PROPOSAL 1: ELECTION OF DIRECTORS

Board of Directors and Nominees for Election

The Company’s Board of Directors has fixed the number of directors at seven. Members of the Board of Directors are divided into three classes serving staggered three-year terms. The terms of three of the Company’s current directors, Maarten D. Hemsley, Dr. Marvin G. Schorr and David R. A. Steadman, expire at the annual meeting. Based on the recommendation of its Nominating and Governance Committee, the Board has nominated Messrs. Hemsley, Schorr and Steadman for re-election to new three-year terms. Each nominee has consented to serve if elected, and the Company is not presently aware of any reason that would prevent any nominee from serving as a director. If a nominee should become unavailable for election, the proxies will be voted for another nominee selected by the Board.

The following table contains information on the nominees for election at the annual meeting and each other person whose term of office as a director will continue after the meeting. The nominees for election at the meeting are indicated by an asterisk.

PROPOSAL APPROVAL OF AN AMENDMENT OF THE 1996 EQUITY INCENTIVE PLAN INCREASING THE
2: NUMBER OF SHARES AUTHORIZED FOR ISSUANCE

General

The Company is seeking stockholder approval of an amendment to its 1996 Equity Incentive Plan (the "Equity Plan") increasing the number of shares of common stock authorized for issuance by 200,000. Approval of the amended Equity Plan will also constitute re-approval of the material terms of the Plan's performance goals for purposes of Rule 162(m) of the U.S. tax code, as described below. Since 1996 the stockholders have approved an aggregate of 250,000 shares for issuance under the 1996 Equity Incentive Plan and 50,000 shares under the 1998 Directors Stock Option Plan. The Directors Stock Option Plan was merged with the 1996 Equity Incentive Plan in January 2004. Of the 300,000 shares previously approved, only 54,500 remained available for grant as of December 2, 2009, as the other shares have been granted to key employees and directors. If approved, the increase of 200,000 shares, combined with the 54,500 still available for issuance under the Equity Plan and 63,500 options still outstanding, would represent 9.56% of the 3,326,322 shares issued and outstanding as of December 2, 2009. The Company expects to use the additional authorized shares for continued periodic equity grants to key employees, directors and consultants.

The Company has not increased the number of shares authorized for issuance to directors and employees since the 2003 annual meeting. The Equity Plan is the Company's sole vehicle for granting equity awards and will terminate on January 27, 2014.

The purpose of the Equity Plan is to attract and retain key employees and consultants of the Company, to provide them an incentive to achieve long-range performance goals and to enable them to participate in the Company's long-term growth. The Equity Plan also serves to align the interests of non-employee directors with those of the stockholders by increasing the directors' proprietary interest in the Company's growth and success, since a portion of the directors' compensation is paid in the form of shares. This also helps attract and retain well-qualified persons to serve as directors. As of December 2, 2009, six key employees and six non-employee directors were eligible for awards under the Equity Plan. The Equity Plan is administered by a committee (the "Committee") of not less than three members of the Board of Directors, currently the Compensation Committee. The Committee may make awards to the Company's employees, directors and consultants based on their past or anticipated contributions to the achievement of the Company's objectives and other relevant matters.

The Board of Directors believes that the amendment is needed to ensure that a sufficient number of shares are available to be issued under the Equity Plan in the future in order to provide appropriate equity incentives to attract, motivate and retain key employees, directors and consultants of the Company.

Shares Subject to Awards

Assuming approval of this proposal, 254,500 shares will be available for awards under the Equity Plan. The number and kind of shares are subject to adjustment to reflect stock dividends, recapitalizations or other changes affecting the Company's Common Stock. If any outstanding or future award expires or is terminated unexercised or settled in a manner that results in fewer shares outstanding than were initially awarded, the shares which would have been issuable will again be available for award under the Equity Plan.

Description of Awards

The Equity Plan provides for the following basic types of awards:

Restricted Stock. The Committee may grant shares of Common Stock that are only earned if specified conditions, such as a completing a term of employment or satisfying pre-established performance goals, are met and that are otherwise subject to forfeiture.

- 5 -

Restricted Stock Units. The Committee may grant the right to receive shares of Common Stock in the future, also based on meeting specified conditions and subject to forfeiture. These awards are to be made in the form of “units,” each representing the equivalent of one share of Common Stock, although they may be settled in either cash or stock. Restricted stock unit awards represent an unfunded and unsecured obligation of the Company. In the discretion of the Committee, units may be awarded with rights to the payment of dividend equivalents.

Stock Options. The Committee may grant options to purchase shares of Common Stock that are either incentive stock options (ISOs) eligible for the special tax treatment described below or nonstatutory stock options. No option may have an exercise price that is less than the fair market value of the Common Stock on the date of grant or a term of more than ten years. An option may be exercised by the payment of the option price in cash or with such other lawful consideration as the Committee may determine, including by delivery of a note (other than for a director or executive officer) or shares of Common Stock valued at their fair market value on the date of delivery.

Stock Appreciation Rights. The Committee may grant Stock Appreciation Rights (SARs), under which the participant receives cash, shares of Common Stock or other property, or a combination thereof, as determined by the Committee, equal in value to the difference between the exercise price of the SAR and the fair market value of the Common Stock on the date of exercise. SARs may be granted in tandem with options (at or after award of the option) or alone and unrelated to an option. SARs in tandem with an option terminate to the extent that the related option is exercised, and the related option terminates to the extent that the tandem SAR is exercised. The exercise price of an SAR may not be less than the fair market value of the Common Stock on the date of grant or in the case of a tandem SAR, the exercise price of the related option.

