In addition to the formal business to be transacted, management will make a presentation on developments of the past year and respond to comments and questions of general interest to shareholders.

It is important that your shares be represented and voted whether or not you plan to attend the annual meeting in person. You may vote by completing and mailing the enclosed proxy card. Voting by written proxy will ensure your shares are represented at the annual meeting. Please review the instructions on the proxy card or the information forwarded by your bank, broker or other holder or record regarding each of these voting options.

PROXY STATEMENT

Proxy Solicitation

This proxy statement is furnished in connection with the solicitation of the accompanying proxy by the board of directors of Bone Care International, Inc. (sometimes referred to as the Company, Bone Care, we, our or us) for use at the 2004 annual meeting of shareholders to be held at the Ritz-Carlton Chicago, 160 East Pearson Street, Chicago, Illinois 60611, on Tuesday, November 23, 2004, at 9:00 a.m., local time, and at any adjournments thereof.

At the meeting, shareholders will consider proposals to: (1) elect three directors to serve until the 2007 annual meeting of shareholders, (2) approve an amendment to our 2003 Stock Incentive Plan, (3) approve an amendment to our articles of incorporation to increase the number of our authorized shares of common stock from 28 million to 75 million and to increase the number of our authorized shares of preferred stock from 2 million to 10 million, (4) approve an agreement and plan of merger to effect a change of our state of incorporation from Wisconsin to Delaware and to increase the number of our authorized shares of common and preferred stock as provided in proposal (3), and (5) ratify the selection of Deloitte & Touche LLP as our independent auditors for the fiscal year ending June 30, 2005. The board of directors does not know of any other matters to be brought before the meeting; however, if other matters should properly come before the meeting, it is intended that the persons named in the accompanying proxy will vote on such matters at their discretion.

Shareholders who execute proxies retain the right to revoke them at any time prior to the voting thereof by attending the meeting and voting in person or by advising our secretary of such revocation in writing (by later-dated proxy which is voted at the meeting or otherwise).

The notice of the annual meeting, this proxy statement, the accompanying form of proxy, and our 2004 annual report, including financial statements for the fiscal year ended June 30, 2004, were first mailed to shareholders on or about October 22, 2004.

Shareholders Entitled to Vote

Only holders of record of the shares of our common stock at the close of business on October 12, 2004, the record date for the annual meeting, are entitled to notice of and to vote at the annual meeting and at any adjournments thereof. Shareholders will be entitled to one vote for each full share held. On October 12, 2004, there were 19,420,935 of common stock outstanding and entitled to vote at the annual meeting. Appearance at the annual meeting in person or by proxy of the holders of common stock entitled to cast at least 9,710,468 votes is required for a quorum. Shares represented by abstentions or broker non-votes will be counted as shares that are present and entitled to vote for purposes of determining the presence of a quorum. A broker non-vote occurs when a registered broker holding a customer's shares in the name of the broker has not received voting instructions on the matter from the customer and is barred by applicable rules from exercising discretionary voting authority in the matter.

Voting Information

With respect to Proposal No. 1, the election of three directors, directors will be elected by a plurality of the votes cast. This means that the director nominees with the most affirmative votes are elected. Abstentions and withholding authority to vote for a nominee will not affect whether a nominee receives a plurality of votes. With respect to Proposal No. 2, the approval of an amendment to our 2003 Stock Incentive Plan, action of shareholders will be taken by a majority of the votes cast, excluding abstentions. Abstentions will be treated as not voted and will not be counted as votes for or against the proposal. With respect to Proposal No. 3, the amendment to our articles of incorporation to increase the number of authorized shares of common and preferred stock, action of shareholders will be taken by a majority of the votes cast, excluding abstentions. Abstentions will be treated as not voted and will not be counted as votes for or against the proposal. With respect to Proposal No. 4, the approval of the agreement and plan of merger will require the affirmative vote of

Table of Contents

60% of all of the shares of common stock outstanding on the record date. Accordingly, abstentions and broker non-votes will have the same effect as votes against the proposal. With respect to Proposal No. 5, ratification of Deloitte & Touche LLP as our independent auditors for the fiscal year ending June 30, 2005, action of the shareholders will be taken by a majority of the votes cast, excluding abstentions. Abstentions will be treated as not voted and will not be counted as votes for or against the proposal.

Proxies in the accompanying form, properly executed and received by us at or prior to the meeting and not revoked, will be voted as directed therein on all matters presented at the meeting. In the absence of a specific direction from the shareholder as to a proposal, the shareholder's proxy will be voted FOR the election of the director nominees named in this proxy statement, FOR the amendment of our 2003 Stock Incentive Plan, FOR the amendment of our articles of incorporation to increase the number of our authorized shares of common and preferred stock, FOR the agreement and plan of merger to effect our reincorporation and to effect such increases in our authorized shares and FOR ratification of the selection of our independent auditors.

If any additional matters should properly come before the annual meeting, then, except as otherwise provided by law or by our articles of incorporation or bylaws with respect to particular types of matters, action of the shareholders would be taken by a majority of the votes cast at the annual meeting, excluding abstentions which would not be counted as votes for or against.

Your vote is important. Accordingly, you are asked to complete, sign and return the accompanying proxy card (or voting instruction sheet for your broker or other nominee), whether or not you plan to attend the annual meeting. If you plan to attend the annual meeting to vote in person and your shares are registered with our transfer agent in the name of a broker or other nominee, you must secure a proxy card from the broker or other nominee assigning voting rights to you for your shares.

Important Notice Regarding Delivery of Security Holder Documents: Future Householding of Mailings to Shareholders who Share the same Residential Address and hold Their Stock in Street Name

In December 2000, the SEC enacted rules allowing multiple shareholders residing at the same address the convenience of receiving a single copy of proxy and information statements, annual reports and prospectuses if they consent to do so. This is known as householding. Individual companies may seek the consent of their shareholders to householding. Brokers and banks maintaining accounts for shareholders may also seek consent to householding. The process of householding allows companies, brokers and banks to reduce the number of copies of materials which must be printed and mailed; this saves printing and mailing costs and reduces the mailbox congestion which results from multiple copies of the same material. Under householding, each shareholder continues to receive a separate proxy card or, in the case of securities held in street name accounts, a separate voting instruction form.

Some Bone Care stock is held in street name accounts, i.e., by brokers or banks or other intermediaries who maintain accounts for their clients. This year ADP, the agent for most of the brokers and banks who maintain accounts for our shareholders, is soliciting our shareholder consent to future householding. We consent to this future householding. It is expected to result in convenience to shareholders and cost savings to us and the intermediaries.

If you hold your Bone Care stock in street name, and if your broker or other intermediary uses ADP as its agent, and if you have not previously consented directly or indirectly that ADP household materials for the companies whose stock you beneficially own through your street name account, you will receive with this year's Bone Care proxy statement and annual report a separate notice explaining householding. The ADP Voting Instruction Form enclosed with these materials contains a section in which you can indicate your consent to, or objection to, future householding of our mailings. If you do not indicate objection to

Table of Contents

householding by either checking **Against** on the Voting Instruction Form or calling the number listed on the Voting Instruction Form, you will be deemed to have given your implied consent to future householding, and householding for your account will start 60 days after the date of the ADP mailing of this year's materials to you. Affirmative or implied consent to householding remains in effect until you revoke it by calling the telephone number supplied in the householding election section of the Voting Instruction Form. If you revoke the householding election, you will begin receiving individual copies within 30 days after the revocation.

If you are in a householding group for your street name account and would like, nonetheless, to receive a separate copy of our proxy statement and/or annual report, please write to us at 1600 Aspen Commons, Middleton, WI 53562, Attention: Investor Relations, or call us at 608-662-7800, and we will send you a copy. If you are in a householding group for your street name account and, in the future, would like to stop householding for your street name account or if you initially objected to householding but later decide to consent to householding please call the number provided to you on the ADP Voting Instruction Form.

**SECURITIES BENEFICIALLY OWNED BY PRINCIPAL SHAREHOLDERS,
DIRECTORS AND EXECUTIVE OFFICERS**

The following table lists all institutions and individuals known by us to beneficially own more than five percent of our common stock as of October 12, 2004. The table also summarizes information for our directors and executive officers, individually and as a group.

Beneficial ownership is determined in accordance with the rules of the SEC. Beneficial ownership generally includes voting or investment power with respect to securities. Common stock subject to an option that is exercisable within 60 days of October 12, 2004, is deemed to be beneficially owned by the person holding the option when computing ownership but is not treated as outstanding when computing the ownership of any other person. We have determined each beneficial owner's percentage ownership by assuming that stock options held by such person which are exercisable within 60 days of October 12, 2004 have been exercised. Except as indicated by the footnotes to the table below, we believe, based on information provided to us, that the persons and entities named in the table below have sole voting and investment power with respect to all shares of common stock shown as beneficially owned by them. Applicable percentage of beneficial ownership is based on 19,420,935 of common stock outstanding as of October 12, 2004.

PROPOSAL 1 ELECTION OF DIRECTORS

Our by-laws authorize the board of directors to fix the number of directors, provided that the number shall not be less than five nor more than twelve. Currently, the number is fixed at nine. The by-laws stagger the board of directors by dividing the number of directors into three classes, with one class being elected each year for a term of three years. For the 2004 annual meeting, three directors, Michael A. Appelbaum, Michael D. Casey and Herbert J. Conrad are nominees for election. Effective at the 2004 annual meeting, Richard B. Mazess and Gary Nei are retiring from our board of directors. We expect that after the 2004 annual meeting the size of the board of directors will be reduced to seven to reflect those retirements.

The table below sets forth certain information with respect to the nominees for election as directors of Bone Care to serve until the 2007 annual meeting of shareholders. Unless otherwise specified, the shares of common stock represented by the proxies we are soliciting will be voted FOR the election as a director of the persons named below, who have been nominated by the board of directors. If, at or prior to a person's election, any nominee is unwilling or unable to serve, it is presently intended that the proxies being solicited will be voted for a substitute nominee designated by the board of directors. The board of directors has no reason to believe any nominee will be unwilling or unable to serve.

The nominating and corporate governance committee is comprised of Mr. Nei (Chair), Dr. Conrad and Messrs. Casey and Klimkowski, each of whom satisfies those requirements. During the year ended June 30, 2004, the nominating and corporate governance committee met six times.

During the year ended June 30, 2004, all of the directors attended at least 75% of the total number of meetings of the board of directors and committees on which they served. It is the policy of the board to meet in executive session without the presence of management at the time of each regularly scheduled board meeting. The board has the authority to hire its own legal, accounting and other advisors. Our policy is to encourage directors to attend our annual meetings of shareholders. All of the directors attended our 2003 annual meeting of shareholders.

Code of Ethics

We have adopted a code of business conduct and ethics that applies to our board of directors, officers (including our principal executive officer, principal financial officer and principal accounting officer) and employees. We encourage all employees, officers and directors to promptly report any violations of the code to the appropriate persons identified in the code. In the event that an amendment to, or a waiver from, a provision of the code of ethics that applies to our directors or executive officers is necessary, we intend to post that information on our website. A copy of our code of business conduct and ethics is posted on our website at www.bonecare.com.

Communication with the Board of Directors

The board has established a process for shareholders and other interested parties to communicate with the board or an individual director. A shareholder may contact the board of directors or an individual director by writing to their attention at our principal executive offices at Bone Care International, Inc., 1600 Aspen Commons, Middleton, Wisconsin 53562. All communications will be forwarded to the board of directors or the individual director.

Nomination of Directors

It is the policy of the nominating and corporate governance committee to consider candidates for director that are recommended by shareholders. The board seeks members from diverse professional backgrounds who combine a broad spectrum of experience and expertise with a reputation for integrity. Directors should have experience in positions with a high degree of responsibility, be leaders in the organizations with which they are affiliated, be selected based on contributions they can make to the board and management and be free from relationships or conflicts of interest that could interfere with the directors duties to the Company and its shareholders.

In identifying and evaluating nominees for director, the committee takes into account the applicable requirements for directors under the Securities Exchange Act of 1934, as amended, and the listing standards of the Nasdaq Stock Market. In addition, the committee may take into consideration such factors and criteria as it deems appropriate, including the nominee's judgment, skill, integrity, diversity, and business or other experience. The committee may (but is not required to) consider candidates suggested by management or

Table of Contents

other members of the board. The committee evaluates candidates recommended for director by shareholders in the same way it evaluates any other nominee. The committee may from time to time (but is not required to) hire consultants or third party search firms to help the committee identify and/or evaluate potential nominees.

In order to recommend a candidate, shareholders must submit nominations to the Company in accordance with the procedures contained in our bylaws as described under Shareholder Proposals .

Compensation of Directors

Directors of the Company who are also employees of the Company are not separately compensated for their service as directors. Non-employee directors are paid a retainer of \$8,000 per year plus \$2,500 per meeting attended in person or \$1,500 if attended by phone. Committee members are paid \$1,500 per committee meeting attended in person or \$750 if attended by phone. The annual retainer is doubled for the non-employee chairman of the board and meeting attendance fees are doubled for the non-employee chairman of the board and non-employee committee chairmen. Non-employee directors also receive an annual stock option grant to purchase 10,000 shares of common stock, which would be increased to 20,000 shares of common stock if Proposal No. 2 is adopted. Newly elected directors receive an initial one-time grant of a stock option to purchase 20,000 shares upon election to the board, plus a one-time matching option to purchase a number of shares of common stock equal to the number of shares purchased by the director within 90 days of initial election to the board, up to a maximum of 30,000 shares, plus a pro-rated portion of the annual option grant. The stock options described in this paragraph expire ten years after their grant date.

