PROXY STATEMENT

February 6, 2015

**CENTRAL SECURITIES CORPORATION
630 FIFTH AVENUE
NEW YORK, NEW YORK 10111
(Tel. No. 212-698-2020)**

This Proxy Statement and the enclosed proxy card are first being mailed to stockholders on or about February 6, 2015 in connection with the solicitation of proxies by the Board of Directors of Central Securities Corporation (the “Corporation” or “Central”) for use at the Annual Meeting of Stockholders of the Corporation to be held on March 18, 2015, or any adjournment thereof (the “Meeting”). Properly executed proxies received by the Corporation prior to the Meeting will be voted in accordance with the specific voting instructions indicated on the proxy. If no instructions are specified, the shares will be voted **FOR** the nominees for director, **FOR** Proposal 2 and **AGAINST** Proposal 3. Any proxy may be revoked at any time before it is exercised at the Meeting by the delivery of written notice to the Secretary of the Corporation, by executing and delivering a later-dated proxy or by appearing and voting in person by ballot at the Meeting.

The record date for stockholders entitled to vote at the Meeting is the close of business on January 23, 2015. On that date, the Corporation had outstanding 24,778,553 shares of Common Stock.

The holders of the Corporation’s Common Stock shall be entitled to one vote per share. The presence, in person or by proxy, of a majority of the issued and outstanding stock of the Corporation shall constitute a quorum for the transaction of business at the Meeting.

VOTING PROCEDURES

The election of directors (Proposal 1) requires the affirmative vote of a plurality of the shares of Common Stock present in person or represented by proxy at the Meeting and entitled to so vote. Shares of Common Stock represented by proxies which are marked “withhold authority” with respect to the election of any one or more nominees for election as director will not be voted with respect to the nominee or nominees so indicated. The ratification of the selection of the independent registered public accounting firm of the Corporation (Proposal 2) and the approval of Proposal 3, referred to above, require the affirmative vote of a majority of the shares of Common Stock present in person or represented by proxy at the Meeting and entitled to so vote. Shares of Common Stock represented by proxies which are marked “abstain” with respect to this matter will be counted for the purpose of determining the number of shares present and entitled to vote, and shall therefore have the same effect as if the shares represented thereby were voted

against such matter. Broker non-votes (where a nominee holding shares for a beneficial owner has not received voting instructions from the beneficial owner and such nominee does not possess or choose to exercise his discretionary authority with respect thereto) will be treated as present for purposes of determining a quorum but not entitled to vote at the Meeting for the purpose of determining the number of votes needed with respect to each item to be voted upon, and shall therefore have no effect on such vote.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Corporation’s directors, executive officers and persons who own more than ten percent of a registered class of the Corporation’s equity securities to file with the Securities and Exchange Commission (the “SEC”) initial reports of ownership and reports of changes in ownership of Common Stock of the Corporation. Officers, directors and greater than ten percent beneficial owners are required by SEC regulation to furnish the Corporation with copies of all Section 16(a) forms they file.

To the Corporation’s knowledge, based solely on review of copies of such reports furnished to the Corporation and written representations that no other such reports were required, all Section 16(a) filing requirements applicable to its officers, directors and greater than ten percent beneficial owners were complied with in 2014.

PROPOSAL 1. ELECTION OF DIRECTORS

The Board of Directors nominates, based on the recommendation of the Corporation’s Compensation and Nominating Committee, seven directors to hold office until the next Annual Meeting of Stockholders and until their successors are elected and qualified. The Board of Directors seeks as directors individuals who have high integrity, are business savvy, maintain an owner-oriented attitude and possess a deep genuine interest in the Corporation. The Board of Directors has nominated and recommends for election Mr. L. Price Blackford, Mr. Simms C. Browning, Mr. Donald G. Calder, Mr. David C. Colander, Mr. Jay R. Inglis, Mr. Wilmot H. Kidd and Mr. C. Carter Walker, Jr. All of the nominees have consented to become directors and all were elected at the last Annual Meeting of Stockholders.