Awards under the Equity Plan contain such terms and conditions consistent with the Equity Plan as the Committee in its discretion approves. The Committee has discretion to administer the Equity Plan in the manner which it determines, from time to time, is in the best interest of the Company. For example, the Committee will fix the terms of stock options, SARs and restricted stock grants and determine whether, in the case of options and SARs, they may be exercised immediately or at a later date or dates. Awards may be granted subject to conditions relating to continued employment, achievement of performance goals and restrictions on transfer. The Committee may provide, at the time an award is made or at any time thereafter, for the acceleration of a participant's rights or cash settlement upon a change in control of the Company. All options and restricted stock awards granted to date provide for the acceleration of vesting in the event of a change in control of the Company. The terms and conditions of awards need not be the same for each participant. The foregoing examples illustrate, but do not limit, the manner in which the Committee may exercise its authority in administering the Equity Plan.

The maximum aggregate number of shares subject to all awards that may be granted to a participant in any calendar year is 60,000 shares, subject to adjustment for changes in capitalization. Incorporation of this limit is intended to qualify the awards as performance-based compensation that is not subject to the Section 162(m) \$1 million limit on deductibility for federal income tax purposes of compensation paid to certain senior officers, as further discussed below.

Amendment of Equity Plan

The Board may amend the Equity Plan subject to stockholder approval required to comply with any applicable tax or regulatory requirement. The Committee has authority to amend outstanding awards, including changing the date of exercise and converting an incentive stock option to a nonstatutory option, if the Committee determines that such action would not adversely affect the participant.

U.S. Federal Income Tax Consequences Relating to Awards under the Equity Plan

The following discussion summarizes certain U.S. federal income tax consequences of awards under the Equity Plan based on the law as in effect on the date of this proxy statement. It does not purport to cover federal employment taxes or other federal tax consequences that may be associated with awards, nor does it cover state, local or non-U.S. taxes.

- 6 -

Incentive Stock Options. A participant does not realize taxable income upon the grant or exercise of an ISO under the Equity Plan. If a participant does not dispose of shares received upon exercise of an ISO for at least two years from the date of grant and one year from the date of exercise, then (1) upon sale of the shares, any amount realized in excess of the exercise price is taxed to the participant as long-term capital gain and any loss sustained will be a long-term capital loss and (2) the Company may not take a deduction for federal income tax purposes. The exercise of ISOs gives rise to an adjustment in computing alternative minimum taxable income that may result in alternative minimum tax liability for the participant.

If shares of Common Stock acquired upon the exercise of an ISO are disposed of before the end of the one and two-year periods described above (a “disqualifying disposition”), the participant realizes ordinary income in the year of disposition in an amount equal to the excess (if any) of the fair market value of the shares at exercise (or, if less, the amount realized on a sale of such shares) over the exercise price. The Company would be entitled to a tax deduction for the same amount. Any further gain realized by the participant would be taxed as a short-term or long-term capital gain and would not result in any deduction for the Company. A disqualifying disposition in the year of exercise will generally avoid the alternative minimum tax consequences of the exercise of an ISO.

Nonstatutory Stock Options. No income is realized by the participant at the time a nonstatutory option is granted. Upon exercise, the participant realizes ordinary income in an amount equal to the difference between the exercise price and the fair market value of the shares on the date of exercise. The Company would receive a tax deduction for the same amount. Upon disposition of the shares, appreciation or depreciation after the date of exercise is treated as a short-term or long-term capital gain or loss and will not result in any further tax deduction by the Company. The ordinary income recognized with respect to the receipt of shares upon exercise of a nonstatutory option will be subject to applicable wage withholding and other employment taxes.

Restricted Stock. Generally, a participant will be taxed at the time the restrictions on the shares lapse without a forfeiture. The excess of the fair market value of the shares at that time over the amount paid, if any, by the participant for the shares will be treated as ordinary income. The participant may instead elect under Section 83(b) of the U.S. tax code within 30 days after the date of the grant to be taxed (as ordinary income) on the date of grant on the excess of the then fair market value of the shares over the amount paid, if any, for the shares. If the shares subject to the Section 83(b) election are subsequently forfeited, the recipient will not be entitled to any deduction, refund or loss for tax purposes. In either case, the Company would receive a tax deduction for the amount reported as ordinary income to the participant. Upon the participant’s disposition of the shares, any subsequent appreciation or depreciation is treated as a short or long-term capital gain or loss and will not result in any further tax deduction by the Company.

Restricted Stock Units. A participant will generally realize ordinary income in an amount equal to the fair market value of the shares (or the amount of cash) distributed to settle the restricted stock units at the time of settlement, which is generally upon vesting of the restricted stock units. In certain limited circumstances, a settlement date may be later than the vesting date, in which case the settlement would be made in a manner intended to comply with the rules governing non-qualified deferred compensation arrangements. In either case, the Company would receive a corresponding tax deduction at the time of settlement. If the restricted stock units are settled in shares, then upon sale of those shares any subsequent appreciation or depreciation would be treated as short-term or long-term capital gain or loss to the participant and would not result in any further tax deduction by the Company.

Other Tax Matters.

Section 162(m). United States tax laws generally do not allow publicly-held companies to obtain tax deductions for compensation of more than \$1 million paid in any year to any of the Chief Executive Officer or three most highly paid executive officers other than the Chief Financial Officer (each, a “covered person”) unless the compensation is

“performance-based” as defined in Section 162(m) of the U.S. tax code. Stock options and SARs granted under the Equity Plan are performance-based compensation if they have exercise prices not less than the fair value of Common Stock on the date of grant. In the case of restricted stock and restricted stock units, performance goals generally must be pre-established for the relevant performance period and satisfaction of any such performance goals must be certified by the Committee.