AUDIT COMMITTEE REPORT

This Audit Committee Report does not constitute soliciting material and should not be deemed filed or incorporated by reference into any of our other filings under the Securities Act of 1933, as amended, or under the Securities Exchange Act of 1934, as amended, except to the extent that we specifically incorporate this Report by reference therein.

The audit committee of the board oversees our corporate accounting and financial reporting process and assists the board in fulfilling its oversight responsibilities to the shareholders. Management of the Company prepares financial statements in accordance with accounting principles generally accepted in the United States and establishes the system of internal controls. The Company's independent auditors are responsible for auditing our financial statements.

The audit committee has reviewed and discussed the audited financial statements of the Company with management and our independent auditors, Deloitte & Touche LLP, prior to their issuance. Additionally, the audit committee has reviewed and discussed all interim financial statements reported on Form 10-Q with management and our auditors prior to their issuance.

The audit committee has discussed with Deloitte & Touche LLP the matters required to be discussed by Statement on Auditing Standards 61, Communication with Audit Committees and has received and reviewed the written disclosures and the letter from Deloitte & Touche LLP required by Independence Standards Board Statement No. 1, Independence Discussions with Audit Committees, and has discussed with Deloitte & Touche LLP their independence, including a review of fees.

The audit committee meetings include, whenever appropriate, executive sessions with Deloitte & Touche LLP with and without the management of the Company present.

Based on the reviews and discussions referred to above, we recommend to the board of directors that the audited financial statements referred to above be included in the Company's Annual Report on Form 10-K for the year ended June 30, 2004, for filing with the SEC.

The Audit Committee (as of September 15, 2004):

Charles R. Klimkowski, CFA, Chairman

Edward Staiano, Ph.D.
Gary E. Nei

	<u> </u>	<u> </u>
Total Fees	<u>\$ 158</u>	<u>\$ 115</u>

We did not retain Deloitte & Touche LLP for financial information system design and implementation during the year ended June 30, 2004. Audit-related fees for the year ended June 30, 2004 consisted of consulting fees related to the implementation of an internal control structure and procedures for financial reporting as contemplated by Section 404 of the Sarbanes-Oxley Act of 2002. Tax fees for the years ended June 30, 2003 and June 30, 2004 consisted of tax consultation and tax compliance services. All other fees for the year ended June 30, 2004 consisted of fees related to our offering of common stock. The audit committee considered whether, and has determined that, the provision of non-audit services is compatible with maintaining the independent auditors' independence.

The audit committee's policies and procedures require pre-approval for all audit and permissible non-audit service (subject to a de minimus exception for up to \$25,000 of permissible non-audit services annually) to be performed by our independent auditors. These services are generally pre-approved by the entire audit committee. In the year ended June 30, 2004, less than 1% of the services performed by Deloitte & Touche LLP were not pre-approved. Such services related to tax compliance/preparation work and were subsequently approved by the audit committee in accordance with the rules of the SEC.

EXECUTIVE COMPENSATION

Compensation of Executive Officers

Compensation Committee Report on Executive Compensation

This Compensation Committee Report on Executive Compensation does not constitute soliciting material and should not be deemed filed or incorporated by reference into any of our other filings under the Securities Act of 1933, as amended, or under the Securities Exchange Act of 1934, as amended, except to the extent that we specifically incorporate this Report by reference therein.

Compensation Philosophy and Policies. Our fundamental executive compensation philosophy is to enable us to attract and retain key executive personnel and to motivate those executives to achieve our objectives. Prior to our fiscal quarter ended March 31, 2004, the Company had not achieved profitability; therefore, some of the traditional methods of evaluating executive performance, such as profitability and return on equity, were not appropriate. Accordingly, assessment of each executive's performance has been

Table of Contents

based on attainment of his specific personal objectives in light of our overall strategic goals. Among other things, we review three specific areas in formulating the compensation packages of our executive officers. These areas are as follows:

Our Company's overall performance:

The extent to which our key sales, research, clinical, development, manufacturing and financial objectives have been met during the preceding fiscal year.

Accessing capital to fund our research, development, operations and other business activities.

Executive performance:

An executive's involvement in and responsibility for the development and implementation of strategic plans and the attainment of our strategic and operating objectives, along with achievement of agreed upon personal objectives.

The involvement of an executive in personnel recruitment, retention and morale.

The responsibility of the executive in working within operating budgets, controlling costs and other aspects of expense management.

Other factors:

We consider the necessity of being competitive with companies in the pharmaceutical and biotechnology industry, taking into account relative company size, stage of development, performance and geographic location as well as individual responsibilities and performance.

We consider the need to provide reasonable incentives to management based on performance, independent of market conditions that may be beyond our control.

Each executive officer's compensation package is reviewed annually and has been comprised of up to three components: base salary, cash bonuses and stock options and/or restricted stock units. In addition to these components, executive officers generally are eligible to participate in all employee benefit programs generally available to all of our employees.

Base Salary: In setting the base salary levels for each executive officer, we review surveys and other available information on the base salaries of executive officers in comparable positions at other pharmaceutical and biotechnology companies. Factors considered include, but are not limited to, company size, stage of development and geographic location. We also consider the individual experience level and actual performance of each executive officer in light of our needs and objectives.

Bonus Awards: As part of the review and setting of annual compensation, cash bonuses tied to the achievement of certain corporate objectives and certain specific personal objectives have been awarded to executive officers. For fiscal year 2005, we have adopted a defined plan whereby certain specific company objectives must be attained before the executive officers are eligible for bonuses.

Stock Incentive Awards: The compensation committee has the authority to grant to the executive officers incentive and non-qualified stock options and other equity-based awards, including restricted stock units. Awards generally vest at various times in excess of one year from their date of grant, and are intended as incentive and motivation for our executive officers, as well as to align the interest of those officers more closely with those of our shareholders in advancing corporate objectives. All of our executive officers have been granted awards under the stock incentive plans.

Compensation of the Chief Executive Officer. Since his hire in June 2002 through fiscal year end 2003, Mr. Berns' annual base salary was \$350,000. Mr. Berns' salary was determined in accordance with the criteria outlined above. Also, in fiscal years 2003 and 2004, Mr. Berns received a \$600,000 sign-on payment, in connection with Mr. Berns' acceptance of employment with the Company. Mr. Berns' annual base salary for the year ended June 30, 2004 was \$360,500.

Based on its evaluation of Mr. Berns' performance, the compensation committee believes that Mr. Berns' compensation level appropriately reflects his performance and is consistent with his peers in the industry.

Edgar Filing: BONE CARE INTERNATIONAL INC - Form DEF 14A

Deductibility of Compensation Expenses. Current U.S. tax law has a \$1 million annual tax deduction limit on compensation we pay to our Chief Executive Officer and our four other most highly compensated executive officers. The limit does not apply to qualified performance-based compensation, as defined under

Table of Contents

the United States Tax Code and related regulations and as described under Proposal No. 2 Approval of Amendments to the 2003 Stock Incentive Plan Section 162(m) of the Code. Compensation is performance-based if we can pay it only if objective pre-established performance criteria set by the compensation committee are met. The compensation committee may use its discretion to set actual compensation below the maximum amount calculated by application of our performance criteria.

The compensation committee's general policy is to structure compensation programs that allow us to fully deduct the compensation under the above described \$1 million limit rules. The compensation committee also believes that we need flexibility to meet our incentive and retention objectives, even if we may not deduct all compensation.

Respectfully submitted,

The Compensation Committee:

Michael D. Casey, *Chairman*

Edward Staiano, Ph.D.

Klaus R. Veitinger, M.D., Ph.D., M.B.A.

Executive Employment and Severance Agreements

We have entered into an employment agreement with each of our executive officers listed under **Executive Officers** in this proxy statement. Each employment agreement provides for an initial base salary for the executive officer which will be reviewed annually by the compensation committee, eligibility to receive an annual incentive bonus as determined by the compensation committee, and participation in other benefit plans during the executive officer's employment. Each employment agreement is terminable at any time except that if the agreement is terminated other than as a result of the executive officer's death or disability or other than for cause (as defined in the employment agreement), the executive officer will be entitled to severance payments of the executive officer's salary for twelve months and payment of health care premiums for up to twelve months. The employment agreement for Mr. Berns provides that in the event of such a termination of the agreement, Mr. Berns would be entitled to receive severance payments of his salary for twenty-four months, payment of health care premiums for up to twelve months, a lump sum cash payment equal to two times his annual bonus for the fiscal year in which the termination occurs and outplacement assistance services for a period of twelve months at a cost to the company not to exceed \$15,000.

We have also entered into a change in control severance agreement with each of our executive officers listed under **Executive Officers** in this proxy statement. Each of those agreements provides that if, within two years following a change in control of the company (as described under **Proposal No. 2 Approval of Amendments to the 2003 Stock Incentive Plan Description of the 2003 Plan Change in Control**), the executive officer terminates his employment for good reason (as defined in the agreement) or the executive officer's employment terminates for any other reason, other than death or disability, or cause (as defined in the agreement), the company will pay to the executive a lump sum cash payment equal to (i) the executive officer's highest annual base salary in effect during the twelve months prior to the date of termination and (ii) the executive officer's highest annualized bonus in the five fiscal years preceding the fiscal year in which the change in control occurs. The agreement for Mr. Berns provides for a lump sum cash payment equal to two times the amounts described in clauses (i) and (ii). In addition to the lump sum cash payment, each agreement provides that the company will continue for eighteen months all policies of medical, accident, disability and life insurance and provide outplacement assistance services for a period of twelve months at a cost to the company not to exceed \$15,000. Each agreement also provides that if any payment by the company would be subject to excise tax imposed by section 4999 of the Code, the executive officer would be entitled

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires our directors, officers and persons who own more than ten percent of a registered class of our equity securities to file reports of ownership and changes in ownership with the SEC and to furnish us with copies of these reports. Based on our review of the copies of those reports which we have received, and written representations from our directors and officers, we believe that all filings required to be made by our directors and officers since July 1, 2003 were made on a timely basis except as noted below. With respect to Richard B. Mazess, two Form 4s were not timely filed; Form 4s for both transactions were subsequently filed. With respect to Michael D. Casey, Charles R. Klimkowski, Gary E. Nei and Edward Staiano, Form 4s, each for one transaction, were not timely filed; Form 4s for each transaction were subsequently filed.

PROPOSAL 2 APPROVAL OF AMENDMENTS TO THE 2003 STOCK INCENTIVE PLAN

The shareholders of Bone Care approved the Bone Care International, Inc. 2003 Stock Incentive Plan (the "Original 2003 Plan") at the annual meeting of shareholders in 2003. As of the date of this proxy statement, there are a total of approximately 224,250 shares remaining available for grants under the Original 2003 Plan and Bone Care's 1996 Stock Option Plan and 2002 Stock Incentive Plan. Bone Care has determined that additional shares will be needed for future grants. The board of directors has approved, and recommends for the shareholders for their approval, an amendment to the Original 2003 Plan to (i) increase the number of shares available under the Original 2003 Plan to a total of 1,400,000 shares, of which not more than an additional 400,000 shares may be used for grants of restricted stock, restricted stock units, unrestricted stock or performance shares after the date of the amendment, (ii) provide specifically for the grant of restricted stock units under the Original 2003 Plan, (iii) increase from 10,000 to 20,000 the number of shares of common stock that non-employee directors receive pursuant to their annual stock option grant, and (iv) clarify that these annual stock option grants vest on the date of the annual shareholders meeting next following the date of grant. If the amendment to the Original 2003 Plan is approved by the shareholders of Bone Care, no additional grants will be made under Bone Care's 1996 Stock Option Plan or Bone Care's 2002 Stock Incentive Plan. The Original 2003 Plan, as amended by the proposed amendment, is referred to herein as the "2003 Plan."

Table of Contents

The purposes of the 2003 Plan are to align the interests of our shareholders and the recipients of awards under the 2003 Plan by increasing the proprietary interest of recipients in Bone Care's growth and success, to advance the interests of Bone Care by attracting and retaining directors, officers and other employees and to motivate those persons to act in the long-term best interests of Bone Care and its shareholders. Under the 2003 Plan, officers and other employees of the Company and its subsidiaries may be granted non-qualified stock options, incentive stock options (within the meaning of Section 422 of the Internal Revenue Code of 1986, as amended (the Code)) stock appreciation rights (SARs), restricted stock, unrestricted stock, restricted stock units and performance shares. All employees of Bone Care and its subsidiaries (149 persons as of October 1, 2004) and the six non-employee directors continuing after the annual meeting will be eligible to participate in the 2003 Plan.

The following is a summary of the 2003 Plan, which is qualified in its entirety by reference to the complete text of the 2003 Plan which is attached as exhibit A to this proxy statement.

Description of the 2003 Plan

Administration. The 2003 Plan is administered by the compensation committee of the board of directors (the Committee) consisting of at least two directors who are non-employee directors within the meaning of Rule 16b-3 under the Securities Exchange Act of 1934, as amended, and outside directors within the meaning of Section 162(m) of the Code. Subject to the express provisions of the 2003 Plan, and except for options granted automatically to non-employee directors, the Committee has the authority to select eligible officers and other employees to receive awards under the 2003 Plan and to determine the terms and conditions of each award. Each award will be evidenced by a written agreement between Bone Care and the recipient of the award setting forth the terms and conditions of the award. The Committee also has authority to prescribe rules and regulations for administering the 2003 Plan and to decide questions of interpretation or application of any provision of the 2003 Plan. In addition, the Committee may impose, incidental to the grant of an award, conditions with respect to the award, such as limiting competitive employment or other activities, and may accelerate the exercisability or vesting of outstanding awards. Except with respect to awards to persons whose compensation is likely to be subject to the \$1 million deduction limit under Section 162(m) of the Code, and persons subject to Section 16 of the Securities Exchange Act of 1934, as amended, the Committee may delegate some or all of its power and authority to administer the 2003 Plan to our chief executive officer or other executive officer.

