names of the directors of the Company whose terms will continue after the Annual Meeting are listed below, accompanied by brief biographies. Shares represented by a properly executed proxy in the accompanying form will be voted for such nominees. Discretionary authority is reserved to vote such shares in

**DIRECTOR INDEPENDENCE AND
INFORMATION REGARDING
THE COMMITTEES OF THE
BOARD OF DIRECTORS**

The Board of Directors consists of a majority of independent directors as such term is defined under Rule 4200(a)(15) of the NASDAQ Stock Market Inc.'s Marketplace Rules. The Board of Directors has determined that Messrs. Ver Hagen, Fox, Roberts, Barbaro and Ribaldo and Ms. Rorem and Ms. Munro are independent directors.

The Board of Directors held 12 meetings during the fiscal year ended April 30, 2004. All the directors, other than Mr. Barbaro, attended at least 75% of all Board and Committee meetings. The numbers of meetings of each Committee of the Board are described below.

The Company typically schedules a Board Meeting in connection with the Annual Shareholder Meeting. The Company expects that all directors will attend, absent a valid reason, such as a schedule conflict. Last year, all members, except Messrs. Barbaro and Ribaldo, of the Board of Directors attended the Annual Meeting.

The Company has an Audit Committee, a Compensation and Plan Administrator Committee, a Mergers, Acquisitions and Dispositions Committee and a Nominating and Governance Committee. In addition to these standing committees, the Board, from time to time, may form ad hoc committees. During fiscal 2004, the Board appointed an ad hoc Restructuring Committee which has reviewed matters related to the Company's capital structure.

Audit Committee. The primary function of the Audit Committee is to assist the Board of Directors in its oversight of the integrity of financial information provided to shareholders and others, its review of the adequacy of the system of internal controls established by the Company and its monitoring of the audit process. In performing these functions, the Audit Committee reviews the Company's financial reporting process and internal controls, reviews and appraises the audit efforts of the Company's independent registered public accounting firm and internal auditors. The Audit Committee also provides open lines of communication between the directors, the independent registered public accounting firm, the internal auditors and the financial and senior management of the Company. The Audit Committee has adopted a charter (a copy of which is attached as Appendix A), hereinafter "Charter," requiring, among other things, that members of the Committee be independent of Management, free of any relationship that would interfere with their independent judgment and have a minimum level of financial competency. The members of the Audit Committee are Richard P. Fox (Chair), Kathryn L. Munro, Kenneth M. Roberts, and Jan K. Ver Hagen, each of whom are all independent directors as defined under the NASDAQ's Marketplace Rules and each of whom are also experienced in financial matters. The members of the Audit Committee, in addition to the foregoing criteria, meet the additional criteria of SEC Rule 10A-3 that they neither (1) accept any direct compensation from the Company other than director and committee fees and pension or other deferred compensation for prior service, nor (2) are an affiliated person of the Company. The Board of Directors has determined that Richard P. Fox is an audit committee financial expert as defined in the rules of the Securities and Exchange Commission. The Audit Committee held nine meetings in the fiscal year ended April 30, 2004.

Edgar Filing: FLOW INTERNATIONAL CORP - Form PRE 14A

Compensation and Plan Administrator Committee. The primary function of the Compensation and Plan Administrator Committee is to assist the Board of Directors to ensure that all officers and key management personnel of the Company and its subsidiaries are effectively compensated in terms of salary, supplemental compensation, and benefits which are internally equitable and externally competitive. The Committee establishes and maintains a competitive, fair, and equitable compensation and benefits policy designed to retain personnel, to stimulate their useful and profitable efforts on behalf of the Company, and to attract necessary additions to the staff with appropriate qualifications. The Committee also acts as Administrator of the Company's stock option plans, determining the terms, amounts and recipients of stock option grants. During fiscal 2004 the members were J. Michael Ribaldo (Chair), Arlen I. Prentice, and Ronald D. Barbaro. For fiscal 2005 J. Michael Ribaldo (Chair), Richard P. Fox, Sandra F. Rorem, Ronald D. Barbaro and

