Item 8.01

Other Events

As previously disclosed, on January 17, 2007, DOR BioPharma, Inc. (the “Company”) received an unsolicited non-binding expression of interest from Cell Therapeutics, Inc. (“Cell Therapeutics”) to acquire the Company. After due deliberation and consideration by a committee of independent board members established by the board of directors (the “Independent Committee”) and further deliberation and consideration by the full board of directors of the Company, on April 9, 2007 the Independent Committee as well as the full board of directors of the Company each unanimously resolved to reject as inadequate for shareholders the expression of interest by Cell Therapeutics to acquire the Company and notified Cell Therapeutics of such resolutions.

Following the Company’s May 9th FDA-convened Oncologic Drugs Advisory Committee (“ODAC”) to consider the Company’s New Drug Application for orBec® (oral beclomethasone dipropionate) for the treatment of gastrointestinal Graft-versus-Host Disease (“GI GVHD”), the Company looks forward to considering any and all expressions of interest and offers of interested parties to acquire the Company in order to maximize the value to shareholders.