Except in connection with a change in our capital structure or similar event, the Committee may not, without shareholder approval, reduce the exercise price of an outstanding option or base price of an outstanding SAR or cancel outstanding options or SARs and grant substitute awards with lower exercise or base prices.

Available Shares. As of the date of this proxy statement, under the Original 2003 Plan, our 1996 Stock Option Plan and our 2002 Stock Incentive Plan, a total of approximately 224,250 shares were available for grant. If the amendment to the Original 2003 Plan is approved by the shareholders of Bone Care, (i) a total of 1,400,000 shares would be available for the grant of awards under the 2003 Plan, of which not more than an additional 400,000 shares may be used for grants of restricted stock, restricted stock units, unrestricted stock or performance shares after the date of the amendment, and (ii) no additional grants will be made under our 1996 Stock Option Plan or our 2002 Stock Incentive Plan.

The number of shares of common stock available for awards under the 2003 Plan and the terms of each outstanding award will be adjusted in the event of a stock split, stock dividend, recapitalization, reorganization, merger, consolidation, combination, exchange of shares, liquidation, spin-off or other similar change in capitalization or event, or any distribution to holders of common stock other than a regular cash dividend. To the extent that shares of common stock subject to an outstanding option (except to the extent shares of common stock are issued or delivered by Bone Care in connection with the exercise of a tandem SAR), free-standing SAR, unrestricted stock award, restricted stock award, restricted stock unit award or performance share award are not issued or delivered by reason of the expiration, termination, cancellation or forfeiture of the award or by reason of the delivery or withholding of shares of common stock to pay all or a portion of the exercise price of an award, if any, or to satisfy all or a portion of the tax withholding obligations relating to an award, then those shares of common stock again will be available for awards under the 2003 Plan.

Table of Contents

The maximum number of shares of common stock with respect to which options or SARs or a combination thereof may be granted under the 2003 Plan during any calendar year to any participant is 200,000, subject to adjustment as described above. The maximum number of shares of common stock with respect to which restricted stock awards or restricted stock unit awards subject to performance measures, or with respect to which performance share awards, may be granted under the 2003 Plan during any calendar year to any participant is 200,000, subject to adjustment as described above.

Change in Control. In the event of (i) certain acquisitions of 50% or more of the then outstanding shares of common stock, (ii) a change in the board of directors resulting in the incumbent directors ceasing to constitute at least a majority of the board of directors, (iii) the consummation of a reorganization, merger or consolidation or sale or disposition of all or substantially all of the assets of Bone Care (unless, among other conditions, Bone Care's shareholders receive more than 50% of the stock of the resulting company) or (iv) the consummation of a liquidation or dissolution of Bone Care, all outstanding awards will be surrendered to Bone Care in exchange for a cash payment except that, in the case of a merger or similar transaction in which the shareholders receive publicly traded common stock, all outstanding options and SARs immediately will become exercisable in full, all other awards immediately will vest, all performance measures will be deemed satisfied at the maximum level and each option, SAR and other award will represent a right to acquire the appropriate number of shares of common stock received in the merger or similar transaction.

Effective Date, Termination and Amendment. The Original 2003 Plan was effective as of November 19, 2003. The 2003 Plan will terminate on November 19, 2013, unless terminated earlier by the board of directors. The board of directors may amend the 2003 Plan at any time, subject to any requirement of shareholder approval required by applicable law and provided that no amendment may be made without shareholder approval if the amendment would (i) increase the number of shares of common stock available under the 2003 Plan, (ii) effect any change inconsistent with Section 422 of the Code or (iii) extend the term of the 2003 Plan.

Stock Options and Stock Appreciation Rights - General. Under the 2003 Plan, the Committee may grant to eligible participants non-qualified stock options and incentive stock options to purchase shares of common stock. The Committee may also grant SARs either independently of, or in tandem with, a stock option. The exercise of an SAR entitles the holder to receive shares of common stock (which may be restricted stock), cash or a combination thereof with a value equal to the difference between the fair market value of the common stock on the exercise date and base price of the SAR. Except for non-qualified stock options automatically granted to non-employee directors, the Committee will determine the terms of each option and SAR, including the number and exercise price or base price of the shares subject to the option or SAR, the term of the option or SAR and the conditions to the exercisability of the option or SAR, subject to the limitations set forth below. Upon exercise of an option, the purchase price must be paid in the manner set forth in the agreement relating to the option. The agreement may provide for payment in cash, by delivery of certain previously acquired shares of common stock, by delivery of an irrevocable notice of exercise to a broker-dealer acceptable to us or by a combination of cash and delivery of certain previously acquired shares of common stock.

Non-Qualified Stock Options and Stock Appreciation Rights. The exercise price of a non-qualified stock option and the base price of an SAR will be determined by the Committee, except that the price per share will not be less than 100% of the fair market value of a share of common stock on the date of grant and except that the base price of an SAR granted in tandem with an option will be the exercise price of the option.

If the holder of a non-qualified stock option or SAR terminates employment or service by reason of disability or death, unless otherwise specified in the agreement relating to the option or SAR, the option or SAR will be fully exercisable and may thereafter be exercised until the earlier of one year after the date of termination (or any other period set forth in the award agreement) and the expiration of the option or SAR. If the holder of a non-qualified stock option or SAR terminates employment or service by reason of retirement on or after age 60, unless otherwise specified in the agreement relating to the option or SAR, the option or SAR will be exercisable only to the extent that the option or SAR is exercisable on the effective date of the termination and may thereafter be exercised until the earlier of two years after the date of the termination (or any other period set forth in the award agreement) and the expiration of the option or SAR. If the employment or service of a holder of a non-qualified stock option or SAR is terminated by Bone Care for

Table of Contents

cause, the option or SAR automatically will be canceled on the date of termination. If the holder of a non-qualified stock option or SAR terminates employment or service for any reason other than disability, death, retirement on or after age 60 or for cause, unless otherwise specified in the award agreement, the option or SAR will be exercisable only to the extent that it is exercisable on the effective date of termination and may thereafter be exercised until the earlier of three months after the date of the termination (or any other period set forth in the award agreement) and the expiration of the option or SAR.

Incentive Stock Options. No incentive stock option will be exercisable later than ten years after its date of grant, and in the case of a recipient of an incentive stock option who owns more than 10% of the voting power of all shares of capital stock of Bone Care (a ten percent holder), the option must be exercised no later than five years after its date of grant. The exercise price of an incentive stock option will not be less than 100% of the fair market value of the common stock on the date of grant of the option, except that if the recipient of an incentive stock option is a ten percent holder, the exercise price will be not less than the price required by the Code, currently 110% of the fair market value of the common stock on its date of grant. To the extent that the aggregate fair market value of common stock with respect to which an incentive stock option is exercisable for the first time by an individual during a calendar year exceeds the amount established by the Code, currently \$100,000, the option will be treated as a non-qualified stock option.

If the holder of an incentive stock option terminates employment by reason of permanent and total disability (as defined in Section 22(e)(3) of the Code), unless otherwise specified in the option agreement, the option will be fully exercisable and may thereafter be exercised until the earlier of one year after the date of termination (or any shorter period set forth in the option agreement) and the expiration of the option. If the holder of an incentive stock option terminates employment by reason of death, unless otherwise specified in the option agreement, the option will be fully exercisable and may thereafter be exercised until the earlier of one year after the date of death (or any other period set forth in the option agreement) and the expiration of such option. If the employment of a holder of an incentive stock option is terminated by Bone Care for cause, the option automatically will be canceled on the date of the termination. If the holder of an incentive stock option terminates employment for any reason other than permanent and total disability, death or for cause, unless otherwise specified in the option agreement, the option will be exercisable to the same extent as set forth above with respect to non-qualified stock options and may thereafter be exercised until the earlier of three months after the date of termination and the expiration of the option. If the holder of an incentive stock option dies during the period of exercisability of the option following termination of employment by reason of permanent and total disability or for any other reason other than for cause, unless otherwise set forth in the option agreement, the option will be exercisable only to the extent that it is exercisable on the date of the holder's death and may thereafter be exercised until the earlier of one year after the date of the holder's death (or any other period set forth in the option agreement) and the expiration of the option.

Non-Employee Director Options. Under the 2003 Plan, on the date of each annual meeting of Bone Care shareholders, each person who is a non-employee director of Bone Care on that date will be granted a non-qualified stock option to purchase 20,000 shares of common stock. Under the Original 2003 Plan, non-employee directors received an annual grant of a non-qualified stock option to purchase 10,000 shares of common stock. Each non-employee director of Bone Care who becomes such on a date other than the date of an annual shareholder meeting will be granted a non-qualified option to purchase a pro-rated portion of 20,000 shares. Each annual option grant and each pro-rated annual option grant will become exercisable on the date of the annual shareholder meeting following the date of grant. Each new non-employee director of Bone Care will be granted a non-qualified option to purchase 20,000 shares of common stock and a non-qualified option to purchase a number of shares of common stock (not to exceed 30,000) equal to the number of shares purchased by the non-employee director during the first 90 days after the director first becomes a director. Each such option will become exercisable in equal annual installments over the non-employee director's initial term. Each option granted to a non-employee director will have an exercise price equal to 100% of the fair market value of a share of common stock on the date of grant and will expire 10 years after the date of grant. The number of shares subject to the options granted to a non-employee director are subject to adjustment in the event of a change in Bone Care's capital structure or similar event.

If the holder of a non-employee director option ceases to be a director of Bone Care by reason of disability or death, the non-employee director option will be fully exercisable and may thereafter be exercised

Table of Contents

until the earlier of one year after the date the holder ceased to be a director and the expiration of the option. If the holder of a non-employee director option ceases to be a director of Bone Care on or after age 60, the non-employee director option will be exercisable only to the extent that it is exercisable on the effective date of the holder's ceasing to be a director and may thereafter be exercised until the earlier of two years after the date the holder ceased to be a director and the expiration of the option. If the holder of a non-employee director option ceases to be a director of Bone Care for any other reason, the non-employee director option will be exercisable only to the extent that it is exercisable on the effective date of the holder's ceasing to be a director and may thereafter be exercised until the earlier of three months after the date the holder ceased to be a director and the expiration of the option. If the holder of a non-employee director option dies during any of the periods of exercisability following the holder's ceasing to be a director of Bone Care as described above, the non-employee director option will be exercisable only to the extent that it is exercisable on the date of the holder's death and may thereafter be exercised until the earlier of one year after the date of the holder's death and the expiration of the option.

Unrestricted Stock and Restricted Stock Awards. Under the 2003 Plan, the Committee may grant (i) unrestricted stock awards, which are vested upon grant, and (ii) stock awards which are subject to a restriction period (restricted stock). An award of restricted stock may be conditioned upon, or subject to, attainment of pre-established performance measures. Shares of restricted stock generally are subject to forfeiture if the holder does not remain continuously in the employment of or service to Bone Care during the restriction period or, if the restricted stock is subject to performance measures, if the performance measures are not attained during the restriction period, except that in the event of the termination of employment or service of a holder of a restricted stock award, any cancellation or forfeiture of the portion of the restricted stock award which is then subject to a restriction period will be subject to the terms set forth in the agreement relating to the award. Unless otherwise set forth in an award agreement, the holder of a restricted stock award will have rights as a shareholder of the Company, including the right to vote and receive dividends with respect to the shares of restricted stock.

Restricted Stock Units. Under the 2003 Plan, the Committee may grant restricted stock unit awards, which are subject to a restriction period (restricted stock units). An award of restricted stock units may be conditioned upon, or subject to, attainment of pre-established performance measures. Restricted stock units generally are subject to forfeiture if the holder does not remain continuously in the employment of or service to Bone Care during the restriction period or, if the restricted stock units are subject to performance measures, if the performance measures are not attained during the restriction period, except that in the event of the termination of employment or service of a holder of a restricted stock unit award, any cancellation or forfeiture of the portion of the restricted stock unit award which is then subject to a restriction period will be subject to the terms set forth in the agreement relating to the award. Upon termination of the restrictions related thereto, each restricted stock unit will be settled by delivery of one share of common stock. A participant holding restricted stock units will have no rights of a holder of common stock.

Performance Share Awards. Under the 2003 Plan, the Committee also may grant performance share awards. Each performance share represents a right, contingent upon the attainment of pre-established performance measures within a specified performance period, to receive one share of common stock, which may be restricted stock, or the fair market value of one share of common stock in cash. Prior to the settlement of a performance share award in shares of common stock, the holder of the award will have no rights as a shareholder of Bone Care with respect to the shares of common stock subject to the award. Performance shares generally are subject to forfeiture if the pre-established performance measures are not attained during the performance period, except that in the event of the termination of employment or service of a holder of a performance share award, any cancellation or forfeiture of the portion of the performance share award which is then subject to a performance period will be subject to the terms set forth in the agreement relating to such award.

Performance Measures. Under the 2003 Plan, the vesting or payment of performance share awards and the vesting of certain restricted stock awards or restricted stock unit awards will be subject to the satisfaction of performance measures. The exercisability of stock options or SARs also may be subject to the satisfaction of performance measures. Under the 2003 Plan, performance measures may include the following: common stock value, earnings per share, return to shareholders (including dividends), return on assets, return on

Table of Contents

equity, earnings of the Company, revenues, market share, cash flow, cost reduction goals or any combination of the foregoing. The performance measures applicable to a particular award will be determined by the Committee. No performance measures currently have been designated by the Committee in connection with any award to be granted under the 2003 Plan.

Nontransferability. Unless otherwise specified in the agreement relating to an award, no award granted under the 2003 Plan will be transferable other than by will, the laws of descent and distribution or pursuant to beneficiary designation procedures approved by Bone Care.