Kathryn L. Munro will serve on the Committee. For fiscal 2005, all members of the Committee are independent directors as defined under the NASDAQ's Marketplace Rules. Arlen I. Prentice, who was a member of the Committee during fiscal 2004, is Chief Executive Officer of Kibble & Prentice, Inc., a company that, together with its wholly-owned subsidiary, provides insurance brokerage and employee benefits, administrative and consulting services to the Company. During fiscal 2004, payments by the Company to Kibble & Prentice, Inc. and such subsidiary for such services totaled \$2,395,001. Such payments were for various categories of insurance and included both the brokerage commissions and the premiums that Kibble passes on to the underwriters. Mr. Prentice abstained from participating in matters where he may have had a conflict of interest. There were four meetings of the Compensation and Plan Administrator Committee during the fiscal year ended April 30, 2004.

Mergers, Acquisitions and Dispositions Committee. The primary function of the Mergers, Acquisitions and Dispositions Committee is to assist the Board of Directors to review potential opportunities for acquisitions, mergers, dispositions, divestitures or similar transactions and to assist the Board of Directors in analyzing equity or debt financings or other capital raising opportunities. During fiscal 2004, the members of the Mergers, Acquisitions and Dispositions Committee were Kenneth M. Roberts (Chair), J. Michael Ribaud, and Richard P. Fox. For fiscal 2005, Kenneth M. Roberts (Chair), Ronald D. Barbaro, Arlen I. Prentice, and Jan K. Ver Hagen will serve on the Committee. There were no meetings of the Mergers, Acquisitions and Dispositions Committee during the fiscal year ended April 30, 2004.

Nominating and Governance Committee. The primary function of the Nominating and Governance Committee is to assist the Board of Directors in matters of Board organization and composition and to locate and recommend to the Board individuals to fill vacancies on the Board. Sandra F. Rorem (Chair), Daniel J. Evans, and Arlen I. Prentice served on the Committee during fiscal year 2004. For fiscal year 2005 Sandra F. Rorem (Chair), Ronald D. Barbaro, J. Michael Ribaud, and Kenneth M. Roberts will serve on the Committee, each of whom are independent directors as defined under the NASDAQ's Marketplace Rules. The Nominating and Governance Committee met five times during the fiscal year ended April 30, 2004. The Charter for the Committee is attached as Appendix B to this Proxy Statement.

Compensation of Directors

The Compensation and Plan Administrator Committee is charged with ensuring that the Company will be able to continue to attract and retain directors having the qualifications necessary to serve the interest of the Company's shareholders. To achieve this goal and based on a thorough review of director compensation at a peer group of 16 companies conducted by a nationally recognized independent compensation consulting firm, the Committee has adopted the following compensation program for Directors. This program was adopted in fiscal 2004 and remains unchanged for fiscal 2005.

Directors who are not employees of the Company will receive an annual retainer of \$20,000, payable quarterly, \$1,500 per meeting for attendance at Board meetings and \$1,000 per meeting for attendance at Committee meetings. The Company also reimburses directors for their travel expenses in connection with their attendance at Board and Committee meetings.

In addition, Committee Chairs will be paid an additional annual retainer of \$5,000 with the exception of the Audit Committee Chair who is paid an additional annual retainer of \$10,000, and the non-executive Chairperson of the Board who is paid an additional annual retainer of \$15,000.

Non-employee Directors will also receive annual grants of shares of common stock that are vested at the time of grant. The annual grants of shares of company stock will have a value equal to \$30,000. The grants will be made at each Annual Meeting of Shareholders, and the shares will be valued based on the average closing price over the twenty trading days preceding the Annual Meeting.

Edgar Filing: FLOW INTERNATIONAL CORP - Form PRE 14A

For Directors serving prior to 2003, the Company had adopted a retirement policy providing that Directors will receive, following their retirement, annual amounts for a period equal to the director's years of service on the Board, up to a maximum of nine years. This policy will not apply to newly-appointed directors.