- 7 -

Section 162(m) also requires that the general business criteria of any performance goals that are established by the Committee be periodically reapproved by stockholders in order for such awards to be considered performance-based and to preserve the Company's federal income tax deductions that may become available to the Company when payments based on these performance goals are made to covered persons. The Equity Plan sets forth the following list of business criteria upon which the Committee may establish performance goals for deductible performance-based awards made to covered persons: (i) increases in the price of the Common Stock; (ii) market share; (iii) sales; (iv) revenue; (v) return on equity, assets, or capital; (vi) economic profit (economic value added); (vii) total shareholder return; (viii) costs; (ix) expenses; (x) margins; (xi) earnings or earnings per share; (xii) cash flow; (xiii) customer satisfaction; (xiv) operating profit; or (xv) any combination of the foregoing, including without limitation goals based on any of such measures relative to appropriate peer groups or market indices. Performance goals may be particular to a participant or may be based, in whole or in part, on the performance of the division, department, line of business, subsidiary, or other business unit in which the participant works, or on the performance of the Company generally. Shareholder approval of the amended Equity Plan pursuant to this Proposal 3 will constitute re-approval of the material terms of the performance goals of the Equity Plan for purposes of Section 162(m).

Parachute Payment Tax. A participant who receives any accelerated vesting or exercise of options or stock appreciation rights or accelerated lapse of restrictions on restricted stock or restricted stock units in connection with a change in control might be deemed to have received an "excess parachute payment" under federal tax law. In such cases, the participant may be subject to an excise tax and the Company may be denied a tax deduction.

Plan Benefits

To date, the Committee has granted stock options and restricted stock under the Equity Plan in the following aggregate amounts to: (i) Matthew Boyle, President and Chief Executive Officer, 125,000 shares, (ii) Paul N. Farquhar, Vice President and Chief Financial Officer, 27,000 shares, (iii) all current executive officers as a group, 152,000 shares, (iv) all current non-employee directors as a group, 85,000 shares, and (v) all other employees as a group, 170,500 shares.

The following table sets out the status of shares authorized for issuance under equity compensation plans at September 30, 2009.

The closing price of the Company's Common Stock on the NASDAQ Capital Market on December 2, 2009 was \$3.00.

Vote Required

Approval of an increase in the number of shares authorized for issuance under the Equity Plan will require the affirmative vote of a majority of the votes cast at the annual meeting. Accordingly, abstentions and broker non-votes will not count as votes cast for or against this proposal.

The Board of Directors recommends that you vote FOR the approval of the increase in the number of shares authorized for issuance under the Company's 1996 Equity Incentive Plan.

Director Independence

The Board has determined that all directors, other than Mr. Boyle, are independent under the NASDAQ Capital Market rules, based on information known to the Company and on the annual questionnaire completed by each director. The Company may from time to time have arms-length commercial dealings with companies of which its directors may be officers and/or directors. To the Company's knowledge, during fiscal 2009, there were no such dealings and none of the independent directors had any other business, financial, family or other type of relationship with the Company or its management other than as a director and stockholder.

PROPOSAL 3: RATIFICATION OF THE SELECTION OF THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING SEPTEMBER 30, 2010

Upon the recommendation of its Audit Committee, the Board of Directors has appointed the independent registered public accounting firm of Caturano and Company, P.C. ("Caturano"), an independent member of Baker Tilly International, as independent auditor to conduct the annual audit of the Company's financial statements for the fiscal year ending September 30, 2010 and is seeking stockholder ratification of the appointment. Caturano audited the Company's financial statements in fiscal 2009, and the Audit Committee believes it is well qualified to continue.

Representatives of Caturano are expected to attend the annual meeting and to be available to respond to appropriate questions. They will also have the opportunity to make a statement if they desire.

The fees billed by Caturano for each of the last two fiscal years are set out below. They include fees billed by independent Baker Tilly International members in the United Kingdom, France, the Netherlands and Poland relating to the United Kingdom and French subsidiaries of the Company.

	(in thousands)	
	2009	2008
Audit fees	\$168	\$173
Audit-related fees	5	6
Tax fees	25	29
All other fees	24	10
Total	\$222	\$218

The audit-related fees in fiscal 2009 and fiscal 2008 relate to the audit of the pension plan for the Company's UK subsidiary. The tax fees for both years are for the filing of the Company's tax returns in both the United States and the United Kingdom and in both years also include fees for tax advice on employee benefits. The other fees disclosed above are for advice in relation to indirect taxes and employment taxes.

All of the above fees were approved by the Audit Committee before the respective engagements were undertaken. The Company has not adopted pre-approval policies and procedures relating to non-audit services.

- 9 -

Vote Required

Ratification of the appointment of Caturano by the stockholders is not required by law or by the Company's by-laws. The Board of Directors is nevertheless submitting this non-binding resolution to the stockholders to ascertain their views. If this proposal is not approved at the annual meeting, the Audit Committee intends to reconsider its recommendation of Caturano as independent auditors. The Company may retain the firm for fiscal 2010 notwithstanding a negative stockholder vote.

The ratification of the appointment of Caturano will require the affirmative vote of a majority of the votes cast at the annual meeting. Accordingly, abstentions and broker non-votes will not count as votes cast for or against this proposal.

The Board of Directors recommends that you vote FOR the ratification of the selection of
Caturano as the Company's independent registered public accounting firm
for the fiscal year ending September 30, 2010.