Federal Income Tax Consequences

The following is a brief summary of the United States federal income tax consequences of awards made under the 2003 Plan. The following should not be relied upon as being a complete description of those consequences and does not address the state, local or other tax consequences of awards made under the 2003 Plan.

Stock Options. A participant will not recognize taxable income at the time of grant of a stock option. A participant will recognize compensation taxable as ordinary income upon exercise of a non-qualified stock option equal to the excess of the fair market value, on the date of exercise, of the shares purchased over their exercise price, and Bone Care generally will be entitled to a corresponding deduction. A participant will not recognize taxable income (except for purposes of the alternative minimum tax) upon exercise of an incentive stock option. If the shares acquired by exercise of an incentive stock option are held for the longer of two years from the date the option was granted and one year from the date the shares were transferred to the participant, any gain or loss arising from a subsequent disposition of those shares will be taxed as long-term capital gain or loss, and Bone Care will not be entitled to any deduction. If, however, the shares are disposed of within the above-described period, then in the year of the disposition the participant will recognize compensation taxable as ordinary income equal to the excess of the lesser of the amount realized upon the disposition and the fair market value of the shares on the date of exercise over the exercise price, and Bone Care generally will be entitled to a corresponding deduction.

SARs. A participant will not recognize taxable income at the time of grant of an SAR. A participant will recognize compensation taxable as ordinary income upon exercise of an SAR equal to the fair market value of any shares delivered and the amount of any cash paid by Bone Care upon that exercise, and Bone Care generally will be entitled to a corresponding deduction.

Restricted Stock. A participant will not recognize taxable income at the time of grant of shares of restricted stock and Bone Care will not be entitled to a deduction at that time, unless the participant makes an election to be taxed at the time the shares of restricted stock are granted. If that election is not made, the participant will recognize compensation taxable as ordinary income at the time the restrictions lapse in an amount equal to the excess of the fair market value of the shares at that time over the amount, if any, paid for the shares. The amount of ordinary income recognized by a participant by making the above-described election or upon the lapse of the restrictions is deductible by Bone Care as a compensation expense, except to the extent the deduction limits of Section 162(m) of the Code apply. In addition, a participant receiving dividends with respect to restricted stock for which the above-described election has not been made and prior to the time the restrictions lapse will recognize compensation taxable as ordinary income, rather than dividend income, in an amount equal to the dividends paid and Bone Care will be entitled to a corresponding deduction, except to the extent the deduction limits of Section 162(m) of the Code apply.

Unrestricted Stock. A participant will recognize compensation taxable as ordinary income at the time of grant of shares of unrestricted stock in an amount equal to the then fair market value of the shares, and Bone Care will be entitled to a corresponding deduction, except to the extent the deduction limits of Section 162(m) of the Code apply.

Restricted Stock Units. A participant will not recognize taxable income at the time a restricted stock unit award is granted and Bone Care will not be entitled to a tax deduction at that time. Upon the payment or settlement of any such award with unrestricted shares of common stock, the participant will recognize compensation taxable as ordinary income (subject to income tax withholding) in an amount equal to the fair market value of any shares delivered and the amount of cash paid by Bone Care. This amount is deductible by

Table of Contents

Bone Care as compensation expense, except to the extent the deduction limit of Section 162(m) of the Code applies.

Performance Shares. A participant will not recognize taxable income at the time of grant of performance shares. Upon the settlement of performance shares, a participant will recognize compensation taxable as ordinary income equal to the fair market value of any shares delivered and the amount of any cash paid by Bone Care and Bone Care generally will be entitled to a corresponding deduction.

Tax Withholding. The compensation taxable as ordinary income recognized by a participant (other than a non-employee director) in connection with an award under the 2003 Plan will be subject to withholding of tax by Bone Care.

Section 162(m) of the Code. Section 162(m) of the Code generally limits to \$1 million the amount that a publicly held corporation is allowed each year to deduct for the compensation paid to each of the corporation's chief executive officer and the corporation's four most highly compensated executive officers other than the chief executive officer. However, certain types of compensation paid to those executives are not subject to the \$1 million deduction limit. One type is qualified performance-based compensation. Qualified performance-based compensation must satisfy all of the following requirements: (i) the compensation must be payable solely on account of the attainment of preestablished objective performance measures, (ii) the performance measures must be determined by a committee consisting solely of two or more outside directors, (iii) the material terms under which the compensation is to be paid, including the performance measures, must be approved by a majority of the corporation's shareholders and (iv) the committee administering the plan must certify that the applicable performance measures were satisfied before payment of any performance-based compensation is made. The Committee will consist solely of two or more outside directors as defined for purposes of Section 162(m) of the Code. As a result, and based on regulations published by the United States Department of the Treasury, certain compensation under the 2003 Plan, such as that payable with respect to options, SARs, restricted stock with restrictions based upon the attainment of performance measures and performance awards, is not expected to be subject to the \$1 million deduction limit under Section 162(m) of the Code, but other compensation under the 2003 Plan, such as that payable with respect to unrestricted stock and restricted stock with restrictions not based upon the attainment of performance measures, is expected to be subject to such limit.

The following table sets forth the aggregate number of shares of common stock underlying options which would be granted automatically to non-employee directors each year:

Position	Number of Shares
All Non-Employee Directors as a Group (6 persons)	120,000

The exercise price per share would be 100% of the fair market value of a share of common stock on the date of grant. On October 12, 2004, the closing sale price of common stock on the Nasdaq National Market was \$22.80 per share. The general terms of each option are described above under Non-Employee Director Options in Proposal 2 Approval of Amendment to the 2003 Stock Incentive Plan.

The options to be granted to the persons listed under Summary Compensation Table during the fiscal year ending June 30, 2005 are not determinable. The options granted to those persons during the fiscal year ended June 30, 2004 are listed under Option Grants in 2004 .

THE BOARD OF DIRECTORS RECOMMENDS YOU VOTE FOR APPROVAL OF THE AMENDMENT TO OUR 2003 STOCK INCENTIVE PLAN.

**PROPOSAL 3 APPROVAL OF AMENDMENT TO OUR ARTICLES OF INCORPORATION
TO INCREASE THE AUTHORIZED COMMON AND PREFERRED STOCK**

Currently our articles of incorporation authorize us to issue up to 28 million shares of common stock and 2 million shares of preferred stock. As of October 12, 2004, we had outstanding 19,420,935 shares of common stock and no shares of preferred stock, and had reserved for issuance approximately 2.6 million shares of common stock pursuant to our stock incentive plans (which would be increased to approximately 4 million shares if Proposal No. 2 is approved by the shareholders). Accordingly, as of October 12, 2004, a balance of less than 6 million shares of common stock was available and unreserved for future issuance (which would be reduced to less than 5 million shares if Proposal No. 2 is approved by the shareholders.)

Table of Contents

Our board of directors believes that it is in the best interests of our company and its shareholders that the company have the flexibility to issue or reserve additional shares of common stock, without the expense and delay of a special shareholders meeting. The availability of additional shares will enhance our ability to issue stock in connection with stock issuances to raise capital or effect acquisitions, stock splits, stock dividends, employee benefit programs or for other corporate purposes. We have no current intention or plans to issue the additional authorized shares of common or preferred stock.

Accordingly, the board of directors has approved, and recommends to shareholders that they adopt, an amendment to our articles of incorporation to increase the number of authorized shares of common stock from 28 million shares to 75 million shares and to increase the number of authorized shares of preferred stock from 2 million shares to 10 million shares.

The first sentence of ARTICLE III of the articles of incorporation of Bone Care would be amended to read in its entirety as follows:

The number of shares of capital stock which the corporation shall be authorized to issue is Eighty Five Million (85,000,000) shares, divided into Seventy Five Million (75,000,000) shares of common stock, no par value per share, and Ten Million (10,000,000) shares of preferred stock, \$.001 par value per share.

While the increase in the authorized shares is not being proposed for this reason, the availability of the additional shares could be used to render more difficult or discourage a merger, tender offer or proxy contest, the assumption of control by a holder of a large block of our securities, or the removal of incumbent management by increasing the aggregate outstanding shares, and therefore the number of shares required to accomplish such a transaction. The board of directors may approve the issuance of previously authorized shares of common or preferred stock at such times and to such persons as it may determine to be in the best interests of our company and our shareholders, except for certain transactions involving the issuance of stock for which the Nasdaq rules require prior shareholder approval. The proposed amendment therefore may have the effect of discouraging unsolicited takeover attempts, even if the transaction were favored by the current shareholders. The issuance of additional shares could also have a dilutive effect on earnings per share and, because the shareholders of Bone Care have no preemptive rights, on the equity ownership of the current holders of common stock.

As described under Proposal No. 4, the certificate of incorporation for Bone Care Delaware authorizes 75 million shares of common stock and 10 million shares of preferred stock. Accordingly, if Proposal No 4 is approved by the shareholders, it will not be necessary to amend our articles of incorporation as described in this Proposal No. 3 and the proposed amendment will not be effected.

THE BOARD OF DIRECTORS RECOMMENDS YOU VOTE FOR APPROVAL OF THE AMENDMENT TO OUR ARTICLES OF INCORPORATION TO INCREASE THE AUTHORIZED SHARES OF COMMON AND PREFERRED STOCK.

PROPOSAL 4 APPROVAL OF THE AGREEMENT AND PLAN OF MERGER

TO EFFECT THE REINCORPORATION OF THE COMPANY UNDER THE LAWS OF THE STATE OF DELAWARE

The board of directors has unanimously approved, and for the reasons described below recommends that the shareholders approve, a reorganization in which the company's state of incorporation would be changed from Wisconsin to Delaware. This change would be accomplished by merging the company (referred to in this proposal as Bone Care Wisconsin) into a wholly-owned Delaware subsidiary (referred to in this proposal as Bone Care Delaware), which will be formed for this purpose, with each share of Bone Care Wisconsin's outstanding common stock being exchanged for one share of common stock of Bone Care Delaware. Upon completion of the merger, all of the previously outstanding shares of common stock of Bone Care Wisconsin will be automatically converted into shares of common stock of Bone Care Delaware. The proposed reorganization will be accomplished pursuant to the terms of an agreement and plan of merger between Bone Care Wisconsin and Bone Care Delaware, a copy of which is attached to this Proxy Statement as exhibit B, and all statements herein concerning such document are qualified in their entirety by reference to the provisions thereof.

Table of Contents

At and after the effective date of the merger, each certificate that previously represented shares of common stock of Bone Care Wisconsin will represent shares of common stock of Bone Care Delaware into which those shares of common stock of Bone Care Wisconsin have been converted as a result of the merger. **IT WILL NOT BE NECESSARY FOR SHAREHOLDERS OF BONE CARE WISCONSIN TO HAVE THEIR STOCK CERTIFICATES EXCHANGED FOR STOCK CERTIFICATES REPRESENTING THE SHARES OF BONE CARE DELAWARE.** The shares of common stock of the company are listed for trading on the Nasdaq National Market and will continue to be traded on the Nasdaq National Market, without interruption, after the reincorporation. The reorganization will not result in any change in the name, business, management, assets, liabilities or net worth of Bone Care, and it will not cause the relocation of its corporate offices, management, or employees. The directors of Bone Care Wisconsin, including those elected at the annual meeting will become the directors of Bone Care Delaware upon completion of the reincorporation. Bone Care Delaware will be governed by Delaware law, and a new certificate of incorporation and bylaws will take effect, resulting in certain changes in the rights of shareholders as described below.

Shareholders should note that approval of the proposed agreement and plan of merger to effect the reorganization will constitute approval of the assumption by Bone Care Delaware of the 2003 Stock Incentive Plan (including the amendment to that plan if it is approved at the meeting) and the 2003 and 1996 Stock Incentive Plans of the Company, and approval of the Certificate of Incorporation of Bone Care Delaware.

The affirmative vote of holders of 60% of all of the outstanding shares of common stock outstanding on the record date will be required to approve the agreement and plan of merger. If approved by the shareholders, it is anticipated that the reorganization would be completed within 60 days of shareholder approval. However, the reorganization may be delayed or abandoned, either before or after shareholder approval, if circumstances arise which, in the opinion of the board of directors, make it inadvisable to proceed.

Important aspects of the agreement and plan of merger and the resulting reorganization and reincorporation of the company in Delaware are outlined below.

For many years Delaware has encouraged incorporation in that state by maintaining comprehensive, modern, and flexible corporate laws, which are periodically updated and revised to meet changing business needs. The Delaware courts have developed considerable expertise in dealing with corporate issues, and a substantial body of case law has developed construing Delaware law and establishing public policies with respect to corporate legal affairs. As a result, Delaware corporate law has a high degree of predictability and flexibility. In addition, an increasing number of major corporations are now incorporated in Delaware, and investors from all parts of the country and internationally are more familiar with Delaware law than with the corporate law of most other states, including Wisconsin. Accordingly, the board of directors of the company believes the company's continued growth will be aided by its reincorporation in Delaware.

In addition to these general reasons, the board of directors has recommended the proposed reorganization of the company under Delaware law because it will permit the Company to limit the liability of its shareholders and directors and to provide indemnification to its officers, directors, and employees with greater certainty than is presently possible under Wisconsin law. The company seeks to retain the most capable individuals available to serve as its officers and directors. The board of directors believes that the adoption of the reincorporation could be a significant factor in attracting such individuals and in encouraging existing directors and officers to continue to serve in these capacities and freeing them to make corporate decisions on the merits rather than out of a desire to avoid personal liability. It should be noted that there may be an inherent conflict of interest in the board of directors' recommendation of the proposed reorganization due to the interest of the members of the board of directors in obtaining the protection of such limited liability provisions.