Duly authorized proxies will be voted for the above-listed nominees. If any nominee for director is unable or declines to serve, for any reason not now foreseen, the discretionary authority provided in the

proxy will be exercised to vote for a substitute. Information about the nominees, including positions with the Corporation and directorships of public corporations during the past five years, is set forth below. This information includes the experience, qualifications and skills that each individual brings to the Board.

Interested Director:

Wilmot H. Kidd, age 73, has been a director of the Corporation since 1972. He has served as its President since 1973 and in addition to his duties as President, became Chairman of the Board of Directors in 2010. Mr. Kidd is primarily responsible for the Corporation's investments and research. Mr. Kidd has provided guidance to the Corporation and brings to the Board an understanding of the Corporation and its strategy acquired through more than forty years of involvement with the Corporation.

Independent Directors:

L. Price Blackford, age 63, has been a director of the Corporation since 2012. He has been a Managing Director with Scott-Macon, Ltd, an investment bank, since 2013. He was a Senior Advisor with Sagent Advisors LLC, an investment bank, from 2010 to 2013 and was a Managing Director with Sagent Advisors prior thereto. Mr Blackford brings to the Board experience in mergers and acquisitions, recapitalizations, financing and general corporate finance advisory activities.

Simms C. Browning, age 74, has been a director of the Corporation since 2005. Mr. Browning retired in 2003 following a 33-year career with Neuberger Berman, LLC, an asset manager, where he served as a Vice President in research, sales and asset management capacities. He is a certified financial analyst. Mr. Browning brings to the Board extensive experience in research and investing.

Donald G. Calder, age 77, has been a director of the Corporation since 1982. Mr. Calder has been the Chairman of Clear Harbor Asset Management, LLC since 2010 after a 45-year affiliation with G.L. Ohrstrom & Co., a private investment firm, where he served as President. Mr. Calder served as a director of Brown-Forman Corporation until 2010, Carlisle Companies, Inc. until 2009 and Roper Industries, Inc. until 2008. Mr. Calder brings to the Board knowledge of private equity investing. In addition, Mr. Calder's service on other public company boards provides him with valuable experience.

David C. Colander, age 67, has been a director of the Corporation since 2009. He currently serves as the Corporation's Lead Independent Director. Mr. Colander is a Professor of Economics at Middlebury College. He has authored or co-authored numerous economics textbooks and articles. Mr. Colander brings to the Board insight with respect to general economic conditions.

Jay R. Inglis, age 80, has been a director of the Corporation since 1973. He is currently retired after a long career as an attorney in the insurance industry. From 2006 to 2014, he was Vice President and General Counsel for International Claims Management, Inc., an insurance management company. Prior thereto, he was Executive Vice President of National Marine Underwriters, an insurance management company. Mr. Inglis has a broad perspective based on his tenure on the Corporation's Board as well as his experience as a lawyer, investment banker and insurance executive.

C. Carter Walker, Jr., age 80, has been a director of the Corporation since 1974. Mr. Walker is a private investor with over forty years of banking and investment experience. He provides insight based on his years of experience on the Corporation's Board.

The Board believes that each Director's experience, qualifications, attributes and skills should be evaluated on an individual basis and in consideration of the perspective such Director brings to the entire Board, with no single Director, or particular factor, being indicative of Board effectiveness.

Board Composition and Leadership Structure

Currently, all of the directors are independent except Mr. Kidd, who is an "interested person" as defined under the Investment Company Act of 1940, as amended (the "Act"). Mr. Kidd is the Chairman of the Board of Directors in addition to his position as President of the Corporation. The Board has also designated a Lead Independent Director who presides over executive sessions of the Directors and serves between meetings as a liaison between the Directors and management on various matters, including determining agenda items for Board meetings. Currently, Mr. Colander serves as the Lead Independent Director; however, the individual designated as Lead Independent Director may rotate from time to time. The Board holds executive sessions, without interested Directors or members of management, at least quarterly.