Board Meetings

During the fiscal year ended September 30, 2009, the Board of Directors held a total of eight meetings. The Board regularly holds meetings at which only independent directors are present. All Board members are expected to attend the annual meeting of stockholders, subject to special circumstances. All of the Board members attended the annual meeting of stockholders in 2009.

Communications to the Board

Stockholders may communicate with the Board of Directors by mailing a communication to the entire Board or to one or more individual directors, in care of the Corporate Secretary, Tech/Ops Sevcon, Inc., 155 Northboro Road, Southborough, Massachusetts 01772. All communications from stockholders to Board members (other than communications soliciting the purchase of products and services) will be promptly relayed to the Board members to whom the communications are addressed.

Committees of the Board

The Board of Directors has an Audit Committee, a Compensation Committee and a Nominating and Governance Committee, all the members of which are independent, as defined by Securities and Exchange Commission rules and NASDAQ Capital Market listing standards, as applicable. In addition to the meetings described below, the members of each committee communicate regularly amongst themselves and with management on Company matters.

Each of the Audit Committee, the Compensation Committee and the Nominating and Governance Committee operates under a written charter that is available on the Company's web site: www.techopssevcon.com.

Audit Committee. The Audit Committee is composed of four directors. The Board has determined that at least one of the members of the Committee, Mr. Rosenberg, is an "audit committee financial expert," as defined by the Securities and Exchange Commission. The Committee selects, evaluates and oversees the Company's independent auditors, approves any engagement of the independent auditors to perform non-audit services, and oversees the Company's internal accounting and financial controls. It reviews the audited financial statements and discusses them, as well as the adequacy and quality of the Company's financial reporting principles and procedures, with management and the auditors together and in separate executive sessions. It also reviews and approves related person transactions. The

Audit Committee met six times during the fiscal year ended September 30, 2009. The Committee's report appears on page 15.

Compensation Committee. The Compensation Committee is composed of three directors. Generally all compensation and fringe benefit programs of the Company are subject to the review and approval of the Committee, which also reviews and determines the base salary and incentive compensation of the executive officers and a group of senior managers, as well as grants of equity compensation to all employees. The Chief Executive Officer provides a detailed performance assessment and compensation recommendation for each executive officer (other than himself), which the Committee considers in making its decisions. The Compensation Committee usually makes annual equity grants to executives in its December meeting each year, although, in light of the current economic conditions, it has deferred consideration of any fiscal 2010 grants until January 2010. Other compensation decisions are made throughout the year as circumstances warrant. All compensation actions taken by the Committee are reported to the full Board of Directors, and are subject to the approval of the Board, excluding management. The Committee did not use the services of any compensation consultants during the past fiscal year.

The Committee also reviews and makes recommendations to the Board on director compensation and equity awards, on policies and programs for the development of management personnel, as well as management structure and organization. The Compensation Committee met once during the fiscal year ended September 30, 2009.

Nominating and Governance Committee. The Nominating and Governance Committee is composed of three directors. It considers nominations to the Board and recommends to the Board of Directors action related to Board composition, size and effectiveness and management succession plans for the positions of Chairman of the Board and Chief Executive Officer. The Nominating and Governance Committee met once during the fiscal year ended September 30, 2009.

Director Nominations

In identifying potential candidates and selecting nominees for directors, the Nominating and Governance Committee does not foreclose any sources. The Committee reviews candidates recommended by stockholders in the same manner and using the same general criteria as candidates recruited by the Committee or recommended by the Board.

The Nominating and Governance Committee does not rely on a fixed set of qualifications for director nominees. The Committee's primary objective for director nominees is to create a Board with a broad range of skills and attributes that is aligned with the Company's strategic needs.

The minimum qualifications for director nominees are that they:

- a) be able to dedicate time and resources sufficient for the diligent performance of the duties required of a member of the Board,
- b) not hold positions or interests that conflict with their responsibilities to the Company,
- c) comply with any other minimum qualifications for either individual directors or the Board as a whole mandated by applicable laws or regulations.

Additionally, at least a majority of members of the Board of Directors must qualify as independent directors in accordance with NASDAQ Capital Market independence rules.

The Nominating and Governance Committee's process for evaluating nominees for director, including nominees recommended by stockholders, is to consider their skills, character and professional ethics, judgment, leadership experience, business experience and acumen, familiarity with relevant industry issues, national and international

experience, and other relevant criteria as they may contribute to the Company's success. This evaluation is performed in light of the Committee's views as to what skill set and other characteristics would most complement those of the current directors, including the diversity, age, skills and experience of the Board as a whole.

- 11 -

In order to recommend a candidate for consideration by the Nominating and Governance Committee, a stockholder must provide the Committee with the candidate's name, background and relationship with the proposing stockholder, a brief statement outlining the reasons the candidate would be an effective director of the Company and information relevant to the considerations described above. Such information should be sent to the Nominating and Governance Committee of Tech/Ops Sevcon, Inc., 155 Northboro Road, Southborough, Massachusetts 01772, Attention: Corporate Secretary. The Committee may seek further information from or about the candidate, or the stockholder making the recommendation, including information about all business and other relationships between the candidate and the stockholder.

Director Compensation

Directors of the Company (except Mr. Boyle) are each paid \$18,000 per year for their services. Mr. Steadman, the Chairman of the Board of Directors, and each committee chairman, Mr. Rosenberg (Chairman of the Audit Committee), Mr. Hemsley (Chairman of the Compensation Committee), and Dr. Schorr (Chairman of the Nominating and Governance Committee), receives an additional \$3,000 per year for their duties as such. In fiscal 2009, in line with salary reductions in the company workforce, director fees were reduced by 10%.