Wisconsin law provides that shareholders of a Wisconsin corporation are personally liable for, in the case of shares without par value (such as our shares of common stock), up to an amount equal to the price for which shares were issued, for all debts owing to employees for services performed for the corporation, although shareholders of a Wisconsin corporation are not liable for wages to employees in excess of six months service for any individual employee. Delaware law contains no similar provision.

The proposed reorganization does not result from any pending legal action against the officers, directors or employees of the company. Similarly, the board of directors has no present knowledge of any proposed

Table of Contents

tender offer or other attempt to change the control of the company, and no tender offer or other type of change of control is presently pending or has occurred in the past. Nonetheless, if a takeover were attempted in the future, the laws of Delaware may improve the company's ability to defend itself and/or negotiate the highest possible return for shareholders.

Changes in Bone Care's Certificate of Incorporation and Bylaws to be Effected by Reincorporation

The following discussion summarizes the material differences between the current articles of incorporation and bylaws of Bone Care Wisconsin and the proposed certificate of incorporation and bylaws of Bone Care Delaware (collectively and sometimes referred to hereafter as the "charter documents") and between the applicable corporate laws of Wisconsin and Delaware. A copy of the certificate of incorporation of Bone Care Delaware is attached hereto as exhibit C, and all statements herein concerning such document are qualified in their entirety by reference to the provisions thereof. The certificate of incorporation and bylaws of Bone Care Delaware would govern Bone Care Delaware following completion of the merger. Approval of the reorganization by the shareholders and completion of the merger by Bone Care Wisconsin will result in the adoption of all the provisions set forth in the Bone Care Delaware certificate of incorporation.

Limitation of Liability for Directors

Although both the Wisconsin Business Corporation Law ("Wisconsin corporation law") and the Delaware General Corporation Law ("Delaware corporation law") limit the personal liability of directors to the corporation and its shareholders, but not third parties, there are, nonetheless, certain minor differences, as noted below.

Unless a company's articles of incorporation specifically provide otherwise, and Bone Care Wisconsin's articles do not, Wisconsin corporation law provides an automatic limitation on liability which provides that directors are not liable to the corporation, its shareholders, or any person asserting rights on behalf of the corporation or its shareholders except in the following circumstances: (i) a willful failure to deal fairly with the corporation or its shareholders in a matter in which the director has a material conflict of interest; (ii) a violation of criminal law, unless the director had no reasonable cause to believe his or her conduct was unlawful; (iii) a transaction from which the director derived an improper personal profit; or (iv) willful misconduct.

Delaware corporation law permits a corporation to include a provision in its certificate of incorporation which eliminates the personal liability of a director for monetary damages arising from breaches of his or her fiduciary duties to the corporation or its shareholders, except for liability (i) for a breach of the director's duty of loyalty to the company or its shareholders, (ii) for acts or omissions not in good faith or involving intentional misconduct or a knowing violation of the law; (iii) under Section 174 of Delaware General Corporation Law, relating to unlawful payments of dividends or unlawful stock repurchases or redemptions and (iv) for any transaction from which the director derived an improper personal benefit. Such a provision is included in the proposed certificate of incorporation for Bone Care Delaware. The limitation of liability does not apply to any liabilities arising under federal or state securities laws and does not affect the availability of equitable remedies such as injunctive relief or rescission. The limitation of liability with respect to Bone Care Delaware will not extend to acts or omissions of a director which occurred before the date on which the certificate of incorporation became effective.

In general, under both Wisconsin and Delaware corporation law and the respective charter documents, a director may not be held liable to the company or its shareholders for monetary damages arising out of the director's negligence, gross negligence, or lack of due care in carrying out his or her fiduciary duties as a director. After the reincorporation, and under Delaware corporation law and the proposed certificate of incorporation for Bone Care Delaware, a director could be held liable to the company or its shareholders only if the director either acted in bad faith or in breach of the director's duty of loyalty to the company, engaged in intentional misconduct, knowingly derived an improper personal benefit, or approved an illegal dividend or stock repurchase. Although not significantly different than the "willful failure to deal fairly" and "willful misconduct" exceptions to limited liability under Wisconsin corporation law, the effect of including the permitted limitation of liability provisions in the certificate of incorporation for Bone Care Delaware may be to limit or eliminate an effective remedy that would otherwise be available to a shareholder dissatisfied with decisions of the board of directors. The company believes, however, that directors are primarily motivated to

Table of Contents

exercise due care in managing the company's affairs by concern for the best interests of the company and its shareholders, not the fear of potential monetary damage awards. Accordingly, the company believes that the reincorporation would not diminish the board of directors' high standard of corporate governance or the accountability of directors to the company and its shareholders.

Indemnification for Directors, Officers, Employees, and Agents

Under their respective and corresponding charter provisions, both Bone Care Wisconsin and Bone Care Delaware, are required to indemnify their directors and officers. Additionally, the charter documents of both companies provide that such indemnification shall not be exclusive of such other rights to indemnification as may be provided to the directors and officers by written agreement, vote of either the shareholders or directors, or otherwise. As discussed below, however, there are a number of differences between the indemnification provided by Wisconsin corporation law and the bylaws of Bone Care Wisconsin and that provided by Delaware corporation law and the proposed bylaws of Bone Care Delaware.

Wisconsin corporation law and Bone Care Wisconsin's bylaws require indemnification of the company's directors and officers to the extent that they are successful on the merits in the defense of the proceeding. In all other cases, Bone Care Wisconsin's bylaws also require indemnification unless liability was incurred because the director or officer breached or failed to perform a duty that he or she owed to the corporation and the breach or failure to perform constituted any of the following: (i) a willful failure to deal fairly with the corporation or its shareholders in a matter in which the director has a material conflict of interest; (ii) a violation of criminal law, unless the director had no reasonable cause to believe his or her conduct was unlawful; (iii) a transaction from which the director derived an improper personal profit; or (iv) willful misconduct. Bone Care Wisconsin cannot, under Wisconsin corporation law, indemnify its officers and directors for conduct falling into one of the foregoing excepted categories even if such indemnification were to be set forth in a separate agreement or a resolution of the board of directors or the shareholders of the company. Under Bone Care Wisconsin's bylaws, the officer or director seeking indemnification, other than in cases where he or she has prevailed upon the merits, may select one of the following methods for determining his or her right to indemnification: (i) majority vote of disinterested directors; (ii) independent legal counsel selected by the board of directors; (iii) a panel of three arbitrators; (iv) shareholder vote; (v) court order or (vi) any other method provided for in any additional right to indemnification. Even where an officer or director would not be entitled to indemnification because of a breach or failure to perform, they may still obtain court-ordered indemnification if the court determines that they are fairly and reasonably entitled to indemnification in view of all the relevant circumstances.

Wisconsin corporation law allows, and the bylaws of Bone Care Wisconsin require, advancement of expenses as incurred to officers and directors upon submission of their written request and written affirmation of their good faith belief that they have not breached or failed to perform their duties to the corporation and a written undertaking that they will repay the corporation the amounts advanced to them if indemnification is ultimately disallowed. Wisconsin corporation law requires indemnification of employees who are not officers or directors, to the extent that they are successful on the merits. Bone Care Wisconsin's bylaws also require indemnification of its employees and agents to the same extent provided with respect to its officers and directors.

As in Wisconsin, Delaware corporation law requires indemnification of directors and officers where they have been successful on the merits. In all other circumstances, Delaware corporation law generally permits indemnification for expenses incurred in the defense or settlement of a derivative or third-party action if there is a determination by majority vote of the directors who are not parties to such action, even though less than a quorum, or by a committee of such directors designated by a majority vote of such directors, even though less than a quorum, or, if there are no such directors or if such directors so direct, by independent legal counsel in a written opinion, or by the shareholders, that the person seeking indemnification acted in good faith and in a manner reasonably believed to be in or not opposed to the best interests of the corporation, and with respect to any criminal action, had no reasonable cause to believe their conduct was unlawful. Without court approval, however, no indemnification may be made in respect of any derivative action in which such person is adjudged liable.

Table of Contents

The bylaws of Bone Care Delaware require indemnification of directors and officers of the corporation to the fullest extent permitted by Delaware corporation law as currently in effect or as it may be amended, except that in an action initiated by the officer or director, the company is only required to indemnify if the action was first authorized by the board of directors. The bylaws of Bone Care Delaware further provide that expenses incurred by an individual in his or her capacity as a director of Bone Care Delaware or in certain other capacities in defending a civil or criminal action shall be paid by Bone Care Delaware in advance of the final disposition of the matter upon receipt of an undertaking from the director to repay the sum advanced if it shall ultimately be determined that he or she is not entitled to be indemnified by Bone Care Delaware as authorized by its bylaws.

Special Meetings of Shareholders

Wisconsin corporation law and the bylaws of Bone Care Wisconsin provide that a special meeting of the shareholders may be called by the board of directors, the president or secretary of the company, or by the president upon receipt of a request in writing for a special meeting signed by the holders of at least ten percent (10%) of all votes entitled to be cast on any issue proposed be considered at the special meeting.

The bylaws of Bone Care Delaware provide that only the board of directors, the chairman of the board, the president, or the holders of a majority of the shares entitled to vote, may call a special meeting of the shareholders. Because only the shareholders holding a majority of the voting shares have the right to call a special meeting, shareholders in the minority cannot force shareholder consideration of a proposal prior to such time as the board believes such consideration to be appropriate.

Increase in Number of Authorized Shares of Common Stock

As described under Proposal No. 3, currently the articles of incorporation of Bone Care Wisconsin authorize us to issue 28 million shares of common stock and 2 million shares of preferred stock. As of October 12, 2004, we had outstanding 19,420,935 shares of common stock and no shares of preferred stock, and has reserved for issuance approximately 2.6 million shares of common stock pursuant to our stock incentive plans (which would be increased to approximately 4 million shares if Proposal No. 2 is approved by the shareholders. Accordingly, as of October 12, 2004, a balance of less than 6 million shares of common stock was available and unreserved for future issuance (which would be reduced to less than 5 million shares if Proposal No. 2 is approved by the shareholders).

Our board of directors believes that it is in the best interests of our company and its shareholders that the company have the flexibility to issue or reserve additional shares of common stock, without the expense and delay of a special shareholders meeting. The availability of additional shares will enhance our ability to issue stock in connection with stock issuances to raise capital or effect acquisitions, stock splits, stock dividends, employee benefit programs or for other corporate purposes. We have no current intention or plans to issue the additional authorized shares of common or preferred stock.

Accordingly, the proposed certificate of incorporation of Bone Care Delaware authorizes 75 million shares of common stock and 10 million shares of preferred stock.

While the increase in the authorized shares reflected in the certificate of incorporation of Bone Care Delaware is not being proposed for this reason, the availability of the additional shares could be used to render more difficult or discourage a merger, tender offer or proxy contest, the assumption of control by a holder of a large block of our securities, or the removal of incumbent management by increasing the aggregate outstanding shares, and therefore, the number of shares required to accomplish such a transaction. The board of directors may approve the issuance of previously authorized shares of common or preferred stock at such times and to such persons as it may determine to be in the best interest of our company and our shareholders, except for certain transactions involving the issuance of stock for which the Nasdaq rules require prior shareholder approval. This increase in authorized shares therefore may have the effect of discouraging unsolicited takeover attempts, even if the transaction were favored by the current shareholders. The issuance of additional shares could also have a dilutive effect on earnings per share and, because the shareholders of the company have no preemptive rights, on the equity ownership of the current holders of common stock.

Other Provisions

The certificate of incorporation of Bone Care Delaware contains other provisions which are similar to those currently contained in the articles of incorporation of Bone Care Wisconsin, including provisions (i) permitting the board of directors to fix the designation, powers, preferences and rights of one or more series of preferred stock, (ii) providing for the classification of the board of directors into three classes serving staggered terms of three years each and the removal of directors only upon an affirmative vote of 80% of the outstanding voting securities, (iii) requiring an affirmative vote of 60% of the outstanding voting securities for approval of business combinations and (iv) requiring an affirmative vote of 80% of the outstanding voting securities for certain amendments to the certificate of incorporation. In addition, the certificate of incorporation of Bone Care Delaware will provide for a series of Series A Junior Participating Preferred Stock pursuant to the terms of the preferred stock purchase rights of Bone Care Delaware, which will reflect the same terms as the preferred stock purchase rights of Bone Care Wisconsin.

Other Significant Differences Between the Corporation Laws of Wisconsin and Delaware

In addition to the foregoing changes in the charter documents of the company, the reincorporation will also effect a transfer from the jurisdiction of Wisconsin corporation law to Delaware corporation law as controlling on other aspects of corporate governance. The following provides a summary of the major substantive differences, other than those already discussed above under the changes to the charter documents, between the corporate laws of Wisconsin and Delaware. It is not an exhaustive description of the differences between the two states' laws, and all statements herein are qualified by reference to the complete texts of the Wisconsin Business Corporation Law and Delaware General Corporation Law.

Liability for Shareholders

Wisconsin law provides that shareholders of a Wisconsin corporation are personally liable for, in the case of shares without par value (such as our shares of common stock), up to an amount equal to the price for which shares were issued, for all debts owing to employees for services performed for the corporation, although shareholders of a Wisconsin corporation are not liable for wages to employees in excess of six months service for any individual employee. Delaware law contains no similar provision.

Restrictions on Certain Business Combinations

Both Wisconsin and Delaware have enacted laws designed to make certain kinds of hostile corporate takeovers, or other transactions involving one or more of a corporation's significant shareholders more difficult. Generally, under the corporate laws of Wisconsin and Delaware, resident corporations are prohibited from engaging in a business combination with an interested shareholder for three years following the date that such person or entity became an interested shareholder. In Wisconsin, an interested shareholder is generally defined as a person or entity owning 10% or more of the corporation's outstanding voting stock. In Delaware, the threshold is 15% or more of the outstanding voting stock. There are also certain exceptions to the three year moratorium, which exceptions vary between Wisconsin and Delaware. Wisconsin also places certain restrictions on business combinations occurring more than three years after the date on which the interested shareholder acquired the stock. Delaware does not impose such additional restrictions on business combinations.