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's directors and executive officers, and persons who own more than 10% of a registered class of the Company's equity securities, to file with the Securities and Exchange Commission (SEC) initial reports of ownership and reports of changes in ownership of Common Stock. Compensation and Plan Administrator Committee Report

Introduction. The Compensation and Plan Administrator Committee of the Board of Directors (the Compensation Committee) establishes and directs the administration of all programs under which executive compensation is paid or awarded to the Company's executive officers. In addition, the Compensation Committee evaluates executive officer performance and assesses the overall effectiveness of the Company's

executive compensation programs.

Compensation Philosophy and Objectives. The Company's compensation and benefits programs are designed to:

- Ø Attract and retain top-level executive talent required to attain the Company's short- and long-term goals.
- Ø Motivate executives to achieve the goals of the Company's business strategy.
- Ø Link executive and shareholder financial interests through appropriate long-term incentives.
- Ø Provide executives with a compensation package that recognizes individual contributions and overall business results.

Elements of Executive Compensation. The elements of executive compensation currently include base salary, an annual incentive program and a retention program. The Compensation Committee's decisions with respect to each of these elements are discussed below. While the elements of compensation described in this report are considered separately, the Compensation Committee takes into account the full compensation package afforded by the Company to the individual, including salary, incentive compensation, retirement and other benefits. In reviewing the individual performance of the executives whose compensation is detailed in this Proxy Statement, other than the Chief Executive Officer (CEO), the Compensation Committee takes into account the views of the CEO.

The Compensation Committee reviews the Company's executive compensation program to ensure that there is appropriate linkage between Company performance and executive compensation and that pay practices are competitive with the external market. For fiscal 2004 the Compensation Committee made no adjustments to salaries of executive officers or the CEO, except in connection with Mr. Reichenbach's promotion to Chief Financial Officer.

Base Salaries. Base salaries of the executive officers other than for the CEO had been determined by the Compensation Committee in a prior fiscal year using the CEO's recommendations and data provided by the Committee's consultants. The CEO's pay is set by contract and discussed below.

Annual Incentive Compensation. The Company's executive officers are eligible for cash bonuses under the Company's annual incentive program. The annual incentive program emphasizes the achievement of goals that are aligned with the interest of the Company's shareholders. For fiscal 2004 these goals were based on achievement of EBITDA levels, and bonuses were paid half in stock and half in cash. For fiscal 2005 these goals will include revenue, operating profit and working capital as a percentage of revenue. Bonus payouts under the plan will be made on a sliding scale beginning with achievement of 90% of targets. Executives' target bonus levels have been set at percentages of base salary, and the CEO's target bonus level set by his employment contract is at 60% of base salary. Payouts will be made half in stock and half in cash, with executives having the option to increase the proportion of stock they receive.

The Company exceeded its goals for fiscal 2004 and annual incentive payouts were made for the fiscal year.

Long-Term Incentive Compensation. Long-term incentives are provided pursuant to the Company's 1995 Long-Term Incentive Plan, which provides for the grant of stock options, stock appreciation rights, restricted stock awards, performance units and performance shares.

The purpose of long-term incentives is to promote the success and enhance the value of the Company by linking the personal interest of employees to those of the Company's shareholders, and by further providing employees that receive awards under the Plan with an incentive for outstanding performance. When awarding long-term incentives, the Compensation Committee considers competitive practices, general industry data, and the executives' level of responsibility, prior experience and historical award data.

Stock option and restricted stock grants were made to the CEO in accord with his contract. The CEO's equity awards are discussed below. Executives receive restricted stock units in connection with their retention agreements, as discussed below. Shares of stock were also awarded to executives in connection with the bonus plan, as discussed above.

Retention Award. During fiscal year 2003, the Company began to implement a comprehensive restructuring program intended to return the Company to profitability. The Compensation Committee determined that during this implementation it was critical to ensure key executives remain employed at the Company and focused on the day-to-day operations to successfully turnaround the Company. As a result, the Compensation Committee adopted a retention program to achieve these goals. The program includes six executives including the CEO. The CEO's retention award is discussed below. Each participating executive who remains in the Company's employ is eligible to receive retention awards in both cash and restricted stock units. The cash retention awards began six months after the plan inception and provide for seven equal semi-annual increments. The executive must be employed at the payment date to receive the cash portion of the award. The restricted stock unit awards vest 42 months after plan inception. Each executive must remain a full-time employee for the entire 42-month period to vest in the restricted stock units.