Consistent with past practice, the Compensation Committee granted 2,000 shares of restricted stock to each of the non-employee directors on January 27, 2009. Restricted shares may not be sold, assigned, transferred, pledged or otherwise disposed of by the recipient until they vest. Such restricted shares will fully vest the day before the 2010 annual meeting of stockholders or, if earlier, upon the recipient's death or disability or upon a change in control of the Company. If the recipient's service as a director of the Company is terminated for any reason other than the recipient's death or disability, any unvested shares will be forfeited and returned to the Company, unless the Committee determines otherwise in its discretion.

The following table shows compensation paid to all non-employee directors who served during fiscal 2009:

Name	Fees Earned or Paid in	Stock Awards	Option	Total(\$)
	Cash (\$)	(\$)(1)(2)	Awards \$(1)(2)

David R.A. Steadman	20,125	7,507	-	27,632
Paul O. Stump	17,250	7,507	-	24,757

(1) Represents the compensation expense incurred by the Company relating to restricted stock awards and stock options held by the director during fiscal 2009, determined in accordance with FASB authoritative guidance in respect of accounting for stock based compensation using the methodology described in Note (1) E to the Company's Financial Statements included in the fiscal 2009 Form 10-K, which assumed that there would be no forfeitures of restricted stock awards. For options, the amount shown above assumes no forfeitures.

(2) As of September 30, 2009, the non-employee directors held restricted stock and options as follows:

Name	Restricted Stock	Outstanding Options	
	# Shares	# Shares	# Shares Vested
Maarten D. Hemsley	2,000	5,000	3,000
Paul B. Rosenberg	2,000	-	-

Bernard F. Start	2,000	-	-
David R.A. Steadman	2,000	-	-
Paul O. Stump	2,000	-	-

(3) Mr. Rosenberg is a participant in the Company's Directors Retirement Plan, which was terminated in 1997. The change in value of his accumulated benefit under the Plan in 2009 was \$2,341.

- 12 -

Stock Ownership Policy

In 2004, the Board adopted Equity Compensation Guidelines in which it established a target level of stock ownership for directors of twice the level of annual cash compensation. Grants of restricted stock will be intended in part to assist in reaching these levels of ownership over time. Shares held by members of a person's immediate family or a trust for his or their sole benefit may be counted towards the ownership requirement. Each director is required to refrain from selling Company stock acquired as restricted stock (other than to make required tax payments related to a grant) if the value, based on current market price, of his Company stock after the sale would be below his designated ownership level. The Compensation Committee has discretion to make exceptions in extraordinary circumstances where not contrary to Company goals, such as cases of significant personal hardship.

EXECUTIVE COMPENSATION

Compensation Tables

The following tables provide information for the last fiscal year concerning the compensation of each of the executive officers of the Company whose total compensation exceeded \$100,000 in the most recent fiscal year.

Fiscal 2009 Summary Compensation Table

Name and Principal Position	Year	Salary (\$)(1)	Bonus (\$)(1)	Stock Awards (\$)(2)	Option Awards (\$)(2)	All Other Compensation (\$)(1)	Total (\$)
Matthew Boyle President and Chief Executive Officer	2009	\$ 216,062	\$ -	\$ 34,315	\$ 9,800	\$ 9,577	\$ 269,754
Paul N. Farquhar Vice President and Chief Financial Officer	2008	\$ 290,172	\$ -	\$ 33,525	\$ 11,954	\$ 12,434	\$ 348,085
	2009	\$ 136,637	\$ -	\$ 26,149	\$ -	\$ 4,999	\$ 167,785
	2008	\$ 183,017	\$ -	\$ 23,899	\$ -	\$ 6,519	\$ 213,435

(1) Messrs. Boyle and Farquhar are residents of the United Kingdom and receive their cash compensation in British Pounds. The amounts shown in the table were determined using the exchange rates (ranging from \$1.37 to \$1.65 per Pound during fiscal 2009) in force on the respective payment dates. In April 2009, to preserve cash and lower the costs of the business, the executive officers, in line with the rest of the Company workforce, implemented a 10% salary sacrifice. This sacrifice was still in place at the end of the fiscal year although the Company restored salaries to previous levels in December 2009. The following table sets out their cash compensation as actually paid in British Pounds (£):

	Year	Salary (£)(1)	Bonus (£)(1)	All Other Compensation (£)
Mr. Boyle	2009	£141,550	£-	£ 6,954
	2008	£147,450	£-	£ 6,879
Mr. Farquhar	2009	£89,505	£-	£ 3,625

2008	£93,000	£-	£ 3,592
------	---------	----	---------

(2) The amounts shown in these columns do not reflect compensation actually received by the executive officer. Instead, they represent the compensation expense incurred by the Company relating to restricted stock awards and stock options, respectively, held by the officer during fiscal 2009. These amounts are determined in accordance with FASB authoritative guidance in respect of accounting for stock based compensation using the assumptions described in Note (1) E to the Company's financial statements included in the fiscal 2009 Form 10-K, except that no forfeitures of awards have been assumed.

(2) The shares subject to this option vest at 2,000 shares per year, beginning on April 30, 2010.

(3) These shares of restricted stock vest on the earlier of November 21, 2009, or the third business day after the Company publicly announces its financial results for fiscal 2009.

(4) These shares of restricted stock vest as to 3,000 shares per year on the third business day after the Company publicly announces its financial results for fiscal 2009 and the earlier of December 5, 2010, or the third business day after the Company publicly announces its financial results for fiscal 2010.

(5) These shares of restricted stock vest as to 3,000 shares per year on the third business day after the Company publicly announces its financial results for fiscal 2009, 2010, 2011, 2012, and the earlier of January 26, 2014, or the third business day after the Company publicly announces its financial results for fiscal 2013.