Cumulative Voting

Wisconsin corporation law prohibits cumulative voting for directors unless it is specifically authorized in the corporation's articles of incorporation. Bone Care Wisconsin's articles of incorporation do not contain any such authorization. Under Delaware corporation law, the certificate of incorporation may provide for cumulative voting in the election of directors. The proposed certificate of incorporation of Bone Care Delaware does not provide for cumulative voting and specifically denies the shareholders the right to cumulate their votes for directors or for any other matter. Thus, following reincorporation, shareholders will continue not to have cumulative voting rights unless the certificate of incorporation is amended to provide such rights, and under the proposed Delaware Certificate of Incorporation, an amendment to the article denying cumulative voting rights requires a super-majority of 66 and 2/3 percent of all outstanding shares. The continued absence of cumulative voting rights limits the ability of minority shareholders to obtain representation on the board of directors.

Table of Contents

Inspection of Shareholder List

Both Wisconsin and Delaware require corporations to allow shareholders to inspect the shareholder list. Wisconsin corporation law requires that the list be made available to shareholders, their agents, or attorneys, beginning two business days after notice of the meeting is given and continuing to the date of the meeting and at the meeting. Delaware corporation law requires the list be made available to any shareholder for any purpose germane to the meeting beginning at least 10 days prior to the meeting and continuing to the date of and at the meeting. Wisconsin specifically provides that shareholders are entitled to copy the list and that if the list is not made available at the required times, the shareholder may petition the circuit court for the county in which the corporation has its principal offices for an order requiring the list be made available and/or to postpone the meeting. Delaware does not include these same terms but does make directors who refuse to provide the list ineligible for election at the meeting.

Dividends and Repurchase of Shares

Wisconsin corporation law permits a corporation to authorize and make distributions, including dividends, redemptions, or other acquisitions of its shares, but only if the corporation is able to pay its debts as they become due and the corporation's total assets are equal to or greater than its total liabilities plus the amount that would be needed, if the corporation were to be dissolved at the time of the distribution, to satisfy the preferential rights of shareholders whose preferential rights are superior to those receiving the distribution.

Delaware corporation law permits a corporation to declare and pay dividends out of surplus or, if there is no surplus, out of net profits for the fiscal year in which the dividend is declared and/or for the preceding fiscal year as long as payment of the dividend is not less than the aggregate amount of the capital represented by the issued and outstanding stock of all classes having a preference upon the distribution of assets. In addition, Delaware corporation law generally provides that a corporation may redeem or repurchase its shares only if the capital of the corporation is not impaired and such redemption or repurchase would not impair its capital.

Dissenters' Appraisal Rights

Under both Wisconsin and Delaware corporation law, a shareholder of a corporation participating in certain major transactions may, under varying circumstances, be entitled to receive appraisal rights pursuant to which such shareholder may receive cash in the amount of the fair market value of his or her shares in lieu of the consideration that he or she would otherwise receive in the transaction. In both states, the fair market value is determined exclusive of any element of value arising from the accomplishment or expectation of the proposed transaction. Under Wisconsin corporation law, such appraisal rights are not available if (a) the corporation is subject to a court-ordered plan of reorganization under federal statute; or (b) the class or series of the shareholders' shares are listed on either a national securities exchange or quoted on the NASDAQ system. Under Delaware corporation law, appraisal rights are not available: (a) with respect to the sale, lease or exchange of all or substantially all of the assets of a corporation; or (b) if the shares are either listed on a national securities exchange, or designated as a national market system security on NASDAQ, or are held of record by more than 2,000 holders.

Dissolution

Under Wisconsin corporation law, a corporation's board of directors must first propose dissolution for submission to the shareholders who must approve the proposal by a majority of all the votes entitled to be cast on the proposal. Under Delaware corporation law, unless the board of directors approves the proposal to dissolve, the dissolution must be unanimously approved by all the shareholders entitled to vote thereon. If the dissolution is approved by the board of directors, it may be approved by a simple majority of all the votes entitled to be cast on the proposal.

Federal Income Tax Consequences

The reorganization provided for in the agreement and plan of merger is intended to be tax free under the Internal Revenue Code. Assuming that the reincorporation qualifies as a reorganization within the meaning of Section 368(a) of the Internal Revenue Code of 1986, as amended, no gain or loss will be recognized to the holders of Bone Care Wisconsin shares as a result of the consummation of the reorganization, and no gain or loss will be recognized by Bone Care Wisconsin or Bone Care Delaware. Each former holder of Bone Care Wisconsin shares will have the same basis in the Bone Care Delaware stock received by such holder pursuant

Table of Contents

to the reorganization as the holder had in the Bone Care Wisconsin shares held by such holder at the time of the consummation of the reorganization, and his or her holding period with respect to such Bone Care Delaware stock will include the period during which the holder held the corresponding Bone Care Wisconsin shares, provided the latter were held by the holder as capital assets at the time of the consummation of the reorganization.

The Committee shall, subject to the terms of this Plan, select eligible persons for participation in this Plan and determine the form, amount and timing of each award to such persons and, if applicable, the number of shares of Common Stock, the number of SARs, the number of Restricted Stock Units and the number of Performance Shares subject to such an award, the exercise price or base price associated with the award, the time and conditions of exercise or settlement of the award and all other terms and conditions of the award, including, without limitation, the form of the Agreement evidencing the award. The Committee may, in its sole discretion and for any reason at any time, subject to the requirements of Section 162(m) of the Code and regulations thereunder in the case of an award intended to be qualified performance-based compensation, take action such that (i) any or all outstanding options and SARs shall become exercisable in part or in full, (ii) all or a portion of the Restriction Period applicable to any outstanding Restricted Stock Award shall lapse, (iii) all or a portion of the Performance Period applicable to any outstanding Performance Share Award shall lapse and (iv) the Performance Measures applicable to any outstanding award (if any) shall be deemed to be satisfied at the maximum or any other level. All such interpretations, rules, regulations and conditions shall be final, binding and conclusive.

The Committee may delegate some or all of its power and authority hereunder to the Board or the Chief Executive Officer or other executive officer of the Company as the Committee deems appropriate; *provided, however*, that (i) the Committee may not delegate its power and authority to the Board or the Chief Executive Officer or other executive officer of the Company with regard to the grant of an award to any person who is a covered employee within the meaning of Section 162(m) of the Code or who, in the Committee's judgment, is likely to be a covered employee at any time during the period an award hereunder to such employee would be outstanding and (ii) the Committee may not delegate its power and authority to the Chief Executive Officer or other executive officer of the Company with regard to the selection for participation in this Plan of an officer or other person subject to Section 16 of the Exchange Act or decisions concerning the timing, pricing or amount of an award to such an officer or other person.

No member of the Board or Committee, and neither the Chief Executive Officer nor any other executive officer to whom the Committee delegates any of its power and authority hereunder, shall be liable for any act, omission, interpretation, construction or determination made in connection with this Plan in good faith, and the members of the Board and the Committee and the Chief Executive Officer or other executive officer shall be entitled to indemnification and reimbursement by the Company in respect of any claim, loss, damage or expense (including attorneys' fees) arising therefrom to the full extent permitted by law, except as otherwise may be provided in the Company's Articles of Incorporation and/or By-laws, and under any directors' and officers' liability insurance that may be in effect from time to time.

A majority of the Committee shall constitute a quorum. The acts of the Committee shall be either (i) acts of a majority of the members of the Committee present at any meeting at which a quorum is present or (ii) acts approved in writing by all of the members of the Committee without a meeting.

For purposes of this Plan, references to employment by the Company shall also mean employment by a Subsidiary. The Committee's selection of a person to participate in this Plan at any time shall not require the Committee to select such person to participate in this Plan at any other time. Non-Employee Directors shall be eligible to participate in this Plan in accordance with Article V.

1.5. Shares Available.

Subject to adjustment as provided in Section 6.7, 1,400,000 shares of Common Stock shall be available for awards under this Plan, reduced by the sum of the aggregate number of shares of Common Stock which become subject to outstanding options, including Non-Qualified Stock Options granted to Non-Employee Directors pursuant to Article V, outstanding Free-Standing SARs, outstanding Stock Awards and outstanding Performance Share Awards. To the extent that shares of Common Stock subject to an outstanding option (except to the extent shares of Common Stock are issued or delivered by the Company in connection with the exercise of a Tandem SAR), Free-Standing SAR, Stock Award or Performance Share Award are not issued or delivered by reason of the expiration, termination, cancellation or forfeiture of such award or by reason of the delivery or withholding of shares of Common Stock to pay all or a portion of the exercise price of an award, if any, or to satisfy all or a portion of the tax withholding obligations relating to an award, then such shares of Common Stock shall again be available under this Plan. Subject to adjustment as provided in Section 6.7, the maximum number of shares of Common Stock available for Stock Awards and Performance Share Awards granted on or after November 23, 2004, shall be 400,000 in the aggregate.

Shares of Common Stock shall be made available from authorized and unissued shares of Common Stock, or authorized and issued shares of Common Stock reacquired and held as treasury shares or otherwise or a combination thereof.

To the extent necessary for an award to be qualified performance-based compensation under Section 162(m) of the Code and the regulations thereunder, (i) the maximum number of shares of Common Stock with respect to which options or SARs or a combination thereof may be granted during any calendar year to any person shall be 200,000, subject to adjustment as provided in Section 6.7, (ii) the maximum number of shares of Common Stock with respect to which Stock Awards subject to Performance Measures may be granted during any calendar year to any person shall be 200,000, subject to adjustment as provided in Section 6.7 and (iii) the maximum number of shares of Common Stock with respect to which Performance Share Awards may be granted during any calendar year to any person shall be 200,000, subject to adjustment as provided in Section 6.7.

II. STOCK OPTIONS AND STOCK APPRECIATION RIGHTS

2.1. Stock Options.

The Committee may, in its discretion, grant options to purchase shares of Common Stock to such eligible persons as may be selected by the Committee. Each option, or portion thereof, that is not an Incentive Stock Option shall be a Non-Qualified Stock Option. An Incentive Stock Option may not be granted to any person

Table of Contents

who is not an employee of the Company or any parent or subsidiary (as defined in Section 424 of the Code). Each Incentive Stock Option shall be granted within ten years of the date this Plan is adopted by the Board. To the extent that the aggregate Fair Market Value (determined as of the date of grant) of shares of Common Stock with respect to which options designated as Incentive Stock Options are exercisable for the first time by a participant during any calendar year (under this Plan or any other plan of the Company, or any parent or subsidiary as defined in Section 424 of the Code) exceeds the amount (currently \$100,000) established by the Code, such options shall constitute Non-Qualified Stock Options.

Options shall be subject to the following terms and conditions and shall be subject to such additional terms and conditions, not inconsistent with the terms of this Plan, as the Committee shall deem advisable:

(a) *Number of Shares and Purchase Price.* The number of shares of Common Stock subject to an option and the purchase price per share of Common Stock purchasable upon exercise of the option shall be determined by the Committee; *provided, however*, that the purchase price per share of Common Stock purchasable upon exercise of an option shall not be less than 100% of the Fair Market Value of a share of Common Stock on the date of grant of such option; *provided further*, that if an Incentive Stock Option shall be granted to any person who, at the time such option is granted, owns capital stock possessing more than ten percent of the total combined voting power of all classes of capital stock of the Company (or of any parent or subsidiary as defined in Section 424 of the Code) (a *Ten Percent Holder*), the purchase price per share of Common Stock shall not be less than the price (currently 110% of Fair Market Value) required by the Code in order for the option to constitute an Incentive Stock Option.

(b) *Exercise Period and Exercisability.* The period during which an option may be exercised shall be determined by the Committee; *provided, however*, that no Incentive Stock Option shall be exercised later than ten years after its date of grant; *provided further*, that if an Incentive Stock Option shall be granted to a Ten Percent Holder, such option shall not be exercised later than five years after its date of grant. The Committee may, in its discretion, establish Performance Measures which shall be satisfied or met as a condition to the grant of an option or to the exercisability of all or a portion of an option. The Committee shall determine whether an option shall become exercisable in cumulative or non-cumulative installments and in part or in full at any time. An exercisable option, or portion thereof, may be exercised only with respect to whole shares of Common Stock.

(c) *Method of Exercise.* An option may be exercised (i) by giving written notice to the Company specifying the number of whole shares of Common Stock to be purchased and by accompanying such notice with payment therefor in full (or by arranging for such payment to the Company's satisfaction) either (A) in cash, (B) by delivery (either actual delivery or by attestation procedures established by the Company) of Mature Shares having an aggregate Fair Market Value, determined as of the date of exercise, equal to the aggregate purchase price payable by reason of such exercise, (C) in cash by a broker-dealer acceptable to the Company to whom the optionee has submitted an irrevocable notice of exercise or (D) a combination of (A) and (B), in each case to the extent set forth in the Agreement relating to the option, (ii) if applicable, by surrendering to the Company any Tandem SARs which are cancelled by reason of the exercise of the option and (iii) by executing such documents as the Company may reasonably request. Any fraction of a share of Common Stock which would be required to pay such purchase price shall be disregarded and the remaining amount due shall be paid in cash by the optionee. No certificate representing Common Stock shall be delivered until the full purchase price therefor and any withholding taxes thereon, as described in Section 6.5, have been paid (or arrangement made for such payment to the Company's satisfaction).

2.2. Stock Appreciation Rights. The Committee may, in its discretion, grant SARs to such eligible persons as may be selected by the Committee. The Agreement relating to an SAR shall specify whether the SAR is a Tandem SAR or a Free-Standing SAR.

