Magic Software s iBOLT Recognized Again for

"Innovative Leadership In The Software Development Industry"

Included in the SD Times 100 For Leadership in Modeling

Irvine, California (May 26, 2005) - Magic Software Enterprises (Nasdaq: MGIC), a leading provider of state-of-the-art business integration and development technology, announced today that its iBOLT integration suite has once again been recognized by Software Development Times for innovative leadership, through its inclusion in the "SD Times 100".

Magic Software was again named as one of the influencers and leaders in the category of modeling. The SD Times listing noted that iBOLT's Business process and workflow designer eases common integration troubles. The SD Times 100 recognizes the leaders and innovators of the software development industry.

As a comprehensive solution, iBOLT (<http://www.magicsoftware.com/ibolt>) delivers full Business Process Management (BPM), Business Activities Monitoring (BAM), and Enterprise Application Integration (EAI) capabilities. Leveraging company Legacy and other IT investments, iBOLT's extreme flexibility enables rapid, end-to-end integration of diverse applications, databases, and files - whether standard or proprietary.

"Magic Software is once again honored by the industry as an innovation leader," said Menachem Hasfari, CEO of Magic Software Enterprises. "iBOLT's modelling abilities are just one of the many features provided in the iBOLT framework that will enhance any integration project.

About SD Times

Launched in February 2000, BZ Media's SD Times is the newspaper of record for the software-development industry. SD Times is published twice monthly in identical print and digital editions, and can also be read online at www.sdtimes.com.)

About Magic Software Enterprises