(6) These shares of restricted stock vest as to 3,000 shares per year on the third business day after the Company publicly announces its financial results for fiscal 2009, 2010, 2011, and the earlier of December 3, 2012, or the third business day after the Company publicly announces its financial results for fiscal 2012.

(7) These shares of restricted stock vest as to 2,000 shares per year on the third business day after the Company publicly announces its financial results for fiscal 2009, 2010, 2011, 2012, and the earlier of January 26, 2014, or the third business day after the Company publicly announces its financial results for fiscal 2013.

Pension Benefits

The executive officers participate in the Company's U.K. Retirement Plan, a defined benefit plan, under which benefits at retirement (normally, age 65) are based upon 1/60th of final U.K. - base salary (as defined in the Plan) for each year of service, subject to a maximum of 2/3rds of final U.K. - base salary. The employee contributes 6% of base salary, with the balance of the cost being met by the Company. Benefits under the U.K. Retirement Plan are computed solely on the U.K. base salary of participants, exclusive of bonuses, incentive and other compensation, and are not reduced on account of U.K. Social Security entitlement. The non-equity compensation of Messrs. Boyle and Farquhar is entirely U.K. based. A spouse's pension of 50% of the employee's pension is payable beginning at the death of the employee either before or during retirement. Pension payments escalate by at least 2.5% per year, compounded, and at a higher rate in certain circumstances.

Potential Payments upon Termination or Change in Control

Upon a change in control of the Company, whether or not the officer's employment is terminated, vesting of shares of restricted stock and unvested stock options held by each officer would accelerate. (For this purpose, a "change in control" means a change in control of the Company that would be required by SEC rules to be reported in the Company's proxy statement, including the acquisition by any person of beneficial ownership of securities of the Company representing 25% or more of the combined voting power of the Company's then outstanding securities.) The value of this accelerated vesting for each officer, assuming that a change of control had occurred on September 30, 2009, would have been as follows: Mr. Boyle (\$78,720) and Mr. Farquhar (\$72,160). These amounts consist of (i) the value of the shares of restricted stock for which vesting accelerated, based on the \$3.28 closing sale price of the Company's Common Stock on September 30, 2009, plus (ii) the difference between the exercise prices of the options for which vesting accelerated and \$3.28, multiplied by the respective numbers of option shares. Pursuant to their employment contracts, each of Mr. Boyle and Mr. Farquhar would be entitled to a minimum of three months pay on termination of employment. This amounts to £37,250 (\$59,578 at the exchange rate in effect on September 30, 2009) for Mr. Boyle and £23,500 (\$37,586) for Mr. Farquhar. The Company has no other arrangements with any executive officer to provide any other severance or benefits upon termination of employment or a change in control. Messrs. Boyle and Farquhar have each agreed not to compete with the Company for twelve months after termination of his employment.

AUDIT COMMITTEE REPORT

In the course of its oversight of the Company's financial reporting process, the Audit Committee of the Board of Directors has (i) reviewed and discussed with management the Company's audited financial statements for the fiscal year ended September 30, 2009, (ii) discussed with Caturano, the Company's independent auditors, the matters required to be discussed by Statement on Accounting Standard No. 61, Communication with Audit Committees, and (iii) received the written disclosures and the letter from Caturano required by applicable requirements of the Public Company Accounting Oversight Board regarding Caturano's communications with the Audit Committee concerning independence, and discussed with Caturano its independence.

Based on the foregoing review and discussions, the Committee recommended to the Board of Directors that the audited financial statements for the year ended September 30, 2009 be included in the Company's Annual Report on Form 10-K for filing with the Securities and Exchange Commission.

The purpose of the Tech/Ops Sevcon, Inc. 1996 Equity Incentive Plan as amended and restated (the “Plan”) is to attract and retain key employees, directors, and consultants of the Company and its Affiliates, to provide an incentive for them to achieve long-range performance goals, and to enable them to participate in the long-term growth of the Company.

Effective as of January 27, 2004, non-employee directors of the Company shall be eligible to participate in this Plan, any remaining shares of Common Stock available for grant under the Directors’ Plan shall instead be available for issue under this Plan, and no further options shall be granted under the Directors’ Plan. Shares issued under the Plan may consist in whole or in part of authorized but unissued shares or treasury shares.
- (b) Adjustment. In the event that the Committee determines that any stock dividend, extraordinary cash dividend, recapitalization, reorganization, merger, consolidation, split-up, spin-off, combination, exchange of shares, or other transaction affects the Common Stock such that an adjustment is required in order to preserve the benefits intended to be provided by the Plan, then the Committee (subject in the case of Incentive Stock Options to any limitation required under the Code) shall equitably adjust any or all of (i) the number and kind of shares in respect of which Awards may be made under the Plan, (ii) the number and kind of shares subject to outstanding Awards, and (iii) the exercise price with respect to any of the foregoing, and if considered appropriate, the Committee may make provision for a cash payment with respect to an outstanding Award, provided that the number of shares subject to any Award shall always be a whole number.
- (c) Limit on Individual Grants. The maximum number of shares of Common Stock subject to all Awards that may be granted under this Plan to any Participant in the aggregate in any calendar year shall not exceed 60,000 shares, subject to adjustment under subsection (b).