SARs shall be subject to the following terms and conditions and shall be subject to such additional terms and conditions, not inconsistent with the terms of this Plan, as the Committee shall deem advisable:

(a) *Number of SARs and Base Price.* The number of SARs subject to an award shall be determined by the Committee. Any Tandem SAR related to an Incentive Stock Option shall be granted at the same time that such Incentive Stock Option is granted. The base price of a Tandem SAR shall be the purchase price per share of Common Stock of the related option. The base price of a Free-Standing SAR shall be determined by

Table of Contents

the Committee; *provided, however*, that such base price shall not be less than 100% of the Fair Market Value of a share of Common Stock on the date of grant of such SAR.

(b) *Exercise Period and Exercisability.* The Agreement relating to an award of SARs shall specify whether such award may be settled in shares of Common Stock (including shares of Restricted Stock) or cash or a combination thereof. The period for the exercise of an SAR shall be determined by the Committee; *provided, however*, that no Tandem SAR shall be exercised later than the expiration, cancellation, forfeiture or other termination of the related option. The Committee may, in its discretion, establish Performance Measures which shall be satisfied or met as a condition to the grant of an SAR or to the exercisability of all or a portion of an SAR. The Committee shall determine whether an SAR may be exercised in cumulative or non-cumulative installments and in part or in full at any time. An exercisable SAR, or portion thereof, may be exercised, in the case of a Tandem SAR, only with respect to whole shares of Common Stock and, in the case of a Free-Standing SAR, only with respect to a whole number of SARs. If an SAR is exercised for shares of Restricted Stock, a certificate or certificates representing such Restricted Stock shall be issued in accordance with Section 3.2(c) and the holder of such Restricted Stock shall have such rights of a stockholder of the Company as determined pursuant to Section 3.2(d). Prior to the exercise of an SAR for shares of Common Stock, including Restricted Stock, the holder of such SAR shall have no rights as a stockholder of the Company with respect to the shares of Common Stock subject to such SAR.

(c) *Method of Exercise.* A Tandem SAR may be exercised (i) by giving written notice to the Company specifying the number of whole SARs which are being exercised, (ii) by surrendering to the Company any options which are canceled by reason of the exercise of the Tandem SAR and (iii) by executing such documents as the Company may reasonably request. A Free-Standing SAR may be exercised (i) by giving written notice to the Company specifying the whole number of SARs which are being exercised and (ii) by executing such documents as the Company may reasonably request.

2.3. Termination of Employment or Service.

(a) *Disability.* Subject to paragraph (e) below and unless otherwise specified in the Agreement relating to an option or SAR, as the case may be, if the employment with or service to the Company of the holder of an option or SAR terminates by reason of Disability, each option and SAR held by such holder shall be fully exercisable and may thereafter be exercised by such holder (or such holder's legal representative or similar person) until and including the earlier to occur of (i) the date which is one year (or such other period as set forth in the Agreement relating to such option or SAR) after the effective date of such holder's termination of employment or service and (ii) the expiration date of the term of such option or SAR.

(b) *Retirement.* Subject to paragraph (e) below and unless otherwise specified in the Agreement relating to an option or SAR, as the case may be, if the employment with or service to the Company of the holder of an option or SAR terminates by reason of Retirement, each option and SAR held by such holder shall be exercisable only to the extent that such option or SAR is exercisable on the effective date of such holder's termination of employment or service and may thereafter be exercised by such holder (or such holder's legal representative or similar person) until and including the earlier to occur of (i) the date which is two years (or such other period as set forth in the Agreement relating to such option or SAR) after the effective date of such holder's termination of employment or service and (ii) the expiration date of the term of such option or SAR.

(c) *Death.* Subject to paragraph (e) below and unless otherwise specified in the Agreement relating to an option or SAR, as the case may be, if the employment with or service to the Company of the holder of an option or SAR terminates by reason of death, each option and SAR held by such holder shall be fully exercisable and may thereafter be exercised by such holder's executor, administrator, legal representative, beneficiary or similar person until and including the earlier to occur of (i) the date which is one year (or such other period as set forth in the Agreement relating to such option or SAR) after the date of death and (ii) the expiration date of the term of such option or SAR.

(d) *Other Termination.* Subject to paragraph (e) below and unless otherwise specified in the Agreement relating to an option or SAR, as the case may be, if the employment with or service to the Company of the holder of an option or SAR terminates for any reason other than Disability, Retirement or death or for Cause, each option and SAR held by such holder shall be exercisable only to the extent that such

option or SAR is exercisable on the effective date of such holder's termination of employment or service and may thereafter be exercised by such holder (or such holder's legal representative or similar person) until and including the earlier to occur of (i) the date which is three months (or such other period as set forth in the Agreement relating to such option or SAR) after the effective date of such holder's termination of employment or service and (ii) the expiration date of the term of such option or SAR.

(e) *Termination of Employment or Service – Incentive Stock Options.* If the employment with the Company of a holder of an Incentive Stock Option terminates by reason of Permanent and Total Disability, each Incentive Stock Option held by such optionee shall be fully exercisable (unless otherwise specified in the Agreement relating to the option), and may thereafter be exercised by such optionee (or such optionee's legal representative or similar person) until and including the earlier to occur of (i) the date which is one year (or such shorter period as set forth in the Agreement relating to such option) after the effective date of such optionee's termination of employment and (ii) the expiration date of the term of such option.

If the employment with the Company of a holder of an Incentive Stock Option terminates by reason of death, each Incentive Stock Option held by such optionee shall be fully exercisable (unless otherwise specified in the Agreement relating to the option), and may thereafter be exercised by such optionee's executor, administrator, legal representative, beneficiary or similar person until and including the earlier to occur of (i) the date which is one year (or such other period as set forth in the Agreement relating to such option) after the date of death and (ii) the expiration date of the term of such option.

If the employment with the Company of a holder of an Incentive Stock Option terminates for any reason other than Permanent and Total Disability or death or for Cause, each Incentive Stock Option held by such optionee shall be exercisable to the extent set forth in Section 2.3(a), Section 2.3(b) or 2.3(d), as applicable (unless otherwise specified in the Agreement relating to the option), and may thereafter be exercised by such holder (or such holder's legal representative or similar person) until and including the earlier to occur of (i) the date which is three months after the effective date of such optionee's termination of employment and (ii) the expiration date of the term of such option.

(f) *Death Following Termination of Employment or Service.* Unless otherwise specified in the Agreement relating to an option or SAR, as the case may be, if the holder of an option or SAR dies during the applicable Post-Termination Exercise Period, each option and SAR held by such holder shall be exercisable only to the extent that such option or SAR, as the case may be, is exercisable on the date of such holder's death and may thereafter be exercised by the holder's executor, administrator, legal representative, beneficiary or similar person until and including the earlier to occur of (i) the date which is one year (or such other period as set forth in the Agreement relating to such option or SAR) after the date of death and (ii) the expiration date of the term of such option or SAR.

(g) *Cause.* Notwithstanding anything to the contrary in this Plan or in any Agreement relating to an option or SAR, as the case may be, if the employment with or service to the Company of the holder of an option or SAR is terminated by the Company for Cause, each option and SAR held by such holder automatically shall be canceled on the effective date of such holder's termination of employment or service.

III. STOCK AWARDS

3.1. Stock Awards. The Committee may, in its discretion, grant Stock Awards to such eligible persons as may be selected by the Committee. The Agreement relating to a Stock Award shall specify whether the Stock Award is a Restricted Stock Award (and whether the Restricted Stock Award consists of Restricted Stock or Restricted Stock Units) or an Unrestricted Stock Award.

3.2. Terms of Stock Awards. Stock Awards shall be subject to the following terms and conditions and shall be subject to such additional terms and conditions, not inconsistent with the terms of this Plan, as the Committee shall deem advisable.

(c) *Share Certificates.* During the Restriction Period, a certificate or certificates representing an award of Restricted Stock may be registered in the holder's name or a nominee name at the discretion of the Company and may bear a legend, in addition to any legend which may be required pursuant to Section 6.6, indicating that the ownership of the shares of Common Stock represented by such certificate is subject to the restrictions, terms and conditions of this Plan and the Agreement relating to the award of Restricted Stock. All certificates registered in the holder's name shall be deposited with the Company, together with stock powers or other instruments of assignment (including a power of attorney), each endorsed in blank with a guarantee of signature if deemed necessary or appropriate by the Company, which would permit transfer to the Company of all or a portion of the shares of Common Stock subject to the award of Restricted Stock in the event such award is forfeited in whole or in part. Upon termination of any applicable Restriction Period for an award of Restricted Stock or Restricted Stock Units (and the satisfaction or attainment of applicable Performance Measures), or upon the grant of an Unrestricted Stock Award, in each case subject to the Company's right to require payment of any taxes in accordance with Section 6.5, a certificate or certificates evidencing ownership of the requisite number of shares of Common Stock shall be delivered to the holder of such award.

(d) *Rights with Respect to Restricted Stock Awards.* Unless otherwise set forth in the Agreement relating to an award of Restricted Stock, and subject to the terms and conditions of an award of Restricted Stock, the holder of such award shall have all rights as a stockholder of the Company, including, but not limited to, voting rights, the right to receive dividends and the right to participate in any capital adjustment applicable to all holders of Common Stock; provided, however, that a distribution with respect to shares of Common Stock, other than a regular cash dividend, shall be deposited with the Company and shall be subject to the same restrictions as the shares of Common Stock with respect to which such distribution was made. 3.3. Termination of Employment or Service. All of the terms relating to the satisfaction of Performance Measures and the termination of the Restriction Period relating to a Restricted Stock Award, or any forfeiture and cancellation of such award upon a termination of employment with or service to the Company of the holder of such award, whether by reason of Disability, Retirement, death or any other reason, shall be determined by the Committee.

IV. PERFORMANCE SHARE AWARDS

4.1. Performance Share Awards. The Committee may, in its discretion, grant Performance Share Awards to such eligible persons as may be selected by the Committee.

This Plan shall be submitted to the stockholders of the Company for approval at the 2003 annual meeting of stockholders and, if approved by the affirmative vote of a majority of the shares of Common Stock present in person or represented by proxy at such meeting, shall become effective on the date of such approval. This Plan shall terminate ten years after its effective date, unless terminated earlier by the Board. 6.4. Non-Transferability of Awards.

Unless otherwise specified in the Agreement relating to an award, no award shall be transferable other than by will, the laws of descent and distribution or pursuant to beneficiary designation procedures approved by the Company. Except to the extent permitted by the foregoing sentence or the Agreement relating to an award, each award may be exercised or settled during the holder's lifetime only by the holder or the holder's legal representative or similar person. Except to the extent permitted by the second preceding sentence or the Agreement relating to an award, no award may be sold, transferred, assigned, pledged, hypothecated, encumbered or otherwise disposed of (whether by operation of law or otherwise) or be subject to execution, attachment or similar process. Upon any attempt to so sell, transfer, assign, pledge, hypothecate, encumber or otherwise dispose of any such award, such award and all rights thereunder shall immediately become null and void.

6.5. Tax Withholding.

The Company shall have the right to require, prior to the issuance or delivery of any shares of Common Stock or the payment of any cash pursuant to an award made hereunder, payment by the holder of such award of any Federal, state, local or other taxes which may be required to be withheld or paid in connection with such award. An Agreement may provide that (i) the Company shall withhold whole shares of Common Stock which would otherwise be delivered to a holder, having an aggregate Fair Market Value determined as of the date the obligation to withhold or pay taxes arises in connection with an award (the Tax Date) or withhold an amount of cash which would otherwise be payable to a holder, in the amount necessary to satisfy any such obligation or (ii) the holder may satisfy any such obligation by any of the following means: (A) a cash payment to the Company, (B) delivery (either actual delivery or by attestation procedures established by the Company) to the Company of Mature Shares having an aggregate Fair Market Value, determined as of the Tax Date, equal to the amount necessary to satisfy any such obligation, (C) authorizing the Company to withhold whole shares of Common Stock which would otherwise be delivered having an aggregate Fair Market Value, determined as of the Tax Date, or withhold an amount of cash which would otherwise be payable to a holder, equal to the amount necessary to satisfy any such obligation, (D) in the case of the exercise of an option, a cash payment by a broker-dealer acceptable to the Company to whom the optionee has submitted an irrevocable notice of exercise or (E) any combination of (A), (B) and (C), in each case to the extent set forth in the Agreement relating to the award. Shares of Common Stock to be delivered or withheld may not have an aggregate Fair Market Value in excess of the amount determined by applying the minimum statutory withholding rate. Any fraction of a share of Common Stock which would be required to satisfy such an obligation shall be disregarded and the remaining amount due shall be paid in cash by the holder.

6.6. Restrictions on Shares.

Each award made hereunder shall be subject to the requirement that if at any time the Company determines that the listing, registration or qualification of the shares of Common Stock subject to such award upon any securities exchange or automated quotation system or under any law, or the consent or approval of any governmental body, or the taking of any other action is necessary or desirable as a condition of, or in connection with, the exercise or settlement of such award or the delivery of shares thereunder, such award shall not be exercised or settled and such shares shall not be delivered unless such listing, registration, qualification, consent, approval or other action shall have been effected or obtained, free of any conditions not acceptable to the Company. The Company may require that certificates evidencing shares of Common Stock delivered pursuant to any award made hereunder bear a legend indicating that the sale, transfer or other disposition thereof by the holder is prohibited except in compliance with the Securities Act of 1933, as amended, and the rules and regulations thereunder.