The Board has determined that its current leadership structure is appropriate because it enables the Board to exercise informed and independent judgment through a leader who is directly accountable to the Board. Mr. Kidd's extensive knowledge of the Corporation together with his strategic abilities provides the Board with strong leadership and helps improve the efficiency of decision making by the Board. The Board believes that this leadership structure is in the best interest of the Corporation and its stockholders at this time in light of Mr. Kidd's unique qualifications, and that the appropriate leadership structure is a matter that should be discussed and determined by the Board from time to time based on all of the then-existing facts and circumstances.

Board Committees and Meetings

The Board of Directors held eight regular meetings in 2014. All directors attended at least 75 percent of the meetings of the Board of Directors and meetings of the committees on which they served during the period they served as directors. The Board of Directors maintains an Audit Committee and a Compensation and Nominating Committee. Both the Audit Committee and the Compensation and Nominating Committee consist of Messrs. Blackford, Browning, Calder, Colander, Inglis and Walker, each of whom are independent as defined in Section 803(A) of the NYSE MKT exchange's listing standards and none of whom are "interested persons" as defined under the Act.

The Compensation and Nominating Committee met twice during 2014. The Committee is responsible for the review and recommendation of candidates for the Board of Directors. In addition to these responsibilities, the Compensation and Nominating Committee administers the Corporation's 2012 Incentive Compensation Plan and reviews and approves the compensation of the officers of the Corporation. The committee operates subject to a charter which may be viewed on the Corporation's website at www.centalsecurities.com.

The Compensation and Nominating Committee considers director nominee recommendations by stockholders provided that the names of such nominees, accompanied by relevant biographical information, are submitted in writing to the Secretary of the Corporation. Any such recommendation must be accompanied by a written statement from the individual indicating his or her consent to be named as a candidate, and, if nominated and elected, willingness to serve as director.

The process that the Compensation and Nominating Committee uses in reviewing and recommending candidates includes identifying, through soliciting, recruiting and interviewing, candidates who meet the current needs of the Board. The Compensation and Nominating Committee does not have any specific minimum qualifications that must be met by a nominee. The Compensation and Nominating Committee considers, among other things, an individual's judgment, background and experience. Each Director should have very high integrity, the ability to work constructively with others, business savvy, an owner-oriented attitude and a genuine interest in the Corporation. With respect to nomination of continuing directors, the individual's past service to the Board is also considered. Each Director should have sufficient time available to devote to the affairs of the Corporation and should be free of any conflict which would interfere with the proper performance of the responsibilities of a Director. The independence requirements of the NYSE MKT and whether the individual is an "interested person" under the Act are also considered. The Compensation and Nominating Committee does not have a formal policy regarding the consideration of diversity of Board candidates. There are no differences in the manner in which the Compensation and Nominating Committee evaluates stockholder-recommended director nominees.

The Audit Committee assists the Board of Directors by overseeing the accounting and financial reporting process of the Corporation and the audits of its financial statements. It operates subject to a charter which has been reviewed by the Audit Committee and approved and adopted by the Board of Directors. The Audit Committee charter may be viewed on the Corporation's website at www.centalsecurities.com. The Audit Committee met two times during 2014.

Oversight Responsibilities

The Corporation's operations entail a variety of risks including investment, administration, valuation and compliance matters. Although management of the Corporation is responsible for managing these risks on a day-to-day basis, the Board also addresses these risks as part of its regular meetings. In particular, as part of its general oversight, the Board reviews with management the risks being undertaken by the Corporation. The Audit Committee discusses the Corporation's financial reporting and internal controls with management and the independent registered public accounting firm engaged by the Corporation. The Board reviews valuation policies and procedures and considers the valuation of illiquid securities. The Board's oversight function is facilitated by management reporting processes that are designed to provide visibility to the Board about the identification, assessment and management of critical risks and the controls, policies and procedures to mitigate those risks. The Corporation believes that its leadership structure enhances risk oversight.

Stockholder Communications

Stockholders may send written communications to any member of the Board of Directors c/o Corporate Secretary, Central Securities Corporation, 630 Fifth Avenue, New York, New York, 10111. All communications will be compiled by the Corporate Secretary and submitted to the director.