Edgar Filing: FLOW INTERNATIONAL CORP - Form PRE 14A

The Company has also entered into two-year severance agreements with key executives providing for one year's severance pay in the event of termination without cause.

Chief Executive Officer Compensation. In September 2002, Ronald W. Tarrant, the Company's Chairman, President and CEO, retired from the Company. A nationwide search was conducted and as a result, Stephen R. Light joined the Company as President and CEO in January 2003. On November 25, 2002, Mr. Light entered into an employment agreement with the Company with a term ending on April 30, 2005 (the "Light Agreement"). The Light Agreement provides for automatic extensions beginning on May 1, 2003 (unless notice not to extend is

given by either party) so that the remaining term shall always be two years. Under the terms of the Light Agreement, Mr. Light's annual base salary is \$450,000 and he is eligible for target annual performance bonuses equal to 60% of base salary. One-half of the bonus is payable in shares of common stock. Mr. Light's annual performance bonuses are based on the same factors as the executives' bonuses. The Board has established additional goals for the CEO. These include development of succession plans, development of a customer satisfaction survey and successful resolution of the Company's financing.

During fiscal year 2004, Mr. Light received stock options to purchase 21,250 shares of Company Common Stock as detailed in the option grant table contained in this Proxy Statement. These stock options vest over a four-year period. Mr. Light also received 20,000 shares of stock pursuant to his employment contract. He also received a grant of 200,000 restricted stock units, vesting in 2006 in connection with a retention agreement. These equity awards recognize Mr. Light's leadership and provide an appropriate link to the interests of shareholders.

In determining the terms of the Agreement, the Compensation Committee considered marketplace trends and Mr. Light's leadership abilities.

Policy on Deductibility of Compensation. Section 162(m) of the Internal Revenue Code limits the Company's federal income tax deduction for compensation to its CEO and any of its four other highest paid executive officers to \$1 million. Qualified performance-based compensation is not subject to the \$1 million limitation, provided certain requirements of Section 162(m) are satisfied. These requirements include shareholder approval and periodic re-approval of the material terms of performance goals in plans such as the Company's 1995 Long-Term Incentive Plan. The Compensation Committee presently anticipates that the Company's executive compensation will either be below such levels or will be structured to qualify as performance-based compensation which is exempt from such limitation.

Conclusion. After its review of the total compensation program for the executives of the Company, the Compensation Committee continues to believe that these executive compensation policies and practices serve the interests of the shareholders and the Company effectively. The Committee also believes that the various compensation programs offered are appropriately balanced to provide increased motivation for executive officers to contribute to the Company's overall future success, thereby increasing the value of the Company for the shareholders benefit. The Compensation Committee will continue to monitor the effectiveness of the Company's total compensation program to meet the ongoing needs of the Company.

The Company's independent registered public accounting firm is responsible for expressing an opinion on the conformity of those audited financial statements with accounting principles generally accepted in the United States.

In fulfilling its oversight responsibilities, the Audit Committee has reviewed and discussed with Management and the independent registered public accounting firm the Company's audited financial statements contained in the Company's Annual Report on Form 10-K for the year ended April 30, 2004.

The Audit Committee meets with the independent registered public accounting firm quarterly and has discussed with them the matters required to be discussed by Statement on Auditing Standards No. 90, Communication with Audit

Report of the Nominating and Governance Committee

The Nominating and Governance Committee (Nominating Committee) recently held a meeting which all of its members were in attendance to consider corporate governance issues, including the qualifications of potential new board members, and the procedure for identifying and qualifying future board members for nomination. As a result, the Nominating Committee adopted certain charter amendments describing its duties and responsibilities in consideration of nominees recommended by shareholders.

