**Security Valuation:**

Securities traded on national exchanges are valued at the last reported sales price or the mean of the current bid and asked prices if there are no sales in the trading period. Other securities which are traded on the over-the-counter market are valued at the mean of the current bid and asked prices. Short-term debt securities with maturities of 60 days or less at the time of purchase are valued at amortized cost. Other short-term debt securities are valued on a mark-to-market basis until such time as they reach a remaining maturity of 60 days, where upon they will be valued at amortized value using their value on the 61<sup>st</sup> day prior to maturity.

**Federal Income Taxes:**

It is the policy of the Fund to comply with the requirements of the Internal Revenue Code applicable to regulated investment companies and distribute all of its net taxable income, including any net realized gains on investments, to its shareholders. Therefore, no federal income tax provision is required.

At September 30, 2004, net unrealized appreciation for federal income tax purposes is comprised of the following components:

Appreciated securities	\$	18,765,892
Depreciated securities		(10,917,795)
Net unrealized appreciation	\$	7,848,097
Cost of securities for federal income tax purposes	\$	303,627,237