Each of the Corporation's directors is encouraged to attend the annual meeting of stockholders in person. All of the Corporation's directors attended the Corporation's 2014 Annual Meeting.

The Board of Directors recommends a vote FOR the election of each of the seven nominees for Directors.

EXECUTIVE OFFICERS OF THE CORPORATION

The executive officers of the Corporation are Mr. Wilmot H. Kidd, President, Ms. Marlene A. Krumholz, Vice President and Secretary, Mr. Andrew J. O'Neill, Vice President, and Mr. Lawrence P. Vogel, Vice President and Treasurer. Information concerning Mr. Kidd is given above under "Election of Directors." Ms. Krumholz, 51, was elected Secretary in 2001 and Vice President in 2009. Mr. O'Neill, 42, joined the Corporation in 2009 and was elected Vice President in 2011. Mr. Vogel, 58, joined the Corporation in 2009 and was elected Vice President in 2009 and Treasurer in 2010. Executive officers serve as such until the election of their successors.

Description of the 2012 Incentive Compensation Plan

In 2012, the Board of Directors adopted an incentive compensation plan for the Corporation, titled the 2012 Incentive Compensation Plan (the "Plan"). The Plan was approved by stockholders at the 2012 Annual Meeting.

Administration

The Plan is administered by the Compensation and Nominating Committee (the "Committee"). The Committee has general responsibility to ensure that the Plan is operated in a manner that serves in the best interests of the Corporation's stockholders. Prior to making any grants of awards, but at least annually, the Committee reviews the potential impact that the grant, exercise or vesting of awards could have on the Corporation's earnings and net asset value per share. The Committee also maintains adequate procedures and records relating to that review.

Eligible Participants

The Committee approves and recommends to the Board, and the Board has full and final authority to ratify, the Corporation's officers and employees selected to receive awards under the Plan. The individuals who receive grants under the Plan are referred to as a "Participant" individually and collectively as "Participants." All of the Corporation's full-time employees are eligible to participate in the Plan. In addition, all non-employee directors of the Corporation are eligible to participate in the Plan and will receive awards as described below under "Non-Employee Director Awards."

Available Shares

The Corporation has reserved and has made available for use 1,000,000 shares of the Corporation's Common Stock, which was approximately four percent of the Corporation's Common Stock outstanding on the effective date of the Plan. During the year ended December 31, 2014, 9,855 shares of Common Stock were awarded under the Plan and 7,976 shares were issued after giving effect to shares withheld for income taxes. As of December 31, 2014, 973,805 shares were available for future grants under the Plan.

No single Participant may be granted awards relating to more than 35 percent of the shares of the Corporation's Common Stock reserved for issuance under the Plan. In addition, the Plan limits the total number of shares that may be awarded to any single Participant in any 36-month period in connection with all types of awards to 250,000 shares of Common Stock.

Awards

The Plan permits the Committee to grant the following types of awards:

- Bonus stock;
- Restricted stock;
- Restricted stock units;
- Cash awards.

In addition, the Plan permits dividend equivalents to be awarded in connection with any award under the Plan while the awards are outstanding or otherwise subject to a restriction. The Plan permits the Committee to prescribe in an award agreement any other terms and conditions of that award. As described below, the Committee may designate any award under the Plan as a performance award subject to performance conditions. The Plan is also intended to qualify certain compensation awarded under the Plan for tax deductibility under Internal Revenue Code Section 162(m), which provides that compensation in excess of \$1 million to certain officers of a public company is not deductible for income tax purposes unless it qualifies as "performance-based compensation."

The types of awards are described more fully below. Grants to non-employee directors are limited to those described below. See "Non-Employee Director Awards."

Bonus Stock. The Plan permits the Committee to make grants of bonus stock. Except as otherwise determined by the Committee, bonus stock will vest immediately and shall not be subject to any restrictions.

