THE BEAR STEARNS COMPANIES INC.

REPORTS THIRD FISCAL QUARTER RESULTS;
DECLARES QUARTERLY COMMON CASH DIVIDEND

NEW YORK -September 26, 2001- In announcing results for its third fiscal quarter today, The Bear Stearns Companies Inc. (NYSE:BSC) Chairman and Chief Executive Officer James E. Cayne, commented, "We would like to continue to express our sincere condolences to all those affected by the tragic events of September 11, 2001. Our focus over the past weeks has been to help our clients, our employees and our industry cope with this tragedy. We are extremely grateful to all those who came to the aid of the City and the industry during its time of need."

The Bear Stearns Companies Inc. reported net earnings per diluted share of \$0.95 for the third quarter ended August 31, 2001, down 28.0% from \$1.32 per share for the comparable quarter a year ago. Net income was \$134.6 million, down 25.8% from \$181.4 million for the quarter ended August 25, 2000. Net revenues for the third quarter were \$1.20 billion, down 5.2% from \$1.27 billion for the quarter ended August 25, 2000. The annualized after-tax return on common stockholders' equity for the quarter ended August 31, 2001 was 12.2% and for the trailing 12-month period ended August 31, 2001, was 14.8%.

"The market conditions of the third quarter were difficult and those difficulties have intensified early in the fourth quarter. In the face of these challenging times we would like investors to know that our focus remains on ensuring that our clients receive

5

the high quality service they are accustomed to, running our business as efficiently as possible and further tightening our controls on expenses," said Mr. Cayne.

A BRIEF DISCUSSION OF THE FIRM'S BUSINESS SEGMENTS, COMPARED TO THE PRIOR YEAR QUARTER FOLLOWS:

CAPITAL MARKETS

Net revenues for the Capital Markets segment were \$874.3 million for the quarter ended August 31, 2001, up 7.7% from \$811.7 million for the quarter ended August 25, 2000.

- o Institutional Equities net revenues were \$244.7 million for the third quarter of 2001, down 31.6% versus \$358.0 million for the third quarter of last year. Equity revenues were down for the current quarter due to the general downturn in the market, reduced volumes and lower market volatility.
- o Fixed Income net revenues were up 78.4% to \$416.1 million for the quarter ended August 31, 2001, from \$233.3 million for the quarter ended August 25, 2000. Although down from last quarter's record results, fixed income revenues remained strong year-over-year with solid performances in the mortgage-backed securities, high yield and credit derivatives areas.
- o Investment Banking net revenues were \$213.5 million for the quarter ended August 31, 2001, down 3.2% from \$220.4 million for the quarter ended August 25, 2000. Although the industry-wide slump in equity underwriting activity continued, healthy fixed income underwriting revenues, particularly in the high yield and the municipal areas, resulted in an overall increase in underwriting revenues. Industry-wide mergers and acquisitions activity continues to be soft, however, M&A revenues during the quarter increased over the second quarter but were off 14.1% from the prior year levels.

GLOBAL CLEARING SERVICES

Net revenues for Global Clearing Services were \$192.0 million for the quarter ended August 31, 2001, down 20.6% from \$241.7 million for the quarter ended August 25,

6

2000. Difficult market conditions have contributed to the decline in margin debt balances versus the same period last year, driving net interest revenues down for the quarter ended August 31, 2001. Average customer margin debt balances were \$38.3 billion during the quarter ended August 31, 2001, as compared to \$56.4 billion in the prior year quarter ended August 25, 2000.

WEALTH MANAGEMENT

Wealth Management net revenues for the quarter ended August 31, 2001 were \$128.0 million, down 20.0% from \$160.1 million for the quarter ended August 25, 2000. Revenues from private client services have declined as retail investors have reduced activity levels significantly, resulting in lower commission revenues and declining net interest profits. Asset management fees also declined slightly on reduced performance fees from alternative investment products, offset by increased management fees from mutual funds and alternative investment products as this area of the business continues to grow. As of August 31, 2001, assets under management stood at \$23.5 billion, up 41.6% from last year. Alternative investment products under management were \$5.8 billion as of August 31, 2001, a 93.3% increase as compared to last year.

EXPENSES

- o Compensation as a percentage of net revenues was 52.7% and 51.7% for the quarters ended August 31, 2001 and August 25, 2000, respectively. Non-compensation expenses were \$365.0 million for the quarter ended August 31, 2001, up 5.9% from \$344.5 million for the comparable prior year quarter ended August 25, 2000. Increased communication and technology costs, including accelerated amortization costs associated with the pending relocation to 383 Madison Avenue contributed to the rise.
- o Pre-tax, pre-CAP Plan profit margin was 19.5% in the current quarter as compared to 24.8% in the prior year period.

7

As of August 31, 2001 total capital, including stockholders' equity and long-term borrowings, was \$28.4 billion. Book value as of August 31, 2001 was \$32.34 per share, based on 149,669,365 shares outstanding.

The Board of Directors of The Bear Stearns Companies Inc. declared a regular quarterly cash dividend of \$0.15 per share on the outstanding shares of common stock, payable October 31, 2001, to stockholders of record on October 17, 2001.