In its deliberations, the Nominating Committee is aware that one member of the Board must meet the criteria for an audit committee financial expert as defined by SEC rules, and that a majority of the members of the Board must meet the definition of independent director under Rule 4200(a)(14) of the NASDAQ rules and that members of the Audit Committee must meet the independence standards in Rule 10A-3. The Nominating Committee also believes it appropriate for at least one member of the Company's Management to participate as a member of the Board. The Company has adopted a code of ethics that applies to all of its officers and employees, including the CEO and CFO.

Consideration of Director Nominees

The Nominating Committee will consider qualified nominees recommended by shareholders who may submit recommendations to the Nominating Committee in care of our Chairman of the Board and Secretary at our address set forth later in this Proxy Statement. Nominees for director who are recommended by our shareholders will be evaluated in the same manner as any other nominee for director.

Shareholder recommendations for director should include (i) the name and address of the shareholder recommending the person to be nominated, (ii) a representation that the shareholder is a holder of record of stock of the Company, including the number of shares held and the period of holding, (iii) a description of all arrangements or understandings between the shareholder and the recommended nominee, (iv) such other information regarding the recommended nominee as would be required to be included in a Proxy Statement filed pursuant to Regulation 14A promulgated by the SEC pursuant to the Securities Exchange Act of 1934, as amended and (v) the consent of the recommended nominee to serve as a director of the Company if so elected. We may require that the proposed nominee furnish us with other information as we may reasonably request to assist us in determining the eligibility of the proposed nominee to serve as a director.

To submit a recommendation for director for an upcoming annual shareholder meeting, it is necessary that a shareholder notify the Company not less than 120 days nor more than 180 days before the first anniversary of the date that the Proxy Statement for the preceding year's Annual Meeting was first sent to shareholders. The Company's 2004 Proxy Statement was first sent to shareholders on August 30, 2004. In addition, the notice must meet all other requirements contained in the Company's Bylaws, if any.

The Company's Bylaws also provide that nominations of persons for election to the Board of Directors may be made at any Annual Meeting of Shareholders by any shareholder entitled to vote on such election. Such nominations must be submitted to the Company in accordance with the procedures specified in Section 5 of Article II of the Bylaws.

Qualification of Directors

In evaluating the suitability of candidates to serve on the Board of Directors, including shareholder nominees, the Nominating Committee will seek candidates who are independent as defined in the NASDAQ rules and meet certain selection criteria, including:

- Ø each director should be chosen without regard to sex, race, age, religion or national origin;
- Ø each director should be an individual of the highest character and integrity and have an inquiring mind, vision and the ability to work well with others;
- Ø each director should be free of any conflict of interests which would violate applicable law or regulations or interfere with the proper performance of the responsibilities of a director;
- Ø each director should possess substantial and significant experience which would be of particular importance to the Company in the performance of the duties of a director;
- Ø each director should have sufficient time available to devote to the affairs of the Company in order to carry out the responsibilities of a director;
- Ø each director should have the capacity and desire to represent the balanced, best interests of the shareholders of the Company as a whole and not primarily a special interest group or constituency;
- Ø each director should have the ability to read and understand corporate financial statements; and
- Ø each director should have the ability to work effectively with other directors in collectively serving the long-term interests of all shareholders.

Prior to any meeting involving the election of directors, the Nominating Committee will evaluate the candidates based on the foregoing suitability criteria and recommend the most qualified candidates to the Board of Directors.

In evaluating director candidates, regardless of the source of the nomination, the Nominating Committee will consider, in accordance with its Charter, the composition of the Board as a whole, the requisite characteristics (including independence, diversity, skills and experience) of each candidate, and the performance and continued tenure of incumbent Board members.

Process for Identifying and Evaluating Nominees

The Nominating Committee may employ a variety of methods for identifying and evaluating nominees for director. The Nominating Committee regularly assesses the size of the Board, the need for particular expertise on the Board, the upcoming election cycle of the Board and whether any vacancies on the Board are expected due to retirement or otherwise. In the event that vacancies are anticipated, or otherwise arise, the Nominating Committee considers various potential candidates for director which may come to the Nominating Committee's attention through current Board members, Management, professional search firms, shareholders or other persons. These candidates are evaluated at regular or special meetings of the Nominating Committee, and may be considered at any point during the year.