Restricted Stock. The Plan permits the Committee to make grants of shares of the Corporation's Common Stock as restricted stock. Restricted stock is stock that is subject to restrictions on transferability, risk of forfeiture and/or other restrictions. A Participant who receives restricted stock will have all the rights of a stockholder, including the right to vote the restricted stock and the right to receive dividends, unless the Participant is limited by the terms of the Plan or any award agreement relating to the restricted stock. Except as otherwise determined by the Committee, during the period of restriction, the Participant may not sell, transfer, pledge, hypothecate, margin or otherwise encumber the restricted stock.

Restricted Stock Units. The Plan permits the Committee to make grants of restricted stock units to Participants. Restricted stock units represent rights to receive stock and are subject to certain restrictions and a risk of forfeiture.

Cash Awards. The Plan permits the Committee to make grants of awards paid in cash. Cash awards in excess of the limitations for deductibility under Internal Revenue Code Section 162(m) may be granted only upon the attainment of performance goals specified by the Committee. The Committee may substitute shares of Common Stock for all or a portion of the cash payment otherwise required to be made pursuant to a cash award. Cash awards to any one Participant may not exceed \$3,000,000 with respect to any fiscal year.

Performance Awards. The Plan permits the Committee to make any award under the Plan subject to performance conditions. The Corporation may pay performance awards in cash or shares of the Corporation's Common Stock. The grant, exercise and/or settlement of performance awards will be contingent upon achievement of pre-established performance goals, unless the Committee determines that a performance award is not intended to qualify as "performance-based compensation" for purposes of Internal Revenue Code Section 162(m).

Forfeiture of Awards. Shares of Common Stock subject to an award under the Plan that are cancelled, expired, forfeited, settled in cash or otherwise terminated without delivery of shares to the Participant, plus the number of shares withheld or surrendered in payment of any taxes relating to any award will again be available for awards under the Plan, except if such shares could not again be available to a particular Participant under any applicable law or regulation, such shares shall be available exclusively for awards to Participants who are not subject to such limitation.

Non-Employee Director Awards

Immediately following each annual meeting of stockholders, each non-employee director who is elected a director at, or who was previously elected and continues as a director after, that annual meeting shall receive an award of 500 shares of vested bonus stock of the Corporation. A non-employee director who is first elected to the Board of Directors other than at an annual meeting will also receive an award of 500 shares of vested bonus stock at the date of his or her election.

Operation of the Plan

Under the Plan, the Committee, subject to ratification by the Board, may grant awards (except for non-employee director awards) either alone or in addition to, or in substitution or exchange for any other award or any award granted under another plan of the Corporation or any subsidiary of the Corporation.

401(k) Profit Sharing Plan

The Corporation maintains a 401(k) Profit Sharing Plan (the “Profit Sharing Plan”). Generally, all salaried employees of the Corporation are eligible to participate in the Profit Sharing Plan. Employees are able to make pre-tax or after-tax contributions from their compensation to the Profit Sharing Plan, subject to Internal Revenue Code limitations. In addition, the Profit Sharing Plan allows contributions by the Corporation from its profits of up to 25 percent of an employee’s compensation. The Corporation has agreed to contribute at least three percent of each participant’s qualifying compensation to the Profit Sharing Plan, which is immediately vested. For the year ended December 31, 2014, the Corporation contributed 15 percent of employee compensation to the Profit Sharing Plan, subject to Internal Revenue Code limitations. Each participant’s contributions received from the Corporation in excess of three percent vest after three years of employment. REPORT OF THE AUDIT COMMITTEE

The Audit Committee has reviewed the audited financial statements of the Corporation for the year ended December 31, 2014, and has met with management and KPMG LLP, the Corporation’s independent registered public accounting firm, to discuss the audited financial statements.

The Audit Committee received from KPMG LLP written disclosures regarding its independence and the letter required by the applicable requirements of the Public Company Accounting Oversight Board (“PCAOB”), and has discussed with KPMG LLP its independence. In connection with its review, the Audit Committee has also discussed with KPMG LLP the matters required to be discussed by the applicable requirements of the PCAOB.