The decision of the Committee regarding any such adjustment shall be final, binding and conclusive. If any such adjustment would result in a fractional security being (a) available under this Plan, such fractional security shall be disregarded, or (b) subject to an award under this Plan, the Company shall pay the holder of such award, in connection with the first vesting, exercise or settlement of such award in whole or in part occurring after such adjustment, an amount in cash determined by multiplying (i) the fraction of such security (rounded to the nearest hundredth) by (ii) the excess, if any, of (A) the Fair Market Value on the vesting, exercise or settlement date over (B) the exercise price or base price, if any, of such award.

6.8. Change in Control.

(a) (1) Notwithstanding any provision in this Plan or any Agreement, in the event of a Change in Control pursuant to Section (b)(3) or (4) below in connection with which the holders of Common Stock receive shares of common stock that are registered under Section 12 of the Exchange Act, (i) all outstanding options and SARs shall immediately become exercisable in full, (ii) the Restriction Period applicable to any outstanding Restricted Stock Award shall lapse, (iii) the Performance Period applicable to any outstanding Performance Share shall lapse, (iv) the Performance Measures applicable to any outstanding award shall be deemed to be satisfied at the maximum level and (v) there shall be substituted for each share of Common Stock available under this Plan, whether or not then subject to an outstanding award, the number and class of shares into which each outstanding share of Common Stock shall be converted pursuant to such Change in Control. (3) the consummation of a reorganization, merger or consolidation or sale or other disposition of all or substantially all of the assets of the Company (a *Corporate Transaction*); excluding, however, a Corporate Transaction pursuant to which (i) all or substantially all of the individuals or entities who are the beneficial owners, respectively, of the Outstanding Common Stock and the Outstanding Voting Securities immediately prior to such Corporate Transaction will beneficially own, directly or indirectly, more than 50% of, respectively, the outstanding shares of common stock, and the combined voting power of the outstanding securities entitled to vote generally in the election of directors, as the case may be, of the corporation resulting from such Corporate Transaction (including, without limitation, a corporation which as a result of such transaction owns the Company or all or substantially all of the Company's assets either directly or indirectly) in substantially the same proportions relative to each other as their ownership, immediately prior to such Corporate Transaction, of the Outstanding Common Stock and the Outstanding Voting Securities, as the case may be, (ii) no Person (other than: the Company; any employee benefit plan (or related trust) sponsored or maintained by the Company or any corporation controlled by the Company; the corporation resulting from such Corporate Transaction; and any Person which beneficially owned, immediately prior to such Corporate Transaction, directly or indirectly, 50% or more of the Outstanding Common Stock or the Outstanding Voting Securities, as the case may be) will beneficially own, directly or indirectly, 50% or more of, respectively, the outstanding shares of common stock of the corporation resulting from such Corporate Transaction or the combined voting power of the outstanding securities of such corporation entitled to vote generally in the election of directors and

(4) the consummation of a plan of complete liquidation or dissolution of the Company.

6.9. No Right of Participation or Employment.

Except as provided in Article V, no person shall have any right to participate in this Plan. Neither this Plan nor any award made hereunder shall confer upon any person any right to continued employment by the Company, any Subsidiary or any affiliate of the Company or affect in any manner the right of the Company, any Subsidiary or any affiliate of the Company to terminate the employment of any person at any time without liability hereunder.

6.10. Rights as Stockholder.

No person shall have any right as a stockholder of the Company with respect to any shares of Common Stock or other equity security of the Company which is subject to an award hereunder unless and until such person becomes a stockholder of record with respect to such shares of Common Stock or equity security.

6.11. Designation of Beneficiary.

If permitted by the Company, a holder of an award may file with the Committee a written designation of one or more persons as such holder's beneficiary or beneficiaries (both primary and contingent) in the event of the holder's death. To the extent an outstanding option or SAR granted hereunder is exercisable, such beneficiary or beneficiaries shall be entitled to exercise such option or SAR.

Each beneficiary designation shall become effective only when filed in writing with the Committee during the holder's lifetime on a form prescribed by the Committee. The spouse of a married holder domiciled in a community property jurisdiction shall join in any designation of a beneficiary other than such spouse. This Plan, each award hereunder and the related Agreement, and all determinations made and actions taken pursuant thereto, to the extent not otherwise governed by the Code or the laws of the United States, shall be governed by the laws of the State of Wisconsin and construed in accordance therewith without giving effect to principles of conflicts of laws.

6.14. No Repricing of Awards.

Notwithstanding anything in this Plan to the contrary and subject to Section 6.7, the exercise price or base price, as the case may be, of any award granted hereunder shall not be reduced after the date of grant of such award, and no award granted hereunder shall be canceled for the purpose of regranting a new award at a lower exercise price or base price, as the case may be, without the affirmative vote of a majority of the voting power of the shares of capital stock of the Company represented at a meeting in which the reduction of such exercise price or base price, or the cancellation and regranting of an award, as the case may be, is considered for approval.

series shall be cumulative; the voting rights, if any, to be provided for shares of such series; the rights, if any, which the holders of shares of such series shall have in the event of any voluntary or involuntary liquidation, dissolution or winding up of the affairs of the Corporation; the rights, if any, which the holders of shares of such series shall have to convert such shares into or exchange such shares for shares of any other class or classes or any other series of capital stock of the Corporation and the terms and conditions, including price and rate of exchange, of such conversion or exchange; the redemption price or prices and other terms of redemption, if any, for shares of such series; and any and all other preferences and relative, participating, optional or other special rights and qualifications, limitations or restrictions thereof pertaining to shares of such series.

(3) *Common Stock*

(a) Subject to preferences and rights to which holders of capital stock other than the Common Stock may have become entitled by resolution or resolutions of the Board of Directors as hereinbefore provided, such dividends (payable in cash, capital stock, or otherwise) as may be determined by the Board of Directors may be declared and paid out of funds legally available therefor upon the Common Stock from time to time.

(b) In the event of any liquidation, dissolution or winding up of the affairs of the Corporation, the holders of the Common Stock shall be entitled to share ratably in all assets available for distribution to the shareholders, subject to preferences and rights to which the holders of capital stock other than the Common Stock may have become entitled by resolution or resolutions of the Board of Directors as hereinbefore provided.

(c) Subject to the rights of the holders of any series of Preferred Stock or any other class of capital stock of the Corporation (other than the Common Stock) then outstanding, the Common Stock shall have the exclusive right to vote for the election of Directors and for all other purposes, and holders of shares of Preferred Stock shall not be entitled to receive notice of any meeting of stockholders at which they are not entitled to vote. The holders of Common Stock shall be entitled to one vote for each of the shares held by them of record at the time for determining holders thereof entitled to vote.

ARTICLE VI

(1) For the purpose of this Article VI, the term *Business Combination* shall mean any merger or consolidation of the Corporation with or into any other corporation, or the sale or lease or exchange of all or substantially all of the property and of the assets of the Corporation to any person.

(2) The affirmative vote of the holders of 60% of all of the securities of the Corporation then entitled to vote at a meeting of shareholders, considered for the purposes of this Article VI as one class, shall be necessary for the adoption or authorization of any *Business Combination* with any person. The foregoing vote shall be in lieu of any lesser vote of the holders of the voting securities of the Corporation voting as one class otherwise required by law or by agreement, but shall be in addition to any class vote or other vote otherwise required by law, this Certificate of Incorporation or any agreement to which the Corporation is a party.

ARTICLE VII

The private property of the stockholders of the Corporation shall not be subject to the payment of corporate debts to any extent whatever.

ARTICLE VIII

(1) *Power of the Board of Directors.* The business and affairs of the Corporation shall be managed under the direction of its Board of Directors. In furtherance, and not in limitation, of the powers conferred by the laws of the State of Delaware, the Board of Directors is expressly authorized:

(a) to make, alter, amend or repeal the By-Laws of the Corporation; *provided, however*, that no By-Laws hereafter adopted shall invalidate any prior act of the Board Directors that would have been valid if such By-Laws had not been adopted;

(b) to determine the rights, powers, duties, rules and procedures that affect the power of the Board of Directors to direct the business and affairs of the Corporation, including the power to designate and empower committees of the Board of Directors, to elect, appoint and empower the officers and other

agents of the Corporation, and to determine the time and place of, and the notice requirements for, meetings of the Board of Directors, as well as quorum and voting requirements (except as otherwise provided in this Certificate of Incorporation) for, and the manner of taking, action of the Board of Directors; and

(c) to exercise all such powers and do all such acts as may be exercised by the Corporation, subject to the provisions of the laws of the State of Delaware, this Certificate of Incorporation, and any By-Laws of the Corporation.

(2) *Number of Directors.* The number of Directors constituting the entire Board of Directors shall be not less than 5 nor more than 12. Subject to the rights of holders of any series of Preferred Stock or any other class of capital stock of the Corporation (other than the Common Stock) then outstanding, the specific number of Directors constituting the entire Board of Directors shall be as authorized from time to time exclusively by the affirmative vote of a majority of the entire Board of Directors. As used in this Certificate of Incorporation, the term "entire Board of Directors" means the total authorized number of Directors that the Corporation would have if there were no vacancies.

(3) *Classified Board.* Subject to the rights of holders of any series of Preferred Stock or any other class of capital stock of the Corporation (other than the Common Stock) then outstanding, the Directors shall be divided into three classes, with respect to the time that they severally hold office, as nearly equal in number as possible, with the initial term of office of the first class of Directors to expire at the 2005 Annual Meeting of Stockholders, the initial term of office of the second class of Directors to expire at the 2006 Annual Meeting of Stockholders and the initial term of office of the third class of Directors to expire at the 2007 Annual Meeting of Stockholders. Commencing with the 2005 Annual Meeting of Stockholders, Directors elected to succeed those Directors whose terms have thereupon expired shall be elected for a term of office to expire at the third succeeding Annual Meeting of Stockholders after their election, and upon the election and qualification of their successors. A person elected as a Director shall be deemed a Director as of the time of such election. Subject to the rights of holders of any series of Preferred Stock or any other class of capital stock of the Corporation (other than the Common Stock) then outstanding, if the number of Directors is changed, any increase or decrease shall be apportioned among the classes so as to maintain or attain, if possible, an equal number of Directors in each class, but in no case will a decrease in the number of Directors shorten the term of any incumbent Director. If such equality is not possible, the increase or decrease shall be apportioned among the classes in such a way that the difference in the number of Directors in any two classes shall not exceed one.

(4) *Removal of Directors.* Subject to the rights of the holders of any series of Preferred Stock or any other class of capital stock of the Corporation (other than the Common Stock) then outstanding, any Director, or the entire Board of Directors, may be removed from office at any time prior to the expiration of his or their term of office, but only for cause and only by the affirmative vote of the holders of record of outstanding shares representing at least eighty percent (80%) of the voting power of all of the shares of capital stock of the Corporation then entitled to vote generally in the election of Directors, voting together as a single class, and any vacancy so created may be filled by the affirmative vote of the holders of record of outstanding shares representing at least eighty percent (80%) of such voting power.

ARTICLE IX

Whenever a compromise or arrangement is proposed between this Corporation and its creditors or any class of them and or between this Corporation and its stockholders or any class of them, any court of equitable jurisdiction within the State of Delaware may, on the application in a summary way of this Corporation or of any creditor or stockholder thereof, or on the application of any receiver or receivers appointed for this Corporation under the provisions of section 291 of Title 8 of the Delaware Code or on the application of trustees in dissolution or of any receiver or receivers appointed for this Corporation under the provisions of section 279 of Title 8 of the Delaware Code order a meeting of the creditors or class of creditors, and/or of the stockholders or class of stockholders of this Corporation, as the case may be, to be summoned in such manner as the said Court directs. If a majority in number representing three-fourths in value of the creditors or class of creditors, and/or of the stockholders or class of stockholders of this Corporation, as the case may be, agree to any compromise or arrangement and to any reorganization of this Corporation as a consequence of such

Table of Contents

compromise or arrangement, the said compromise or arrangement and the said reorganization shall, if sanctioned by the Court to which the said application has been made, be binding on all the creditors or class of creditors, and/or on all the stockholders or class of stockholders, of this Corporation, as the case may be, and also on this Corporation.

ARTICLE X

The Corporation reserves the right to amend, alter, change or repeal any provision contained in this Certificate of Incorporation in the manner now or hereafter prescribed by law, and all rights and powers conferred herein on stockholders, directors and officers are subject to this reserved power; *provided, however*, that, notwithstanding the fact that a lesser percentage may be specified by the General Corporation Law of Delaware, the affirmative vote of the holders of record of outstanding shares representing at least eighty percent (80%) of the voting power of all of the shares of capital stock of the Corporation then entitled to vote generally in the election of Directors, voting together as a single class, shall be required to amend, alter, change, repeal or adopt any provision or provisions inconsistent with, Articles VI, VIII and X of this Certificate of Incorporation unless such amendment, alteration, change, repeal or adoption of any inconsistent provision or provisions is declared advisable by the Board of Directors by the affirmative vote of at least two-thirds of the entire Board of Directors.

ARTICLE XI

No Director shall be personally liable to the Corporation or its stockholders for monetary damages for any breach of fiduciary duty by such Director as a Director. Notwithstanding the foregoing, a Director shall be liable to the extent provided by applicable law (i) for breach of the Director's duty of loyalty to the Corporation or its stockholders; (ii) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law; (iii) pursuant to Section 174 of the General Corporation Law of Delaware; or (iv) for any transaction from which the Director derived an improper personal benefit. If the General Corporation Law of Delaware is amended to authorize corporate action further eliminating or limiting the personal liability of directors, then the liability of a Director of the Corporation shall be eliminated or limited to the fullest extent permitted by the General Corporation Law of Delaware, as so amended. No amendment to or repeal of these provisions shall apply to or have any effect on the liability or alleged liability of any Director of the Corporation for or with respect to any acts or omissions of such Director occurring prior to such amendment or repeal.