6. Stock Options

- (a) Grant of Options. Subject to the provisions of the Plan, the Committee may grant options ("Options") to purchase shares of Common Stock (i) complying with the requirements of Section 422 of the Code or any successor provision and any regulations thereunder ("Incentive Stock Options") and (ii) not intended to comply with such requirements ("Nonstatutory Stock Options"). The Committee shall determine the number of shares subject to each Option and the exercise price therefor, which shall not be less than 100% of the Fair Market Value of the Common Stock on the date of grant. No Incentive Stock Option may be granted hereunder more than ten years after the effective date of the Plan.
- (b) Terms and Conditions. Each Option shall be exercisable at such times and subject to such terms and conditions as the Committee may specify in the applicable grant or thereafter; provided that no Option shall be exercisable after the expiration of ten years from the date the Option is granted. The Committee may impose such conditions with respect to the exercise of Options, including conditions relating to applicable securities laws, as it considers necessary or advisable.
- (c) Payment. No shares shall be delivered pursuant to any exercise of an Option until payment in full of the exercise price therefor is received by the Company. Such payment may be made in whole or in part in cash or through a so-called "cashless" or "broker-assisted" exercise. To the extent permitted by the Committee at or after the grant of the Option, such payment may also be made by delivery of a note (subject to the limitations of Section 9(g)) or shares of Common Stock owned by the optionee, including vested Restricted Stock, or by retaining shares otherwise issuable pursuant to the Option, in each case valued at their Fair Market Value on the date of delivery or

retention, or such other lawful consideration as the Committee may determine.

7. Stock Appreciation Rights

- (a) Grant of SARs. Subject to the provisions of the Plan, the Committee may grant rights to receive any excess in value of shares of Common Stock over the exercise price (“Stock Appreciation Rights” or “SARs”) in tandem with an Option (at or after the award of the Option), or alone and unrelated to an Option. SARs in tandem with an Option shall terminate to the extent that the related Option is exercised, and the related Option shall terminate to the extent that the tandem SARs are exercised. The Committee shall determine at the time of grant or thereafter whether SARs are settled in cash, Common Stock or other securities of the Company, Awards or other property.
- (b) Exercise Price. The Committee shall fix the exercise price of each SAR or specify the manner in which the price shall be determined. An SAR granted in tandem with an Option shall have an exercise price not less than the exercise price of the related Option. An SAR granted alone and unrelated to an Option may not have an exercise price less than 100% of the Fair Market Value of the Common Stock on the date of the grant.
- (c) Limited SARs. An SAR related to an Option, which SAR can only be exercised upon or during limited periods following a change in control of the Company, may entitle the Participant to receive an amount based upon the highest price paid or offered for Common Stock in any transaction relating to the change in control or paid during a specified period immediately preceding the occurrence of the change in control in any transaction reported in the stock market in which the Common Stock is normally traded.

8. Restricted Stock and Restricted Stock Units

- (a) Grant of Restricted Stock. Subject to the provisions of the Plan, the Committee may grant shares of Common Stock subject to forfeiture (“Restricted Stock”) and determine the duration of the period (the “Restricted Period”) during which, and the conditions under which, the shares may be forfeited to the Company and the other terms and conditions of such Awards. Shares of Restricted Stock may be issued for no cash consideration or such minimum consideration as may be required by applicable law.
- (b) Restrictions. Shares of Restricted Stock may not be sold, assigned, transferred, pledged or otherwise encumbered, except as permitted by the Committee, during the Restricted Period. Shares of Restricted Stock shall be evidenced in such manner as the Committee may determine. Any certificates issued in respect of shares of Restricted Stock shall be registered in the name of the Participant and unless otherwise determined by the Committee, deposited by the Participant, together with a stock power endorsed in blank, with the Company. At the expiration of the Restricted Period, the Company shall deliver such certificates to the Participant or if the Participant has died, to the Participant’s Designated Beneficiary.
- (c) Restricted Stock Units. Subject to the provisions of the Plan, the Committee may grant the right to receive in the future shares of Common Stock subject to forfeiture (“Restricted Stock Units”) and determine the duration of the Restricted Period during which, and the conditions under which, the Award may be forfeited to the Company and the other terms and conditions of such Awards. Restricted Stock Unit Awards shall constitute an unfunded and unsecured obligation of the Company, and shall be settled in shares of Common Stock or cash, as determined by the Committee at the time of grant or thereafter. Such Awards shall be made in the form of “units” with each unit representing the equivalent of one share of Common Stock.