Members of the Audit Committee necessarily rely on the information provided to them by management and the independent auditors. Accordingly, the Audit Committee’s considerations and discussions referred to above do not assure that the audit of the Corporation’s financial statements has been carried out in accordance with generally accepted auditing standards, that the financial statements are presented in accordance with generally accepted accounting principles or that the Corporation’s auditors are “independent.”

Based on its review and discussions with management and KPMG LLP, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Corporation’s Annual Report to Stockholders for the year ended December 31, 2014.

PROPOSAL 2. RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Pursuant to its charter, the Audit Committee is responsible for recommending the selection, approving the compensation and overseeing the independence, qualifications and performance of the independent accountants. The Audit Committee's policy is to pre-approve all audit and permissible non-audit services provided by the independent accountants. In assessing requests for services by the independent accountants, the Audit Committee considers whether such services are consistent with the auditor's independence; whether the independent accountants are likely to provide the most effective and efficient service based upon their familiarity with the Corporation; and whether the service could enhance the Corporation's ability to manage or control risk or improve audit quality. The Audit Committee may delegate pre-approval authority to one or more of its members. Any pre-approvals by a member under this delegation are to be reported to the Audit Committee at its next scheduled meeting.

Audit Fees and Services

During the last two fiscal years, the Corporation engaged KPMG LLP for its services as follows:

	2014	2013
Audit fees	\$ 79,500 (1)	\$ 111,670 (1)
Audit-related fees	—	—
Tax fees	19,000 (2)	19,000 (2)
All other fees	—	—
Total	\$ 98,500	\$ 130,670

(1) Includes fees for review of the semi-annual report to stockholders and audit of the annual report to stockholders.

(2) Includes fees for services performed with respect to tax compliance and tax planning.

All of the services provided by KPMG LLP for fiscal years 2014 and 2013 (described in the footnotes to the table above) and related fees were approved in advance by the Audit Committee.

At a meeting held January 28, 2015, a majority of the directors who were not "interested persons" (as defined under the Act) selected KPMG LLP to act as independent registered public accountants for the Corporation during 2015. A representative of KPMG LLP is not expected to be present at the Meeting.

Stockholders are invited to ratify the selection of KPMG LLP as the independent registered public accounting firm of the Corporation for the year 2015. KPMG LLP has no direct or material indirect financial interest in the Corporation other than its employment in such capacity.

The Board of Directors recommends a vote FOR this proposal.

PROPOSAL 3. STOCKHOLDER PROPOSAL

A stockholder, Special Opportunities Fund, Inc. (the “Proponent”), 615 East Michigan Street, Milwaukee, WI 53202, has informed the Corporation that it intends to submit a proposal at the Annual Meeting and has requested that the Corporation include the proposal in this year’s proxy material. The Proponent has represented that it has held at least \$2,000 of the Corporation’s Common Stock continuously for at least one year. **The Board of Directors unanimously recommends that you vote AGAINST the proposal.** The proposal and the Proponent’s supporting statement, exactly as received from the Proponent, are set forth below and are followed by the Board’s explanation of its reasons for opposing the proposal.

Proponent’s Proposal:

RESOLVED: The shareholders of Central Securities Corporation (the Fund) request that the Board of Directors consider whether the Fund should be liquidated.

Proponent’s Supporting Statement:

The last time the Fund’s shares traded at close to net asset value was 1997. Since then, the discount has generally been in the double-digits and shows no sign of narrowing. In fact, the discount has exceeded 15% on the last day of every quarter over the past five years and is generally one of the widest discounts in the closed-end fund universe. Consequently, we think it is appropriate for the Board of Directors to now consider whether it is time for the Fund to be liquidated so that shareholders can realize the intrinsic value of their shares.

If you agree that it is time to implement measures to address the Fund’s persistent double-digit discount, please vote for this (non-binding) proposal.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE AGAINST THIS STOCKHOLDER PROPOSAL FOR THE REASONS SET FORTH BELOW

Central Securities has been in business since 1929, a period of great social and economic change. During this time, Central Securities has provided its stockholders with good long-term investment results. The proposal above requests the Board of Directors to consider whether the Corporation should be liquidated. In evaluating the proposal, the Board, together with management, considered the merits of a liquidation of the Corporation, and your directors, after careful consideration, are convinced liquidating the Corporation at this time is not in the best interests of the stockholders and recommend that you vote against the resolution set forth above. The reasons for our recommendation are set forth below. However, the basis for our recommendation rests on the fundamental view of the Corporation as an investment vehicle with a focus on long-term capital appreciation and a commitment to the long-term investor.