The Nominating Committee will consider candidates recommended by shareholders, when the nominations are properly submitted, under the criteria summarized above in Consideration of Director Nominees. The deadlines and procedures for shareholder submissions of director nominees are described above. Following verification of the shareholder status of persons proposing candidates, the Nominating Committee makes an initial analysis of the qualifications of any candidate recommended by shareholders or others pursuant to the criteria

summarized above to determine whether the candidate is qualified for service on the Board before deciding to undertake a complete evaluation of the candidate. If any materials are provided by a shareholder or professional search firm in connection with the nomination of a director candidate, such materials are forwarded to the Nominating Committee as part of its review. If the Nominating Committee determines that additional consideration is warranted, it may gather and review additional information about the nominee's background and experience (or may request a third-party search firm on its behalf to gather such additional information and report its findings to the Nominating Committee). Other than the verification of compliance with procedures and shareholder status, and the initial analysis performed by the Nominating Committee, a potential candidate nominated by a shareholder is treated like any other potential candidate during the review process by the Nominating Committee. In connection with this evaluation, the Nominating Committee determines whether to interview the prospective nominee, and if warranted, one or more members of the Nominating Committee, and others as appropriate, interview prospective nominees in person or by telephone. After completing this evaluation and interview, the Nominating Committee makes a recommendation to the full Board as to the persons who should be nominated by the Board, and the Board determines the nominees after considering the recommendation and report of the Nominating Committee.

APPROVAL OF INCREASE IN

AUTHORIZED SHARES

(Proxy Proposal Number 2)

The Company's Board of Directors believes that the best interests of the Company and its shareholders will be served by increasing the authorized shares of Common Stock of the Company. The Board of Directors does not believe that the current number of shares available is adequate to serve the Company's possible need for equity financing to reduce the amount of debt owed to its lenders. The Company's Management and Board of Directors believe that an additional 20,000,000 authorized shares will be adequate to serve the Company's needs for the next few years.

The Company's current Certificate of Incorporation provides for the authorization of 29,000,000 shares of Common Stock, plus 1,000,000 shares which are reserved for the issuance of shares of preferred stock. The proposed amendment to the Articles of Incorporation of the Company (hereinafter "Amendment") provides for the authorization of 49,000,000 shares of Common Stock, plus 1,000,000 shares of preferred stock. As of August 9, 2004, based on the number of shares of Common Stock currently outstanding and the number of shares eligible for issuance under all of the Company's stock option plans, there were 19,427,667 shares of Common Stock either outstanding or reserved, leaving 9,572,333 authorized, but unissued, and unreserved shares of Common Stock available for other corporate purposes or opportunities. The Board of Directors does not believe that such number is adequate to provide for the Company's financing needs.

The Amendment increases by 20,000,000 the number of authorized and unissued shares of Common Stock which may be used for any proper corporate purpose by the Company, including, without limitation, issuance of shares in public or private offerings, issuance of securities convertible into shares of Common Stock for cash as a means of obtaining additional capital for use in the Company's business and operations, or issuance of shares of Common Stock as part or all of the consideration required to be paid by the Company in the acquisition of other businesses or properties. With this increase, the Board of Directors believes that the Company will have sufficient shares of Common Stock available for corporate purposes or opportunities as are likely to arise in the reasonably foreseeable future. There are at present no firm plans, arrangements or understandings relating to the issuance of any of the currently authorized and unissued shares of Common Stock or the additional shares of the Common Stock proposed to be authorized, and many transactions pursuant to which additional shares would be issued will require the approval of the Company's shareholders.

If the Amendment is approved, the newly authorized shares of Common Stock would have all of the rights and privileges as the shares of Common Stock presently authorized. Once shares of Common Stock are authorized, the Board of Directors can issue shares of Common Stock without shareholder approval, except as may be required by law or regulations or by the rules of any stock exchange on which the Company's securities may then be listed.