9. General Provisions Applicable to Awards

- (a) Reporting Person Limitations. Notwithstanding any other provision of the Plan, to the extent required to qualify for the exemption provided by Rule 16b-3 under the Exchange Act, Awards made to a Reporting Person shall not be transferable by such person other than by will or the laws of descent and distribution and are exercisable during such person's lifetime only by such person or by such person's guardian or legal representative. If then permitted by Rule 16b-3, such Awards shall also be transferable pursuant to a qualified domestic relations order as defined in the Code or Title I of the Employee Retirement Income Security Act or the rules thereunder.
- (b) Documentation. Each Award under the Plan shall be evidenced by a writing delivered to the Participant specifying the terms and conditions thereof and containing such other terms and conditions not inconsistent with the provisions of the Plan as the Committee considers necessary or advisable to achieve the purposes of the Plan (including but not limited to the requirement that a Participant satisfy Performance Goals) or to comply with applicable tax and regulatory laws and accounting principles.
- (c) Committee Discretion. Each type of Award may be made alone, in addition to or in relation to any other Award. The terms of each type of Award need not be identical, and the Committee need not treat Participants uniformly. Except as otherwise provided by the Plan or a particular Award, any determination with respect to an Award may be made by the Committee at the time of grant or at any time thereafter.
- (d) Dividends and Cash Awards. In the discretion of the Committee, any Award under the Plan may provide the Participant with (i) dividends or dividend equivalents payable currently or deferred with or without interest, and (ii) cash payments in lieu of or in addition to an Award.
- (e) Termination of Employment or Service. The Committee shall determine the effect on an Award of the disability, death, retirement or other termination of employment or service of a Participant and the extent to which, and the period during which, the Participant's legal representative, guardian or Designated Beneficiary may receive payment of an Award or exercise rights thereunder. Unless the Committee provides otherwise in any case, a Participant's employment or other service shall have terminated for purposes of this Plan at the time the entity by which the Participant is employed or to which the Participant renders service ceases to be an Affiliate of the Company.
- (f) Change in Control. In order to preserve a Participant's rights under an Award in the event of a change in control of the Company, the Committee in its discretion may, at the time an Award is made or at any time thereafter, take one or more of the following actions: (i) provide for the acceleration of any time period relating to the exercise or payment of the Award, (ii) provide for payment to the Participant of cash or other property with a Fair Market Value equal to the amount that would have been received upon the exercise or payment of the Award had the Award been exercised or paid upon the change in control, (iii) adjust the terms of the Award in a manner determined by the Committee to reflect the change in control, (iv) cause the Award to be assumed, or new rights substituted therefor, by another entity, or (v) make such other provision as the Committee may consider equitable to Participants and in the best interests of the Company.
- (g) Loans. The Committee may authorize the making of loans or cash payments to Participants in connection with the grant or exercise any Award under the Plan, which loans may be secured by any security, including Common Stock, underlying or related to such Award (provided that the loan shall not exceed the Fair Market Value of the security subject to such Award), and which may be forgiven upon such terms and conditions as the Committee may establish at the time of such loan or at any time thereafter. Notwithstanding the foregoing, no loans may be made to any director or executive officer (or equivalent thereof) of the Company which would be prohibited by

Section 13(k) of the Exchange Act.

- (h) **Withholding Taxes.** The Participant shall pay to the Company, or make provision satisfactory to the Committee for payment of, any taxes required by law to be withheld in respect of Awards under the Plan no later than the date of the event creating the tax liability. In the Committee's discretion, such tax obligations may be paid in whole or in part in shares of Common Stock, including shares retained from the Award creating the tax obligation, valued at their Fair Market Value on the date of delivery. The Company and its Affiliates may, to the extent permitted by law, deduct any such tax obligations from any payment of any kind otherwise due to the Participant.
- (i) **Foreign National Awards.** Notwithstanding anything to the contrary contained in this Plan, Awards may be made to Participants who are foreign nationals or employed outside the United States on such terms and conditions different from those specified in the Plan as the Committee considers necessary or advisable to achieve the purposes of the Plan or to comply with applicable laws.
- (j) **Amendment of Award.** The Committee may amend, modify or terminate any outstanding Award, including substituting therefor another Award of the same or a different type, changing the date of exercise or realization and converting an Incentive Stock Option to a Nonstatutory Stock Option, provided that the Participant's consent to such action shall be required unless the Committee determines that the action, taking into account any related action, would not materially and adversely affect the Participant.
- (k) **Exchange Programs.** In addition to the authority granted to the Committee in Section 9(j), the Committee may, without further shareholder approval, engage in one or more exchange offers under which Participants may elect to exchange or surrender their outstanding Awards (including awards made under the Directors' Plan) for other Awards or cash (each, an "Exchange Program"). Each Exchange Program shall provide that each eligible Participant must exchange or surrender Awards with a fair value (as determined by the Committee using established methods including but not limited to Black-Scholes) equal to or greater than the fair value of the replacement Award or the present value of any cash consideration, as the case may be. No Award granted on or after January 27, 2004, shall be eligible for any Exchange Program.
- (l) **Code Section 162(m) Provisions.** If the Committee determines at the time Restricted Stock or a Restricted Stock Unit is granted to a Participant that such Participant is, or may be as of the end of the tax year for which the Company would claim a tax deduction in connection with such Award, a Covered Employee, then the Committee may provide that the Participant's right to receive cash, Shares, or other property pursuant to such Award shall be subject to the satisfaction of Performance Goals during a Performance Period. Prior to the payment of any Award subject to this Section 9(l), the Committee shall certify in writing that the Performance Goals applicable to such award were met. The Committee shall have the power to impose such other restrictions on Awards subject to this Section 9(l) as it may deem necessary or appropriate to ensure that such Awards satisfy all requirements for "performance-based compensation" within the meaning of Section 162(m)(4)(C) of the Code.

10. Miscellaneous

- (a) **No Right To Employment.** No person shall have any claim or right to be granted an Award. Neither the Plan nor any Award hereunder shall be deemed to give any employee the right to continued employment or service, or to limit the right of the Company to discharge any Participant at any time.
- (b) **No Rights As Stockholder.** Subject to the provisions of the applicable Award, no Participant or Designated Beneficiary shall have any rights as a stockholder with respect to any shares of Common Stock to be distributed under the Plan until he or she becomes the holder thereof. A Participant to whom Common Stock is awarded shall be considered the holder of the Stock at the time of the Award except as otherwise provided in the applicable Award.

- (c) Effective Date. Subject to the approval of the stockholders of the Company, the Plan as herein amended and restated shall be effective on January 27, 2004. Unless terminated earlier by the Board, the Plan shall terminate such that no further Awards shall be made as of January 27, 2014.
- (d) Amendment of Plan. The Board may amend, suspend or terminate the Plan or any portion thereof at any time, subject to such stockholder approval as the Board determines to be necessary or advisable to comply with any tax or regulatory requirement.
- (e) Governing Law. The provisions of the Plan shall be governed by and interpreted in accordance with the laws of Delaware.