The Board's Statement of Opposition

The Board decided against liquidation for the following reasons:

In order to carry out a liquidation, it would be necessary to sell all of the holdings in the portfolio and distribute the cash proceeds to all stockholders. A forced liquidation would most likely result in the Corporation receiving unfavorable prices for its less liquid holdings, including its investment in The Plymouth Rock Company, which is privately-held and comprises approximately 20% of the Corporation's assets. In our judgment, stockholders would most likely receive substantially less in such a liquidation than they would if these securities were to be sold over time in the ordinary course of ongoing business operations.

Liquidation would be an unplanned taxable event that would result in a capital gain for the majority of stockholders. Many of our stockholders have a low cost basis; thus, a liquidation could create a substantial tax liability for these stockholders. As a result, the net after-tax proceeds available for reinvestment for these stockholders would be less than the value of the assets currently working for them in Central.

The discount can represent an opportunity for long-term investors. Usually, shares of closed-end funds sell at prices below their underlying net asset values (at a discount). When shares sell at a discount, they represent a buying opportunity for individuals. For example, when a closed-end fund is trading at a 15% discount, investors can buy a dollar's worth of assets for \$0.85 and obtain the investment returns generated by the full dollar.

Discounts also represent an opportunity for the issuing company to repurchase shares on behalf of its stockholders, thus increasing the net asset value per share. In the ten-year period ended December 31, 2014, Central has repurchased over \$60 million of its Common Stock at a weighted average discount of approximately 16% from net asset value (calculated by dividing the sum of the dollar discount for each share repurchased during the period by the sum of the net asset value of each such share).

As a closed-end investment company, Central does not have to address the liquidity concerns that confront open-end investment companies. This stability provides Central with the ability to be largely fully invested (subject to market factors) in a wide range of companies for the long-term. The Corporation's long-term, low turnover investment philosophy has enabled it to generate significant gains over time. This approach to investing has permitted the Corporation to regularly realize and distribute capital gains, allowing Central stockholders to increase their stake in Central year-by-year by electing to take these distributions in shares. Alternatively, stockholders may elect to take a cash distribution if desired. Central has distributed over \$390 million in dividends and capital gains to stockholders in the ten-year period ended December 31, 2014, which is an average annual distribution rate of 8% per year (calculated by dividing the total stockholder distributions per share each year by the average daily closing market price of the Corporation's Common Stock during each such year and then averaging the resulting distribution rates for each year in the period). Further, as of December 31, 2014, the Corporation had approximately \$294 million of unrealized gains in its portfolio.

Summary:

Your Directors believe that most of the Corporation's shares are held by stockholders with a long-term interest in investing in a professionally managed investment company at a competitive cost. Liquidating the Corporation would force stockholders to surrender their current investment in exchange for a one-time cash pay-out in an unplanned taxable event that we expect will net them less than the value of the assets currently working for them in Central. Your Directors believe that Central should continue in its present form and that liquidation is not advisable or in the best interests of Central's stockholders.

This proposal is advisory only and requests the Board to consider taking specific action. Liquidating the Corporation cannot occur unless a proposal to liquidate is approved by the Board and by the stockholders at a subsequent meeting of stockholders. At that meeting, at least a majority of the outstanding stock of the Corporation would then have to be voted in favor of a proposed liquidation.

The Board of Directors believes that your vote AGAINST the proposal will be in the best interests of the Corporation's stockholders.

OTHER MATTERS

The Board of Directors knows of no other matters which may properly be, and are likely to be, brought before the Meeting. However, if any proper matters are brought before the Meeting, the persons named in the enclosed form of proxy will have discretionary authority to vote thereon according to their best judgment.