The issuance of the additional shares of Common Stock, may, under certain circumstances, make attempts to acquire control of the Company more difficult. For example, an issuance of additional shares of Common Stock may make it more difficult to obtain shareholder approval of actions such as removal of directors or amendments to the By-Laws. In addition, shares of Common Stock could be issued in other transactions that could make a change in control of the Company more difficult. The Company is not aware of any effort to obtain control of the Company by a tender offer, proxy contest, or otherwise, and the Company has no present intention to use the additional shares of authorized Common Stock for anti-takeover purposes.

Although the Board of Directors would issue additional shares based on its judgment as to the best interests of the Company and its shareholders, the issuance of additional shares of Common Stock would have the effect of diluting the voting power per share and could have the effect of diluting the book value per share of the outstanding shares of Common Stock.

The Company's Articles of Incorporation require the vote of a majority of the outstanding shares to approve the Amendment.

Although the Company has not to date developed formal processes by which shareholders may communicate directly with directors, it believes that the informal process, in which any communication sent to the Board, either generally or in care of the CEO, Corporate Secretary, or another corporate officer, is forwarded to all members of the Board, has served the Board's and the Company's shareholders' needs. There is no screening process, and all shareholder communications that are received by officers for the Board's attention are forwarded to the Board. Until any other procedures are developed and posted on the Company's corporate website, any communication to the Board should be mailed to the Board, in care of the Company's Corporate Secretary, at the Company's headquarters in Kent, Washington. Director Attendance at Annual Meeting

Absent a valid reason, such as a schedule conflict, it is expected that all directors will attend the Annual Meeting of Shareholders.

Process for Identification and Evaluation of Director Nominees

The Committee may employ a variety of methods for identifying and evaluating nominees for director. The Committee will regularly assess the size of the Board, the need for particular expertise on the

B-2

Board, the upcoming election cycle of the Board and whether any vacancies on the Board are expected due to retirement or otherwise. In the event that vacancies are anticipated, or otherwise arise, the Committee will consider various potential candidates for director which may come to the Committee's attention through current Board members, Management, professional search firms, shareholders or other persons. These candidates are evaluated at regular or special meetings of the Nominating Committee, and may be considered at any point during the year.

The Committee will consider candidates recommended by shareholders, when the nominations are properly submitted in accordance with the procedures set forth in *Exhibit B* to this Charter. Following verification of the shareholder status of persons proposing candidates, the Committee will make an initial analysis of the qualifications of any candidate recommended by shareholders or others pursuant to the criteria summarized above to determine whether the candidate is qualified for service on the Board before deciding to undertake a complete evaluation of the candidate. If any materials are provided by a shareholder or professional search firm in connection with the nomination of a director candidate, such materials will be forwarded to the Committee as part of its review. If the Committee determines that additional consideration is warranted, it may gather and review additional information about the nominee's background and experience (or may request a third-party search firm on its behalf to gather such additional information and report its findings to the Committee). Other than the verification of compliance with procedures and shareholder status, and the initial analysis performed by the Committee, a potential candidate nominated by a shareholder will be treated like any other potential candidate during the review process by the Committee. In connection with this evaluation, the Committee will determine whether to interview the prospective nominee, and if warranted, one or more members of the Committee, and others as appropriate, will interview prospective nominees in person or by telephone. After completing this evaluation and interview, the Committee will make a recommendation to the full Board as to the persons who should be nominated by the Board, and the Board determines the nominees after considering the recommendation and report of the Committee.

Shareholder Communications

Shareholders may communicate directly with directors, including non-employee directors, by mailing such communication to the Board, in care of the Company's Secretary, at the Company's headquarters in Kent, Washington. The mailing envelope must contain a clear notation indicating that the enclosed letter is a Shareholder-Board Communication or Shareholder-Director Communication. All such letters must identify the author as a shareholder and clearly state whether the intended recipients are all members of the Board or just certain specified individual directors. The Secretary will make copies of all such letters and circulate them to the appropriate director or directors.
